See "RATING" herein

In the opinion of Bond Counsel, interest on the Bonds will be excludable from gross income of the owners of the Bonds for federal income tax purposes under existing statutes, regulations, rulings and court decisions, as currently enacted and construed, subject to the conditions and covenants described in "TAX MATTERS" herein. In addition, interest on the Bonds will not be treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the "Code"), for purposes of determining the individual alternative minimum tax, however such interest will be taken into account in determining the "adjusted financial statement income" (as defined in the 2022 Inflation Reduction Act (the "2022 Act")) of "applicable corporations" (as defined in the 2022 Act) for purposes of determining the alternative minimum tax imposed on such corporations. Under the existing laws of the Commonwealth, interest on the Bonds will be exempt from Pennsylvania personal income taxation and Pennsylvania corporate net income taxation, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the Bonds or the interest thereon. For a more complete discussion, see "TAX MATTERS" herein.

The Bonds are general obligations of the Norristown Area School District, Montgomery County, Pennsylvania (the "School District"), payable from its tax and other general revenues. The School District has covenanted that it will provide in its budget in each fiscal year, and will appropriate from its general revenues in each such fiscal year, the amount of the debt service due on the Bonds for such fiscal year and will duly and punctually pay or cause to be paid from funds deposited in the appropriate sinking fund established under the Resolution (defined herein), or any other of its revenues or funds, the principal of, redemption premium, if any, and the interest accrued on such Bonds, when due, for payment, on the dates, at the place and in the manner stated in the Bonds, and for such budgeting, appropriation and payment the School District irrevocably has pledged its full faith, credit and taxing power within the limits provided by law. Interest on each of the 2026B Bonds is payable initially on September 1, 2026, and thereafter semiannually on March 1 and September 1 of each year until the maturity date of such Bond or, if such Bond is subject to redemption prior to maturity, until the date fixed for redemption thereof, if payment of the redemption price has been duly made or provided for. The School District has appointed TD Bank, National Association, Mt. Laurel, New Jersey (the "Paying Agent"), as paying agent and sinking fund depository for the Bonds. So long as Cede & Co., as nominee for DTC, is the registered owner of the Bonds, payments of the principal of, redemption premium, if any, and interest on the Bonds, when due for payment, will be made directly to DTC by the Paying Agent, and DTC will in turn remit such payments to DTC Participants for subsequent disbursement to the Beneficial Owners of the Bonds. If the use of the Book-Entry Only System for the Bonds is ever discontinued, the principal of and redemption premium, if any, on each of the Bonds will be payable, when due, upon surrender of such Bond to the Paying Agent at its designated corporate trust office, presently located in Mt. Laurel, New Jersey (or any successor paying agent or other designated office(s)) and interest on such Bond will be payable by check and mailed to the person(s) in whose name(s) such Bond is registered as of the Record Date with respect to the particular interest payment date (See "**THE BONDS**," *infra*).

**The Bonds are subject to redemption prior to maturity as described herein under "REDEMPTION OF BONDS".**

\*Preliminary, subject to change.

Interest on the 2026B Bonds will be payable to the registered owner of a Bond from the interest payment date next preceding the date of registration and authentication of the Bond, unless: (a) such Bond is registered and authenticated as of an interest payment date, in which event such Bond shall bear interest from said interest payment date, or (b) such Bond is registered and authenticated after a Record Date (hereinafter defined) and before the next succeeding interest payment date, in which event such Bond shall bear interest from such interest payment date, or (c) such Bond is registered and authenticated on or prior to the Record Date preceding September 1, 2026, in which event such Bond shall bear interest from the Date of Delivery, or (d) as shown by the records of the Paying Agent, interest on such Bond shall be in default, in which event such Bond shall bear interest from the date to which interest was last paid on such Bond. Interest on each Bond will be payable by check or draft drawn on the Paying Agent, which shall be mailed to the registered owner whose name and address shall appear, at the close of business on the fifteenth day (whether or not a day on which the Paying Agent is open for business) of the calendar month next preceding each interest payment date (the "Record Date"), on the registration books maintained by the Paying Agent, irrespective of any transfer or exchange of the Bond subsequent to such Record Date, and prior to such interest payment date, unless the School District shall be in default in payment of interest due on such interest payment date. In the event of any such default, such defaulted interest shall be payable to the person in whose name the Bond is registered at the close of business on a special record date for the payment of such defaulted interest established by notice mailed by the Paying Agent to the registered owners of such Bonds not less than ten (10) days preceding such special record date, but not more than thirty (30) days prior to the payment of such defaulted interest. Such notice shall be mailed to the persons in whose names such Bonds are registered at the close of business on the fifth (5<sup>th</sup>) day preceding the date of mailing.

If the date for payment of the principal of or interest on any Bonds shall be a Saturday, Sunday, legal holiday or a day on which banking institutions in the Commonwealth are authorized or required by law or executive order to close, then the date for payment of such principal or interest shall be the next succeeding day which is not a Saturday, Sunday, legal holiday or a day on which such banking institutions are authorized or required by law or executive order to close, and payment on such date shall have the same force and effect as if made on the nominal date established for such payment.

### **Transfer, Exchange and Registration of Bonds**

Subject to the provisions described below under "BOOK-ENTRY ONLY SYSTEM," each of the Bonds is transferable or exchangeable by the registered owners thereof upon surrender of such Bond to the Paying Agent, accompanied by a written instrument or instruments in a form, with instructions, and with guaranty of signature satisfactory to the Paying Agent, duly executed by the registered owner of such Bond or his attorney-in-fact or legal representative. The Paying Agent shall enter any transfer of ownership of Bonds in the registration books and shall authenticate and deliver at the earliest practicable time in the name of the transferee or transferees a new fully registered bond or bonds of authorized denominations of the same series, maturity and interest rate for the aggregate principal amount which the registered owner is entitled to receive. The School District and the Paying Agent may deem and treat the registered owner of any Bond as the absolute owner thereof (whether or not a Bond shall be overdue) for the purpose of receiving payment of or on account of principal and interest and for all other purposes, and the School District and the Paying Agent shall not be affected by any notice to the contrary. Bonds may be exchanged for a like aggregate principal amount of Bonds of other authorized denominations of the same series, maturity and interest rate. The School District and the Paying Agent shall not be required to issue, or register the transfer or exchange of, any Bond: (a) during the period beginning at the opening of business on any Record Date for interest payments and ending at the close of business on such interest payment date; (b) during the period beginning at the opening of business on the 15<sup>th</sup> business day next preceding any date of selection of Bonds to be redeemed and ending at the close of business on the date of notice of redemption shall be given; (c) during the period beginning at the opening of business on the first business day next succeeding the business day the Paying Agent determines the registered owners of the Bonds to receive notice of any special record date and the close of business on the special record date; or (d) after it has been selected or called for redemption, in whole or in part.

### **REDEMPTION OF BONDS\***

#### **Optional Redemption – 2026A Bonds**

The Bonds stated to mature on or after \_\_\_\_\_, shall be subject to redemption prior to maturity, at the option of the School District, as a whole, or from time to time, in part (and if in part, in any order of maturity as selected by the School District and within a maturity by lot), on \_\_\_\_\_, or on any date thereafter, in either case upon payment of a redemption price of 100% of the principal amount of such Bonds, together with accrued interest to the redemption date. If less than all Bonds of any particular maturity are to be so redeemed, the Bonds are to be redeemed by maturities and amounts designated by the School District and by lot within each maturity.

#### **Optional Redemption – 2026B Bonds**

The Bonds stated to mature on or after \_\_\_\_\_, shall be subject to redemption prior to maturity, at the option of the School District, as a whole, or from time to time, in part (and if in part, in any order of maturity as selected by the School District and within a maturity by lot), on \_\_\_\_\_, or on any date thereafter, in either case upon payment of a redemption price of 100% of the principal amount of such Bonds, together with accrued interest to the redemption date. If less than all Bonds of any particular

maturity are to be so redeemed, the Bonds are to be redeemed by maturities and amounts designated by the School District and by lot within each maturity.

**Mandatory Redemption – 2026A Bonds**

In the manner and upon the terms and conditions provided in the Resolution, the Bonds stated to mature on October 1 of the years \_\_\_\_\_ and \_\_\_\_\_ are subject to mandatory sinking fund redemption prior to maturity on October 1 of the following years in direct order of maturity (at a price equal to the principal amount of the Bonds called for mandatory redemption, plus accrued interest thereon to the date fixed for such mandatory redemption) in the following principal amounts, as drawn by lot by the Paying Agent:

*Bonds stated to mature \_\_\_\_\_:*

<u>Year</u>	<u>Amount</u>
-------------	---------------

\_\_\_\_\_  
\*Stated Maturity

In lieu of such Mandatory Redemption, the Paying Agent, on behalf of and as directed in writing by the School District, may purchase, from money in the appropriate account of the Sinking Fund, or the School District may tender to the Paying Agent, all or part of the Bonds subject to being drawn for redemption in any such year.

**Mandatory Redemption – 2026B Bonds**

In the manner and upon the terms and conditions provided in the Resolution, the Bonds stated to mature on September 1 of the years \_\_\_\_\_ and \_\_\_\_\_ are subject to mandatory sinking fund redemption prior to maturity on September 1 of the following years in direct order of maturity (at a price equal to the principal amount of the Bonds called for mandatory redemption, plus accrued interest thereon to the date fixed for such mandatory redemption) in the following principal amounts, as drawn by lot by the Paying Agent:

*Bonds stated to mature \_\_\_\_\_:*

<u>Year</u>	<u>Amount</u>
-------------	---------------

\_\_\_\_\_  
\*Stated Maturity

In lieu of such Mandatory Redemption, the Paying Agent, on behalf of and as directed in writing by the School District, may purchase, from money in the appropriate account of the Sinking Fund, or the School District may tender to the Paying Agent, all or part of the Bonds subject to being drawn for redemption in any such year.

**Notice of Redemption**

*So long as Cede & Co., as nominee of DTC, is the registered owner of the Bonds, the School District and the Paying Agent shall send redemption notices only to Cede & Co. Conveyance of any such notices to the Beneficial Owners by DTC and by Direct and Indirect Participants will be governed by arrangements amount them, subject to any statutory or regulatory requirements as may be in effect from time to time. (See “BOOK-ENTRY ONLY SYSTEM” herein for further information regarding conveyance of notices to Beneficial Owners).*

If at any time the book-entry only system shall be discontinued, notice of any redemption of certificated Bonds shall be given by depositing a copy of the redemption notice by first class mail not less than thirty (30) days nor more than forty-five (45) days prior to the date fixed for redemption addressed to each of the registered owners of Bonds to be redeemed, in whole or in part, at the addresses shown on the registration books; provided, however, that failure to give such notice by mailing, or any defect therein or in the mailing thereof, shall not affect the validity of any proceeding for redemption of other Bonds called for redemption as to which proper notice has been given.

On the date designated for redemption, notice having been provided as aforesaid, and money for payment of the principal and accrued interest being held by the Paying Agent, interest on the Bonds or portions thereof so called for redemption shall cease to accrue and such Bonds or portions thereof shall cease to be entitled to any benefit or security under the Resolution, and registered owners of such Bonds or portions thereof so called for redemption shall have no rights with respect to such Bonds, except to receive payment of the principal of and accrued interest on such Bonds to the date fixed for redemption.

\_\_\_\_\_  
\*Preliminary, subject to change.

If at time of mailing of a notice of redemption the School District shall not have deposited with the Paying Agent, as sinking fund depository, money sufficient to redeem all Bonds called for redemption, the notice of redemption may state that it is conditional, i.e., that it is subject to the deposit of sufficient redemption money with the Paying Agent not later than the opening of business on the redemption date, and such notice shall be of no effect unless such money is so deposited. If the Bonds to be called for redemption shall have been refunded, money sufficient to redeem such Bonds shall be deemed to be on deposit with the Paying Agent for the purposes of this paragraph and the notice of redemption need not state that it is conditional, if the redemption money has been deposited irrevocably with another bank or bank and trust company which shall have been given irrevocable instructions to transfer the same to the Paying Agent not later than the opening of business on the redemption date.

## **Manner of Redemption**

So long as Cede & Co., as nominee of DTC, is the registered owner of the Bonds, payment of the redemption price shall be made to Cede & Co. in accordance with the existing arrangements by and among the School District, the Paying Agent and DTC and, if less than all Bonds of any particular maturity are to be redeemed, the amount of the interest of each DTC Participant, Indirect Participant and Beneficial Owner in such Bonds to be redeemed shall be determined by the governing arrangement among them, subject to a statutory or regulatory requirement as may be in effect from time to time. See "BOOK-ENTRY ONLY SYSTEM" herein for further information regarding redemption of Bonds registered in the name of Cede & Co.

If a Bond is of a denomination larger than \$5,000, a portion of such Bond may be redeemed. For the purposes of redemption, a Bond shall be treated as representing the number of Bonds that is equal to the principal amount thereof divided by \$5,000, each \$5,000 portion of such Bond being subject to redemption. In the case of partial redemption of a Bond, payment of the redemption price shall be made only upon surrender of such Bond in exchange for Bonds of the same maturity and in authorized denominations in an aggregate principal amount equal to the unredeemed portion of the principal amount thereof.

If the redemption date for any Bonds shall be a Saturday, Sunday, legal holiday or a day on which banking institutions in the Commonwealth are authorized or required by law or executive order to close, then the date for payment of the principal, premium, if any, and interest upon such redemption shall be the next succeeding day which is not a Saturday, Sunday, legal holiday or a day on which such banking institutions are authorized or required to close, and payment on such date shall have the same force and effect as if made on the nominal date of redemption.

## **BOOK-ENTRY ONLY SYSTEM**

*The information in this section has been obtained from materials provided by DTC for such purpose. The School District (herein referred to as the "Issuer") and the Underwriter do not guaranty the accuracy or completeness of such information, and such information is not to be construed as a representation of the School District or the Underwriters.*

The Depository Trust Company ("DTC"), New York, NY, will act as bonds depository for the bonds (the "Bonds"). The Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. Bonds brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. Bonds brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct

and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds: DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a series and maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such series and maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with bonds held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and redemption payments on the Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

NEITHER THE ISSUER NOR THE PAYING AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO ANY DTC PARTICIPANT, INDIRECT PARTICIPANT OR BENEFICIAL OWNER OR ANY OTHER PERSON WITH RESPECT TO: (1) THE BONDS; (2) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT OR INDIRECT PARTICIPANT; (3) THE PAYMENT BY DTC OR ANY DTC PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL OR REDEMPTION PRICE OF OR INTEREST ON THE BONDS; (4) THE DELIVERY TO ANY BENEFICIAL OWNER BY DTC OR ANY DTC PARTICIPANT OR INDIRECT PARTICIPANT OF ANY NOTICE WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE RESOLUTION TO BE GIVEN TO BONDHOLDERS; (5) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE BONDS; OR (6) ANY OTHER ACTION TAKEN BY DTC AS BONDHOLDER.

***The Issuer and the Paying Agent cannot give any assurances that DTC or the Participants will distribute payments of the principal or redemption price of and interest on the Bonds paid to DTC or its nominee, as the registered owner of the Bonds, or any redemption or other notices, to the Beneficial Owners or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Preliminary Official Statement.***

## SECURITY FOR THE BONDS

### General Obligation Pledge

The Bonds will be general obligations of the School District, payable from its tax and other general revenues. The School District has covenanted that it will provide in its budget for each fiscal year, and will appropriate from its general revenues in each such fiscal year, the amount of the debt service on the Bonds for such fiscal year, and will duly and punctually pay or cause to be paid from its Sinking Fund, as hereinafter defined, or any other of its revenues or funds, the principal of, redemption premium, if any, and the interest accrued on such Bonds, when due for payment on the dates, at the place and in the manner stated on the Bonds, and for such budgeting, appropriation and payment the School District irrevocably has pledged its full faith, credit and taxing power, which taxing power includes the power to levy ad valorem taxes on all taxable property within the School District within the limits provided by law (see “**TAXING POWERS OF THE SCHOOL DISTRICT**” herein). The Debt Act presently provides for enforcement of debt service payments as hereinafter described (see “**DEFAULTS AND REMEDIES**” herein), and the Public School Code presently provides for the withholding and application of subsidies in the event of failure to pay debt service (see “**Commonwealth Enforcement of Debt Service Payments**” herein).

### Sinking Fund

Sinking funds for the payment of debt service on the Bonds, designated “Sinking Fund, General Obligation Bonds, Series A of 2026” and “Sinking Fund, General Obligation Bonds, Series B of 2026) (collectively, the “Sinking Fund”), have been created under the Resolution and is maintained by the Paying Agent, as sinking fund depository. The School District shall deposit in the Sinking Fund a sufficient sum not later than the date when interest and/or principal is to become due on the Bonds so that on each payment date the Sinking Fund will contain an amount which, together with any other funds available therein, is sufficient to pay, in full, interest and/or principal then due on the Bonds.

The Sinking Fund shall be held by the Paying Agent, as sinking fund depository, and invested by the Paying Agent in such securities or shall be deposited in such funds or accounts as are authorized by the Debt Act, upon direction of the School District. Such deposits and securities shall be in the name of the School District, but subject to withdrawal or collection only by the Paying Agent, as sinking fund depository, and such deposits and securities, together with the interest thereon, shall be a part of the Sinking Fund.

The Paying Agent, as sinking fund depository, is authorized without further order from the School District to pay from the Sinking Fund the principal of and interest on the Bonds, as and when due and payable.

### Commonwealth Enforcement of Debt Service Payments

Section 633 of the Pennsylvania Public School Code of 1949, as amended by Act 150 of 1975, and as further amended and supplemented (the “Public School Code”), presently provides that in all cases where the board of school directors of any school district fails to pay or to provide for the payment of any indebtedness on the date of maturity or date of mandatory redemption or on any sinking fund deposit date, or any interest due on such indebtedness on any interest payment date or on any sinking fund deposit date, in accordance with the schedule under which the Bonds were issued, the Secretary of Education shall notify such board of school directors of its obligation and shall withhold out of any Commonwealth appropriation due such school district an amount equal to the sum of the principal amount maturing or subject to mandatory redemption and interest owing by such school district, or sinking fund deposit due by such school district, and shall pay over the amount so withheld to the bank or other person acting as sinking fund depository for such Bond issue. These withholding provisions are not part of any contract with the holders of the Bonds, and may be amended or repealed by future legislation.

There can be no assurance, however, that any payments pursuant to this withholding provision will be made by the date on which such payments are due to the Bondholders.

The effectiveness of Section 633 of the Public School Code may be limited by the application of other withholding provisions contained in the Public School Code, such as provisions for withholding and paying over of appropriations for payment of unpaid teachers’ salaries. Enforcement may also be limited by bankruptcy, insolvency, or other laws or equitable principles affecting the enforcement of creditors’ rights generally. See “**Pennsylvania Budget Adoption**” hereinafter.

### Pennsylvania Budget Adoption

The Governor timely signed the state’s 2021-22 fiscal year budget on June 30, 2021. That budget included an increase of \$300 million for basic education, with \$100 million of that targeted to the 100 historically underfunded school districts that included some in both urban and rural areas of the state. Special education received a \$50 million increase, boosting that budget line to \$1.24 billion, while preschool and Head Start programs received a \$30 million increase, to \$311.5 million. All told, funding for K-12 schools reached a then record high of \$13.55 billion in the 2021-22 budget.

After a week's delay and intense negotiations, a \$42.7 billion budget for the state's 2022-23 fiscal year was signed by then Governor Tom Wolf on July 8, 2022, which included \$7.6 billion for the basic education funding appropriation and \$225 million to supplement school districts with a higher at risk student population. The total amount was a \$225 million increase over the 2021-22 fiscal year appropriation.

After over a month delay, a \$44.9 billion budget for the state's 2023-24 fiscal year was signed by Governor Josh Shapiro on August 3, 2023, which included \$7.87 billion for the basic education funding appropriation. The total amount was a \$567 million increase over the 2022-23 fiscal year appropriation. The budget also provided \$50 million in additional aid to school districts for special education services for a total of \$1.4 billion. Certain funds authorized within the 2023-24 Budget required companion implementation language amending the Fiscal Code to be fully implemented. On December 13, 2023, multiple code bills were passed finalizing the 2023-24 Budget for education.

Governor Josh Shapiro signed the state's budget for the 2024-25 fiscal year 11 days late on July 11, 2024. The \$47.6 billion budget includes \$8.097 billion for the basic education funding appropriation. The total amount is a \$225 million increase over the 2023-24 fiscal year appropriation. The budget also provides \$100 million in additional aid to school districts for special education services for a total of \$1.487 billion and \$100 million for cyber charter school tuition reimbursement. 348 school districts (including the School District) will receive additional funding totaling \$493.8 million under a new Adequacy Supplement. 182 school districts will receive an additional \$60 million in total of Hold Harmless Relief Supplement as a component of their basic education funding.

After months of negotiations, Governor Josh Shapiro signed the state's budget for the 2025-26 fiscal year late on November 12, 2025. The \$50.1 billion budget includes (i) \$8.262 billion for the basic education funding appropriation, which is more than a \$100 million increase over the basic education funding appropriation for the 2024-25 fiscal year, and (ii) \$1.526 billion for the special education appropriation, which is a \$40,000,000 increase over the same appropriation for the 2024-25 fiscal year. The budget also increases the Ready to Learn Block Grant program appropriation by approximately 68% from the 2024-25 fiscal year. In addition, the budget includes \$175 million in estimated savings for school districts through reforms to the existing cyber charter school law. (See "SECURITY FOR THE BONDS" herein.)

*During a state budget impasse, school districts in Pennsylvania cannot be certain when state subsidies and revenues owed them from the Commonwealth will become available. This includes many of the major state subsidies, and overall revenues, that a Pennsylvania school district receives including basic education funding, special education funding, PlanCon reimbursements, and certain block grants, among many others. Future budget impasses may affect the timeliness or amount of payments by the Commonwealth under the withholding provisions of Section 633 of the School Code, however recent legislation included in Act 85 of 2016 has attempted to address the timeliness of the withholding provisions of Section 633 of the School Code during any future budget impasses. (See "Act 85 of 2016" hereinafter).*

## **Act 85 of 2016**

On July 13, 2016, the Governor of the Commonwealth signed into law Act No. 85 of 2016, (P.L. 664, No. 85) ("Act 85 of 2016"), an amendment to the Act of April 9, 1929 (P.L. 343, No. 176), known as the Fiscal Code ("Fiscal Code"). Act 85 of 2016 adds to the Fiscal Code Article XVII-E.4, entitled "School District Intercepts for the Payment of Debt Service During Budget Impasse", which provides for intercept of subsidy payments by the Pennsylvania Department of Education ("PDE") to a school district subject to an intercept statute or an intercept agreement in the event of a Commonwealth budget impasse in any fiscal year.

Act 85 of 2016 includes in the definition of "intercept statutes" Section 633 of the Public School Code. The School District's general obligation bonds, including the Bonds, are subject to Section 633 of the Public School Code.

Act 85 of 2016 provides that the amounts that may be necessary for PDE to comply with the provisions of the applicable intercept statute or intercept agreement "shall be appropriated" to PDE from the General Fund of the Commonwealth after PDE submits justification to the majority and minority chairs of the appropriations committees of the Pennsylvania Senate and House of Representatives allowing ten (10) calendar days for their review and comment, if, in any fiscal year:

- (1) annual appropriations for payment of Commonwealth money to school districts have not been enacted by July 1 and continue not to be enacted when a payment is due;
- (2) the conditions under which PDE is required to comply with an intercept statute or intercept agreement have occurred, thereby requiring PDE to withhold payments which would otherwise be due to school districts; and
- (3) the Secretary of PDE, in consultation with the Secretary of the Budget, determines that there are no payments or allocations due to be paid to the applicable school districts from which PDE may withhold money as required by the applicable intercept statute or intercept agreement.

The necessary amounts shall be appropriated and paid to the paying agent on the day the scheduled payment for principal and interest is due on the expiration of the tenth (10th) day following submission of the justification described above to the majority and minority chairs of the appropriations committees, who may comment on the justification but cannot prevent the effectiveness of the appropriation.

The total of all intercept payments under Article XVII-E.4 for a school district may not exceed 50% of the total nonfederal general fund subsidy payments made to that school district in the prior fiscal year.

Act 85 of 2016 requires that each school district with bonds or notes subject to an intercept statute or intercept agreement must deliver to PDE, in such format as PDE may direct, a copy of the final Official Statement for the relevant bonds or notes or the loan documents relating to the obligations, within thirty (30) days of receipt of the proceeds of the obligations. The School District intends on submitting this information with respect to the Bonds to PDE within the prescribed timeframe following the issuance of the Bonds. Act 85 of 2016 provides that any obligation for which PDE does not receive the required documents shall not be subject to the applicable intercept statute or intercept agreement.

The provisions of Act 85 of 2016 are not part of any contract with the holders of the Bonds and may be amended or repealed by future legislation.

## **THE SCHOOL DISTRICT**

### **Introduction**

Norristown Area School District encompasses several communities in central Montgomery County and covers an area of approximately 15.3 square miles. The School District's boundaries are coterminous with those of the Municipality of Norristown and the Townships of East Norriton and West Norriton. The Municipality of Norristown, located in the geographic center of the School District and county seat of Montgomery County, is approximately 15 miles north of metropolitan Philadelphia and 2 miles east of King of Prussia and Valley Forge. Many unincorporated communities are located within the School District and these include: Trooper and Jeffersonville in West Norriton Township and Penn Square in East Norriton Township.

### **Organization and Central Administration**

The School District is a second class school district (school districts within the Commonwealth are classified as first, first A, second, third and fourth class according to population) and operates under and pursuant to the School Code, as amended and supplemented. The School District is governed by a nine-member Board of School Directors (the "School Board"), comprised of residents of the School District who are elected on a staggered basis for four-year terms of office. The daily operations and management of the School District are performed by a central administrative staff which is led by the Superintendent and the Chief Financial Officer, who are appointed by the School Board.

## Charter Schools

There are no charter schools currently located within the School District. However, one brick and mortar charter school is located within a neighboring school district which serves as an option for residents of the School District. In total, the School District is responsible for approximately 750 students enrolled in this charter school and cyber charters. The annual cost including tuition is approximately \$14.0 million which is 6.0% of the School District's budgeted expenditures. Cyber charter enrollment did increase by approximately 100 students as a result of the pandemic. As a result, the District launched enhanced virtual offerings and is currently marketing these to families that have enrolled in cyber charter programs. The School District denied two

applications for new charter schools within the School District. The impact of any potential appeals and litigation of these denial decisions is unknown as of the date of this Preliminary Official Statement, though any such charter appeals and litigation will have no impact on the 2025-26 school year enrollment.

## **Student Transportation**

The majority of the School District's transportation is provided by one national contracted carrier (101 vehicles). The School District also contracts with several smaller contractors for some very specialized student transportation needs (wheelchair vehicles, etc.).

## **Community Eligibility Provision**

The Healthy, Hunger-Free Kids Act of 2010 passed by Congress offers school districts the Community Eligibility Provision ("CEP") as an alternative to reduce the administrative burden of the National School Breakfast and National School Lunch Programs. In order to participate in the CEP, districts must demonstrate that at least 40% of students would automatically qualify for free meals based on participation in other need based programs. A qualifying school must agree to serve free breakfasts and lunches to all students. In exchange, the district is exempt from collecting and processing household applications. All of the District's twelve schools are eligible to participate in the CEP and in 2016, the District adopted CEP District-wide. The District renewed their participation in CEP for the 2025-26 school year.

# **SCHOOL DISTRICT FINANCES**

## **Introduction**

School districts budget and expend funds according to procedures mandated by the Pennsylvania Department of Education ("PDE"). An annual operating budget is prepared by school district administrative officials on a uniform form furnished by such Department and submitted to the board of school directors for approval prior to the beginning of the fiscal year on July 1.

## **Financial Reporting**

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds of the School District. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. The Proprietary Fund is accounted for using the accrual basis of accounting. Its revenues are recognized when they are earned and expenses are recognized when they are incurred. The firm of Maillie LLP of Oaks, Pennsylvania, currently serves as the School District's auditor and has not undertaken any requested procedures in connection with the offering of the Bonds and this Preliminary Official Statement.

The School District's auditor has not been engaged to perform, and has not performed, since the date of its report included in an Appendix to this Preliminary Official Statement, any procedure on the financial statements addressed in that report. Such auditor also has not performed any procedures relating to this Preliminary Official Statement.

## **Changes to the Budgeting Process of Pennsylvania School Districts under the 2006 Taxpayer Relief Act**

In General. School districts budget and expend funds according to procedures mandated by the Pennsylvania Department of Education. An annual operating budget is prepared by school district administrative officials on a uniform form furnished by such Department and submitted to the board of school directors for approval prior to the beginning of the fiscal year on July 1.

Procedures for Adoption of the Annual Budget. Under the Pennsylvania Act No. 1 of the Special Session of 2006, as amended by Act 25 of 2011 ("Act 1" or the "Taxpayer Relief Act"), all school districts of the first class A, second class, third class and fourth class (except as described below) must adopt a preliminary budget proposal (which must include estimated revenues and expenditures and proposed tax rates) no later than 90 days prior to the date of the election immediately preceding the fiscal year. The preliminary budget proposal must be printed and made available for public inspection at least 20 days prior to its adoption; the board of school directors may hold a public hearing on the budget; and the board must give at least 10 days' public notice of its intent to adopt the final budget. The School District follows the requirements of Act 1 and the guidance of PDE pursuant to the requirements of the School Code.

If the adopted preliminary budget includes an increase in the rate of any tax levy, the preliminary budget must be submitted to the Pennsylvania Department of Education (PDE) no later than 85 days prior to the date of the election immediately preceding the fiscal year. PDE is to compare the proposed percentage increase in the rate of any tax with the school district's Act 1 Index (see "**The Taxpayer Relief Act (Act 1)**" herein) and within 10 days, but not later than 75 days prior to the upcoming election, inform the school district whether the proposed percentage increase is less than or equal to the Act 1 Index. If PDE determines that a proposed tax increase will exceed the Act 1 Index, the school district must reduce the proposed tax increase, seek voter approval for the tax increase at the upcoming election, or seek approval to utilize one of the referendum exceptions authorized under the Taxpayer Relief Act.

With respect to the utilization of any of Taxpayer Relief Act referendum exceptions for which PDE approval is required (*see* “**The Taxpayer Relief Act (Act 1)**” herein), the school district must publish notice of its intent to seek PDE approval not less than one week before submitting its request for approval to PDE and, if PDE determines to schedule a public hearing on the request, a notice of the date, time and place of such hearing. PDE is required by the Taxpayer Relief Act to rule on the school district’s request and inform the school district of its decision no later than 55 days prior to the upcoming election so that, if PDE denies the school district’s request, the school district may submit a referendum question to the local election officials at least 50 days before the upcoming election, if it so chooses.

If a school district seeks voter approval to increase taxes at a rate higher than the applicable Act 1 Index, whether or not it first seeks approval to utilize one of the referendum exceptions available under the Taxpayer Relief Act, and the referendum question is not approved by a majority of the voters voting on the question, the board of school directors may not approve an increase in the tax rate greater than the applicable Act 1 Index.

Simplified Procedures in Certain Cases. The above budgetary procedures will not apply to a school district if the board of school directors adopts a resolution no later than 110 days prior to the election immediately preceding the upcoming fiscal year declaring that it will not increase any tax at a rate that exceeds the Act 1 Index and that a tax increase at or below the rate of the Act 1 Index will be sufficient to balance its budget. In that case, the Taxpayer Relief Act requires only that the proposed annual budget be prepared at least 30 days, and made available for public inspection at least 20 days, prior to its adoption, and that at least ten (10) days’ public notice be given of the board’s intent to adopt the annual budget. No referendum exceptions are available to a school district adopting such a resolution.

## General Fund Operating Position (Deficits/Surpluses)

The School District's General Fund operated in an operating surplus in the past five years. The School District has budgeted an operating deficit in 2025-26.

## TAXING POWERS OF THE SCHOOL DISTRICT

### In General

*Subject to certain limitations imposed by the Taxpayer Relief Act, Act No. 1 of the Special Session of 2006, as amended (see “The Taxpayer Relief Act (Act 1)” herein), the School District is empowered by the School Code and other statutes to levy the following taxes:*

1. A basic annual tax on all real property taxable for school purposes, not to exceed 25 mills on each dollar of assessed valuation, to be used for general school purposes.
2. An unlimited ad valorem tax on the property taxable for school purposes to provide funds:
  - a. for minimum salaries and increments of the teaching and supervisory staff;
  - b. to pay rentals due any municipality authority or non-profit corporation or due the State Public School Building Authority;
  - c. to pay interest and principal on any indebtedness incurred pursuant to the Local Government Unit Debt Act, or any prior or subsequent act governing the incurrence of indebtedness of the school district; and
  - d. to pay for the amortization of a bond or note issue which provided a school building prior to the first Monday of July, 1959.
3. An annual per capita tax on each resident or inhabitant over 18 years of age of not less than \$1.00 and not more than \$10.00.
4. Additional taxes subject to division with other political subdivisions authorized to levy similar taxes on the same person, subject, business, transaction or privilege, under Act No. 511, enacted December 31, 1965, as amended (“The Local Tax Enabling Act”). These taxes, which may include, among others, an additional per capita tax, a wage and other earned income tax, a real estate transfer tax, a gross receipts tax, a local services tax and an occupation tax, shall not exceed, in the aggregate, an amount equal to the product of the market valuation of real estate in the School District (as certified by the State Tax Equalization Board of the Commonwealth – “STEB”) multiplied by twelve mills. All local taxing authorities are required by the Local Tax Enabling Act to exempt disabled veterans and members of the armed forces reserve who are called to active duty at any time during the tax year from any local services tax and to exempt from any local services tax levied at a rate in excess of \$10 those persons whose total income and net profits from all sources within the political subdivision is less than \$12,000 for the tax year. The Local Tax Enabling Act also authorizes, but does not require, taxing authorities to exempt from per capita, occupation, and earned income taxes and any local services tax levied at a rate of \$10 or less per year, any person whose total income from all sources is less than \$12,000 per year.

### The Taxpayer Relief Act (Act 1)

Under Pennsylvania Act No. 1 of the Special Session of 2006, as amended by Act 25 of 2011 (“The Taxpayer Tax Relief Act” or “Act 1”), a school district may not, in fiscal year 2007-2008 or in any subsequent fiscal year, levy any tax for the support of the public schools which was not levied in the 2006-2007 fiscal year, raise the rate of any earned income and net profits tax if already imposed under the authority of the Local Tax Enabling Act (Act 511), or increase the rate of any tax for school purposes by more than the Act 1 Index (defined below), unless in each case either (a) such increase is approved by the voters in the school district at a public referendum or (b) one of the exceptions summarized below is applicable and the use of such exception is approved by the Pennsylvania Department of Education (PDE):

1. to pay interest and principal on indebtedness incurred (i) prior to September 4, 2004, in the case of a school district which had elected to become subject to the provisions of the prior Homeowner Tax Relief Act, Act 72 of 2004, or (ii) prior to June 27, 2006, in the case of a school district which had not elected to become subject to Act 72 of 2004; to pay interest and principal on any indebtedness approved by the voters at referendum (electoral debt); and to pay interest and principal on debt refunding or refinancing debt for which one of the above exceptions is permitted, as long as the refunding or refinancing incurs no additional debt other than for costs and expenses related to the refunding or refinancing and the funding of appropriate debt service reserves;
2. to pay costs incurred in providing special education programs and services to students with disabilities, under specified circumstances; and
3. to make payments into the State Public School Employees’ Retirement System when the increase in the estimated payments between the current year and the upcoming year is greater than the Act 1 Index, as determined by PDE in accordance with the provisions of Act 1.

Any revenue derived from an increase in the rate of any tax allowed under the exception numbered 1 above may not exceed the anticipated dollar amount of the expenditure, and any revenue derived from an increase in the rate of any tax allowed pursuant to any other exception enumerated above may not exceed the rate increase required, as determined by PDE. If a school district's petition or request to increase taxes by more than the Act 1 Index pursuant to one or more of the allowable exceptions is not approved, the school district may submit the proposed tax increase to a referendum.

The Act 1 Index (to be determined and reported by PDE by September of each year for application to the following fiscal year) is the average of the percentage increase in the statewide average weekly wage, as determined by the State Department of Labor and Industry for the preceding calendar year, and the employment cost Act 1 Index for elementary and secondary schools, as reported by the federal Bureau of Labor Statistics for the preceding 12-month period beginning July 1 and ending June 30. If and when a school district has a Market Value/Income Aid Ratio greater than 0.40 for the prior school year, however, the Act 1 Index is adjusted upward by multiplying the unadjusted Act 1 Index by the sum of 0.75 and such Aid Ratio.

The Act 1 Index applicable to the School District in the next, current and prior fiscal years are as follows:

<b>Fiscal Year</b>	<b>Index %</b>
2026-27	4.6%
2025-26	5.3
2024-25	7.0
2023-24	5.3
2022-23	4.4

Source: PA Department of Education website.

In accordance with Act 1, the School District put a referendum question on the ballot at the May, 15, 2007, primary election seeking voter approval to levy (or increase the rate of) an earned income and net profits tax ("EIT") or a personal income tax ("PIT") and use the proceeds to reduce local real estate taxes by a homestead and farmstead exclusion. The referendum was **NOT** approved by the voters.

A board of school directors may submit but is not required to submit, a referendum question to voters at the municipal election in any future municipal election seeking approval to levy or increase the rate of an EIT or impose PIT for the purpose of funding homestead and farmstead exclusions, but the proposed rate of the EIT or PIT shall not exceed the rate that is required to provide the maximum homestead and farmstead exclusion allowable under law.

### **Status of the Bonds Under Act 1**

No exceptions to the Act 1 taxing limits are expected to apply to the 2026A Bonds.

A portion of the debt evidenced by the 2026B Bonds refunds the Refunded 2016 Bonds. The 2016 Bonds refunded the School District's General Obligation Bonds, Series of 2006 (the "2006 Bonds"). The 2006 Bonds were authorized prior to the effective date of Act 1. Consequently, the School District believes it is entitled by Act 1 to apply to the Pennsylvania Department of Education (PDE) for approval to utilize an Act 1 referendum exception for the corresponding portion of debt service with the 2026B Bonds, if and to the extent a tax increase greater than the Index is needed to pay an increase in the principal and interest due on the 2026B Bonds in any particular fiscal year (see "The Taxpayer Relief Act, as Amended (Act 1)" herein). Act 1 provides that PDE shall approve a school district's request if a review of the data demonstrates that the school district qualifies for the exception sought and the sum of the dollar amounts of all exceptions for which the school district qualifies is not more than what is necessary to balance the budget after giving effect to the revenue to be raised by the allowable tax increase under the Index. There can be no assurance however, that approval will be given by PDE to utilize a reference exception in any future fiscal year or years.

### **Act 24 of 2001 – Optional Occupation Tax Elimination Act**

Act 24 of 2001 of the Commonwealth, which became law on June 22, 2001, authorizes a board of school directors to schedule a public hearing and conduct a ballot referendum on replacing the school district's occupation tax with an increase in the local earned income tax. Currently, school districts in Pennsylvania share a 1.0% (each receive 0.5%) tax on the annual amount of residents' wages and other earned income (which excludes unearned or investment income), with the resident municipality. Under the new law, this tax could be increased by the percentage necessary to generate revenue equal to what was collected during the preceding year on the occupation tax. The occupation tax is a flat amount for all employed individuals, or assessed by various trade, occupation and professional titles, regardless of income. The restructured tax is designed to be revenue neutral to the school district.

The School District has not placed a referendum question on the ballot as it relates to opting into Act 24 of 2001.

## Act 48 of 2003 - Legislation Limiting Unreserved Fund Balance

Pennsylvania Act No. 2003-48 (enacted December 23, 2003) prohibits a school district from increasing real property taxes for the school year 2005-2006 or any subsequent school year, unless the school district has adopted a budget for such school year that includes an estimated ending unreserved, undesignated fund balance which is not more than a specified percentage of the total budgeted expenditures, as set forth below:

<u>Total Budgeted Expenditures</u>	<u>Estimated Ending Unreserved Undesignated Fund Balance as a Percentage of Total Budgeted Expenditures</u>
Less than or equal to \$11,999,999	12.0%
Between \$12,000,000 and \$12,999,999	11.5%
Between \$13,000,000 and \$13,999,999	11.0%

“Estimated ending unreserved, undesignated fund balance” is defined in Act 2003-48 as that portion of the fund balance which is appropriable for expenditure or not legally or otherwise segregated for a specific or tentative future use, projected for the close of the school year for which a school district’s budget was adopted and held in the general fund accounts of the school district.

\*Applicable to the School District.

## Act 130 of 2008

Act 130 of 2008 of the Commonwealth amended the Local Tax Enabling Act so as to authorize school districts levying an occupation tax to replace that occupation tax with an increased earned income tax or, if the school district has implemented a personal income tax in accordance with the Taxpayer Relief Act, an increased personal income tax, in a revenue neutral manner. To so replace an occupation tax, the board of school directors must first hold at least one public hearing on the matter and then place binding referendum question on the ballot at a general or municipal election for approval by the voters.

SET FORTH ABOVE IS A SUMMARY OF PORTIONS OF ACT 130 OF 2008. THIS SUMMARY IS NOT INTENDED TO BE AN EXHAUSTIVE DISCUSSION OF THE PROVISIONS OF ACT 130 OF 2008 NOR A LEGAL INTERPRETATION OF ANY PROVISIONS OF ACT 130 OF 2008. A PROSPECTIVE PURCHASER OF THE BONDS SHOULD REVIEW THE FULL TEXT OF ACT 130 OF 2008 AS A PART OF ANY DECISION TO PURCHASE THE BONDS.

**Real Property Tax**

The School District mails tax notices to taxpayers on or about July 1 of each year. The tax collection process of the School District allows taxpayers remitting in full prior to August 31 each year a 2% discount on their tax obligations. Remittances between September 1 and October 31 are paid at par and taxpayers remitting between November 1 and December 31 pay a 10% penalty. After December 31, all unpaid real estate taxes are turned over to the Montgomery County Tax Claim Bureau for collection and delinquent collections are remitted monthly to the School District.

The following tables summarize recent trends of assessed and market valuations of real property and real property tax collection data. The last countywide re-assessment in Montgomery County was in 1998.

## Other Taxes

Under Act 511, the School District collected \$12,217,675 in other taxes in 2024-25. Among the taxes authorized by Act 511, the Real Estate Transfer Tax, Earned Income Tax and Per Capita Tax are levied by the School District. The Act 511 limit, equal to 12 mills on the market value of real property, was \$63,512,695.

*Real Estate Transfer.* The School District levies a tax of 0.5% of the value of real estate transfers. In 2024-25, the School District collected \$2,030,406.83 or 1 percent of total revenue.

*Wage and Income Tax.* A tax of .5% of the earned income of residents is levied by the School District. In 2024-25, the School District collected \$9,754,727.46 or 4.8% of total revenue from this tax.

*Per Capita Tax.* A tax of \$10.00 (\$5.00 under Act 511 and \$5.00 under the Public School Code) on each resident over 18 years old yielded \$81,127.84 in 2024-25 or less than one percent of total revenue.

## COMMONWEALTH AID TO SCHOOL DISTRICTS

Pennsylvania school districts receive financial assistance from the Commonwealth in a number of forms, all subject to statutory provisions and annual appropriation by the Pennsylvania General Assembly.

Basic education funding is allocated to all school districts in an amount equal to: (1) a fixed sum equal to the school district's Fiscal Year 2014-15 basic educational funding; plus (2) an additional increment determined annually pursuant to statutory formula which adjusts a school district's average daily membership by a number of factors specific to the composition of the student population as well as the school district's median household income, local tax effort and capacity to generate local revenue. The additional increment as calculated above for any individual school district may be zero.

Information concerning the calculation of the School District's basic education funding can be found on the Pennsylvania Department of Education's website at <https://www.education.pa.gov>

School districts may also receive state aid for special education, pupil transportation, vocational education, and health services, among other things.

## Current Lack of State Appropriations for Debt Service Subsidies

Commonwealth law presently provides that the School District will receive, subject to state legislative appropriation, reimbursement from the Commonwealth for a portion of debt service paid on the Bonds following final approval by PDE. Commonwealth reimbursement is calculated based on the "Reimbursable Percentage" assigned to the Bonds by the PDE and the School District's permanent Capital Account Reimbursement Fraction ("CARF") (21.59%) or the wealth based Market Value Aid Ratio ("MVAR") currently (54.72%), whichever is higher. The Reimbursable Percentage is determined through a process known as the "Planning and Construction Workbook" or "PlanCon".

*The School District estimates the 2026A Bonds will not be subject to reimbursement by the Commonwealth.*

Based on the current PlanCon program, School District officials have estimated that the Reimbursable Percentage of the 2026B Bonds will be 16.56% (there has been no determination by PDE). The School District's MVAR (which is higher than the CARF) is 54.72%. The product of these two factors is 9.06%, which is the estimated percentage of debt service which may be reimbursed by the Commonwealth, subject to annual appropriation. In future years, this percentage may change as the School District's MVAR changes, or as a result of future legislation regarding changes to, or even elimination of, the PlanCon program.

In May of 2016, the Commonwealth enacted appropriation legislation known as Act 25 ("Act 25"), which contains authorization for the Commonwealth Finance Authority ("CFA") to issue up to \$2.5 billion of debt to fund PlanCon reimbursements to school districts. Act 25 also instituted a moratorium on new projects entering the PlanCon process while an advisory committee established under Act 25 considers amendments to the PlanCon reimbursement program. This moratorium went into effect on May 15, 2016 and most recently became indefinite with the adoption of Act No. 33 of 2023 on December 13, 2023.

To date, the CFA has issued \$1,903,065,000, to provide for PlanCon reimbursements owed to school districts, including the issuance of its Revenue Bonds, Series A of 2016 (Federally Taxable) in the principal amount of \$758,185,000 issued on October 31, 2016, its Revenue Bonds, Series A of 2018 (Federally Taxable) in the total amount of \$412,520,000 issued on January 18, 2018, its Revenue Bonds (Federally Taxable), Series A of 2019 in the total amount of \$388,975,000 issued on May 9, 2019, as well as its Revenue Bonds (Federally Taxable), Series A of 2021 in the total amount of \$343,385,000 issued on June 23, 2021. It is expected that proceeds of these issues have been and will continue to be used to provide PlanCon reimbursement that is owed to the School District for past and current fiscal years. However, the School District cannot be certain that any future PlanCon reimbursement will be received by PDE as the ability for CFA to issue additional bonds in the future to fund future PlanCon reimbursements owed to school districts may impact the availability of PlanCon reimbursements payable to the School District. Any failure by the Commonwealth to adopt a timely budget and enact necessary spending authorizations could have a material adverse effect upon the School District's anticipated receipt of PlanCon reimbursements.

Act 70 of 2019 was adopted by the State legislature that has modified the PlanCon process. The Act states that on July 1, 2020, a new PlanCon system will go online. However, the legislation does not include any funding nor does it state when the State would start to allow applicants to enter into the new program.

There can be no assurances that the School District will be able to successfully apply for, be awarded, and receive sufficient PlanCon reimbursement for the costs of any current or future projects of the School District. A failure by the School District to receive such reimbursement could force the School District to apply other available funds, if any, toward the completion costs of the Project and may have a material adverse effect on the financial resources of the School District to fund other obligations, including payment of debt service on the Bonds.

Legislation has been introduced from time to time in the Pennsylvania legislature containing language that would revise or even abolish the debt service reimbursement program for Pennsylvania school districts. As of the date hereof, and except as described above, none of these proposals have been signed into law. To the extent that any future legislation contains material changes to the PlanCon program as it is structured currently, the amount of PlanCon reimbursement to the School District may be positively or negatively affected, which could materially impact the amount of local funds needed to be raised by the School District to pay debt service on its debt obligations.

**Debt Limit and Remaining Borrowing Capacity**

The statutory borrowing limit of the School District under the Debt Act is computed as a percentage of the School District's "Borrowing Base". The "Borrowing Base" is defined as the annual arithmetic average of "Total Revenues" (as defined by the Debt Act), for the three full fiscal years ended next preceding the date of incurring debt. The School District calculates its present borrowing base and borrowing capacity as follows:

Total Revenues for 2022-23 .....	\$182,489,260
Total Revenues for 2023-24 .....	190,469,053
Total Revenues for 2024-25 .....	<u>202,184,120</u>
<b>Total Revenues, Past Three Years</b> .....	<u>\$575,142,433</u>
Annual Arithmetic Average (Borrowing Base) .....	<u>\$191,714,144</u>

Under the Debt Act as presently in effect, no school district shall incur any nonelectoral debt or lease rental debt, if the aggregate net principal amount of such new debt together with any other net nonelectoral debt and lease rental debt then outstanding, would cause the net nonelectoral debt plus net lease rental debt to exceed 225% of the Borrowing Base. The application of the aforesaid percentage to the School District's Borrowing Base produces the following product:

	<b><u>Legal Limit</u></b>	<b><u>Net Debt Outstanding*</u></b>	<b><u>Remaining Borrowing Capacity*</u></b>
Net Nonelectoral Debt and Lease Rental Debt Limit:			
225% of Borrowing Base .....	\$431,356,825	\$139,518,667	\$291,838,158

\*Includes the estimated Bonds described herein, but does not reflect credits against gross indebtedness that may be claimed for a portion of principal of debt estimated to be reimbursed by Commonwealth Aid. ## LABOR RELATIONS

### School District Employees

The teachers, nurses and guidance counselors of the School District are represented by the Education Association of Norristown ("EANA") which is part of the Pennsylvania State Education Association. The EANA currently represents approximately 620 full time professionals. The present contract expires on August 31, 2028.

### Pension Program

Currently, all Pennsylvania school districts and intermediate units participate in a pension program administered by the Commonwealth. The program is formally known as the Public School Employees' Retirement System ("PSERS"), and a percentage of each eligible employee's salary is contributed by the employee, the School District and the Commonwealth. All full-time employees, part-time employees salaried over eighty days per year and hourly employees with over five hundred hours per year participate in the program.

Contributions are required by active members, School Districts, and the Commonwealth of Pennsylvania as established by the Public School Employees' Retirement Code. Members who enrolled prior to January 1, 2002 range from 5.28% to 7.5% of compensation, depending upon the date of commencement of employment and elections made by each employee member. Members who enrolled in the pension plan on or after January 1, 2002 and before July 1, 2011 is 7.5% of compensation. The contribution rate for PSERS members who enrolled on or after July 1, 2011 is 7.5% or 10.3%, depending upon elections made by each employee member. The PSERS Board of Trustees certified an annual employer contribution rate of 33.6% for the fiscal year 2026-27.

The Commonwealth will reimburse the School District at the rate of 50% of its total contributions with respect to all employees who were hired prior to July 1, 1994. With respect to employees hired after July 1, 1994, and who were not previously employed by another public school system in the Commonwealth, the School District will be reimbursed by the Commonwealth at the rate of the higher of 50% of contributions made by the School District or the current Market Value/Personal Income Aid Ratio. The School District is reimbursed on a quarterly basis.

Under Act 5 of 2017 ("Act 5") PSERS will transition from a traditional defined benefit system and begin to offer defined contribution plans as well. Beginning July 1, 2019, in addition to other transaction rules and options based on members' classifications, certain classes of active members may choose to switch from the current defined benefit plan to one of three new retirement benefit plan options which will be available. Additionally, all active members newly hired on or after July 1, 2019 will be required to select one of those three new retirement benefit plan options and will not be eligible to participate in the current defined benefit plan. The three new plans consist of two hybrid plans, with defined benefit and defined contribution components, along with a stand-alone defined contribution plan.

In addition to its comprehensive change in available plans for active members, Act 5 also made certain changes to the PSERS Board of Trustees and administrative protocols and created the Public Pension Management and Asset Investment Review Commission to study and make recommendations to the General Assembly and the Governor regarding investment performance and strategies.

According to the Independent Fiscal Office, Act 5 is not expected to reduce school district and state contributions to PSERS over the first fifteen years. However, beginning in fiscal 2034-35 through fiscal 2049-50, employer contribution rates are expected to begin to decline due to the lower long-term employer costs of the new benefit plans and will be lower, in the aggregate, over the study period.

Annual School District contributions have been as follows:

2020-21	\$20,983,000
2021-22	20,485,000
2022-23	23,051,000
2023-24	23,604,000
2024-25	26,936,000
2025-26 (Budgeted)	30,057,961

At June 30, 2025, the School District reported a liability of \$191,361,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2023 to June 30, 2024. The School District's proportion of the net pension liability was calculated utilizing its one-year reported covered payroll as it relates to the total one-year reported covered payroll of all school districts. At June 30, 2025, the School District's proportion as 0.4572% which was a decrease of 0.0005% from its proportion measured as of June 30, 2024.

As of June 30, 2025, the PSERS plan was 64.8% funded, with an unfunded actuarial accrued liability of approximately \$42.0 billion. PSERS' rate of return for fiscal year ended June 30, 2025 was 9.67%. The Fund had plan net assets of 83.7 billion at June 30, 2025. For more information, visit the PSERS website at [www.psers.pa.gov](http://www.psers.pa.gov), which is not incorporated by specific reference into this Preliminary Official Statement.

## **Other Post-Employment Benefits**

The District's OPEB costs include benefits from both a Multiple Employer OPEB Plan as well as a Single Employer OPEB Plan.

The Multiple Employer OPEB Plan, known as the Health Insurance Premium Assistance Program, is provided by PSERS to all eligible retirees who qualify and elect to participate. At June 30, 2025, the District reported a liability of \$8,136,000 for its proportionate share of the net OPEB liability. The School District recognized OPEB expense of \$65,000 for June 30, 2025.

The Single Employer OPEB Plan, in accordance with the PA School Code of 1949, as amended, medical coverage is provided to eligible retirees and spouses with the retiree paying the full active premium rate for coverage until the age of 65. The District's total OPEB liability under the Single Employer OPEB Plan was \$3,850,803, measured as of June 30, 2025. The District recognized OPEB expense of \$175,455 for year ended June 30, 2025.

In June 2015, GASB issued GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pension Plans. GASB 75 establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain non-employer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities. The provisions of this Statement are effective for financial reporting periods beginning after June 15, 2017.

For further information on the effects of GASB Statement No.75, the School District's OPEB and other vested employee benefits, including valuation and sick pay, see "Appendix C – Audited Financial Statements".

## **LITIGATION**

There is no litigation of any nature pending or, to the knowledge of the School District, threatened against the School District as of the date of this Preliminary Official Statement to restrain or enjoin the issuance, sale, execution or delivery of the Bonds or in any way contesting the validity of the Bonds, or any proceedings of the School District taken with respect to the issuance or sale thereof. At the time of delivery of the Bonds, the School District and its Solicitor will furnish a certificate to the effect that no such litigation is then pending or, if such litigation is pending, an opinion of legal counsel satisfactory to the Underwriter will be delivered to the effect that such litigation is without legal merit.

## **DEFAULTS AND REMEDIES**

In the event of failure of the School District to pay or cause to be paid the interest on or principal of the Bonds, as the same becomes due and payable, the holders of the Bonds shall be entitled to certain remedies provided by the Debt Act. Among the remedies, if the failure to pay shall continue for 30 days, holders of the Bonds shall have the right to recover the amount due by bringing an action in assumpsit in the Court of Common Pleas of the county in which the School District is located. The Debt Act provides any judgment recovered shall have an appropriate priority upon the funds next coming into the treasury of the School District. The Debt Act also provides that upon a default of at least 30 days, holders of at least 25 percent of the Bonds may appoint a trustee to represent the holders of the Bonds. The Debt Act provides certain other remedies in the event of default, and further qualifies the remedies hereinbefore described.

## **TAX MATTERS**

### **Federal Tax Treatment**

The Code contains provisions relating to the tax-exempt status of interest on obligations issued by governmental entities, which apply to the Bonds. These provisions include, but are not limited to, requirements relating to the use and investment of the proceeds of the Bonds and the rebate of certain investment earnings derived from such proceeds to the United State Treasury Department on a periodic basis. These and other requirements of the Code must be met by the School District subsequent to the issuance and delivery of the Bonds in order for the interest thereon to be and remain excludable from gross income for purposes of federal income taxation.

In the opinion of Bond Counsel, interest on the Bonds will be excludable from gross income of the holders of the Bonds for purposes of federal income taxation under existing statutes, regulations, rulings, and court decisions, as currently enacted and

construed. Interest on the Bonds is not treated as an item of tax preference under Section 57 of the Code for purposes of determining the alternative minimum tax imposed on individuals, however such interest will be taken into account in determining the “adjusted financial statement income” (as defined in the 2022 Inflation Reduction Act (the “2022 Act”)) of “applicable corporations” (as defined in the 2022 Act) for purposes of determining the alternative minimum tax imposed on such corporations. The opinion of Bond Counsel is subject to the condition that the School District complies with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon continues to be excludable from gross income. Failure to comply with certain of such requirements could cause the interest on the Bonds to be includable in gross income retroactive to the date of issuance of the Bonds. The School District has covenanted to comply with all such requirements.

Except as expressly stated above, Bond Counsel expresses no opinion regarding any other federal or state income tax consequences of acquiring, carrying, owning or disposing of the Bonds. Owners of the Bonds should consult their tax advisors regarding the applicability of any collateral tax consequences of owning the Bonds, which may include original issue discount, original issue premium, and purchase at a market discount or at a premium, taxation upon sale, redemption or other disposition, and various withholding requirements.

The School District has not designated and determined under and for purposes of Section 265(b)(3)(B) of the Code to qualify each of the Bonds as a “qualified tax-exempt obligation” as such phrase is defined in the Code.

### **Original Issue Discount**

[An amount equal to the excess of the stated redemption price at maturity of a Bond as shown on the front cover hereof over the initial public offering price of such Bond as shown on the front cover hereof constitutes original issue discount premium on such Bond. Such original issue discount is excluded from gross income for federal income tax purposes to the same extent as interest on the Bonds. Such original issue discount accrues actuarially on a constant interest rate basis of over the term of each such Bond, and the basis of each such Bond acquired at such initial offering price by an initial purchaser thereof will be increased by the amount of such accrued original issue discount. Purchasers of any Bonds, which are issued with original issue discount, whether at the time of the initial issuance or subsequent thereto, should consult their own tax advisors with respect to the tax treatment of original issue discount.]

### **Original Issue Premium**

[An amount equal to the excess of the initial public offering price of a Bond as shown on the front cover hereof over its stated redemption price at maturity constitutes premium on such Bond. A purchaser of such Bond must amortize any premium over the term of such Bond using constant yield principles, based on the purchaser’s yield to maturity. As premium is amortized, the purchaser’s basis in such Bond is reduced by a corresponding amount, resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or other disposition of such Bond prior to its maturity. Even though the purchaser’s basis is reduced, no federal income tax deduction is allowed. Purchasers of any Bonds, which are issued at a premium, whether at the time of the initial issuance or subsequent thereto, should consult their own tax advisors with respect to the determination and treatment of premium.]

### **Additional Tax Considerations**

In addition to the matters addressed above, prospective purchasers of the Bonds should be aware that ownership of the Bonds may result in collateral tax consequences to certain taxpayers, including, but not limited to, foreign corporations, certain S corporations, recipients of social security and railroad retirement benefits and property or casualty insurance companies. Bond Counsel expresses no opinion regarding any other federal tax consequences relating to the Bonds or the receipt of interest thereon. Accordingly, prospective purchasers of the Bonds should consult their own tax advisors.

### **State Tax Exemption of the Bonds**

In the opinion of Bond Counsel, under the existing laws of the Commonwealth, as enacted and construed on the date of initial delivery of the Bonds, interest on the Bonds will be exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax, but such exemption does not extend to gift, estate, succession or inheritance taxes or any other taxes not levied or assessed directly on the Bonds or the interest thereon. Profits, gains or income derived from the sale, exchange or other dispositions of the Bonds are subject to state and local taxation within the Commonwealth of Pennsylvania. The residence of a holder of a Bond in a state or jurisdiction other than Pennsylvania, or being subject to tax in a state or jurisdiction other than Pennsylvania, may result in income or other tax liabilities being imposed by such state or jurisdiction or its political subdivisions, as applicable, based on the interest or other income from the Bonds.

### **Regulations, Future Legislation**

Under the provisions of the Code the Treasury Department is authorized and empowered to promulgate regulations implementing the intent of Congress under the Code, which could affect the tax-exemption and/or tax consequences of holding tax-exempt obligations, such as the Bonds. In addition, legislation may be introduced and enacted in the future which could change the

provisions of the Code relating to tax-exempt bonds of a state or local government unit, such as the School District, or the taxability of interest in general. No representation is made or can be made by the School District, or any other party associated with the issuance of the Bonds as to whether or not any legislation now or hereafter introduced and enacted will be applied retroactively so as to subject interest on the Bonds to federal income taxes or so as to otherwise affect the marketability or market value of the Bonds.

This summary is not exhaustive and is based on laws, regulations, rulings and court decisions now in effect, all of which may change. Any such change could apply retroactively and could affect the continued validity of this summary. Any statements regarding tax matters herein cannot be relied upon by any person to avoid tax penalties. Prospective purchasers should consult their tax advisors about the tax consequences of purchasing or holding the Bonds.

## **BONDHOLDER CONSIDERATIONS**

*The Bonds, like all investment securities, carry a risk of loss of the investment, in whole or in part. This Official Statement does not purport to describe all of the risks of an investment in the Bonds; the School District and the Underwriters disclaim any responsibility to advise prospective investors of such risks either as they may exist at the date of dissemination of this Official Statement or as they may appear or change from time to time in the future. Prospective purchasers of the Bonds should consult their own legal and tax advisors as to the risks associated with an investment in the Bonds, their ability to bear a loss from an investment in the Bonds, and the suitability of investing in the Bonds, in light of their particular, individual circumstances. Prospective purchasers should carefully consider the matters described below, as well as all the information contained within this entire Official Statement inclusive of its Appendices.*

### **State Appropriation Risk**

While the Commonwealth's appropriations to the School District were not interrupted during previous budget impasses, there is no assurance future budget impasses will not prevent the Commonwealth from appropriating subsidies to the School District, Act 85 notwithstanding (see "Act 85 of 2016" herein).

### **Cybersecurity**

The School District, like other public and private entities, relies on computer and other digital networks and systems to conduct its operations. As a recipient and provider of personal, private or other electronic sensitive information, the School District may be the subject of cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized remote access to the School District's systems for the purposes of misappropriating assets or information or causing operational disruption or damage, or demanding ransom for restored access to files or information. The School District has not been the subject of a cybersecurity breach that has had a material adverse impact on the operations or financial condition of the School District.

The School District has measures in place to respond to and mitigate cybersecurity incidents. No assurance can be given that the School District's current efforts to manage cyber threats and security will, in all cases, be successful. The School District cannot predict what future cyber security events may occur and what impact said events could have on its operations or finances. In addition to the various processes in place to safeguard against cyber security attacks, the School District also maintains a comprehensive insurance policy which includes privacy liability, cyber incident response, data breach, network security, internet media and network extortion coverages.

The School District relies on other entities and service providers in the course of operating the School District, including its accountants, attorneys, the paying agent, and banks, as well as vendors with respect to outsourced critical digital network operations and functions. No assurance can be given that future cyber threats and attacks against other third party entities or service providers will the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the Continuing Disclosure Certificate (hereinafter defined).

### **Risk of Audit by Internal Revenue Service**

The Internal Revenue Service has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Internal Revenue Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether or not the Internal Revenue Service will commence an audit of the Bonds. If an audit is commenced, under current procedures the Internal Revenue Service is likely to treat the School District as the taxpayer and Bond purchasers may have no right to participate in such procedure. None of the School District, the Underwriters, their counsel or Bond Counsel is obligated to defend the tax-exempt status of the Bonds on behalf of the Bond purchasers, nor to pay or reimburse the cost of any Bond purchaser with respect to any audit or litigation relating to the Bonds. See "TAX MATTERS" herein.

## CONTINUING DISCLOSURE UNDERTAKING

In accordance with the requirements of the Rule 15c2-12 (the “Rule”) promulgated by the Securities and Exchange Commission (the “SEC”) and the Resolution authorizing the issuance of the Bonds, the School District (being an “obligated person” with respect to the Bonds, within the meaning of the Rule), will execute and deliver a written continuing disclosure certificate with respect to the Bonds. See the form of Continuing Disclosure Certificate (the “Agreement”) in Appendix D to this Preliminary Official Statement.

Under the terms of the Agreement, and as reflected in Appendix D, the School District will undertake to file with the Municipal Securities Rulemaking Board (the “MSRB”) financial and other information concerning the School District, including notices of certain enumerated events. The School District’s obligations with respect to continuing disclosure relative to the Bonds shall terminate upon the prior redemption or payment in full of all of the Bonds.

With respect to the filing of annual financial and operating information, the School District reserves the right to modify from time to time the specific types of information provided or the format of the presentation of such information to the extent necessary or appropriate as a result of a change in legal requirements or a change in the nature of the School District or its operations or financial reporting, but the School District will agree that any such modification will be done in a manner consistent with the Rule.

The School District acknowledges that its undertaking pursuant to the Rule described herein is intended to be for the benefit of the holders and beneficial owners of the Bonds and shall be enforceable by the holders and beneficial owners of the Bonds, but the right of the holders and beneficial owners of the Bonds to enforce the provisions of the School District’s continuing disclosure undertaking shall be limited to a right to obtain specific enforcement, and any failure by the School District to comply with the provisions of the undertaking shall not be an event of default with respect to the Bonds.

The MSRB has been designated by the SEC to be the central and sole repository for continuing disclosure information filed by issuers of municipal securities since July 1, 2009. Information and notices filed by municipal issuers (and other “obligated persons” with respect to municipal securities issues) are made available through the MSRB’s Electronic Municipal Market Access (EMMA) System, which may be accessed on the internet at <http://www.emma.msrb.org>.

Prior to the issuance of the Bonds, the School District will enter into a Disclosure Dissemination Agent Agreement (“Disclosure Dissemination Agreement”) with Digital Assurance Certification, L.L.C. (“DAC”) as its Disclosure Dissemination Agent for the purpose of assisting it with any required remedial filings and ensuring ongoing compliance with its continuing disclosure filing requirements.

### Summary of Continuing Disclosure Undertaking Compliance

The School District has entered into prior undertakings to provide certain annual information, as defined in the continuing disclosure agreements or certificates associated with prior bond issues, and audited financial statements. In the last five years, the School District has filed its Financial Statements, Budget and Operating Data in a timely manner.

**RE: Norristown Area School District  
Montgomery County, Pennsylvania  
\$[\_\_\_\_\_] General Obligation Bonds, Series A of 2026  
\$[\_\_\_\_\_] General Obligation Bonds, Series B of 2026**

Ladies and Gentlemen:

We have acted as Bond Counsel to Norristown Area School District, Montgomery County, Pennsylvania (the “School District”), a school district of the Commonwealth of Pennsylvania (the “Commonwealth”), in connection with the authorization, issuance and sale, by the School District of its \$[\_\_\_\_\_] General Obligation Bonds, Series A of 2026 (the “Series 2026A Bonds”) and its \$[\_\_\_\_\_] General Obligation Bonds, Series B of 2026 (the “Series 2026B Bonds”), each dated the date hereof (collectively, the “Bonds”).

The Board of School Directors of the School District (the “School Board”), by Resolutions adopted on September 22, 2025 (the “Bond Resolutions”), has authorized and directed the issuance of the Bonds pursuant to the Pennsylvania Local Government Unit Debt Act, 53 Pa.C.S. Chs. 80-82 (the “Debt Act”), to finance, for purposes of the Series 2026A Bonds: (1) the first phase of capital repairs to various School District facilities pursuant to the School District’s facilities master plan (the “Master Plan”), including, but not limited to, the completion of deferred maintenance items such as the repair and replacement of HVAC systems, boilers, and blacktop; (2) planning and design costs, including architectural design, of improvements or expansions to the Norristown Area High School and other facilities contemplated by the Master Plan; and (3) the costs of issuing the 2026A Bonds; and, for purposes of the Series 2026B Bonds: (1) the current refunding of all of the District’s General Obligation Bonds, Series of 2016; (2) the current refunding of all of the District’s General Obligation Bonds, Series of 2018; and (3) payment of the costs and expenses of issuing the 2026B Bonds.

The School District has covenanted in the Bond Resolutions to include in each year's budget, to the fullest extent authorized under law, sums sufficient to meet the requirements of all interest and principal payments due under the Bonds, to appropriate such amounts from its general revenues necessary for the payment of such debt service and to pay the principal and interest due upon the Bonds to the extent of its obligation as and when due, and for such payment, budgeting and appropriation, it has pledged its full faith, credit and taxing power.

In the Bond Resolutions, the School District has established a sinking fund for the payment of the Bonds (each a "Sinking Fund") and covenanted to make payments out of the Sinking Fund or out of any other of its revenue or funds, at such times and in such annual amounts, as shall be sufficient for prompt and full payment of all obligations of the Bonds.

As Bond Counsel to the School District, we have examined and relied upon, among other things: (1) the proceedings of the School District related to the issuance and delivery of the Bonds as filed with and approved by the Pennsylvania Department of Community and Economic Development (the "Department") pursuant to the Debt Act; (2) an executed counterpart of the Bond Resolutions; (3) the form of the Bonds; (4) a General Certificate of the School District; (5) the Federal Tax Compliance Certificate and Agreement dated as of the date hereof (the "Tax Certificate"); and (6) the customary closing affidavits, certificates and documents executed and delivered by the School District in connection with the issuance of the Bonds.

In furnishing this opinion, we have examined and relied upon an opinion of even date of Clarke Gallagher Barbiero Amuso & Glassman Law, solicitor to the School District, with respect to, among other things, the due enactment of the Bond Resolutions and the due authorization, execution and delivery of the Bonds and related documents by the School District.

We have assumed that the principal of and interest on the Bonds are payable without deduction of any tax or taxes now levied or assessed thereon under any present law of the Commonwealth, which tax or taxes the School District assumes and agrees to pay.

Based upon the foregoing, and the qualifications stated herein, and assuming continuing compliance by the School District with the Tax Certificate, the applicable provisions of the Internal Revenue Code of 1986, as amended (the "Code"), and the Treasury Regulations promulgated thereunder, we are of the opinion that:

1. The School District is authorized under applicable laws of the Commonwealth to issue the Bonds as provided in the Bond Resolution.
2. The Bonds are the legal and valid obligation of the School District enforceable in accordance with their terms.
3. The proceedings of the School District pursuant to which the Bonds have been authorized and issued and the non-electoral debt of the School District evidenced by the Bonds have been conducted and incurred in accordance with applicable law of the Commonwealth. The Bonds are secured by the full faith and credit of the School District, the payment for which the

School District is obligated, if necessary, to exercise its ad valorem taxing power upon all taxable property within the School District, subject to the limitations of Act 1 of the Commonwealth discussed below.

4. Under the laws of the Commonwealth, the interest on the Bonds is exempt from Pennsylvania personal income tax and from Pennsylvania corporate net income tax, except gift, succession or inheritance taxes or other taxes not levied or assessed directly on the Bonds or the interest paid thereon.

5. Under existing federal income tax law, interest on the Bonds is excludable from gross income for federal income tax purposes and is not an item of “tax preference” for purposes of the federal alternative minimum tax imposed on individuals. Additionally, for purposes of the federal alternative minimum tax that is imposed on “applicable corporations” (as defined in the Inflation Reduction Act of 2022 (the “Inflation Act”)), interest on the Bonds will be taken into account in determining “adjusted financial statement income” (as defined in the Inflation Act). The opinions set forth in this paragraph 5 are subject to the condition that the School District comply with all the requirements of the Code and the Treasury Regulations that must be satisfied subsequent to the issuance of the Bonds in order that interest on the Bonds be (or continue to be) excludable from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Bonds to be included in gross income retroactively to the date of issuance of the Bonds. The School District has covenanted in the Bond Resolutions and the Tax Certificate to comply with all such requirements. We express no opinion regarding other federal tax consequences arising in connection with or with respect to the Bonds.

6. The Bonds constitute indebtedness of the School District for purposes of Section 6-633 of the Pennsylvania Public School Code of 1949, as amended.

We call your attention that the Taxpayer Relief Act, Pennsylvania Special Session Act No. 1 of 2006 (“Act 1”) became effective on June 27, 2006, as amended by Act 25 of 2011. Act 1 generally provides that a school district may not, in fiscal year 2007-2008 or in any subsequent fiscal year, increase the rate of any tax for school purposes by more than an index based on factors described in Act 1 without voter approval by referendum. A portion of the debt evidenced by the Series 2026B Bonds refunds the School District’s General Obligation Bonds, Series of 2016, which refunded the School District’s General Obligation Bonds, Series of 2006 (the “2006 Bonds”). The 2006 Bonds were authorized prior to the effective date of Act 1, and consequently the School District may be entitled, subject to approval by the Pennsylvania Department of Education, to apply to for an Act 1 referendum exception for the corresponding portion of debt service with the Series 2026B Bonds, if and to the extent a tax increase greater than the applicable index is needed to pay an increase in the principal and interest due on the Series 2026B Bonds in any particular fiscal year.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium, or other laws now or hereafter enacted by any state or the federal government affecting the enforcement of

creditors' rights generally, and “enforceable in accordance with its (their) terms” shall not mean that specific performance would necessarily be available as a remedy in every situation.

We have not been engaged to express and do not express any opinion herein with respect to the adequacy of the security for the Bonds or the sources of payment for the Bonds. We express no opinion with respect to any matters not specifically set forth herein.

This opinion is rendered solely for the benefit of the addressees hereof in connection with the initial issuance of the Bonds. The addressees may not rely on this opinion letter for any other purpose. This opinion letter is limited to the matters set forth herein. This opinion is subject to future changes in applicable law, and we do not undertake any obligation to update any of the opinions expressed in this letter. No opinion may be inferred or implied beyond the matters expressly stated herein, and our opinions expressed herein must be read in conjunction with the assumptions, limitations, exceptions, and qualifications set forth herein. The law covered by the opinions expressed herein is limited to the laws of the Commonwealth and the federal law of the United States of America.

Very truly yours,

Obermayer Rebmann Maxwell & Hoppel LLP

## ***Independent Auditors' Report***

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Norristown Area School District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Norristown Area School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Norristown Area School District, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Norristown Area School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

As disclosed in Note S, the Norristown Area School District restated its June 30, 2024 financial statements for implementation of GASB 101 Compensated Absences. As a result, certain balances and disclosures have been revised. Our opinion is not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Norristown Area School District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Norristown Area School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Norristown Area School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Norristown Area School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 8 through 17, schedule of the school district's proportionate share of the PSERS net pension liability and related ratios on page 65, schedule of the school district's PSERS pension contributions on page 66, schedule of the school district's proportionate share of the PSERS net other postemployment benefit plan liability and related ratios on page 67, schedule of the school district's PSERS other postemployment benefit plan contributions on page 68 and the schedule of changes in the total other postemployment benefit plan liability and related ratios on page 69 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Norristown Area School District's basic financial statements. The supplementary information listed in the table of contents and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2025, on our consideration of the Norristown Area School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Norristown Area School District's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)**  
**YEAR ENDED JUNE 30, 2025**

---

As management of the Norristown Area School District, we offer readers of the Norristown Area School District's financial statements this narrative overview and analysis of the financial activities of the Norristown Area School District for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with the accompanying financial statements and related footnotes.

**FINANCIAL HIGHLIGHTS**

- General Fund operating revenues exceeded operating expenses by approximately \$3.3 million; increasing the total Fund Balance to \$63.3 million.
- The District assigned \$47.4 million of this general fund balance for future maintenance and capital projects, anticipated tax assessment appeal refunds, and for stabilization of revenues and transportation costs. The unassigned fund balance increased from \$12.4 million to \$14.9 million.
- The District recently partnered with the Schrader Group for the development of a Facilities Master Plan which will be used as our roadmap for these future capital investments.
- NASD continues to participate in the Community Eligibility Provision of the Healthy-Hunger Free Kids Act of 2010, which allows our District to offer free meals to all students in Grades K-12. Additionally, we are pleased to share that we continue to operate the community meal distribution events that we launched during the pandemic and, during 2024-25, proudly provided meals for our students during winter and spring breaks and during the summer months.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Norristown Area School District's basic financial statements. The Norristown Area School District's basic financial statements have three components:

1. Government-wide financial statements,
2. Fund financial statements and
3. Notes to the basic financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the Norristown Area School District's finances in a manner similar to a private-sector business. There are two government-wide statements presented in this report:

- The *statement of net position* presents information on all of the Norristown Area School District's assets and liabilities, with the difference between the two reported as *net position*.
- Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Norristown Area School District is improving or deteriorating. To assess the District's overall health, you need to consider additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities.
- The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Norristown Area School District that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*).

In the government-wide financial statements, the District's activities are divided into two categories:

- **Governmental Activities:** Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state formula aid finance most of these activities.
- **Business-Type Activities:** The District charges fees to cover the costs of certain services it provides, such as the food service program.

The government-wide financial statements can be found on pages 18 and 19 of this report.

**Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Norristown Area School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Norristown Area School District can be divided into three categories: Governmental Funds, the Proprietary Fund and Fiduciary Funds.

**Governmental Funds** - Most of the District's basic services are included in Governmental Funds. *Governmental Funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, Governmental Funds financial statements focus on *short-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a district's near-term financing requirements.

Because the focus of Governmental Funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *Governmental Funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the Governmental Funds balance sheet and the Governmental Funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *Governmental Funds* and *governmental activities*.

The Norristown Area School District maintains three individual Governmental Funds. Information is presented separately on the Governmental Funds balance sheet and on the Governmental Funds statement of revenues, expenditures and changes in fund balances for the General Fund, the Capital Reserve Funds and the Capital Projects Fund, all of which are considered to be major funds.

The Norristown Area School District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with the budget.

The basic Governmental Funds financial statements can be found on pages 20 through 25 of this report.

**Proprietary Fund** - The Norristown Area School District maintains one type of Proprietary Fund; the Food Service Fund. This fund is an Enterprise Fund. The *Enterprise Fund* is used to report the same functions presented as *business-type activities* in the government-wide financial statements. This fund accounts for the financial transactions related to the food service operation of the District.

The basic Proprietary Fund financial statements can be found on pages 26 through 29 of this report.

**Fiduciary Funds** - The District is the trustee, or fiduciary, for assets that belong to others, such as Private-Purpose Trust Funds (Scholarship Funds) or Custodial Funds (Student Activity Funds). The District is responsible for ensuring that the assets reported in these funds are used to account for their intended purposes and by those to whom the assets belong. Fiduciary Funds are used for resources held for the benefit of parties outside the government. Fiduciary Funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Norristown Area School District's own programs.

The basic Fiduciary Funds financial statements can be found on pages 30 and 31 of this report.

**Notes to the Basic Financial Statements**

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 32 through 64 of this report.

The District continues to implement cost-containment and revenue-generating strategies to preserve a healthy financial position for taxpayers. Factors such as unstable state and federal funding, increased pension contributions, rising charter school tuition costs and increased special education mandated program costs continue to contribute to challenges of the District.

In the governmental activities, the District's tax base drives the majority of the revenue generated. The District consists of three municipalities: East Norriton Township, West Norriton Township and the Municipality of Norristown. The local real estate market, in all three municipalities, experienced a residential surge in both 2020-2021 and 2021-2022 as a result of historically low interest rates and high local demand. However, real estate sales were more sluggish in 2022-2023, 2023-24, and 2024-25 due to rising interest rates.

In the business-type activities (Food Services), the operations varied greatly as a result of the COVID school closures. As shared earlier, we launched the implementation of the Community Eligibility Provision of the Healthy-Hunger Free Kids Act of 2010 in September 2016 and continue to operate this program.

Changes in the Net Position of the District are highlighted in the following table:

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

As noted earlier, the Norristown Area School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the Norristown Area School District's Governmental Funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Norristown Area School District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the primary operating fund of the Norristown Area School District. At the end of the current fiscal year, unassigned fund balance increased to \$14,900,766 and total fund balance increased to \$63,263,422. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance at year end represents 7.18% of total budgeted General Fund expenditures.

The distribution or breakdown of Fund Balance of the District's General Fund at June 30, 2025, is as follows:

GENERAL FUND	
Nonspendable fund balance	
Prepaid expense	\$ 936,131
Assigned fund balance	47,426,525
Unassigned fund balance	<u>14,900,766</u>
 TOTAL FUND BALANCE	 \$ <u><u>63,263,422</u></u>

It should also be highlighted that the total fund balance of the District has been increasing steadily over the past several fiscal years. This increase is attributed to the continued implementation of conservative budgeting processes along with increases in state funding and the continued strategic leverage of federal COVID-relief funding.

**Proprietary Fund**

The Norristown Area School District’s Proprietary Fund provides the same type of information found in the government-wide financial statements but in more detail.

The net position of the Food Service Fund amounted to \$1,682,913 at June 30, 2025.

**General Fund Budgetary Highlights**

The 2024-2025 General Fund budget included an increase in total revenues and an increase in total expenditures to that of the prior year. For 2024-2025, there were no modifications to the original and final budget.

Major budgetary variances are comprised of the following:

- In 2024-2025, total annual revenues exceeded budgeted amounts by \$1.1 million. The variance in local revenue can primarily be attributed to growth in the local economy.
- In 2024-2025, total annual expenses were less than budgeted amounts by \$7.2 million. The District budgeted expenditures conservatively.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The Norristown Area School District’s investment in capital assets for its governmental and business-type activities as of June 30, 2025, amounts to \$84,030,435 (net of accumulated depreciation). The following table shows the breakdown of this figure:

**Long-Term Debt**

At the end of the current fiscal year, the Norristown Area School District had total bonded debt outstanding of \$64,555,955. This figure represents the outstanding principal due on these obligations.

Norristown Area School District’s outstanding debt at June 30, 2025, is as follows:

General Obligation Bonds, Note, and Finance Purchase Agreement	
QSCB 2010 Issue	\$ 3,118,000
G.O.B. 2016 Issue	28,050,000
G.O.B. 2018 Issue	16,445,000
G.O.B. 2019 Issue	11,850,000
G.O.B. 2021 Issue	4,830,000
Finance Purchase Agreement	<u>262,955</u>
	<u>\$ 64,555,955</u>

State statutes limit the amount of general obligation debt a governmental entity may issue up to 225% of the arithmetic average of three full prior fiscal years of total revenues, known as the “Borrowing Base”. With 64,555,955 of debt currently outstanding at year end, the Borrowing Base is estimated to be \$449,412,860, leaving \$384,856,905 of remaining borrowing capacity.

Additional information on the Norristown Area School District’s long-term debt can be found in Note G on pages 42 through 44 of this report.

**FACTORS BEARING ON THE DISTRICT’S FUTURE**

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- Labor market challenges and shortages continue to plague our District and remain an area of concern. Attendance and hiring incentives offered in 2020-2021 did not prove to be effective. During 2021-2022, 2022-2023, 2023-24, and again in 2024-2025, we have adjusted our starting wage rates for support and professional staff to help combat these challenges. We also continue to incur higher than normal overtime costs which are the direct result of the need to cover vacancies and absences in critical areas.
- Our District faces the common problem of escalating costs for employee benefits, particularly the medical benefit cost and the retirement expense of the PSERS system. Each of these costs is established by outside influences and is not, in large part, a discretionary cost that can be controlled by the School District.
- The future source of funding for public education remains uncertain, despite the increase in state funding provided with the adoption of the 2023-2024 Commonwealth budget. Our taxpayers continue to be disproportionately burdened because of the unequitable funding system that exists in Pennsylvania. The state did increase funding for the District in the 2024-25 budget and there are plans for that to continue in the next couple Commonwealth budgets.

**NORRISTOWN AREA SCHOOL DISTRICT**  
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)  
YEAR ENDED JUNE 30, 2025

---

- The trend toward increasing enrollment in both Charter and Cyber Charter School programs is of growing challenge to our District; particularly because these schools are funded directly through tuition payments from NASD. Under the current state funding formula, the basis of calculating the tuition payments has no basis in what it actually costs to educate a child in the charter school. And, public school districts pay a charter school the same rate for each special needs child, based on the flawed formula, regardless of student differences in educational need, cost or services provided.

**REQUESTS FOR INFORMATION**

## RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2025

---

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 4,737,149

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in Governmental Funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlays	5,481,887
Depreciation	<u>(4,436,070)</u>
	<u>1,045,817</u>

In the statement of activities, certain operating expenses--compensated absences (vacation and sick leave) and termination benefits are measured by the amounts earned during the year. In the Governmental Funds, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).

(2,292,214)

Some revenues reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as revenues in Governmental Funds.

1,017,841

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to Governmental Funds, while the repayment of the principal of long-term debt consumes the current financial resources of Governmental Funds. Neither transaction, however, has any effect on net position. Also, Governmental Funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Repayment of bond principal	5,634,333
Amortization of bond discounts and premiums	587,853
Amortization of deferred amount on refunding	<u>(271,559)</u>
	<u>5,950,627</u>

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Norristown Area School District (the "District") complies with generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

**Reporting Entity**

The District was established under the laws of the Commonwealth of Pennsylvania as a School District of the Second Class. The District exists to provide education and related services to the residents who reside in Norristown and East and West Norriton Townships, Pennsylvania.

In evaluating the District as a reporting entity, management has addressed all potential component units which may or may not fall within the District's financial accountability. The criteria used to evaluate component units for possible inclusion as part of the District's reporting entity are financial accountability and the nature and significance of the relationship. This report presents the activities of the Norristown Area School District. The District is not a component unit of another reporting entity nor does it have any component units.

**Basis of Presentation**

**Government-Wide Financial Statements** - The statement of net position and the statement of activities display information about the District as a whole. These statements distinguish between activities that are governmental and those that are considered business-type activities. These statements exclude fiduciary activities.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting as further defined under the Proprietary Fund caption. This is the same approach used in the preparation of the Proprietary Fund financial statements but differs from the manner in which Governmental Funds financial statements are prepared. Therefore, Governmental Funds financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements of Governmental Funds.

The government-wide statement of activities presents a comparison between expenses and program revenues for each different identifiable activity of the business-type activities of the District and for each governmental program. Expenses are those that are specifically associated with a service or program and are therefore clearly identifiable to a particular function.

**NORRISTOWN AREA SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the District.

Internal activity is limited to interfund transfers, which are eliminated to avoid “doubling-up” revenues and expenses. Services provided and used are not eliminated.

***Fund Financial Statements*** - Fund financial statements report detailed information about the District. The focus of Governmental and Enterprise Funds financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Fiduciary Funds financial statements are represented by fund type.

**Governmental Funds** - All Governmental Funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable. The District reports the following major Governmental Funds:

The *General Fund* is the government’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Capital Reserve Fund* is used to account for the acquisition, construction and renovation of major capital facilities.

The *Capital Projects Fund* is used to account for the acquisition, construction and renovation of major capital facilities.

**Revenue Recognition** - In applying the susceptible to accrual concept under the modified accrual basis, certain revenue sources are deemed both measurable and available (i.e., collectible within the current year or within 60 days from year-end and available to pay obligations of the current period). This includes property taxes, interest earnings, real estate transfer taxes, earned income taxes and certain fees for services. Revenues for state and federally funded projects are recognized at the time the expenditures are made or when received in advance.

Other revenues, including certain other charges for services and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*Expenditure Recognition* - The measurement focus of Governmental Funds accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on general long-term debt which has not matured, as well as expenditures related to compensated absences, are recognized when payment is due. Allocations of costs, such as depreciation and amortization, are not recognized in the Governmental Funds.

**Proprietary Fund** - The Proprietary Fund is accounted for using the accrual basis of accounting. This fund accounts for operations that are primarily financed by user charges. The economic resource measurement focus concerns determining costs as a means of maintaining the capital investment and management control. Revenues are recognized when they are earned, and expenses are recognized when they are incurred. Allocations of certain costs, such as depreciation, are recorded in the Proprietary Fund. The District does not attempt to allocate all "building-wide costs" to the Enterprise Fund. Thus, General Fund expenditures which partially benefit the Enterprise Fund (utilities, janitorial services, insurance, etc.) are not proportionately recognized with the Enterprise Fund. Similarly, the Enterprise Fund does not recognize a cost for the building space it occupies.

The District's only Proprietary Fund is the Food Service Fund, which is a major Enterprise Fund. This fund accounts for the revenues and costs of feeding students; it distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the fund's principal ongoing operations. The principal operating revenues of this fund are food service charges. Operating expenses for this fund include food production costs, supplies and administrative costs. All revenues or expenses not meeting this definition are reported as nonoperating revenues and expenses.

**Fiduciary Funds** - Fiduciary Funds are restricted to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units and other funds.

The District has one Private-Purpose Trust Fund that accounts for activities in various scholarship funds, the sole purpose of which is to provide annual scholarships to particular students as prescribed by donor stipulations. In addition, the District has one Custodial Fund, which accounts for funds held on behalf of students of the District. The fund accounts for programs operated and sponsored by the various student clubs and organizations.

**Cash and Cash Equivalents**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition and no restrictions on withdrawals.

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Property Taxes**

Property taxes are assessed against individual properties based on property ownership as of July 1. Taxes are levied on July 1 and payable in the following periods:

July 1 to August 31.....	Discount period, 2% of gross levy
September 1 to October 31 .....	Face period
November 1 to collection.....	Penalty period, 10% of gross levy
February 28.....	Lien date

The tax on real estate for public school purposes for fiscal 2024-2025 was 39.204 mills (\$39.20 for \$1,000 of assessed valuation) for the entire District.

**Inventories**

Inventories of Governmental Funds are recorded as expenditures when consumed rather than when purchased. Inventory of food and milk in the Food Service Fund consists of supplies purchased and donated foods received from the federal government. Donated foods are valued at their fair market value in accordance with the *Manual of Accounting for Pennsylvania School Systems - Food Service Fund*. Food and supplies are carried at cost using the first-in, first-out method.

**Capital Assets**

Capital assets, which include property, plant and equipment, are reported in the applicable governmental and business-type activities columns in the government-wide financial statements and in the Proprietary Fund financial statements. Capital assets are defined by the District as those assets costing more than \$5,000. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed, inclusive of ancillary costs.

**NORRISTOWN AREA SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Property, plant and equipment (net of salvage value) of the District are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Site improvements	15-40
School buildings	15-45
Equipment	5-20
Vehicles	7-8

**Compensated Absences**

The District's policies regarding vacation, personal and sick time permit employees to accumulate earned but unused time. The liability is measured using the last-in, first-out method. The liability for these compensated absences is recorded as long-term debt in the government-wide financial statements. A liability for these amounts is reported in Governmental Funds only if they have matured, for example, as a result of employee resignations and retirements.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The School District has three items that qualifies for reporting in this category. They are the deferred amount on refunding, the deferred outflow related to pension activity and the deferred outflow related to OPEB activity.

- Deferred amount on refunding, which is reported net of accumulated amortization on the government-wide statement of net position. The deferred amount on refunding is the result of deferred charges on debt refundings. A deferred charge on refunding results from the difference in the carrying value of refunded debt, reacquisition price, and any unamortized premium/discount on the refunded debt. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Deferred outflow of resources related to pension activity, which is reported in the government-wide statement of net position and the proprietary fund statement of net position. The deferred outflow of resources related to pension activity is the result of differences between expected and actual experience, changes in proportions, changes in assumptions, net difference between projected and actual investment earnings, and actual contributions subsequent to the measurement date.

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

- Deferred outflow of resources related to OPEB activity, which is reported in the government-wide statement of net position and the proprietary fund statement of net position. The deferred outflow of resources related to OPEB activity is the result of differences between expected and actual experience, changes in assumptions, changes in proportions, net difference between projected and actual investment earnings and actual contributions subsequent to the measurement date.
- In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School District has three items that qualify for reporting in this category. They are unavailable revenues, the deferred inflow related to pension activity and the deferred inflow related to OPEB activity.
- Unavailable revenues are reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes.
- Deferred inflows related to pension activity, are reported in the government-wide statement of net position and the proprietary fund statement of net position. The deferred inflow of resources related to pension activity is the result of differences between expected and actual experience and changes in proportions.
- Deferred inflows related to OPEB activity, are reported in the government-wide statement of net position and the proprietary fund statement of net position. The deferred inflow of resources related to OPEB activity is the result of changes in assumptions, changes in proportions, differences between expected and actual experience and the differences between employer contributions and the proportionate share of total contributions reported by the OPEB plan.

**Long-Term Obligations**

Long-term debt and other long-term obligations are reported as liabilities in the government-wide financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized during the current period.

In the fund financial statements, Governmental Fund Types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received and discounts paid on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, generally are reported as debt service expenditures.

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Net Position Flow Assumption** - Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and Proprietary Funds financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

**Net Position/Fund Balances** - The government-wide and business-type activities financial statements utilize a net position presentation. Net position is categorized as invested in capital assets (net of related debt), restricted and unrestricted.

- **Net Investment in Capital Assets** - This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.
- **Restricted Net Position** - This category presents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- **Unrestricted Net Position** - This category represents net position of the District not restricted for any project or other purpose.

The District has implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent.

- **Nonspendable Fund Balance** - Amounts that are not in a spendable form (such as inventory) or are required to be maintained intact.
- **Restricted Fund Balance** - Amounts constrained to specific purposes by their providers (such as grantors, bondholders and higher levels of government) through constitutional provisions, or by enabling legislation.
- **Committed Fund Balance** - Amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., School Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same level of action to remove or change the constraint. This formal action is a School Board of Directors approved resolution.

**NORRISTOWN AREA SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

- **Assigned Fund Balance** - Amounts the District intends to use for a specific purpose, but are neither restricted nor committed. Assignments of fund balance are created by the Chief Financial Officer pursuant to authorization established by the School Board of Directors.
- **Unassigned Fund Balance** - Amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available for use, it is the District’s policy to use restricted resources first, then unrestricted resources as they are needed for their intended purposes. The District has not established a formal policy for its use of unrestricted fund balance amounts. As such, the District uses committed fund balances first, followed by assigned resources and then unassigned resources, as appropriate opportunities arise.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NOTE B - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**Budgetary Information**

An annual budget is adopted for the General Fund on the modified accrual basis of accounting. All annual appropriations lapse at the end of the fiscal year. Project-length financial plans are adopted for the Capital Projects Fund.

**NOTE C - CASH AND INVESTMENTS**

**Custodial Credit Risk - Deposits**

Custodial credit risk is the risk that, in the event of a bank failure, the government’s deposits may not be returned to it. The District does not have a policy for custodial credit risk. As of June 30, 2025, the District’s bank balance of \$111,126,111 was exposed to custodial credit risk as follows:

FDIC Insured	\$ 504,828
Uninsured and uncollateralized	5,192,224
Pennsylvania School District Liquid Asset Fund (PSDLAF)	2,021,254
Pennsylvania Local Government Investment Trust (PLGIT)	<u>103,407,807</u>
	<u>\$ 111,126,113</u>

**NORRISTOWN AREA SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

---

**NOTE C - CASH AND INVESTMENTS (Continued)**

The Pennsylvania School District Liquid Asset Fund (PSDLAF) and Pennsylvania Local Government Investment Trust (PLGIT) are not registered with the Securities and Exchange Commission and not subject to regulatory oversight, PSDLAF and PLGIT act like money market mutual funds in that its objective is to maintain a stable net asset value of \$1 per share, is rated by a nationally recognized statistical rating organization and is subject to an independent annual audit.

***Interest Rate Risk*** - The District has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

***Credit Risk*** - The District has no investment policy that would limit its investment choices to certain credit ratings. As of June 30, 2025, PSDLAF and the PLGIT were rated as AAAM by a nationally recognized statistical rating organization:

The District places no limit on the amount the District may invest in any one issuer.

***Custodial Credit Risk*** - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The District has no investment subject to custodial credit risk.

***Fair Value Measurement***

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are those that lack significant observable inputs. The District did not have any recurring fair value measurements as of June 30, 2025.

**NOTE D - UNEARNED REVENUE**

Governmental Funds report unearned revenue in connection with receivables for revenues that are considered to not be available to liquidate liabilities of the current period. Governmental Funds also defer revenue recognition with resources that have been received but not yet earned.

**Summary of Significant Accounting Policies**

**Pensions** - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public-School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms investments are reported at fair value.

**General Information About the Pension Plan**

**Plan Description** - PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public-school employees, part-time hourly public-school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at [www.psers.pa.gov](http://www.psers.pa.gov).

**NOTE J - PENSION PLAN (Continued)**

**Benefits Provided** - PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service.

Act 5 of 2017 (Act 5) introduced a hybrid benefit with two membership classes and a separate defined contribution plan for individuals who become new members on or after July 1, 2019. Act 5 created two new hybrid membership classes, Membership Class T-G (Class T-G) and Membership Class T-H (Class T-H) and the separate defined contribution membership class, Membership Class DC (Class DC). To qualify for normal retirement, Class T-G and Class T-H members must work until age 67 with a minimum of 3 years of credited service. Class T-G may also qualify for normal retirement by attaining a total combination of age and service that is equal to or greater than 97 with a minimum of 35 years of credited service.

Benefits are generally between 1% to 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

**NOTE J - PENSION PLAN (Continued)**

**Changes in Actuarial Assumptions** - The total pension liability as of June 30, 2024, was determined by rolling forward the System's total pension liability at June 30, 2023 to June 30, 2024 using the following actuarial assumptions, applied to all periods included in the measurement:

- Valuation Date - June 30, 2023
- Actuarial Cost Method - Entry Age Normal - level % of pay.
- Investment Return - 7.00%, includes inflation at 2.50%.
- Salary Increases - Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.
- The discount rate used to measure the Total Pension Liability was 7.00% as of June 30, 2023 and as of June 30, 2024.
- Demographic and economic assumptions approved by the Board for use effective with the June 30, 2021 actuarial valuation:
  - Salary growth rate - decreased from 5.00% to 4.50%.
  - Real wage growth and merit or seniority increases (components for salary growth) - decreased from 2.75% and 2.25% to 2.50% and 2.00%, respectively.
  - Mortality rates - Previously based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale. Effective with the June 30, 2021 actuarial valuation, mortality rates are based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

The actuarial assumptions used in the June 30, 2024 valuation were based on the results of an actuarial experience study that was performed for the five year period ending June 30, 2020.

The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**NOTE J - PENSION PLAN (Continued)**

The plan’s policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global public equity	30.0%	4.8%
Private equity	12.0%	6.7%
Fixed income	33.5%	3.9%
Commodities	5.0%	2.5%
Infrastructure	10.0%	6.4%
Real estate	9.5%	5.9%
	<u>100.0%</u>	

The above was the Board’s adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2024.

**Discount Rate** - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

\$490,000 was reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending June 30,</u>	<u>Governmental Activities</u>	<u>Business-Type Activities</u>

Thereafter	<u>(1,824)</u>	<u>824</u>

***Actuarial Assumptions***

The Total OPEB Liability as of June 30, 2024, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2023 to June 30, 2024 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method - Entry Age Normal - level % of pay.
- Investment return - 4.13% - S&P 20 Year Municipal Bond Rate.
- Salary growth - Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.
- Participation rate:
  - Eligible retirees will elect to participate Pre age 65 at 50%.
  - Eligible retirees will elect to participate Post age 65 at 70%.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study that was performed for the five year period ending June 30, 2020.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE O - OTHER POSTEMPLOYMENT BENEFITS - PSERS (Continued)**

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2022 determined the employer contribution rate for fiscal year 2024.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: The actual data for retirees benefiting under the Plan as of June 30, 2021 was used in lieu of the 63% utilization assumption for eligible retirees.
- Mortality rates for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

***Investments***

Investments consist primarily of short term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	<u>100.0%</u>	1.7%
	<u><u>100.0%</u></u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2024.

**NOTE O - OTHER POSTEMPLOYMENT BENEFITS - PSERS (Continued)**

***Discount Rate***

The discount rate used to measure the Total OPEB Liability was 4.21%. Under the plan’s funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short term funding policy, the OPEB plan’s fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a “pay-as-you-go” plan. A discount rate of 4.13% which represents the S&P 20 year Municipal Bond Rate at June 30, 2023, was applied to all projected benefit payments to measure the total OPEB liability.

***Sensitivity of the District’s Net OPEB Liability to Change in Healthcare Cost Trend Rates***

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2024, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2024, 92,149 retirees were receiving the maximum amount allowed of \$1,200 per year and 489 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

The following presents the District’s net OPEB liability for June 30, 2024, calculated using current Healthcare cost trends as well as what the District’s net OPEB liability would be if its health cost trends were 1-percentage point lower or 1-percentage point higher than the current rate:

	<u>1%</u> <u>Decrease</u>	<u>Current</u> <u>Rate</u>	<u>1%</u> <u>Increase</u>

**NOTE P - OTHER POSTEMPLOYMENT BENEFITS - SINGLE EMPLOYER PLAN**

**Plan Description**

The District provides medical and dental insurance benefits to eligible retired employees, spouses and dependents through a single-employer defined benefit plan. The benefits, benefits level, employee contribution and employer contribution are administered by the Board and can be amended by the Board through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a stand-alone financial report. The activity of the plan is reported in the District's General Fund.

**Assumptions**

The following assumptions and actuarial methods and calculation were used:

**Discount Rate** - 4.29%, based on S&P Municipal Bond 20 Year High Grade Rate Index at July 1, 2024.

**Salary** - An assumption for salary increases is used only for spreading contributions over future pay under the entry age normal cost method. For this purpose, salary increases are composed of a 2.5% cost of living adjustment, 1.5% real wage growth, and for teachers and administrators a merit increase which varies from 2.75% to 0%.

**Health Care Cost Trend Rate** - 7.0% in 2024 with 0.5% decrease per year until 5.5% in 2027. Rates gradually decrease from 5.4% in 2028 to 4.0% in 2075 and later based on the Society of Actuaries Long-Run Medical Cost Trend Model.

**Withdrawal** - Rates of withdrawal vary by age, gender and years of service. Sample rates for employees with more than 10 years of service are shown below. Rates for new employees start at 25.93% for men and 27.46% for women and decrease with age and service.

<u>Age</u>	<u>Male Rate</u>	<u>Female Rate</u>	<u>Age</u>	<u>Male Rate</u>	<u>Female Rate</u>
25	4.55%	3.90%	45	1.41%	1.60%
30	4.55%	3.90%	50	1.89%	2.08%
35	1.68%	2.83%	55	3.63%	3.66%
40	1.42%	1.67%	60	5.49%	5.94%

**Mortality** - Separate rates are assumed preretirement and postretirement using the rates assumed in the PSERS defined benefit pension plan actuarial valuation.

**Disability** - No disability was assumed.

**Retirement** - Assumed retirement rates are based on PSERS plan experience and vary by age, service and gender.

**Percent of Eligible Retirees Electing Coverage in Plan** - 50% of all employees are assumed to elect coverage for Medical, Prescription Drug, and Dental and Vision at retirement. 100% of Administrators are assumed to elect Life Insurance at retirement.

**Percent Married at Retirement** - 25% of employees are assumed to be married and have a spouse covered by the plan at retirement. Non-spouse dependents are deemed to be immaterial.

**Spouse Age** - Wives are assumed to be two years younger than their husbands.

**NOTE P - OTHER POSTEMPLOYMENT BENEFITS - SINGLE EMPLOYER PLAN (Continued)**

**Retiree Contributions** - Retiree Contributions are assumed to increase at the same rate as the Health Care Cost Trend Rate.

**Actuarial Value of Assets** - Equal to the Market Value of Assets.

**Actuarial Cost Method - Entry Age Normal** - Under the Entry Age Normal Cost Method, the Normal Cost is the present value of benefits allocated to the year following the valuation date. Benefits are allocated on a level basis over the earnings of an individual between the date of hire and the assumed retirement age. The Accrued Liability as of the valuation date is the excess of the present value of future benefits over the present value of future Normal Cost. The Unfunded Accrued Liability is the excess of the Accrued Liability over the Actuarial Value of Assets. Actuarial gains and losses serve to reduce or increase the Unfunded Accrued Liability.

***Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards***

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Norristown Area School District as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Norristown Area School District's basic financial statements, and have issued our report thereon dated December 2, 2025.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Norristown Area School District's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Norristown Area School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Norristown Area School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Norristown Area School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

***Independent Auditors' Report on Compliance for Each Major Federal Program and  
Report on Internal Control Over Compliance in Accordance With the Uniform Guidance***

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Norristown Area School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Norristown Area School District's major federal programs for the year ended June 30, 2025. Norristown Area School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Norristown Area School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Norristown Area School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Norristown Area School District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Norristown Area School District's federal programs.

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Norristown Area School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Norristown Area School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Norristown Area School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Norristown Area School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Norristown Area School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

To the Board of School Directors  
Norristown Area School District  
Norristown, Pennsylvania

## Report on Internal Control Over Compliance

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
