PRELIMINARY OFFICIAL STATEMENT**

Relating to

**\$197,195,000*
SCHOOL DISTRICT OF PASCO COUNTY, FLORIDA
SALES TAX REVENUE BONDS,
SERIES 2024**

This Supplement (the "Supplement") provides information amendatory to the Preliminary Official Statement, dated October 1, 2024 (the "Preliminary Official Statement"), relating to the Series 2024 Bonds described above.

This Supplement must be read in conjunction with the Preliminary Official Statement, including the appendices thereto. All capitalized terms used in this Supplement but not otherwise defined herein shall have the same meanings ascribed to such terms in the Preliminary Official Statement. *This Supplement should not be separated from the Preliminary Official Statement, and neither this Supplement nor the Preliminary Official Statement should be relied upon in any way independently of each other.*

PLEASE BE ADVISED that the above-referenced Preliminary Official Statement has been amended and supplemented as follows:

The following paragraph has been added to the end of the section entitled "RISK FACTORS – Natural Disasters" on page 36 of the Preliminary Official Statement:

"On October 9, 2024, Hurricane Milton made landfall near Siesta Key, Florida, which is approximately 85 miles south of the County, as a Category 3 hurricane with sustained winds of 120 miles per hour. The impact to the District was largely wind and rain related. Based on preliminary damage assessments, the District suffered significant damage to two of its schools as a result of Hurricane Milton, while the impacts to other District facilities were related to loss of power and internet, both of which have since been restored. Pasco High School suffered significant roof damage to two of its buildings, Building Six and the gymnasium. The District facilities team has determined that Building Six can be used once a temporary roof is installed, but the gymnasium will need to have a roof replacement and is not available for use for the remainder of the school year. Initial estimates indicate the cost of the roof repair and replacement to be \$10-15 million, which may be funded through existing capital funds, Sales Tax Revenues and/or proceeds of the Series 2024 Bonds. The remainder of the Pasco High School campus reopened to students on October 16, 2024. Zephyrhills High School and the surrounding area experienced a significant amount of flooding, with water intrusion into the music and chorus rooms. The water was subsequently pumped out of the school, and the school was remediated and students were able to return to Zephyrhills High School on October 16, 2024, although the music and chorus rooms are not available for use at this time. It is expected that the music and chorus rooms will be restored for use in the near future. The District will seek reimbursement from Federal Emergency Management Agency and the Florida Department of Emergency Management to replenish some or all expenses incurred with Hurricane Milton that are not otherwise covered by insurance. The District expects to have sufficient resources to meet its storm-related financial obligations even if federal and state assistance is unavailable, and the District does not expect the financial impacts of Hurricanes Helene or Milton to impact its ability to pay debt service on the Series 2024 Bonds."

The District currently expects to finance capital improvements at Cypress Elementary School, West Zephyrhills Elementary School, Gulf Middle School and Pasco High School with proceeds of the Series 2024 Bonds.

Description of the Series 2024 Bonds

Denominations. The Series 2024 Bonds will be issued in denominations of \$5,000 or any integral multiple thereof.

Optional Redemption. Certain of the Series 2024 Bonds are subject to optional redemption as described herein.

Registration and Transfers. Transfer of ownership in the Series 2024 Bonds will be effected by The Depository Trust Company ("DTC") book-entry system as described herein. As long as Cede & Co. is the registered owner as nominee of DTC, principal and interest payments will be made directly to such registered owner which will in turn remit such payments to the Participants (as hereinafter defined) for subsequent disbursement to the Beneficial Owners (as hereinafter defined). Interest on the Series 2024 Bonds is payable semi-annually on October 1 and April 1 of each year, commencing April 1, 2025.

For a more complete description of the Series 2024 Bonds and the basic documentation pursuant to which Series 2024 Bonds are issued, see "DESCRIPTION OF THE SERIES 2024 BONDS" herein.

Sources and Security of Payment for the Series 2024 Bonds

The Series 2024 Bonds are limited obligations of the District payable solely from and secured by a prior lien upon and pledge of (i) the proceeds received by the District from the levy by the County of a one cent local infrastructure sales surtax pursuant to Section 212.055(2), Florida Statutes, as amended, and any successor statute thereto and distributed to the District pursuant to the Interlocal Agreement (the "Sales Tax Revenues") and (ii) until applied in accordance with the provisions of the Resolution, all moneys, including investments thereof in the funds and accounts established pursuant to the Resolution other than the Unrestricted Revenue Account and the Rebate Fund, (collectively, the "Pledged Funds"). Pursuant to the Resolution, Sales Tax Revenues shall not include Federal Subsidy Payments. The Series 2024 Bonds and the indebtedness evidenced thereby do not constitute a lien upon any property of the Board or District, but constitute a lien only on the Pledged Funds in the manner and to the extent provided in the Resolution. See "SECURITY FOR THE SERIES 2024 BONDS" herein for a more detailed description of the security for the Series 2024 Bonds.

Bond Insurance Option

Based on market conditions in existence at the time of pricing, the District will determine whether or not to purchase insurance on all of the Series 2024 Bonds, some of the Series 2024 Bonds or none of the Series 2024 Bonds. In the event the District deems it in its best interest to insure all or a portion of the Series 2024 Bonds, the scheduled payment of the principal of and interest on such insured Series 2024 Bonds when due will be guaranteed under a municipal bond insurance policy (the "Bond Insurance Policy")

to be issued concurrently with the delivery of the Series 2024 Bonds. See "BOND INSURANCE OPTION" and "BOND INSURANCE RISK FACTORS" herein.

No Funded Reserve Account

The Reserve Account Requirement for the Series 2024 Bonds is zero (\$0.00). As such, the Series 2024 Bonds will not be secured by any funds on deposit in the Reserve Account. See "SECURITY FOR THE SERIES 2024 BONDS – Reserve Account" herein.

Additional Bonds

Pursuant to the Resolution, the District may issue Additional Bonds on a parity with the Series 2024 Bonds upon satisfaction of the conditions set forth therein. The Series 2024 Bonds and any Additional Bonds hereinafter issued pursuant to the Resolution are collectively referred to herein as "Bonds." See "SECURITY FOR THE SERIES 2024 BONDS – Additional Bonds" herein.

Tax Matters

The legal opinion of George A. Smith PLLC, Bond Counsel, will include an opinion to the effect that under existing laws, regulations and court decisions and assuming continuing compliance by the District with certain covenants set forth in the Resolution and with the Internal Revenue Code of 1986, as amended, interest on the Series 2024 Bonds is (a) excludable from gross income for federal income tax purposes, and (b) not an item of tax preference for purposes of the alternative minimum tax of individuals; however, interest on the Series 2024 Bonds may be included in the adjusted financial statement income of certain "applicable corporations." See "TAX MATTERS" herein and "APPENDIX E – FORM OF OPINION OF BOND COUNSEL."

Continuing Disclosure

One fully-registered bond certificate will be issued for each maturity of the Series 2024 Bonds and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (the "Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions, in

deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Series 2024 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for such Series 2024 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2024 Certificate ("Beneficial Owner") is in turn to be recorded on the Direct Participant and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2024 Bonds are to be accomplished by entries made on the books of Direct Participant and Indirect Participants acting on behalf of the Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2024 Bonds, except in the event that use of the book-entry system for the Series 2024 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2024 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2024 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2024 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2024 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping an account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements made among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2024 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2024 Bonds, such as defaults, and proposed amendments to the Series 2024 documents. For example, Beneficial Owners of Series 2024 Bonds may wish to ascertain that the nominee holding the Series 2024 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2024 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2024 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Distributions and payments on the Series 2024 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Board or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of distributions, and payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board and/or the Trustee for the Series 2024 Bonds. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of the Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2024 Bonds at any time by giving reasonable notice to the Board or its agent. Under such circumstances, in the event that a successor securities depository is not obtained, Series 2024 Bonds are required to be printed and delivered.

The Board may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Series 2024 Bonds will be printed and delivered to DTC.

Interchangeability, Negotiability and Transfer

So long as the Series 2024 Bonds are registered in the name of DTC or its nominee, the following paragraphs relating to registration, transfer and exchange of Series 2024 Bonds do not apply to the Series 2024 Bonds.

Series 2024 Bonds, upon surrender thereof at the office of the Registrar with a written instrument of transfer satisfactory to the Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing, may, at the option of the Holder thereof, be exchanged for an equal aggregate principal amount of registered Series 2024 Bonds of the same maturity of any other authorized denominations.

The Series 2024 Bonds issued under the Resolution shall be and have all the qualities and incidents of negotiable instruments under the law merchant and the Uniform Commercial Code of the State of Florida, subject to the provisions for registration and transfer contained in the Resolution and in the Series 2024 Bonds. So long as any of the Series 2024 Bonds shall remain Outstanding, the District shall maintain and keep, at the office of the Registrar, books for the registration and transfer of the Series 2024 Bonds.

The transfer of any Series 2024 Bond shall be registered only upon the books of the District, at the office of the Registrar, under such reasonable regulations as the District may prescribe, by the Holder thereof in person or by his attorney duly authorized in writing upon surrender thereof together with a written instrument of transfer satisfactory to the Registrar duly executed and guaranteed by the Holder or his duly authorized attorney. Upon the registration or transfer of any such Series 2024 Bond, the District shall issue, and cause to be authenticated, in the name of the transferee a new Series 2024 Bond or Series 2024 Bonds of the same aggregate principal amount and maturity as the surrendered Series 2024 Bond. The Board, the Registrar and any Paying Agent or fiduciary of the Board may deem and treat the Person in whose name any Outstanding Series 2024 Bond shall be registered upon the books of the District as the absolute owner of such Series 2024 Bond, whether such Series 2024 Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal or Redemption Price, if applicable, and interest on such Series 2024 Bond and for all other purposes, and all such payments so made to any such Holder or

upon his order shall be valid and effectual to satisfy and discharge the liability upon such Series 2024 Bond to the extent of the sum or sums so paid and neither the District nor the Registrar nor any Paying Agent or other fiduciary of the District shall be affected by any notice to the contrary.

In all cases in which the privilege of exchanging Series 2024 Bonds or transferring Series 2024 Bonds is exercised, the Board shall execute and the Registrar shall authenticate and deliver such Series 2024 Bonds in accordance with the provisions of the Resolution. Execution of Series 2024 Bonds by the Chairman and Superintendent of Schools and Ex Officio Secretary to the Board for purposes of exchanging, replacing or transferring Series 2024 Bonds may occur at the time of the original delivery of the Series 2024 Bonds. All Series 2024 Bonds surrendered in any such exchanges or registration of transfer shall be held by the Registrar in safekeeping until directed by the Board to be cancelled by the Registrar. For every such exchange or transfer of Series 2024 Bonds, the District or the Registrar may make a charge sufficient to reimburse it for any tax, fee, expense or other governmental charge required to be paid with respect to such exchange or transfer. The District and the Registrar shall not be obligated to make any such exchange or transfer of Series 2024 Bonds during the 15 days next preceding an Interest Date on the Series 2024 Bonds, or, in the case of any proposed redemption of Series 2024 Bonds, then, for the Series 2024 Bonds subject to redemption, during the 15 days next preceding the date of the first mailing of notice of such redemption and continuing until such redemption date.

Series 2024 Bonds Mutilated, Destroyed, Stolen or Lost

In case any Series 2024 Bond shall become mutilated, or be destroyed, stolen or lost, the Board may, in its discretion, issue and deliver, and the Registrar shall authenticate, a new Series 2024 Bond of like tenor as the Series 2024 Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Series 2024 Bond upon surrender and cancellation of such mutilated Series 2024 Bond or in lieu of and substitution for the Series 2024 Bond destroyed, stolen or lost, and upon the Holder furnishing the District and the Registrar proof of his ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the District or the Registrar may prescribe and paying such expenses as the Board and the Registrar may incur. All Series 2024 Bonds so surrendered shall be cancelled by the Registrar. If any of the Series 2024 Bonds shall have matured or be about to mature, instead of issuing a substitute Series 2024 Bond, the Board may pay the same or cause the Series 2024 Bond to be paid, upon being indemnified as aforesaid, and if such Series 2024 Bonds be lost, stolen or destroyed, without surrender thereof.

Optional Redemption

The Series 2024 Bonds maturing on or prior to October 1, 20__ are not subject to redemption prior to maturity. The Series 2024 Bonds maturing on or after October 1, 20__ are subject to redemption prior to their respective dates of maturity on or after October 1, 20__ in whole or in part at any time, in any order of maturity selected by the District and by lot within a maturity at a Redemption Price of 100% of the principal amount of the Series 2024 Bonds to be redeemed, together with accrued interest to the date fixed for redemption, without premium.

Notice of Redemption

Notice of redemption, which shall specify the Series 2024 Bond or Series 2024 Bonds (or portions thereof) to be redeemed and the date and place for redemption, shall be given by the Registrar on behalf of the District, and (A) shall be filed with the Paying Agent of such Series 2024 Bonds, and (B) shall be mailed first class, postage prepaid, not less than 30 days nor more than 60 days prior to the redemption date to all Holders of Series 2024 Bonds to be redeemed at their addresses as they appear on the registration books kept by the Registrar as of the date of mailing of such notice. Failure to mail such notice to the Holders of

the Series 2024 Bonds to be redeemed, or any defect therein, shall not affect the proceedings for redemption of Series 2024 Bonds as to which no such failure or defect has occurred.

Each notice of redemption shall state: (1) the CUSIP numbers of all Series 2024 Bonds being redeemed, (2) the original issue date of such Series 2024 Bonds, (3) the maturity date and rate of interest borne by each Series 2024 Bond being redeemed, (4) the redemption date, (5) the Redemption Price, (6) the date on which such notice is mailed, (7) if less than all Outstanding Series 2024 Bonds are to be redeemed, the certificate number (and, in the case of a partial redemption of any Series 2024 Bond, the principal amount) of each Series 2024 Bond to be redeemed, (8) that on such redemption date there shall become due and payable upon each Series 2024 Bond to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portions of the principal thereof in the case of Series 2024 Bonds to be redeemed in part only, together with interest accrued thereon to the redemption date, and that from and after such date interest thereon shall cease to accrue and be payable, (9) that the Series 2024 Bonds to be redeemed, whether as a whole or in part, are to be surrendered for payment of the Redemption Price at the designated office of the Registrar at an address specified and (10) unless sufficient funds have been set aside by the Board for such purpose prior to the mailing of the notice of redemption, that such redemption is conditioned upon the deposit of sufficient funds for such purpose on or prior to the date set for redemption; and provided, further, that such notice and the redemption set forth therein may be subject to the satisfaction of one or more additional conditions set forth therein.

The Board may provide that a redemption may be contingent upon the occurrence of certain conditions and that if such conditions do not occur the notice of redemption will be rescinded, provided notice of rescission shall be mailed in the manner described above to all affected Series 2024 Bondholders not later than three business days prior to the date of redemption.

Notwithstanding the foregoing, so long as Cede & Co. or any subsequent securities depository is the registered owner of the Series 2024 Bonds, such notice of redemption shall only be sent to Cede & Co. or such subsequent securities depository. Notices are to be provided to the Beneficial Owners pursuant to arrangements established between the Participants and Beneficial Owners. See "DESCRIPTION OF THE SERIES 2024 BONDS - Book-Entry-Only System of Registration" herein. Upon the discontinuance of the book-entry-only registration system for the Series 2024 Bonds, the foregoing provisions shall apply with respect to the Beneficial Owners of the Series 2024 Bonds.

Selection of Series 2024 Bonds to be Redeemed

The Series 2024 Bonds shall be redeemed only in the principal amount of \$5,000 each and integral multiples thereof. The District shall, at least 45 days prior to the redemption date (unless a shorter time period shall be satisfactory to the Registrar but in no event less than 35 days) notify the Registrar of such redemption date and of the principal amount of Series 2024 Bonds to be redeemed. For purposes of any redemption of less than all of the Outstanding Series 2024 Bonds of a single maturity, the particular Series 2024 Bonds or portions of Series 2024 Bonds to be redeemed shall be selected not more than 45 days and not less than 35 days prior to the redemption date by the Registrar from the Outstanding Series 2024 Bonds of the maturity or maturities designated by the District, or if not so designated, by such other method as the Registrar shall deem fair and appropriate and which may provide for the selection for redemption of Series 2024 Bonds or portions of Series 2024 Bonds in principal amounts of \$5,000 and integral multiples thereof.

If less than all of the Outstanding Series 2024 Bonds of a single maturity are to be redeemed, the Registrar shall promptly notify the District and Paying Agent (if the Registrar is not the Paying Agent for such Series 2024 Bonds) in writing of the Series 2024 Bonds or portions of Series 2024 Bonds selected for redemption and, in the case of any Series 2024 Bond selected for partial redemption, the principal amount thereof to be redeemed.

Redemption of Series 2024 Bonds

Any Series 2024 Bond which is to be redeemed only in part shall be surrendered at any place of payment specified in the notice of redemption (with due endorsement by, or written instrument of transfer in form satisfactory to the Registrar duly executed by, the Holder thereof or his attorney duly authorized in writing) and the Board shall execute and the Registrar shall authenticate and deliver to the Holder of such Series 2024 Bond, without service charge, a new Series 2024 Bond or Series 2024 Bonds, of any authorized denomination, as requested by such Holder in an aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Series 2024 Bonds so surrendered.

Purchase in Lieu of Optional Redemption

Notwithstanding anything in the Resolution to the contrary, at any time the Series 2024 Bonds are subject to optional redemption pursuant to the Resolution, all or a portion of the Series 2024 Bonds to be redeemed as specified in the notice of redemption, may be purchased by the Paying Agent, as trustee, at the direction of the District, on the date which would be the redemption date if such Series 2024 Bonds were redeemed rather than purchased in lieu thereof, at a purchase price equal to the Redemption Price which would have been applicable to such Series 2024 Bonds on the redemption date for the account of and at the direction of the District who shall give the Paying Agent, as trustee, notice at least ten days prior to the scheduled redemption date accompanied by an opinion of Bond Counsel to the effect that such purchase will not adversely affect the exclusion from gross income for federal income tax purposes of interest on such Series 2024 Bonds or any other Outstanding Bonds. In the event the Paying Agent, as trustee, is so directed to purchase Series 2024 Bonds in lieu of optional redemption, no notice to the holders of the Series 2024 Bonds to be so purchased (other than the notice of redemption otherwise required under the Resolution) shall be required, and the Paying Agent, as trustee, shall be authorized to apply to such purchase the funds which would have been used to pay the Redemption Price for such Series 2024 Bonds if such Series 2024 Bonds had been redeemed rather than purchased. Each Series 2024 Bond so purchased shall not be canceled or discharged and shall be registered in the name of the District. Series 2024 Bonds to be purchased under the Resolution in the manner described above which are not delivered to the Paying Agent, as trustee, on the purchase date shall be deemed to have been so purchased and not optionally redeemed on the purchase date and shall cease to accrue interest as to the former holder thereof on the purchase date.

SECURITY FOR THE SERIES 2024 BONDS

General

The principal of, and interest on the Series 2024 Bonds are payable solely from and secured by a prior lien upon and a pledge of (i) the Sales Tax Revenues and (ii) until applied in accordance with the provisions of the Resolution, all moneys, including investments thereof in the funds and accounts established pursuant to the Resolution other than the Unrestricted Revenue Account and the Rebate Fund (collectively, the "Pledged Funds"). Except as otherwise set forth in the Resolution, such lien and pledge of the Pledged Funds in favor of the Series 2024 Bonds shall be on a parity with all Bonds Outstanding under the Resolution, including, without limitation, any Additional Bonds subsequently issued pursuant to the Resolution.

THE SERIES 2024 BONDS SHALL NOT BE OR CONSTITUTE GENERAL OBLIGATIONS OR INDEBTEDNESS OF THE DISTRICT AS "BONDS" WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION, BUT SHALL BE SPECIAL OBLIGATIONS OF THE DISTRICT, PAYABLE SOLELY FROM AND SECURED BY A LIEN UPON AND PLEDGE OF THE PLEDGED FUNDS IN ACCORDANCE WITH AND TO

THE EXTENT SET FORTH IN THE RESOLUTION. NO HOLDER OF ANY SERIES 2024 BOND SHALL EVER HAVE THE RIGHT TO COMPEL THE EXERCISE OF ANY AD VALOREM TAXING POWER TO PAY SUCH SERIES 2024 BOND, OR BE ENTITLED TO PAYMENT OF SUCH SERIES 2024 BOND FROM ANY MONEYS OF THE DISTRICT EXCEPT FROM THE PLEDGED FUNDS IN THE MANNER AND TO THE EXTENT PROVIDED IN THE RESOLUTION.

Infrastructure Sales Surtax

Chapter 212, Part I, Florida Statutes, as amended, imposes a 6% sales tax on the sales price of tangible personal property sold at retail in the State subject to certain exemptions therefrom. A similar tax is imposed on the cost price of tangible personal property when the property is not sold, but is used, or stocked for use in the State. The largest single source of tax receipts in the State is the sales and use tax.

Section 212.055(2), Florida Statutes, authorizes local governments to impose a discretionary sales surtax of 0.5 percent or one percent to finance, plan and construct infrastructure projects, among other purposes. However, local governments may not impose the surtax on long distance telephone service and the portion of any sales amount which exceeds \$5,000 on any item of tangible personal property. The levy of the surtax must be pursuant to an ordinance of the county's governing board or pursuant to uniform resolutions adopted by the governing bodies of municipalities representing a majority of a county's population. In either case, the levy of the surtax must be approved by a majority of the electors of the county voting in a referendum on the surtax. The surtax proceeds may be distributed pursuant to an interlocal agreement by and among the county, each municipality and the school district in such county.

In a 2022 referendum election, a levy of a one cent infrastructure sales surtax (the "Sales Surtax") within the County was reapproved, as it had been two times previously dating back to 2004. Pursuant to the Interlocal Agreement, the Sales Surtax proceeds are distributed to the District, the County and the municipalities, with the District receiving 45% of the Sales Surtax revenues. Imposition of the Sales Surtax commences January 1, 2025 and expires on December 31, 2039.

Pursuant to Section 212.055(2)(d)(1), Florida Statutes, as amended, the proceeds of the discretionary sales surtax and any interest accrued thereto are required to be expended to, among other things, finance, plan and construct Infrastructure (as defined below) and to acquire land for public recreation, conservation or protection of natural resources and to finance the closure of county-owned or municipally-owned solid waste landfills that are already closed or are required to close by order of the Department of Environmental Protection. **Except as otherwise provided in Section 212.055(2)(d) Florida Statutes, as amended, neither the proceeds nor any interest accrued thereto may be used for operational expenses of any infrastructure. The District does not share Sales Tax Revenues with charter schools in the District.**

"Infrastructure" generally means any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction or improvement of public facilities which have a life expectancy of five (5) or more years, any related land acquisition, land improvement, design, and engineering costs and related costs required to bring public facilities into service.

Pursuant to Section 212.055(2)(e), Florida Statutes, as amended, school districts, counties and municipalities receiving discretionary sales surtax proceeds may pledge such proceeds for the purpose of servicing new bond indebtedness incurred pursuant to law.

THE AMOUNT OF SALES TAX REVENUES DISTRIBUTED TO THE DISTRICT IS SUBJECT TO INCREASE OR DECREASE DUE TO (I) INCREASES OR DECREASES IN THE DOLLAR VOLUME OF TAXABLE SALES WITHIN THE COUNTY, (II) LEGISLATIVE CHANGES RELATING TO THE SALES SURTAX, WHICH MAY INCLUDE CHANGES IN THE SCOPE OF TAXABLE SALES, AND (III) OTHER FACTORS WHICH MAY BE BEYOND THE CONTROL OF THE DISTRICT OR THE BONDHOLDERS.

Collection and Administration. Pursuant to Section 212.054, Florida Statutes, the Florida Department of Revenue ("FDOR") has the responsibility to administer, collect and enforce all surtaxes, including the Sales Surtax. The proceeds of discretionary sales surtax collections are transferred to the Discretionary Sales Surtax Clearing Trust Fund. A separate account in the trust fund is to be established for each county imposing such a surtax. FDOR is authorized to deduct 3% of the total revenue generated for all counties levying a surtax for administrative costs. The amount deducted for administrative costs is required to be used only for those costs solely and directly attributable to the surtax. The total administrative costs are to be prorated among those counties levying the surtax on the basis of the amount collected for a particular county to the total amount collected for all counties. FDOR is required to submit annually, no later than March 1, a report detailing the expenses and amounts deducted for administrative costs to the President of the Senate, the Speaker of the House of Representatives, and the governing board of each county levying the surtax.

Pursuant to Section 212.15, Florida Statutes, vendors are required to remit sales tax receipts by the twentieth (20th) day of the month immediately following the month of collection. No statute prescribes a deadline for remitting surtax proceeds to the local governing bodies. However, according to the accounting division of FDOR, the FDOR consistently remits the surtax proceeds to such local governing bodies by the twenty-fifth (25th) day of the month immediately following receipt by the FDOR.

Disposition of Sales Tax Revenues

(A) The Resolution provides that the District shall promptly deposit or credit the Sales Tax Revenues into the Restricted Revenue Account. The moneys in the Restricted Revenue Account shall be deposited or credited on or before the last day of each month, commencing in the month immediately following receipt of Sales Tax Revenues from the State, in the following manner and in the following order or priority:

(1) Interest Account. There shall be deposited or credited to the Interest Account an amount which, together with the balance in said Account, shall equal the interest on all Bonds Outstanding (except as to Capital Appreciation Bonds) accrued and unpaid and to accrue to the end of the current calendar month (assuming that a year consists of twelve (12) months of thirty (30) days each). All Federal Subsidy Payments shall be deposited directly in the Interest Account upon receipt. Moneys in the Interest Account shall be used to pay interest on the Bonds as and when the same become due, whether by redemption or otherwise, and for no other purpose. Any Federal Subsidy Payments deposited to the Interest Account shall be deemed to have been applied to the payment of interest on the Federal Subsidy Bonds to which such Federal Subsidy Payments relate. The District shall adjust the amount of the deposit into the Interest Account not later than the month immediately preceding any Interest Date so as to provide sufficient moneys in the Interest Account to pay the interest on the Bonds coming due on such Interest Date. No further deposit need be made to the Interest Account when the moneys therein are equal to the interest coming due on the Outstanding Bonds on the next succeeding Interest Date.

(2) Principal Account. Commencing in the month which is one (1) year prior to the first principal payment date, there shall be deposited or credited to the Principal Account an amount which, together with the balance in said Account, shall equal the principal on Serial Bonds Outstanding due and unpaid and that portion of the principal next due which would have accrued on said Bonds during the then current calendar month if such principal amounts were deemed to accrue daily (assuming that a year consists of twelve (12) months of thirty (30) days each), in equal amounts from the next preceding principal due date, or if there is no such preceding principal due date, from a date one year preceding the due date of such principal amount. Moneys in the Principal Account shall be used to pay the principal of the Bonds as and when the same shall mature, and for no other purpose. Serial Capital Appreciation Bonds shall be payable from the Principal Account in the Bond Year in which such Bonds mature and monthly deposits or credits into the Principal Account shall commence in the month which is one year prior to the date on which such Bonds mature. The District shall adjust the amount of deposit to the Principal Account not later than the month immediately preceding any principal payment date so as to provide sufficient moneys in the Principal Account to pay the principal on Bonds becoming due on such principal payment date. No further deposit need be made to the Principal Account when the moneys therein are equal to the principal coming due on the Outstanding Bonds on the next succeeding principal payment date.

(3) Bond Amortization Account. Commencing in the month which is one year prior to any Amortization Installment due date, there shall be deposited or credited to the Bond Amortization Account an amount which, together with the balance in said Account, shall equal the Amortization Installments of all Bonds Outstanding due and unpaid and that portion of the Amortization Installment next due which would have accrued on said Bonds during the then current calendar month if such Amortization Installment were deemed to accrue daily (assuming that a year consists of twelve (12) months of thirty (30) days each), in equal amounts from the next preceding Amortization Installment due date, or if there is no such preceding Amortization Installment due date, from a date one year preceding the due date of such Amortization Installment. Moneys in the Bond Amortization Account shall be used to purchase or redeem Term Bonds in the manner

provided in the Resolution, and for no other purpose. The District shall adjust the amount of the deposit into the Bond Amortization Account not later than the month immediately preceding any date for payment of an Amortization Installment so as to provide sufficient moneys in the Bond Amortization Account to pay the Amortization Installments on the Bonds coming due on such date. No further deposit need be made to the Bond Amortization Account when the moneys therein are equal to the Amortization Installments coming due on the Outstanding Bonds on the next succeeding Amortization Installment due date. Payments to the Bond Amortization Account shall be on a parity with payments to the Principal Account.

(4) Reserve Account. The District shall next deposit into the Reserve Account and the various subaccounts therein, if any, a sum sufficient to restore the funds on deposit in the Reserve Account and any subaccounts therein to an amount equal to the applicable Reserve Account Requirement, respectively. Moneys in the Reserve Account and any subaccounts therein shall be used only for the purpose of the payment of maturing principal of or interest or Amortization Installments on the Bonds which they secure when the other moneys in the Debt Service Fund are insufficient therefor, and for no other purpose. However, whenever the moneys on deposit in the Reserve Account or any subaccount therein exceed the Reserve Account Requirement thereof, such excess shall be withdrawn and deposited into the Interest Account. Sales Tax Revenues shall be applied in accordance with provisions of the Resolution described in this paragraph, on a pro-rata basis, to reimburse the issuer of the Reserve Fund Insurance Policy for amounts advanced under such instrument, replenish any cash deficiencies in the Reserve Account or a subaccount therein, and to pay the issuer of the Reserve Fund Insurance Policy interest on amounts advanced under such instrument.

The obligation to reimburse the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit for any fees, expenses, claims or draws upon such Reserve Fund Insurance Policy or Reserve Fund Letter of Credit shall be subordinate to the payment of debt service on the Bonds. The right of the issuer of a Reserve Fund Insurance Policy or Reserve Fund Letter of Credit to payment of reimbursement of its fees and expenses shall be subordinated to cash replenishment of the Reserve Account, and subject to the second and third succeeding sentences, its right to reimbursement for claims or draws shall be prior to the replenishment of the cash drawn from the Reserve Account or a subaccount therein. The Reserve Fund Insurance Policy or Reserve Fund Letter of Credit shall provide for a revolving feature under which the amount available thereunder will be reinstated to the extent of any reimbursement of draws or claims paid. If the revolving feature is suspended or terminated for any reason, the right of the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit reimbursement will be further subordinated to cash replenishment of the Reserve Fund or subaccount therein to an amount equal to the difference between the full original amount available under the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit and the amount then available for further draws or claims. If (1) the issuer of a Reserve Fund Insurance Policy or Reserve Fund Letter of Credit becomes insolvent or (2) the issuer of a Reserve Fund Insurance Policy or Reserve Fund Letter of Credit defaults in its payment obligations thereunder or (3) the claims-paying ability of the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit does not equal at least a S&P "AA-" or Moody's "Aa3" or Fitch "AA-", the obligation to reimburse the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit shall be subordinate to the cash replenishment of the Reserve Account or subaccount therein.

(5) Annual Funding. There shall be next deposited to the Interest Account, the Principal Account and the Bond Amortization Account, in that order, sufficient moneys such that the amounts on deposit therein shall equal, respectively, the interest and principal (including any Amortization Installment) next coming due on all Outstanding Bonds during the current Bond Year.

(6) Unrestricted Revenue Account. (A) The balance of any moneys after the deposits described in paragraphs (1) through (5) above may be transferred, at the discretion of the District, to the Unrestricted Revenue Account or any other appropriate fund or account of the District and may be used for any lawful purpose. In the event moneys on deposit in the Interest Account, the Principal Account and the Bond Amortization Account on the third day prior to an Interest Date are not sufficient to pay the principal of and interest on the Bonds coming due at such Interest Date, the District shall transfer moneys from the Unrestricted Revenue Account to the appropriate Account of the Debt Service Fund to provide for such payment. Any moneys remaining in the Unrestricted Revenue Account on each Interest Date may be used for any lawful purpose.

The District, in its discretion may use moneys in the Principal Account and the Interest Account to purchase or redeem Bonds coming due on the next principal payment date, provided such purchase or redemption does not adversely affect the District's ability to pay the principal or interest coming due on such principal payment date on the Bonds not so purchased or redeemed.

No Funded Reserve Account

The Reserve Account Requirement for the Series 2024 Bonds is zero (\$0.00). As such, the Series 2024 Bonds will not be secured by any funds on deposit in the Reserve Account.

Additional Bonds

The District may issue one or more Series of Additional Bonds for any one or more of the following purposes: financing the Cost of a Project, or the completion thereof, or refunding any or all Outstanding Bonds or of any Subordinated Indebtedness of the District. No such Additional Bonds shall be issued unless the following conditions are complied with:

(A) Except as otherwise provided in paragraph (C) below, there shall have been obtained and filed with the Board a statement of the Chief Finance Officer: (1) stating that the books and records of the District relating to the Sales Tax Revenues have been reviewed by such officer; (2) setting forth the amount of the Sales Tax Revenues which have been received by the District during any twelve (12) consecutive months designated by the District within the eighteen (18) months immediately preceding the date of delivery of such Additional Bonds with respect to which such statement is made (which amounts need not be audited); and (3) stating that the amount of the Sales Tax Revenues received during the aforementioned 12-month period equals at least 1.35 times the Maximum Annual Debt Service on all Bonds then Outstanding and such Additional Bonds with respect to which such statement is made. Such report of the Chief Finance Officer may be partially based upon certification of certain matters related to the calculation of Maximum Annual Debt Service by the District's financial advisor.

(B) Each Supplemental Resolution authorizing the issuance of Additional Bonds will recite that all of the covenants contained in the Resolution applicable to the Additional Bonds, will be applicable to such Additional Bonds and shall require that the debt service requirements of such Additional Bonds be included in the determination of the Maximum Annual Debt Service for purposes of meeting the applicable Reserve Account Requirement, if any.

(C) In the event any Additional Bonds are issued for the purpose of refunding any Bonds then Outstanding, the conditions of paragraph (A) above shall not apply, provided that the issuance of such Additional Bonds shall not result in an increase of aggregate debt service in any Bond Year. The conditions of paragraph (A) above shall apply to Additional Bonds issued to refund Subordinated Indebtedness and to Additional Bonds issued for refunding purposes which cannot meet the conditions of this paragraph (C).

(D) The District shall not be in breach of the covenants and obligations assumed under the Resolution, and all payments required by the Resolution have been made into the funds and accounts, as provided therein, shall have been made to the full extent required.

Books and Records

The District will keep books and records of the receipt of the Sales Tax Revenues in accordance with generally accepted accounting principles and any Credit Facility Provider, Insurer or holder or holders of at least \$1,000,000 aggregate principal amount of Bonds shall have the right at all reasonable times to inspect the records, accounts and data of the District relating thereto.

Receipt of Sales Tax Revenues

The District covenants in the Resolution to do all things necessary or required on its part by the Act, or otherwise to maintain the levy, collection and receipt of the Sales Tax Revenues. The District will exercise all legally available remedies to enforce such levy, collection or receipt available under law. The District will not take any action or enter into any agreement that shall result in reducing the level of Sales Tax Revenues received by the District from that level prevailing at the time the District takes such action or entered into such agreement.

Investments

Moneys on deposit in the Project Fund, the Restricted Revenue Account and the Debt Service Fund shall be continuously secured in the manner by which the deposit of public funds are authorized to be secured by the laws of the State. Moneys on deposit in the Project Fund, the Restricted Revenue Account and the Debt Service Fund other than the Reserve Account, if any, may be invested and reinvested in Authorized Investments maturing not later than the date on which the moneys therein will be needed for the purposes of such Fund or Account. Moneys on deposit in the Reserve Account, if any, may be invested and reinvested in Authorized Investments which shall mature not later than the maturity date of the Series 2024 Bonds. All investments shall be valued at least annually at the current market value.

Any and all income received by the District from the investment of moneys in each account of the Project Fund, the Interest Account, the Principal Account, the Series 2024 Bond Amortization Account, the Restricted Revenue Account and the Reserve Account, if any (to the extent the amount on deposit therein is no less than the applicable Reserve Account Requirement, if any), shall be retained in such respective Fund, Account or subaccount; provided that amounts in the Reserve Account, if any, in excess of the applicable Reserve Account Requirement, if any, shall be transferred to the Interest Account.

Separate Accounts

The moneys required to be accounted for in the funds, accounts and sub-accounts established in the Resolution may be deposited in a single, non-exclusive bank account, and funds allocated to the various funds, accounts and subaccounts established in the Resolution may be invested in a common investment pool, provided that adequate accounting records are maintained to reflect and control the restricted allocation of the moneys on deposit therein and such investments for the various purposes of such funds, accounts and subaccounts as provided in the Resolution.

The designation and establishment of the various funds, accounts and subaccounts in and by the Resolution shall not be construed to require the establishment of any completely independent, self-balancing funds as such term is commonly defined and used in governmental accounting, but rather is

intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as provided in the Resolution.

BOND INSURANCE OPTION

Based on market conditions in existence at the time of pricing, the District will determine whether or not to purchase insurance on all of the Series 2024 Bonds, some of the Series 2024 Bonds or none of the Series 2024 Bonds. In the event the District deems it in its best interest to insure all or a portion of the Series 2024 Bonds, the scheduled payment of the principal of and interest on such insured Series 2024 Bonds when due will be guaranteed under the Bond Insurance Policy to be issued concurrently with the delivery of the Series 2024 Bonds. See "BOND INSURANCE RISK FACTORS" herein.

BOND INSURANCE RISK FACTORS

At pricing, the District will determine whether to provide for the Bond Insurance Policy for all, a portion or none of the Series 2024 Bonds. If the Bond Insurance Policy is purchased, the following are risk factors related to municipal bond insurance.

General

In the event of default of the payment of principal or interest with respect to the insured Series 2024 Bonds, if any, when all or some become due, any owner of the insured Series 2024 Bonds shall have a claim under the Bond Insurance Policy for such payments. However, in the event of any acceleration of the due date of such principal by reason of optional redemption or acceleration resulting from default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments are to be made in such amounts and at such times as such payments would have been due had there not been any such acceleration. The Bond Insurance Policy does not insure against redemption premium, if any. The payment of principal and interest in connection with optional redemption of the insured Series 2024 Bonds, if any, by the District, which is recovered by the District from the Bondholder as a voidable preference under applicable bankruptcy law is covered by the Bond Insurance Policy; however, such payments will be made by the Insurer at such time and in such amounts as would have been due absent such prepayment by the District unless the Insurer chooses to pay such amounts at an earlier date.

Under most circumstances, default of payment of principal and interest does not obligate acceleration of the obligations of the Insurer without appropriate consent. The Insurer may direct and must consent to any remedies and the Insurer's consent may be required in connection with amendments to the Resolution.

In the event the Insurer is unable to make payment of principal and interest as such payments become due under the Bond Insurance Policy, the insured Series 2024 Bonds are payable solely from the moneys received pursuant to the Resolution. In the event the Insurer becomes obligated to make payments with respect to the insured Series 2024 Bonds, no assurance is given that such event will not adversely affect the market price of the insured Series 2024 Bonds or the marketability (liquidity) for the insured Series 2024 Bonds.

The long-term ratings on the insured Series 2024 Bonds are dependent in part on the financial strength of the Insurer and its claims paying ability. The Insurer's financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that

the long-term ratings of the Insurer and of the ratings on the insured Series 2024 Bonds will not be subject to downgrade and such event could adversely affect the market price of the insured Series 2024 Bonds or the marketability (liquidity) for the insured Series 2024 Bonds. See "RATINGS" herein.

The obligations of the Insurer are contractual obligations and in an event of default by the Insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the District nor the Underwriters have made an independent investigation into the claims paying ability of the Insurer and no assurance or representation regarding the financial strength or projected financial strength of the Insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the District to pay principal and interest on the insured Series 2024 Bonds and the claims paying ability of the Insurer, particularly over the life of the investment. See "BOND INSURANCE OPTION" herein.

No Right of Insured Series 2024 Bondholders to Direct Remedies

Unless the Insurer is in default on its payment obligations under the Bond Insurance Policy, the Insurer is entitled to control and direct any of the rights or remedies with respect to the Series 2024 Bonds it insures. Upon the occurrence of an Event of Default under the Resolution, the Insurer may elect to redeem the maturities of all of the insured Series 2024 Bonds outstanding, in which case the principal of and interest on such insured Series 2024 Bonds shall become due and payable immediately. If the Insurer does not elect to redeem the maturities of the insured Series 2024 Bonds, the Insurer is obligated to continue to make payments to Series 2024 Bondholders in accordance with the original schedule of principal of and interest on such insured Series 2024 Bonds. However, the Insurer has no fiduciary responsibility to the Series 2024 Bondholders with respect to the direction of such remedies and has no obligation to preserve the exclusion from gross income for federal income tax purpose of amounts paid to Series 2024 Bondholders by the Insurer and designated as interest.

THE SERIES 2024 PROJECT

The Series 2024 Project consists of the acquisition, construction and installation of certain capital improvements and educational facilities within the District as may be financed by the Act. Pursuant to a resolution adopted on May 17, 2022, the Board identified approximately \$1.04 billion of capital improvement needs within the District to be funded from Sales Tax Revenues. The Board will apply the proceeds of the Series 2024 Bonds to a portion of the capital improvement program specified in such resolution, including the financing of capital improvements to Cypress Elementary School, West Zephyrhills Elementary School, Gulf Middle School and Pasco High School.

The District includes 90 schools (consisting of 49 elementary schools, 15 middle schools, 15 senior high schools, three specialized education facilities, one virtual, one vocational school, four combination schools and two contracted sites) and 14 charter schools which provide education for approximately 92,526 students in kindergarten through grade 12, exclusive of adult education programs, and inclusive of charter school students and Family Empowerment Scholarship students.

The Organization and Powers of the Board

The Board also has broad financial responsibilities, including approval of the annual budget, adoption of the school tax levy and the establishment of a system of accounting and budgetary controls. Academics

The Board offers students a complete range of instructional services ranging from basic and standard instructional programs to special programs for gifted children, a full complement of vocational educational programs at high schools and exceptional education for children with learning disabilities. The exceptional student education programs are available at different school sites. The District is the 10th largest school district in the State of Florida and the 49th largest in the nation.

The 49 elementary schools house kindergarten through the 5th grade. The 15 middle schools are comprised of grades 6 through 8. The 15 high schools include grades 9 through 12 as well as the vocational programs. Additionally, there are three specialized education centers, one virtual school, one vocational school, four combination schools and 14 charter schools in the District.

The elementary school program emphasizes basic skills including reading, writing, language arts, and mathematics. Balanced curriculum also includes instruction in science, computer literacy, health, social studies, art, music and physical education. These programs are designed to build a strong foundation and each child is required to attain very specific levels of achievement before promotion to the next grade.

The secondary school program begins with middle school curriculum centering on English, math, science, computer literacy, and social studies. Students are encouraged to begin developing their strengths and interests through electives such as art, music, foreign languages, and vocational exploratory programs.

High school programs are designed to meet the needs of the college bound as well as vocational students. All of the high schools are fully accredited by the State of Florida and Cognia, formerly known as AdvancEd, formerly the Southern Association of Colleges and Schools. Students who plan to continue their education into college may take a broad range of college preparatory courses as well as advanced placement and honors courses. The District offers International Baccalaureate curriculums as well as dual enrollment programs for students desiring to begin their college coursework early.

In addition to the educational programs offered to K-12 students, the District offers pre-kindergarten services including: programs for babies of teen parents who are progressing toward achieving high school diplomas; programs for special education for infants and toddlers below the age of three; pre-kindergarten programs for three and four year old disabled students; and programs for eligible low income, at-risk pre-school age children.

Retirement and Other Post-Employment Benefit Programs

Florida Retirement System. Essentially all regular employees of the District are eligible to enroll as members of the Florida Retirement System (the "FRS"). The FRS is a single retirement system administered by the Florida Department of Management Services ("DMS"), and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (the "FRS Pension Plan"), a Deferred Retirement Option Program (the "DROP"), a Retirement Health Insurance Subsidy Plan (the "HIS Plan"), and a defined-contribution plan, referred to as the Florida Retirement System Investment Plan (the "Investment Plan"). A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, information about the FRS's fiduciary net position, and other relevant information, is available from the DMS at: www.dms.myflorida.com.

FRS Pension Plan. The Florida Legislature establishes contribution rates for employers and employees participating in the FRS Pension Plan. The District's contributions (not including employee contributions) to the FRS Pension Plan for Fiscal Year 2023-24 totaled \$38,849,671 (unaudited), which was equal to the required contributions for such fiscal year. At June 30, 2024, the District reported a liability of \$321,794,071 (unaudited) for its proportionate share of the FRS Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The District's proportionate share of the net pension liability was based on the District's Fiscal Year 2022-23 contributions relative to the total Fiscal Year 2022-23 contributions of all participating members. As of June 30, 2023, the District's proportionate share was 0.8076% (unaudited), which was a decrease of 0.0609% (unaudited) from its

proportionate share of 0.8685% (unaudited) measured as of June 30, 2022. For Fiscal Year 2023-24, the District recognized the FRS Pension Plan pension expense of \$66,273,123 (unaudited). In addition, the District reported deferred outflows of resources of \$116,877,413 (unaudited) and deferred inflows of resources of \$15,922,716 (unaudited) related to the FRS Pension Plan.

HIS Plan. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. The District's contributions to the HIS Pension Plan totaled \$7,256,202 (unaudited) for Fiscal Year 2023-24. As of June 30, 2024, the District reported a net pension liability of \$175,182,527 (unaudited) for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within one (1) year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023, and updated procedures were used to determine the net pension liability as of June 30, 2023. The District's proportionate share of the net pension liability was based on the District's Fiscal Year 2022-23 contributions relative to the total Fiscal Year 2022-23 contributions of all participating members. At June 30, 2023, the District's proportionate share was 1.1031% (unaudited), which was a decrease of 0.0477% (unaudited) from its proportionate share measured as of June 30, 2022. For the Fiscal Year 2023-24, the District recognized pension expense of \$65,760,808 (unaudited) related to the HIS Plan. In addition, the District reported deferred outflows of resources of \$17,019,199 (unaudited) and deferred inflows of resources of \$21,020,869 (unaudited) related to the HIS Plan.

Investment Plan. The District contributes to the Investment Plan for its eligible employees electing to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The District's total contribution to the plan totaled \$21,462,856 (unaudited).

District Early Retirement Plan

As authorized by Section 1012.685, Florida Statutes, the Board implemented a Supplemental Early Retirement Plan (the "Plan"), effective July 1, 1983, and amended as of January 1, 1997. The Plan is a single-employer, defined benefit pension plan. The purpose of the Plan is to provide District employees who elect to retire under the early retirement provisions of the FRS described above, with a monthly benefit equal to the statutory reduction of the normal retirement benefits when early retirement precedes the normal retirement age of 62. Effective July 1, 1997, the amount of early retirement benefits for new participants ages 50 through 54 were reduced to a flat 35% of the FRS benefit, with this reduction phased in over a period of four years. In addition, the plan was amended effective June 1, 2011, to provide a one-time early retirement incentive payment for certain individuals who retired during the month. The payment was equal to 10% of annual salary to a maximum benefit of \$5,000. The Board administers the Plan assets in a pension trust fund and is responsible for their investment. The Board also acts as administrative agent for the Plan. This Plan has been frozen to new participants.

On January 20, 2015, the Board ratified a new contract with the union stating that effective June 30, 2018, no employee or retiree will be permitted to begin receiving an early retirement benefit. Any employee or retiree already receiving a benefit will continue to receive such benefit to which they are entitled. Based on an actuarial report as of July 1, 2023, there are 324 retirees and beneficiaries receiving benefits.

Costs of administering the Plan are financed through the Plan's resources (employer contributions and investment earnings). The District contributed \$350,393 (unaudited) to the Plan in Fiscal Year 2023-

24. All assets in the District's pension trust fund are legally required reserves. The Board has not designated these assets for any other purpose. Additional information regarding the retirement programs is included in Note II.E.3. to the audited financial statements for the Fiscal Year ended June 30, 2023 in APPENDIX B hereto.

On January 20, 2015, the Board approved a new investment policy for the Plan. The new investment policy allows for investments in equities as well as fixed income. The asset allocation target for the Plan is 39% Domestic Equity, 21% International Equity, and 40% Fixed Income.

As of June 30, 2023, the actuarial accrued liability for benefits of the Plan was \$15,582,590 and assets totaled \$13,097,658. Based on such figures, the Plan is 84% funded.

ALL POTENTIAL PURCHASERS OF THE SERIES 2024 BONDS SHOULD REVIEW NOTE II.E. OF THE NOTES TO THE BASIC FINANCIAL STATEMENTS AND REQUIRED SUPPLEMENTARY INFORMATION SET FORTH IN "APPENDIX B – EXCERPTED PAGES FROM THE ANNUAL COMPREHENSIVE FINANCIAL REPORT OF THE DISTRICT SCHOOL BOARD OF PASCO COUNTY, FLORIDA FOR THE FISCAL YEAR ENDED JUNE 30, 2023" ATTACHED HERETO. SUCH NOTE II.E. AND REQUIRED SUPPLEMENTARY INFORMATION CONTAIN DESCRIPTIONS OF THE PENSION PLANS AND MATERIAL FINANCIAL INFORMATION CONCERNING THE PLANS, INCLUDING BUT NOT LIMITED TO, INFORMATION REGARDING CONTRIBUTIONS, COSTS, FUNDED STATUS AND FUNDING PROGRESS.

Other Post-Employment Benefit Programs

In addition to its contributions under the retirement plans described above, the District provides other postemployment benefits ("OPEB") for certain of its retired employees in the form of an implicit rate subsidy by providing access to health insurance plans. The offering of this health insurance coverage is required by Section 112.0801, Florida Statutes. In addition, retirees are eligible to continue the District-sponsored term life insurance policy provided by the District.

In June 2015, the Governmental Accounting Standards Board issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions ("GASB No. 75"), effective for periods beginning after June 15, 2017, which replaces the requirements of GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. GASB No. 75 addresses accounting and financial reporting for OPEB provided to employees of state and local government employers; establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expenses; requires governments to report a liability, deferred outflows of resources, deferred inflows of resources, and expenses on the face of the financial statement for the OPEB that they provide; and requires more extensive note disclosures and supplementary information about their OPEB liability. GASB No. 75 was adopted by the District for the year ended June 30, 2018. The District's total OPEB liability reported at June 30, 2018 increased by \$1.1 million to \$108.1 million as of July 1, 2018, due to the transition in the valuation methods under GASB Statement No. 45 to GASB No. 75, and beginning balances for deferred outflows/inflows of resources were not restated.

The District has historically accounted for its OPEB contributions on a pay-as-you-go basis and the District currently plans to continue such pay-as-you-go funding of its OPEB contributions. As of the valuation date, June 30, 2023, there were 9,783 active employees and 1,716 retirees and beneficiaries of the District receiving post-employment benefits. The District made benefit payments toward the annual OPEB cost in the amount of \$5.3 million. The pay-as-you-go method of funding OPEB allows the District

to continue to pay only the current OPEB costs each Fiscal Year, but will produce a growing unfunded actuarial liability for the future. The net OPEB obligation was \$116.5 million (unaudited) at the end of Fiscal Year 2023-24.

Below are the details regarding the total OPEB liability from June 30, 2023 to June 30, 2024:

	Total OPEB Liability
Changes for the Fiscal Year:	
Service Cost	\$ 5,319,220
Interest on the Total OPEB Liability	3,724,371
Difference between Expected and Actual Experience	(10,077,180)
Changes in Assumptions and Other Inputs*	24,049,789
Benefit Payments	(4,329,901)
Net Change in Total OPEB Liability	<u>\$ 18,686,299</u>
Total OPEB Liability, Beginning	\$ 97,777,206
Total OPEB Liability, Ending	<u>\$ 116,463,505</u>

* Changes of assumptions and other inputs include the change in the discount rate from 3.69 percent in 2023 to 4.13 percent as in 2024.

Accounting and Funds

Pursuant to Section 11.45, Florida Statutes, the financial operations of the District are subject to annual audit. The District may use independent auditors two out of every three fiscal years with the Auditor General's office auditing the financial operations of the District once every three fiscal years. Audit responsibilities assigned to the Auditor General and/or an independent auditor include the presentation of an annual report on the District's financial statements, assessment of the adequacy of the District's control environment, and determination of the District's compliance with legal requirements.

Accounting policies conform with generally accepted accounting principles applicable to state and local governmental units. The financial statements include fund-basis financial statements and also government-wide financial statements prepared on the accrual basis of accounting that split the District's programs between governmental and business-type activities. The organization of the District's financial statements for Fiscal Year 2022-23 can be found in Note I to the audited financial statements of the District for the Fiscal Year ended June 30, 2023 attached hereto as Appendix B. For Fiscal Year 2022-23, the organization of such financial statements was as follows:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange

transactions, are reported separately from business-type activities, which rely to a significant extent on fees charged to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District governmental activities and for each segment of the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expenses are allocated to function/programs of the primary government.

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and the internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used and net residual amounts between governmental and business-type activities.

The fund financial statements provide information about the District's funds, including the proprietary funds and fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

General Fund – to account for all financial resources not required to be accounted for in another fund and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

Capital Projects – Other Fund – to account for the financial resources (e.g., certificates of participation, capital outlay, sales tax and financed purchases which are used for capital outlay needs) to be used for educational capital needs, including new construction and renovation and remodeling projects.

Special Revenue – Other Federal Programs Fund – to account for and report on certain Federal grant program resources.

Special Revenue – Federal Education Stabilization Fund – to account for certain Federal grant program resources provided as emergency relief to address the impact of COVID-19 on elementary and secondary schools.

The District reports the following major enterprise funds:

Enterprise Fund – After School Enrichment Program (ASEP) Fund – to account for the financial resources of the extended day program of the District.

Additionally, the District reports the following proprietary and fiduciary fund types:

- Enterprise Fund – Vending Program – to account for the operation of food and beverage machines throughout the District.
- Internal Service Funds – to account for the District's individual self-insurance programs.
- Pension Trust Fund – to account for resources used to finance the early retirement program.
- Private-Purpose Trust Fund – to account for resources of various scholarship funds that provide for medical benefits and educational support.
- Custodial Funds – to account for resources of the school internal funds, which are used to administer money collected at several schools in connection with school, student athletic, class and club activities.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the accrual basis of accounting, as are the proprietary funds and fiduciary funds financial statements. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied.

Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied. See APPENDIX B hereto.

Budget Process

State law requires the Board to advertise its intent to adopt a tentative budget, including a capital outlay budget, within 29 days following the County Property Appraiser's official certification of taxable property, which usually occurs on or about July 1. The Board holds a public hearing on the tentative budget and the proposed tax rates within five days of its advertisement and officially adopts the tentative budget and tax rates at the hearing. Thereafter, the County Property Appraiser prepares tax millage notices for property owners within the District. The final budget and tax rate are fixed on or before September 18 of each year following a final public hearing. In accordance with such requirements, the District prepared its tentative 2024-25 Fiscal Year budget, which was approved at a public hearing held on July 30, 2024. The final budget for the 2024-25 Fiscal Year was adopted by the Board on September 10, 2024.

The Superintendent is responsible for preparing the preliminary and tentative budgets for recommendation to the Board. Florida law requires the Board to adopt and maintain a balanced budget in which anticipated revenues combined with beginning fund balances equal appropriations. Generally, the final budget is substantially the same as the tentative budget since the Board's hiring plans and materials purchases have been determined before the final budget is adopted.

General Fund Operations

The Board's general fund revenues are derived from federal and State appropriations and local sources. The following table summarizes results of operations for the General Fund for the Fiscal Years ended June 30, 2022, 2023 and 2024, and the adopted budget for the Fiscal Year ending June 30, 2025.

General Fund Balance Guidelines

Section 1011.051, Florida Statutes, entitled "Guidelines for general funds" requires that if a school district's General Fund ending balance not classified as restricted, committed or nonspendable in the approved operating budget is projected to fall below three percent (3%) of projected General Fund revenues, the Superintendent shall provide written notification to the district school board and the Commissioner of Education. The section further requires that if the General Fund ending balance not classified as restricted, committed or nonspendable is projected to fall below two percent (2%) of projected General Fund revenues, the Superintendent shall provide written notification to the district school board and the Commissioner of Education. Within 14 days after receiving such notification of a balance below two percent (2%), if the Commissioner determines that the district does not have a plan that is reasonably anticipated to avoid a financial emergency as determined pursuant to Florida Statutes pertaining thereto, the Commissioner shall appoint a financial emergency board that may take certain delineated steps to assist a district school board in complying with the General Fund requirements. In Fiscal Year 2022-23, the District's General Fund ending balance not classified as restricted, committed or nonspendable was 19.0% of General Fund Revenues and in Fiscal Year 2023-24 was 20.0% (unaudited) of General Fund Revenues. For Fiscal Year 2024-25, the District's General Fund ending balance not classified as restricted, committed or nonspendable is budgeted to be 17.3% of General Fund Revenues. Notwithstanding the foregoing, the School Board strives to maintain an unassigned general fund balance equal to at least 5% of general fund expenditures, which typically equates to a higher reserve amount than required by Section 1011.51, Florida Statutes. For Fiscal Year 2023-24, the unassigned general fund balance was 6.6% (unaudited) of general fund expenditures.

RECENT GOVERNMENTAL ACTIONS AFFECTING DISTRICT REVENUES

Class Size Reduction

Article IX of the State Constitution was amended in 2002 by Amendment 9, which required that the State Legislature provide funding for sufficient classrooms so that class sizes could be reduced to certain constitutional class size maximums by the beginning of the 2010 school year. Amendment 9 and Sections 1003.03 and 1013.735, Florida Statutes, which implement Amendment 9, collectively, are referred to herein as the "Class Size Legislation."

The Class Size Legislation established constitutional class size maximums limiting students per class to no more than 18 for pre-kindergarten through 3rd grade, 22 for grades 4 through 8 and 25 for grades 9 through 12. Compliance is determined on a period-by-period basis.

The Class Size Legislation further creates an "Operating Categorical Fund for Class Size Reduction," the "Classroom for Kids Program," the "District Effort Recognition Grant Program" and the "Class Size Reduction Lottery Revenue Bond Program" to provide funding programs for capital outlays and operating expenditures necessary in relation to these mandated class size reductions.

The Class Size Legislation requires each school board to consider implementing various policies and methods to meet these constitutional class sizes, including encouraging dual enrollment courses, encouraging the Florida Virtual School, maximizing instructional staff, reducing construction costs, using joint-use facilities, implementing alternative class scheduling, redrawing attendance zones, implementing evening and multiple sessions and implementing year-round and non-traditional calendars.

Through Fiscal Year 2009-10, the District complied with the requirements of the Class Size Legislation, which was based on the average class size at each school. Beginning in Fiscal Year 2010-11,

the requirements were based on the number of students in each individual classroom and subsequently, schools that provided choice (e.g., charter, magnet, career and technical, etc.) continued to be required to meet average class size at each school. During the October 2023 Survey, which is when DOE determines compliance with class size maximums for Fiscal Year 2023-24, 100% of the District's classrooms were in compliance with the requirements of the Class Size Legislation. The District also expects to be in compliance with the class size maximums in Fiscal Year 2024-25.

Legislative Changes Relating to School Choice

During the State Legislature's 2016 Regular Session, the Florida Legislature enacted House Bill 7029 ("HB 7029"). Among other things, a parent whose child is not subject to a current expulsion or suspension order may seek enrollment in and transport his or her child to any public school in the State, including a charter school, which has not reached capacity. The school district or charter school shall accept and report the student for purposes of funding through the FEFP. The school district or charter school may provide student transportation at their discretion. HB 7029 requires the capacity determinations of each school district and charter school to be current and identified on their respective school websites. Each school must provide preferential treatment in its controlled open enrollment process to: (1) dependent children of active duty military personnel who moved as a result of military orders, (2) children relocated due to foster care placement in a different school zone, (3) children relocated due to a court ordered change in custody as a result of separation or divorce, or the serious illness or death of a parent, and (4) students residing in the school district. Students residing in the school district may not be displaced by a student from another school district. A student who transfers may remain at the school until the student completes the highest-grade level offered. This law took effect with the 2017-18 school year. At present, the impact of the school choice provisions of HB 7029 on the District's finances has been minimal.

HB 7029 also revised the method for enforcing compliance with the Class Size Legislation to clarify that for purposes of enforcing compliance, the calculation is based upon the statutory formula used to determine the reduction in class size categorical funding for noncompliance. At present, it is not anticipated that the Class Size Legislation compliance enforcement provisions of HB 7029 will have any significant impact on the District's finances.

House Bill No. 7045 ("HB 7045") was passed during the 2021 Florida legislative session and signed into law by the Governor. HB 7045 merges the State's school choice programs for certain disabled students, and expands eligibility for school voucher programs for low- and middle-income students and students subject to harassment, consolidates existing school-choice programs, increases the amount of State funding for the consolidated school-choice programs to \$200 million and allows the use of scholarship funds for private school tuition and other expenses such as tutoring, computers, and internet access. The new law took effect on July 1, 2021. If a significant number of eligible students transition to private schools, it is likely to have an adverse impact on the District's finances.

HB 1, which significantly expanded the eligibility criteria of the State's school voucher programs, was signed into law by Florida Governor Ron DeSantis on March 27, 2023. HB 1, among other things, expanded eligibility for the Florida Tax Credit Scholarship Program and the Family Empowerment Scholarship Program to any student that is a resident of Florida and is eligible to enroll in kindergarten through grade 12 in a public school. The Family Empowerment Scholarship Program is divided into three programs, the Family Empowerment Scholarship for students attending private schools (the "FES-EO"), the Family Empowerment Scholarship for students with disabilities (the "FES-UA") and the Hope Scholarship Program. HB 1 significantly increased the number of Florida Tax Credit Scholarships that may be awarded each year, and then removed the limits beginning in 2027-28. HB 1, in combination with House Bill 3C which was signed into law and became effective on November 13, 2023, removed the existing limits on the number of FES-EO scholarships that may be given each year. HB 1 also provided that the amount

of the Family Empowerment Scholarship is equal to 100% of the school district's FEFP funding per student, including most categorical grants. HB 1 authorized uses of scholarship funds include, among other authorized expenses, tuition and fees for a student to attend eligible private schools. HB 1 took effect on July 1, 2023. House Bill 1403 ("HB 1403") was passed during the 2024 regular Florida legislative session and, among other things, expands eligibility for the Florida Tax Credit Scholarship Program and the Family Empowerment Scholarship Program to include the dependent children of active duty members of the United States Armed Forces who meet certain residency requirements, increases the FES-UA cap from three percent to five percent and repeals the scholarship funding portion of the Hope Scholarship Program. HB 1403 took effect on July 1, 2024. The expansion of the school choice programs in the State could potentially lead to a substantial increase in the number of Florida Tax Credit Scholarships and/or Family Empowerment Scholarship recipients. If a significant number of eligible students in the District transition to private schools or other scholarship eligible programs, it is likely to have an adverse impact on the District's finances. See "RISK FACTORS - State Revenues" herein.

Public Safety Mandate

In 2018, the Florida Legislature passed Senate Bill 7026 ("SB 7026") which, among other things, includes provisions designed to: enhance school safety policies, procedures, and personnel at the State and local level; improve and expand mental health services; and revise laws and empower law enforcement and the courts to limit access to firearms by young adults or by individuals exhibiting a risk of harming themselves or others. Specifically, SB 7026 requires each school board and superintendent to partner with law enforcement agencies to establish or assign one or more safe-school officers at each school facility within the district by implementing any combination of the following options: (a) establish school resource officer programs through cooperative agreements with law enforcement agencies; (b) commission one or more school safety officers for the protection and safety of school personnel, property, and students within the school district; (c) at a school district's discretion, and if established by the sheriff's office, participate in the Guardian Program, which allows certain school employees (but not employees who exclusively perform classroom duties as classroom teachers) to carry a firearm on school grounds if such employee volunteers and completes the statutorily required training. During the 2019 Legislative session, the State Legislature passed CS/CS/SB 7030 ("SB 7030") which among other things, removes the prohibition on individuals who perform exclusively classroom duties as a teacher from participating in the guardian program. However, the decision to allow teachers to be armed guardians remains with each individual school board. The Superintendent and members of the Board have publicly voiced their opposition to arming teachers in the District. The Board has entered into contracts with the Pasco County Sheriff's Office and other local law enforcement agencies to provide school resource officers at each District operated secondary school. Additionally, the District hired School Safety Guards to provide coverage at District elementary schools. The estimated cost to the District for Fiscal Year 2023-24 was approximately \$7.4 million.

RISK FACTORS

EACH PURCHASER OF THE SERIES 2024 BONDS IS SUBJECT TO CERTAIN RISKS. EACH PROSPECTIVE INVESTOR IN THE SERIES 2024 BONDS IS ENCOURAGED TO READ THIS OFFICIAL STATEMENT IN ITS ENTIRETY. PARTICULAR ATTENTION SHOULD BE GIVEN TO THE FACTORS DESCRIBED BELOW WHICH, AMONG OTHERS, COULD AFFECT THE MARKET PRICE OF THE SERIES 2024 BONDS TO AN EXTENT THAT CANNOT BE DETERMINED.

Fluctuations in Sales Surtax Revenues

The amount of Sales Surtax revenues distributed to the Board is subject to increase or decrease due to various factors which may be beyond the control of the Board or the Series 2024 Bondholders and which may have a material adverse impact on the amount of Sales Surtax revenues distributed to the District. Such factors include: (i) increases or decreases in the dollar volume of sales within the County subject to the Sales Surtax, and (ii) legislative changes relating to the Sales Surtax, which may include changes in the scope of taxable sales.

On June 21, 2018, the United States Supreme Court in *South Dakota v. Wayfair, Inc., et al.* held that states can require retailers to collect sales tax on internet sales regardless of whether they maintain a physical presence in the state. In that particular case, the South Dakota legislation required the collection of sales tax by out-of-state retailers with \$100,000 or more in sales or 200 or more individual transactions in South Dakota in a year. During the 2020 Florida Legislative Session, legislation was introduced, but not enacted, requiring the collection and remittance of sales tax by out-of-state retailers. A similar bill was passed in the 2021 Florida Legislative Session and took effect on July 1, 2021. The District is unable to predict at this time the full impact of this legislation on the collection of sales tax from out-of-state retailers.

In addition, the amount of Sales Surtax revenues distributed to the Board may be negatively impacted by general economic and other conditions, including, but not limited to, changes in population, changes in the price of taxable sales and uses, global conflicts, economic recession, terrorist attacks, pandemics, or active hurricane seasons in Florida. Such events are unpredictable and may affect the collection of the Sales Surtax. See also, "- State Revenues" and "- Coronavirus (COVID-19)" below.

Construction Cost Maximums

Section 1013.64(6)(b), Florida Statutes, prohibits a district school board from using funds from any sources (including the Sales Surtax and school impact fees) for new construction of educational plant space with a total cost per student station, including change orders, greater than the amounts set forth in Section 1013.64(6)(b)1., Florida Statutes, as adjusted. However, as of July 1, 2019, if the new construction of educational plant space is subject to a lease-purchase agreement entered into pursuant to Section 1011.71(2)(e), Florida Statutes, a district school board (i) may use certain local funding sources (including the Sales Surtax, school impact fees, and voter approved ad valorem taxes, in each case if legally available for such purpose) to pay for the new construction of educational plant space, and (ii) may, but is not required to, use capital outlay millage revenues and certain state funding sources to pay for the portion of the cost for new construction of educational plant space which does not exceed the total cost per student station requirements or for certain other costs that are not included in cost per student station calculation (such as legal and administrative costs, site improvement costs and school security hardening/capital costs).

HB 1, which was signed into law by Florida Governor Ron DeSantis on March 27, 2023, provides that, among other things, an unfinished construction project for new construction of educational plant space that was started on or before July 1, 2026, is exempt from the cost per student station limits of Section 1013.64(6)(b)1., Florida Statutes. CS/SB 7002, which was passed during the 2024 regular Florida legislative session, provides that the exemption from the maximum cost per student station limits be extended to construction projects that start on or before July 1, 2028. The Series 2024 Project is a project for new construction of educational plant space that will commence prior to July 1, 2028. **As such, the maximum cost per student station limits of Section 1013.64(6)(b)1., Florida Statutes, do not apply to the Series 2024 Project and the Series 2024 Project is exempt from the cost per student station limits of Section 1013.64(b)(6)1., Florida Statutes.**

Legislative Changes

In recent years, legislation has been introduced that required certain percentages of school district funding be spent on particular activities and imposed additional funding restrictions and other requirements on school districts. Many proposals have sought to provide for new or increased exemptions to ad valorem taxation, limit increases in assessed valuation of certain types of property or otherwise restrict the ability of local governments in the State to levy ad valorem taxes at historical levels. Other proposals have sought to restrict the ability of local governments to use certain revenues for payment of debt service, to provide for additional procedures and notices in order to issue tax-supported debt or to require the sharing of local revenues with charter schools. There can be no assurance that similar or additional legislative or other proposals will not be introduced or enacted in the current legislative session or in the future that would, or might apply to, or have a material adverse effect upon, the District or its finances.

State Revenues

A large portion of the District's funding is derived from State sources. A significantly large percentage of such State revenues is generated from the levy of the State sales tax. The amounts budgeted for distribution from the State to the District are subject to change in the event that projected revenues are not realized.

On June 12, 2024, Governor Ron DeSantis approved the State education budget for State Fiscal Year 2024-25, which commenced July 1, 2024, providing for an approximately \$1.8 billion or 6.73% increase in State and local FEFP funding for K-12 public schools over State Fiscal Year 2023-24, reflecting a per-pupil increase of approximately \$240 per student or 2.75% over Fiscal Year 2023-24. The adopted education budget allocates approximately \$2.2 billion for funding of the State's expanded voucher/scholarship programs pursuant to HB 1 as part of State FEFP funding. See "RECENT GOVERNMENTAL ACTIONS AFFECTING DISTRICT REVENUES – Legislative Changes Relating to School Choice" herein. However, such funds will be withheld from each school district's FEFP distributions based on the forecasted scholarship students for each school district. For the District, the estimated amount to be withheld is approximately \$51.2 million. Based upon the approved budget, the estimated increase for the District is approximately \$56.0 million (inclusive of charter school students and voucher/scholarship students) in State and local FEFP funds over Fiscal Year 2023-24. However, there can be no assurance that funding for K-12 public schools will increase exactly as provided for in the approved budget.

Climate Change

Numerous scientific studies on climate change show that, among other effects on the global ecosystem, sea levels may rise, extreme temperatures may become more common, and extreme weather events may become more frequent as a result of increasing global temperatures attributable to atmospheric pollution. Sea levels may continue to rise in the future due to the increasing temperature of the oceans causing thermal expansion and growing ocean volume from glaciers and ice caps melting into the ocean. Coastal areas like the District are at risk of substantial flood damage over time, affecting private development and public infrastructure, including roads, utilities, emergency services, schools, and parks. As a result, the District could lose considerable tax revenues and many residents, businesses, and governmental operations along the waterfront could be displaced. However, the District is unable to predict whether sea level rise or other impacts of climate change or flooding from a major storm will occur, when they may occur, and if any such events occur, whether, they will have a material adverse effect on the business operations or financial condition of the District. Additionally, climate change concerns have led, and may continue to lead, to new laws and regulations at the federal and state levels (including but not limited to air, water, hazardous substances and waste regulations) that could have a material adverse effect on the operations and/or financial condition of the District.

Natural Disasters

The State is naturally susceptible to the effects of extreme weather events and natural disasters including floods, droughts, tornadoes and hurricanes, which could result in negative economic impacts on communities including the District. Such effects can be exacerbated by a longer-term shift in the climate over several decades (commonly referred to as climate change as described in the preceding paragraph), including increasing global temperatures and rising sea levels. The occurrence of such extreme weather events could damage local infrastructure that provides essential services to the District. The economic impacts resulting from such extreme weather events could include a loss of revenue, interruption of service, and escalated recovery costs.

On September 26, 2024, Hurricane Helene made landfall near Perry, Florida as a Category 4 storm with maximum sustained winds of 140 miles per hour. Based on preliminary damage assessments, the District did not suffer major damage to any of its schools or other sites as a result of Hurricane Helene. However, one school site and one ancillary site sustained minimal damage as a result of storm surge and such facilities are currently not operational. The District expects the school site to reopen in the near future. The timeline for reopening of the ancillary facility cannot be determined at this time as the facility is located on the coastal area of the County.

Coronavirus (COVID-19)

The Novel Coronavirus 2019 ("COVID-19") pandemic, along with various governmental measures taken to protect public health in light of the pandemic, has had an adverse impact on global financial markets and economies, including financial markets and economic conditions in the United States. The impact of the COVID-19 pandemic on the U.S. economy has been broad based and negatively impacted national, state and local economies. On March 13, 2020, then-President Trump, declared a "national emergency," which, among other effects, allows the executive branch to disburse disaster relief funds to address the COVID-19 pandemic and related economic dislocation.

The State's finances were expected to be adversely affected by the continued spread of COVID-19, the various governmental actions in response thereto and changes in the behavior of businesses and people. The State derives a significant portion of its annual revenues from the collection of sales tax. The impact of COVID-19 was expected to result in significant decreases in state and local sales tax revenues as a result of decreased tourism and commercial activity throughout the State, but sales tax revenue has generally rebounded to pre-pandemic levels. The District currently cannot predict what impact this will have on the level of State funding the District receives or on the District's collection of local revenues, including Sales Surtax revenues, or its credit rating. In anticipation of potential budget reductions or State funding proration, the District implemented cost containment measures during Fiscal Year 2020, which resulted in savings from the closure of school facilities and some minor savings on fuel and utilities. Notwithstanding the foregoing, no State budget reductions took place in Fiscal Years 2021-22, 2022-23, 2023-24 and none are expected for Fiscal Year 2024-25. See "– State Revenues" above and "RATINGS" herein.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law. Among other provisions, the CARES Act created an Education Stabilization Fund to support K-12 schools and colleges and universities during the COVID-19 outbreak. The Educational Stabilization Fund includes a total of \$30.75 billion in relief divided into three separate pools: (1) funds to K-12 schools; (2) funds to higher education; and (3) funds to governors. Florida received approximately \$873.8 million in funds for K-12 schools, approximately \$770.2 million in funds for higher education and approximately \$173 million in funds to the Governor for use as grants to local educational agencies. Funds for K-12 schools were distributed to school districts and charter schools based on their share of Title I-A funds. To date, the District has received approximately \$17.9 million of such CARES Act funds. However,

such funds are also required to be shared with charter schools in the County. Funds to local districts can be used for coronavirus-response activities, such as planning for and coordinating during long-term school closures, purchasing educational technology to support online learning for all students, and additional activities authorized by federal elementary and secondary education laws. Funds in the Governor's Education Relief Fund can be used at the Governor's discretion to provide emergency support grants to K-12 schools, colleges and universities and childcare/early education providers. The CARES Act requires that any entity that receives funds from the education stabilization fund must continue to pay its employees and contractors to the extent practicable during the period of any disruptions or closures related to coronavirus. The District cannot currently predict the full impact of the CARES Act on the District's operations.

On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (the "CRRSA") was signed into law. Among other provisions, the CRRSA created a second Education Stabilization Fund ("ESSER II") to support K-12 schools and colleges and universities during the COVID-19 outbreak. Funds for elementary and secondary public schools were allocated to each state as a grant and each state is required to allocate at least 90% of such funds as sub-grants to local education agencies (including charter schools classified as local education agencies) in the state based upon their share of Title I-A funds. The ESSER II Fund includes a total of \$81.88 billion in relief. Florida is expected to receive approximately \$2.82 billion in ESSER II funds for use as sub-grants to K-12 schools. The District received approximately \$62.0 million in ESSER II funds for use through September 30, 2023. However, such funds are also required to be shared with charter schools in the County. Funds to local districts can be used for coronavirus-response activities, such as planning, coordinating and implementing activities during long-term school closures, purchasing educational technology to support online learning for all students, addressing learning loss, school repairs and improvements to reduce risk of virus transmission and additional activities authorized by federal elementary and secondary education laws. The District cannot currently predict the full impact of the CRRSA on the District's operations.

On March 11, 2021, President Biden signed The American Rescue Plan Act of 2021 (the "Rescue Act") into law to address the impacts of COVID-19. The Rescue Act, among other things, provides (1) \$123.8 billion in emergency relief funds to elementary and secondary public schools (including an estimated \$7 billion for Florida), (2) \$2.75 billion in emergency assistance to non-public schools and (3) \$39.6 billion in emergency relief for higher education. Funds for elementary and secondary public schools will be allocated to each state as a grant and each state is required to allocate at least 90% of such funds as sub-grants to local education agencies (including charter schools classified as local education agencies) in the State based upon the share of Title I-A funds. Under the Rescue Act, at least 20% of the funds allocated to local education agencies must be used to address learning loss. School districts may use the remaining funds for certain activities specified in the Rescue Act to help schools reopen safely, including repairing ventilation systems, reducing class size to ensure social distancing and purchasing personal protective equipment. Each state is required to grant allocations of such funds within 60 days of receipt, and such funds shall remain available for allocation through September 30, 2023. The District received, or expects to receive, approximately \$140.3 million in Rescue Act funds.

Due to the evolving nature of the outbreak and federal, State and local responses thereto, the long-term impacts of the COVID-19 crisis are unknown and dependent on factors such as the length of any shutdown or partial inaccessibility of school facilities, the extent to which the faculty and staff or the student population is directly affected and is unable to attend class, teach or provide services, and the impact on the economy as a whole within the State. While the District saw increased costs associated with the reopening of District schools, including an increase in operational costs incurred to implement distance learning strategies, to provide students and staff with personal protective equipment and to clean, sanitize and maintain its facilities, such increased costs were offset with CARES Act funds, CRRSA funds, Rescue Act funds or other federal funds in combination with the District's cost containment measures that have been in

place since late in Fiscal Year 2019-20. At this time, the Board cannot predict with certainty the impacts of the outbreak on the District's revenues for the 2024-25 Fiscal Year and beyond, including whether there will be a reduction in State funding, a decline in student enrollment, a reduction in taxable assessed values of properties in the District, or a reduction in ad valorem tax collections.

Cybersecurity

Computer networks and systems used for information transmission and collection are vital to the efficient operations of the District. District systems provide support to departmental operations and District services by collecting and storing sensitive information, including intellectual property, security information, proprietary business process information, information regarding suppliers and business partners, and personally identifiable information of students and employees (collectively, "Computer Information"). The secure processing, maintenance and transmission of Computer Information is critical to effective departmental operations and the appropriate provision of services. Increasingly, governmental entities are being targeted by cyber-attacks seeking to obtain Computer Information or disrupt critical services. A rapidly changing cyber risk landscape may introduce new vulnerabilities that attackers and hackers can exploit in their efforts to effect breaches or service disruptions. Employee error and/or malfeasance may also contribute to a loss of Computer Information or other system disruptions. The District has next generation firewalls with unified threat management features enabled which include firewall, application control, web filter, and intrusion detection and prevention. Cyber security operations are handled internally. The District has had cyber security events where certain individual credentials were compromised within the last three years. Such situations were mitigated immediately and process improvements were implemented to prevent future issues. There is a mandatory Security and Privacy Awareness training that all District employees must take to educate users regarding cyber security threats and ways to avoid becoming a victim as well as learn about protections in place through the District and ways to minimize vulnerabilities both at work and at home.

While District cybersecurity and operational safeguards are periodically tested, no assurances can be given that such measures will ensure against all cybersecurity threats or attacks. Cybersecurity breaches could damage or compromise the District's computer network and the confidentiality, integrity, or availability of the District's computer system or the Computer Information. The potential disruption, access, modification, disclosure or destruction of Computer Information could result in the interruption of District services, the initiation of legal claims or proceedings, liability under laws that protect the privacy of personal information, regulatory penalties, and could cause a material disruption in the District's operations or the appropriate provision of District services. The costs of remedying any such damage or protecting against future attacks could be substantial and in excess of the maximum amount of the District's cyber risk insurance policy. Further, the litigation to which the District could be exposed following a cybersecurity breach could be significant, which could cause the District to incur material costs related to such legal claims or proceedings.

LEGAL MATTERS

Certain legal matters in connection with the issuance of the Series 2024 Bonds are subject to an approving legal opinion of George A. Smith PLLC, Tallahassee, Florida, Bond Counsel, whose approving opinion (a form of which is attached hereto as APPENDIX E) will be available at the time of delivery of the Series 2024 Bonds. Certain legal matters will be passed on for the District by Paul M. Meeker, P.A., Dade City, Florida, Counsel to the Board, and Nabors, Giblin & Nickerson, P.A., Tampa, Florida, Disclosure Counsel to the District. Certain legal matters will be passed upon for the Underwriters by Greenberg Traurig, P.A., Miami, Florida, as counsel to the Underwriters.

Bond Counsel has not been engaged to, nor has it undertaken to, review (1) the accuracy, completeness or sufficiency of this Official Statement or any other offering material relating to the Series 2024 Bonds except as may be provided in a supplemental opinion of Bond Counsel to the Underwriters (as to which only they may rely) of the Series 2024 Bonds relating to the accuracy of certain statements contained herein under the heading "TAX MATTERS" and certain statements which summarize provisions of the Resolution and the Series 2024 Bonds, (2) the compliance with any federal or state law with regard to the sale or distribution of the Series 2024 Bonds.

LITIGATION

Concurrently with the delivery of the Series 2024 Bonds, Counsel to the Board will deliver an opinion which states, among other things, that there is no litigation or other proceedings pending or, to the best knowledge of the Board, threatened against the Board (1) that seeks to restrain or enjoin the issuance or delivery of the Series 2024 Bonds or (2) questioning or affecting the validity of the Series 2024 Bonds or any proceedings or actions of the Board with respect to the authorization, sale, execution or issuance of the Series 2024 Bonds or the transactions contemplated by this Official Statement or the Resolution or any other agreement or instrument to which the Board is a party in connection therewith and which is used or contemplated for use in the transactions contemplated by this Official Statement or (3) questioning or affecting the creation, organization or existence of the Board and which would have an adverse effect on the actions taken by the Board with respect to the issuance of the Series 2024 Bonds.

The Board experiences claims, litigation, and various legal proceedings which individually are not expected to have a material adverse effect on its operations or financial condition, but may, in the aggregate, have a material impact thereon. There is no litigation, claim or series of claims currently pending, or, to the best knowledge of the Board, threatened that would have a material adverse consequence on the financial condition of the District.

DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS

Section 517.051, Florida Statutes, and the regulations promulgated thereunder require that the Board make full and fair disclosure of any Series 2024 Bonds or other debt obligations of such entity that have been in default as to payment of principal or interest at any time after December 31, 1975. The Board is not and has not since December 31, 1975, been in default as to payment of principal and interest on its Series 2024 Bonds or other debt obligations.

TAX MATTERS

General

The Code establishes certain requirements which must be met subsequent to the issuance of the Series 2024 Bonds in order that interest on the Series 2024 Bonds be and remain excluded from gross income for purposes of federal income taxation. Non-compliance may cause interest on the Series 2024 Bonds to be included in federal gross income retroactive to the date of issuance of the Series 2024 Bonds, regardless of the date on which such non-compliance occurs or is ascertained. These requirements include, but are not limited to, provisions which prescribe yield and other limits within which the proceeds of the Series 2024 Bonds and the other amounts are to be invested and require that certain investment earnings on the foregoing must be rebated on a periodic basis to the Treasury Department of the United States. The District has covenanted in the Resolution with respect to the Series 2024 Bonds to comply with such

requirements in order to maintain the exclusion from federal gross income of the interest on the Series 2024 Bonds.

In the opinion of Bond Counsel, the form of which is attached hereto as APPENDIX E, assuming compliance with certain covenants, under existing laws, regulations, judicial decisions and rulings, interest on the Series 2024 Bonds is excluded from gross income for purposes of federal income taxation and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals; however, interest on the Series 2024 Bonds may be included in the adjusted financial statement income of certain "applicable corporations."

Except as described above, Bond Counsel will express no opinion regarding other federal income tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of Series 2024 Bonds. Prospective purchasers of Series 2024 Bonds should be aware that the ownership of Series 2024 Bonds may result in collateral federal income tax consequences, including (i) the denial of a deduction for interest on indebtedness incurred or continued to purchase or carry Series 2024 Bonds; (ii) the reduction of the loss reserve deduction for property and casualty insurance companies by fifteen percent (15%) of certain items, including interest on Series 2024 Bonds; (iii) the inclusion of interest on Series 2024 Bonds in earnings of certain foreign corporations doing business in the United States for purposes of the branch profits tax; (iv) the inclusion of interest on Series 2024 Bonds in passive income subject to federal income taxation of certain Subchapter S corporations with Subchapter C earnings and profits at the close of the taxable year; and (v) the inclusion of interest on Series 2024 Bonds in "modified adjusted gross income" by recipients of certain Social Security and Railroad Retirement benefits for the purposes of determining whether such benefits are included in gross income for federal income tax purposes.

As to questions of fact material to the opinion of Bond Counsel, Bond Counsel will rely upon representations and covenants made on behalf of the District, certifications of appropriate officers and certifications of public officials (including certifications as to the use of proceeds of the Series 2024 Bonds and of the property financed or refinanced thereby), without undertaking to verify the same by independent investigation.

PURCHASE, OWNERSHIP, SALE OR DISPOSITION OF THE SERIES 2024 BONDS AND THE RECEIPT OR ACCRUAL OF THE INTEREST THEREON MAY HAVE ADVERSE FEDERAL TAX CONSEQUENCES FOR CERTAIN INDIVIDUAL AND CORPORATE BONDHOLDERS, INCLUDING, BUT NOT LIMITED TO, THE CONSEQUENCES DESCRIBED ABOVE. PROSPECTIVE BONDHOLDERS SHOULD CONSULT WITH THEIR TAX SPECIALISTS FOR INFORMATION IN THAT REGARD.

Information Reporting and Backup Withholding

Interest paid on tax-exempt obligations such as the Series 2024 Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the Series 2024 Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of Series 2024 Bonds, under certain circumstances, to "backup withholding" at the rate specified in the Code with respect to payments on the Series 2024 Bonds and proceeds from the sale of Series 2024 Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of Series 2024 Bonds. This withholding generally applies if the owner of Series 2024 Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnished the payor an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a

certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the Series 2024 Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

Other Tax Matters

During recent years, legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the Series 2024 Bonds. In some cases, these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar to the Series 2024 Bonds. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the Series 2024 Bonds and their market value. No assurance can be given that legislative proposals will not be enacted that would apply to, or have an adverse effect upon, the Series 2024 Bonds.

Prospective purchasers of the Series 2024 Bonds should consult their own tax advisors as to the tax consequences of owning the Series 2024 Bonds in their particular state or local jurisdiction and regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

Tax Treatment of Original Issue Discount

Under the Code, the difference between the maturity amount of the Series 2024 Bonds maturing on October 1 in the years 20__ through 20__, inclusive (collectively as such, the "Discount Bonds"), and the initial offering price to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price a substantial amount of the Discount Bonds of the same maturity and, if applicable, interest rate, was sold is "original issue discount." Original issue discount will accrue over the term of the Discount Bonds at a constant interest rate compounded periodically. A purchaser who acquires the Discount Bonds in the initial offering at a price equal to the initial offering price thereof to the public will be treated as receiving an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he or she holds the Discount Bonds, and will increase his or her adjusted basis in the Discount Bonds by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or disposition of the Discount Bonds. The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of the Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Owners of Series 2024 Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, redemption or other disposition of the Discount Bonds and with respect to the state and local tax consequences of owning and disposing of the Discount Bonds.

Tax Treatment of Bond Premium

The difference between the principal amount of the Series 2024 Bonds maturing on October 1 in the years 20__ through 20__, inclusive (collectively, the "Premium Bonds") and the initial offering price to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at which price a substantial amount of such Premium Bonds of the same maturity and, if applicable, interest rate, was sold constitutes to an initial purchaser amortizable bond premium which is not deductible from gross income for federal income tax purposes. The amount of amortizable bond premium for a taxable year is determined actuarially on a constant interest rate basis over

the term of each of the Premium Bonds, which ends on the earlier of the maturity or call date for each of the Premium Bonds which minimizes the yield on such Premium Bonds to the purchaser. For purposes of determining gain or loss on the sale or other disposition of a Premium Bond, an initial purchaser who acquires such obligation in the initial offering is required to decrease such purchaser's adjusted basis in such Premium Bond annually by the amount of amortizable bond premium for the taxable year. The amortization of bond premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning such Premium Bonds. Owners of Premium Bonds are advised that they should consult with their own tax advisors with respect to the state and local tax consequences of owning such Premium Bonds.

RATINGS

Moody's Ratings ("Moody's") and Fitch Ratings ("Fitch") have assigned ratings of "Aa3" (stable outlook) and "AA" (stable outlook) respectively, to the Series 2024 Bonds. The ratings and outlook reflect only the views of said rating agencies and an explanation of the ratings and outlook may be obtained only from said rating agencies. There is no assurance that such ratings or outlook will continue for any given period of time or that they will not be lowered or withdrawn entirely by the rating agencies, or any of them, if in their judgment, circumstances so warrant. A downward change in or withdrawal of any of such ratings or outlook may have an adverse effect on the market price of the Series 2024 Bonds. An explanation of the significance of the ratings and outlook can be received from the rating agencies.

The Board has retained PFM Financial Advisors LLC, Orlando, Florida, as financial advisor in connection with the Board's financing plans and with respect to the authorization and issuance of the Series 2024 Bonds. The Financial Advisor is not obligated to undertake and has not undertaken to make an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information contained in the Official Statement. The Financial Advisor did not participate in the underwriting of the Series 2024 Bonds.

ENFORCEABILITY OF REMEDIES

The remedies available to the owners of the Series 2024 Bonds upon an event of default under the Resolution are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including specifically the federal bankruptcy code, the remedies specified by the Resolution and the Series 2024 Bonds may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series 2024 Bonds (including Bond Counsel's approving opinion) will be qualified, as to the enforceability of the remedies provided in the various legal instruments, by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery.

CONTINUING DISCLOSURE

Pursuant to the Disclosure Dissemination Agent Agreement, the Board has agreed and undertaken for the benefit of Series 2024 Bondholders and in order to assist the Underwriters in complying with the continuing disclosure requirements of Rule 15c2-12 of the Securities Exchange Commission (the "Rule") to provide certain financial information and operating data relating to the Board and the Series 2024 Bonds in each year (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events. GENERAL INFORMATION RELATING TO PASCO COUNTY, FLORIDA

[THIS PAGE INTENTIONALLY LEFT BLANK]

GENERAL INFORMATION RELATING TO PASCO COUNTY, FLORIDA

The following information concerning Pasco County, Florida (the "County"), is included only for purposes of supplying general information regarding the area.

Location, Area and Climate

The County is a 745 square mile area located centrally on the west coast of Florida, 200 miles south of the State capital of Tallahassee and 300 miles northwest of Miami. The County is approximately 30 miles northwest of the City of Tampa, and approximately 45 miles north of the City of St. Petersburg. It is part of a nine county region referred to as the "Nature Coast" and contains a mix of suburban and rural communities. The County was established in 1887. Within its borders there are six municipalities: the cities of San Antonio, St. Leo, Zephyrhills, Port Richey, Dade City, and New Port Richey. There are also several smaller unincorporated communities such as Darby, Holiday, Hudson, Land O' Lakes, Trinity, and Wesley Chapel.

The County is primarily a retirement and tourist area but construction, retail trade, service industries, agriculture and manufacturing play an increasingly active part in the community's financial status. Farming has always been important to the economy of the County. Farming is diversified largely because of the variety of suitable soils. The number of farms has decreased during recent years as development has increased. The County's economy is driven by retirees with more than half of the workforce employed in the retail trade and service industries.

The County's climate is one of the primary attributes that attracts its tourists and retirees. Average January temperatures are 71 degrees for the high and 48 degrees for the low. Average July temperatures are 92 degrees for the high and 72 degrees for the low. Average annual rainfall is 53 inches.

County Government

The County has a five-member Board of County Commissioners (the "County Board") elected for staggered terms of four years. The Chairman and the Vice Chairman are elected by the County Board. The County Board apportions and levies County taxes and controls the expenditure off all County funds, except for schools, which are controlled by the District School Board of Pasco County. The budget year of the County runs from October 1 to the following September 30. Operating revenue is raised mainly from ad valorem real and personal property taxes, with supplements from state and federal sources for county roads, welfare and health. The County Board operates the county road system and has the power to establish, build, maintain, repair, protect and preserve these facilities. The County may issue bonds for all lawful purposes. The County Board correlates and is responsible for various types of elections in the County. Other elected officials serving

county-wide are the five-member School Board, a Superintendent of Schools, a Property Appraiser, a Tax Collector, a Supervisor of Elections, a Sheriff and a Clerk of the Circuit Court who is also ex officio Clerk of the County Board. The County Board appoints a County Administrator who serves at its pleasure.

Population

The primary factor influencing population growth in the County is migration from within the State as well as out of State. The concentration of population within the County is weighted toward the western coastal areas which are typified by suburban residential neighborhoods. The eastern portion of the County is more rural, with farming and ranching being more representative, although development is increasing.

The age distribution in the County is similar to that of Florida but differs significantly with that of the nation. Both the County and Florida have a considerably larger proportion of persons 65 years and older than does the rest of the nation, but this age group has begun to gradually decrease in the County as more families with young children are attracted to the area.

Transportation Facilities

The County has a variety of convenient and efficient transportation methods by land, air or sea.

Land. US 301 and 98 serve east Pasco County; Interstate 75, the Suncoast Parkway (SR589) and US 41 serve central Pasco County; and US 19 serves west Pasco County. State Roads 52 and 54 are the major east/west routes. Each of these routes can provide easy access to the regional and statewide transportation network that links the Tampa Bay Region to the rest of the nation. Interstate 75 leads to Tampa in the south and directly to Atlanta in the north, then on through the Midwest to Michigan. Interstate 4 links the area with Orlando and continues to Daytona Beach, where it connects with Interstate 95 to reach the entire United States Atlantic coast. Interstate 75 intersects with Interstate 10 just south of the Georgia Border providing direct access to the Western United States.

Rail. CSX Railway, which provides rail service in Central and East Pasco County, provides long-haul Class I mainline rail service for manufacturing, mining and agricultural companies throughout the Tampa Bay area. Four short-line railroads provide linkages to CSX mainline track. CSX Intermodal, a CSX subsidiary, provides intermodal stacktrain service from Tampa, which reaches all major East, West and Gulf coast ports.

Air. Tampa International Airport is conveniently located just 30 minutes from most areas of Pasco County and served approximately 23.9 million passengers in calendar year 2023. It is also served by three air cargo carriers and in calendar year 2023, approximately 316.9 million pounds of air cargo passed through Tampa International Airport. Zephyrhills Municipal Airport is a public use airport in Pasco County providing one 5,000-foot runway and one 4,400-foot runway. It is owned by the City of Zephyrhills and located one nautical mile southeast of its central business district. There are also several small, privately operated airports in the County for private or business use.

Sea. Florida's largest and the 12th largest cargo port in the nation, the Port of Tampa can be accessed directly from the Suncoast Parkway (SR589) and Interstate 75. The Port of Tampa has the largest dockside cold storage facility in North America. More tonnage is moved through the port than all other ports in Florida combined. The port accommodates approximately 33 million tons of containerized general cargo and bulk cargo per year. The Port of Tampa has a main shipping channel depth of 43 feet and is the closest full service U.S. port to the Panama Canal. With several home ported passenger vessels, the Port of Tampa is becoming a major cruise port.

INDEPENDENT AUDITOR'S REPORT

Chairman and Members of
The District School Board
of Pasco County, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Pasco County, Florida (the "District") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the aggregate discretely presented component units, which represent 100% of the transactions and account balances of the aggregate discretely presented component units columns. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Other Postemployment Benefit Schedules, and Pension Schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The accompanying combining and individual major and non-major fund financial statements and schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

INDEPENDENT AUDITOR'S REPORT
(Concluded)

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 17, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the District School Board of Pasco County, Florida (District) for the fiscal year ended June 30, 2023, and should be read in conjunction with the financial statements and notes thereto. The MD&A, and financial statements and notes thereto, are the responsibility of District management. The District has prepared the following discussion and analysis to (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the District's financial activities, (c) identify changes in the District's financial position, (d) identify material deviations from the approved budget, and (e) highlight significant issues in individual funds.

Financial Highlights

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources on June 30, 2023, by \$867,775,163 (net position), a 20.6 percent increase over the 2021-22 fiscal year of \$719,778,073. This represents a change in net position of \$147,997,090. Of this amount, \$267,589,318 represents a deficit unrestricted net position.
- The deficit in unrestricted net position was primarily due to the District's long-term liabilities and related deferrals from employee benefits on June 30, 2023. Significant liabilities and deferrals included: Other Postemployment Benefits Liability \$97,777,206; Compensated Absences Payable \$48,377,253; and Net Pension Liability \$447,534,723.
- Total general revenues were \$929,167,292, or 86.2 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions total \$149,030,325 or 13.8 percent of all revenues. Primary Government expenses total \$930,200,527.
- The District's assigned and unassigned fund balance of the General Fund totaled \$132,139,649 on June 30, 2023, or 14.2 percent of general revenues. The unassigned fund balance totals \$37,394,245 which represents 5.7 percent of total General Fund expenditures and exceeds the Board's desired minimum of 5 percent.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements.

The government-wide financial statements provide both long-term and short-term information about the District's overall financial status. The subsequent statements are fund financial statements that focus on individual parts of the District and provide greater detail of the District's operations than the government-wide statements. Additionally, the basic financial statements include notes, which explain some of the information in the statements and provide more detailed data. The illustration below shows how the various parts of the financial section are arranged and related to one another.

Basic Financial Statements

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner like those of a private-sector business.

The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources using an economic resources management focus. Assets plus deferred outflows of resources, less liabilities, and deferred inflows of resources, equals net position, which is a measure of the financial health of the District. The statement of activities presents information about the change in the District's net position and the results of its operations during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The statement of activities provides information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation and sick leave).

Both above government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The government-wide statements present the District's activities in three categories:

Governmental Activities – This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions, such as operation and maintenance of plant, pupil transportation, and administration are also included. Local property taxes and the State's education finance program provide most of the resources supporting these activities.

Business-Type Activities - The District charges fees to cover the cost of certain services it provides. The After School Enrichment Program (ASEP) is reported as a business-type activity. Also reported as a business-type activity is the Vending Program, which operates food and beverage machines throughout the District.

Component Units - The government-wide financial statements include not only the District itself (known as the primary government), the statements also include thirteen charter schools (Academy at the Farm, Inc.; Athenian Academy of Pasco County, Inc.; Classical Preparatory Charter School; Countryside Montessori Charter School; Creation Foundation Inc. (D/B/A Dayspring Academy for Education and the Arts); Creation Foundation Inc. (D/B/A Dayspring Jazz); Imagine School at Land O'Lakes; Innovation Preparatory Academy; Learning Lodge Academy; Pepin Academies of Pasco County, Inc.; Pinecrest Academy Wesley Chapel, Plato Academy Trinity Charter School; Union Park Charter School) and the Pasco Education Foundation, Inc. (Foundation) as separate legal entities in this report. Financial information for these component units is reported separately from the financial

information presented for the primary government itself. Audited financial statements are on file with the District and available upon request.

Charter schools are public schools that operate under a performance contract, or “charter” which frees them from many regulations created for traditional public schools while holding them accountable for academic and financial results. The charter contract between each charter school’s governing board and the District details the school’s mission, program, goals, students served, methods of assessment and ways to measure success. The length of time for which charters are granted varies by each school.

The Pasco County School Board Leasing Corporation (Leasing Corporation), although legally separate, was formed to facilitate financing for the acquisition of facilities and equipment. Due to the substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

Fund Financial Statements Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District’s financial activities, focusing on its most significant or “major” funds rather than fund types. This contrasts with the entity-wide perspective contained in the government-wide statements. All District funds may be classified within one of three categories: governmental funds, proprietary funds or fiduciary funds as discussed below.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation of governmental funds to governmental activities.

The District maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance. The District’s major funds are the General Fund, Special Revenue – Other Federal Programs, Special Revenue – Federal Education Stabilization Fund and Capital Projects - Other Fund. Data from the other governmental funds are combined into a single,

aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in the report.

Proprietary Funds. Proprietary funds are an accounting device used to accumulate and allocate costs internally among the District's various functions or may be established to account for activities in which a fee is charged for services. Two types of proprietary funds are maintained:

- **Enterprise** funds are used to report the same functions as business-type activities in the government-wide financial statements. The District uses an enterprise fund to account for its before and after-school childcare and vending programs. The District's major enterprise fund is the After School Enrichment Program (ASEP) Fund.
- **Internal service** funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses internal service funds to account for its employees' self-insurance programs for property/casualty, liability, auto, workers' compensation, medical, on-site health clinics, pharmacy, and behavioral health programs; the energy management program; and exclusive agreements administered by the School Board. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds – Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as a donation, trust, scholarship, or student activity fund. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring the assets reported in these funds are used only for their intended purposes.

- The District uses a private-purpose trust fund to account for scholarship funds established by private donors.
- The District uses a pension trust fund to account for resources used to finance its early retirement program.
- The District uses custodial funds to account for resources held for student activities and groups.

Notes to Financial Statements. The notes provide additional information essential to fully understand the data provided in the government-wide and fund financial statements.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's progress in funding its obligation to provide Other Postemployment Benefits (OPEB) to its employees and supplementary information concerning the District's proportionate share of net pension liability and contributions to the defined benefit pension plan.

The notes provide additional information essential for a full understanding of the data provided in the required supplementary information.

Other Supplemental Information. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the notes to the financial statements.

Government-Wide Financial Analysis

The District’s net position was \$867.8 million on June 30, 2023, increasing \$148.0 million. The largest portion of the District’s net position, \$868.3 million, reflects its net investment in capital assets (e.g., land, buildings, furniture and equipment, motor vehicles, software); less any accumulated depreciation and less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide educational and related services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District’s net position of \$267.1 million represents resources subject to external restrictions on how they may be used. The unrestricted net position, a deficit amount of \$267.6 million, was in part, the result of accruing the District’s proportionate share of the State’s pension liability, other postemployment benefits and compensated absences.

As the table on the prior page illustrates, the District's total net position increased by 20.6 percent from the prior year, primarily due to:

- The increase in Current and Other Assets is due to 2022A COPS issuance.
- The change in Long Term Liabilities and Deferred Inflows of Resources is due to changes in pension related accounts based on the State's actuarial valuation.

The cost of the governmental and business activities this year was \$930.2 million. Some costs were paid by those who benefited from the program by charges for services of \$29.4 million, or by other governments and organizations who subsidized certain programs with grants and contributions of \$119.6 million.

Property taxes increased \$28.4 million or 12.9 percent, which is primarily attributed to an 18.9 percent increase in the tax base. Local Sales Taxes increased by \$ 2.6 million or 5.8 percent which represents the impact of both population and visitor sale increases in Pasco County.

Investment earnings increased by \$18.9 million due to current market conditions, yielding significantly higher interest rates.

The chart below represents total expenses classified by function.

Financial Analysis of the Government's Funds

Major Governmental Funds

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$37,394,245, while the total fund balance was \$166,691,471. Unassigned fund balance represents 5.7 percent of total General Fund expenditures, while total fund balance represents 25.2 percent. Fund balance of the District's General Fund increased by \$34,276,784 during the 2022-23 fiscal year. Presented below is an overall analysis of the governmental funds as compared to the prior year.

<u>Fund Balance</u>	<u>2023</u>	<u>2022</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>
Major Governmental Funds:

The table below illustrates General Fund revenues with a net increase of \$46,677,671, or 7.2 percent from the prior year primarily due to the reasons discussed below:

<u>Revenues and Net Other Financing Sources and Uses</u>	<u>2023</u>	<u>2022</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>
Taxes	\$ 180,694,279	\$ 163,075,006	\$ 17,619,273	10.8%

Total Revenues	<u>\$ 695,867,216</u>	<u>\$ 649,189,545</u>	<u>\$ 46,677,671</u>	<u>7.2%</u>

- Property tax revenue for operational purposes increased by \$17.6 million due to an increase in the taxable value.
- State revenues increased by \$35.0 million primarily due to an increase in Florida Education Finance Program funding.
- Other revenues increased by \$6.5 million largely due to interest earned on investments.
- Other financing sources and uses had a decrease of \$12.5 million. The decrease is due to property insurance being paid directly from the Capital Fund in the current year, as well as a reduction in ARP ESSER reimbursements for health insurance claims.

As the table below illustrates, expenditures increased by \$46.7 million, or 7.6 percent from the prior year, as outlined below:

<u>General Fund - Expenditures by Object</u>	<u>2023</u>	<u>2022</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>
Salaries	\$ 383,040,455	\$ 358,627,268	\$ 24,413,187	6.8%

Total General Fund Expenditures	\$ 661,590,432	\$ 614,883,371	\$ 46,707,061	7.6%

- Salaries increased by \$24.4 million or 6.8 percent primarily due to minimum wage changes and a five percent average in salary improvements.
- Employee benefit expenditures increased by \$11.2 million, or 8.3 percent due to increases in the FRS retirement rate and health insurance subsidy.
- Purchased services expenditures increased by \$7.4 million, or 8.3 percent, due to distributions to Charter Schools from increased charter school FTE enrollment and state FEFP funding.
- Energy services expenditures increased by \$2.3 million, or 14.6 percent, due increases facility sites, fuel costs and electricity rates.
- Materials and supplies expenditures decreased slightly by \$420,276 or 3.6 percent, related to supply chain issues affecting the availability of supplies and materials.
- Capital outlay increased by \$471,181, or 47.8 percent, due to an increase in computers and computer hardware purchases.
- Other Expenditures increased by \$1.3 million or 42.5 percent, attributed to outsourcing of substitute teachers to contracted services.

The Capital Projects – Other Fund is used to account for the financial resources generated by various sources. Included in this fund are Certificates of Participation, Sales Tax, Impact Fees, School Hardening Grant funds, and Notes/Loans. The fund has a total fund balance of \$260,877,222 which is restricted for specific capital projects. The fund balance increased during the fiscal year by \$48,847,514 attributed to proceeds from the issuance of COPS 2022A.

The Special Revenue – Other Federal Programs Fund had revenues of \$63,345,671 and expenditures of \$63,345,671. Expenditures were primarily for salaries and benefits related to grant awards. Because revenues in this fund are recognized to the extent expenditures are incurred, this fund generally does not accumulate a fund balance.

The Special Revenue – Federal Education Stabilization Fund had revenues of \$63,539,601 and expenditures of \$63,539,601. This fund accounts for certain Federal grant resources provided to facilitate assistance and relief in response to the COVID-19 pandemic.

Proprietary Funds. District’s proprietary fund financial statements provide the same type of information found in the government-wide financial statements. The District’s has one major enterprise fund, the ASEP Fund. This ASEP Fund is used to account for its before and after school childcare programs. The Unrestricted net position of the Business-Type Activities, Enterprise Fund increased due to higher enrollment and fees in these programs.

General Fund Budgetary Highlights

The District’s original budget is prepared in accordance with Florida Statutes and is based on the modified accrual basis of accounting, which is the same basis used to account for actual transactions. The most significant budgeted fund is the General Fund.

During the 2022-23 fiscal year, the District amended its General Fund budget several times due primarily to changes in estimated Federal through State and local funding levels and made corresponding adjustments to planned expenditures to ensure maintenance of an adequate fund balance.

The General Fund actual expenditures were less than the budgeted appropriations. This is extensively related to staff vacancies as well as enhanced cost containment measures due to the uncertainty of enrollment and state funding related to FES Scholarships. All functional areas of the District experienced cost savings compared to budgeted amounts.

Capital Asset and Debt Administration

Capital Assets. The District’s investment in capital assets for the governmental and business-type activities as of June 30, 2023, totals \$1,425,811,074 (net of accumulated depreciation). This investment in capital assets includes land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; audio visual materials; and computer software. The total increase in the District’s investment in capital assets (net of accumulated depreciation) for the current fiscal year was \$101.7 million or approximately 7.7 percent. The increase in net capital assets is attributed to the acquisitions of \$303 million, offset by deductions of \$201.3 million, net of depreciation expense.

During the current fiscal year, the District’s total long-term debt increased by \$47,978,023 or 7.8 percent.

The District’s financial stewardship is evidenced by a ratings upgrade by Fitch; ratings its COPS to “AA-“ from “A+” and the Issuer Default Rating (IDR) to “AA” from “AA-“. According to Fitch, this reflects a demonstrated multi-year trend of conservative budgeting practices and growth in fiscal reserve balances that has enabled the District to maintain an elevated level of financial flexibility through economic cycles. Fitch believes that the district is well positioned to preserve its presently strong gap closing capacity as supported by solid revenue growth prospects, moderate fixed carrying costs, and low long-term liabilities.

Further information on the District’s long-term debt can be found in Note II.I of the Notes to Financial Statements.

Fiscal Year 2024 Budget and Economic Factors

The District's primary source of General fund discretionary operating revenue is District School Taxes derived from local Ad Valorem taxes. Revenue from local taxes is expected to increase by 17.6 percent over fiscal year 2022-23. The increase is primarily due to a growth in assessed property values and new construction. This increase in taxable value was offset by a decrease in the required local effort millage rate from 3.268 in fiscal year 2022-23 to 3.201 in fiscal year 2023-24, as established by the Florida Department of Revenue. Future budgets are dependent on the Florida Legislature, voter support and property tax values.

On August 23, 2022, Pasco County voters approved a referendum to raise the local millage rate by an amount not to exceed one mill annually. For the 2022-23 school year, approximately \$52.7 million will be generated with the one mill levy. The additional funds will be used for essential operating expenses to maintain salaries competitive in the market, attract and retain high-quality teachers, bus drivers, and other non-administrative school support employees and with annual reporting to Pasco County taxpayers for transparency for the use of these funds. The millage referendum will be placed before the voters every four years for renewal.

Florida Education Finance Program (FEFP) provides funding to Florida school districts based upon student enrollment (FTE). Enrollment is projected to increase by 2,985 FTE to 88,536 unweighted FTE including Charter School and Family Empowerment Scholarship (FES) enrollment. FEFP funding is expected to increase by \$29.8 million or 5.8 percent.

Salaries and benefits are the largest operating expenditures of the District, accounting for 67.2 percent of the operating budget or \$674.6 million. The District continues to experience significant staffing vacancies.

The District's self-insured health insurance program provides a variety of plans for District employees and their dependents. Determination of the share of costs between the employer and employee is subject to negotiations with bargaining units.

District capital improvement taxes are anticipated to be 17.6 percent higher in fiscal year 2023-24. The current Penny for Pasco is scheduled to expire in December 2024.

On November 8, 2022, Pasco County voters approved a second renewal to extend the Penny for Pasco Surtax for another fifteen years, beginning in January 2025. The purpose of the Penny for Pasco is for renovation of current facilities and for technology improvements.

Federal and state grant funding sources available to defray costs of COVID-19 prevention and response are non-recurring funds and will significantly decrease over the next fiscal year.

District School Board of Pasco County
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances for Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2023

Net Change in Fund Balances - Governmental Funds. \$ 95,647,346

Amounts reported for governmental activities on the statement of activities are different because:

Capital outlays are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Expenditures for capital assets	\$ 165,684,154	
Less current year depreciation	<u>(62,507,925)</u>	103,176,229

Capital assets donated to the District increase net position on the statement of activities.

However, they do not provide current financial resources and are not reported as revenues in the governmental funds. (212,805)

The undepreciated cost of capital assets disposed of during the period is reported in the statement of activities. In the governmental funds, the cost of these assets was recognized as an expenditure in the year purchased. Thus, the change in net position differs from the change in fund balance by the undepreciated cost of the assets disposed of.

(1,263,663)

The net change in the Net Pension Liability (SERP) and the related Deferred Amounts is reported in the government-wide statements, but not in the governmental fund statements.

(121,196)

The net change in the Net Pension Liability (FRS / HIS) and the related Deferred Amounts is reported in the government-wide statements, but not in the governmental fund statements.

(5,382,542)

Long-term debt proceeds provide current financial resources to the governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Additionally, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized over the life of the debt in the statement of activities.

Principal payments	\$ 47,879,166	
Certificates of Participation Issued	(96,646,192)	
Notes/Loans Issued	(5,580,000)	
Net decrease in deferred charges	(594,934)	
Net decrease in premiums and discounts	<u>6,369,003</u>	(48,572,957)

Capital credits to be received in future years are accrued in the government-wide statements, but the credits do not provide current financial resources and are not recognized in the governmental funds. This is the net amount of capital credits earned in excess of the amount paid in the current period.

287,732

In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds expenditures are not recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences used in excess of the amount earned in the current period.

(4,589,493)

Interest on long-term debt is recognized as an expenditure in the governmental funds when due, but is recognized as interest accrues in the statement of activities.

(1,256,804)

The net change in liability for postemployment health care benefits is reported in the government-wide statements, but not in the governmental fund statements.

717,952

Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The change in net position of internal service funds is reported with governmental activities.

6,363,314

Change in Net Position - Governmental Activities. \$ 144,793,113

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees charged to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District School Board of Pasco County, FL (District) governmental activities and for each segment of the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expenses are allocated to function/programs of the primary government.

B. Reporting Entity

The Pasco County District School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The Pasco County School District (District) is part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is composed of five elected members. The elected Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Pasco County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading or incomplete. Based on these criteria, the following component units are included within the District's reporting entity:

Blended Component Unit. Blended component units are, in substance, part of the District's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the District. The Pasco County School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing and refinancing for the acquisition of facilities and equipment as further discussed in a subsequent note. Due to the

substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

Discretely Presented Component Units. The component units column in the government-wide financial statements include the financial data of the District's other component units. A separate column is used to emphasize that they are legally separate from the District.

The Pasco Education Foundation (Foundation) is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to receive, hold, invest, and administer property and to make expenditures to and for the benefit of the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit.

The District's charter schools are not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by its sponsor, the Pasco District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District.

The financial data reported on the accompanying statements was derived from the Foundation's and charter school's audited financial statements for the fiscal year ended June 30, 2023. The audit reports are filed in the District's administrative office at 7227 Land O' Lakes Blvd., Land O' Lakes, Florida 34638.

C. Basis of Presentation: Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and the internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used and net residual amounts between governmental and business-type activities.

D. Basis of Presentation: Fund Financial Statements

The fund financial statements provide information about the District's funds, including the proprietary funds and fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental

and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

General Fund – to account for all financial resources not required to be accounted for in another fund and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

Capital Projects – Other Fund – to account for the financial resources (e.g., certificates of participation capital outlay sales tax, and financed purchases which are used for capital outlay needs) to be used for educational capital needs, including new construction and renovation and remodeling projects.

Special Revenue – Other Federal Programs Fund – to account for and report on certain Federal grant program resources.

Special Revenue – Federal Education Stabilization Fund – to account for certain Federal grant program resources provided as emergency relief to address the impact of COVID-19 on elementary and secondary schools.

The District reports the following major enterprise funds:

Enterprise Fund – After School Enrichment Program (ASEP) Fund – to account for the financial resources of the extended day program of the District.

Additionally, the District reports the following proprietary and fiduciary fund types:

- Enterprise Fund – Vending Program – to account for the operation of food and beverage machines throughout the District.
- Internal Service Funds – to account for the District's individual self-insurance programs.
- Pension Trust Fund – to account for resources used to finance the early retirement program.
- Private-Purpose Trust Fund – to account for resources of various scholarship funds that provide for medical benefits and educational support.
- Custodial Funds – to account for resources of the school internal funds, which are used to administer money collected at several schools in connection with school, student athletic, class and club activities.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column. Further,

certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues from ad valorem taxes and interest on investments to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Significant revenues such as ad valorem taxes, reimbursable-type grants, reimbursable-type capital improvements and interest on investments associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The District considers revenues from reimbursable-type grants and capital improvements to be available if they are collected within 12 months of the end of the current fiscal year. Expenditures are generally recognized when the related fund liability is incurred, as under modified accrual basis of accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The Foundation is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

F. Budgetary Information

Budgetary Basis of Accounting

The Board follows procedures established by State law and SBE rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by State law and SBE rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student transportation services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year end and encumbrances outstanding are honored from the subsequent year's appropriations.

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term liquid investments with original maturities of 3 months or less from the date of acquisition, except for investments held with paying agents. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, the Florida Fixed Income Trust Cash Pool (FL-FIT), the Florida Public Assets for Liquidity Management (FL PALM) and Florida Cooperative Liquid Assets Securities System (FLCLASS). Cash balances from the majority of funds are pooled for investment purposes. Earnings from such investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pools are managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts, and therefore all balances

representing participants' equity in the investment pools are classified as either cash or investments for purposes of these statements.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statute.

2. Investments

Investments consist of amounts placed in the SBA debt service accounts for investment of debt service moneys, amounts placed with the SBA for participation in the Florida PRIME investment pool created by Section 218.405, Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investment in Florida PRIME, which the SBA indicates is a Securities and Exchange Commission Rule 2a-7 like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. This investment is reported at fair value, which is amortized cost.

Investments made locally consist of United States Treasury Securities and Federal Agency Securities, money market and bond mutual funds, corporate debt obligations, and commercial paper, and are reported at fair value. Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

3. Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption in the course of District operations. The valuation of the inventories is based on various methods and is presented at cost. Warehouse (including purchased foods and supplies used by the District's Food and Nutrition Services Department), maintenance, telecommunications, technology services, and transportation items are based on a weighted average. Fuel inventories are stated at last quoted price as of June 30, 2023. The United States Department of Agriculture surplus commodities are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

4. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so

acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing \$5,000 or more, in addition to electronic equipment, such as computers, tablets, printers, and projectors costing \$250 or more, and band equipment costing \$750 or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation. Land and buildings acquired or constructed prior to July 1, 1972, are stated at estimated historical cost using price levels at the time of acquisition and, as a result, \$1,521,003 of stated land values and \$56,835,465 of stated building values are based on these estimates.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the costs of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Useful Lives</u>
Improvements Other Than Buildings	15 years
Buildings and Fixed Equipment	20 - 40 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Audio Visual Materials and Computer Software	5 years

Current year information relative to changes in capital assets is described in Note II.D.

5. Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan, the Health Insurance Subsidy (HIS) defined benefit plan, and Supplementary Early Retirement Plan (SERP) and additions to/deductions from the FRS, the HIS, and SERP fiduciary net position have been determined on the same basis as they are reported by the FRS, the HIS, and SERP plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans, and related amounts are described in a subsequent note.

6. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the bonds and certificates of participation using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize debt premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources, while discounts and premiums on debt issuances are reported as other financing uses and sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current year are reported in a subsequent note.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources expense until then. The District has three items that qualify for reporting in this category. The deferred outflows of resources related to pensions and OPEB are discussed in subsequent notes. The loss on refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has two types of items, those related to pension plans and those related to OPEB, which are discussed in subsequent notes.

8. Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

9. Fund Balance Flow Assumptions

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

10. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balances as of June 30, 2023.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has by policy authorized the Superintendent to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

H. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are

presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

2. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified time periods following the date of the original reporting. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided and require the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The District received an allocation from the State under the School Hardening Grant program. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

3. District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Pasco County Property Appraiser, and property taxes are collected by the Pasco County Tax Collector.

The Board adopted the 2022 tax levy on September 12, 2022. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1 and are delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Pasco County Tax Collector at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in Note II.L.2.

4. Capital Outlay Surtax

In March 2004, the voters of Pasco County approved a one-cent sales tax authorized under Section 212.055(6), Florida Statutes. The Board receives 45 percent of the one-cent sales tax. The surtax levy commenced on January 1, 2005 and remained in effect for a period of 10 years through December 31, 2014. Voters signaled their approval for the continuation of the Penny for Pasco for another ten years, beginning in January 2015. A second renewal was placed on the ballot for the November 8, 2022, election and approved by the voters, extending the Penny for Pasco Surtax for another fifteen years.

5. Educational Impact Fees

Pasco County imposes an educational impact fee based on an ordinance adopted by the County Commission in 2001. This ordinance was most recently amended in October 2017 when Ordinance 89-21 established, in part, revised fees to be collected. The educational impact fee is collected for most new residential construction by the County and each municipality within the County based on an interlocal agreement. The fees are to be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development and are not to be used for any expenditure that would be classified as a maintenance or repair expense. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest, and related costs of indebtedness necessitated by new residential development.

6. Voted Additional Millage

In August 2022, the voters of Pasco County approved up to a one mill ad valorem tax increase in the County for 4 years, effective July 1, 2023, to pay for essential operating expenses in accordance with Section 1011.71(9), Florida Statutes. Revenues will be used for the purpose of attracting, retaining, and improving the salaries of employees, except for administrative staff. The

District has created the Salary Referendum Oversight Committee to provide oversight to the Board as it relates to the collection and distribution of the proceeds of the salary referendum.

7. Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. The FDOE may require adjustments to subsequent fiscal period expenditures and related revenues based upon an audit of the District's compliance with applicable Federal awards requirements. Normally, such adjustments are treated as reductions of expenditures and related revenues in the fiscal year when the adjustments are made.

8. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method.

The liability is based on the sick leave accumulated as of June 30, 2023 by those employees who are currently eligible to receive termination payments and those employees to whom it is probable that they will become eligible to receive termination benefits in the future. The criteria for determining the vacation and sick leave liability are derived from Board policy, negotiated agreements, and State law.

In the government wide financial statements, the entire compensated absences liability is reported. A liability for these amounts is reported in the governmental fund financial statements only in the amount payable to employees who terminated their employment as of the end of the fiscal year. The liability for compensated absences includes salary related benefits, where applicable.

Changes in the compensated absences liability for the current year are further described in Note II.I.4.

9. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues and expenses of the After School Enrichment Program are charges for services provided and expenses related to a before and after-school childcare program. The principal operating revenues of the District's internal service funds are charges for employee health insurance, workers' compensation, general liability, and property insurance. The principal

operating expenses include salaries and benefits for employees, insurance claims, and excess insurance coverage. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Unrestricted net position in the internal service funds is designated for future losses.

II. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Cash Deposits with Financial Institutions

Custodial Credit Risk. In the case of deposits, this is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk. All bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

B. Investments

(1) Pension Trust Fund investments are separately disclosed in Note II.E.3.

(2) Amount includes \$106,214 held in Fiduciary Funds, allocated among various categories.

Money market funds are held with Fidelity Institutional Government Money Market Fund and have no unfunded commitments and invests in U.S. dollar-denominated money market securities of domestic and foreign issuers, U.S. Government securities, and repurchase agreements. This fund does not institute liquidity fees or redemption rates.

Fair Value Measurement. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The District's investments in SBA debt service accounts are valued using Level 1 inputs.

The SBA-Debt Service Account classified in Level 1 of the fair value hierarchy is valued using prices quoted in active markets for those securities. United States Treasury Securities classified in Level 2

of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy limits investments of operating funds to a maximum of eighteen months as a means of managing its exposure to fair value losses arising from an increase in interest rates. Investments of reserves, project funds, debt proceeds and other non-operating funds are limited to a maximum of five years with the average duration of all these funds as a whole not to exceed three years.

Florida PRIME, FLPALM, FLCLASS and FLFIT use weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

For Florida PRIME, with regard to redemption gates, Section 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the executive director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the board [State Board of Administration] can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the executive director has instituted such measures and review the necessity of those measures. If the trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the executive director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the trustees shall vote to continue the measures for up to an additional 15 days. The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days." As of June 30, 2023, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

FLPALM has daily liquidity with unlimited investments and redemptions. The fund has investments in Negotiable Certificates of Deposit, Commercial Paper, Repurchase Agreements, Bank Deposits, Bank Notes, Corporate Notes, Money Market Funds, Federal Agency Bonds/Notes, and US Treasury Notes. The investment advisor, on behalf of the fund, determines the net asset value of the shares at the close of each business day and monitors the difference between the amortized cost and fair value. The Trustees of the fund can suspend the right of withdrawal or postpone the date of payment if the Trustees determine there is an emergency that makes the sale of a Portfolio's securities or determination of its net asset value not reasonably practical.

FLCLASS has daily liquidity with unlimited investments and redemptions. The pool invests in high-grade commercial paper, certificates of deposit, asset backed commercial paper, repurchase agreements and approved money-market funds. Portfolio securities are priced to market on a daily basis.

FLFIT Cash Pool has daily liquidity with unlimited investments and redemptions. The fund has investments in Commercial Paper, Certificates of Deposit, Qualified Bank Deposits, FDIC Insured Deposits, Money Market Funds, and Short-Term Bond Funds.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the Local Government Surplus Funds Trust Fund [Florida PRIME], or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. The District's investment policy limits investments to Florida PRIME when rated at least at AAAM by Standard & Poor's or the equivalent by another Nationally Recognized Statistical Rating Organization (NRSRO), United States Treasury securities, obligations of United States Government agencies, Federal instrumentalities (United States Government Sponsored Enterprise("GSE")) limited to Federal Farm Credit Bank (FFCB), Federal Home Loan Bank or its District Banks (FHLB), Federal National Mortgage Association(FNMA) and the Federal Home Loan Mortgage Corporation(Freddie-Mac) including Federal Home Loan Mortgage Corporation participation certificates, Interest Bearing Time Deposit or Savings Accounts, Repurchase Agreements, Commercial Paper of any United States company that is rated, at the time of purchase, Prime 1 by Moody's and A-1 by Standards & Poor's (prime commercial paper), Corporate Notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum single A category by any two NRSROs, State and/or Local Government Taxable and/or Tax-Exempt Debt, general obligation and/or revenue bonds, rated at the time of purchase, at a minimum single A category by any two NRSROs for long-term debt, or rated at least MIG-1 by Moody's or SP-1 by Standard & Poor's for short-term debt, Money Market Mutual Funds rated AAAM by Standard & Poor's or the equivalent by another NRSRO, Short Term Bonds rated AAA or better by Standards & Poor's or the equivalent by another NRSRO and the Intergovernmental Investment Pools rated AAAM by Standard & Poor's or the equivalent by another NRSRO.

The District's investments in the SBA debt service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account.

The District's investments were rated as follows: Commercial Paper were rated A-1 by Standard & Poor's and P1 by Moody's, US Treasury Securities were rated P1 by Moody's and A-1+ by Standard & Poor's, Florida PRIME was rated AAAM by Standard & Poor's, the Florida Public Assets for

Liquidity Management fund is rated AAAM by Standard & Poor's, money market funds were rated AAAM by Standard & Poor's, Florida FIT Cash Pool was rated AA Af/S1 by Standard & Poor's, Florida FIT Enhanced Cash Pool was rated AA Af/S1 by Standard & Poor's and the Florida FIT Select Cash Pool was rated AA Af/S1 by Standard & Poor's.

Custodial Credit Risk. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Section 218.415(18), Florida Statutes, requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in book entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a secured vault. The District's investment policy addresses custodial credit risk in that all securities are held with a third-party custodian; and all securities purchased by and all collateral obtained by the District should be properly designated as an asset of the District. The securities, except for investments in money market funds and local Government Investment pools, were held in an account separate and apart from the assets of the financial institution.

Concentration of Credit Risk. The District's investment policy has established permitted investment sectors which are designed to reduce concentration of credit risk of the District's investment portfolio.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The District policy does not allow for investments in foreign currency. Therefore, the District has no exposure to foreign currency risk.

C. Receivables

The majority of receivables are due from other agencies. These receivables, and the remaining accounts receivables, are considered to be fully collectible. As such, no allowance for uncollectible receivables is accrued. All receivable balances are expected to be received within the subsequent year. Due from other agencies as of June 30, 2023, are shown below:

E. Retirement Plans

1. FRS – Defined Benefit Pension Plans

General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and

FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$54,634,366 for the fiscal year ended June 30, 2023.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are:

- *Regular* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers* – Members who hold specified elective offices in local government.
- *Senior Management Service* – Members in senior management level positions.
- *Special Risk* – Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability

does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>Percent Value</u>
Regular Members Initially Enrolled Before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Members Initially Enrolled On or After July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Elected County Officers	3.00
Senior Management Service	2.00
Special Risk	3.00

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at

retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2022-23 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>
FRS, Regular	3.00	11.91
FRS, Elected County Officers	3.00	57.00
FRS, Senior Management Service	3.00	31.57
FRS, Special Risk	3.00	27.83
DROP – Applicable to Members from All of the Above Classes	0.00	18.60
FRS, Reemployed Retiree	(2)	(2)

(1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(2) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$37,061,865 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. As of June 30, 2023, the District reported a liability of \$323,163,911 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District's proportionate share of the net pension liability was based on the District's 2021-22 fiscal year contributions relative to the total 2021-22 fiscal year contributions of all participating members. As of June 30, 2022, the District's proportionate share was 0.8685 percent, which was an increase of 0.0219 from its proportionate share of 0.8467 measured as of June 30, 2021.

For the fiscal year ended June 30, 2023, the District recognized a Plan pension expense of \$48,069,312. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 15,348,419	\$ -

Actuarial Assumptions. The total pension liability in the July 1, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Investment Rate of Return	6.70 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation

Discount Rate. The discount rate used to measure the total pension liability was 6.7 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2022 valuation was decreased from 6.8 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.7 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.7 percent) or 1 percentage point higher (7.7 percent) than the current rate:

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2023, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2023, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 4 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized.

HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$6,963,182 for the fiscal year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. As of June 30, 2023, the District reported a net pension liability of \$121,885,880 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022 and updated procedures were used to determine the net pension liability as of June 30, 2022. The District's proportionate share of the net pension liability was based on the District's 2021-22 fiscal year contributions relative to the total 2021-22 fiscal year contributions of all participating members. As of June 30, 2022, the District's proportionate share was 1.1508 percent, which was an increase of 0.0275 from its proportionate share measured as of June 30, 2021.

For the fiscal year ended June 30, 2023, the District recognized the HIS Plan pension expense of \$6,565,054. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Difference between expected and actual experience	\$ 3,699,524	\$ 536,308
Changes in assumptions	6,986,577	18,855,668

District contributions subsequent to the measurement date	6,963,182	-
Total	<u>\$ 21,078,249</u>	<u>\$ 20,924,068</u>

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$6,963,182 will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2024	\$ (1,943,553)
2025	(1,143,200)
2026	(125,490)

2028	(2,066,999)
Thereafter	(983,325)
Total	<u>\$ (6,809,001)</u>

Actuarial Assumptions. The total pension liability in the July 1, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.54 percent

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 3.54 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 2.16 percent to 3.54 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.54 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.54 percent) or 1 percentage point higher (4.54 percent) than the current rate:

2. FRS – Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members.

Allocations to the Investment Plan member accounts during the 2022-23 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	9.30
FRS, Elected County Officers	14.34
FRS, Senior Management Service	10.67
FRS, Special Risk	17.00

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2023, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$14,968,724 for the fiscal year ended June 30, 2023.

3. Supplemental Early Retirement Plan

Plan Description.

As authorized by Section 1012.685, Florida Statutes, the Board implemented a Supplemental Early Retirement Plan (the "Plan") effective July 1, 1983, and amended as of January 1, 1997. The Plan is a single-employer defined benefit pension plan. The purpose of the Plan is to provide

District employees, who elected to retire under the early retirement provisions of the FRS, with a monthly benefit equal to the statutory reduction of the normal retirement benefits when early retirement precedes the normal retirement.

On January 20, 2015, the Board ratified a new contract with the Union stating that, effective June 30, 2018, no employee or retiree will be permitted to begin receiving an early retirement benefit. Any employee or retiree already receiving a benefit will continue to receive any benefit to which he/she is entitled. Based on an actuarial report as of July 1, 2023, there are 324 retirees and beneficiaries receiving benefits. A summary of eligibility and benefits follow:

Eligibility. The participant must have elected early retirement under the FRS; attained the age of 50 but not have attained the age of 62 upon early retirement; been credited with at least 25 years (and who have reached the final step on the appropriate salary schedule) of service under the FRS upon early retirement; and completed at least 12 years of service in the District, with 10 of those years being consecutive.

Benefits. The amount of the monthly benefit will be equal to the reduction imposed on the retirement benefit by the FRS due to early retirement. The benefit amount will be based on the initial benefit amount determined by the FRS prior to any cost-of-living adjustments and will remain unchanged, once established, unless a specific increase is authorized by the Board. Effective July 1, 1997, the amount of early retirement benefits for new participants ages 50 through 54 has been reduced to a flat 35 percent of the FRS benefit, with this reduction phased-in over a period of four (4) years. In addition, the Plan was amended effective June 2011 to provide a one-time early retirement incentive payment for certain individuals who retired during that month. The payment was equal to 10 percent of the employee's annual salary to a maximum benefit of \$5,000.

Contributions and Reserves.

Pursuant to the Plan agreement, no contributions shall be required or permitted from any member. Board contributions shall be sufficient to meet the annual service cost of the Plan and to fund net pension liability within 30 years based on an actuarial study.

There are no long-term contracts to the Plan. Periodic employer contributions to the Plan are determined on an actuarial basis using the Entry Age Normal Cost Method. Annual service cost is funded on a current basis. Pursuant to Section 112.64, Florida Statutes, the unfunded actuarial accrued liability is funded over a 30-year period for participants prior to July 1, 1997 and funded over a 40-year period for the revised plan. Periodic contributions for both normal cost and the amortization of the unfunded actuarial liability are based on the level percentage of payroll method.

Significant actuarial assumptions used to compute annual required contributions are the same as those to determine the total pension liability. There have been no contributions to the Plan since fiscal year 2018-2019.

As of June 30, 2023, the actuarial accrued liability for benefits was \$15,582,590. The computation of the annual required contribution for the 2022-2023 fiscal year was based on the same: (a) actuarial assumptions, (b) benefit provisions, (c) actuarial funding method and (d) other significant factors used to determine the required annual contributions for the previous fiscal years.

Benefits and refunds are recognized when due and payable in accordance with terms of the Plan. All of the assets in the District's Pension Trust Fund are legally required reserves. None of the assets have been designated by the Board for any other specific purpose. Costs of administering the Plan are financed through the Plan's resources, which include employer contributions and investment earnings.

Summary of Significant Accounting Policies

The Plan is accounted for as a Pension Trust Fund; therefore, it is accounted for in substantially the same manner as a proprietary fund with a capital maintenance measurement focus and the accrual basis of accounting. Employer contributions are recognized in the period in which contributions are due. Benefits and refunds are recognized when due and payable in accordance with terms of the Plan. Plan assets are valued at fair value for financial statement purposes. Separate statements are not issued for the Plan.

Investments

The Board of the Early Retirement Program includes the same members as the District School Board of Pasco County which established and has the authority to amend the investment policy for the Plan. An Investment Oversight Committee monitors the investment performance and reports to the Board. On January 20, 2015, the Board approved an updated investment policy that allows the Plan to invest in equities and fixed income securities.

The following was the Board adopted asset allocation as of June 30, 2023:

Asset Class	Asset Allocation

Domestic Equity	19% - 59%	39%
International Equity	3% - 43%	21%

The Plan's cash and investments as of June 30, 2023, consisted of the following:

Collateralized Mortgage Obligations, Corporate Bonds, Government Sponsored Enterprises, and Government and Municipal Bonds classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Credit Risk. The District's investment policy authorizes the District to participate in the SBA Florida PRIME. The policy also authorizes the District to invest in interest-bearing time deposits or savings accounts, direct obligations of the United States Treasury, money market funds with the Securities and Exchange Commission, and United States government funds registered under the Investment Act of 1940. The policy further provides the securities shall only be purchased from financial institutions which are qualified as public depositories by the Treasurer of the State of Florida, Florida-based regional dealers that qualify under Securities and Exchange Commission Rule 15C3-1, or from primary security dealers as designated by the Federal Reserve of New York.

The Plan's investments in Collateralized Mortgage Obligations had ratings of NR to AAA by Standard and Poor's or of WR by Moody's.

The Plan's investments in Corporate Bonds had ratings of BBB+ by Standard and Poor's or of Baa2 by Moody's.

The Plan's investments in Government Sponsored Enterprises had a rating of Aaa by Moody's.

The Plan's investments in Government and Municipal Bonds had ratings of A+ to AA- by Standard and Poor's or of A2 by Moody's.

Concentration of Credit Risk. The District's investment policy has established permitted investment sectors which are designed to reduce concentration of credit risk of the District's investment portfolio.

Less than five (5) percent of the Supplemental Early Retirement Plan's investments are in Government Sponsored Enterprise Securities.

Rate of Return. For the year ending June 30, 2023, the annual money-weighted rate of return on the pension plan investments, net of pension plan investment expense, was 7.67 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Pension Liability, Pension Income, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The components of the net pension liability of the SERP as of June 30, 2023, were as follows:

Net Pension Liability	<u>\$ 2,484,932</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	84.05%

For the fiscal year ending June 30, 2023, the District recognized pension expense of \$121,196 for the SERP Pension Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions for the SERP Pension Plan from the following sources:

F. Other Postemployment Benefit Plan

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District that provides OPEB for all employees who satisfy the District's retirement eligibility provisions. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the District and their eligible dependents, may continue to participate in the District's health plan for medical, prescription drug, mental health/substance abuse, employee assistance program and life insurance. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees.

These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. Additionally, for certain retirees, the District pays a portion of the cost of health and pharmacy insurance benefits. For those retirees, the School Board contributes the same amount toward the retiree's health insurance premium each year as it does toward an active employee's premium. This contribution is contingent upon the retiree meeting all of the following conditions: 1) 30 years of service under Florida Retirement System or 25 years of service under FRS and at least age 50 at retirement; 2) 20 years of service in the District; 3) contributes his/her health insurance subsidy received from the State of Florida toward the cost of this medical premium; and 4) continues to participate in one of the Board-approved health plans after his/her retirement. An eligible retiree may receive a cash payment in lieu of receiving these benefits.

The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program parts A and B for their primary coverage as soon as they are eligible. The OPEB Plan does not issue a stand-alone report and is not included in the report of a public employee retirement system or another entity. The District has not advance-funded or established a funding methodology for the annual OPEB expense or the net OPEB Plan liability, and the OPEB Plan is financed on a pay-as-you-go basis. No assets are accumulated in a trust that meets all the criteria in GASB Statement No. 75. A copy of the actuarial report provided by GRS Retirement Consulting dated July 25, 2023 is available in the District's Finance Services Department.

Employees Covered by Benefit Terms. As of June 30, 2021, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	1,795
Active Employees	<u>9,534</u>
Total Plan Members	<u>11,329</u>

Total OPEB Liability. The District's total OPEB liability of \$97,777,206 was measured as of June 30, 2022 and was determined by an actuarial valuation as of June 30, 2021.

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25 percent
Salary Increases	Salary increase rates used in the July 1, 2021 actuarial valuation of the Florida Retirement System; 3.4 percent - 7.8 percent, including inflation
Discount Rate	3.69 percent
Healthcare Cost Trend Rates	Starting at 6.00 percent for 2022 and gradually decreasing according to the Getzen Model to an ultimate trend rate of 3.75 percent in 2040
Aging Factors	Based on the 2013 SOA Study "Health Care Costs – From Birth to Death."
Expenses	Administrative expenses are included in the per capita health costs.

The discount rate was based on the daily rate of Fidelity Investment's 20-Year Municipal General Obligation AA Index closest to but not later than the measurement date.

Demographic assumptions employed in the actuarial valuation were the same as those employed in the July 1, 2021, actuarial valuation of the FRS Defined Benefit Pension Plan. These demographic assumptions were developed by FRS from an Actuarial Experience Study, and therefore are appropriate for use in the OPEB Plan actuarial valuation. These include assumed rates of future termination, mortality, disability, and retirement. In addition, salary increase assumptions (for development of the pattern of the normal cost increases) were the same as those used in the July 1, 2021, actuarial valuation of the FRS Defined Benefit Pension Plan. Assumptions used in valuation of benefits for participants of the FRS Investment Plan are the same as for similarly situated participants of the FRS Defined Benefit Pension Plan.

H. Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, and general liability coverage are being provided on a self-insured basis up to specified limits. The District has entered into agreements with various insurance companies to provide specific excess coverage of claim amounts above the stated amount on an individual claim basis, and aggregate excess coverage when total claims, minus specific excess coverage, exceeds the loss fund established annually by the District. The District has contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

A third-party administrator, Florida Blue, Inc., administers the District's medical and pharmacy insurance program. In plan year 2023, the District paid \$40.00 per employee, per month for administrative fees. The payment agreement with Florida Blue provides for liability limits based on fixed rates and average numbers of insured employees and dependents. In plan year 2023, there was a \$850,000 specific stop loss deductible including medical and pharmacy, with an unlimited lifetime maximum per covered member. To remain in compliance with health care reform and the Patient Protection and Affordable Care Act, there are no longer lifetime maximums included in the Florida Blue plans.

Property and casualty coverage is obtained through a governmental insurance trust. The property insurance fund is used to track premiums and any claims expense. In the 2022-2023 fiscal year, the property insurance coverage amount is \$240 million for excess of loss limits for named windstorm.

Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past 3 fiscal years.

A liability in the amount of \$7,139,000 was actuarially determined to cover estimated incurred, but not paid, insurance claims payable as of June 30, 2023. The estimated insurance claims payable for the workers' compensation/property/liability programs was determined using the actuarial estimate for unpaid losses on an undiscounted basis. The estimated insurance claims payable for the self-insured health insurance program of \$6,330,000 was actuarially determined and includes medical and pharmacy claims.

The following schedule represents the changes in claims liability for the past 2 fiscal years for the District's self-insurance program:

<u>Program / Fiscal Year</u>	<u>Beginning of Fiscal Year Liability</u>	<u>Current-Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year-End</u>

The District entered into financing arrangements, which were characterized as lease-purchase agreements, with the Florida School Boards Association, whereby the District secured financing of various educational facilities. The financing was accomplished through the issuance of certificates of participation to be repaid from the proceeds of rents paid by the District. On March 1, 2004, the financing agreements with the Florida School Boards Association were assigned to the Leasing Corporation.

As a condition of the financing arrangement, the District gave ground leases on District property to the Leasing Corporation with a rental fee of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payment through to term, the District may be required to surrender the sites included under the various Ground Lease Agreements for the benefit of the securers of the Certificates for a period of time as specified by the arrangements. The Certificates of Participation Series 2014B-1 contains a provision by which the purchaser can, upon the occurrence and continuation of an event of default, impose a default interest rate of the then applicable interest rate plus 2 percent not to exceed the maximum lawful rate. The Certificates of Participation Series 2021B contains a provision whereby the School Board will be charged a fair market rental, instead of the \$1 rental fee, in case of default.

The District has the following ground leases as of June 30, 2023:

State School Bonds

These bonds are issued by the SBE on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of debt service fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

District Revenue Bonds

District Revenue Bonds, Refunding Series 2020 – These bonds are authorized by Chapter 79-547 and 79-548, Special Acts of 1979, Laws of Florida, which provides that the bonds be secured from the pari-mutuel tax proceeds distributed annually to Pasco County from the State's Pari-Mutuel Tax Collection Trust Fund pursuant to Chapter 550, Florida Statutes (effective July 1, 2000, tax proceeds are distributed pursuant to Section 212.20(6)(d)7.a., Florida Statutes, now Section 212.20(6)(d)6.a., Florida Statutes). The approximate amount of pari-mutuel tax proceeds pledged is \$5,541,150, which represents the total amount of principal and interest still due, and the remaining period of the pledge is 28 years. The annual distribution is remitted by the Florida Department of Financial Services to the District. The District pledged 100 percent of these revenues for the Series 2020 bond issue until repaid. The Series 2020 bonds were issued to

provide funds, together with other available funds, sufficient to (1) finance the cost of the 2020 projects, and (2) pay issuance costs of the 2020 Series bonds. As required by the bond resolution, the District has established the sinking fund and reserve account and has accumulated and maintained adequate resources in the sinking fund and reserve account. For the 2022-2023 fiscal year, the District recognized \$223,250 in pledged revenue and paid \$197,275 of principal and interest.

These bonds are secured by a pledge of the proceeds received by the District from the levy and collection of the 45 percent of the one-cent local infrastructure sales surtax pursuant to Section 212.055(6), Florida Statutes. Proceeds of the bonds were used to finance major remodeling and infrastructure upgrades including technology of elementary, middle, and high schools within the District. The District pledged a total of \$42,580,117 of the local infrastructure sales surtax revenues in connection with the Sales Tax Revenue Bond issues described above. For the 2022-2023 fiscal year, the District recognized pledged revenue of 47,153,193 and paid \$19,355,000 in principal and \$1,956,566 in interest for all Series.

The District uses Master Equipment Lease Purchase Agreements (direct placement) to finance the purchase of vehicles and equipment. In the event of a default, the Lessor may terminate the Lease. The Lessor may also demand all appropriated, for the then current fiscal year, but unpaid rental payments. The Lessor may also request the District to convey any or all the equipment to the Lessor so the equipment can be sold or lease the equipment. The proceeds will be applied to the unpaid obligations.

For any fiscal year, the District may elect to non-appropriate the Lease Payments due under one or both of the Master Lease Agreements. In such event, the District must return all equipment leased under the respective Master Lease and pay any accrued but unpaid interest component of the Master Lease but there is no further obligation to pay principal components of the Master Lease and no acceleration.

As of June 30, 2023, the District has twenty-three direct borrowings with \$24.5 million outstanding under the Master Equipment Lease Purchase Agreement. Events of default related to Equipment Lease would be failure to pay within 10 days or failure to maintain insurance, failure to observe and perform any covenant, condition or agreement for a period of 30 days after written notice specifying such failure and requesting it be remedied. In addition, false statements or representation pursuant to the lease, any default occurs under any other agreement for borrowing money, lease financing, or otherwise receiving credit under which there is outstanding and aggregate amount in excess of \$100,000 of the District's current indebtedness, appointment of a receiver, trustee, custodian or liquidator of all or a substantial part of the assets of the District, filing of bankruptcy, consolidation, merger or otherwise combine with any other entity, or sell, lease or dispose of all or a substantial portion of assets.

J. Fund Balance Reporting

In addition to committed and assigned fund balance categories discussed in Note I.G.10., fund balances may be classified as follows:

Nonspendable Fund Balance. Nonspendable fund balance is the net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means an item is not expected to be converted to cash.

Restricted Fund Balance. Restricted fund balance is the portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance.

Unassigned Fund Balance. The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and have not been restricted, committed, or assigned for specific purposes.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Chairman and Members of
The District School Board
of Pasco County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Pasco County, Florida (the “District”) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements, and have issued our report thereon dated January 17, 2024. Our report includes a reference to other auditors who audited the financial statements of the aggregate discretely presented component units, as described in our report on the District’s financial statements. This report does not include the results of the other auditors’ testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.800, *Rules of the Auditor General*, we reported certain matters to management of the District in a separate management letter dated January 17, 2024.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the School District of Pasco County, Florida (District) for the fiscal year ended June 30, 2024, and should be read in conjunction with the financial statements and notes thereto. The MD&A, and financial statements and notes thereto, are the responsibility of District management. The District has prepared the following discussion and analysis to: (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the District's financial activities, (c) identify changes in the District's financial position, (d) identify material deviations from the approved budget, and, (e) highlight significant issues in individual funds.

Financial Highlights

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District’s basic financial statements. The District’s basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements.

The government-wide financial statements provide both long-term and short-term information about the District’s overall financial status. The subsequent statements are fund financial statements that focus on individual parts of the District and provide greater detail of the District’s operations than the government-wide statements. Additionally, the basic financial statements include notes, which explain some of the information in the statements and provide more detailed data. The illustration below shows how the various parts of the financial section are arranged and related to one another.

Basic Financial Statements

Government-Wide Financial Statements The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner like those of a private-sector business.

The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources using an economic resources management focus. Assets plus deferred outflows of resources, less liabilities, and deferred inflows of resources, equals net position, which is a measure of the financial health of the District. The statement of activities presents information about the change in the District's net position and the results of its operations during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The statement of activities provides information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation and sick leave).

Both above government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The government-wide statements present the District's activities in three categories:

Governmental Activities - This represents most of the District's services, including its educational programs: basic, vocational, adult, exceptional education, and early childhood programs. Support functions, such as operation and maintenance of plant, pupil transportation, and administration are also included. Local property taxes and the State's education finance program provide most of the resources supporting these activities.

Business-Type Activities - The District charges fees to cover the cost of certain services it provides. The After School Enrichment Program (ASEP) is reported as a business-type activity. Also reported as a business-type activity is the Vending Program, which operates food and beverage machines throughout the District.

Component Units - The government-wide financial statements include not only the District itself (known as the primary government), the statements also include thirteen charter schools (Academy at the Farm, Inc., Athenian Academy of Pasco County, Inc., Classical Preparatory Charter School, Countryside Montessori Charter School, Creation Foundation Inc., [D/B/A Dayspring Academy for Education and the Arts], Creation Foundation Inc., [D/B/A Dayspring Jazz], Imagine School at Land O' Lakes, Innovation Preparatory Academy, Learning Lodge Academy, Pepin Academies of Pasco County, Inc., Pinecrest Academy Wesley Chapel, Pinecrest Academy Wesley Chapel High School, Plato Academy Trinity Charter School, Union Park Charter School) and the Pasco Education Foundation, Inc. (Foundation) as separate legal entities in this report. Financial information for these

component units is reported separately from the financial information presented for the primary government itself. Audited financial reports will be included in the Annual Comprehensive Financial Report (ACFR).

Charter schools are public schools that operate under a performance contract, or "charter" which frees them from many regulations created for traditional public schools while holding them accountable for academic and financial results. The charter contract between each charter school's governing board and the District details the school's mission, program, goals, students served, methods of assessment and ways to measure success. The length of time for which charters are granted varies by each school.

The Pasco County School Board Leasing Corporation (Leasing Corporation), although legally separate, was formed to facilitate financing for the acquisition of facilities and equipment. Due to the substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

Fund Financial Statements Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This contrasts with the entity-wide perspective contained in the government-wide statements. All District funds may be classified within one of three categories: governmental funds, proprietary funds or fiduciary funds as discussed below.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation of governmental funds to governmental activities.

The District maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance. The District's major funds are the General Fund, Special Revenue – Other Federal Programs, Special Revenue – Federal Education Stabilization Fund and

Capital Projects - Other Fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in the report.

Proprietary Funds - Proprietary funds are an accounting device used to accumulate and allocate costs internally among the District's various functions or may be established to account for activities in which a fee is charged for services. Two types of proprietary funds are maintained:

- Enterprise funds are used to report the same functions as business-type activities in the government-wide financial statements. The District uses an enterprise fund to account for its before and after-school childcare and vending programs. The District's major enterprise fund is the After School Enrichment Program (ASEP) Fund.
- Internal service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses internal service funds to account for its employees' self-insurance programs for property/casualty, liability, auto, workers' compensation, medical, on-site health clinics, pharmacy, and behavioral health programs; the energy management program; and exclusive agreements administered by the School Board. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds - Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as a donation, trust, scholarship, or student activity fund. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring the assets reported in these funds are used only for their intended purposes.

- The District uses a private-purpose trust fund to account for scholarship funds established by private donors.
- The District uses a pension trust fund to account for resources used to finance its early retirement program.
- The District uses custodial funds to account for resources held for student activities and groups.

Notes to Financial Statements The notes provide additional information essential to fully understand the data provided in the government-wide and fund financial statements.

Required Supplementary Information In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's progress in funding its obligation to provide Other Postemployment Benefits (OPEB) to its employees and supplementary information concerning the District's proportionate share of net pension liability and contributions to the defined benefit pension plan. The notes provide additional information essential for a full understanding of the data provided in the required supplementary information.

The District's net position was \$1,001.5 million on June 30, 2024, increasing \$133.7 million. The largest portion of the District's net position, \$970.8 million, reflects its net investment in capital assets (e.g., land, buildings, furniture and equipment, motor vehicles, software); less any accumulated depreciation and less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide educational and related services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

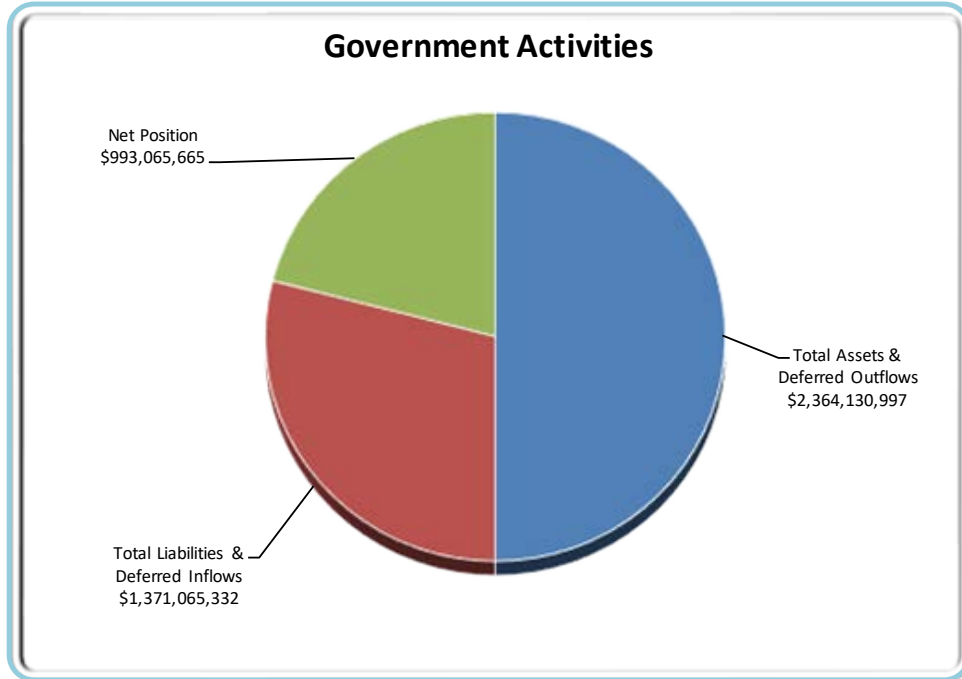

The restricted portion of the District's net position of \$263.8 million represents resources subject to external restrictions on how they may be used. The unrestricted net position, a deficit amount of \$233.1 million, was in part, the result of accruing the District's proportionate share of the State's pension liability, other postemployment benefits and compensated absences.

Financial Analysis of the Government’s Funds

Major Governmental Funds

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$51,574,531, while the total fund balance was \$189,405,184. Unassigned fund balance represents 6.5 percent of total General Fund expenditures, while total fund balance represents 23.9 percent. Fund balance of the District’s General Fund increased by \$22,713,713 during the 2023-24 fiscal year. Presented below is an overall analysis of the governmental funds as compared to the prior year.

<u>Fund Balance</u>	<u>2024</u>	<u>2023</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>
Major Governmental Funds:				
General Fund	\$ 189,405,184	\$ 166,691,471	\$ 22,713,713	13.6%

The table below illustrates General Fund revenues with a net increase of \$105,474,780, or 15.2 percent from the prior year primarily due to the reasons discussed below:

<u>Revenues and Net Other Financing Sources and Uses</u>	<u>2024</u>	<u>2023</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>

- Property tax revenue for operational purposes increased by \$80.9 million due to an increase in the taxable value including the additional voter approved millage.
- State revenues increased by \$25.5 million primarily due to an increase in Florida Education Finance Program funding.
- Other revenues increased by \$5.4 million largely due to interest earned on investments and inventory adjustments.
- Other financing sources and uses had a decrease of \$6.3 million. The decrease is due to transfers from the General Fund to cover the Internal Service Fund’s increased utility costs and other self-insurance reserves.

- Salaries increased by \$57.8 million or 15.1 percent primarily due to the salary referendum supplements as well as a three percent average in salary improvements.
- Employee benefit expenditures increased by \$24.4 million, or 16.7 percent due to increases in the FRS retirement rate and health insurance subsidy.
- Purchased services expenditures increased by \$21.3 million, or 22.0 percent, primarily due to outsourcing of substitute teachers to contracted services, as well as an increase due to distributions to Charter Schools from increased charter school FTE enrollment and increased state FEFP funding.
- Energy services expenditures increased by \$86 thousand, or .5 percent, due to increases in electricity rates.
- Materials and supplies expenditures increased by \$4.8 million or 42.8 percent, related to textbook and instructional material purchases.
- Capital outlay increased by \$983 thousand, or 67.4 percent, due to installation of radio frequency identification (RFID) across campuses.
- Other Expenditures increased by \$7.5 million, as a result of transfers to internal service and capital project funds.

The Capital Projects – Other Fund is used to account for the financial resources generated by various sources. Included in this fund are certificates of participation (COPS), capital outlay surtax, impact fees, school hardening grant funds, and notes/loans. The fund has a total fund balance of \$193,255,674 restricted for specific capital projects. The spending down of COPS proceeds reflects the fund balance decrease of \$67,621,548.

The Special Revenue – Other Federal Programs Fund had expenditures of \$72,262,164. Expenditures were primarily for salaries and benefits related to grant awards. Because revenues in this fund are recognized to the extent expenditures are incurred, this fund generally does not accumulate a fund balance.

The Special Revenue – Federal Education Stabilization Fund had expenditures of \$59,502,142. This fund accounts for certain Federal grant resources provided to facilitate assistance and relief in response to the COVID-19 pandemic.

Proprietary Funds District’s proprietary fund financial statements provide the same type of information found in the government-wide financial statements. The District has one major enterprise fund, the ASEP Fund. This ASEP Fund is used to account for its before and after school childcare programs. The Unrestricted net position of the Business-Type Activities, Enterprise Fund increased due to higher enrollment and fees in these programs.

General Fund Budgetary Highlights

The District’s original budget is prepared in accordance with Florida Statutes and is based on the modified accrual basis of accounting, which is the same basis used to account for actual transactions. The most significant budgeted fund is the General Fund.

During the 2023-24 fiscal year, the District amended its General Fund budget several times due primarily to changes in estimated Federal through State and local funding levels and made corresponding adjustments to planned expenditures to ensure maintenance of an adequate fund balance.

The General Fund actual expenditures were less than the budgeted appropriations. This is related to staff vacancies, enhanced cost containment measures due to the uncertainty of enrollment and state funding related to FES Scholarships, and the availability of supplemental American Rescue Plan (ESSER III) funds.

Capital Asset and Debt Administration

Capital Assets The District’s investment in capital assets for the governmental and business-type activities as of June 30, 2024, totals \$1,530,346,538 (net of accumulated depreciation). This investment in capital assets includes land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; audio visual materials; and computer software. The total increase in the District’s investment in capital assets (net of accumulated depreciation) for the current fiscal year was \$104.4 million or approximately 7.3 percent. The increase in net capital assets is attributed to the acquisitions of \$124.7 million, offset by deductions of \$20.2 million, net of depreciation expense.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Fiscal Year 2025 Budget and Economic Factors

The District's primary source of General fund discretionary operating revenue is District School Taxes derived from local Ad Valorem taxes. Revenue from local taxes is expected to increase by 7.8 percent in fiscal year 2024-25. The increase is primarily due to a growth in assessed property values and new construction. This increase in taxable value was offset by a decrease in the required local effort millage rate from 3.201 in fiscal year 2023-24 to 3.083 in fiscal year 2024-25, as established by the Florida Department of Revenue. Future budgets are dependent on the Florida Legislature, voter support and property tax values.

On August 23, 2022, Pasco County voters approved a referendum to raise the local millage rate by an amount not to exceed one mill annually. For the 2024-25 school year, approximately \$58.9 million will be generated with the one mill levy. The additional funds will be used for essential operating expenses to maintain salaries competitive in the market, attract and retain high-quality teachers, bus drivers, and other non-administrative school support employees and with annual reporting to Pasco County taxpayers for transparency for the use of these funds. The millage referendum will be placed before the voters every four years for renewal.

Florida Education Finance Program (FEFP) provides funding to Florida school districts based upon student enrollment (FTE). Enrollment is projected to increase by 3,990 FTE to 92,526 unweighted FTE including Charter School and Family Empowerment Scholarship (FES) enrollment. FEFP funding is expected to increase by \$43.7 million or 8.1 percent.

Salaries and benefits are the largest operating expenditures of the District, accounting for 61.6 percent of the operating budget or \$677.1 million. The District continues to experience staffing vacancies and turnover.

The District's self-insured health insurance program provides a variety of plans for District employees and their dependents. Determination of the share of costs between the employer and employee is subject to negotiations with bargaining units.

District local capital improvement tax is anticipated to be 11.9 percent higher in fiscal year 2024-25. The current Penny for Pasco is scheduled to expire in December 2024.

On November 8, 2022, Pasco County voters approved a second renewal to extend the Penny for Pasco Surtax for another fifteen years, beginning in January 2025. The purpose of the Penny for Pasco is for renovation of current facilities and for technology improvements.

Federal and state grant funding sources provided from ESSER III are non-recurring funds and will sunset in fall 2024.

**DISTRICT SCHOOL BOARD OF PASCO COUNTY
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2024**

Net Change in Fund Balances - Governmental Funds \$ (38,502,861)

Amounts reported for *governmental activities* in the statement of activities are different because:

Capital outlays are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Expenditures for capital assets	175,897,038	
Less current year depreciation	<u>(67,608,324)</u>	108,288,714

Capital assets donated to the District increase net position on the statement of activities.

However, they do not provide current financial resources and are not reported as revenues in the governmental funds. 61,064

The undepreciated cost of capital assets disposed of during the period is reported in the statement of activities. In the governmental funds, the cost of these assets was recognized as an expenditure in the year purchased. Thus, the change in net assets differs from the change in fund balance by the undepreciated cost of the assets disposed of. (3,875,549)

Long-term debt proceeds provide current financial resources to the governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Additionally, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized over the life of the debt in the statement of activities.

Principal payments	54,035,545	
Certificates of Participation	0	
Notes/Loans Issued	0	
Net decrease in deferred charges	(594,598)	
Net decrease in premiums and discounts	<u>6,406,902</u>	59,847,849

Some expenses in the statement of activities that do not require the use of current financial resources are not reported in the governmental funds:

Capital Credits to be received in future years		371,054
Compensated Absences		(3,723,648)
Accrued Interest on Long-Term Debt		1,955,183
Other postemployment benefits		0
Arbitrage		(492,335)

Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The change in net position of internal service funds is reported with governmental activities. 7,656,774

Change in Net Position of Governmental Activities \$ 131,586,245

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees charged to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the School District of Pasco County, Florida (District) governmental activities and for each segment of the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expenses are allocated to function/programs of the primary government.

B. Reporting Entity

The School Board of Pasco County, Florida (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is composed of five elected members. The elected Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Pasco County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading or incomplete. Based on these criteria, the following component units are included within the District's reporting entity:

Blended Component Unit. Blended component units are, in substance, part of the District's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the District. The Pasco County School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing and refinancing for the

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS

acquisition of facilities and equipment as further discussed in a subsequent note. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

Discretely Presented Component Units. The component units column in the government-wide financial statements include the financial data of the District's other component units. A separate column is used to emphasize that they are legally separate from the District.

The Pasco Education Foundation (Foundation) is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to receive, hold, invest, and administer property and to make expenditures to and for the benefit of the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit.

The District's charter schools are not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by its sponsor, the Pasco District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District.

Academy at the Farm, Inc., Athenian Academy of Pasco County, Inc., Classical Preparatory Charter School, Countryside Montessori Charter School, Creation Foundation Inc., (D/B/A Dayspring Academy for Education and the Arts), Creation Foundation Inc., (D/B/A Dayspring Jazz), Imagine School at Land O' Lakes, Innovation Preparatory Academy, Learning Lodge Academy, Pepin Academies of Pasco County, Inc., Pinecrest Academy Wesley Chapel, Pinecrest Academy Wesley Chapel High School, Plato Academy Trinity Charter School, Union Park Charter School

Audited financial reports will be included in the Annual Comprehensive Financial Report (ACFR). The audit reports will be filed in the District's administrative office at 7227 Land O' Lakes Blvd., Land O' Lakes, Florida 34638.

C. Basis of Presentation: Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and the internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used and net residual amounts between governmental and business-type activities.

D. Basis of Presentation: Fund Financial Statements

The fund financial statements provide information about the District's funds, including the proprietary funds and fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

General Fund – to account for all financial resources not required to be accounted for in another fund and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

Capital Projects – Other Fund – to account for the financial resources (e.g., certificates of participation capital outlay surtax, and financed purchases which are used for capital outlay needs) to be used for educational capital needs, including new construction and renovation and remodeling projects.

Special Revenue – Other Federal Programs Fund – to account for and report on certain Federal grant program resources.

Special Revenue – Federal Education Stabilization Fund – to account for certain Federal grant program resources provided as emergency relief to address the impact of COVID-19 on elementary and secondary schools.

The District reports the following major enterprise funds:

Enterprise Fund – After School Enrichment Program (ASEP) Fund – to account for the financial resources of the extended day program of the District.

Additionally, the District reports the following proprietary and fiduciary fund types:

- Enterprise Fund – Vending Program – to account for the operation of food and beverage machines throughout the District.
- Internal Service Funds – to account for the District's individual self-insurance programs.
- Pension Trust Fund – to account for resources used to finance the early retirement program.
- Private-Purpose Trust Fund – to account for resources of various scholarship funds that provide for medical benefits and educational support.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

- Custodial Funds – to account for resources of the school internal funds, which are used to administer money collected at several schools in connection with school, student athletic, class and club activities.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues from ad valorem taxes and interest on investments to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

recognized at the time the expenditure is made. Significant revenues such as ad valorem taxes, reimbursable-type grants, reimbursable-type capital improvements and interest on investments associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The District considers revenues from reimbursable-type grants and capital improvements to be available if they are collected within 12 months of the end of the current fiscal year. Expenditures are generally recognized when the related fund liability is incurred, as under modified accrual basis of accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The Foundation is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

F. Budgetary Information

Budgetary Basis of Accounting

The Board follows procedures established by State law and SBE rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by State law and SBE rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student transportation services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year end and encumbrances outstanding are honored from the subsequent year's appropriations.

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term liquid investments with original maturities of 3 months or less from the date of acquisition, except for investments held with paying agents. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, the Florida Fixed Income Trust Cash Pool (FL-FIT), the Florida Public Assets for Liquidity Management (FL PALM) and Florida Cooperative Liquid Assets Securities System (FLCLASS). Cash balances from the majority of funds are pooled for investment purposes. Earnings from such investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pools are managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts, and therefore all balances representing participants' equity in the investment pools are classified as either cash or investments for purposes of these statements.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statute.

2. Investments

Investments consist of amounts placed in the SBA debt service accounts for investment of debt service moneys, amounts placed with the SBA for participation in the Florida PRIME investment pool created by Section 218.405, Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investment in Florida PRIME, which the SBA indicates is a Securities and Exchange Commission Rule 2a-7 like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. This investment is reported at fair value, which is amortized cost.

Investments made locally consist of United States Treasury Securities and Federal Agency Securities, money market and bond mutual funds, corporate debt obligations, and commercial paper, and are reported at fair value. Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

3. Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption in the course of District operations. The valuation of the inventories is based on various methods and is presented at

cost. Warehouse (including purchased foods and supplies used by the District’s Food and Nutrition Services Department), maintenance, telecommunications, technology services, and transportation items are based on a weighted average. Fuel inventories are stated at last quoted price as of June 30, 2024. The United States Department of Agriculture surplus commodities are stated at their fair value as determined at the time of donation to the District’s food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

4. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation. Land and buildings acquired or constructed prior to July 1, 1972, are stated at estimated historical cost using price levels at the time of acquisition and, as a result, \$1,521,003 of stated land values and \$56,835,465 of stated building values are based on these estimates.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the costs of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Improvements Other than Buildings	15 years
Buildings and Fixed Equipment	20 - 40 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Audio Visual Materials and Computer Software	5 years

Current year information relative to changes in capital assets is described in Note II.D.

5. Pensions

In the government-wide statement of net position, liabilities are recognized for the District’s proportionate share of each pension plan’s net pension liability. For purposes of measuring the

net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan, the Health Insurance Subsidy (HIS) defined benefit plan, and Supplementary Early Retirement Plan (SERP) and additions to/deductions from the FRS, the HIS, and SERP fiduciary net position have been determined on the same basis as they are reported by the FRS, the HIS, and SERP plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans, and related amounts are described in a subsequent note.

6. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the bonds and certificates of participation using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize debt premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources, while discounts and premiums on debt issuances are reported as other financing uses and sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current year are reported in a subsequent note.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources expense until then. The District has three items that qualify for reporting in this category. The deferred outflows of resources related to pensions and OPEB are discussed in subsequent notes. The loss on refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to future periods and so will not be recognized

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

as an inflow of resources (revenue) until that time. The District has two types of items, those related to pension plans and those related to OPEB, which are discussed in subsequent notes.

8. Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

9. Fund Balance Flow Assumptions

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

10. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balances as of June 30, 2024.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has by policy authorized the Superintendent to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments,

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

H. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

2. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified time periods following the date of the original reporting. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided and require the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The District received an allocation from the State under the School Hardening Grant program and is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

3. District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Pasco County Property Appraiser, and property taxes are collected by the Pasco County Tax Collector.

The Board adopted the 2023 tax levy on September 11, 2023. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to four percent for early payment.

Taxes become a lien on the property on January 1 and are delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Pasco County Tax Collector at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in Note II.L.2.

4. Capital Outlay Surtax

In March 2004, the voters of Pasco County approved a one-cent sales tax (Penny for Pasco) authorized under Section 212.055(6), Florida Statutes. The Board receives 45 percent of the one-cent sales tax. The surtax levy commenced on January 1, 2005 and remained in effect for a period of ten years through December 31, 2014. Voters signaled their approval for the continuation of the sales tax for another ten years, beginning in January 2015. A third renewal was placed on the ballot for the November 8, 2022, election and approved by the voters, extending the Penny for Pasco Surtax for another fifteen years, beginning in January 2025.

5. Educational Impact Fees

Pasco County imposes an educational impact fee based on an ordinance adopted by the County Commission in 2001. This ordinance was most recently amended in October 2017 when Ordinance 89-21 established, in part, revised fees to be collected. The educational impact fee is collected for most new residential construction by the County and each municipality within the County based on an interlocal agreement. The fees are to be used solely for the purpose of

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS

providing capital improvements to the public educational system necessitated by new residential development and are not to be used for any expenditure that would be classified as a maintenance or repair expense. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest, and related costs of indebtedness necessitated by new residential development.

6. Voted Additional Millage

In August 2022, the voters of Pasco County approved up to a one mill ad valorem tax increase in the County for four years, effective July 1, 2023, to pay for essential operating expenses in accordance with Section 1011.71(9), Florida Statutes. Revenues will be used for the purpose of attracting, retaining, and improving the salaries of employees, except for administrative staff. The District has created the Salary Referendum Oversight Committee to provide oversight to the Board as it relates to the collection and distribution of the proceeds of the salary referendum.

7. Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. The FDOE may require adjustments to subsequent fiscal period expenditures and related revenues based upon an audit of the District's compliance with applicable Federal awards requirements. Normally, such adjustments are treated as reductions of expenditures and related revenues in the fiscal year when the adjustments are made.

8. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method.

The liability is based on the sick leave accumulated as of June 30, 2024 by those employees who are currently eligible to receive termination payments and those employees to whom it is probable that they will become eligible to receive termination benefits in the future. The criteria for determining the vacation and sick leave liability are derived from Board policy, negotiated agreements, and State law.

In the government wide financial statements, the entire compensated absences liability is reported. A liability for these amounts is reported in the governmental fund financial statements only in the amount payable to employees who terminated their employment as of the end of the fiscal year. The liability for compensated absences includes salary related benefits, where applicable.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

Changes in the compensated absences liability for the current year are further described in Note II.1.4.

9. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues and expenses of the After School Enrichment Program are charges for services provided and expenses related to a before and after-school childcare program. The principal operating revenues of the District's internal service funds are charges for employee health insurance, workers' compensation, general liability, and property insurance. The principal operating expenses include salaries and benefits for employees, insurance claims, and excess insurance coverage. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Unrestricted net position in the internal service funds is designated for future losses.

II. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Cash Deposits with Financial Institutions

Custodial Credit Risk. In the case of deposits, this is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk. All bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

(2) Amount includes \$112,234 held in Fiduciary Funds, allocated among various categories.

Money market funds are held with Fidelity Institutional Government Money Market Fund and have no unfunded commitments and invests in U.S. dollar-denominated money market securities of domestic and foreign issuers, U.S. Government securities, and repurchase agreements. This fund does not institute liquidity fees or redemption rates.

Fair Value Measurement. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The District's investments in SBA debt service accounts are valued using Level 1 inputs.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The SBA-Debt Service Account classified in Level 1 of the fair value hierarchy is valued using prices quoted in active markets for those securities. United States Treasury Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy limits investments of operating funds to a maximum of eighteen months as a means of managing its exposure to fair value losses arising from an increase in interest rates. Investments of reserves, project funds, debt proceeds and other non-operating funds are limited to a maximum of five years with the average duration of all these funds as a whole not to exceed three years.

Florida PRIME, FLPALM, FLCLASS and FLFIT use weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

For Florida PRIME, with regard to redemption gates, Section 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the executive director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the board [State Board of Administration] can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the executive director has instituted such measures and review the necessity of those measures. If the trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the executive director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the trustees shall vote to continue the measures for up to an additional 15 days. The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days." As of June 30, 2024, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

FLPALM has daily liquidity with unlimited investments and redemptions. The fund has investments in Negotiable Certificates of Deposit, Commercial Paper, Repurchase Agreements, Bank Deposits, Bank Notes, Corporate Notes, Money Market Funds, Federal Agency Bonds/Notes, and US Treasury Notes. The investment advisor, on behalf of the fund, determines the net asset value of the shares at the close of each business day and monitors the difference between the amortized cost and fair value. The Trustees of the fund can suspend the right of withdrawal or postpone the date of payment if the

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

Trustees determine there is an emergency that makes the sale of a Portfolio's securities or determination of its net asset value not reasonably practical.

FLCLASS has daily liquidity with unlimited investments and redemptions. The pool invests in high-grade commercial paper, certificates of deposit, asset backed commercial paper, repurchase agreements and approved money-market funds. Portfolio securities are priced to market on a daily basis.

FLFIT Cash Pool has daily liquidity with unlimited investments and redemptions. The fund has investments in Commercial Paper, Certificates of Deposit, Qualified Bank Deposits, FDIC Insured Deposits, Money Market Funds, and Short-Term Bond Funds.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the Local Government Surplus Funds Trust Fund [Florida PRIME], or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. The District's investment policy limits investments to Florida PRIME when rated at least at AAAM by Standard & Poor's or the equivalent by another Nationally Recognized Statistical Rating Organization (NRSRO), United States Treasury securities, obligations of United States Government agencies, Federal instrumentalities (United States Government Sponsored Enterprise("GSE")) limited to Federal Farm Credit Bank (FFCB), Federal Home Loan Bank or its District Banks (FHLB), Federal National Mortgage Association(FNMA) and the Federal Home Loan Mortgage Corporation(Freddie-Mac) including Federal Home Loan Mortgage Corporation participation certificates, Interest Bearing Time Deposit or Savings Accounts, Repurchase Agreements, Commercial Paper of any United States company that is rated, at the time of purchase, Prime 1 by Moody's and A-1 by Standards & Poor's (prime commercial paper), Corporate Notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum single A category by any two NRSROs, State and/or Local Government Taxable and/or Tax-Exempt Debt, general obligation and/or revenue bonds, rated at the time of purchase, at a minimum single A category by any two NRSROs for long-term debt, or rated at least MIG-1 by Moody's or SP-1 by Standard & Poor's for short-term debt, Money Market Mutual Funds rated AAAM by Standard & Poor's or the equivalent by another NRSRO, Short Term Bonds rated AAA or better by Standards & Poor's or the equivalent by another NRSRO and the Intergovernmental Investment Pools rated AAAM by Standard & Poor's or the equivalent by another NRSRO.

The District's investments in the SBA debt service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The District's investments were rated as follows: Treasury Securities were rated Aaa by Moody's and AA+ by Standard & Poor's, Florida PRIME was rated AAAm by Standard & Poor's, the Florida Public Assets for Liquidity Management fund is rated AAAm by Standard & Poor's, FLCLASS was rated AAAm by Standard & Poor's, money market funds were rated AAAm by Standard & Poor's, Florida FIT Cash Pool was rated AAaf/S1 by Standard & Poor's, Florida FIT Enhanced Cash Pool was rated AAaf/S1 by Standard & Poor's and the Florida FIT Select Cash Pool was rated AAaf/S1 by Standard & Poor's.

Custodial Credit Risk. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Section 218.415(18), Florida Statutes, requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in book entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a secured vault. The District's investment policy addresses custodial credit risk in that all securities are held with a third-party custodian; and all securities purchased by and all collateral obtained by the District should be properly designated as an asset of the District. The securities, except for investments in money market funds and local Government Investment pools, were held in an account separate and apart from the assets of the financial institution.

Concentration of Credit Risk. The District's investment policy has established permitted investment sectors which are designed to reduce concentration of credit risk of the District's investment portfolio.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The District policy does not allow for investments in foreign currency. Therefore, the District has no exposure to foreign currency risk.

E. Retirement Plans

This section reflects information for the prior fiscal year, and will be updated for June 30, 2024, in the Annual Comprehensive Financial Report (ACFR).

1. FRS – Defined Benefit Pension Plans

General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and

122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$54,634,366 for the fiscal year ended June 30, 2023.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are:

- *Regular* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers* – Members who hold specified elective offices in local government.
- *Senior Management Service* – Members in senior management level positions.
- *Special Risk* – Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional

personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<u>Regular Class members initially enrolled before July 1, 2011</u>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<u>Regular Class members initially enrolled on or after July 1, 2011</u>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<u>Elected District Officers</u>	3.00
<u>Senior Management Service Class</u>	2.00
<u>Special Risk</u>	3.00

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2022-23 fiscal year were as follows:

Class or Plan	Percent of Gross Salary	
	Employee	Employer
Florida Retirement System, Regular	3.00	11.91

Florida Retirement System, Reemployed Retiree	(2)	(2)

- (1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.
- (2) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$37,061,865 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. As of June 30, 2023, the District reported a liability of \$323,163,911 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District's proportionate share of the net pension liability was based on the District's 2021-22 fiscal year contributions relative to the total 2021-22 fiscal year contributions of all participating members. As of June 30, 2022, the District's proportionate share was 0.8685 percent, which was an increase of 0.0219 from its proportionate share of 0.8467 measured as of June 30, 2021.

Actuarial Assumptions. The total pension liability in the July 1, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	6.70 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Discount Rate. The discount rate used to measure the total pension liability was 6.7 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2022 valuation was decreased from 6.8 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.7 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.7 percent) or 1 percentage point higher (7.7 percent) than the current rate:

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2023, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2023, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding four years.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$6,963,182 for the fiscal year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. As of June 30, 2023, the District reported a net pension liability of \$121,885,880 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022 and updated procedures were used to determine the net pension liability as of June 30, 2022. The District's proportionate share of the net pension liability was based on the District's 2021-22 fiscal year contributions relative to the total 2021-22 fiscal year contributions of all participating members. As of June 30, 2022, the District's proportionate share was 1.1508 percent, which was an increase of 0.0275 from its proportionate share measured as of June 30, 2021.

For the fiscal year ended June 30, 2023, the District recognized the HIS Plan pension expense of \$6,565,054. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$6,963,182 will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount

Thereafter	(983,325)
Total	<u>\$ (6,809,001)</u>

Actuarial Assumptions. The total pension liability in the July 1, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases, average, including inflation	3.25%
Municipal Bond Rate	3.54%

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 3.54 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 2.16 percent to 3.54 percent.

2. FRS – Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members.

**THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024**

Allocations to the Investment Plan member accounts during the 2022-23 fiscal year were as follows:

Class	Percent of Gross Compensation
Florida Retirement System, Regular	9.30
Florida Retirement System, Elected County Officers	14.34
Florida Retirement System, Senior Management Service	10.67
Florida Retirement System, Special Risk	17.00

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2023, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District’s Investment Plan pension expense totaled \$14,968,724 for the fiscal year ended June 30, 2023.

3. Supplemental Early Retirement Plan

Plan Description.

As authorized by Section 1012.685, Florida Statutes, the Board implemented a Supplemental Early Retirement Plan (the “Plan”) effective July 1, 1983, and amended as of January 1, 1997. The Plan is a single-employer defined benefit pension plan. The purpose of the Plan is to provide District employees, who elected to retire under the early retirement provisions of the FRS, with a monthly benefit equal to the statutory reduction of the normal retirement benefits when early retirement precedes the normal retirement.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

On January 20, 2015, the Board ratified a new contract with the Union stating that, effective June 30, 2018, no employee or retiree will be permitted to begin receiving an early retirement benefit. Any employee or retiree already receiving a benefit will continue to receive any benefit to which he/she is entitled. Based on an actuarial report as of July 1, 2023, there are 324 retirees and beneficiaries receiving benefits. A summary of eligibility and benefits follow:

Eligibility. The participant must have elected early retirement under the FRS; attained the age of 50 but not have attained the age of 62 upon early retirement; been credited with at least 25 years (and who have reached the final step on the appropriate salary schedule) of service under the FRS upon early retirement; and completed at least 12 years of service in the District, with 10 of those years being consecutive.

Benefits. The amount of the monthly benefit will be equal to the reduction imposed on the retirement benefit by the FRS due to early retirement. The benefit amount will be based on the initial benefit amount determined by the FRS prior to any cost-of-living adjustments and will remain unchanged, once established, unless a specific increase is authorized by the Board. Effective July 1, 1997, the amount of early retirement benefits for new participants ages 50 through 54 has been reduced to a flat 35 percent of the FRS benefit, with this reduction phased-in over a period of four (4) years. In addition, the Plan was amended effective June 2011 to provide a one-time early retirement incentive payment for certain individuals who retired during that month. The payment was equal to 10 percent of the employee's annual salary to a maximum benefit of \$5,000.

Contributions and Reserves.

Pursuant to the Plan agreement, no contributions shall be required or permitted from any member. Board contributions shall be sufficient to meet the annual service cost of the Plan and to fund net pension liability within 30 years based on an actuarial study.

There are no long-term contracts to the Plan. Periodic employer contributions to the Plan are determined on an actuarial basis using the Entry Age Normal Cost Method. Annual service cost is funded on a current basis. Pursuant to Section 112.64, Florida Statutes, the unfunded actuarial accrued liability is funded over a 30-year period for participants prior to July 1, 1997 and funded over a 40-year period for the revised plan. Periodic contributions for both normal cost and the amortization of the unfunded actuarial liability are based on the level percentage of payroll method.

Significant actuarial assumptions used to compute annual required contributions are the same as those to determine the total pension liability. There have been no contributions to the Plan since fiscal year 2018-2019.

As of June 30, 2023, the actuarial accrued liability for benefits was \$15,582,590. The computation of the annual required contribution for the 2022-2023 fiscal year was based on the same: (a)

NOTES TO FINANCIAL STATEMENTS

actuarial assumptions, (b) benefit provisions, (c) actuarial funding method and (d) other significant factors used to determine the required annual contributions for the previous fiscal years.

Benefits and refunds are recognized when due and payable in accordance with terms of the Plan. All of the assets in the District's Pension Trust Fund are legally required reserves. None of the assets have been designated by the Board for any other specific purpose. Costs of administering the Plan are financed through the Plan's resources, which include employer contributions and investment earnings.

Summary of Significant Accounting Policies

The Plan is accounted for as a Pension Trust Fund; therefore, it is accounted for in substantially the same manner as a proprietary fund with a capital maintenance measurement focus and the accrual basis of accounting. Employer contributions are recognized in the period in which contributions are due. Benefits and refunds are recognized when due and payable in accordance with terms of the Plan. Plan assets are valued at fair value for financial statement purposes. Separate statements are not issued for the Plan.

Investments

The Board of the Early Retirement Program includes the same members as the District School Board of Pasco County which established and has the authority to amend the investment policy for the Plan. An Investment Oversight Committee monitors the investment performance and reports to the Board. On January 20, 2015, the Board approved an updated investment policy that allows the Plan to invest in equities and fixed income securities.

The following was the Board adopted asset allocation as of June 30, 2023:

Asset Class	Asset Allocation

Domestic Equity	19% - 59%	39%

F. Other Postemployment Benefit Plan

This section reflects information for the prior fiscal year, and will be updated for June 30, 2024, in the Annual Comprehensive Financial Report (ACFR).

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District that provides OPEB for all employees who satisfy the District’s retirement eligibility provisions. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the District and their eligible dependents, may continue to participate in the District’s health plan for medical, prescription drug, mental health/substance abuse, employee assistance program and life insurance. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees.

These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. Additionally, for certain retirees, the District pays a portion of the cost of health and pharmacy insurance benefits. For those retirees, the School Board contributes the same amount toward the retiree’s health insurance premium each year as it does toward an active employee’s premium. This contribution is contingent upon the retiree meeting all of the following conditions: 1) 30 years of service under Florida Retirement System or 25 years of service under FRS and at least age 50 at retirement; 2) 20 years of service in the District; 3) contributes his/her health insurance subsidy received from the State of Florida toward the cost of this medical premium; and 4) continues to participate in one of the Board-approved health plans after his/her retirement. An eligible retiree may receive a cash payment in lieu of receiving these benefits.

The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program parts A and B for their primary coverage as soon as they are eligible. The OPEB Plan does not issue a stand-alone report and is not included in the report of a public employee retirement system or another entity. The District has not advance-funded or established a funding methodology for the annual OPEB expense or the net OPEB Plan liability, and the OPEB Plan is financed on a pay-as-you-go basis. No assets are accumulated in a trust that meets all the criteria in GASB Statement No. 75. A copy of the actuarial report provided by GRS Retirement Consulting dated July 25, 2023 is available in the District’s Finance Services Department.

Employees Covered by Benefit Terms. As of June 30, 2021, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Ben	1,795
Active Employees	9,534
Total Plan Members	11,329

Total OPEB Liability. The District's total OPEB liability of \$97,777,206 was measured as of June 30, 2022 and was determined by an actuarial valuation as of June 30, 2021.

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25 percent
Salary Increases	Salary increase rates used in the July 1, 2021 actuarial valuation of the Florida Retirement System; 3.4 percent - 7.8 percent, including inflation
Discount Rate	3.69 percent
Healthcare Cost Trend Rates	Starting at 6.00 percent for 2022 and gradually decreasing according to the Getzen Model to an ultimate trend rate of 3.75 percent in 2040
Aging Factors	Based on the 2013 SOA Study "Health Care Costs – From Birth to Death."
Expenses	Administrative expenses are included in the per capita health costs.

The discount rate was based on the daily rate of Fidelity Investment's 20-Year Municipal General Obligation AA Index closest to but not later than the measurement date.

Demographic assumptions employed in the actuarial valuation were the same as those employed in the July 1, 2021, actuarial valuation of the FRS Defined Benefit Pension Plan. These demographic assumptions were developed by FRS from an Actuarial Experience Study, and therefore are appropriate for use in the OPEB Plan actuarial valuation. These include assumed rates of future termination, mortality, disability, and retirement. In addition, salary increase assumptions (for development of the pattern of the normal cost increases) were the same as those used in the July 1, 2021, actuarial valuation of the FRS Defined Benefit Pension Plan. Assumptions used in valuation of benefits for participants of the FRS Investment Plan are the same as for similarly situated participants of the FRS Defined Benefit Pension Plan.

H. Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, and general liability coverage are being provided on a self-insured basis up to specified limits. The District has entered into agreements with various insurance companies to provide specific excess coverage of claim amounts above the stated amount on an individual claim basis, and aggregate excess coverage when total claims, minus specific excess coverage, exceeds the loss fund established annually by the District. The District has contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

A third-party administrator, Florida Blue, Inc., administers the District's medical and pharmacy insurance program. In plan year 2024, the District paid \$45.68 per employee, per month for administrative fees. The payment agreement with Florida Blue provides for liability limits based on fixed rates and average numbers of insured employees and dependents. In plan year 2024, there was a \$850,000 specific stop loss deductible including medical and pharmacy, with an unlimited lifetime maximum per covered member. To remain in compliance with health care reform and the Patient Protection and Affordable Care Act, there are no longer lifetime maximums included in the Florida Blue plans.

Property and casualty coverage is obtained through a governmental insurance trust. The property insurance fund is used to track premiums and any claims expense. In the 2023-2024 fiscal year, the property insurance coverage amount is \$140 million for excess of loss limits for named windstorm.

Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past three fiscal years.

A liability in the amount of \$7,105,067 was actuarially determined to cover estimated incurred, but not paid, insurance claims payable as of June 30, 2024. The estimated insurance claims payable for the workers' compensation/property/liability programs were determined using the actuarial estimate for unpaid losses on an undiscounted basis. The estimated insurance claims payable for the self-insured health insurance program of \$6,964,000 was actuarially determined and includes medical and pharmacy claims.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The District entered into financing arrangements, which were characterized as lease-purchase agreements, with the Florida School Boards Association, whereby the District secured financing of various educational facilities. The financing was accomplished through the issuance of certificates of participation to be repaid from the proceeds of rents paid by the District. On March 1, 2004, the financing agreements with the Florida School Boards Association were assigned to the Leasing Corporation.

As a condition of the financing arrangement, the District gave ground leases on District property to the Leasing Corporation with a rental fee of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payment through to term, the District may be required to surrender the sites included under the various Ground Lease Agreements for the benefit of the securers of the Certificates for a period of time as specified by the arrangements. The Certificates of Participation Series 2014B contains a provision by which the purchaser can, upon the occurrence and continuation of an event of default, impose a default interest rate of the then applicable interest rate plus 2 percent not to exceed the maximum lawful rate. The Certificates of Participation Series 2021B contains a provision whereby the School Board will be charged a fair market rental, instead of the \$1 rental fee, in case of default.

The District has the following ground leases as of June 30, 2024:

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The various bonds were issued to finance capital outlay projects of the District. The following is a description of the bonded debt issues:

State School Bonds

These bonds are issued by the SBE on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of debt service fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

District Revenue Bonds

District Revenue Bonds, Refunding Series 2020 – These bonds are authorized by Chapter 79-547 and 79-548, Special Acts of 1979, Laws of Florida, which provides that the bonds be secured from the pari-mutuel tax proceeds distributed annually to Pasco County from the State's Pari-Mutuel Tax Collection Trust Fund pursuant to Chapter 550, Florida Statutes (effective July 1, 2000, tax proceeds are distributed pursuant to Section 212.20(6)(d)7.a., Florida Statutes, now Section 212.20(6)(d)6.a., Florida Statutes). The approximate amount of pari-mutuel tax proceeds pledged is \$5,341,570 which represents the total amount of principal and interest still due, and the remaining period of the pledge is 27 years. The annual distribution is remitted by the Florida Department of Financial Services to the District. The District pledged 100 percent of these revenues for the Series 2020 bond issue until repaid. The Series 2020 bonds were issued to provide funds, together with other available funds, sufficient to (1) finance the cost of the 2020 projects, and (2) pay issuance costs of the 2020 Series bonds. As required by the bond resolution, the District has established the sinking fund and reserve account and has accumulated and maintained adequate resources in the sinking fund and reserve account. For the 2023-2024 fiscal year, the District recognized \$223,250 in pledged revenue and paid \$199,400 of principal and interest.

District Sales Tax Revenue Bonds

These bonds are generally referred to as Sales Tax Revenue Bonds, Series 2013, Series 2016, and Series 2018, and are authorized by Chapter 212, 1001, and 1013, Florida Statutes. These bonds are secured by a pledge of the proceeds received by the District from the levy and collection of the 45 percent of the one-cent local infrastructure sales surtax pursuant to Section 212.055(6), Florida Statutes. Proceeds of the bonds were used to finance major remodeling and infrastructure upgrades including technology of elementary, middle, and high schools within the District. The District pledged a total of \$21,277,018 of the local infrastructure sales surtax revenues in connection with the Sales Tax Revenue Bond issues described above. For the 2023-2024 fiscal year, the District recognized pledged revenue of \$48,723,394 and paid \$20,105,000 in principal and \$1,198,099 in interest for all Series.

The District uses Master Equipment Lease Purchase Agreements (direct placement) to finance the purchase of vehicles and equipment. In the event of a default, the Lessor may terminate the Lease. The Lessor may also demand all appropriated, for the then current fiscal year, but unpaid rental payments. The Lessor may also request the District to convey any or all the equipment to the Lessor so the equipment can be sold or lease the equipment. The proceeds will be applied to the unpaid obligations.

For any fiscal year, the District may elect to non-appropriate the Lease Payments due under one or both of the Master Lease Agreements. In such event, the District must return all equipment leased under the respective Master Lease and pay any accrued but unpaid interest component of the Master Lease but there is no further obligation to pay principal components of the Master Lease and no acceleration.

As of June 30, 2024, the District has ten direct borrowings with \$14.5 million outstanding under the Master Equipment Lease Purchase Agreement. Events of default related to Equipment Lease would be failure to pay within 10 days or failure to maintain insurance, failure to observe and perform any covenant, condition or agreement for a period of 30 days after written notice specifying such failure and requesting it be remedied. In addition, false statements or representation pursuant to the lease, any default occurs under any other agreement for borrowing money, lease financing, or otherwise receiving credit under which there is outstanding and aggregate amount in excess of \$100,000 of the District's current indebtedness, appointment of a receiver, trustee, custodian or liquidator of all or a substantial part of the assets of the District, filing of bankruptcy, consolidation, merger or otherwise combine with any other entity, or sell, lease or dispose of all or a substantial portion of assets.

J. Fund Balance Reporting

In addition to committed and assigned fund balance categories discussed in Note I.G.10, fund balances may be classified as follows:

Nonspendable Fund Balance. Nonspendable fund balance is the net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means an item is not expected to be converted to cash.

Restricted Fund Balance. Restricted fund balance is the portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance.

Unassigned Fund Balance. The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and have not been restricted, committed, or assigned for specific purposes.

ARTICLE II
AUTHORIZATION, TERMS, EXECUTION AND
REGISTRATION OF BONDS

SECTION 2.1 AUTHORIZATION OF BONDS. This Resolution creates an issue of Bonds of the District to be designated as "School District of Pasco County, Florida, Sales Tax Revenue Bonds" which may be issued in one or more Series as hereinafter provided. The aggregate principal amount of the Bonds which may be executed and delivered under this Resolution is not limited except as is or may hereafter be provided in this Resolution or as limited by the Act or by law.

The Bonds may, if and when authorized by the Board pursuant to this Resolution, be issued in one or more Series, with such further appropriate particular designations added to or incorporated in such title for the Bonds of any particular Series as the Board may determine and

as may be necessary to distinguish such Bonds from the Bonds of any other Series. Each Bond shall bear upon its face the designation so determined for the Series to which it belongs.

The Bonds shall be issued for such purpose or purposes; shall bear interest at such rate or rates not exceeding the maximum rate permitted by law; and shall be payable in lawful money of the United States of America on such dates; all as determined herein or by Supplemental Resolution of the Board.

The Bonds shall be issued in such denominations and such form, whether coupon or registered; shall be dated such date; shall bear such numbers; shall be payable at such place or places; shall contain such redemption provisions; shall have such Paying Agents and Registrars; shall mature on October 1 in such years and amounts; and the proceeds shall be used in such manner; all as determined by Supplemental Resolution of the Board, and, in the case of the Series 2024 Bonds, by Section 2.2 hereof. The District may issue Bonds which may be secured by a Credit Facility or by a Bond Insurance Policy of an Insurer all as shall be determined by Supplemental Resolution of the Board.

Except to the extent otherwise provided in a Supplemental Resolution authorizing a Series of Bonds, the Board elects to use an immobilization system or pure book-entry system with respect to issuance of the Bonds, provided adequate records will be kept with respect to the ownership of Bonds issued in book-entry form or the beneficial ownership of Bonds issued in the name of a nominee. As long as any Bonds are Outstanding in book-entry form, the provisions of Sections 2.4 and 2.8 of this Resolution shall not be applicable to such book-entry Bonds.

SECTION 2.2 AUTHORIZATION AND DESCRIPTION OF SERIES 2024 BONDS.

(A) A Series of Bonds entitled to the benefit, protection and security of this Resolution is hereby authorized in the aggregate principal amount of not exceeding \$215,000,000 for the principal purpose of acquiring, installing and constructing the Series 2024 Project, and paying the costs of issuance incurred with respect to the Series 2024 Bonds. Such Series of Bonds shall be designated as, and shall be distinguished from the Bonds of all other Series by the title, "School District of Pasco County, Florida, Sales Tax Revenue Bonds, Series 2024"; provided the Board may change such designation in the event that the total amount of the Series 2024 Bonds authorized herein is not issued in a simultaneous transaction or the Series 2024 Bonds are not issued in calendar year 2024.

The Series 2024 Bonds shall be dated the day of their delivery or such other date as may be set forth by Supplemental Resolution of the Board; shall be issued as fully registered bonds in denominations of \$5,000 and integral multiples thereof, shall be numbered consecutively from one upward in order of maturity. The exact principal amount of the Series 2024 Bonds to be issued shall be determined by the Superintendent in accordance with this Section, provided such aggregate principal amount does not exceed \$215,000,000 and the final maturity date is no later than October 1, 2039. Said Series 2024 Bonds shall be payable semi-annually, on April 1

and October 1 of each year (the "Interest Dates") commencing April 1, 2025. The Series 2024 Bonds shall bear interest at such rates and yields, shall mature on October 1 of each of the years and in the principal amounts corresponding to such years, and shall have such redemption provisions, if any, as specified in the final Bond Purchase Agreement executed by the District in accordance with and subject to the conditions of Section 8.4 hereof.

Due to the present volatility of the market for tax-exempt obligations such as the Series 2024 Bonds, the complexity of the transactions relating to such Series 2024 Bonds, it is in the best interest of the Board that the Series 2024 Bonds be sold by a delegated negotiated sale in accordance with the terms hereof, allowing market entry at the most advantageous time, rather than at a specified advertised date, thereby obtaining the best possible price and interest rate for the Series 2024 Bonds.

(B) The principal of the Series 2024 Bonds is payable upon presentation and surrender of the Series 2024 Bonds at the office of the Paying Agent. Interest payable on the Series 2024 Bonds on any Interest Date will be paid by check or draft to the Holder in whose name such Bond shall be registered at the close of business on the date which shall be the fifteenth day (whether or not a business day) next preceding such Interest Date, or, unless otherwise provided by Supplemental Resolution, at the option of the Paying Agent, and at the request and expense of such Holder, by bank wire transfer for the account of such Holder. All payments of principal of or Redemption Price, if applicable, and interest on the Series 2024 Bonds shall be payable in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts.

(C) The Series 2024 Bonds shall be initially issued in the form of a separate single certificated fully registered Bond for each of the maturities of the Series 2024 Bonds. Upon initial issuance, the ownership of each such Series 2024 Bond shall be registered in the registration books kept by the Registrar in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"). Except as provided in this Section 2.2, all of the Outstanding Series 2024 Bonds shall be registered in the registration books kept by the Registrar in the name of Cede & Co., as nominee of DTC. As long as the Series 2024 Bonds shall be registered in the name of Cede & Co., all payments of principal on such Series 2024 Bonds shall be made by the Paying Agent by check or draft or by wire transfer to Cede & Co., as Holder of the Series 2024 Bonds.

With respect to Series 2024 Bonds registered in the registration books kept by the Registrar in the name of Cede & Co., as nominee of DTC, the Board, the Registrar and the Paying Agent shall have no responsibility or obligation to any participant in the DTC book-entry program (a "Participant") or to any indirect participant. Without limiting the immediately preceding sentence, the Board, the Registrar and the Paying Agent shall have no responsibility or obligation with respect to (A) the accuracy of the records of DTC, Cede & Co. or any Participant with respect to any ownership interest on the Series 2024 Bonds, (B) the delivery to any Participant or any other Person other than a Bondholder, as shown in the registration books kept by the Registrar, of any notice with respect to the Series 2024 Bonds, including any notice

of redemption, or (C) the payment to any Participant or any other Person, other than a Bondholder, as shown in the registration books kept by the Registrar, of any amount with respect to principal of, redemption premium, if any, or interest on the Series 2024 Bonds. The Board, the Registrar and the Paying Agent may treat and consider the Person in whose name each Series 2024 Bond is registered in the registration books kept by the Registrar as the Holder and absolute owner of such Series 2024 Bond for the purpose of payment of principal, redemption premium, if any, and interest with respect to such Series 2024 Bond, for the purpose of giving notices of redemption and other matters with respect to such Series 2024 Bond, for the purpose of registering transfers with respect to such Series 2024 Bond, and for all other purposes whatsoever. The Paying Agent shall pay all principal of, redemption premium, if any, and interest on the Series 2024 Bonds only to or upon the order of the respective Holders, as shown in the registration books kept by the Registrar, or their respective attorneys duly authorized in writing, as provided herein and all such payments shall be valid and effective to fully satisfy and discharge the Board's obligations with respect to payment of principal, redemption premium, if any, and interest on the Series 2024 Bond to the extent of the sum or sums so paid. No Person other than a Holder, as shown in the registration books kept by the Registrar, shall receive a certificated Series 2024 Bond evidencing the obligation of the Board to make payments of principal, redemption premium, if any, and interest pursuant to the provisions hereof. Upon delivery by DTC to the Board of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions herein with respect to transfers during the fifteen (15) days next preceding any Interest Payment Date or mailing of notice of redemption, the words "Cede & Co." in this Resolution shall refer to such new nominee of DTC; and upon receipt of such notice, the Board shall promptly deliver a copy of the same to the Registrar and the Paying Agent.

Upon (1) receipt by the Board of written notice from DTC (i) to the effect that a continuation of the requirement that all of the Outstanding Series 2024 Bonds be registered in the registration books kept by the Registrar in the name of Cede & Co., as nominee of DTC, is not in the best interest of the beneficial owners of the Series 2024 Bonds or (ii) to the effect that DTC is unable or unwilling to discharge its responsibilities and no substitute depository willing to undertake the functions of DTC hereunder can be found which is willing and able to undertake such functions upon reasonable and customary terms, or (2) determination by the Board that such book-entry only system is burdensome to the Board, the Series 2024 Bonds shall no longer be restricted to being registered in the registration books kept by the Registrar in the name of Cede & Co., as nominee of DTC, but may be registered in whatever name or names Holders shall designate, in accordance with the provisions hereof. In such event, the Board shall issue and the Registrar shall authenticate, transfer and exchange Series 2024 Bonds of like principal amount and maturity, in denominations of \$5,000 or any integral multiple thereof to the Holders thereof. The foregoing notwithstanding, until such time as participation in the book-entry only system is discontinued, the provisions set forth in the letter of representations executed by the Board and the Registrar and delivered to DTC in order to induce DTC to act as securities depository for the Series 2024 Bonds shall apply to the payment of principal of and interest on the Series 2024 Bonds. As long as any Series 2024 Bonds are Outstanding in book-

entry form, the provisions of Section 2.8 of this Resolution related to exchange and transfer of the Series 2024 Bonds shall not be applicable to such book-entry Series 2024 Bonds.

SECTION 2.3 APPLICATION OF BOND PROCEEDS. Except as otherwise provided by Supplemental Resolution of the Board, the proceeds derived from the sale of a Series of Bonds, including accrued interest and premium, if any, shall, simultaneously with the delivery of the Series of Bonds to the purchaser or purchasers thereof, be applied by the District as follows:

(A) Accrued interest, if any, and capitalized interest, shall be deposited in the Interest Account and shall be used only for the purpose of paying the interest which shall thereafter become due on the Series of Bonds;

(B) An amount equal to the Reserve Account Requirement, if any, shall be deposited in the Reserve Account, or a sufficient amount of the Series of Bonds proceeds shall be applied to the payment of the premiums of any Bond Insurance Policy and Reserve Fund Insurance Policy applicable to the Series of Bonds, if any, and to the payment of costs and expenses relating to the issuance of the Series of Bonds. Such amount or any portion thereof may, at the option of the District, be deposited in and disbursed from the Project Fund; and

(C) The balance of the Series of Bond proceeds, if any, shall be deposited in the Project Fund.

SECTION 2.4 EXECUTION OF BONDS. The Bonds shall be executed in the name of the District with the manual or facsimile signature of the Chairman and the official seal of the Board shall be imprinted thereon, attested and countersigned with the manual or facsimile signature of the Superintendent of Schools and Ex Officio Secretary to the Board. In case any one or more of the officers who shall have signed or sealed any of the Bonds or whose facsimile signature shall appear thereon shall cease to be such officer of the Board before the Bonds so signed and sealed have been actually sold and delivered, such Bonds may nevertheless be sold and delivered as herein provided and may be issued as if the person who signed or sealed such Bonds had not ceased to hold such office. Any Bond may be signed and sealed on behalf of the Board by such person who at the actual time of the execution of such Bond shall hold the proper office of the Board, although at the date of such Bond such person may not have held such office or may not have been so authorized. The Board may adopt and use for such purposes the facsimile signatures of any such persons who shall have held such offices at any time after the date of the adoption of this Resolution, notwithstanding that either or both shall have ceased to hold such office at the time the Bonds shall be actually sold and delivered.

SECTION 2.5 AUTHENTICATION. No Bond of any Series shall be secured hereunder or entitled to the benefit hereof or shall be valid or obligatory for any purpose unless there shall be manually endorsed on such Bond a certificate of authentication by the Registrar or such other entity as may be approved by the Board for such purpose. Such certificate on any Bond shall be conclusive evidence that such Bond has been duly authenticated and delivered under

this Resolution. The form of such certificate shall be substantially in the form provided in Section 2.9 hereof.

SECTION 2.6 TEMPORARY BONDS. Until the definitive Bonds of any Series are prepared, the Board may execute, in the same manner as is provided in Section 2.4 hereof, and deliver, upon authentication by the Registrar pursuant to Section 2.5 hereof, in lieu of definitive Bonds, but subject to the same provisions, limitations and conditions as the definitive Bonds, except as to the denominations thereof, one or more temporary Bonds substantially of the tenor of the definitive Bonds in lieu of which such temporary Bond or Bonds are issued, in denominations authorized by the Board by Supplemental Resolution, and with such omissions, insertions and variations as may be appropriate to temporary Bonds. The Board, at its own expense, shall prepare and execute definitive Bonds, which shall be authenticated by the Registrar. Upon the surrender of such temporary Bonds for exchange, the Registrar, without charge to the Holder thereof, shall deliver in exchange therefor definitive Bonds, of the same aggregate principal amount and Series and maturity as the temporary Bonds surrendered. Until so exchanged, the temporary Bonds shall in all respects be entitled to the same benefits and security as definitive Bonds issued pursuant to this Resolution. All temporary Bonds surrendered in exchange for another temporary Bond or Bonds or for a definitive Bond or Bonds shall be forthwith cancelled by the Registrar.

SECTION 2.7 BONDS MUTILATED, DESTROYED, STOLEN OR LOST. In case any Bond shall become mutilated, or be destroyed, stolen or lost, the Board may, in its discretion, issue and deliver, and the Registrar shall authenticate, a new Bond of like tenor as the Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond upon surrender and cancellation of such mutilated Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, and upon the Holder furnishing the District and the Registrar proof of his ownership thereof and satisfactory indemnity and complying with such other reasonable regulations and conditions as the District or the Registrar may prescribe and paying such expenses as the Board and the Registrar may incur. All Bonds so surrendered or otherwise substituted shall be cancelled by the Registrar. If any of the Bonds shall have matured or be about to mature, instead of issuing a substitute Bond, the Board may pay the same or cause the Bond to be paid, upon being indemnified as aforesaid, and if such Bonds be lost, stolen or destroyed, without surrender thereof.

Any such duplicate Bonds issued pursuant to this Section 2.7 shall constitute original, additional contractual obligations on the part of the District whether or not the lost, stolen or destroyed Bond be at any time found by anyone, and such duplicate Bond shall be entitled to equal and proportionate benefits and rights as to lien on the Pledged Funds to the same extent as all other Bonds issued hereunder.

SECTION 2.8 INTERCHANGEABILITY, NEGOTIABILITY AND TRANSFER. Bonds, upon surrender thereof at the office of the Registrar with a written instrument of transfer satisfactory to the Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing, may, at the option of the Holder thereof, be exchanged for an equal

aggregate principal amount of registered Bonds of the same Series and maturity of any other authorized denominations.

The Bonds issued under this Resolution shall be and have all the qualities and incidents of negotiable instruments under the law merchant and the Uniform Commercial Code of the State of Florida, subject to the provisions for registration and transfer contained in this Resolution and in the Bonds. So long as any of the Bonds shall remain Outstanding, the District shall maintain and keep, at the office of the Registrar, books for the registration and transfer of the Bonds.

The transfer of any Bond shall be registered only upon the books of the District, at the office of the Registrar, under such reasonable regulations as the District may prescribe, by the Holder thereof in person or by his attorney duly authorized in writing upon surrender thereof together with a written instrument of transfer satisfactory to the Registrar duly executed and guaranteed by the Holder or his duly authorized attorney. Upon the registration or transfer of any such Bond, the District shall issue, and cause to be authenticated, in the name of the transferee a new Bond or Bonds of the same aggregate principal amount, Series and maturity as the surrendered Bond. The Board, the Registrar and any Paying Agent or fiduciary of the Board may deem and treat the Person in whose name any Outstanding Bond shall be registered upon the books of the District as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal or Redemption Price, if applicable, and interest on such Bond and for all other purposes, and all such payments so made to any such Holder or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid and neither the District nor the Registrar nor any Paying Agent or other fiduciary of the District shall be affected by any notice to the contrary.

The Registrar, in any case where it is not also the Paying Agent in respect to any Series of Bonds, forthwith (A) following the fifteenth day prior to an Interest Payment Date for such Series; (B) following the fifteenth day next preceding the date of first mailing of notice of redemption of any Bonds of such Series; and (C) at any other time as reasonably requested by the Paying Agent of such Series, certify and furnish to such Paying Agent the names, addresses and holdings of Bondholders and any other relevant information reflected in the registration books. Any Paying Agent of any fully registered Bond shall effect payment of interest on such Bonds by mailing a check to the Holder entitled thereto or may, in lieu thereof, upon the request and at the expense of such Holder, transmit such payment by bank wire transfer for the account of such Holder.

In all cases in which the privilege of exchanging Bonds or the transfer of Bonds shall be registered, the Board shall execute and the Registrar shall authenticate and deliver such Bonds in accordance with the provisions of this Resolution. Execution of Bonds by the Chairman and Superintendent of Schools and Ex Officio Secretary to the Board for purposes of exchanging, replacing or registering the transfer of Bonds may occur at the time of the original delivery of the Series of which such Bonds are a part. All Bonds surrendered in any such exchanges or

registration of transfer shall be held by the Registrar in safekeeping until directed by the Board to be cancelled by the Registrar. For every such exchange or registration of transfer, the District or the Registrar may make a charge sufficient to reimburse it for any tax, fee, expense or other governmental charge required to be paid with respect to such exchange or registration of transfer. The District and the Registrar shall not be obligated to make any such exchange or transfer of Bonds of any Series during the fifteen (15) days next preceding an Interest Date on the Bonds of such Series (other than Capital Appreciation Bonds and Variable Rate Bonds), or, in the case of any proposed redemption of Bonds of such series, then, for the Bonds subject to redemption, during the fifteen (15) days next preceding the date of the first mailing of notice of such redemption and continuing until such redemption date.

SECTION 2.9 FORM OF BONDS. The text of the Bonds, except for Capital Appreciation Bonds and Variable Rate Bonds, the form of which shall be provided by Supplemental Resolution of the Board, shall be in substantially the following form with such omissions, insertions and variations as may be necessary and/or desirable and approved by the Chairman or the Superintendent of Schools and Ex Officio Secretary to the Board prior to the issuance thereof (which necessity and/or desirability and approval shall be presumed by such officer's execution of the Bonds and the District's delivery of the Bonds to the purchaser or purchasers thereof):

The Bonds are issuable in the form of fully registered Bonds in the denomination of \$5,000 and any integral multiple thereof, not exceeding the aggregate principal amount of the Bonds. The District, the Registrar and any Paying Agent may treat the Registered Holder of this Bond as the absolute owner hereof for all purposes, whether or not this Bond shall be overdue, and shall not be affected by any notice to the contrary. The District and the Registrar shall not be obligated to make any exchange or transfer of the Bonds during the fifteen (15) days next preceding an Interest Payment Date or, in the case of any proposed redemption of the Bonds, then, for the Bonds subject to redemption, during the fifteen (15) days next preceding the date of the first mailing of notice of such redemption.

**ARTICLE III
REDEMPTION OF BONDS**

SECTION 3.1 PRIVILEGE OF REDEMPTION. A Series of Bonds may be subject to optional and mandatory redemption in accordance with the terms of the Supplemental Resolution authorizing the issuance of such Series of Bonds. The Series 2024 Bonds shall be subject to optional and mandatory sinking fund redemption, if any, as set forth in the final Official Statement approved as provided herein.

SECTION 3.2 SELECTION OF BONDS TO BE REDEEMED. The Bonds shall be redeemed only in the principal amount of \$5,000 each and integral multiples thereof. The District shall, at least forty-five (45) days prior to the redemption date (unless a shorter time period shall be satisfactory to the Registrar but in no event less than thirty-five (35) days) notify the Registrar of such redemption date and of the principal amount of Bonds to be redeemed.

For purposes of any redemption of less than all of the Outstanding Bonds of a single maturity, the particular Bonds or portions of Bonds to be redeemed shall be selected not more than forty-five (45) and not less than thirty-five (35) days prior to the redemption date by the Registrar from the Outstanding Bonds of the maturity or maturities designated by the District or, if not so designated, by such other method as the Registrar shall deem fair and appropriate and which may provide for the selection for redemption of Bonds or portions of Bonds in principal amounts of \$5,000 and integral multiples thereof. If less than all of the Outstanding Bonds of a single maturity are to be redeemed, the Registrar shall promptly notify the District and Paying Agent (if the Registrar is not the Paying Agent for such Bonds) in writing of the Bonds or portions of Bonds selected for redemption and, in the case of any Bond selected for partial redemption, the principal amount thereof to be redeemed.

SECTION 3.3 NOTICE OF REDEMPTION. Notice of such redemption, which shall specify the Bond or Bonds (or portions thereof) to be redeemed and the date and place for redemption, shall be given by the Registrar on behalf of the District, and (A) shall be filed with the Paying Agents of such Bonds and (B) shall be mailed first class, postage prepaid, at least thirty (30) days and not more than sixty (60) days prior to the redemption date to all Holders of Bonds to be redeemed at their addresses as they appear on the registration books kept by the Registrar as of the date of mailing of such notice. Failure to mail notice to the Holders of the Bonds to be redeemed, or any defect therein, shall not affect the proceedings for redemption of Bonds as to which no such failure or defect has occurred.

Each notice of redemption shall state: (A) the CUSIP numbers of all Bonds being redeemed, (B) the original issue date of such Bonds, (C) the maturity date and rate of interest borne by each Bond being redeemed, (D) the redemption date, (E) the Redemption Price, (F) the date on which such notice is mailed, (G) if less than all Outstanding Bonds are to be redeemed, the certificate number (and, in the case of a partial redemption of any Bond, the principal amount) of each Bond to be redeemed, (H) that on such redemption date there shall become due and payable upon each Bond to be redeemed the Redemption Price thereof, or the Redemption

Price of the specified portions of the principal thereof in the case of Bonds to be redeemed in part only, together with interest accrued thereon to the redemption date, and that from and after such date interest thereon shall cease to accrue and be payable, (I) that the Bonds to be redeemed, whether as a whole or in part, are to be surrendered for payment of the Redemption Price at the designated office of the Registrar at an address specified and (J) unless sufficient funds have been set aside by the Board for such purpose prior to the mailing of the notice of redemption, that such redemption is conditioned upon the deposit of sufficient funds for such purpose on or prior to the date set for redemption; and provided, further, that such notice and the redemption set forth therein may be subject to the satisfaction of one or more additional conditions set forth therein.

The Board may provide that a redemption be contingent upon the occurrence of certain conditions and that if such conditions do not occur the notice of redemption will be rescinded, provided notice of rescission shall be mailed in the manner described above to all affected Bondholders not later than three business days prior to the date of redemption.

SECTION 3.4 REDEMPTION OF PORTIONS OF BONDS. Any Bond which is to be redeemed only in part shall be surrendered at any place of payment specified in the notice of redemption (with due endorsement by, or written instrument of transfer in form satisfactory to the Registrar duly executed by, the Holder thereof or his attorney duly authorized in writing) and the Board shall execute and the Registrar shall authenticate and deliver to the Holder of such Bond, without service charge, a new Bond or Bonds, of the same Series, interest rate and maturity, and of any authorized denomination as requested by such Holder, in an aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Bonds so surrendered.

SECTION 3.5 PAYMENT OF REDEEMED BONDS. Notice of redemption having been given substantially as aforesaid, the Bonds or portions of Bonds so to be redeemed shall, on the redemption date, become due and payable at the Redemption Price therein specified, and from and after such date (unless the District shall default in the payment of the Redemption Price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall be paid by the Registrar and/or paying Agent at the appropriate Redemption Price, plus accrued interest. Each check or other transfer of funds issued by the Paying Agent to pay the Redemption Price of Bonds being redeemed shall bear the number or numbers of such Bonds and identify the payments applicable to each CUSIP number. All Bonds which have been redeemed shall be canceled by the Registrar and shall not be reissued.

SECTION 3.6 PURCHASE IN LIEU OF OPTIONAL REDEMPTION. Notwithstanding anything in this Resolution to the contrary, at any time the Bonds are subject to optional redemption pursuant to this Resolution, all or a portion of the Bonds to be redeemed as specified in the notice of redemption, may be purchased by the Paying Agent, as trustee, at the direction of the District, on the date which would be the redemption date if such Bonds were redeemed rather than purchased in lieu thereof, at a purchase price equal to the

Redemption Price which would have been applicable to such Bonds on the redemption date for the account of and at the direction of the District who shall give the Paying Agent, as trustee, notice at least ten days prior to the scheduled redemption date accompanied by an opinion of Bond Counsel to the effect that such purchase will not adversely affect the exclusion from gross income for federal income tax purposes of interest on such Bonds or any other Outstanding Bonds. In the event the Paying Agent, as trustee, is so directed to purchase Bonds in lieu of optional redemption, no notice to the holders of the Bonds to be so purchased (other than the notice of redemption otherwise required under this Resolution) shall be required, and the Paying Agent, as trustee, shall be authorized to apply to such purchase the funds which would have been used to pay the Redemption Price for such Bonds if such Bonds had been redeemed rather than purchased. Each Bond so purchased shall not be canceled or discharged and shall be registered in the name of the District. Bonds to be purchased under this Resolution in the manner set forth above which are not delivered to the Paying Agent, as trustee, on the purchase date shall be deemed to have been so purchased and not optionally redeemed on the purchase date and shall cease to accrue interest as to the former holder thereof on the purchase date.

**ARTICLE IV
SECURITY, SPECIAL FUNDS AND
APPLICATION THEREOF**

SECTION 4.1 BONDS NOT TO BE INDEBTEDNESS OF DISTRICT. The Bonds shall not be or constitute general obligations or indebtedness of the District as "bonds" within the meaning of any constitutional or statutory provision, but shall be special obligations of the District, payable solely from and secured by a lien upon and pledge of the Pledged Funds in accordance with and to the extent set forth in this Resolution. No Holder of any Bond or any Credit Facility Provider or Insurer shall ever have the right to compel the exercise of any ad valorem taxing power to pay such Bond, or be entitled to payment of such Bond from any moneys of the District except from the Pledged Funds in the manner provided herein.

SECTION 4.2 SECURITY FOR BONDS. (A) Except as otherwise provided herein, the payment of the principal of or Redemption Price, if applicable, and interest on the Bonds shall be secured forthwith equally and ratably by a pledge of and lien upon the Pledged Funds; provided, however, a Series of Bonds may be further secured by a Credit Facility or a Bond Insurance Policy of an Insurer in addition to the security provided herein; and provided further that a Series of Bonds may be secured independently of any other Series of Bonds by the establishment of a Reserve Account for such Series of Bonds. The District does hereby irrevocably pledge the Pledged Funds to the payment of the principal of or Redemption Price, if applicable, and interest on the Bonds in accordance with the provisions hereof. The Pledged Funds shall immediately be subject to the lien of this pledge without any physical delivery thereof or further act, and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the District.

SECTION 4.3 PROJECT FUND. The District covenants and agrees to establish a special fund to be known as the "School District of Pasco County Sales Tax Revenue Bonds Project Fund," which shall be used only for payment of the Cost of the Projects. Moneys in the Project Fund, until applied in payment of any item of the Cost of a Project in the manner hereinafter provided, shall be held in trust by the District and shall be subject to a lien and charge in favor of the Holders of the Bonds and for the further security of such Holders.

The District shall establish within the Project Fund a separate account for each Project (including the Series 2024 Project), the Cost of which is to be paid in whole or in part out of the Project Fund.

The District covenants that the acquisition, construction and installation of each Project will be completed with due diligence and in accordance with sound engineering practices. The District shall make disbursements or payments from the Project Fund to pay the Cost of a Project upon the filing with the Superintendent of documents and/or certificates signed by the Superintendent, stating with respect to each disbursement or payment to be made: (A) the item number of the payment, (B) the name and address of the Person to whom payment is due, (C) the amount to be paid, (D) the Project Fund account from which payment is to be made, (E) the purpose, by general classification, for which payment is to be made, and (F) that (1) each obligation, item of cost or expense mentioned therein has been properly incurred, is in payment of a part of the Cost of a Project and is a proper charge against the account of the Project Fund from which payment is to be made and has not been the basis of any previous disbursement or payment, or (2) each obligation, item of cost or expense mentioned therein has been paid by the District, is a reimbursement of a part of the Cost of a Project, is a proper charge against the account of the Project Fund from which payment is to be made, has not been theretofore reimbursed to the District or otherwise been the basis of any previous disbursement or payment and the District is entitled to reimbursement thereof. The Superintendent shall retain all such certificates of the Superintendent for three (3) years from the dates of such documents and/or certificates. The Superintendent shall make available the documents and/or certificates at all reasonable times for inspection by any Holder of any of the Bonds or the agent or representative of any Holder of any of the Bonds.

Notwithstanding any of the other provisions of this Section 4.3, to the extent that other moneys are not available therefor, amounts in an account of the Project Fund with respect to any Series of Bonds shall be applied to the payment of principal and interest on such Bonds when due.

The date of completion of acquisition, construction and installation of a Project shall be determined by the Superintendent. Promptly after the date of the completion of a Project, and after paying or making provisions for the payment of all unpaid items of the Cost of such Project, the District shall deposit in the following order of priority any balance of moneys remaining in the Project Fund in (A) another account of the Project Fund for which the Authorized Board Officer has stated that there are insufficient moneys present to pay the Cost of the related Project or any account in the Debt Service Fund to remedy a deficiency therein,

and (B) such other fund or account established hereunder as shall be determined by the District, provided the District has received an opinion of Bond Counsel to the effect that such transfer shall not adversely affect the exclusion, if any, of interest on the Bonds from gross income for purposes of federal income taxation.

SECTION 4.4 FUNDS AND ACCOUNTS. The District covenants and agrees to establish special funds to be known as the "School District of Pasco County Sales Tax Revenue Bonds Revenue Fund", the "School District of Pasco County Sales Tax Revenue Bonds Debt Service Fund," and the "School District of Pasco County Sales Tax Revenue Bonds Rebate Fund." The District shall maintain in the Revenue Fund two accounts: the "Restricted Revenue Account" and the "Unrestricted Revenue Account." The District shall maintain in the Debt Service Fund four accounts: the "Interest Account," the "Principal Account," the "Bond Amortization Account" and the "Reserve Account." The District may create and establish by Supplemental Resolution, separate subaccounts in the Reserve Account with respect to and securing separate Series of Bonds, provided that moneys in the separate subaccounts in the Reserve Account shall secure only the Bonds of the Series designated to be secured thereby. Moneys in the aforementioned funds and accounts, other than the Rebate Fund and the Unrestricted Revenue Account, until applied in accordance with the provisions hereof, shall be subject to a lien and charge in favor of the Holders of the Bonds and for the further security of such Holders.

The District may at any time and from time to time appoint one or more depositaries to hold, for the benefit of the Bondholders, any one or more of the funds, accounts and subaccounts established hereby. Such depository or depositaries shall perform at the direction of the District the duties of the District in depositing, transferring and disbursing moneys to and from each of such funds and accounts as herein set forth, and all records of such depository in performing such duties shall be open at all reasonable times to inspection by the District and its agent and employees. Any such depository shall be a bank or trust company duly authorized to exercise corporate trust powers and subject to examination by federal or state authority, of good standing, and be qualified under State law for such purposes.

SECTION 4.5 DISPOSITION OF REVENUES.

(A) The District shall promptly deposit or credit the Sales Tax Revenues to the Restricted Revenue Account. The moneys in the Restricted Revenue Account shall be deposited or credited on or before the last day of each month, commencing in the month immediately following receipt of Sales Tax Revenues from the State, in the following manner and in the following order of priority.

(1) Interest Account. There shall be deposited or credited to the Interest Account an amount which, together with the balance in said Account, shall equal the interest on all Bonds Outstanding (except as to Capital Appreciation Bonds) accrued and unpaid and to accrue to the end of the current calendar month (assuming that a year consists of twelve (12) months of thirty (30) days each). All Federal Subsidy Payments shall be deposited directly to the Interest

Account upon receipt. Moneys in the Interest Account shall be used to pay interest on the Bonds as and when the same become due, whether by redemption or otherwise, and for no other purpose. Any Federal Subsidy Payments deposited to the Interest Account shall be deemed to have been applied to the payment of interest on the Federal Subsidy Bonds to which such Federal Subsidy Payments relate. The District shall adjust the amount of the deposit into the Interest Account not later than the month immediately preceding any Interest Date so as to provide sufficient moneys in the Interest Account to pay the interest on the Bonds coming due on such Interest Date. No further deposit need be made to the Interest Account when the moneys therein are equal to the interest coming due on the Outstanding Bonds on the next succeeding Interest Date.

(2) Principal Account. Commencing in the month which is one (1) year prior to the first principal payment date, there shall be deposited or credited to the Principal Account an amount which, together with the balance in said Account, shall equal the principal on Serial Bonds Outstanding due and unpaid and that portion of the principal next due which would have accrued on said Bonds during the then current calendar month if such principal amounts were deemed to accrue daily (assuming that a year consists of twelve (12) months of thirty (30) days each), in equal amounts from the next preceding principal due date, or if there is no such preceding principal due date, from a date one year preceding the due date of such principal amount. Moneys in the Principal Account shall be used to pay the principal of the Bonds as and when the same shall mature, and for no other purpose. Serial Capital Appreciation Bonds shall be payable from the Principal Account in the Bond Year in which such Bonds mature and monthly deposits or credits into the Principal Account shall commence in the month which is one year prior to the date on which such Bonds mature. The District shall adjust the amount of deposit to the Principal Account not later than the month immediately preceding any principal payment date so as to provide sufficient moneys in the Principal Account to pay the principal on Bonds becoming due on such principal payment date. No further deposit need be made to the Principal Account when the moneys therein are equal to the principal coming due on the Outstanding Bonds on the next succeeding principal payment date.

(3) Bond Amortization Account. Commencing in the month which is one year prior to any Amortization Installment due date, there shall be deposited or credited to the Bond Amortization Account an amount which, together with the balance in said Account, shall equal the Amortization Installments of all Bonds Outstanding due and unpaid and that portion of the Amortization Installment next due which would have accrued on said Bonds during the then current calendar month if such Amortization Installment were deemed to accrue daily (assuming that a year consists of twelve (12) months of thirty (30) days each), in equal amounts from the next preceding Amortization Installment due date, or if there is no such preceding Amortization Installment due date, from a date one (1) year preceding the due date of such Amortization Installment. Moneys in the Bond Amortization Account shall be used to purchase or redeem Term Bonds in the manner herein provided, and for no other purpose. The District shall adjust the amount of the deposit into the Bond Amortization Account not later than the month immediately preceding any date for payment of an Amortization Installment so as to provide sufficient moneys in the Bond Amortization Account to pay the Amortization

Installments on the Bonds coming due on such date. No further deposit need be made to the Bond Amortization Account when the moneys therein are equal to the Amortization Installments coming due on the Outstanding Bonds on the next succeeding Amortization Installment due date. Payments to the Bond Amortization Account shall be on a parity with payments to the Principal Account.

Amounts accumulated in the Bond Amortization Account with respect to any Amortization Installment (together with amounts accumulated in the Interest Account with respect to interest, if any, on the Term Bonds for which such Amortization Installment was established) may be applied by the District, on or prior to the sixtieth (60th) day preceding the due date of such Amortization Installment, (a) to the purchase of Term Bonds of the Series and maturity for which such Amortization Installment was established at a price not exceeding par plus accrued interest, or (b) to the redemption at the applicable Redemption Prices of such Term Bonds, if then redeemable by their terms at a price not exceeding par plus accrued interest. The applicable Redemption Price (or principal amount of maturing Term Bonds) of any Term Bonds so purchased or redeemed shall be deemed to constitute part of the Bond Amortization Account until such Amortization Installment due date, for the purposes of calculating the amount of such Account. As soon as practicable after the sixtieth (60th) day preceding the due date of any such Amortization Installment, the District shall proceed to call for redemption on such due date, by causing notice to be given as provided in Section 3.3 hereof, Term Bonds of the Series and maturity for which such Amortization Installment was established (except in the case of Term Bonds maturing on an Amortization Installment due date) in such amount as shall be necessary to complete the retirement of the unsatisfied balance of such Amortization Installment. The District shall pay out of the Bond Amortization Account and the Interest Account to the appropriate Paying Agents, on or before the day preceding such redemption date (or maturity date), the amount required for the redemption (or for the payment of such Term Bonds then maturing), and such amount shall be applied by such Paying Agents to such redemption (or payment). All expenses in connection with the purchase or redemption of Term Bonds shall be paid by the District from the Restricted Revenue Fund.

(4) Reserve Account. The District shall next deposit into the Reserve Account and the various subaccounts therein, if any, a sum sufficient to restore the funds on deposit in the Reserve Account and any subaccounts therein to an amount equal to the applicable Reserve Account Requirement, respectively. Moneys in the Reserve Account and any subaccounts therein shall be used only for the purpose of the payment of maturing principal of or interest or Amortization Installments on the Bonds to which they secure when the other moneys in the Debt Service Fund are insufficient therefor, and for no other purpose. However, whenever the moneys on deposit in the Reserve Account or any subaccount therein exceed the Reserve Account Requirement thereof, such excess shall be withdrawn and deposited into the Interest Account.

Upon the issuance of any Additional Bonds under the terms, limitations and conditions as herein provided, the District shall, on the date of delivery of such Additional Bonds, increase the sum required to be accumulated and maintained on deposit in the Reserve Account or

create a subaccount therein and deposit therein an amount to be at least equal to the Reserve Account Requirement on all Outstanding Bonds including the Additional Bonds then issued for which such Reserve Account or subaccount secures. Such required sum may be paid in full or in part from the proceeds of such Additional Bonds or may be accumulated in equal monthly payments to the Reserve Account or subaccount therein over a period of months from the date of issuance of the Additional Bonds, which shall not exceed the greater of (a) twelve (12) months, or (b) the number of months for which interest on such Additional Bonds has been capitalized, as determined by Supplemental Resolution. In the event moneys in the Reserve Account or subaccount therein are accumulated as provided above, (i) the amount in said Reserve Account or subaccount therein on the date of delivery of the Additional Bonds shall not be less than the Reserve Account Requirement on all Bonds Outstanding and secured by the Reserve Account or subaccount therein (excluding the Additional Bonds) on such date, and (ii) the incremental difference between the Reserve Account Requirement on all Bonds Outstanding and secured by the Reserve Account or subaccount therein (excluding the Additional Bonds) on the date of delivery of the Additional Bonds and the Reserve Account Requirement on all such Bonds and the Additional Bonds shall be fifty percent (50%) funded upon delivery of the Additional Bonds.

Notwithstanding the foregoing, in lieu of or in substitution for the required deposits into the Reserve Account or a subaccount therein, the District may, with the prior written consent of the Insurer of a Series of Bonds, if any, or the holders of not less than a majority of the Series of Bonds, cause to be deposited into the Reserve Account or a subaccount therein a Reserve Fund Insurance Policy and/or a Reserve Fund Letter of Credit in an amount equal to the difference between the Reserve Account Requirement and the sums then on deposit in the Reserve Account or a subaccount therein plus the amounts to be deposited therein pursuant to the preceding paragraph. The issuer providing such Reserve Fund Insurance Policy and/or Reserve Fund Letter of Credit shall either be (a) an insurer (i) whose municipal bond insurance policies insuring the payment, when due, of the principal of and interest on municipal bond issue results in such issues being rated in one of the three highest rating categories (without regard to gradations, such as "plus" or "minus" of such category) by either Standard & Poor's, Moody's or Fitch or (ii) who holds the highest policyholder rating accorded insurers by A.M. Best & Company, or any comparable service, or (b) a commercial bank, insurance company or other financial institution the obligations payable or guaranteed by which have been assigned a rating by Moody's, Standard & Poor's or Fitch in one of the two highest rating categories (without regard to gradations, such as "plus" or "minus" of such categories).

In the event the Reserve Account or a subaccount therein contains both a Reserve Fund Insurance Policy or Reserve Fund Letter of Credit and cash, the cash shall be drawn down completely prior to any draw on the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit. In the event more than one Reserve Fund Insurance Policy or Reserve Fund Letter of Credit is on deposit in the Reserve Account or a subaccount therein, amounts required to be drawn thereon shall be done on a pro-rata basis calculated by reference to the maximum amounts available thereunder. The District agrees to pay all amounts owing in regard to any Reserve Fund Insurance Policy or Reserve Fund Letter of Credit from the Sales Tax Revenues.

Sales Tax Revenues shall be applied in accordance with this Section 4.5 (A)(4), on a pro-rata basis, to reimburse the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit for amounts advanced under such instruments, replenish any cash deficiencies in the Reserve Account or a subaccount therein, and to pay the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit interest on amounts advanced under such instruments. This Resolution shall not be discharged or defeased while any obligations are owing in regard to a Reserve Fund Insurance Policy or Reserve Fund Letter of Credit on deposit in the Reserve Account or a subaccount therein. The District agrees not to optionally redeem or exercise its rights to an extraordinary mandatory redemption or refund Bonds unless all amounts owing in regard to a Reserve Fund Insurance Policy or Reserve Fund Letter of Credit on deposit in the Reserve Account and any subaccount therein have been paid in full.

If five (5) days prior to an Interest Payment Date, principal payment date or mandatory Amortization Installment is due or such other period of time as shall be established pursuant to a Supplemental Resolution, the District shall determine that a deficiency exists in the amount of moneys available to pay in accordance with the terms hereof interest, principal or mandatory Amortization Installment due on the Bonds on such date, the District shall immediately notify (1) the issuer of the applicable Reserve Fund Insurance Policy and/or the issuer of the Reserve Fund Letter of Credit and submit a demand for payment pursuant to the provisions of such Reserve Fund Insurance Policy and/or Reserve Fund Letter of Credit, and (2) the Paying Agent of the amount of such deficiency and the date on which such payment is due, and shall take all action to cause such District to provide moneys sufficient to pay all amounts due on such payment date.

The District may evidence its obligation to reimburse the issuer of any Reserve Fund Letter of Credit or Reserve Fund Insurance Policy by executing and delivering to such issuer a promissory note or reimbursement agreement therefore; provided, however, any such note or agreement (1) shall not be or create a general obligation of the District the payment of which is secured by the full faith and credit or taxing power of the District, and (2) shall be payable or obligate the District to pay solely from the Pledged Funds in the manner provided herein.

To the extent the District causes to be deposited into the Reserve Account or a subaccount therein a Reserve Fund Insurance Policy and/or a Reserve Fund Letter of Credit for a term of years shorter than the life of the Bonds, then the Reserve Fund Insurance Policy and/or the Reserve Fund Letter of Credit shall provide, among other things, that the issuer thereof shall provide the District and the Paying Agents with notice as of each anniversary of the date of the issuance of the Reserve Fund Insurance Policy and/or the Reserve Fund Letter of Credit of the intention of the issuer thereof to either (1) extend the term of the Reserve Fund Insurance Policy and/or the Reserve Fund Letter of Credit beyond the expiration dates thereof, or (2) terminate the Reserve Fund Insurance Policy and/or the Reserve Fund Letter of Credit on the initial expiration dates thereof or such other future date as the issuer thereof shall have established. If the issuer of the Reserve Fund Insurance Policy and/or the Reserve Fund Letter of Credit notifies the District pursuant to clause (2) of the immediately preceding sentence or if the District terminates the Reserve Fund Letter of Credit and/or Reserve Fund Insurance Policy,

then the District shall deposit into the Reserve Account, on or prior to the end of the first full calendar month following the date on which such notice is received or given by the District and each month thereafter, such sums as shall be sufficient to pay an amount equal to a fraction, the numerator of which is one (1) and the denominator of which is equal to the number of months remaining in the term of the Reserve Fund Insurance Policy and/or the Reserve Fund Letter of Credit on the date such notice was received or given multiplied by the maximum amount available, assuming full reimbursement by the District, under the Reserve Fund Letter of Credit and/or the Reserve Fund Insurance Policy until amounts on deposit in the Reserve Account, as a result of the aforementioned deposits, and no later than upon the expiration of such Reserve Fund Insurance Policy and/or such Reserve Fund Letter of Credit, shall be equal to the Reserve Account Requirement.

Additionally, Reserve Fund Letters of Credit shall be for a term of not less than three years. The issuer of the Reserve Fund Letter of Credit shall be required to notify the District and the Paying Agent, not later than thirty (30) months prior to the stated expiration date of the Reserve Fund Letter of Credit, as to whether such expiration date shall be extended, and if so, shall indicate the new expiration date.

The Reserve Fund Letter of Credit shall permit to draw in full not less than two weeks prior to the expiration or termination of such Reserve Fund Letter of Credit if the Reserve Fund Letter of Credit has not been replaced or renewed. The Reserve Fund Letter of Credit shall direct the Paying Agent to draw upon the Reserve Fund Letter of Credit five days prior to its expiration or termination unless an acceptable replacement is in place or the funds contained in the Reserve Account or a subaccount therein is equal to the applicable Reserve Account Requirement on all Outstanding Bonds theretofore issued and secured by such Reserve Account or subaccount.

The obligation to reimburse the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit for any fees, expenses, claims or draws upon such Reserve Fund Insurance Policy or Reserve Fund Letter of Credit shall be subordinate to the payment of debt service on the Bonds. The right of the issuer of a Reserve Fund Insurance Policy or Reserve Fund Letter of Credit to payment of reimbursement of its fees and expenses shall be subordinated to cash replenishment of the Reserve Account, and subject to the second and third succeeding sentences, its right to reimbursement for claims or draws shall be prior to the replenishment of the cash drawn from the Reserve Account or a subaccount therein. The Reserve Fund Insurance Policy or Reserve Fund Letter of Credit shall provide for a revolving feature under which the amount available thereunder will be reinstated to the extent of any reimbursement of draws or claims paid. If the revolving feature is suspended or terminated for any reason, the right of the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit reimbursement will be further subordinated to cash replenishment of the Reserve Fund or subaccount therein to an amount equal to the difference between the full original amount available under the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit and the amount then available for further draws or claims. If (1) the issuer of a Reserve Fund Insurance Policy or Reserve Fund Letter of Credit becomes insolvent or (2) the issuer of a

Reserve Fund Insurance Policy or Reserve Fund Letter of Credit defaults in its payment obligations thereunder or (3) the claims-paying ability of the issuer of the Reserve Fund Insurance Policy does not equal at least a S&P "AA-" or Moody's "Aa3" or Fitch "AA-" or (4) the rating of the issuer of the Reserve Fund Letter of Credit does not equal at least a S&P "AA-" or Moody's "Aa3" or Fitch "AA-", the obligation to reimburse the issuer of the Reserve Fund Insurance Policy or Reserve Fund Letter of Credit shall be subordinate to the cash replenishment of the Reserve Account or subaccount therein.

(5) Annual Funding. There shall be next deposited to the Interest Account, the Principal Account and the Bond Amortization Account, in that order, sufficient moneys such that the amounts on deposit therein shall equal, respectively, the interest and principal (including any Amortization Installment) next coming due on all Outstanding Bonds during the current Bond Year.

(6) Unrestricted Revenue Account. (A) The balance of any moneys after the deposits required by Sections 4.5 (A)(1) through 4.5 (A)(5) hereof may be transferred, at the discretion of the District, to the Unrestricted Revenue Account or any other appropriate fund or account of the District and may be used for any lawful purpose. In the event moneys on deposit in the Interest Account, the Principal Account and the Bond Amortization Account on the third day prior to an Interest Date are not sufficient to pay the principal of and interest on the Bonds coming due at such Interest Date, the District shall transfer moneys from the Unrestricted Revenue Account to the appropriate Account of the Debt Service Fund to provide for such payment. Any moneys remaining in the Unrestricted Revenue Account on each Interest Date may be used for any lawful purpose.

(B) The District agrees that moneys in the Interest Account, the Principal Account and the Bond Amortization Account shall be used to pay the principal of or Redemption Price, if applicable, and interest on the Bonds only to the extent that such moneys are permitted to be used for such purpose by the Act. The District shall employ such accounting procedures as shall be necessary to ensure compliance with the Act.

(C) The District, in its discretion, may use moneys in the Principal Account and the Interest Account to purchase or redeem Bonds coming due on the next principal payment date, provided such purchase or redemption does not adversely affect the District's ability to pay the principal or interest coming due on such principal payment date on the Bonds not so purchased or redeemed.

(D) At least two (2) business days prior to the date established for payment of any principal of or Redemption Price, if applicable, or interest on the Bonds, the District shall withdraw from the appropriate account of the Debt Service Fund sufficient moneys to pay such principal or Redemption Price, if applicable, or interest and deposit such moneys with the Paying Agent for the Bonds to be paid.

(E) In the event the District shall issue a Series of Bonds secured by a Credit Facility, the District may establish such separate subaccounts in the Interest Account, the Principal Account and the Bond Amortization Account to provide for payment of the principal of and interest on such Series; provided one Series of Bonds shall not have preference in payment from Pledged Funds over any other Series of Bonds. The District may also deposit moneys in such subaccounts at such other times and in such other amounts from those provided in this Section 4.5 as shall be necessary to pay the principal of and interest on such Bonds as the same shall become due, all as provided by the Supplemental Resolution authorizing such Bonds.

In the case of Bonds secured by a Credit Facility, amounts on deposit in any subaccounts established for such Bonds may be applied as provided in the applicable Supplemental Resolution to reimburse the Credit Facility Provider for amounts drawn under such Credit Facility to pay the principal of or Redemption Price, if applicable, and interest on such Bonds or to pay the purchase price of any such Bonds which are tendered by the Holders thereof for payment.

SECTION 4.6 REBATE FUND. Amounts on deposit in the Rebate Fund shall be held in trust by the District and used solely to make required rebates to the United States (except to the extent the same may be transferred to the District) and the Bondholders shall have no right to have the same applied for debt service on the Bonds. For any Series of Bonds for which the rebate requirements of Section 148(f) of the Code are applicable, the District agrees to undertake all actions required of it in its arbitrage certificate related to such Series of Bonds, including, but not limited to:

(A) making a determination in accordance with the Code of the amount required to be deposited in the Rebate Fund;

(B) depositing the amount determined in clause (A) above into the Rebate Fund;

(C) paying on the dates and in the manner required by the Code to the United States Treasury from the Rebate Fund and any other legally available moneys of the District such amounts as shall be required by the Code to be rebated to the United States Treasury; and

(D) keeping such records of the determinations made pursuant to this Section 4.6 as shall be required by the Code, as well as evidence of the fair market value of any investments purchased with proceeds of the Bonds.

The provisions of the above-described arbitrage certificate may be amended without the consent of any Holder, Credit Facility Provider or Insurer from time to time as shall be necessary, in the opinion of Bond Counsel, to comply with the provisions of the Code.

SECTION 4.7 INVESTMENTS. Moneys on deposit in the Project Fund, the Restricted Revenue Account and the Debt Service Fund shall be continuously secured in the manner by which the deposit of public funds are authorized to be secured by the laws of the State. Moneys

on deposit in the Project Fund, the Restricted Revenue Account and the Debt Service Fund other than the Reserve Account, may be invested and reinvested in Authorized Investments maturing not later than the date on which the moneys therein will be needed for the purposes of such fund or account. Moneys on deposit in the Reserve Account may be invested and reinvested in Authorized Investments which shall mature not later than the maturity date of the Series of Bonds secured. All investments shall be valued at least annually at the current market value.

Any and all income received by the District from the investment of moneys in each account of the Project Fund, the Interest Account, the Principal Account, the Bond Amortization Account, the Restricted Revenue Account and the Reserve Account and subaccounts therein (to the extent the amount on deposit therein is no less than the applicable Reserve Account Requirement) shall be retained in such respective Fund, Account or subaccount. Any and all income received by the District from investment of moneys in the Reserve Account or a subaccount therein (to the extent the amount on deposit therein is greater than the applicable Reserve Account Requirement) shall be deposited in the Interest Account.

Nothing contained in this Resolution shall prevent any Authorized Investments acquired as investments of or security for funds held under this Resolution from being issued or held in book-entry form on the books of the Department of the Treasury of the United States.

SECTION 4.8 SEPARATE ACCOUNTS. The moneys required to be accounted for in each of the foregoing funds, accounts and subaccounts established herein may be deposited in a single, non-exclusive bank account, and funds allocated to the various funds, accounts and subaccounts established herein may be invested in a common investment pool, provided that adequate accounting records are maintained to reflect and control the restricted allocation of the moneys on deposit therein and such investments for the various purposes of such funds, accounts and subaccounts as herein provided.

The designation and establishment of the various funds, accounts and subaccounts in and by this Resolution shall not be construed to require the establishment of any completely independent, self-balancing funds as such term is commonly defined and used in governmental accounting, but rather is intended solely to constitute an earmarking of certain revenues for certain purposes and to establish certain priorities for application of such revenues as herein provided.

ARTICLE V
SUBORDINATED INDEBTEDNESS,
ADDITIONAL BONDS, AND COVENANTS OF DISTRICT

SECTION 5.1 SUBORDINATED INDEBTEDNESS. The District will not issue any other obligations, except under the conditions and expressly in the manner provided herein, payable from the Pledged Funds or voluntarily create or cause to be created any debt, lien, pledge, assignment, encumbrance or other charge having priority to or being on a parity with

the lien thereon in favor of the Bonds and the interest thereon. The District may at any time or from time to time issue evidences of indebtedness payable in whole or in part out of the Pledged Funds and which may be secured by a pledge of the Pledged Funds; provided, however, that such pledge shall be, and shall be expressed to be, subordinated in all respects to the pledge of the Pledged Funds created by this Resolution. The District shall have the right to covenant with the holders from time to time of any Subordinated Indebtedness to add to the conditions, limitations and restrictions under which any Additional Bonds may be issued pursuant to Section 5.2 hereof. The District agrees to pay promptly any Subordinated Indebtedness as the same shall become due.

SECTION 5.2 ISSUANCE OF ADDITIONAL BONDS. No Additional Bonds, payable on a parity with the Bonds then Outstanding pursuant to this Resolution, shall be issued except upon the conditions and in the manner herein provided.

The District may issue one or more Series of Additional Bonds for any one or more of the following purposes: financing the Cost of a Project, or the completion thereof, or refunding any or all Outstanding Bonds or of any Subordinated Indebtedness of the District. No such Additional Bonds shall be issued unless the following conditions are complied with:

(A) Except as otherwise provided in Section 5.2(H) hereof, there shall have been obtained and filed with the District a statement of the Chief Financial Officer: (1) stating that the books and records of the District relating to the Sales Tax Revenues have been reviewed by such officer; (2) setting forth the amount of the Sales Tax Revenues which have been received by the District during any twelve (12) consecutive months designated by the District within the eighteen (18) months immediately preceding the date of delivery of such Additional Bonds with respect to which such statement is made, which amounts need not be audited; and (3) stating that the amount of the Sales Tax Revenues received during the aforementioned 12-month period equals at least 1.35 times the Maximum Annual Debt Service on all Bonds then Outstanding and such Additional Bonds with respect to which such statement is made. Such report of the Chief Financial Officer may be partially based upon certification of certain matters related to the calculation of Maximum Annual Debt Service by the District's financial advisor.

(B) For the purpose of determining the Maximum Annual Debt Service under this Section 5.2, the interest rate on additional parity Variable Rate Additional Bonds then proposed to be issued and on Variable Rate Bonds then Outstanding shall be deemed to be the lesser of (1) the interest rate for the 30 year Revenue Bond Index published by The Bond Buyer no more than two weeks prior to the sale of the Variable Rate Additional Bonds, or (2) the Maximum Interest Rate.

(C) Additional Bonds shall be deemed to have been issued pursuant to this Resolution the same as the Outstanding Bonds, and all of the other covenants and other provisions of this Resolution (except as to details of such Additional Bonds inconsistent therewith) shall be for the equal benefit, protection and security of the Holders of all Bonds issued pursuant to this Resolution. Except as provided in Sections 4.2 and 4.5 hereof, all Bonds, regardless of the time

or times of their issuance, shall rank equally with respect to their lien on the Pledged Funds and their sources and security for payment therefrom without preference of any Bonds over any other; provided, however, that the District shall include a provision in any Supplemental Resolution authorizing the issuance of Variable Rate Additional Bonds pursuant to this Section 5.2 that in the event the principal thereof is accelerated due to such Bonds being held by the issuer of a Credit Facility, the lien of such Bonds on the Pledged Funds shall be subordinate in all respects to the pledge of the Pledged Funds created by this Resolution.

(D) Each Supplemental Resolution authorizing the issuance of Additional Bonds will recite that all of the covenants herein contained applicable to the Additional Bonds, will be applicable to such Additional Bonds and shall require the debt service requirements of such Additional Bonds be included in the determination of the Maximum Annual Debt Service for purposes of meeting the applicable Reserve Account requirements.

(E) The District shall not be in breach of the covenants and obligations assumed hereunder, and all payments herein required to have been made into the funds and accounts, as provided hereunder, shall have been made to the full extent required.

(F) In the event that the Act is amended to provide for additional sales tax revenues and the District elects by Supplemental Resolution to include such additional sales tax revenues within the pledge created by the Resolution, the Superintendent shall assume that such additional amounts were collected during the applicable twelve (12) consecutive month period if such additional sales tax revenues are a result of (1) an increase in the sales tax levied on the same sales tax base, or (2) an increase in the minimum portion of sales tax revenues distributed to the District on the same sales tax base.

(G) Prior to the issuance of Additional Bonds, the District shall certify to each provider of Reserve Fund Insurance Policies and Reserve Fund Letters of Credit that the receipt of Sales Tax Revenues are sufficient to meet the requirements of subparagraph (A) of this Section 5.2 and be sufficient to pay all policy costs then due and owing under such Reserve Fund Insurance Policies and Reserve Fund Letters of Credit.

(H) In the event any Additional Bonds are issued for the purpose of refunding any Bonds then Outstanding, the conditions of Section 5.2(A) hereof shall not apply, provided that the issuance of such Additional Bonds shall not result in an increase of aggregate debt service in any Bond Year. The conditions of Section 5.2(A) hereof shall apply to Additional Bonds issued to refund Subordinated Indebtedness and to Additional Bonds issued for refunding purposes which cannot meet the conditions of this paragraph.

SECTION 5.3 BOND ANTICIPATION NOTES. The District may issue notes in anticipation of the issuance of Bonds which shall have such terms and details and be secured in such manner, not inconsistent with this Resolution including Sections 5.1 and 5.2 hereof; related to parity or subordinate obligations, as shall be provided by resolution of the District.

SECTION 5.4 ACCESSION OF SUBORDINATED INDEBTEDNESS TO PARITY STATUS WITH BONDS. The District may provide for the accession of Subordinated Indebtedness to the status of complete parity with the Bonds, if (A) the District shall meet all the requirements imposed upon the issuance of Additional Bonds by Section 5.2 hereof, assuming, for purposes of said requirements, that such Subordinated Indebtedness shall be Additional Bonds and (B) the Reserve Account or a subaccount therein, upon such accession, shall contain an amount equal to the applicable Reserve Account Requirement in accordance with Section 4.5(A)(4) hereof. If the aforementioned conditions are satisfied, the Subordinated Indebtedness shall be deemed to have been issued pursuant to this Resolution the same as the Outstanding Bonds, and such Subordinated Indebtedness shall be considered Bonds for all purposes provided in this Resolution.

SECTION 5.5 BOOKS AND RECORDS. The District will keep books and records of the receipt of the Sales Tax Revenues in accordance with generally accepted accounting principles, and any Credit Facility Provider, Insurer, or Holder or Holders of at least \$1,000,000 aggregate principal amount of Bonds shall have the right at all reasonable times to inspect the records, accounts and data of the District relating thereto.

SECTION 5.6 ANNUAL AUDIT. The District shall, immediately after the close of each Fiscal Year, cause the financial statements of the District to be properly audited by a recognized independent certified public accountant or recognized independent firm of certified public accountants, and shall require such accountants to complete their report on the annual financial statements in accordance with applicable law. The annual financial statement shall be prepared in conformity with generally accepted accounting principles as applied to governmental entities.

SECTION 5.7 RECEIPT OF SALES TAX REVENUES. The District covenants to do all things necessary or required on its part by the Act, or otherwise to maintain the levy, collection and receipt of the Sales Tax Revenues. The District shall exercise all legally available remedies to enforce such levy, collection and receipt now or hereafter available under law. The District will not take any action, or enter into any agreement that shall result in reducing the level of Sales Tax Revenues received by the District from that level prevailing at the time the District takes such action or enters into such agreement.

SECTION 5.8 COVENANTS WITH CREDIT FACILITY PROVIDERS AND INSURERS. The District may make such covenants as it may, in its sole discretion, determine to be appropriate with any Insurer, Credit Facility Provider or other financial institution that shall agree to insure or to provide for Bonds of any one or more Series credit or liquidity support that shall enhance the security or the value of such Bonds. Such covenants may be set forth in the applicable Supplemental Resolution and shall be binding on the District, the Registrar, the Paying Agent and all the Holders of Bonds the same as if such covenants were set forth in full in this Resolution.

SECTION 5.9 FEDERAL INCOME TAX COVENANTS; TAXABLE BONDS.

(A) The District covenants with the Holders of each Series of Bonds (other than Taxable Bonds and Federal Subsidy Bonds), that it shall not use the proceeds of such Series of Bonds in any manner which would cause the interest on such Series of Bonds to be or become includable in gross income for purposes of federal income taxation.

(B) The District covenants with the Holders of each Series of Bonds (other than Taxable Bonds and Federal Subsidy Bonds) that neither the District nor any Person under its control or direction will make any use of the proceeds of such Series of Bonds (or amounts deemed to be proceeds under the Code) in any manner which would cause such Series of Bonds to be "arbitrage bonds" within the meaning of the Code and neither the District nor any other Person shall do any act or fail to do any act which would cause the interest on such Series of Bonds to become includable in gross income for purposes of federal income taxation.

(C) The District hereby covenants with the Holders of each Series of Bonds (other than Taxable Bonds and Federal Subsidy Bonds) that it will comply with all provisions of the Code necessary to maintain the exclusion of interest on the Bonds from gross income for purposes of federal income taxation, including, in particular, the payment of any amount required to be rebated to the U.S. Treasury pursuant to the Code.

(D) The District may, if it so elects, issue one or more Series of Taxable Bonds the interest on which is or may be includable in the gross income of the Holder thereof for federal income taxation purposes, so long as each Bond of such Series states in the body thereof that interest payable thereon is or may be subject to federal income taxation and provided that the issuance thereof will not cause the interest on any other Bonds theretofore issued hereunder to be or become subject to federal income taxation. The covenants set forth in paragraphs (A), (B) and (C) above shall not apply to any Taxable Bonds and Federal Subsidy Bonds.

SECTION 5.10 COVENANTS RELATING TO FEDERAL SUBSIDY BONDS.

The District covenants with respect to any Bonds issued as Federal Subsidy Bonds that it will:

(A) File, on a timely basis, Internal Revenue Service Form 8038-CP or such other form or forms required by the United States Department of Treasury to receive Federal Subsidy Payments in connection with any Bonds issued as Federal Subsidy Bonds.

(B) Deposit promptly the Federal Subsidy Payments received from the United States Department of Treasury, if any, to the Interest Account of the Debt Service Fund to pay interest on the Federal Subsidy Bonds.

(C) Comply with all provisions of the Code, all Treasury Regulations promulgated thereunder, and any applicable notice, ruling or other formal interpretation issued by the

United States Department of Treasury or the Internal Revenue Service, in order for the Bonds issued as Federal Subsidy Bonds to be and to remain Federal Subsidy Bonds.

(D) Not take any action, or fail to take any action, if any such action or failure to take such action would adversely affect the District's receipt of Federal Subsidy Payments or the status of the Bonds issued as Federal Subsidy Bonds, or any portion thereof, as Federal Subsidy Bonds. The District covenants that it will not directly or indirectly use or permit the use of any proceeds of Bonds issued as Federal Subsidy Bonds or any other of its funds or take or omit to take any action that would cause the Bonds issued as Federal Subsidy Bonds to be or become "arbitrage bonds" within the meaning of Section 148(a) or to fail to meet any other applicable requirements of the Code.

ARTICLE VI DEFAULTS AND REMEDIES

SECTION 6.1 EVENTS OF DEFAULT. The following events shall each constitute an "Event of Default":

(A) Default shall be made in the payment of the principal of, Amortization Installment, redemption premium or interest on any Bond when due. In determining whether a payment default has occurred, no effect shall be given to payment made under a Bond Insurance Policy.

(B) There shall occur the dissolution or liquidation of the District, or the filing by the District of a voluntary petition in bankruptcy, or the commission by the District of any act of bankruptcy, or adjudication of the District as a bankrupt, or assignment by the District for the benefit of its creditors, or appointment of a receiver for the District, or the entry by the District into an agreement of composition with its creditors, or the approval by a court of competent jurisdiction of a petition applicable to the District in any proceeding for its reorganization instituted under the provisions of the Federal Bankruptcy Act, as amended, or under any similar act in any jurisdiction which may now be in effect or hereafter enacted.

(C) The District shall default in the due and punctual performance of any other of the covenants, conditions, agreements and provisions contained in the Bonds or in this Resolution on the part of the District to be performed, and such default shall continue for a period of thirty (30) days after written notice of such default shall have been received from the Holders of not less than twenty-five percent (25%) of the aggregate principal amount of Bonds Outstanding or the Insurer of such amount of Bonds or any Credit Facility Provider. Notwithstanding the foregoing, the District shall not be deemed in default hereunder if such default can be cured within a reasonable period of time, but not to exceed 60 days without the consent of the Insurer, and if the District in good faith institutes curative action and diligently pursues such action until the default has been corrected.

SECTION 6.2 REMEDIES. Any Holder of Bonds issued under the provisions of this Resolution or any trustee or receiver acting for such Bondholders may either at law or in equity,

by suit, action, mandamus or other proceedings in any court of competent jurisdiction, protect and enforce any and all rights under the laws of the State of Florida, or granted and contained in this Resolution, and may enforce and compel the performance of all duties required by this Resolution or by any applicable statutes to be performed by the District or by any officer thereof; provided, however, that no Holder, trustee or receiver shall have the right to declare the Bonds immediately due and payable.

The Holder or Holders of Bonds in an aggregate principal amount of not less than twenty-five percent (25%) of the Bonds then Outstanding may, by a duly executed certificate in writing, appoint a trustee for Holders of Bonds issued pursuant to this Resolution with authority to represent such Bondholders in any legal proceedings for the enforcement and protection of the rights of such Bondholders and such certificate shall be executed by such Bondholders or their duly authorized attorneys or representatives, and shall be filed in the office of the Superintendent. Notice of such appointment, together with evidence of the requisite signatures of the Holders of not less than twenty-five percent (25%) in aggregate principal amount of Bonds Outstanding and the trust instrument under which the trustee shall have agreed to serve shall be filed with the District and the trustee and notice of appointment shall be given to all Holders of Bonds in the same manner as notices of redemption are given hereunder. After the appointment of the first trustee hereunder, no further trustees may be appointed; however, the holders of a majority in aggregate principal amount of all the Bonds then Outstanding may remove the trustee initially appointed and appoint a successor and subsequent successors at any time.

SECTION 6.3 DIRECTIONS TO TRUSTEE AS TO REMEDIAL PROCEEDINGS.

The Holders of a majority in principal amount of the Bonds then Outstanding (or any Insurer insuring any then Outstanding Bonds) have the right, by an instrument or concurrent instruments in writing executed and delivered to the trustee, to direct the method and place of conducting all remedial proceedings to be taken by the trustee hereunder, provided that such direction shall not be otherwise than in accordance with law or the provisions hereof, and that the trustee shall have the right to decline to follow any such direction which in the opinion of the trustee would be unjustly prejudicial to Holders of Bonds not parties to such direction.

SECTION 6.4 REMEDIES CUMULATIVE. No remedy herein conferred upon or reserved to the Bondholders is intended to be exclusive of any other remedy or remedies, and each and every such remedy shall be cumulative, and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

SECTION 6.5 WAIVER OF DEFAULT. No delay or omission of any Bondholder to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default, or an acquiescence therein; and every power and remedy given by this Section 6.2 to the Bondholders may be exercised from time to time, and as often as may be deemed expedient. No Event of Default may be waived without the consent of each Insurer, which has not failed to honor all its obligations under its bond insurance policy.

SECTION 6.6 APPLICATION OF MONEYS AFTER DEFAULT. If an Event of Default shall happen and shall not have been remedied, the District or a trustee or receiver appointed for the purpose shall apply all Pledged Funds (except as for amounts in the Reserve Account or a subaccount therein which shall be applied to the payment of the Series of Bonds for which it was established) as follows and in the following order:

(A) To the payment of the reasonable and proper charges, expenses and liabilities of the trustee or receiver, Registrar and Paying Agent hereunder; and

(B) To the payment of the interest and principal or Redemption Price, if applicable, then due on the Bonds (provided such payments are made in accordance with applicable law), as follows:

(1) Unless the principal of all the Bonds shall have become due and payable, all such moneys shall be applied:

FIRST: to the payment to the Persons entitled thereto of all installments of interest then due, in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the Persons entitled thereto, without any discrimination or preference;

SECOND: to the payment to the Persons entitled thereto of the unpaid principal of any of the Bonds which shall have become due at maturity or upon mandatory redemption prior to maturity (other than Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of Section 8.1 of this Resolution), in the order of their due dates, with interest upon such Bonds from the respective dates upon which they became due, and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment first of such interest, ratably according to the amount of such interest due on such date, and then to the payment of such principal, ratably according to the amount of such principal due on such date, to the Persons entitled thereto without any discrimination or preference; and

THIRD: to the payment of the Redemption Price of any Bonds called for optional redemption pursuant to the provisions of this Resolution.

(2) If the principal of all the Bonds shall have become due and payable, all such moneys shall be applied to the payment of the principal and interest then due and unpaid upon the Bonds, with interest thereon as aforesaid, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due

respectively for principal and interest, to the Persons entitled thereto without any discrimination or preference.

SECTION 6.7 CONTROL BY INSURER. Upon the occurrence and continuance of an Event of Default, each Insurer, if such Insurer shall not have defaulted under its Bond Insurance Policy, Reserve Fund Insurance Policy and Reserve Fund Letter of Credit, shall be entitled to direct and control the enforcement of all right and remedies with respect to the Bonds it shall insure, including any waiver of an Event of Default and it shall be considered the sole Holder of such Series of Bonds for purposes of exercising remedies available hereunder. The District shall provide each Insurer and Credit Facility Provider immediate notice of any Event of Default described in Section 6.1(A) hereof and notice of any other Event of Default occurring hereunder within thirty (30) days of the occurrence thereof.

ARTICLE VII SUPPLEMENTAL RESOLUTIONS

SECTION 7.1 SUPPLEMENTAL RESOLUTION WITHOUT BONDHOLDERS' CONSENT. The Board, from time to time and at any time, may adopt such Supplemental Resolutions without the consent of the Bondholders (which Supplemental Resolution shall thereafter form a part hereof) for any of the following purposes:

(A) To cure any ambiguity or formal defect or omission or to correct any inconsistent provisions in this Resolution or to clarify any matters or questions arising hereunder;

(B) To grant to or confer upon the Bondholders any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Bondholders;

(C) To add to the conditions, limitations and restrictions on the issuance of Bonds under the provisions of this Resolution other conditions, limitations and restrictions thereafter to be observed;

(D) To add to the covenants and agreements of the District in this Resolution other covenants and agreements thereafter to be observed by the District or to surrender any right or power herein reserved to or conferred upon the District;

(E) To specify and determine the matters and things referred to in Sections 2.1, 2.2 or 2.9 hereof, and also any other matters and things relative to such Bonds which are not contrary to or inconsistent with this Resolution as theretofore in effect, or to amend, modify or rescind any such authorization, specification or determination at any time prior to the first delivery of such Bonds;

(F) To authorize Projects or to change or modify the description of any Project;

(G) To specify and determine matters necessary or desirable for the issuance of Capital Appreciation Bonds, Federal Subsidy Bonds or Variable Rate Bonds;

(H) To provide for the establishment of a Reserve Account to additionally secure one or more Series of Bonds issued hereunder or to substitute a Reserve Fund Insurance Policy or a Reserve Fund Letter of Credit as permitted by Section 4.5(A)(4) hereof; or

(I) To provide for the establishment of a separate subaccount or subaccounts in the Reserve Account which shall independently secure one or more Series of Bonds issued hereunder.

(J) To make any other change that, in the opinion of the District, would not materially adversely affect the security for the Bonds; provided the District receives the written consent of the Insurer of any Bonds which are Outstanding at the time such Supplemental Resolution shall take effect.

SECTION 7.2 SUPPLEMENTAL RESOLUTION WITH BONDHOLDERS' AND INSURER'S CONSENT. Subject to the terms and provisions contained in this Section 7.2 and Sections 7.1 and 7.3 hereof, the Holder or Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, from time to time, anything contained in this Resolution to the contrary notwithstanding, to consent to and approve the adoption of such Supplemental Resolution or Resolutions hereto as shall be deemed necessary or desirable by the District for the purpose of supplementing, modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Resolution; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified Series or maturity remain Outstanding, the consent of the Holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this Section 7.2. Any Supplemental Resolution which is adopted in accordance with the provisions of this Section 7.2 shall also require the written consent of the Insurer of any Bonds which are Outstanding at the time such Supplemental Resolution shall take effect. No Supplemental Resolution may be approved or adopted which shall permit or require (A) an extension of the maturity of the principal of or the payment of the interest on any Bond issued hereunder, (B) reduction in the principal amount of any Bond or the Redemption Price or the rate of interest thereon, (C) the creation of a lien upon or a pledge of other than the lien and pledge created by this Resolution which adversely affects any Bondholders, (D) a preference or priority of any Bond or Bonds over any other Bond or Bonds (except as to the establishment of Reserve Account), or (E) a reduction in the aggregate principal amount of the Bonds required for consent to such Supplemental Resolution. Nothing herein contained, however, shall be construed as making necessary the approval by Bondholders or the Insurer of the adoption of any Supplemental Resolution as authorized in Section 7.1 hereof.

If at any time the District shall determine that it is necessary or desirable to adopt any Supplemental Resolution pursuant to this Section 7.2, the Superintendent shall cause the

Registrar to give notice of the proposed adoption of such Supplemental Resolution and the form of consent to such adoption to be mailed, postage prepaid, to all Bondholders at their addresses as they appear on the registration books kept by the Registrar and to all Insurers of Bonds Outstanding. Such notice shall briefly set forth the nature of the proposed Supplemental Resolution and shall state that copies thereof are on file at the offices of the Superintendent and the Registrar for inspection by all Bondholders. The District shall not, however, be subject to any liability to any Bondholder by reason of its failure to cause the notice required by this Section 7.2 to be mailed and any such failure shall not affect the validity of such Supplemental Resolution when consented to and approved as provided in this Section 7.2.

Whenever the Board shall deliver to the Superintendent an instrument or instruments in writing purporting to be executed by the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding, which instrument or instruments shall refer to the proposed Supplemental Resolution described in such notice and shall specifically consent to and approve the adoption thereof in substantially the form of the copy thereof referred to in such notice, thereupon, but not otherwise, the Board may adopt such Supplemental Resolution in substantially such form, without liability or responsibility to any Holder of any Bond, whether or not such Holder shall have consented thereto.

If the Holders of not less than a majority in aggregate principal amount of the Bonds Outstanding at the time of the adoption of such Supplemental Resolution shall have consented to and approved the adoption thereof as herein provided, no Holder of any Bond shall have any right to object to the adoption of such Supplemental Resolution, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the adoption thereof, or to enjoin or restrain the Board from adopting the same or from taking any action pursuant to the provisions thereof.

Upon the adoption of any Supplemental Resolution pursuant to the provisions of this Section 7.2, this Resolution shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Resolution of the Board and all Holders of Bonds then Outstanding shall thereafter be determined, exercised and enforced in all respects under the provisions of this Resolution as so modified and amended.

SECTION 7.3 AMENDMENT WITH CONSENT OF INSURER ONLY. If all of the Bonds Outstanding hereunder are insured as to payment of principal and interest by an Insurer or Insurers, and the Bonds, at the time of the hereinafter described amendment, shall be rated by the rating agencies which shall have rated the Bonds at the time such Bonds were insured no lower than the ratings assigned thereto by such rating agencies on the date of being insured, the Board may enact one or more Supplemental Resolutions amending all or any part of Articles 1, 2, 3, 4, 5 and 6 hereof with the written consent of said Insurer or Insurers and the acknowledgment by said Insurer or Insurers that its insurance or guaranty policy will remain in full force and effect. The consent of the Holders of any Bonds shall not be necessary. The foregoing right of amendment, however, does not apply to any amendment to Section 5.9 hereof with respect to the exclusion, if applicable, of interest on said Bonds from gross income for

purposes of Federal income taxation nor may any such amendment deprive the Holders of any Bond of right to payment of the Bonds from, and their lien on the Pledged Funds with respect to all Bonds. Upon filing with the Superintendent of evidence of such consent of the Insurer or Insurers as aforesaid, the Board may adopt such Supplemental Resolution. After the adoption by the Board of such Supplemental Resolution, notice thereof shall be mailed in the same manner as notice of an amendment under Section 7.2 hereof.

ARTICLE VIII MISCELLANEOUS

SECTION 8.1 DEFEASANCE. If (A) the District shall pay or cause to be paid or there shall otherwise be paid to the Holders of any Series of Bonds the principal or Redemption Price, if applicable, and interest due or to become due thereon, at the times and in the manner stipulated therein and in this Resolution and (B) all provisions regarding any amounts to be rebated to the United States government have been complied with and all amounts due the Insurer shall have been paid in full, then the pledge of the Pledged Funds with respect to all Bonds; all covenants, agreements and other obligations of the District to the holders of such Bonds, shall thereupon cease, terminate and become void and be discharged and satisfied. In such event, the Paying Agents shall pay over or deliver to the District all money or securities held by them pursuant to the Resolution which are not required for the payment or redemption of Bonds not theretofore surrendered for such payment or redemption.

Any Bonds or interest installments appertaining thereto, whether at or prior to the maturity or redemption date of such Bonds, shall be deemed to have been paid within the meaning of this Section 8.1 if (A) in case any such Bonds are to be redeemed prior to the maturity thereof, there shall have been taken all action necessary to call such Bonds for redemption and notice of such redemption shall have been duly given or provision shall have been made for the giving of such notice, and (B) there shall have been deposited in irrevocable trust with a banking institution or trust company by or on behalf of the District either moneys in an amount which shall be sufficient, or Refunding Securities verified by an independent certified public accountant to be in such amount that the principal of and the interest on which when due will provide moneys which, together with the moneys, if any, deposited with such banking institution or trust company at the same time shall be sufficient, to pay the principal of or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be. Except as hereafter provided, neither the Refunding Securities nor any moneys so deposited with such banking institution or trust company nor any moneys received by such bank or trust company on account of principal of or Redemption Price, if applicable, or interest on said Refunding Securities shall be withdrawn or used for any purpose other than, and all such moneys shall be held in trust for and be applied to, the payment, when due, of the principal of or Redemption Price, if applicable, of the Bonds for the payment or redemption of which they were deposited and the interest accruing thereon to the date of maturity or redemption; provided, however, the District may substitute new Refunding Securities and moneys for the deposited Refunding

Securities and moneys if the new Refunding Securities and moneys are sufficient to pay the principal of or Redemption Price, if applicable, and interest on the refunded Bonds.

For purposes of determining whether Variable Rate Bonds shall be deemed to have been paid prior to the maturity or the redemption date thereof, as the case may be, by the deposit of moneys, or specified Refunding Securities and moneys, if any, in accordance with this Section 8.1, the interest to come due on such Variable Rate Bonds on or prior to the maturity or redemption date thereof, as the case may be, shall be calculated at the Maximum Interest Rate; provided, however, that if on any date, as a result of such Variable Rate Bonds having borne interest at less than the Maximum Interest Rate for any period, the total amount of moneys and specified Refunding Securities on deposit for the payment of interest on such Variable Rate Bonds is in excess of the total amount which would have been required to be deposited on such date in respect of such Variable Rate Bonds in order to satisfy this Section 8.1, such excess shall be paid to the District free and clear of any trust, lien, pledge or assignment securing the Bonds or otherwise existing under this Resolution.

In the event the Bonds for which moneys are to be deposited for the payment thereof in accordance with this Section 8.1 are not by their terms subject to redemption within the next succeeding sixty (60) days, the District shall cause the Registrar to mail a notice to the Holders of such Bonds that the deposit required by this Section 8.1 of moneys or Refunding Securities has been made and said Bonds are deemed to be paid in accordance with the provisions of this Section 8.1 and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal of or Redemption Price, if applicable, and interest on said Bonds. Failure to provide said notice shall not affect the Bonds being deemed to have been paid in accordance with the provisions of this Section 8.1.

Nothing herein shall be deemed to require the District to call any of the Outstanding Bonds for redemption prior to maturity pursuant to any applicable optional redemption provisions, or to impair the discretion of the District in determining whether to exercise any such option for early redemption.

In the event that the principal of or Redemption Price, if applicable, and interest due on the Bonds shall be paid by an Insurer or Insurers, such Bonds shall remain Outstanding, shall not be defeased and shall not be considered paid by the District, and the pledge of the Pledged Funds with respect to all Bonds, and all covenants, agreements and other obligations of the District to the Bondholders shall continue to exist and such Insurer or Insurers shall be subrogated to the rights of such Bondholders.

SECTION 8.2 CAPITAL APPRECIATION BONDS. For the purposes of (A) receiving payment of the Redemption Price if a Capital Appreciation Bond is redeemed prior to maturity, or (B) receiving payment of a Capital Appreciation Bond if the principal of all Bonds becomes due and payable under the provisions of this Resolution, or (C) computing the amount of Bonds held by the Holder of a Capital Appreciation Bond in giving to the District or any trustee or receiver appointed to represent the Bondholders any notice, consent, request or demand

pursuant to this Resolution for any purpose whatsoever, the principal amount of a Capital Appreciation Bond shall be deemed to be its Accreted Value.

SECTION 8.3 SALE OF BONDS. Bonds shall be issued and sold at public or private sale at one time or in installments from time to time and at such price or prices as shall be consistent with the provisions of the Act, the requirements of this Resolution and the Supplemental Resolution related to a Series of Bonds and other applicable provisions of law. See Section 2.2(A) herein for the requirements related to the sale of the Series 2024 Bonds.

SECTION 8.4 BOND PURCHASE AGREEMENT. The preliminary form of a purchase agreement relating to the Series 2024 Bonds between the Board and the Underwriters (the "Bond Purchase Agreement"), submitted to this meeting and attached hereto as Exhibit A, is hereby approved, and the Board hereby authorizes execution of the Bond Purchase Agreement. If, between the date hereof and the sale of the Series 2024 Bonds, the Board and the Underwriters agree to any insertions, modifications or changes to the Bond Purchase Agreement, the Chairman and the Superintendent are each hereby authorized to approve such insertions, changes and modifications. Execution of the Bond Purchase Agreement by the parties thereto shall constitute conclusive evidence of the approval of any changes to the form of the Bond Purchase Agreement.

Authority is hereby delegated to the Chairman and the Superintendent to execute such Bond Purchase Agreement if the following requirements are satisfied: (i) the aggregate principal amount of the Series 2024 Bonds may not exceed \$215,000,000 and the final maturity date is no later than October 1, 2039, (ii) a true interest cost not exceeding an amount equal to 4.75%, and (iii) an underwriting discount (including management fee and all expenses) not in excess of \$4.00 per thousand of the initial par amount of the Bonds.

SECTION 8.5 PRELIMINARY OFFICIAL STATEMENT AND OFFICIAL STATEMENT.

(A) The form of a Preliminary Official Statement relating to the Bonds (the "Preliminary Official Statement"), submitted to this meeting and attached hereto as Exhibit B, is hereby approved, and the Board hereby authorizes the distribution and use of the Preliminary Official Statement by the Underwriters in connection with the public offering of the Series 2024 Bonds. If, between the date hereof and the mailing of the Preliminary Official Statement it is necessary to make insertions, modifications and changes to the Preliminary Official Statement, the Chairman, the Superintendent or the Chief Finance Officer are each hereby authorized to approve such insertions, changes and modifications. The Chairman, the Superintendent or the Chief Finance Officer are each further authorized to deem the Preliminary Official Statement "final" within the meaning of Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934 (the "Rule"), in the form as mailed, and in furtherance thereof to execute a certificate evidencing the same. Execution of such certificate shall constitute conclusive evidence of the approval of any changes to the form of the Preliminary Official Statement.

(B) In connection with the delivery of the final Bond Purchase Agreement in compliance with Section 8.4 hereof, the District shall deliver to the Underwriters a final Official Statement, that includes the information omitted from the Preliminary Official Statement, in substantially the form of the Preliminary Official Statement attached hereto, with such changes, amendments, modifications, omissions and additions as shall be approved by the Chairman who is hereby authorized to execute and deliver such Official Statement. Execution of the Official Statement by the Chairman and the Superintendent shall constitute conclusive evidence of the approval of any changes to the form of the Official Statement.

SECTION 8.6 CONTINUING DISCLOSURE. The Board hereby covenants and agrees that, in order to provide for compliance by the Underwriters with the secondary market disclosure requirements of rule 15c2-12 of the Security and Exchange Commission (the "Rule"), it will comply with and carry out all of the provisions of the Disclosure Dissemination Agent Agreement dated the date of the Series 2024 Bonds, executed by the Board and Digital Assurance Certification, L.L.C., as Disclosure Dissemination Agent (the "Disclosure Dissemination Agent" or "DAC") for the benefit of the Holder, as it may be amended from time to time in accordance with the terms thereof. The Disclosure Dissemination Agent Agreement shall be substantially in the form attached hereto as Exhibit C, with such changes, amendments, modifications, omissions and additions as shall be approved up on the advice of Disclosure Counsel by the Chairman who is hereby authorized to execute and deliver such Disclosure Dissemination Agent Agreement. Execution of the Disclosure Dissemination Agent Agreement by the parties thereto shall constitute conclusive evidence of the approval of any changes to the form of the Disclosure Dissemination Agent Agreement. Notwithstanding any other provision of this Resolution, failure of the District to comply with such Disclosure Dissemination Agent Agreement shall not be considered an Event of Default under the Resolution; provided, however, any Holder of a Series 2024 Bond may take such actions as may be deemed necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the Board to comply with its obligations under this Section and the Disclosure Dissemination Agent Agreement. For the purposes of this Section, "Holder" shall mean a person who (A) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any of the Series 2024 Bonds (including persons holding Series 2024 Bonds through nominees, depositories or other intermediaries), or (B) is treated as the owner of any Series 2024 Bonds for federal income tax purposes.

SECTION 8.7 AUTHORIZATION OF BOND INSURANCE POLICY. The Board is hereby authorized to insure the payment of principal and interest on all, some or none of the Series 2024 Bonds (the "Insured Bonds"), whichever is determined by the Superintendent to be in the Board's best interests based on the advice of the Financial Advisor, and further authorizes the Chairman and the Superintendent to take any action and do all things necessary in order to accept such Series 2024 Insurance Policy and enter an Insurance Agreement related thereto.

SECTION 8.8 NO SERIES 2024 BONDS RESERVE ACCOUNT. The Board hereby determines that the Reserve Account Requirement applicable to the Series 2024 Bonds shall be

zero; provided, however, that the Reserve Account Requirement may be increased to an amount not exceeding an amount permitted by the definition of Reserve Account Requirement in this Resolution by the Chairman upon the advice of the Financial Advisor as finally established at the time of marketing the Series 2024 Bonds. Any such Reserve Account Requirement in excess of \$0.00 shall be established in the final Bond Purchase Agreement and the Series 2024 Bonds delivered herewith. If the Chairman deems it in the Board's best interest, based on financial advice of the Financial Advisor, the Chairman is authorized to purchase a Reserve Fund Insurance Policy for deposit in the Reserve Account and enter an Insurance Agreement related thereto.

SECTION 8.9 APPOINTMENT OF PAYING AGENT AND REGISTRAR. U.S. Bank Trust Company, National Association, Fort Lauderdale, Florida, is hereby designated Registrar and Paying Agent for the Series 2024 Bonds. The Chairman and the Superintendent are hereby authorized to enter into any agreement which may be necessary to effect the transactions contemplated by this Section.

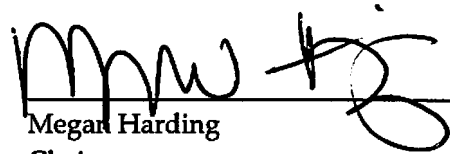

SECTION 8.10 SEVERABILITY OF INVALID PROVISIONS. If any one or more of the covenants, agreements or provisions of this Resolution shall be held contrary to any express provision of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements or provisions shall be null and void and shall be deemed separable from the remaining covenants, agreements and provisions of this Resolution and shall in no way affect the validity of any of the other covenants, agreements or provisions hereof or of the Bonds issued hereunder.

SECTION 8.11 REPEAL OF INCONSISTENT RESOLUTIONS. All resolutions or parts thereof in conflict herewith are hereby superseded and repealed to the extent of such conflict.

SECTION 8.12 EFFECTIVE DATE. This Resolution shall take effect immediately upon its adoption.

Approved by The District School Board of Pasco County, Florida, this 1st day of October, 2024.

FORM OF OPINION OF BOND COUNSEL

[THIS PAGE INTENTIONALLY LEFT BLANK]

Upon delivery of the 2024 Bonds in definitive form, George A. Smith PLLC, Tallahassee, Florida, Bond Counsel, proposes to render its final approving opinion with respect to the 2024 Bonds in substantially the following form:

[delivery date]

The School District of Pasco County, Florida
7227 Land O'Lakes Boulevard
Land O'Lakes, Florida 34639

Re: \$_____ School District of Pasco County, Florida
Sales Tax Revenue Bonds, Series 2024

Ladies and Gentlemen:

This Firm has acted as Bond Counsel to the School District of Pasco County, Florida (the "Issuer") in connection with the issuance by the Issuer of its \$_____ Sales Tax Revenue Bonds, Series 2024 (the "2024 Bonds") pursuant to and under the authority of the Constitution of the State of Florida, Chapter 1001, Florida Statutes and Chapter 212, Part I, Florida Statutes, and the Sales Tax Revenue Bond Resolution adopted by the Issuer on October 1, 2024 (the "Bond Resolution"), and other applicable provisions of law. In such capacity, this Firm has examined such law and certified proceedings, certifications and other documents as deemed necessary to render this opinion. Any capitalized undefined terms used herein shall have the meaning set forth in the Bond Resolution.

As to questions of fact material to this opinion, this Firm has relied upon representations of the Issuer contained in the Bond Resolution and in the certified proceedings and other certifications of public officials and others furnished to it, without undertaking to verify the same by independent investigation. This Firm has not undertaken an independent audit, examination, investigation or inspection of such matters and has relied solely on the facts, estimates and circumstances described in such proceedings and certifications. This Firm has assumed the genuineness of signatures on all documents and instruments, the authenticity of documents submitted as originals and the conformity to originals of documents submitted as copies.

In rendering this opinion, this Firm has examined and relied upon the opinion of even date herewith of Paul M. Meeker, P.A. ("Issuer's Counsel") as to the due creation and valid existence of the Issuer, the due adoption of the Bond Resolution, the due execution and delivery of the 2024 Bonds and the compliance by the Issuer with all conditions contained in ordinances and resolutions of the Issuer precedent to the issuance of the 2024 Bonds.

The 2024 Bonds are payable from the Pledged Funds, which consist primarily of the Sales Tax Revenues, in the manner and to the extent provided in the Bond Resolution. Pursuant to the

terms, conditions and limitations contained in the Bond Resolution, the Issuer has reserved the right to issue Additional Bonds in the future which shall have a lien on the Pledged Funds equal to that of the 2024 Bonds.

The 2024 Bonds do not constitute a general obligation or indebtedness of the Issuer within the meaning of any constitutional, statutory or other limitation of indebtedness and the holders thereof shall never have the right to compel the exercise of any ad valorem taxing power of the Issuer or taxation in any form or any real or personal property for the payment of the principal of or interest on the 2024 Bonds.

The opinions set forth below are expressly limited to, and this Firm opines only with respect to, the laws of the State of Florida and the federal income tax laws of the United States of America.

Based on such examination, this Firm is of the opinion that, under existing law:

1. The Bond Resolution constitutes a valid and binding obligation of the Issuer enforceable against the Issuer in accordance with its terms.
2. The 2024 Bonds are valid and binding limited obligations of the Issuer enforceable in accordance with their terms, payable solely from the Pledged Funds in the manner and to the extent provided in the Bond Resolution.
3. The Bond Resolution creates a valid lien upon the Pledged Funds for the security of the 2024 Bonds on a parity with any Additional Bonds hereafter issued, all in the manner and to the extent provided in the Bond Resolution.
4. Interest on the 2024 Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals; however, interest on the 2024 Bonds may be included in the "adjusted financial statement income" of certain "applicable corporations". The opinion set forth in the preceding sentences is subject to the condition that the Issuer complies with all requirements of the Internal Revenue Code of 1986, as amended, (the "Code") that must be satisfied subsequent to the issuance of the 2024 Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted in the Bond Resolution to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the 2024 Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the 2024 Bonds.

It is to be understood that the rights of the owners of the 2024 Bonds and the enforceability thereof may be subject to the exercise of judicial discretion in accordance with

general principles of equity, to the valid exercise of the sovereign police powers of the State of Florida and of the constitutional powers of the United States of America and to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted.

For purposes of this opinion, this Firm has not been engaged or undertaken to review and, therefore, expresses no opinion herein regarding the accuracy, completeness or adequacy of the Official Statement or any other offering material relating to the 2024 Bonds. This opinion should not be construed as offering material, an offering circular, prospectus or official statement and is not intended in any way to be a disclosure statement used in connection with the sale or delivery of the 2024 Bonds. Furthermore, this Firm is not passing on the accuracy or sufficiency of any CUSIP numbers appearing on the 2024 Bonds. In addition, this Firm has not been engaged to and, therefore, expresses no opinion as to compliance by the Issuer or the underwriter or underwriters with any federal or state statute, regulation or ruling with respect to the sale and distribution of the 2024 Bonds or, except as provided in the paragraph numbered three (3) hereof, regarding the perfection or priority of the lien on the Pledged Funds created by the Bond Resolution. Further, this Firm expresses no opinion regarding federal income or state tax consequences arising with respect to the 2024 Bonds other than as expressly set forth herein.

The opinions expressed herein are predicated upon present law, facts and circumstances, and this Firm assumes no affirmative obligation to update the opinions expressed herein if such laws, facts or circumstances change after the date hereof.

Respectfully submitted,

GEORGE A. SMITH PLLC
