# PRELIMINARY OFFICIAL STATEMENT, DATED FEBRUARY 19, 2025

New Issue Rating:
Book-Entry Only Moody's: "Aa1"
Bank Qualified See "Bond Rating" herein

Subject to compliance by the District with certain covenants, in the opinion of Chapman and Cutler LLP, Chicago, Illinois ("Bond Counsel"), under present law, interest on the Bonds is excludible from gross income of the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the federal alternative minimum tax for individuals. Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations. Interest on the Bonds is not exempt from present State of Illinois income taxes. See "Tax Exemption" herein for a more complete discussion. The Bonds are "qualified tax-exempt obligations" under Section 265(b)(3) of the Internal Revenue Code of 1986, as amended. See "Qualified Tax-Exempt Obligations" herein.

# SCHOOL DISTRICT NUMBER 68

Cook County, Illinois (Skokie)

\$5,740,000\* General Obligation Limited Tax School Bonds, Series 2025

Dated: Date of Delivery Due: December 15, as further described on the inside cover page

The General Obligation Limited Tax School Bonds, Series 2025 (the "Bonds"), of School District Number 68, Cook County, Illinois (the "District"), will be issued in fully registered form and will be registered initially only in the name of Cede & Co., as registered owner and nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the Bonds. Purchasers of the Bonds will not receive certificates representing their interests in the Bonds purchased. Ownership by the beneficial owners of the Bonds will be evidenced by book-entry only. Payments of principal of and interest on the Bonds will be made by Amalgamated Bank of Chicago, Chicago, Illinois, as bond registrar and paying agent, to DTC, which in turn will remit such payments to its participants for subsequent disbursement to the beneficial owners of the Bonds. As long as Cede & Co. is the registered owner as nominee of DTC, payments of principal of and interest on the Bonds will be made to such registered owner, and disbursement of such payments will be the responsibility of DTC and its participants. Individual purchases of the Bonds will be made in the principal amount of \$5,000 or any integral multiple thereof.

The Bonds will bear interest from their dated date at the rates per annum as shown on the inside cover page. Interest on the Bonds (computed on the basis of a 360-day year consisting of twelve 30-day months) will be payable semi-annually on each June 15 and December 15, commencing June 15, 2025.

Proceeds of the Bonds will be used to (a) increase the working cash fund of the District and (b) pay costs associated with the issuance of the Bonds. See "The Project" herein.

The Bonds are not subject to optional redemption prior to maturity.

In the opinion of Bond Counsel, the Bonds are valid and legally binding upon the District and are payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion. The amount of said taxes that may be extended to pay the Bonds is limited as provided by law. See "The Bonds—Security" herein.

The Bonds are offered when, as and if issued by the District and received by Raymond James & Associates, Inc., Chicago, Illinois, subject to prior sale, to withdrawal or modification of the offer without notice, and to the approval of legality by Bond Counsel, and certain other conditions. Chapman and Cutler LLP, Chicago, Illinois, will also act as Disclosure Counsel to the District. It is expected that beneficial interests in the Bonds will be available for delivery through the facilities of DTC on or about March 14, 2025.

<sup>\*\*\*</sup> CUSIP data herein is provided by the CUSIP Global Services ("CGS"). CGS is managed on behalf of the American Bankers Association by FactSet Research Systems Inc. No representations are made as to the correctness of the CUSIP numbers. These CUSIP numbers are subject to change after the issuance of the Bonds.

No dealer, broker, salesman or other person has been authorized by the District or Raymond James & Associates, Inc., Chicago, Illinois (the "Underwriter"), to give any information or to make any representations other than those contained in this Official Statement in connection with the offering described herein and if given or made, such other information or representations must not be relied upon as statements having been authorized by the District, the Underwriter or any other entity. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy any securities other than the Bonds, nor shall there be any offer to sell or solicitation of an offer to buy the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. This Official Statement is submitted in connection with the sale of the securities described in it and may not be reproduced or used, in whole or in part, for any other purposes.

Unless otherwise indicated, the District is the source of all tables and statistical and financial information contained in this Official Statement. The information contained in this Official Statement concerning DTC has been obtained from DTC. The other information set forth herein has been furnished by the District or from other sources believed to be reliable. The information and opinions expressed herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date of this Official Statement.

This Official Statement should be considered in its entirety and no one factor considered more or less important than any other by reason of its position in this Official Statement. Where statutes, reports or other documents are referred to herein, reference should be made to such statutes, reports or other documents for more complete information regarding the rights and obligations of parties thereto, facts and opinions contained therein and the subject matter thereof.

Any statements made in this Official Statement, including the Exhibits and Appendices, involving matters of opinion or estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of such estimates will be realized. This Official Statement contains certain forward-looking statements and information that are based on the District's beliefs as well as assumptions made by and information currently available to the District. Such statements are subject to certain risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or expected.

The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

For purposes of compliance with Rule 15c2-12 of the Securities and Exchange Commission (the "Rule"), this document, as the same may be supplemented or corrected by the District from time-to-time, may be treated as an Official Statement with respect to the Bonds described herein and is "deemed final" by the District as of the date hereof (or of the date of any supplement or correction) except for the omission of certain information permitted to be omitted pursuant to the Rule.

IN CONNECTION WITH THE OFFERING, THE UNDERWRITER MAY OVERALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE SECURITIES OFFERED HEREBY AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFICIAL STATEMENT. # OFFICIAL STATEMENT

# School District Number 68 Cook County, Illinois (Skokie) \$5,740,000\* General Obligation Limited Tax School Bonds, Series 2025

# Introduction

The purpose of this Official Statement is to set forth certain information concerning School District Number 68, Cook County, Illinois (the "District"), in connection with the offering and sale of its General Obligation Limited Tax School Bonds, Series 2025 (the "Bonds").

This Official Statement contains "forward-looking statements" that are based upon the District's current expectations and its projections about future events. When used in this Official Statement, the words "project," "estimate," "intend," "expect," "scheduled," "pro-forma" and similar words identify forward-looking statements. Forward-looking statements are subject to known and unknown risks, uncertainties and factors that are outside of the control of the District. Actual results could differ materially from those contemplated by the forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. Neither the District nor any other party plans to issue any updates or revisions to these forward-looking statements based on future events.

#### THE BONDS

# **AUTHORITY AND PURPOSE**

The Bonds are being issued pursuant to the School Code of the State of Illinois (the "School Code"), the Local Government Debt Reform Act of the State of Illinois (the "Debt Reform Act"), and all laws amendatory thereof and supplementary thereto, and a bond resolution adopted by the Board of Education of the District (the "Board") on the 20th day of February, 2025, as supplemented by a notification of sale (together, the "Bond Resolution").

Proceeds of the Bonds will be used to (a) increase the working cash fund of the District and (b) pay costs associated with the issuance of the Bonds. See "THE PROJECT" herein.

# GENERAL DESCRIPTION

The Bonds will be dated the date of issuance thereof, will be in fully registered form, without coupons, and will be in denominations of \$5,000 or any integral multiple thereof under a book-entry only system operated by The Depository Trust Company, New York, New York ("DTC"). Principal of and interest on the Bonds will be payable by Amalgamated Bank of Chicago, Chicago, Illinois (the "Registrar").

\_

<sup>\*</sup> Preliminary, subject to change.

The Bonds will mature as shown on the inside cover page hereof. Interest on the Bonds will be payable each June 15 and December 15, beginning June 15, 2025.

The Bonds will bear interest from their dated date, or from the most recent interest payment date to which interest has been paid or provided for, computed on the basis of a 360-day year consisting of twelve 30-day months. The principal of the Bonds will be payable in lawful money of the United States of America upon presentation and surrender thereof at the principal corporate trust office of the Registrar. Interest on each Bond will be paid by check or draft of the Registrar payable upon presentation in lawful money of the United States of America to the person in whose name such Bond is registered at the close of business on the record date, which is the 1st day of the month of the interest payment date (the "Record Date").

# REGISTRATION AND TRANSFER

The Registrar will maintain books (the "Register") for the registration of ownership and transfer of the Bonds. Subject to the provisions of the Bonds as they relate to book-entry form, any Bond may be transferred upon the surrender thereof at the principal corporate trust office of the Registrar, together with an assignment duly executed by the registered owner or his or her attorney in such form as will be satisfactory to the Registrar. No service charge shall be made for any transfer or exchange of Bonds, but the District or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds [except in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption].

The Registrar shall not be required to transfer or exchange any Bond during the period beginning at the close of business on the Record Date with respect to any interest payment date on such Bond and ending at the opening of business on such interest payment date[, nor to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, nor during a period of fifteen (15) days next preceding mailing of a notice of redemption of any Bonds].

# REDEMPTION

Optional Redemption. The Bonds are not subject to optional redemption prior to maturity.

Mandatory Sinking Fund Redemption. The Bonds due on December 15 of the years 20\_ and 20\_ are subject to mandatory redemption, in integral multiples of \$5,000 selected by lot by the Registrar, at a redemption price of par plus accrued interest to the redemption date, on December 15 of the years and in the principal amounts as follows:

FOR THE BONDS DUE DECEMBER 15, 20\_\_\_

YEAR PRINCIPAL AMOUNT

20\_\_ \$
20\_\_ (stated maturity)

# FOR THE BONDS DUE DECEMBER 15, 20\_\_\_

| YEAR | PRINCIPAL AMOUNT  |
|------|-------------------|
| 20   | \$                |
| 20   | (stated maturity) |

On or prior to the 60th day preceding any mandatory redemption date, the Registrar may, and if directed by the District shall, purchase Bonds required to be retired on such mandatory redemption date. Any such Bonds so purchased shall be cancelled and the principal amount thereof shall be credited against the mandatory redemption required on such next mandatory redemption date.

*General.* For purposes of any redemption of less than all of the outstanding Bonds of a single maturity, the particular Bonds or portions of Bonds to be redeemed shall be selected by lot by the Registrar from the Bonds of such maturity by such method of lottery as the Registrar shall deem fair and appropriate (except when the Bonds are held in a book-entry system, in which case the selection of Bonds to be redeemed will be made in accordance with procedures established by DTC or any other book-entry depository); *provided* that such lottery shall provide for the selection for redemption of Bonds or portions thereof in principal amounts of \$5,000 and integral multiples thereof.

Unless waived by any holder of Bonds to be redeemed, notice of the call for any redemption will be given by the Registrar on behalf of the District by mailing the redemption notice by first-class mail at least 30 days and not more than 60 days prior to the date fixed for redemption to each registered owner of the Bonds to be redeemed at the address shown on the Register or at such other address as is furnished in writing by such registered owner to the Registrar.

Prior to any redemption date, the District will deposit with the Registrar an amount of money sufficient to pay the redemption price of all the Bonds or portions of Bonds which are to be redeemed on that date.

Notice of redemption having been given as described above and in the Bond Resolution, and notwithstanding failure to receive such notice, the Bonds or portions of Bonds so to be redeemed will, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the District shall default in the payment of the redemption price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds will be paid by the Registrar at the redemption price.

# **SECURITY**

The Bonds, in the opinion of Chapman and Cutler LLP, Chicago, Illinois, Bond Counsel ("Bond Counsel"), are valid and legally binding upon the District and are payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate, except that the rights of the owners

of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion. The amount of said taxes that will be extended to pay the Bonds is limited pursuant to the Property Tax Extension Limitation Law of the State of Illinois, as amended (the "Limitation Law").

The Debt Reform Act provides that the Bonds are payable from the debt service extension base of the District (the "Base"), which is an amount equal to that portion of the extension for the District for the 1994 levy year constituting an extension for payment of principal of and interest on bonds issued by the District without referendum, but not including alternate bonds issued under Section 15 of the Debt Reform Act or refunding obligations issued to refund or to continue to refund obligations of the District initially issued pursuant to referendum, increased each year, commencing with the 2009 levy year, by the lesser of 5% or the percentage increase in the Consumer Price Index (as defined in the Limitation Law, the "CPI") during the 12-month calendar year preceding the levy year. The Limitation Law further provides that the annual amount of taxes to be extended to pay the Bonds and all other limited bonds heretofore and hereafter issued by the District shall not exceed the Base.

The Bonds constitute one of two series of limited bonds of the District that are payable from the Base. Payments on the Bonds from the Base will be made on a parity with the payments on the District's outstanding Taxable General Obligation Limited Tax School Bonds, Series 2022, dated July 14, 2022 (the "Series 2022 Bonds"). The District is authorized to issue from time to time additional limited bonds payable from the Base, as permitted by law, and to determine the lien priority of payments to be made from the Base to pay the District's limited bonds.

The amounts of the Base for levy years 2024 and 2025 have been determined to be \$3,275,555.95 and \$3,370,547.06, respectively, which are calculated from an original Base of \$2,315,591.00 as increased annually by CPI as described above.

The following chart shows the Base of the District, the debt service payable on the outstanding limited bonds of the District and the Bonds, and the available Base after the issuance of the Bonds.

# DEBT SERVICE EXTENSION BASE AVAILABILITY AFTER ISSUANCE OF THE BONDS

<sup>(1)</sup> Preliminary, subject to change.

The Bond Resolution provides for the levy of ad valorem taxes, unlimited as to rate, upon all taxable property within the District in amounts to pay, as and when due, all principal of and interest on the Bonds. The Bond Resolution will be filed with the County Clerk of Cook County, Illinois (the "County Clerk") and will serve as authorization to the County Clerk to extend and collect the property taxes as set forth in the Bond Resolution.

Reference is made to Appendix B for the proposed form of opinion of Bond Counsel.

# THE PROJECT

A portion of the proceeds of the Bonds will be used to increase the District's Working Cash Fund. After proper abatement and transfer from the Working Cash Fund, such proceeds will be used to finance capital improvements, including mechanical and HVAC projects, at the District's new Early Childhood Center addition to Old Orchard Junior High School, which is expected to open in the fall of 2026 (the "*Project*"). The District expects to complete the portion of the Project paid for from Bond proceeds by the fall of 2026.

#### SOURCES AND USES

The sources and uses of funds resulting from the Bonds are shown below:

| Sources:                                      |    |
|---|----|
| Principal Amount [Net ]Original Issue Premium | \$ |
| [Net ]Original Issue Flemium                  |    |
| Total Sources                                 | \$ |
| Uses:   |    |

| Costs of Issuance*                            |    |
| Total Uses                                    | \$ |

# RISK FACTORS

The purchase of the Bonds involves certain investment risks. Accordingly, each prospective purchaser of the Bonds should make an independent evaluation of the entirety of the information presented in this Official Statement and its appendices and exhibits in order to make an informed investment decision. Certain of the investment risks are described below. The following statements, however, should not be considered a complete description of all risks to be considered in the decision to purchase the Bonds, nor should the order of the presentation of such risks be construed to reflect the relative importance of the various risks. There can be no assurance that other risk factors are not material or will not become material in the future.

#### CONSTRUCTION RISKS

There are potential risks that could affect the ability of the District to timely complete the Project. While preliminary costs have been projected by the District's consulting architects, not all of the construction contracts have been let by the District. No assurance can be given that the cost of completing the Project will not exceed available funds.

Completion of the Project involves many risks common to construction projects such as shortages or delays in the availability of materials and labor, work stoppages, labor disputes, contractual disputes with contractors or suppliers, weather interferences, construction accidents, delays in obtaining legal approvals, unforeseen engineering, archeological or environmental problems and unanticipated cost increases, any of which could give rise to significant delays or cost overruns.

<sup>\*</sup> Includes underwriter's discount and other issuance costs.

#### FINANCES OF THE STATE OF ILLINOIS

State funding sources constituted 6.94% of the District's General Fund revenue sources for the fiscal year ended June 30, 2024. While the finances of the State of Illinois (the "State") have significantly improved in recent years, the State continues to deal with a severe underfunding of its pension systems, which, based on the comprehensive annual financial reports of the State's five retirement systems, have a combined unfunded pension liability of approximately \$140 billion and a combined funded ratio of approximately 45%. Also, despite nine credit rating upgrades since June 2021, the State's long-term general obligation bonds carry the lowest ratings of all states.

# LOCAL ECONOMY

The financial health of the District is in part dependent on the strength of the local economy. Many factors affect the local economy, including rates of employment and economic growth and the level of residential and commercial development. It is not possible to predict to what extent any changes in economic conditions, demographic characteristics, population or commercial and industrial activity will occur and what impact such changes would have on the finances of the District.

# CONCENTRATION OF TAXPAYERS

Based on the District's 2023 EAV (which includes Incremental EAV (as hereinafter defined)), the District's ten largest taxpayers own 28.09% of the total current EAV of taxable property in the District, and the largest taxpayer, Westfield Old Orchard Mall ("Old Orchard Mall"), owns 14.17% of the total current EAV of taxable property in the District. However, Old Orchard Mall has over 130 stores and restaurants, including multiple large department stores, creating diversification within the taxpayer. See "FINANCIAL INFORMATION AND ECONOMIC CHARACTERISTICS OF THE DISTRICT—Ten Largest Taxpayers" herein for more information. If one or more of these taxpayers were to relocate from the District or cease operations, would be unable to pay its tax bills or was successful in challenging its assessed valuation, the timely receipt of tax dollars by the District could be affected. The District has the authority to levy deficiency taxes if debt service tax collections are inadequate. Notwithstanding, the value of the Bonds, the District's ability to repay the Bonds or the timing of repayment could be adversely affected.

Furthermore, if any of the largest taxpayers were to relocate or cease operations, the District could experience a significant reduction in EAV. Any reduction in EAV could limit the amount of taxes that the District can extend for operating purposes.

# BOND RATING

The Bonds have received a credit rating from Moody's Investors Service, New York, New York ("Moody's"). The rating can be changed or withdrawn at any time for reasons both under and outside the District's control. Any change, withdrawal or combination thereof could adversely affect the ability of investors to sell the Bonds or may affect the price at which they can be sold.

# SECONDARY MARKET FOR THE BONDS

No assurance can be given that a secondary market will develop for the purchase and sale of the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. The hereinafter-defined Underwriter is not obligated to engage in secondary market trading or to repurchase any of the Bonds at the request of the owners thereof.

Prices of the Bonds as traded in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and other prevailing circumstances. No guarantee exists as to the future market value of the Bonds. Such market value could be substantially different from the original purchase price.

# CONTINUING DISCLOSURE

A failure by the District to comply with the Undertaking (as defined herein) for continuing disclosure (see "LIMITED CONTINUING DISCLOSURE" herein) will not constitute an event of default on the Bonds. Any such failure must be reported in accordance with Rule 15c2-12 (the "Rule") adopted by the Securities and Exchange Commission (the "Commission") under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and may adversely affect the transferability and liquidity of the Bonds and their market price.

# SUITABILITY OF INVESTMENT

The interest rates borne by the Bonds are intended to compensate the investor for assuming the risk of investing in the Bonds. Furthermore, the tax-exempt feature of the Bonds is currently more valuable to high tax bracket investors than to investors that are in low tax brackets. As such, the value of the interest compensation to any particular investor will vary with individual tax rates and circumstances. Each prospective investor should carefully examine this Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Bonds are an appropriate investment for such investor.

# FUTURE CHANGES IN LAWS

Various state and federal laws, regulations and constitutional provisions apply to the District and to the Bonds. The District can give no assurance that there will not be a change in, interpretation of, or addition to such applicable laws, provisions and regulations which would have a material effect, either directly or indirectly, on the District, or the taxing authority of the District. For example, many elements of local government finance, including the issuance of debt and the levy of property taxes, are controlled by State government. Future actions of the State may affect the overall financial conditions of the District, the taxable value of property within the District, and the ability of the District to levy property taxes or collect revenues for its ongoing operations.

# FACTORS RELATING TO TAX EXEMPTION

As discussed under "TAX EXEMPTION" herein, interest on the Bonds could become includible in gross income for purposes of federal income taxation, retroactive to the date the Bonds were issued, as a result of future acts or omissions of the District in violation of its covenants in the Bond Resolution. Should such an event of taxability occur, the Bonds are not subject to any special redemption.

There are or may be pending in the Congress of the United States ("Congress") legislative proposals relating to the federal tax treatment of interest on the Bonds, including some that carry retroactive effective dates, that, if enacted, could affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. Finally, reduction or elimination of the tax-exempt status of obligations such as the Bonds could have an adverse effect on the District's ability to access the capital markets to finance future capital or operational needs by reducing market demand for such obligations or materially increasing borrowing costs of the District.

The tax-exempt bond office of the Internal Revenue Service (the "Service") is conducting audits of tax-exempt bonds, both compliance checks and full audits, with increasing frequency to determine whether, in the view of the Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether the Service will commence any such audit. If an audit is commenced, under current procedures the Service may treat the District as a taxpayer and the Bondholders may have no right to participate in such proceeding. The commencement of an audit with respect to any tax-exempt obligations of the District could adversely affect the market value and liquidity of the Bonds, regardless of the ultimate outcome.

# **CYBERSECURITY**

Computer networks and data transmission and collection are vital to the efficient operation of the District. Despite the implementation of network security measures by the District, its information technology and infrastructure may be vulnerable to deliberate attacks by hackers, malware, ransomware or computer virus, or may otherwise be breached due to employee error, malfeasance or other disruptions. Any such breach could compromise networks and the information stored thereon could be disrupted, accessed, publicly disclosed, lost or stolen. Although the District does not believe that its information technology systems are at a materially greater risk of cybersecurity attacks than other similarly-situated governmental entities, any such disruption, access, disclosure or other loss of information could have an adverse effect on the District's operations and financial health. Further, as cybersecurity threats continue to evolve, the District may be required to expend significant additional resources to continue to modify and strengthen security measures, investigate and remediate any vulnerabilities, or invest in new technology designed to mitigate security risks.

# BANKRUPTCY

The rights and remedies of the Bondholders may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditors' rights, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against local governments. The various opinions of counsel to be delivered with respect to the Bonds will be similarly qualified.

# THE DISTRICT

# GENERAL DESCRIPTION

The District was founded in 1898 and occupies the northwestern third of the Village of Skokie (the "Village") (99.45% of the District's 2023 EAV) and a small portion of the Village of Morton Grove (0.55% of the District's 2023 EAV) in Cook County (the "County").

The Village is located 16 miles northwest of downtown Chicago and 12 miles east of O'Hare International Airport. The Village has a variety of transportation options including the Edens Expressway (I-94) spanning the community's western edge, seven Chicago Transit Authority and 10 Pace suburban bus lines, and the CTA's Skokie Swift rail line. The Village is also home to Old Orchard Mall, an open-air mall and one of the largest shopping centers/malls (by square footage) in Illinois. Old Orchard Mall is home to over 130 stores and restaurants, including multiple large department stores. There are two very large luxury apartment and townhome developments in and near Old Orchard Mall that are expected to be completed in 2027.

Pursuant to the District's capital improvement plan, over the course of several years, the District has been and will continue to spend down fund balance in order to provide for mechanical, HVAC, roofing, safety, resilience and educational improvements at all of its facilities. The overall costs of the projects is approximately \$30 million, of which approximately \$25 million will be financed with fund balance and approximately \$5 million with the proceeds of the Bonds.

The District is governed by an elected seven-member Board and a full-time administrative staff.

# DISTRICT ADMINISTRATION

The day-to-day affairs of the District are conducted by a full-time staff including the following central administrative positions.

| Official     | TITLE                       | YEAR STARTED IN POSITION |
|--------------|-----------------------------|--------------------------|
| Scott Grens  | Superintendent              | 2024                     |
| Kenya Austin | Assistant Superintendent of | 2024                     |
|              | Business/CSBO               |                          |

The Board appoints the administration. The staff is chosen by the administration with the approval of the Board. In general, policy decisions are made by the Board while specific program decisions are made by the administration.

# BOARD OF EDUCATION

# EMPLOYEE UNION MEMBERSHIP AND RELATIONS

At the start of the 2024-2025 school year, the District had 318 full-time employees and 5 part-time employees. Of the total number of employees, approximately 182 are represented by a union. Employee-union relations are considered to be good. District personnel are organized as follows:

| Employee Group | CONTRACT  | Union       | Number of |
|----------------|-----------|-------------|-----------|
|                | EXPIRES   | Affiliation | Members   |
| Teachers       | June 2026 | IEA         | 182       |

# POPULATION DATA

The estimated populations of the Village, the County and the State at the times of the last three U.S. Census surveys were as follows:

| NAME OF ENTITY | 2000       | 2010       | 2020       | % Change<br>2010/2020 |
|----------------|------------|------------|------------|-----------------------|
| The Village    | 63,348     | 64,794     | 67,824     | +4.68%                |
| The County     | 5,376,741  | 5,194,675  | 5,275,541  | +1.56%                |
| The State      | 12,419,293 | 12,830,632 | 12,812,508 | -0.14%                |

<sup>(1)</sup> Does not include Incremental EAV.

<sup>(2)</sup> Based on the District's \$967,108,227 2018 EAV.

<sup>(3)</sup> Reassessment year.

# TAX INCREMENT FINANCING DISTRICTS LOCATED WITHIN THE DISTRICT

A portion of the District's EAV is contained in tax increment financing ("TIF") districts, as detailed below. When a TIF district is created within the boundaries of a taxing body, such as the District, the EAV of the portion of real property designated as a TIF district is frozen at the level of the tax year in which it was designated as such (the "Base EAV"). Any incremental increases in property tax revenue produced by the increase in EAV (the "Incremental EAV") derived from the redevelopment project area during the life of the TIF district are not provided to the District until the TIF district expires. The District is not aware of any new TIF districts planned in the immediate future.

| LOCATION/<br>NAME OF TIF   | YEAR<br>Established | BASE<br>EAV | 2023 EAV  | REMENTAL<br>EAV   |
|----------------------------|---------------------|-------------|---|---|
| Skokie – West Dempster TIF | 2010                |             | \$16,680,080<br>acremental EAV<br>2023 EAV<br>orise Zone EAV<br>Total EAV | <br>5,774,894<br>5,774,894<br>22,251,853<br>0<br>28,026,747 |

<sup>(1)</sup> See "REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES—Property Tax Extension Limitation Law" herein for information on the operation of such maximum rates under the Limitation Law.

<sup>(2)</sup> The District does not have a maximum tax rate for educational fund purposes. The aggregate tax rate for the various purposes subject to the Limitation Law, however, may not exceed the District's limiting rate under the Limitation Law.

<sup>(3)</sup> See "REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES—Property Tax Extension Limitation Law" herein for information on the property tax refund revenue recapture provisions of the Limitation Law.

<sup>\*</sup> The total of such rates is the property tax rate paid by a typical District resident living in the Village.

# RETAILERS' OCCUPATION TAX AND SERVICE OCCUPATION TAX

The following table shows the distribution of the municipal portion of the Retailers' Occupation Tax and Service Occupation Tax collected by the Illinois Department of Revenue (the "Department") from retailers within the Village. The table indicates the level of retail activity in the Village.

| CALENDAR YEAR | STATE SALES TAX<br>DISTRIBUTION <sup>(1)</sup> |
|---------------|--|
| 2019          | \$15,050,978                                   |
| 2020          | 12,114,851                                     |
| 2021          | 15,947,245                                     |
| 2022          | 18,317,643                                     |
| 2023          | 19,064,922                                     |
| $2024^{(2)}$  | 14,059,692                                     |

Source: The Department.

The above taxpayers represent 28.09% of the District's \$1,228,026,747 2023 EAV (including Incremental EAV). Reasonable efforts have been made to seek out and report the largest taxpayers. However, many of the taxpayers listed may own multiple parcels and it is possible that some parcels and their valuations may not be included.

<sup>(1)</sup> Tax distributions are based on records of the Department relating to the 1% municipal portion of the Retailers' Occupation Tax and Service Occupation Tax, collected on behalf of the Village, less a State administration fee. The municipal 1% sales tax includes tax receipts from the sale of food and drugs which are not taxed by the State.

<sup>(2)</sup> Through Third Quarter 2024.

# CORPORATE PERSONAL PROPERTY REPLACEMENT TAXES

Corporate Personal Property Replacement Taxes ("CPPRT") are revenues received from a tax imposed on corporations, partnerships, trusts, S corporations and public utilities in the State. The purpose of the CPPRT is to replace revenues lost by units of local government (including the District) as a result of the abolishment of the corporate personal property tax (the "Personal Property Tax") with the adoption of the Illinois Constitution of 1970. The State Revenue Sharing Act (the "Sharing Act") was passed in 1979, implementing the CPPRT to replace the lost Personal Property Tax revenues and providing the mechanism for distributing collections of CPPRT to taxing districts (including the District) entitled to receive such tax revenues under the Sharing Act. The following table sets forth the amount of CPPRT received by the District over the last five years:

| CPPRT<br>ECEIPTS  |
|---|
| 926,296<br>,290,327<br>2,789,916<br>2,911,465<br>,754,389 |
| )   |

Source: The audited financial statements of the District for the fiscal years ended June 30, 2020-June 30, 2024.

In its fiscal year 2025 budget, the District estimated that its CPPRT revenues would decrease to approximately \$1,435,000.

# LARGEST EMPLOYERS

# UNEMPLOYMENT RATES

Unemployment statistics are not compiled specifically for the District. The following table shows the trend in annual average unemployment rates for the Village, the County and the State.

|                          | THE<br>VILLAGE | THE<br>COUNTY | The<br>State |
|--------------------------|----------------|---------------|--------------|
|                          |                |               |              |
| 2019 – Average           | 3.1%           | 3.9%          | 4.0%         |
| $2020 - Average^{(1)}$   | 10.3%          | 10.6%         | 9.3%         |
| 2021 – Average           | 5.5%           | 6.9%          | 6.1%         |
| 2022 – Average           | 3.9%           | 5.0%          | 4.6%         |
| 2023 – Average           | 3.5%           | 4.4%          | 4.5%         |
| 2024 – Average (11 mos.) | 4.5%           | 5.5%          | 5.2%         |

# **SHORT-TERM BORROWING**

The District has not issued tax anticipation warrants or revenue anticipation notes during the last five years to meet its short-term current year cash flow requirements.

# **FUTURE DEBT**

Except for the Bonds, the District does not currently anticipate issuing any debt in the next six months.

<sup>(1)</sup> The District attributes the increase in unemployment rates to the COVID-19 pandemic.

# **DEFAULT RECORD**

The District has no record of default and has met its debt repayment obligations promptly.

# WORKING CASH FUND

The District is authorized to issue (subject to the provisions of the Limitation Law) general obligation bonds to create, re-create or increase a Working Cash Fund. Such fund can also be created, re-created or increased by the levy of an annual tax not to exceed \$0.05 per hundred dollars of EAV (the "Working Cash Fund Tax"). The purpose of the fund is to enable the District to have sufficient cash to meet demands for expenditures for corporate purposes. Moneys in the Working Cash Fund may be loaned, in whole or in part, as authorized and directed by the Board, to any fund or funds of the District in anticipation of ad valorem property taxes levied by the District for such fund or funds. The Working Cash Fund is reimbursed when the anticipated taxes or other moneys are received by the District.

Any time moneys are available in the Working Cash Fund, they must be transferred to such other funds of the District and used for any and all school purposes so as to avoid, whenever possible, the issuance of tax anticipation warrants or notes. Interest earned from the investment of the Working Cash Fund may be transferred from the Working Cash Fund to other funds of the District that are most in need of the interest. Moneys in the Working Cash Fund may not be appropriated by the Board in the annual budget.

The District also has the authority to abate amounts in the Working Cash Fund to any other fund of the District if the amount on deposit in such other fund after the abatement will not constitute an excess accumulation of money in that fund and as long as the District maintains an amount to the credit of the Working Cash Fund at least equal to 0.05% of the then current value, as equalized or assessed by the Department, of the taxable property in the District.

Finally, the District may abolish the Working Cash Fund and direct the transfer of any balance thereof to the educational fund at the close of the then current fiscal year. After such abolishment, all outstanding Working Cash Fund Taxes levied will be paid into the educational fund upon collection. Outstanding loans from the Working Cash Fund to other funds of the District at the time of abolishment will be paid or become payable to the educational fund at the close of the then current fiscal year. The outstanding balance in the Working Cash Fund at the time of abolishment, including all outstanding loans from the Working Cash Fund to other funds of the District and all outstanding Working Cash Fund Taxes levied, may be used and applied by the District for the purpose of reducing, by the balance in the Working Cash Fund at the close of the fiscal year, the amount of taxes that the Board otherwise would be authorized or required to levy for educational purposes for the fiscal year immediately succeeding the fiscal year in which the Working Cash Fund is abolished.

#### WORKING CASH FUND SUMMARY

| FISCAL YEAR | END OF YEAR FUND BALANCE |
|-------------|--------------------------|
| 2020        | \$23,684,559             |
| 2021        | 18,935,483               |
| 2022        | 14,252,171               |
| 2023        | 20,819,126               |
| 2024        | 14,788,027               |
|             |                          |

# REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

SUMMARY OF PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

A separate tax to pay principal of and interest on the Bonds will be levied on all taxable real property within the District. The information under this caption describes the current procedures for real property assessments, tax levies and collections in the County. There can be no assurance that the procedures described herein will not change.

# REAL PROPERTY ASSESSMENT

The County Assessor (the "Assessor") is responsible for the assessment of all taxable real property within the County, including such property located within the boundaries of the District, except for certain railroad property, pollution control facilities and low sulfur dioxide emission coal-fueled devices, which are assessed directly by the Department. For triennial reassessment purposes, Cook County is divided into three Districts: west and south suburbs (the "South Tri"), north and northwest suburbs (the "North Tri"), and the City of Chicago (the "City Tri"). The District is located in the North Tri and was last reassessed for the 2022 tax levy year. The District will next be reassessed for the 2025 levy year.

Real property in the County is separated into classes for assessment purposes. After the Assessor establishes the fair market value of a parcel of property, that value is multiplied by the appropriate classification percentage to arrive at the assessed valuation (the "Assessed Valuation") for the parcel. Such classification percentages range from 10% for certain residential, commercial and industrial property to 25% for other industrial and commercial property.

Property is classified for assessment into six basic categories, each of which is assessed at various percentages of fair market value as follows: Class 1 - unimproved real estate (10%); Class 2 - residential (10%); Class 3 - rental-residential (16% in tax year 2009, 13% in tax year 2010, and 10% in tax year 2011 and subsequent years); Class 4 - not-for-profit (25%); Class 5a - commercial (25%); and Class 5b - industrial (25%).

In addition, property may be temporarily classified into one of eight additional assessment classification categories. Upon expiration of such classification, property so classified will revert

to one of the basic six assessment classifications described above. The additional assessment classifications are as follows:

| CLASS | DESCRIPTION OF QUALIFYING PROPERTY  | ASSESSMENT PERCENTAGE  | REVERTS TO<br>CLASS |
|-------|---|--|---------------------|
| 6b    | Newly constructed industrial properties or<br>substantially rehabilitated sections of existing<br>industrial properties   | 10% for first 10 years and any 10-year renewal; if not renewed, 15% in year 11, 20% in year 12       | 5b                  |
| C     | Industrial property that has undergone environmental testing and remediation  | 10% for first 10 years, 15% in year 11, 20% in year 12   | 5b                  |
|       | Commercial property that has undergone environmental testing and remediation  | 10% for first 10 years, 15% in year 11, 20% in year 12   | 5a                  |
| 7a/7b | Newly constructed or substantially rehabilitated commercial properties in an area in need of commercial development   | 10% for first 10 years, 15% in year 11, 20% in year 12   | 5a                  |
| 7c    | Newly constructed or rehabilitated commercial buildings and acquisition of abandoned property and rehabilitation of buildings thereon including the land upon which the buildings are situated and the land related to the rehabilitation | 10% for first 3 years and any 3-year renewal; if not renewed, 15% in year 4, 20% in year 5           | 5a                  |
| 8     | Industrial properties in enterprise communities or zones in need of substantial revitalization  | 10% for first 10 years and any<br>10-year renewal; if not renewed,<br>15% in year 11, 20% in year 12 | 5b                  |
|       | Commercial properties in enterprise communities or zones in need of substantial revitalization  | 10% for first 10 years, 15% in year 11, 20% in year 12   | 5a                  |
| 9     | New or substantially rehabilitated multi-family residential properties in target areas, empowerment or enterprise zones   | 10% for first 10 years and any 10-year renewal   | As<br>Applicable    |
| S     | Class 3 properties subject to Section 8 contracts renewed under the "Mark up to Market" option  | 10% for term of Section 8 contract renewal and any subsequent renewal                                | 3                   |
| L     | Substantially rehabilitated Class 3, 4 or 5b properties qualifying as "Landmark" or "Contributing" buildings  | 10% for first 10 years and any 10-year renewal; if not renewed, 15% in year 11, 20% in year 12       | 3, 4, or 5b         |
|       | Substantially rehabilitated Class 5a properties qualifying as "Landmark" or "Contributing" buildings  | 10% for first 10 years, 15% in year 11, 20% in year 12   | 5a                  |

The Assessor has established procedures enabling taxpayers to contest their proposed Assessed Valuations. Once the Assessor certifies its final Assessed Valuations, a taxpayer can seek review of its assessment by appealing to the Cook County Board of Review (the "Board of Review"), which consists of three commissioners elected by the voters of the County. The Board of Review has the power to adjust the Assessed Valuations set by the Assessor.

Owners of residential property having six or fewer units are able to appeal decisions of the Board of Review to the Illinois Property Tax Appeal Board (the "PTAB"), a statewide

administrative body. The PTAB has the power to determine the Assessed Valuation of real property based on equity and the weight of the evidence. Taxpayers may appeal the decision of PTAB to either the Circuit Court of the County (the "Circuit Court") or the Illinois Appellate Court under the Illinois Administrative Review Law.

As an alternative to seeking review of Assessed Valuations by PTAB, taxpayers who have first exhausted their remedies before the Board of Review may file an objection in the Circuit Court. The procedure under this alternative is similar to the judicial review procedure described in the immediately preceding paragraph, however, the standard of proof differs. In addition, in cases where the Assessor agrees that an assessment error has been made after tax bills have been issued, the Assessor can correct any factual error, and thus reduce the amount of taxes due, by issuing a Certificate of Error. Certificates of Error are not issued in cases where the only issue is the opinion of the valuation of the property.

# **EQUALIZATION**

After the Assessor has established the Assessed Valuation for each parcel for a given year, and following any revisions by the Board of Review or PTAB, the Department is required by statute to review the Assessed Valuations. The Department establishes an equalization factor (the "Equalization Factor"), commonly called the "multiplier," for each county to make all valuations uniform among the 102 counties in the State. Under State law, the aggregate of the assessments within each county is equalized at 33-1/3% of the estimated fair cash value of real property located within the county prior to any applicable exemptions. One multiplier is applied to all property in the County, regardless of its assessment category, except for certain farmland property and wind energy assessable property, which are not subject to equalization. The following table sets forth the Equalization Factor for the County for the last ten tax levy years.

| TAX LEVY YEAR | EQUALIZATION FACTOR |
|---------------|---------------------|
| 2014          | 2.7253              |
| 2015          | 2.6685              |
| 2016          | 2.8032              |
| 2017          | 2.9627              |
| 2018          | 2.9109              |
| 2019          | 2.9160              |
| 2020          | 3.2234              |
| 2021          | 3.0027              |
| 2022          | 2.9237              |
| 2023          | 3.0163              |

Once the Equalization Factor is established, the Assessed Valuation, as revised by the Board of Review or PTAB, is multiplied by the Equalization Factor to determine the EAV of that parcel. The EAV for each parcel is the final property valuation used for determination of tax liability. The aggregate EAV for all parcels in any taxing body's jurisdiction, plus the valuation of property assessed directly by the Department, constitute the total real estate tax base for the taxing body, which is used to calculate tax rates (the "Assessment Base").

#### **EXEMPTIONS**

The Illinois Property Tax Code, as amended (the "*Property Tax Code*"), exempts certain property from taxation. Certain property is exempt from taxation on the basis of ownership and/or use, including, but not limited to, public parks, not-for-profit schools, public schools, churches, not-for-profit hospitals and public hospitals. In addition, the Property Tax Code provides a variety of homestead exemptions, which are discussed below.

An annual General Homestead Exemption provides that the EAV of certain property owned and used for residential purposes ("*Residential Property*") may be reduced by the amount of any increase over the 1977 EAV, up to a maximum reduction of \$10,000 for tax years 2017 and thereafter.

The Long-Time Occupant Homestead Exemption limits the increase in EAV of a taxpayer's homestead property to 10% per year if such taxpayer has owned the property for at least 10 years as of January 1 of the assessment year (or 5 years if purchased with certain government assistance) and has a household income of \$100,000 or less ("Qualified Homestead Property"). If the taxpayer's annual income is \$75,000 or less, the EAV of the Qualified Homestead Property may increase by no more than 7% per year. There is no exemption limit for Qualified Homestead Properties.

The Homestead Improvement Exemption applies to Residential Property that has been improved and to properties that have been rebuilt in the two years following a catastrophic event, as defined in the Property Tax Code. The exemption is limited to an annual maximum amount of \$75,000 for up to four years, to the extent the Assessed Valuation is attributable solely to such improvements or rebuilding.

The Senior Citizens Homestead Exemption annually reduces the EAV on residences owned and occupied by senior citizens. The maximum exemption is \$8,000 for tax years 2017 and thereafter.

The Senior Citizens Assessment Freeze Homestead Exemption freezes property tax assessments for homeowners who are 65 and older, reside in their property as their principal place of residence and receive a household income not in excess of \$65,000 beginning in assessment year 2017. This exemption grants to qualifying senior citizens an exemption equal to the difference between (a) the current EAV of the residence and (b) the EAV of a senior citizen's residence for the year prior to the year in which he or she first qualifies and applies for the exemption, plus the EAV of improvements since such year. Beginning in tax year 2017, the amount of the exemption is equal to the greater of the amount calculated as described in the previous sentence (as more completely set forth in the Property Tax Code) or \$2,000.

Purchasers of certain single family homes and residences of one to six units located in certain targeted areas (as defined in the applicable section of the Property Tax Code) can apply for the Community Stabilization Assessment Freeze Pilot Program. To be eligible the purchaser must meet certain requirements for rehabilitating the property, including expenditures of at least \$5 per square foot, adjusted by CPI. Upon meeting the requirements, the assessed value of the

improvements is reduced by (a) 90% in the first seven years, (b) 65% in the eighth year and (c) 35% in the ninth year. The benefit ceases in the tenth year. The program will be phased out by June 30, 2029.

The Natural Disaster Homestead Exemption (the "Natural Disaster Exemption") applies to homestead properties containing a residential structure that has been rebuilt following a natural disaster. A natural disaster is an occurrence of widespread or severe damage or loss of property resulting from any catastrophic cause including but not limited to fire, flood, earthquake, wind, or storm. The Natural Disaster Exemption is equal to the equalized assessed value of the residence in the first taxable year for which the taxpayer applies for the exemption minus the base amount. To be eligible for the Natural Disaster Exemption, the residential structure must be rebuilt within two years after the date of the natural disaster, and the square footage of the rebuilt residential structure may not be more than 110% of the square footage of the original residential structure as it existed immediately prior to the natural disaster. The Natural Disaster Exemption remains at a constant amount until the taxable year in which the property is sold or transferred.

Several exemptions are available to veterans of the United States armed forces. The Veterans with Disabilities Exemption for Specially-Adapted Housing exempts up to \$100,000 of the Assessed Valuation of property owned and used exclusively by veterans with a disability, their spouses or unmarried surviving spouses. Qualification for this exemption requires the veteran's disability to be of such a nature that the federal government has authorized payment for purchase of specially adapted housing under the U.S. Code as certified to annually by the Illinois Department of Veterans Affairs or for housing or adaptations donated by a charitable organization to such disabled veteran.

The Standard Homestead Exemption for Veterans with Disabilities provides an annual homestead exemption to veterans with a service-connected disability based on the percentage of such disability. If the veteran has a (a) service-connected disability of 30% or more but less than 50%, the annual exemption is \$2,500, (b) service-connected disability of 50% or more but less than 70%, the annual exemption is \$5,000, and (c) service-connected disability of 70% or more, the property is exempt from taxation.

The Returning Veterans' Homestead Exemption is available for property owned and occupied as the principal residence of a veteran in the assessment year, and the year following the assessment year, in which the veteran returns from an armed conflict while on active duty in the United States armed forces. This provision grants a one-time, two-year homestead exemption of \$5,000.

Finally, the Homestead Exemption for Persons with Disabilities provides an annual homestead exemption in the amount of \$2,000 for property that is owned and occupied by certain disabled persons who meet State-mandated guidelines.

# TAX LEVY

As part of the annual budgetary process of governmental units (the "Units") with power to levy taxes in the County, the designated body for each Unit annually adopts proceedings to levy

real estate taxes. The administration and collection of real estate taxes is statutorily assigned to the County Clerk and the County Treasurer. After the Units file their annual tax levies, the County Clerk computes the annual tax rate for each Unit. The County Clerk computes the Unit's maximum allowable levy by multiplying the maximum tax rate for that Unit by the prior year's EAV for all property currently in the District. The prior year's EAV includes the EAV of any new property, the current year value of any annexed property and any recovered tax increment value, minus any disconnected property for the current year under the Limitation Law. The tax rate for a Unit is computed by dividing the lesser of the maximum allowable levy or the actual levy by the current year's EAV.

#### PROPERTY TAX EXTENSION LIMITATION LAW

The Limitation Law is applied after the prior year EAV limitation. The Limitation Law limits the annual growth in the amount of property taxes to be extended for certain Illinois non-home rule units, including the District. The effect of the Limitation Law is to limit the amount of property taxes that can be extended for a taxing body. In addition, general obligation bonds, notes and installment contracts payable from ad valorem taxes, unlimited as to rate and amount, cannot be issued by the affected taxing bodies unless they are approved by referendum, are alternate bonds, are for fire prevention and safety, energy conservation and school security purposes or are for certain refunding purposes.

The use of prior year EAVs to limit the allowable tax levy may reduce tax rates for funds that are at or near their maximum rates in taxing Districts with rising EAVs. These reduced rates and all other rates for those funds subject to the Limitation Law are added together, which results in the aggregate preliminary rate. The aggregate preliminary rate is then compared to the limiting rate. If the limiting rate is more than the aggregate preliminary rate, there is no further reduction in rates due to the Limitation Law. If the limiting rate is less than the aggregate preliminary rate, the aggregate preliminary rate is further reduced to the limiting rate. In all cases, taxes are extended using current year EAV under Section 18-140 of the Property Tax Code.

The District has the authority to levy taxes for many different purposes. See "FINANCIAL INFORMATION AND ECONOMIC CHARACTERISTICS OF THE DISTRICT - School District Tax Rates by Purpose." The ceiling at any particular time on the rate at which these taxes may be extended for the District is either (a) unlimited (as provided by statute), (b) initially set by statute but permitted to be increased by referendum, (c) capped by statute, or (d) limited to the rate approved by referendum. The only ceiling on a particular tax rate is the ceiling set by statute, at which the rate is not permitted to be further increased by referendum or otherwise. Therefore, taxing Districts (such as the District) have flexibility to levy taxes for the purposes for which they most need the money. The total aggregate tax rate for the various purposes subject to the Limitation Law, however, will not be allowed to exceed the District's limiting rate computed in accordance with the provisions of the Limitation Law.

If the District's Adequacy Target (as defined under "STATE AID" herein) exceeds 110% for the school year that begins during the calendar year immediately preceding the levy year for which a tax reduction is sought, a petition signed by at least 10% of the registered voters in the District may be filed requiring a proposition to be submitted to the District's voters at the next consolidated

election in April of odd-numbered years asking the voters whether the District must reduce its extension for educational purposes for the levy year in which the election is held to an amount that is less than the extension for educational purposes for the immediately preceding levy year. The reduced extension, however, may not be more than 10% lower than the amount extended for educational purposes in the previous levy year and may not cause the District's Adequacy Target to fall below 110% for the levy year for which the reduction is sought. If the voters approve the proposition, the County Clerk will extend a rate for educational purposes that is no greater than the limiting rate for educational purposes computed in accordance with the Limitation Law. If such proposition is submitted to the voters, it may not be submitted again at any of the next two consolidated elections.

In general, the annual growth permitted under the Limitation Law is the lesser of 5% or the percentage increase in the CPI during the calendar year preceding the levy year. Taxes can also be increased due to new construction, referendum approval of tax rate increases, mergers and consolidations. Local governments, including the District, can issue limited bonds (such as the Bonds) in lieu of general obligation bonds that have otherwise been authorized by applicable law. See "The Bonds—Security" herein.

Beginning with levy year 2021, each tax-capped taxing district (such as the District) receives an automatic levy increase in the amount of any property tax refunds paid by such taxing district in the prior year as a result of the issuance of certificates of error, court orders issued in connection with valuation tax objection complaints and Illinois Property Tax Appeal Board (the "PTAB") decisions. For levy year 2023, the additional amount added to the District's tax levy as a result of this change was \$250,774.

Pursuant to Section 18-190.7 of the Property Tax Code, school districts that have a designation of "recognition" or "review" according to the Illinois State Board of Education's ("ISBE") School District Financial Profile System, park districts, library districts and community college districts and for which taxes were not extended at the maximum amount permitted under the Limitation Law in a given levy year may be able to recapture all or a portion of such unrealized levy amount in a subsequent levy year. Section 18-190.7 directs county clerks, in calculating the limiting rate for a given taxing district, to use the greater of the taxing district's last preceding aggregate extension or the district's last preceding aggregate extension if the taxing district had utilized the maximum limiting rate permitted without referendum for each of the three immediately preceding levy years. The aggregate extension of a taxing district that includes any recapture for a particular levy year cannot exceed the taxing district's aggregate extension for the immediately preceding levy year by more than 5%. If a taxing district cannot recapture the entire unrealized levy amount in a single levy year, the taxing district may increase its aggregate extension in each succeeding levy year until the entire levy amount is recaptured.

Illinois legislators have introduced several proposals to further modify the Limitation Law, including freezing property taxes and extending tax caps to all taxing bodies in the State. The District cannot predict whether, or in what form, any change to the Limitation Law may be enacted into law, nor can the District predict the effect of any such change on the District's finances.

#### **EXTENSIONS**

The County Clerk then computes the total tax rate applicable to each parcel of real property by aggregating the tax rates of all of the Units having jurisdiction over the particular parcel. The County Clerk extends the tax by entering the tax (determined by multiplying the total tax rate by the EAV of that parcel for the current assessment year) in the books prepared for the County Collector (the "Warrant Books") along with the tax rates, the Assessed Valuation and the EAV. The Warrant Books are the County Collector's authority for the collection of taxes and are used by the County Collector as the basis for issuing tax bills to all property owners.

## **COLLECTIONS**

Property taxes are collected by the County Collector, who also serves as the County Treasurer, who remits to each Unit its share of the collections. Taxes levied in one year become payable during the following year in two installments, the first due on March 1 and the second on the later of August 1 or 30 days after the mailing of the tax bills. A payment due is deemed to be paid on time if the payment is postmarked on the due date. Beginning with the first installment payable in 2010, the first installment is equal to 55% of the prior year's tax bill. However, if a Certificate of Error is approved by a court or certified on or before November 30 of the preceding year and before the estimated tax bills are prepared, then the first installment is instead based on the certain percentage of the *corrected* prior year's tax bill. The second installment covers the balance of the current year's tax bill, and is based on the then current tax year levy, Assessed Valuation and Equalization Factor, and reflects any changes from the prior year in those factors. The first installment penalty date has historically been the first business day in March. Pursuant to Public Act 102-1112, the first installment penalty date for levy year 2022 was changed from March 1, 2023 to April 1, 2023. The following table sets forth the second installment penalty date for the last ten tax levy years in the County.

| Tax Levy Year | SECOND INSTALLMENT PENALTY DATE |
|---------------|---------------------------------|
|               |                                 |
| 2014          | August 3, 2015                  |
| 2015          | August 1, 2016                  |
| 2016          | August 1, 2017                  |
| 2017          | August 1, 2018                  |
| 2018          | August 1, 2019                  |
| 2019          | August 3, 2020                  |
| 2020          | August 2, 2021                  |
| 2021          | December 30, 2022               |
| 2022          | December 1, 2023                |
| 2023          | August 1, 2024                  |

As a result of ongoing efforts to modernize technology within various County property tax agencies, personnel shortages and turnover attributable to COVID-19 and the complicated nature of the reassessment of property taxes in the City of Chicago, for the 2021 tax year (for amounts payable in calendar year 2022), the distribution of amounts related to second installment County

property tax bills for calendar year 2022 were delayed. Likewise, such distribution of amounts were delayed in calendar year 2023. The District did not experience any cash flow issues due to such delays.

It is possible that the changes to the assessment appeals process described above will cause delays similar to those experienced in past years in preparation and mailing of the second installment in future years. In the future, the County may provide for tax bills to be payable in four installments instead of two.

During the periods of peak collections, tax receipts are forwarded to each Unit on a weekly basis. Upon receipt of taxes from the County Collector, the District promptly credits the taxes received to the funds for which they were levied.

#### UNPAID TAXES AND ANNUAL TAX SALES

Taxes that are not paid when due, or that are not paid by mail and postmarked on or before the due date, are deemed delinquent and bear interest at the rate of 0.75% per month (or portion thereof) until paid. Unpaid property taxes, together with penalties, interest and costs, constitute a lien against the property subject to the tax. If taxes go unpaid for 13 months, the County Treasurer is required to sell the delinquent property taxes at the "Annual Tax Sale", which is a sale of tax liens, not properties. A public sale is held, at which time successful tax buyers pay the unpaid taxes plus penalties. Taxpayers can redeem their property by paying the amount paid at the sale, plus interest penalties and fees. If no redemption is made within the applicable redemption period, the tax buyer can secure a court-ordered deed to the home. Tax buyers can seek the deed to a home after 2-1/2 years, with the option of a six-month extension. If the property is abandoned, that time frame can be shortened to two years. Owners of vacant, commercial and industrial properties have six months to redeem their taxes before the tax buyer can seek ownership of the property.

If there is no sale of the tax lien on a parcel of property at the Annual Tax Sale, the taxes are forfeited and the property becomes eligible to be purchased at any time thereafter at an amount equal to all delinquent taxes and interest accrued to the date of purchase. Redemption periods and procedures are the same as applicable to the Annual Tax Sale.

When taxes remain unpaid for more than 20 years, Illinois law states that the property is "forfeited to the state." As a practical matter, this does not happen. Instead, the taxes are wiped out, as the property remains in its distressed condition barring a change in the owner's circumstances or it being sold.

#### SCAVENGER SALES

In the County, if a property's taxes go unpaid in at least three of the previous 20 years, the property is offered at a biennial "Scavenger Sale," which like the Annual Tax Sale, is a sale of unpaid taxes. The winning bidder is not required to pay any of the previous years' unpaid taxes. If the owner, however, does not redeem such back taxes, the winning bidder can seek deed to the property. To obtain the deed, the bidder must pay all unpaid taxes billed on the property between the last year covered by the Scavenger Sale and the date the bidder seeks the deed. Redemption

periods vary from six months to two and a half years depending upon the type and occupancy of the property. As in the Annual Sale, bidders at the Scavenger Sale can seek the deed to a home after 2-1/2 years, with the option of a six-month extension. If the property is abandoned, that time frame can be shortened to two years. With a vacant, commercial or industrial property, the winning buyer can seek the deed after six months.

Public Act 103-0555 effective January 1, 2024, eliminates the County's mandatory Scavenger Sale and allows the County or local governments to take control of properties if they are not purchased in the Annual Tax Sale. The County, like all other Illinois counties, can cease selling tax liens and instead work to connect chronically-delinquent, forfeited tax liens to new development opportunities.

## TRUTH IN TAXATION LAW

Legislation known as the Truth in Taxation Law (the "Law") limits the aggregate amount of certain taxes which can be levied by, and extended for, a taxing district to 105% of the amount of taxes extended in the preceding year unless specified notice, hearing and certification requirements are met by the taxing body. The express purpose of the Law is to require published disclosure of, and hearing upon, an intention to adopt a levy in excess of the specified levels. The provisions of the Law do not apply to levies made to pay principal of and interest on the Bonds. The District covenanted in the Bond Resolution that it will not take any action or fail to take any action which would adversely affect the ability of the District to levy and collect the taxes levied by the District for payment of principal of and interest on the Bonds. The District also covenanted that it and its officers will comply with all present and future applicable laws to assure that such taxes will be levied, extended, collected and deposited as provided in the Bond Resolution.

## SCHOOL DISTRICT FINANCIAL PROFILE

ISBE utilizes a system for assessing a school district's financial health referred to as the "School District Financial Profile" which replaced the Financial Watch List and Financial Assurance and Accountability System. This system identifies those school districts which are moving into financial distress.

The system uses five indicators which are individually scored, placed into a category of a four, three, two or one, with four being the best possible, and weighted in order to arrive at a composite district financial profile. The indicators and the weights assigned to those indicators are as follows: fund balance to revenue ratio (35%); expenditures to revenue ratio (35%); days cash on hand (10%); percent of short-term borrowing ability remaining (10%); and percent of long-term debt margin remaining (10%).

The scores of the weighted indicators are totaled to obtain a district's overall score. The highest score is 4.0 and the lowest score is 1.0. A district is then placed in one of four categories as follows:

- *Financial Recognition*. A school district with a score of 3.54-4.00 is assigned to this category, which is the best category of financial strength. These districts require minimal or no active monitoring by ISBE unless requested by the district.
- Financial Review. A school district with a score of 3.08-3.53 is assigned to this category, the next highest financial strength category. These districts receive a limited review by ISBE, but are monitored for potential downward trends. ISBE staff also review the next year's school budget for further negative trends.
- Financial Early Warning. A school district with a score of 2.62-3.07 is placed in this category. ISBE monitors these districts closely and offers proactive technical assistance, such as financial projections and cash flow analysis. These districts also are reviewed to determine whether they meet the criteria set forth in Article 1A-8 of the School Code to be certified in financial difficulty and possibly qualify for a Financial Oversight Panel.
- Financial Watch. A school district with a score of 1.00-2.61 is in this category, the highest risk category. ISBE monitors these districts very closely and offers technical assistance with, but not limited to, financial projections, cash flow analysis, budgeting, personnel inventories and enrollment projections. These districts are also assessed to determine if they qualify for a Financial Oversight Panel.

For each school district, ISBE calculates an original financial profile score (the "Original Score") and an adjusted financial profile score (the "Adjusted Score"). The Original Score is calculated based solely on such school district's audited financial statements as of the close of the most recent fiscal year. The Adjusted Score is calculated based initially on a school district's audited financial statements for the most recent fiscal year, with adjustments made to reflect the impact on the Original Score of timing differences between such school district's actual and expected receipt of State payments, as required by Section 1A-8 of the School Code. ISBE has implemented this statutory requirement by adding in payments expected to be received during the calculation year but not actually received until the following fiscal year, as well as by subtracting certain State payments received during the current fiscal year but attributable to a prior fiscal year. Such adjustments may have a varying effect on a school district's Adjusted Score based on the amount of time by which such State payments are delayed and the accounting basis adopted by such school district. Due to the manner in which such requirement has been implemented by ISBE, a school district's Adjusted Score may be different than it otherwise would have been in certain years based on the scheduled receipt of State payments.

The following table sets forth the District's Original Scores and Adjusted Scores, as well as the designation assigned to each score, for each of the last five fiscal years (as released by ISBE in the calendar year following the conclusion of each fiscal year):

|          | DESIGNATION                  |  | DESIGNATION  |
|----------|------------------------------|--|--|
| ORIGINAL | BASED ON                     | ADJUSTED   | BASED ON   |
| SCORE    | ORIGINAL SCORE               | SCORE  | ADJUSTED SCORE   |
| 4 00     | Recognition                  | 4 00   | Recognition  |
| 3.65     | Recognition                  | 3.65   | Recognition  |

## STATE AID

#### **GENERAL**

On June 5, 2024, Governor Pritzker (the "Governor") signed the State's \$53.1 billion general funds budget (Public Act 103-0589) for the fiscal year ending June 30, 2025 (the "Fiscal Year 2025 Budget"), which included a \$211 million surplus, additional contributions to the State's pension system and the State's Budget Stabilization Fund, commonly referred to as the State's "rainy day" fund, which is set to surpass \$2.3 billion, and the elimination of the State's bill backlog. In addition, the Fiscal Year 2025 Budget increased funding for education across early childhood, K-12 and higher education by more than \$500 million.

The State provides aid to local school districts on an annual basis as part of the State's appropriation process. Many school districts throughout the State rely on such state aid as a significant part of their budgets. For the fiscal year ended June 30, 2024, 6.94% of the District's General Fund revenue came from State funding sources. See *Exhibit C* to this Official Statement for more information concerning the breakdown of the District's revenue sources.

#### GENERAL STATE AID—EVIDENCE-BASED FUNDING MODEL

Beginning with fiscal year 2018, general State funds ("General State Aid") have, pursuant to Public Act 100-0465, been distributed to school districts under the "Evidence-Based Funding Model". The Evidence-Based Funding Model sets forth a school funding formula that ties individual district funding to evidence-based best practices that certain research shows enhance student achievement in the classroom. Under the funding formula, ISBE will calculate an adequacy target (the "Adequacy Target") each year for each district based upon its unique student population, regional wage differences and best practices. Each district will be placed in one of four tiers depending on how close the sum of its local resources available to support education (based on certain State resources and its expected property tax collections and its Base Funding Minimum (as hereinafter defined) are to its Adequacy Target; Tier One and Tier Two for those districts that are the furthest away from their Adequacy Targets and Tier Three and Tier Four for those districts that are the closest to (or above) their Adequacy Targets. For each school year, all State funds appropriated for General State Aid in excess of the amount needed to fund the Base Funding Minimum for all school districts ("New State Funds") will be distributed to districts based

on tier placement. Of any New State Funds available, Tier One receives 50%, Tier Two receives 49%, Tier Three receives 0.9%, and Tier Four receives 0.1%. Tier Two includes all Tier One districts for the purpose of the allocation percentages for New State Funds.

The Fiscal Year 2025 Budget, like the prior three State budgets, appropriated General State Aid in an amount \$350 million greater than the appropriation in the prior fiscal year budget.

The Evidence-Based Funding Model also provides that each school district will be allocated at least as much in General State Aid in future years as it received in the most recently completed school year (such amount being the district's "Base Funding Minimum"). The Base Funding Minimum for the District for school year 2017-2018 was \$2,326,954 (the "Initial Base Funding Minimum"). Mandated Categorical State Aid (as hereinafter defined) received by the District in fiscal year 2017, other than Mandated Categorical State Aid related to transportation and extraordinary special education, was included in the Initial Base Funding Minimum. Any New State Funds received by a district in a year become part of its Base Funding Minimum in the following year.

## **EBF FUNDING**

| NT<br>W<br>JNDS |
|-----------------|
| 0               |
| 31              |
| 96              |
| 574             |
| 57              |
| J.              |

<sup>(1)</sup> The State did not allocate New State Funds for Fiscal Year 2021.

## PROPERTY TAX RELIEF POOL FUNDS

For the purpose of encouraging high tax rate school districts to reduce property taxes, the Evidence-Based Funding Model also established a property tax relief grant program (the "Property Tax Relief Pool"). School districts must apply for the grant and indicate an amount of intended property tax relief, which relief may not be greater than 1% of EAV for a unit district, 0.69% of EAV for an elementary school district or 0.31% of EAV for a high school district, reduced, in each case, based on the Local Capacity Target of the applicant. Property Tax Relief Pool grants will be allocated to school districts based on each district's percentage of the simple average operating tax rate of all school districts of the same type (unit, elementary or high), in order of priority from highest percentage to lowest, until the Property Tax Relief Pool is exhausted. A school district which receives a Property Tax Relief Pool grant is required to abate its property tax levy by the amount of intended property tax relief for the levy year in which the grant is to be received, and the succeeding levy year. The difference between the amount of the grant and the amount of the abatement is based on a statutory calculation which takes into account relative Local Capacity Targets. Pursuant to such calculation, a school district with a low Local Capacity Target

will be required to abate less than a school district with a high Local Capacity Target, assuming the amount of Property Tax Relief Pool grants received by the school districts are the same. Property Tax Relief Pool grants received by a school district are included in future calculations of that district's Base Funding Minimum, unless that district does not abate its property tax levy by the amount of intended property tax relief as described above. Of the \$350 million of New State Funds appropriated in the Fiscal Year 2025 Budget, \$50 million was allocated to the Property Tax Relief Pool, as was done in the last three State budgets.

## MANDATED CATEGORICAL STATE AID

Illinois school districts are entitled to reimbursement from the State for expenditures incurred in providing programs and services legally required to be available to students under State law. Such reimbursements, referred to as "Mandated Categorical State Aid," are made to the school district in the fiscal year following the expenditure, provided that the school district files the paperwork necessary to inform the State of such an entitlement. From time to time, Mandated Categorical State Aid payments from the State have been delayed and have been prorated as part of the appropriation process, as described below.

Prior to fiscal year 2018, the School Code provided for Mandated Categorical State Aid with respect to mandatory school programs relating to: (a) special education, (b) transportation, (c) free and reduced breakfast and lunch, and (d) orphanage tuition. Beginning with fiscal year 2018, Mandated Categorical State Aid is no longer the source of funding for mandatory school programs relating to special education, other than private facility tuition and transportation. Mandated Categorical State Aid received by a district in fiscal year 2017 for special education programming no longer available for Mandated Categorical State Aid in fiscal year 2018 is included in the Base Funding Minimum for that district.

In addition, although school districts are entitled to reimbursement for expenditures made under these programs, these reimbursements are subject to the State's appropriation process. In the event that the State does not appropriate an amount sufficient to fund fully the Mandated Categorical State Aid owed to each school district, the total Mandated Categorical State Aid is proportionally reduced such that each school district receives the same percentage of its Mandated Categorical State Aid request with respect to a specific category of such aid as every other school district.

In past years, the State has not fully funded all Mandated Categorical State Aid payments. Therefore, pursuant to the procedures discussed above, proportionate reductions in Mandated Categorical State Aid payments to school districts have occurred. However, because these programs are "mandatory" under the School Code, each school district must provide these programs regardless of whether such school district is reimbursed by the State for the related expenditures. No assurance can be given that the State will make appropriations in the future sufficient to fund fully the Mandatory Categorical State Aid requirements. As such, the District's revenues may be impacted in the future by increases or decreases in the level of funding appropriated by the State for Mandated Categorical State Aid.

#### COMPETITIVE GRANT STATE AID

The State also provides funds to school districts for expenditures incurred in providing additional programs that are allowed, but not mandated by, the School Code. In contrast to Mandated Categorical State Aid, such "Competitive Grant State Aid" is not guaranteed to a school district that provides these programs. Instead, a school district applying for Competitive Grant State Aid must compete with other school districts for the limited amount appropriated each year by the State for such program.

Competitive Grant State Aid is allocated, after appropriation by the State, among certain school districts selected by the State. The level of funding is annually determined separately for each category of aid based on the State's budget. This process does not guarantee that any funding will be available for Competitive Grant State Aid programs, even if a school district received such funding in a prior year. Therefore, school districts may incur expenditures with respect to certain Competitive Grant State Aid programs without any guarantee that the State will appropriate the money necessary to reimburse such expenditures.

#### PAYMENT FOR MANDATED CATEGORICAL STATE AID AND COMPETITIVE GRANT STATE AID

The State makes payments to school districts for Mandated Categorical State Aid and Competitive Grant State Aid (together, "Categorical State Aid") in accordance with a voucher system involving ISBE. ISBE vouchers payments to the State on a periodic basis. The time between vouchers varies depending on the type of Categorical State Aid in question. For example, with respect to the categories of Mandated Categorical State Aid related to extraordinary special education and transportation, ISBE vouchers the State for payments on a quarterly basis. With respect to Competitive Grant State Aid, a payment schedule is established as part of the application process, and ISBE vouchers the State for payment in accordance with this payment schedule.

Once ISBE has vouchered the State for payment, the State is required to make the Categorical State Aid payments to the school districts. As a general matter, the State is required to make such payments within 90 days after the end of the State's fiscal year.

See *Exhibit C* for a summary of the District's general fund revenue sources.

## FEDERAL COVID-19 FUNDS DISTRIBUTED TO THE DISTRICT

The COVID-19 pandemic, along with various governmental measures taken to protect public health in light of the pandemic, has had an adverse impact on global economies, including economic conditions in the United States. In response to the pandemic, federal legislation, particularly the (i) Coronavirus Aid, Relief, and Economic Security Act (commonly known as ESSER I), (ii) the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (commonly known as ESSER II), and (iii) the American Rescue Plan of 2021 (commonly known as ESSER III), was enacted to provide funds to mitigate the economic downturn and health care crisis caused by COVID-19.

The amount of funds the District received from ESSER I was \$384,406. The District received additional funds in the amount of \$1,490,817 pursuant to ESSER II. Finally, the District received \$3,351,062 of ESSER III funds.

#### RETIREMENT PLANS

The District participates in two defined benefit pension plans: (i) the Teachers' Retirement System of the State of Illinois ("TRS"), which provides retirement benefits to the District's teaching employees, and (ii) the Illinois Municipal Retirement Fund (the "IMRF" and, together with TRS, the "Pension Plans"), which provides retirement benefits to the District's non-teaching employees. The District makes certain contributions to the Pension Plans on behalf of its employees, as further described in this section. The operations of the Pension Plans, including the contributions to be made to the Pension Plans, the benefits provided by the Pension Plans, and the actuarial assumptions and methods employed in generating the liabilities and contributions of the Pension Plans, are governed by the Illinois Pension Code, as amended (the "Pension Code").

The following summarizes certain provisions of the Pension Plans and the funded status of the Pension Plans, as more completely described in Note 9 to the Audit, as hereinafter defined, attached hereto as APPENDIX A.

#### BACKGROUND REGARDING PENSION PLANS

#### The Actuarial Valuation

The disclosures in the Audit related to the Pension Plans are based in part on the actuarial valuations of the Pension Plans. In the actuarial valuations, the actuary for each of the Pension Plans measures the financial position of the Pension Plan, determines the amount to be contributed to a Pension Plan pursuant to statutory requirements, and produces information mandated by the financial reporting standards (the "GASB Standards") issued by the Governmental Accounting Standards Board ("GASB"), as described below.

In producing an actuarial valuation, the actuary for the Pension Plan uses demographic data (including employee age, salary and service credits), economic assumptions (including estimated future salary and interest rates), and decrement assumptions (including employee turnover, mortality and retirement rates) and employs various actuarial methods to generate the information required to be included in such valuation.

#### GASB Standards

The GASB Standards provide standards for financial reporting and accounting related to pension plans.

The GASB Standards require calculation and disclosure of a "Net Pension Liability" or "Net Pension Asset," which is the difference between the actuarial present value of projected benefit payments that is attributed to past periods of employee service calculated pursuant to the

methods and assumptions set forth in the GASB Standards (referred to in such statements as the "Total Pension Liability") and the fair market value of the pension plan's assets (referred to as the "Fiduciary Net Position").

Furthermore, the GASB Standards employ a rate, referred to in such statements as the "Discount Rate," which is used to discount projected benefit payments to their actuarial present values. The Discount Rate is a blended rate comprised of (1) a long-term expected rate of return on a pension plan's investments (to the extent that such assets are projected to be sufficient to pay benefits), and (2) a tax-exempt municipal bond rate meeting certain specifications set forth in the GASB Standards.

Finally, the GASB Standards require that the Net Pension Liability be disclosed in the notes to the financial statements of the pension system and that a proportionate share of the Net Pension Liability be recognized on the balance sheet of the employer, and that an expense be recognized on the income statement of the employer.

# Pension Plans Remain Governed by the Pension Code

As described above, the GASB Standards establish requirements for financial reporting purposes. However, the Pension Plans are ultimately governed by the provisions of the Pension Code in all respects, including, but not limited to, the amounts to be contributed by the District to the Pension Plans in each year.

#### TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The District participates in TRS, which is a cost-sharing multiple-employer defined benefit pension plan that was created by the General Assembly of the State (the "General Assembly") for the benefit of Illinois public school teachers outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer, which includes all school districts located outside of the City of Chicago, to provide services for which teacher licensure is required.

The Pension Code sets the benefit provisions of TRS, which can only be amended by the General Assembly. The State maintains primary responsibility for the funding of the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the System's administration.

For information relating to the actuarial assumptions and methods used by TRS, including the Discount Rate and the sensitivity of the Net Pension Liability to changes in the Discount Rate, see Note 9 to the Audit.

## Employer Funding of Teachers' Retirement System

Under the Pension Code, active members contribute 9.0% of creditable earnings to TRS. The State makes the balance of employer contributions to the State on behalf of the District, except for a small portion contributed by the teacher's employer, such as the District. For the fiscal years

ended June 30, 2020, through June 30, 2024, all amounts contributed by the District to TRS were as follows:

| FISCAL YEAR<br>ENDED JUNE 30 | TRS CONTRIBUTION |
|------------------------------|------------------|
| 2020                         | \$ 94,174        |
| 2021                         | 109,260          |
| 2022                         | 101,889          |
| 2023                         | 159,882          |
| 2024                         | 101,303          |

Source: The audited financial statements of the District for the fiscal years ended June 30, 2020, through June 30, 2024.

For information regarding additional contributions the District may be required to make to TRS with respect to certain salary increases and other programs, see Note 9 to the Audit.

## ILLINOIS MUNICIPAL RETIREMENT FUND

The District also participates in the IMRF, which is a defined-benefit, agent multiple employer pension plan that acts as a common investment and administrative agent for units of local government and school districts in the State. The IMRF is established and administered under statutes adopted by the General Assembly. The Pension Code sets the benefit provisions of the IMRF, which can only be amended by the General Assembly.

Each employer participating in the IMRF, including the District, has an employer reserve account with the IMRF separate and distinct from all other participating employers (the "IMRF Account") along with a unique employer contribution rate determined by the IMRF Board of Trustees (the "IMRF Board"), as described below. The employees of a participating employer receive benefits solely from such employer's IMRF Account. Participating employers are not responsible for funding the deficits of other participating employers.

The IMRF issues a publicly available financial report that includes financial statements and required supplementary information which may be viewed at the IMRF's website.

See Note 9 to the Audit for additional information on the IMRF.

# Contributions

Both employers and employees contribute to the IMRF. At present, employees contribute 4.50% of their salary to the IMRF, as established by statute. Employers are required to make all additional contributions necessary to fund the benefits provided by the IMRF to its employees. The annual rate at which an employer must contribute to the IMRF is established by the IMRF Board. The District's contribution rate for calendar year 2024 was 1.35% of covered payroll.

For the fiscal years ended June 30, 2020, through June 30, 2024, the District contributed the following amounts to IMRF:

| FISCAL YEAR<br>ENDED JUNE 30 | IMRF Contributions |
|------------------------------|--------------------|
| 2020                         | \$3,951,351        |
| 2021                         | 376,250            |
| 2022                         | 198,895            |
| 2023                         | 88,113             |
| 2024                         | 60,200             |
|                              |                    |

## Measures of Financial Position

The following table presents the measures of the IMRF Account's financial position as of December 31 of the years 2019 through 2023, which are presented pursuant to the GASB Standards.

|               |              |                  |                    | FIDUCIARY NET      |          |
|---------------|--------------|------------------|--------------------|--------------------|----------|
| CALENDAR YEAR | TOTAL        |                  |                    | POSITION AS A % OF |          |
| ENDED         | PENSION      | <b>FIDUCIARY</b> | <b>NET PENSION</b> | TOTAL PENSION      | DISCOUNT |
| DECEMBER 31   | LIABILITY    | NET POSITION     | (ASSET)/LIABILITY  | LIABILITY          | RATE     |
| 2019          | \$30,141,371 | \$31,587,509     | \$(1,446,138)      | 104.80%            | 7.25%    |
| 2020          | 29,471,794   | 34,056,310       | (4,584,516)        | 115.56%            | 7.25%    |
| 2021          | 30,539,377   | 38,568,050       | (8,028,673)        | 126.29%            | 7.25%    |
| 2022          | 31,231,369   | 31,470,473       | (239,104)          | 100.77%            | 7.25%    |
| 2023          | 32,533,437   | 34,279,151       | (1,745,714)        | 105.37%            | 7.25%    |

Source: The audited financial statements of the District for the fiscal years ended June 30, 2020, through June 30, 2024.

See Note 9 to the Audit, for additional information on the IMRF.

#### **OTHER POST-EMPLOYMENT BENEFITS**

The District administers a single-employer defined benefit healthcare plan (the "Retirees Health Plan"). The Retirees Health Plan provides health insurance contributions for eligible retirees and their dependents through the District's group health insurance plan which covers both active and retired members. The District's annual other postemployment benefit ("OPEB") cost is calculated based on the annual required contribution of the employer. For fiscal year ended June 30, 2024, the District had an annual OPEB cost of \$60,250, and as of June 30, 2024, the Retirees Health Plan had an unfunded actuarial accrued liability of \$2,323,835. For more information regarding the District's OPEB obligations, see Note 10 of the Audit.

## TEACHER HEALTH INSURANCE SECURITY FUND

The District participates in the Teacher Health Insurance Security Fund (the "THIS Fund"), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of TRS.

The State maintains primary responsibility for funding, but contributions from participating employers and members are also required. For more information regarding the District's THIS Fund obligation, see Note 10 to the Audit.

## BOND RATING

Moody's has assigned the Bonds a rating of "Aa1." This rating reflects only the views of Moody's. An explanation of the methodology for such rating may be obtained from Moody's. Certain information concerning the Bonds and the District not included in this Official Statement may have been furnished to Moody's by the District. There is no assurance that the rating will be maintained for any given period of time or that such rating will not be changed by Moody's if, in such rating agency's judgment, circumstances so warrant. Any downward change in or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

Except as may be required by the Undertaking described below under the heading "LIMITED CONTINUING DISCLOSURE," the form of which is attached hereto as APPENDIX C, neither the District nor the Underwriter undertakes responsibility to bring to the attention of the owners of the Bonds any proposed change in or withdrawal of the rating or to oppose any such revision or withdrawal.

#### TAX EXEMPTION

Federal tax law contains a number of requirements and restrictions which apply to the Bonds, including investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of bond proceeds and the facilities financed therewith, and certain other matters. The District has covenanted to comply with all requirements that must be satisfied in order for the interest on the Bonds to be excludible from gross income for federal income tax purposes. Failure to comply with certain of such covenants could cause interest on the Bonds to become includible in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

Subject to the District's compliance with the above-referenced covenants, under present law, in the opinion of Bond Counsel, interest on the Bonds is excludible from the gross income of the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the federal alternative minimum tax for individuals under the Internal

Revenue Code of 1986, as amended (the "Code"). Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations.

In rendering its opinion, Bond Counsel will rely upon certifications of the District with respect to certain material facts within the District's knowledge. Bond Counsel's opinion represents its legal judgment based upon its review of the law and the facts that it deems relevant to render such opinion and is not a guarantee of a result.

Ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers of the Bonds should consult their tax advisors as to applicability of any such collateral consequences.

The issue price for original issue discount (as further discussed below) and market discount purposes (the "OID Issue Price") for each maturity of the Bonds is the price at which a substantial amount of such maturity of the Bonds is first sold to the public (excluding bond houses and brokers and similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The OID Issue Price of a maturity of the Bonds may be different from the price set forth, or the price corresponding to the yield set forth, on the inside cover page hereof.

If the OID Issue Price of a maturity of the Bonds is less than the principal amount payable at maturity, the difference between the OID Issue Price of each such maturity, if any, of the Bonds (the "OID Bonds") and the principal amount payable at maturity is original issue discount.

For an investor who purchases an OID Bond in the initial public offering at the OID Issue Price for such maturity and who holds such OID Bond to its stated maturity, subject to the condition that the District complies with the covenants discussed above, (a) the full amount of original issue discount with respect to such OID Bond constitutes interest which is excludible from the gross income of the owner thereof for federal income tax purposes; (b) such owner will not realize taxable capital gain or market discount upon payment of such OID Bond at its stated maturity; (c) such original issue discount is not includible as an item of tax preference in computing the alternative minimum tax for individuals under the Code; and (d) the accretion of original issue discount in each year may result in certain collateral federal income tax consequences in each year even though a corresponding cash payment may not be received until a later year. Based upon the stated position of the Department under State income tax law, accreted original issue discount on such OID Bonds is subject to taxation as it accretes, even though there may not be a corresponding cash payment until a later year. Owners of OID Bonds should consult their own tax advisors with respect to the state and local tax consequences of original issue discount on such OID Bonds.

Owners of Bonds who dispose of Bonds prior to the stated maturity (whether by sale, redemption or otherwise), purchase Bonds in the initial public offering, but at a price different from the OID Issue Price or purchase Bonds subsequent to the initial public offering should consult their own tax advisors.

If a Bond is purchased at any time for a price that is less than the Bond's stated redemption price at maturity or, in the case of an OID Bond, its OID Issue Price plus accreted original issue discount (the "Revised Issue Price"), the purchaser will be treated as having purchased a Bond with market discount subject to the market discount rules of the Code (unless a statutory de minimis rule applies). Accrued market discount is treated as taxable ordinary income and is recognized when a Bond is disposed of (to the extent such accrued discount does not exceed gain realized) or, at the purchaser's election, as it accrues. Such treatment would apply to any purchaser who purchases an OID Bond for a price that is less than its Revised Issue Price. The applicability of the market discount rules may adversely affect the liquidity or secondary market price of such Bond. Purchasers should consult their own tax advisors regarding the potential implications of market discount with respect to the Bonds.

An investor may purchase a Bond at a price in excess of its stated principal amount. Such excess is characterized for federal income tax purposes as "bond premium" and must be amortized by an investor on a constant yield basis over the remaining term of the Bond in a manner that takes into account potential call dates and call prices. An investor cannot deduct amortized bond premium relating to a tax-exempt bond. The amortized bond premium is treated as a reduction in the tax-exempt interest received. As bond premium is amortized, it reduces the investor's basis in the Bond. Investors who purchase a Bond at a premium should consult their own tax advisors regarding the amortization of bond premium and its effect on the Bond's basis for purposes of computing gain or loss in connection with the sale, exchange, redemption or early retirement of the Bond.

There are or may be pending in Congress legislative proposals, including some that carry retroactive effective dates, that, if enacted, could alter or amend the federal tax matters referred to above or affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal tax legislation. Bond Counsel expresses no opinion regarding any pending or proposed federal tax legislation.

The Service has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether or not the Service will commence an audit of the Bonds. If an audit is commenced, under current procedures the Service may treat the District as a taxpayer and the Bondholders may have no right to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the Bonds until the audit is concluded, regardless of the ultimate outcome.

Payments of interest on, and proceeds of the sale, redemption or maturity of, tax-exempt obligations, including the Bonds, are in certain cases required to be reported to the Service. Additionally, backup withholding may apply to any such payments to any Bond owner who fails to provide an accurate Form W-9 Request for Taxpayer Identification Number and Certification, or a substantially identical form, or to any Bond owner who is notified by the Service of a failure to report any interest or dividends required to be shown on federal income tax returns. The

reporting and backup withholding requirements do not affect the excludability of such interest from gross income for federal tax purposes.

Interest on the Bonds is not exempt from present State income taxes. Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

# **QUALIFIED TAX-EXEMPT OBLIGATIONS**

Subject to the District's compliance with certain covenants, in the opinion of Bond Counsel, the Bonds are "qualified tax-exempt obligations" under the small issuer exception provided under Section 265(b)(3) of the Code, which affords banks and certain other financial institutions more favorable treatment of their deduction for interest expense than would otherwise be allowed under Section 265(b)(2) of the Code.

## LIMITED CONTINUING DISCLOSURE

Because at the time of the delivery of the Bonds the District will be an "obligated person" (as such term is defined in the Rule) with respect to less than \$10,000,000 in aggregate amount of outstanding municipal securities, including the Bonds, the District is required to provide to the Municipal Securities Rulemaking Board (the "MSRB"), as specified in the Rule, annual financial information or operating data regarding the District which annual financial information and operating data shall include, at a minimum, that annual financial information and operating data which is customarily prepared by the District and is publicly available. Consequently, pursuant to the Rule, the District will enter into a Continuing Disclosure Undertaking (the "Undertaking") for the benefit of the beneficial owners of the Bonds to send the financial information to the MSRB for purposes of the Rule and to provide notice of certain events to the MSRB pursuant to the requirements of the Rule. No person, other than the District, has undertaken, or is otherwise expected, to provide continuing disclosure with respect to the Bonds. The financial information to be provided on an annual basis, the events which will be noticed on an occurrence basis and a statement of other terms of the Undertaking, including termination, amendment and remedies, are set forth in the form of the Undertaking, attached hereto as APPENDIX C.

The District has not been required to deliver an undertaking pursuant to the Rule in the past five years. A failure by the District to comply with the Undertaking will not constitute a default under the Bond Resolution and beneficial owners of the Bonds are limited to the remedies described in the Undertaking. The District must report any failure to comply with the Undertaking in accordance with the Rule. Any broker, dealer or municipal securities dealer must consider such report before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

#### **AUDITED FINANCIAL STATEMENTS**

The audited financial statements of the District for the fiscal year ended June 30, 2024 (the "Audit"), contained in Appendix A, including the independent auditor's report accompanying the Audit, have been prepared by Eccezion, McHenry, Illinois (the "Auditor"), and approved by formal action of the Board. The District has not requested the Auditor to update information contained in the Audit nor has the District requested that the Auditor consent to the use of the Audit in this Official Statement. Other than as expressly set forth in this Official Statement, the financial information contained in the Audit has not been updated since the date of the Audit. The inclusion of the Audit in this Official Statement in and of itself is not intended to demonstrate the fiscal condition of the District since the date of the Audit.

#### **BOOK-ENTRY ONLY SYSTEM**

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has an S&P Global Ratings rating of "AA+". The DTC Rules applicable to its Participants are on file with the Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect

Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the District or Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with

securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from DTC, and the District takes no responsibility for the accuracy thereof.

The District will have no responsibility or obligation to any Securities Depository, any Participants in the Book-Entry System or the Beneficial Owners with respect to (a) the accuracy of any records maintained by the Securities Depository or any Participant; (b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption price of, or interest on, any Bonds; (c) the delivery of any notice by the Securities Depository or any Participant; (d) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or (e) any other action taken by the Securities Depository or any Participant.

## **CERTAIN LEGAL MATTERS**

Certain legal matters incident to the authorization, issuance and sale of the Bonds are subject to the approving legal opinion of Chapman and Cutler LLP, Chicago, Illinois ("Chapman and Cutler"), Bond Counsel, who has been retained by, and acts as, Bond Counsel to the District. Chapman and Cutler has also been retained by the District to serve as Disclosure Counsel to the District with respect to the Bonds. Although as Disclosure Counsel to the District, Chapman and Cutler has assisted the District with certain disclosure matters, Chapman and Cutler has not undertaken to independently verify the accuracy, completeness or fairness of any of the statements contained in this Official Statement or other offering material related to the Bonds and does not guarantee the accuracy, completeness or fairness of such information. Chapman and Cutler's engagement as Disclosure Counsel was undertaken solely at the request and for the benefit of the District, to assist it in discharging its responsibility with respect to this Official Statement, and not for the benefit of any other person (including any person purchasing Bonds from the Underwriter), and did not include any obligation to establish or confirm factual matters, forecasts, projections, estimates or any other financial or economic information in connection therewith. Further,

Chapman and Cutler makes no representation as to the suitability of the Bonds for investment by any investor.

#### NO LITIGATION

No litigation is now pending or threatened restraining the issuance, sale, execution or delivery of the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds or any proceedings of the District taken with respect to the issuance or sale thereof. A certificate to this effect will be delivered by the District with the other customary closing papers when the Bonds are delivered.

## **UNDERWRITING**

Pursuant to the terms of a Bond Purchase Agreement (the "Agreement") between the District and Raymond James & Associates, Inc., Chicago, Illinois (the "Underwriter"), the Underwriter has agreed to purchase the Bonds at an aggregate purchase price of \$\_\_\_\_\_\_. The purchase price will produce an underwriting spread of \_\_\_\_\_\_% of principal amount if all Bonds are sold at the initial offering prices. The Agreement provides that the obligation of the Underwriter is subject to certain conditions precedent and that the Underwriter will be obligated to purchase all of the Bonds if any of the Bonds are purchased. The Bonds may be offered and sold to certain dealers (including dealers depositing such Bonds into investment trusts, accounts or funds) and others at prices different than the initial public offering price. After the initial public offering, the public offering price of the Bonds may be changed from time to time by the Underwriter.

#### AUTHORIZATION

This Official Statement has been approved by the District for distribution to prospective purchasers of the Bonds. The Board, acting through authorized officers, will provide to the Underwriter at the time of delivery of the Bonds, a certificate confirming that, to the best of its knowledge and belief, this Official Statement, together with any supplements thereto, as of the date hereof, and at the time of delivery of the Bonds, was true and correct in all material respects and did not at any time contain an untrue statement of a material fact or omit to state a material fact required to be stated where necessary to make the statements therein in light of the circumstances under which they were made, not misleading.

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Education Skokie School District No. 68 SkokieSkokie. Illinois

#### **Report on the Financial Statements**

#### **Opinions**

We have audited the financial statements of the governmental activities and each major fund of

Skokie School District No. 68

as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Skokie School District No. 68 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud
  or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of Skokie School District No. 68's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
  raise substantial doubt about Skokie School District No. 68's ability to continue as a going concern
  for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents and the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information, except for the average daily attendance figure included in the computation of operating expense per pupil and per capita tuition charges, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 14, 2025 on our consideration of Skokie School District No. 68's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Skokie School District No. 68's internal control over financial reporting and compliance.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Skokie School District No. 68 Skokie, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of

#### Skokie School District No. 68

as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Skokie School District No. 68's basic financial statements, and have issued our report thereon dated February 14, 2025.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Skokie School District No. 68's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Skokie School District No. 68's internal control. Accordingly, we do not express an opinion on the effectiveness of Skokie School District No. 68's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Skokie School District No. 68's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2024-001 and 2024-02.

#### Skokie School District No. 68's Response to Findings

Government Auditing Standards require the auditor to perform limited procedures on Skokie School District No. 68's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. Skokie School District No. 68's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### SKOKIE SCHOOL DISTRICT NO. 68

### MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2024

As management of Skokie School District No. 68 (District), we offer readers of the District's statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2024.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The basic financial statements comprise three components:

- Government-wide financial statements,
- · Fund financial statements, and
- Notes to the financial statements

This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements -** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and deferred outflows of resources, less its liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). Governmental activities include instruction, support services, operations and maintenance, transportation, food services, and certain other activities and expenses such as payments to other districts and governmental units, and interest and fees.

The government-wide financial statements can be found on the pages listed in the table of contents.

**Fund financial statements -** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term

inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General, Operations and Maintenance, Debt Services, Transportation, Illinois Municipal Retirement/Social Security, Capital Projects, and Tort Funds, all of which the District considers to be major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement, which is required supplementary information, has been provided for the General Fund and each major special revenue fund to demonstrate compliance with this budget.

The basic fund financial statements and the required supplementary information can be found on the pages listed in the table of contents.

**Notes to the Financial Statements -** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on the pages listed in the table of contents.

**Other Information -** In addition to the basic financial statements, accompanying notes, and required supplementary information, this report also presents certain supplementary information concerning the District's progress in meeting its obligation to provide fully adequate educational services and extracurricular activities to all of its resident's students.

Supplemental financial information can be found on the pages listed in the table of contents.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$80,018,511 at June 30, 2024. The following table presents a summary of the District's net position for the years ended June 30, 2024 and 2023:

Skokie School District No. 68's Net Position

|                                      | <br>Governmen     | tal A | ctivities   |

| Other Liabilities                    | 4,103,458         |       | 2,284,946   |
| Total Liabilities                    | \$<br>20,966,454  | \$    | 20,698,974  |
| Deferred Inflows of Resources        |                   |       |             |
| Unavailable Revenue - Property Taxes | \$<br>16,730,830  | \$    | 16,267,687  |
| OPEB Expense/Revenue                 | 12,129,543        |       | 14,282,955  |
| Pension Expense/Revenue              | 182,834           |       | 233,138     |
| Total Deferred Inflows of Resources  | \$<br>29,043,207  | \$    | 30,783,780  |
| Net Position                         |                   |       |             |
| Net Investment in Capital Assets     | \$<br>47,578,638  | \$    | 43,315,551  |
| Restricted                           | 6,330,334         |       | 5,401,075   |
| Unrestricted                         | 26,109,539        |       | 26,236,942  |
| Total Net Position                   | \$<br>80,018,511  | \$    | 74,953,568  |

One portion of the District's net position (59%) reflects its investment in capital assets (e.g., land, buildings, equipment, etc.); less any related debt used to acquire those assets that is still outstanding. The District uses these assets to provide educational services and extracurricular activities for the students of the local community; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The following table presents a summary of changes in net position for the years ended June 30, 2024 and 2023:

Skokie School District No. 68's Change in Net Position

| Total Expenditures   | \$<br>48,962,739 | \$    | 46,168,837 |
| Change in Net Position   | \$<br>5,064,943  | \$    | 2,596,657  |
| Net Position - Beginning of Fiscal Year                        | 74,953,568       |       | 72,356,911 |
| Net Position - End of Fiscal Year                              | \$<br>80,018,511 | \$    | 74,953,568 |

The District's total revenues increased \$5,262,188 (11%) compared to the prior year. The most significant factors of this increase were increases in Property Taxes and Unrestricted Investment Earnings, which were partially offset by a decrease in other taxes.

The District's total expenditures increased \$2,793,902 (6%) compared to the prior year. The most significant factors of this increase were increases in Instruction – Regular Programs, State Retirement Contributions (On-Behalf Payments) and Facilities Acquisition and Construction expenditures.

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

At June 30, 2024, the District reported combined ending fund balances of \$52,450,710, a decrease of \$7,491,895 in comparison with the prior year. Approximately 80% of this total amount constitutes unassigned fund balance, which is available for spending at the District's discretion. Of the remaining fund balance, 7% constitutes assigned fund balance, while the remainder of the fund balance is not available for new spending because it has already been restricted for specific purposes or is nonspendable.

The General Fund is the chief operating fund of the District. At June 30, 2024, unassigned fund balance was \$44,309,398. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents approximately 106% of total General Fund expenditures.

The General Fund's fund balance decreased by \$5,382,669, which includes net transfers out of \$7,810,310 during the year ended June 30, 2024. Revenues increased compared to prior year due to increases in earnings on investments, property taxes, and state retirement contributions, partially offset by decreases in payments in lieu of taxes, state aid revenue, and federal aid revenue. Expenditures increased mainly due to increases in instruction – regular and special education programs, as well as state retirement contributions (on-behalf payments).

The Operations and Maintenance Fund balance increased by \$1,187,377, which includes net transfers out of \$1,000,000. This increase is mainly due to an increase in property tax revenue and a decrease in capital outlay expenditures.

The Debt Services Fund balance increased by \$158,236, which includes net transfers in of \$310,310. This was caused by a decrease in long-term debt principal payments.

The Transportation Fund balance decreased by \$557,570. This is primarily attributable to an increase in transportation expenditures, as well as capital outlay costs due to the purchase of new buses in the current year, partially offset by the other financing source related to the bus purchase.

The Illinois Municipal Retirement/Social Security Fund balance increase by \$51,963. This is primarily attributable to an increase in earnings on investments.

The Capital Projects Fund balance decreased by \$2,763,185, which includes transfers in of \$8,500,000. This decrease is mainly due to an increase in facilities acquisition and construction expenditures.

The Tort Fund balance decreased by \$186,047. There was a slight decrease in property tax revenue, as well as insurance expenditures compared to the prior year.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

Actual revenues exceeded budgeted revenues by \$13,073,316. This was primarily attributable to the District not budgeting for On-Behalf Retirement Contributions of \$9,878,374. Actual earnings on investments and federal aid were significantly higher than the budgeted amount.

Actual expenditures exceeded budgeted expenditures by \$9,040,493. This was primarily attributable to the District not budgeting for On-Behalf Retirement Contributions of \$9,878,374. Expenditures for instruction – regular programs were less than budgeted, while payments to other districts and governmental units related to special education were higher than budgeted.

#### **CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital assets** – The District's investment in capital assets as of June 30, 2024 amounts to \$52,115,018 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than buildings, equipment other than transportation, transportation equipment, and construction in progress.

Significant capital asset events during the year ended June 30, 2024 include:

- Purchase of new buses in the amount of \$516,101
- Jane Stenson Elementary School roof replacement in the amount of \$1,747,780
- Jane Stenson Elementary School interior renovations in the amount of \$5,120,421
- Construction in progress is due to the District having several ongoing projects that are part of the 2024 Summer Renovations – Building and Exterior.

The following table presents a summary of capital assets for the years ended June 30, 2024 and 2023:

Skokie School District No. 68's Capital Assets (net of depreciation)

Further detail of the District's capital assets can be found in Note 4 of this report.

Long-term debt – At June 30, 2024, the District had total debt outstanding of \$8,952,691.

The following table presents a summary of outstanding debt for the years ended June 30, 2024 and 2023:

Skokie School District No. 68's Outstanding Debt

|                           | Governmen       | ital Act | ivities    |
|---------------------------|-----------------|----------|------------|
|                           | 2024            |          | 2023       |
| General Obligation Bonds  | \$<br>7,965,000 | \$       | 9,780,000  |
| Lease/Purchase Agreements | 987,691         |          | 1,135,362  |
| Total                     | \$<br>8,952,691 | \$       | 10,915,362 |
|                           |                 | _        |            |

Principal payments on all outstanding debt were \$2,478,772 during the year ended June 30, 2024.

Further detail of the District's debt obligations can be found in Note 6 of this report.

#### FACTORS BEARING ON THE DISTRICT'S FUTURE

**Financial Reserves and Fund Balances**: The district maintains a strong fund balance of \$52.45 million, but recent years have seen a decline with district capital improvements. Ensuring sustainable reserve levels will be necessary for future financial stability.

**Revenue Dependence on Local Property Taxes**: Nearly 90% of the district's revenue comes from local sources, primarily property taxes. Any changes in these revenues will significantly impact district operations.

**Increase in Tax Base**: The district's tax base increased by \$142 million (13.73%) from tax year 2021 to 2022, reaching a total Equalized Assessed Valuation (EAV) of \$1,176,430,462.

**New Property Growth**: While new property provides some tax relief, growth has generally been stable. However, in 2022, new property additions totaled over \$15 million.

**Investment Revenue Growth**: Investment earnings have significantly increased, **adding over \$2.3 million in revenue**, which helps offset other rising costs.

**Capital Improvement Projects**: Ongoing and future capital projects, including renovations at Jane Stenson Elementary School, Devonshire Elementary, and the new Early Childhood Center and other facility upgrades, will require continued investment and long-term financial planning.

**Technology and Digital Learning Investments**: Continued funding for classroom technology, cybersecurity, and digital infrastructure ensures students and teachers access modern learning tools.

Future Sustainability Efforts: Potential investments in energy-efficient HVAC systems, solar energy projects, and environmentally responsible building materials to reduce operational costs and carbon footprint.

By leveraging its strong financial position, growing tax base, and recent school improvements, Skokie School District 68 is well-positioned for future success while proactively addressing challenges in enrollment, costs, and funding constraints.

#### REQUESTS FOR INFORMATION

This financial report is designed to provide citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances and to demonstrate its accountability for the money it receives. If there are questions about this report or additional information is needed, please contact the District at: Skokie School District No. 68, 9440 Kenton Avenue, Skokie, IL 60076.

# SKOKIE SCHOOL DISTRICT NO. 68 FUND FINANCIAL STATEMENTS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2024

| Net Change in Fund Balances - Total Governmental Funds  |   | \$<br>(7,491,895) |
|---|---|-------------------|
| Amounts reported for governmental activities in the Statement of Activities are different because:  |   |                   |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.   |   |                   |
| Depreciation Expense<br>Capital Outlays   | \$<br>(2,240,233)<br>9,904,338  | 7,664,105         |
| Some expenditures reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.   |   |                   |
| Lease/Purchase Principal Issued Compensated Absences OPEB - THIS Expense OPEB - IMRF Expense Pension Expense - TRS Expense Pension Expense - IMRF Expense   | \$<br>(516,101)<br>5,427<br>1,842,166<br>(125,152)<br>(34,535)<br>905,814 | 2,077,619         |
| Employer Pension and OPEB Contributions are expensed in the fund financial statements but treated as a reduction in the Net Pension Liability on the government-wide financial statements.  |   |                   |
| OPEB - IMRF Contributions OPEB - THIS Contributions Pension - IMRF Contributions Pension - TRS Contributions  | \$<br>60,252<br>114,734<br>60,200<br>101,156                              | 336,342           |
| Repayment of long-term debt requires the use of current financial resources of governmental funds and is therefore shown as an expenditure in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but the repayment reduces long-term liabilities in the Statement of Net Position and is therefore not reported in the Statement of Activities. |   |                   |
| Repayment of Long-Term Debt   |   | <br>2,478,772     |
| Change in Net Position of Governmental Activities   |   | \$<br>5,064,943   |

#### SKOKIE SCHOOL DISTRICT NO. 68 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Skokie School District No. 68's (District) accounting policies conform to generally accepted accounting principles as applicable to local education agencies.

The District's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies used by the District are discussed below.

#### A. Reporting Entity

The accompanying financial statements comply with the provisions of GASB Statements, in that the financial statements include all organizations, activities, and functions that comprise the District. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Using these criteria, the District has no component units. In addition, the District is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

#### B. Basic Financial Statements – Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund (reporting the District's major funds) financial statements. Both the government-wide and fund financial statements categorize all of the primary activities of the District as governmental activities. The District does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular programs, special education programs, payments to other districts and governmental units, etc.). Program revenues include charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.).

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances were eliminated or reclassified. Interfund services provided and used are not eliminated in the process of consolidation.

The District does not allocate indirect costs.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

#### C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses.

The emphasis in fund financial statements is on the major funds. Nonmajor funds are summarized into a single column. GASB Statement No. 34 sets forth the minimum criteria (percentage of the assets, liabilities, revenues or expenditures of all governmental funds) for the determination of major funds. The District electively made all governmental funds major funds.

#### Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The District reports these major governmental funds:

<u>General Fund</u> – The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Educational, Working Cash, and Special Education levies are included in this fund.

This fund also includes student activity funds held and controlled by the District, under the direction of district personnel, and administrative involvement of the board of education.

<u>Special Revenue Funds</u> – The Special Revenue Funds (Operations and Maintenance Fund, Transportation Fund, Illinois Municipal Retirement/Social Security Fund, and Tort Fund) are used to account for the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service and capital projects.

<u>Debt Services Fund</u> – The Debt Services Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the periodic payment of principal, interest and related fees on general long-term debt.

<u>Capital Projects Fund</u> – The Capital Projects Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities.

#### D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

#### 1. Accrual

The governmental activities in the government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

#### Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Property tax revenues are recognized in the period for which levied provided they are also received. Intergovernmental revenues and grants are recognized when all eligibility requirements are met and the revenues are available. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

#### E. Cash and Cash Equivalents and Investments

State statutes require the District to use the treasury services of the Township School Treasurer and authorize the District's treasurer to invest in obligations of the U.S. Treasury, certain highly rated commercial paper, corporate bonds, repurchase agreements, and money market mutual funds registered under the Investment Company Act of 1940, with certain restrictions.

Separate bank accounts are not maintained for all District funds. Instead, the funds maintain their cash balances in common accounts, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Occasionally certain of the funds participating in the common bank account will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other District funds and are, therefore, interfund loans that have not been authorized by District Board action.

No District fund had a cash overdraft at June 30, 2024.

The District has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are accounted for at cost, which approximates market.

Investments are stated at fair value. Fair value is determined by quoted market prices. Gains or losses on the sale of investments are recognized as they are incurred. The District has adopted a formal written investment and cash management policy.

#### F. Receivables

All receivables are reported net of estimated uncollectible amounts.

#### G. Prepaid Items

Prepaid items are for payments made by the District in the current year for goods and services received in the subsequent fiscal year.

#### H. Inventories

No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of the District's inventories is not deemed to be material.

#### I. Interfund Activity

Interfund activity is reported either as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

#### J. Capital Assets

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line half-year basis over the following estimated useful lives:

Buildings 10 - 80 years Improvements Other than Buildings 15 - 20 years Equipment Other than Transportation 5 - 20 years Transportation Equipment 5-8 years

#### K. Deferred Outflows and Inflows of Resources

In addition to assets and liabilities, the Balance Sheet(s) and Statement(s) of Net Position will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and therefore will not be recognized as an outflow of resource until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resource until that time.

#### L. Compensated Absences

The District accrues accumulated unpaid vacation when earned (or estimated to be earned) by the employee. Vacation benefits are granted to employees in varying amounts depending on tenure with the District and the employee's contract. The accrual for governmental funds is reported in the fund financial statements as the liability is expected to be paid with current financial resources.

#### M. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds on a straight-line basis. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as debt service expenditures.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### N. Government-Wide Net Position

Net position is divided into three components:

- Net Investment in Capital Assets consists of capital assets (net of accumulated depreciation) reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted Net Position consists of net position that is restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted Net Position the remaining net position is reported in this category.

#### O. Governmental Fund Balances

Governmental fund balances are divided between non-spendable and spendable.

Non-spendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

The spendable fund balances are arranged in a hierarchy based on spending constraints.

- Restricted Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- Committed Committed fund balances are amounts that can only be used for specific purposes as
  a result of a resolution of the Board of Education. Committed amounts cannot be used for any other
  purpose unless the Board of Education removes those constraints by way of resolution. Committed
  fund balances differ from restricted balances because the constraints on their use do not come from
  outside parties, constitutional provisions, or enabling legislation.
- Assigned Assigned fund balances are amounts that are constrained by the District's intent to be
  used for specific purposes but are neither restricted nor committed. Intent is expressed by an
  appointed body (e.g. a budget or finance committee) or official to which the Board of Education has
  delegated the authority to assign, modify or rescind amounts to be used for specific purposes. The
  District has delegated this authority to the Assistant Superintendent for Business.
  - Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as non-spendable, restricted, or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue, capital projects or debt services fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District itself.
- Unassigned Unassigned fund balance is the residual classification for the General Fund. This
  classification represents the General Fund balance that has not been assigned to other funds, and
  that has not been restricted, committed, or assigned to specific purposes within the General Fund.
  Unassigned fund balance in the General Fund also includes amounts levied and/or borrowed for
  working cash. This classification is also used to represent negative fund balances in special
  revenue, debt services, and capital projects funds.

The District permits funds to be expended in the following order: Restricted, Committed, Assigned and Unassigned.

#### P. Property Tax Calendar and Revenues

Property taxes are levied each calendar year on all taxable real property located in the District on or before the last Tuesday in December. The 2023 tax levy was passed by the Board on December 21, 2023. The 2022 tax levy was passed by the Board on December 15, 2022. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year they are for and are payable in two installments early in March and early in September of the following calendar year. The District receives significant distributions of tax receipts approximately one month after these dates.

#### Q. Lease Agreements

The District recognizes a right-to-use liability and asset for various lease and subscription-based IT agreements right-to-use assets (right-to-use asset) in the government-wide financial statements.

At the commencement of a lease or subscription-based IT agreement, the District initially measures the right-to-use liability at the present value of payments expected to be made during the agreement term. Subsequently, the right-to-use liability is reduced by the principal portion payments made. The right-to-use asset is initially measured as the initial amount of the right-to-use liability, adjusted for payments made at or before the commencement date, plus certain initial direct costs. Subsequently, the right-to-use asset is amortized on a straight-line basis over the term of the lease or subscription-based IT agreement. Key estimates and judgments related to leases or subscription-based IT agreements include how the District determines (1) the discount rate it uses to discount the expected payments to present value, (2) the term, and (3) payments.

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District uses its estimated incremental borrowing rate as the discount rate for leases or subscription-based IT agreements.

The term includes the noncancellable period of the lease or subscription-based IT agreement. Payments included in the measurement of the right-to-use liability are composed of fixed payments and purchase option prices that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease or subscription-based IT agreements and will remeasure the right-to-use asset and liability if certain changes occur that are expected to significantly affect the amount of the right-to-use liability. Right-to-use assets are reported with Capital Assets and right-to-use liabilities are reported with Long Term Liabilities on the Statement of Net Position.

#### R. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### **NOTE 2 - DEPOSITS AND INVESTMENTS**

Cash and Investments Under the Custody of the Township Treasurer

As explained in Note 1, the Illinois Compiled Statues require the District to utilize the investment services of the Township School Treasurer (the Treasurer). As such, the Treasurer is the lawful custodian of these school funds. The Treasurer is appointed by the Township Treasurer's Board of Trustees, an independently elected body, to serve the school districts in the township. The investment policies are established by the Treasurer, as prescribed by the Illinois School Code and the Illinois Compiled Statues. The Treasurer is the direct recipient of property taxes, replacement taxes, and most state and federal aid, and disburses school funds upon lawful order to the School Board. The Treasurer invests excess funds at his discretion, subject to the legal restrictions discussed below.

District cash and investments (other than the student activity and petty cash funds) are part of a common pool for all the school districts and cooperatives within the township. The Treasurer maintains records that segregate the cash and investment balances by district or cooperative. Income from investments is distributed based upon the District's percentage participation in the pool. Cash for all funds, including cash applicable to the Debt Services Fund and the Illinois Municipal Retirement/Social Security Fund, is not deemed available for purposes other than those for which these balances are intended.

The Treasurer's office operates as a nonrated, external investment pool. The fair value of the District's investment in the Treasurer's pool is determined by the District's proportionate share of the fair value of the investments held by the Treasurer's office.

The weighted-average maturity of all pooled marketable investments held by the Treasurer was 5.77 years at June 30, 2024. The Treasurer also holds money-market type investments and deposits with financial institutions, including certificates of deposit. As of the same date, the fair value of all investments held by the Treasurer's office was \$389,514,262 and the fair value of the District's proportionate share of the cash and investments held by the Treasurer's office was \$53,446,939 at June 30, 2024.

#### Interest Rate Risk

The District's investment policy, which is the same as the Treasurer's office, seeks to ensure preservation of capital in the District's overall portfolio. The highest return on investments is sought, consistent with the preservation of principal and prudent investment principles. The investment portfolio is required to provide sufficient liquidity to pay District obligations as they come due, considering maturity and marketability. The investment portfolio is also required to be diversified as to maturities and investments, as appropriate to the nature, purpose, and amount of funds. The District will also consider investments in local financial institutions, recognizing their contribution to the community's economic development.

#### **NOTE 3 - FAIR VALUE MEASUREMENT**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2024:

 Municipal Bonds (Level 2 inputs), and U.S. Government backed debt (Level 1 inputs) are valued using quoted market prices.

#### **NOTE 4 - CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2024 was as follows:

|   | Balance<br>uly 1, 2023 | Increases        | _  | ecreases  | h  | Balance<br>ine 30, 2024 |
|---|------------------------|------------------|----|-----------|----|-------------------------|
| Oncompany and all Antibidity a              | <br>uly 1, 2023        | <br>Increases    |    | ecreases  |    | irie 30, 2024           |
| Governmental Activities                     |                        |                  |    |           |    |                         |

| 2023 Bus Purchase Agreement     | 7/31/2028     | 15.67%        |             | 516,101    |      | 437,113     |
| Total                           |               |               | \$ ^        | 12,448,244 | \$   | 8,952,691   |

At June 30, 2024 the annual debt service requirements to service long-term debt are:

| Year Ending June 30 |           | Principal | Interest |         | Total           |
|---------------------|-----------|-----------|----------|---------|-----------------|
| 2025                | \$        | 2,255,971 | \$       | 324,105 | \$<br>2,580,076 |
| 2026                | 2,194,233 |           |          | 236,696 | 2,430,929       |
| 2027                | 2,161,036 |           | 147,726  |         | 2,308,762       |
| 2028                |           | 2,208,837 |          | 56,539  | 2,265,376       |
| 2029                |           | 132,614   |          | 7,388   | 140,002         |
|                     | \$        | 8,952,691 | \$       | 772,454 | \$<br>9,725,145 |

Long-term liabilities are being repaid from the following funds:

| Obligation                   | Fund                |
|------------------------------|---------------------|
| Bus Purchase Agreements      | Transportation Fund |
| Working Cash Bonds           | Debt Services Fund  |
| Computer Purchase Agreements | Debt Services Fund  |
| Compensated Absences         | General Fund        |

#### **NOTE 7 - PROPERTY TAXES**

Property taxes receivable and unavailable revenue recorded in these financial statements are from the 2023 tax levy. The unavailable revenue is approximately 50% of the 2023 tax levy. These taxes are considered unavailable as only a portion of the taxes (approximately 50%) are received before the end of the fiscal year and the District does not consider the remaining amounts to be available and does not budget for their use until the following fiscal year. The District has determined that a portion of the 2023 tax levy (\$16,683,383) and a portion of the 2022 tax levy, plus back taxes, less uncollectible amounts (\$16,336,974) are allocable for use in fiscal year 2024. Therefore, the percentage of each of these levies listed above are recorded in these financial statements as property taxes revenue. A summary of tax rates, assessed valuations, and extensions for tax years 2023, 2022, and 2021 is as follows:

| COOK COUNTY                |        |      |            |        |      |            |                 |    |            |
|----------------------------|--------|------|------------|--------|------|------------|-----------------|----|------------|
| TAX YEAR                   | 2023   |      | 2022       |        |      | 2021       |                 |    |            |
| ASSESSED VALUATION         | \$1,2  | 22,2 | 251,853    | \$1,1  | 76,4 | 130,462    | \$1,034,400,231 |    |            |

|                            | 2.7614 | \$   | 33,751,677 | 2.7717 | \$   | 32,606,469 | 2.9564          | \$ | 30,580,562 |

#### **NOTE 8 - EXCESS OF EXPENDITURES OVER BUDGET**

For the year ended June 30, 2024, the following funds had expenditures that exceeded budgeted amounts:

| Fund             | Budget        | Actual        | Excess of Actual<br>Over Budget |  |  |  |
|------------------|---------------|---------------|---------------------------------|--|--|--|
| General          | \$ 32,663,069 | \$ 41,703,562 | \$ 9,040,493                    |  |  |  |
| Debt Services    | 2,345,000     | 2,473,300     | 128,300                         |  |  |  |
| Transportation   | 1,557,217     | 2,441,588     | 884,371                         |  |  |  |
| Tort             | 316,000       | 325,360       | 9,360                           |  |  |  |
| Capital Projects | 10,300,000    | 11,320,526    | 1,020,526                       |  |  |  |

The General Fund had a large increase over the budget due to the District not budgeting for the on-behalf state retirement contributions of \$9,878,374. The excess of actual over budget in the Debt Services Fund is due to higher than budgeted interest payments. Expenditures in the Transportation Fund exceeded the budget mainly due to payments made on bus leases, as well as capital outlay expenditures related to the new buses. The excess of actual over budget in the Tort Immunity Fund is due to higher insurance expenditures. The excess of actual over budget in the Capital Projects Fund is due to higher facilities acquisition and construction costs.

#### **NOTE 9 - RETIREMENT FUND COMMITMENTS**

A. Teachers' Retirement System of the State of Illinois

General Information About the Pension Plan

#### Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://www.trsil.org/financial/acfrs/fy2023; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

#### Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years, or age 55 with twenty years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service.

Tier II members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of 3% of the original benefit or ½% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout program that expire on June 30, 2026. Once program allows retiring Tier I members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier I and II members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and will be funded by bonds issued by the state of Illinois.

#### Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2023 was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2024, State of Illinois contributions recognized by the District were based on the State's proportionate share of the pension expense associated with the District, and the District recognized revenue and expenditures of \$9,728,856 in pension contributions from the State of Illinois.

<u>2.2 Formula Contributions.</u> Districts contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2024, were \$101,303 and are deferred because they were paid after the June 30, 2023 measurement date.

<u>Federal and Special Trust Fund Contributions.</u> When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2024, the District's pension contribution was 10.60% of salaries paid from federal and special trust funds. For the year ended June 30, 2024, there were no salaries paid from federal and special trust funds that would require District contributions.

<u>Employer Retirement Cost Contributions.</u> Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2024, the District paid \$0 to TRS for employer contributions due on salary increases in excess of 6% and \$0 for sick leave days granted in excess of the normal annual allotment.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the District follows below:

District's proportionate share of the net pension liability
State's proportionate share of the net pension liability associated with the District
Total

\$ 1,337,917 115,462,949 \$ 116,800,866

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. The employer's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2023, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2023, the District's proportion was 0.00157438%, which was a decrease of 0.00002970% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized pension expense of \$9,728,856 and revenue of \$9,728,856 for support provided by the State. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred     |          | Deferred   |           |    | Net        |
|---|--------------|----------|------------|-----------|----|------------|
|   | Outflow s of |          | Inflows of |           | O  | utflows of |
|   | Re           | esources | Resources  |           | R  | esources   |
| Differences between expected and actual     |              |          |            |           |    |            |
| experience                                  | \$           | 5,562    | \$         | (5,393)   | \$ | 169        |
| Net difference between projected and actual |              |          |            |           |    |            |
| earnings on pension plan investments        |              | -        |            | (38)      |    | (38)       |
| Changes of assumptions                      |              | 4,563    |            | (1,177)   |    | 3,386      |
| Changes in proportion and differences       |              |          |            |           |    |            |
| between employer contributions and          |              |          |            |           |    |            |
| proportionate share of contributions        |              | -        |            | (167,743) |    | (167,743)  |
| Employer contributions subsequent to the    |              |          |            |           |    |            |
| measurement date                            |              | 101,303  |            | -         |    | 101,303    |
|   | \$           | 111,428  | \$         | (174,351) | \$ | (62,923)   |

\$101,303 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

| Year Ended June 30 |                 |
|--------------------|-----------------|
| 2025               | \$<br>(70,428)  |
| 2026               | (60,516)        |
| 2027               | (17,269)        |
| 2028               | (14,029)        |
| 2029               | (1,984)         |
|                    | \$<br>(164,226) |

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%

Salary Increases varies by amount of service credit Investment Rate of Return 7.0%, net of pension plan investment expense, including inflation

In the June 30, 2023 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2020. In the June 30, 2022 actuarial valuation, mortality rates were also based on the PubT-2010 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2020.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

| Asset Class             | Target<br>Allocation | Long-Term Expected<br>Real Rate of Return |
|-------------------------|----------------------|---|
| Global Equity           | 37.0%                | 5.35%                                     |
| Private Equity          | 15.0%                | 8.03%                                     |
| Income                  | 26.0%                | 4.32%                                     |
| Real Assets             | 18.0%                | 4.60%                                     |
| Diversifying Strategies | 4.0%                 | 3.40%                                     |
| Total                   | 100.0%               |   |

#### **Discount Rate**

At June 30, 2023, the discount rate used to measure total pension liability was 7.00%, which was the same as the June 30, 2022 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2023 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point-higher (8.00%) than the current rate.

|                                | Current      |               |              |  |  |  |  |
|--------------------------------|--------------|---------------|--------------|--|--|--|--|
|                                | 1% Decrease  | Discount Rate | 1% Increase  |  |  |  |  |

| Employer's proportionate share |              |               |              |  |  |  |  |
| of the net pension liability   | \$ 1,646,788 | \$ 1,337,917  | \$ 1,081,587 |  |  |  |  |

#### TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30, 2023 is available in the separately issued TRS *Annual Comprehensive Financial Report*.

#### B. Illinois Municipal Retirement Fund

#### Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's

plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

#### Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011 are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last ten years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired **on or after** January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last ten years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

#### Employees Covered by Benefit Terms

All appointed employees of a participating employer who are employed in a position normally requiring 600 hours (1,000 hours for certain employees hired after 1981) or more of work in a year are required to participate. As of December 31, 2023, the following employees were covered by the benefit terms:

|       | 161   |
|-------|-------|
|       | 278   |
|       | 114   |
| Total | 553   |
|       | Total |

#### Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2023 and 2024 was 0.89% and 1.35%, respectively. For the fiscal year

ended June 30, 2024, the District contributed \$60,200 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### Net Pension (Asset)/Liability

The components of the net pension (asset)/liability of the IMRF actuarial valuation performed as of December 31, 2023, and a measurement date as of that date, calculated in accordance with GASB Statement No. 68, were as follows:

Total Pension Liability \$ 32,533,437 IMRF Fiduciary Net Position 34,279,151 District's Net Pension Liability (1,745,714)

IMRF Fiduciary Net Position as a Percentage

of the Total Pension Liability 105.37%

See the Schedule of Changes in the Employer's Net Pension Liability and Related Ratios in the Required Supplementary Information following the notes to the financial statements for additional information related to the funded status of the plan.

#### **Actuarial Assumptions**

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2023 using the following actuarial methods and assumptions.

#### Assumptions:

Actuarial Cost Method Entry Age Normal
Asset Valuation Method Market Value of Assets

Inflation 2.25%

Salary Increases 2.85% - 13.75% including inflation

Interest Rate 7.25%

Projected Retirement Age Experience-based table of rates that are specific to the type of eligibility

condition. Last updated for the 2023 valuation pursuant to an experience study

of the period 2020-2022.

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021 were used. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021 were used. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021 were used.

#### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2023:

|                        | Target     | Projected |
|------------------------|------------|-----------|
| Asset Class            | Allocation | Return    |
| Equities               | 34.50%     | 5.00%     |
| International Equities | 18.00%     | 6.35%     |
| Fixed Income           | 24.50%     | 4.75%     |
| Real Estate            | 10.50%     | 6.30%     |
| Alternatives           | 11.50%     |           |
| Private Equity         |            | 8.65%     |
| Hedge Funds            |            | N/A       |
| Commodities            |            | 6.05%     |
| Cash Equivalents       | 1.00%      | 3.80%     |
|                        | 100.0%     |           |

# Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2023. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.25%; the municipal bond rate is 3.77%; and resulting single discount rate is 7.25%. The prior year single discount rate was 7.25% and increased 0.00% to the current year single discount rate.

| Balances at December 31, 2023                                 | \$            | 32,533,437  | \$             | 34,279,151  | \$          | (1,745,714) |
|   |               |             |                |             |             |             |

### Sensitivity of the Net Pension (Asset)/Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a single Discount Rate that is 1% lower or 1% higher than the current rate:

|                               | 1  | % Low er  | scount Rate |             | 1% Higher |             |
|-------------------------------|----|-----------|-------------|-------------|-----------|-------------|
|                               |    | 6.25%     | 7.25%       |             |           | 8.25%       |
| Net Pension Liability/(Asset) | \$ | 1,652,804 | \$          | (1,745,714) | \$        | (4,528,075) |

Pension Expense/(Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2024, the District recognized pension expense/(income) of \$(905,814). At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Expense in Future Periods                                     | Deferred<br>Outflows<br>Resources | In | eferred<br>flows<br>esources | <br>et Outflows<br>Resources |
|---|-----------------------------------|----|------------------------------|------------------------------|
| Differences between expected and actual experience            | \$<br>285,243                     | \$ | -                            | \$<br>285,243                |
| Changes of assumptions  | -                                 |    | 8,483                        | (8,483)                      |
| Net difference between projected and actual earnings on       |                                   |    |                              |                              |
| pension plan investments                                      | 1,807,806                         |    | -                            | 1,807,806                    |
| Total deferred amounts to be recognized in pension expense    |                                   |    | ,                            |                              |
| in future periods   | \$<br>2,093,049                   | \$ | 8,483                        | \$<br>2,084,566              |
| Pension contributions made subsequent to the measurement date | 38,607                            |    | -                            | 38,607                       |
| Total deferred amounts related to pensions                    | \$<br>2,131,656                   | \$ | 8,483                        | \$<br>2,123,173              |

\$38,607 reported as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

| Year Ending December 31 | Net Deferred<br>Outflow s of<br>Resources |           |  |  |  |  |
|-------------------------|---|-----------|--|--|--|--|
| December 31             | Resources                                 |           |  |  |  |  |
| 2024                    | \$  | 402,764   |  |  |  |  |
| 2025                    |   | 615,449   |  |  |  |  |
| 2026                    | 1,317,402                                 |           |  |  |  |  |
| 2027                    |   | (251,049) |  |  |  |  |
| Total                   | \$  | 2,084,566 |  |  |  |  |

## C. Social Security

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The District paid the total required contribution for the current fiscal year.

# **NOTE 10 - POST EMPLOYMENT BENEFIT COMMITMENTS**

A. Teacher Health Insurance Security Fund (THIS)

General Information About the OPEB Plan

# Plan Description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS

Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp). The current reports are listed under "Central Management Services" (http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp). Prior reports are available under "Healthcare and Family Services" (http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp).

# **Benefits Provided**

The State of Illinois offers comprehensive health plan options, all of which include prescription drug and behavioral health coverage. The State of Illinois offers TCHP, HMO, and OAP plans.

- Teachers' Choice Health Plan (TCHP) benefit recipients can choose any physician or hospital for medical services; however, benefit recipients receive enhanced benefits, resulting in lower out-ofpocket costs, when receiving services from a TCHP in-network provider. TCHP has a nationwide network and includes CVS/Caremark for prescription drug benefits and Magellan Behavioral Health for behavioral health services.
- Health Maintenance Organizations (HMO) benefit recipients are required to stay within the health plan provider network. No out-of-network services are available. Benefit recipients will need to select a primary care physician (PCP) from a network of participating providers. The PCP will direct all healthcare services and make referrals to specialists and hospitalization.
- Open Access Plan (OAP) benefit recipients will have three tiers of providers from which to choose to obtain services. The benefit level is determined by the tier in which the healthcare provider is contracted.
  - Tier I offers a managed care network which provides enhanced benefits and operates like an HMO.
  - Tier II offers an expanded network of providers and is a hybrid plan operating like an HMO and PPO
  - Tier III covers all providers which are not in the managed care networks of Tiers I or II (i.e., out-of-network providers). Using Tier III can offer benefit recipients flexibility in selecting healthcare providers but involves higher out-of-pocket costs. Furthermore, benefit recipients who use out-of-network providers will be responsible for any amount that is over and above the charges allowed by the plan for services (i.e., allowable charges), which could result in substantial out-of-pocket costs. Benefit recipients enrolled in an OAP can mix and match providers and tiers.

# Contributions

For the fiscal year ended June 30, 2024, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the THIS make contributions to the plan at a rate of 0.90% of salary and for every employer of a teacher to contribute an amount equal to 0.67% of each teacher's salary. For the fiscal year ended June 30, 2023, the employee contribution was 0.90% of salary and the employer contribution was 0.67% of each teacher's salary. The Department of Central Management Services determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the Teachers' Health Insurance Security Fund (THISF), an amount equal to the amount

certified by the Board of Trustees of THIS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year. The member contribution, which may be paid on behalf of employees by the employer, is submitted to THIS by the employer.

On-Behalf Contributions to THIS. The State of Illinois makes employer benefit contributions on behalf of the District. For the year ended June 30, 2024, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net OPEB liability associated with the District, and the District recognized revenue and expenditures of \$149,518 in benefit contributions from the State of Illinois.

# OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2023, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state benefit support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

| District's proportionate share of the net pension liability                           | \$<br>4,206,256 |
|---|-----------------|
| State's proportionate share of the net pension liability associated with the District | 5,688,192       |
| Total   | \$<br>9,609,355 |

The net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022 and rolled forward to June 30, 2023. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2023, relative to the contributions of all participating THIS employers and the State during that period. At June 30, 2023, the District's proportion was 0.059016%, which was a decrease of 0.000462% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized benefit income of \$1,842,166 and on-behalf revenue/expense of \$149,518 for support provided by the State. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|   | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources | Net Outflows of Resources |
|---|--------------------------------------|-------------------------------------|---------------------------|
| Differences between expected and actual experience        | \$ -                                 | \$ (2,348,862)                      | \$ (2,348,862)            |
| Net difference betw een projected and actual earnings on  |                                      |                                     |                           |
| pension plan investments                                  | 1,697                                | (23)                                | 1,674                     |
| Changes of assumptions                                    | 55,752                               | (8,267,568)                         | (8,211,816)               |
| Changes in proportion and differences between employee    |                                      |                                     |                           |
| contributions and proportionate share of contributions    | 103,081                              | (952,823)                           | (849,742)                 |
| Employer contributions subsequent to the measurement date | 116,612                              | -                                   | 116,612                   |
|   | \$ 277,142                           | \$ (11,569,276)                     | \$ (11,292,134)           |
|   |                                      |                                     |                           |

\$116,612 reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the reporting year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows in these reporting years:

| Year Ending |                    |
|-------------|--------------------|
| June 30     |                    |
| 2024        | \$<br>(2,088,248)  |
| 2025        | (1,863,672)        |
| 2026        | (1,804,544)        |
| 2027        | (1,781,730)        |
| 2028        | (1,643,369)        |
| 2029        | (1,276,380)        |
| 2030        | (947,240)          |
| 2031        | (3,495)            |
| 2032        | (68)               |
|             | \$<br>(11,408,746) |

## Actuarial Assumptions

The total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                   | 2.25%  |
|-----------------------------|--|
| Salary Increases            | Depends on service and ranges from 8.50% at 1 year of service to 3.5% at 20 or more years of service.  |
| Investment Rate of Return   | 2.75%, net of OPEB plan investment expense, including inflation  |
| Healthcare Cost Trend Costs | Trend for fiscal year 2024 based on actual premium increases. For fiscal years ending on or after 2024, trend starts at 8.00% for non-Medicare costs and post-Medicare costs, and gradually decreases to an ultimate trend of 4.25%. For MAPD costs, trend rates are 0% in 2024 to 2028, 19.42% in 2029 to 2033 and 5.81% in 2034, declining gradually to an ultimate rate of 4.25% in 2040. |

Mortality rates for retirement and beneficiary annuitants were based on the PubT-2010 Retiree Annuitant Mortality, adjusted for TRS experience. For disabled annuitants mortality rates were based on the PubNS-2010 Non-Safety Retiree Mortality Table. Mortality rates pre-retirement were based on the PubT-2010 Employee Mortality Table. All tables reflect future improvements using Projection Scale MP-2020.

The actuarial assumptions that were used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2020.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

|   |            | Long-Term      |
|---|------------|----------------|
|   | Target     | Expected Real  |
| Asset Class                                 | Allocation | Rate of Return |
| Illinois Public Treasurers' Investment Pool | 100.0%     | 1.376%         |
|   | 100.0%     |                |

# **Discount Rate**

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal

bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP (Teachers' Retirement Insurance Program) is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year fixed-income municipal bonds as reported in Fidelity's index's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.86% as of June 30, 2023, and 3.69% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily required rates.

Based on those assumptions, THIS's fiduciary net position at June 30, 2023 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on THIS investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

At June 30, 2023, the discount rate used to measure the total OPEB liability was 3.86%.

# Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 3.86%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (2.86%) or 1 percentage-point higher (4.86%) than the current rate.

|  | Current            |           |             |                           |    |             |                |  |
|--|--------------------|-----------|-------------|---------------------------|----|-------------|----------------|--|
|  | 1% Decrease Discou |           |             | 1% Decrease Discount Rate |    | scount Rate | ate 1% Increas |  |
|  |                    | 2.86%     | 2.86% 3.86% |                           |    | 4.86%       |                |  |
| Employer's proportionate share of the net OPEB liability | \$                 | 4,696,767 | \$          | 4,206,256                 | \$ | 3,773,558   |                |  |

# Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher. The key trend rates are 6.00% in 2024, 8.00% in 2025 decreasing to an ultimate trend rate of 4.25% in 2040. The Aetna MAPD plan (Medicare retirees) has a trend rate of 0% from 2024 to 2028, 19.42% for 2029 to 2033, 6.08% in 2034 and then decreasing to the same ultimate trend rate of 4.25% in 2040.

|  | Healthcare |                           |    |              |     |             |  |
|--|------------|---------------------------|----|--------------|-----|-------------|--|
|  | 19         | 1% Decrease Cost Valuatio |    | st Valuation | 19  | 1% Increase |  |
|  | (a)        |                           |    | Rate         | (b) |             |  |
| Employer's proportionate share of the net OPEB liability | \$         | 3,580,111                 | \$ | 4,206,256    | \$  | 4,973,359   |  |

- (a) One percentage point decreases in healthcare trend rates are 5.00% in 2024, 7.00% in 2025, decreasing to an ultimate trend rate of 3.25% in 2040 for Pre-Medicare per capita costs. One percentage point decreases in healthcare trend rates are 0.00% in 2024, 0% in 2024 to 2028, 18.42% from 2029 to 2033, 5.08% in 2034, decreasing to an ultimate trend rate of 3.25% in 2040 for Post-
- (b) One percentage point increases in healthcare trend rates are 7.00% in 2024, 9.00% in 2025, decreasing to an ultimate trend rate of 5.25% in 2040 for Pre-Medicare per capita costs. One percentage point decreases in healthcare trend rates are 0.00% in 2024, 0.00% in 2024 to 2028, 20.42% from 2029 to 2033, 7.08% in 2034, decreasing to an ultimate trend rate of 5.25% in 2040 for Post-Medicare per capita costs.

Medicare per capita costs.

### B. Retiree Insurance Plan

## Plan Overview

In addition to providing the pension benefits described in Note 9, the District provides post-employment benefits other than pensions ("OPEB") for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the District's governmental activities.

# **Benefits Provided**

The District provides postemployment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the District's retirement plans. All health care benefits are provided through the District's insured health plan. The benefit levels are the same as those afforded to active employees.

### Medical Coverage

IMRF Employees and their eligible dependents can elect to continue medical coverage into retirement on the District plan. The District pays 50% of the single-only plan cost. Coverage cannot continue past Medicare Eligibility under the current contract. The District pays 20% of the single premium and 30% of the family premium for current retirees who retired under a prior contract. Coverage can continue past Medicare Eligibility on a retiree-pay-all basis.

For Certified Employees and Administrators, no retiree health care benefits are provided to active employees under the current contract. Current retirees who retired under a prior contract receive medical coverage on the District plan on a pay-all basis. Coverage can continue past Medicare Eligibility.

The Plan does not issue a stand-alone financial report.

# Eligibility

Employees of the District are eligible for retiree health benefits as listed below:

Regular Plan Tier 1 (Enrolled in IMRF Prior to January 1, 2011)

- At least 55 years old and at least 8 years of credited service (reduced pension)
- At least 60 years old and at least 8 years of credited service (full pension)

Regular Plan Tier 2 (Enrolled in IMRF On or After January 1, 2011)

- At least 62 years old and at least 10 years of credited service (reduced pension)
- At least 67 years old and at least 10 years of credited service (full pension)

# Membership

Membership in the plan consisted of the following at July 1<sup>st</sup>, 2023, the date of the latest actuarial valuation:

| Active Employees  | 108 |
|---|-----|
| Inactive Employees Entitled to but not yet Receiving Benefits | -   |
| Inactive Employees Currently Receiving Benefits               | 2   |
| Total   | 110 |

# **Total OPEB Liability**

The District's total OPEB liability was measured as of June 30, 2024, and the total OPEB liability was determined by an actuarial valuation as of July 1, 2023.

## **Actuarial Assumptions**

The total OPEB liability in the July 1, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Actuarial Method                | Entry Age Normal |
|---------------------------------|------------------|
| Discount rate                   | 4.20%            |
| Inflation                       | 3.00%            |
| Salary Rate Increase            | 4.00%            |
| Health Care Trend               |                  |
| Initial Trend Rate              | 6.00%            |
| Ultimate Trend Rate             | 4.50%            |
| FY the Ultimate Rate is reached | 2040             |
|                                 |                  |

Mortality Active Employees

PubG.H-2010(B) Mortality Table - General (below -median income) with future mortality improvement

using Scale MP-2021

Retirees

PubG.H-2010(B) Mortality Table - General (below-median income), Male adjusted 108% and Female

adjusted 106.4% tables, with future mortality improvements made using scale MP-2021

Election at Retirement 90% of employees are assumed to elect coverage continuation at retirement Coverage Status Employees are assumed to continue in their current plan into retirement

Marital Status 40% of employees electing coverage are assumed to be married and to elect spousal coverage

with males three years older than females. Actual spouse data was used for current retirees.

The actuarial assumptions used in the July 1, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2022 through June 30, 2023. Assumption changes reflect a change in the discount rate of (0.08%) from 4.13% for the beginning of the year values and 4.21% for the disclosure date.

There is no long-term expected rate of return on OPEB plan investments because the District does not have a trust dedicated exclusively to the payment of OPEB benefits.

# **Discount Rate**

The District does not have a dedicated trust to pay retiree healthcare benefits. Per GASB 75, the discount rate should be a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale).

A rate of 4.21% is used, which is the S&P Municipal Bond 20-Year High-Grade Rate Index as of June 30, 2024.

# Changes in the Total OPEB Liability

|   |    | In         | crease | e/(Decrease | e) |           |
|---|----|------------|--------|-------------|----|-----------|
|   | ٦  | Total OPEB | Plan   | Fiduciary   |    | Net OPEB  |
|   |    | Liability  | Net    | Position    |    | Liability |
|   |    | (a)        |        | (b)         |    | (a) - (b) |

| Balances at June 30, 2024                         | \$ | 2,323,835  | \$     | -           | \$ | 2,323,835 |
|   |    |            |        |             |    |           |

# Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current discount rate:

| Plan's Total OPEB Liability/(Asset) |            |              |           |            |  |  |  |  |  |  |
|-------------------------------------|------------|--------------|-----------|------------|--|--|--|--|--|--|
| 19                                  | 6 Decrease | luation Rate | 19        | % Increase |  |  |  |  |  |  |
| \$                                  | 2,485,845  | \$           | 2,171,984 |            |  |  |  |  |  |  |

# Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

| Plan's Total OPEB Liability/(Asset) |            |    |              |    |            |  |  |  |  |  |
|-------------------------------------|------------|----|--------------|----|------------|--|--|--|--|--|
| Healthcare Cost                     |            |    |              |    |            |  |  |  |  |  |
| 19                                  | % Decrease | Va | luation Rate | 19 | % Increase |  |  |  |  |  |
| \$                                  | 2,123,933  | \$ | 2,323,835    | \$ | 2,548,352  |  |  |  |  |  |

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2024, the District recognized OPEB expense of \$125,152. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|  | red Outflows<br>Resources | <br>ed Inflows of esources | Net Inflows of Resources |           |  |
|--|---------------------------|----------------------------|--------------------------|-----------|--|
| Differences Between Expected and Actual Experience | \$<br>54,942              | \$<br>122,774              | \$                       | (67,832)  |  |
| Changes of Assumptions                             | 307,274                   | 437,493                    |                          | (130,219) |  |
| Total  | \$<br>362,216             | \$<br>560,267              | \$                       | (198,051) |  |

Changes in total OPEB liability related to the difference in actual and expected experience, or changes in assumptions regarding future events, are recognized in OPEB expense over the expected remaining service life of all employees (6.36 years, active and retired) in the postretirement plan.

Amounts reported as deferred outflows of resources related to OPEB will be recognized as future OPEB expense as follows:

|                     | Ne   | et Inflows |
|---------------------|------|------------|
| Year ending June 30 | of I | Resources  |
| 2025                | \$   | (68,003)   |
| 2026                |      | (19,411)   |
| 2027                |      | (36,963)   |
| 2028                |      | (46,650)   |
| 2029                |      | (35,165)   |
| Thereafter          |      | 8,141      |
|                     | \$   | (198,051)  |

# NOTE 11 - JOINT VENTURE - NILES TOWNSHIP DISTRICT FOR SPECIAL EDUCATION (NTDSE)

The District is a member of Niles Township District for Special Education (NTDSE), a joint agreement that provides certain special education services to residents of many school districts. It is also a member

of the risk management pools listed in Note 13. The District believes that, because it does not control the selection of the governing authority, and because of the control over employment of management personnel, operations, scope of public service, and special financing relationships exercised by the joint agreement governing boards, these should not be included as component units of the District.

A summary of financial condition (accrual basis) of NTDSE at June 30, 2023 (most recent information available) is as follows:

| Assets                                  | \$<br>32,308,285 |
|---|------------------|
| Deferred Outflows of Resources          | 2,271,521        |
|   | \$<br>34,579,806 |
| Liabilities                             | \$<br>7,680,158  |
| Deferred Inflows of Resources           | 6,677,454        |
| Net Position                            | 20,222,194       |
|   | \$<br>34,579,806 |
| Revenues                                | \$<br>24,370,509 |
| Expenses                                | 22,872,137       |
| Net Increase/(Decrease) in Net Position | \$<br>1,498,372  |

Complete financial statements for NTDSE can be obtained from the Administrative Offices at 8701 Menard Ave, Morton Grove, IL 60053.

### **NOTE 12 - INTERFUND TRANSFERS**

Interfund transfers for the year ended June 30, 2024 were as follows:

| From                            | То                              | <br>Balance     |
|---------------------------------|---------------------------------|-----------------|
| General Fund                    | Operations and Maintenance Fund | \$<br>7,500,000 |
| Operations and Maintenance Fund | Capital Projects Fund           | 8,500,000       |
| General Fund                    | Debt Services Fund              | 310,310         |

The interfund transfer from the General Fund to the Operations and Maintenance Fund was due to abolishment of the Working Cash Fund. The interfund transfer from the Operations and Maintenance Fund to the Capital Projects Fund was to cover costs of the building improvements. The interfund transfer to the Debt Services Fund was to cover payments made on purchase agreements.

### **NOTE 13 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The District purchases coverage against such risks and participates in the following public entity risk pools: The Educational Benefit Cooperative for health benefit claims and The Accident Fund for worker's compensation claims. The District pays annual premiums to the pools for insurance coverage. The arrangements with the pools provide that the pools will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of certain levels established by the pools.

The District continues to carry commercial insurance for all other risks of loss, including torts and professional liability insurance. During the year ended June 30, 2024, there were no significant reductions in insurance coverage, there were no significant adjustments in premiums based on actual experience and claims have not exceeded insurance coverage in the last three years.

### **NOTE 14 - LEGAL DEBT LIMITATION**

The Illinois School Code limits the amount of indebtedness to 6.9% of the most recent available total equalized assessed valuation (EAV) of the District. The District's legal debt limitation is as follows:

| 2023 EAV              | \$<br>1,222,251,853 |
|-----------------------|---------------------|
| Rate                  | <br>6.9%            |
| Debt Margin           | \$<br>84,335,378    |
| Current Debt          | <br>8,952,691       |
| Remaining Debt Margin | \$<br>75,382,687    |

# **NOTE 15 - CONTINGENCIES**

The District is not aware of any litigation which might have a material adverse effect on the District's financial position.

# SKOKIE SCHOOL DISTRICT NO. 68 ILLINOIS MUNICIPAL RETIREMENT FUND SCHEDULE OF CHANGES IN THE EMPLOYER'S NET PENSION LIABILITY AND RELATED RATIOS YEAR ENDED JUNE 30, 2024

#### Notes to Schedule:

#### Actuarial Method and Assumptions Used on the Calculation of the 2023 Contribution Rate \*

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Actuarial Cost Method: Aggregate Entry Age Normal
Amortization Method: Level percentage of payroll, closed
Remaining Amortization Period: 20-year closed period
Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 2.75%

Price Inflation: 2.25%, approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases: 2.75% to 13.75%, including inflation

Investment Rate of Return: 7.25%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2020 valuation pursuant to an experience study of the period 2017 to 2019.

Mortality: For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled Retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

\*Based on Valuation Assumptions used in the December 31, 2021 actuarial valuation; note two year lag between valuation and rate setting.

#### Changes of Assumptions:

For the 2023 measurement year, the assumed investment rate of return was of 7.0%, including an inflation rate of 2.50% and a real return of 4.50%. Salary increases were assumed to vary by service credit. These actuarial assumptions were based on an experience study dated September 30, 2021.

For the 2022-2018 measurement years, the assumed investment rate of return was of 7.0%, including an inflation rate of 2.25% and a real return of 4.75%. Salary increases were assumed to vary by service credit. The assumptions used for the 2020-2018 and 2017-2016 measurement years were based on an experience study dated September 18, 2018 and August 13, 2015 respectively.

For the 2015 measurement year, the assumed investment rate of return was 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

# SKOKIE SCHOOL DISTRICT NO. 68 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2024

## **NOTE 1 - BUDGETARY PROCESS**

The District follows procedures mandated by Illinois State law and District Board policy to establish the budgetary data reflected in its financial statements. The budget was passed on April 13, 2023. The modified accrual basis budgeted amounts in this report are the result of full compliance with the following procedures:

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

# **NOTE 2 - EXCESS OF EXPENDITURES OVER BUDGET**

For the year ended June 30, 2024, the following funds presented as Required Supplementary Information had expenditures that exceeded the budget:

|                |               |               | Excess of Actual |
|----------------|---------------|---------------|------------------|
| Fund           | Budget        | Actual        | Over Budget      |
| General        | \$ 32,663,069 | \$ 41,703,562 | \$ 9,040,493     |
| Transportation | 1,557,217     | 2,441,588     | 884,371          |
| Tort           | 316.000       | 325.360       | 9.360            |

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

To the Board of Education Skokie School District No. 68 Skokie, Illinois

#### Report on Compliance for Each Major Federal Program

#### Opinion on Each Major Federal Program

We have audited

Skokie School District No. 68's

compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Skokie School District No. 68's major federal programs for the year ended June 30, 2024. Skokie School District No. 68's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Skokie School District No. 68 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on a
  test basis, evidence regarding the District's compliance with the compliance requirements referred
  to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and report
  on internal control over compliance in accordance with the Uniform Guidance, but not for the
  purpose of expressing an opinion on the effectiveness of the District's internal control over
  compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2024-001 and 2024-002. Our opinion on each major federal program is not modified with respect to these matters. *Government Auditing Standards* require the auditor to perform limited procedures on Skokie School District No. 68's response to the noncompliance findings identified in our compliance audit described in the accompanying Schedule of Findings and Questioned Costs. Skokie School District No. 68's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

#### Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The 2023 comparative information shown in the Schedule of Expenditures of Federal Awards was subjected to auditing procedures by us in our report dated February 6, 2024, which expressed an unmodified opinion that such information was fairly stated in all material respects in relation to the 2023 financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

| Major Program Designation            | (A)                 | (B)            | (C)               | (D)            | (E)            | Subrecipients                          | (F)            | Subrecipients   | (G)          | (H)         | (1)    |

<sup>• (</sup>M) Program was audited as a major program as defined by §200.518.

\*Include the total amount provided to subrecipients from each Federal program. §200.510 (b)(4).

#### The accompanying notes are an integral part of this schedule.

- <sup>1</sup> To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.
- When the Assistance Listing (AL) number is not available, the auditee should indicate that the AL number is not available and include in the schedule the program's name and, if applicable, other identifying number.
- 3 When awards are received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included in the schedule. §200.510 (b)(2)
- <sup>4</sup> The Uniform Guidance requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in the schedule and suggests to include the amounts in the SEFA notes.

### SKOKIE SCHOOL DISTRICT NO. 68 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2024

#### **NOTE 1 - BASIS OF PRESENTATION**

The Schedule of Expenditures of Federal Awards includes the federal award activity of Skokie School District No. 68 under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with requirements of the Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in the schedule may offer from amounts presented in, and used in the preparation of, the basic financial statements.

#### **NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### **NOTE 3 - INDIRECT COST RATE**

The District has elected not to use the 10 percent de minimis indirect rate as allowed under the Uniform Guidance.

#### **NOTE 4 - SUBRECIPIENTS**

The District did not provide federal awards to subrecipients during the year ended June 30, 2024.

#### **NOTE 5 - FEDERAL LOANS**

There were no federal loans or loan guarantees outstanding at year end.

#### NOTE 6 - DONATED PERSONAL PROTECTIVE EQUIPMENT (PPE) (UNAUDITED)

The District was not a recipient of federally donated PPE.

#### SKOKIE SCHOOL DISTRICT NO. 68 SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2024

#### 1) Summary of auditor's results:

- a) The auditor's report expresses an unmodified opinion on whether the financial statements of Skokie School District No. 68 were prepared in accordance with GAAP.
- b) No significant deficiencies are reported during the audit of the financial statements. No material weaknesses are reported.
- c) No instances of noncompliance material to the financial statements of Skokie School District No. 68, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- d) No significant deficiencies in internal control over major federal award programs are reported during the audit of the financial statements. No material weaknesses in internal control over major federal award programs are reported.
- e) The auditor's report on compliance for the major federal award programs for Skokie School District No. 68 expresses as unmodified opinion on all major federal programs.
- f) Audit findings that are required to be reported in accordance with Uniform Guidance 2 CFR section 200.516(a) are reported in this schedule.
- g) The program tested as a major program was the Child Nutrition Cluster (CFDA #10.555 and 10.553).
- h) The threshold to distinguish between Type A and Type B programs was \$750,000.
- i) Skokie School District No. 68 was determined to be a low-risk auditee.
- 2) There were no findings related to the financial statements which are required to be reported.
- 3) The findings related to federal awards which are required to be reported are detailed in findings number 2024-001 and 2024-002.

| 4. Condition                     |   |                     |     |   |  |  |  |  |  |  |  |
|                                  |   |                     |     |   |  |  |  |  |  |  |  |
| 5. Context <sup>12</sup>         |   |                     |     |   |  |  |  |  |  |  |  |
|                                  |   |                     |     |   |  |  |  |  |  |  |  |
| 6. Effect                        |   |                     |     |   |  |  |  |  |  |  |  |
|                                  |   |                     |     |   |  |  |  |  |  |  |  |
| 7. Cause                         |   |                     |     |   |  |  |  |  |  |  |  |
|                                  |   |                     |     |   |  |  |  |  |  |  |  |
| 8. Recommendation                |   |                     |     |   |  |  |  |  |  |  |  |
|                                  |   |                     |     |   |  |  |  |  |  |  |  |
| 9. Management's response 13      |   |                     |     |   |  |  |  |  |  |  |  |
|                                  |   |                     |     |   |  |  |  |  |  |  |  |
|                                  |   |                     |     |   |  |  |  |  |  |  |  |

<sup>11</sup> A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2021 would be assign number of 2021-001, 2021-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.).

<sup>12</sup> Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

 $<sup>^{\</sup>rm 13}\,$  See §200.521 Management decision for additional guidance on reporting management's response.

#### APPENDIX B

#### PROPOSED FORM OF OPINION OF BOND COUNSEL

#### [LETTERHEAD OF CHAPMAN AND CUTLER LLP]

#### [TO BE DATED CLOSING DATE]

School District Number 68 Cook County, Illinois

| We hereby certify that we ha            | ve examined certified   | I copy of the    | proceedings (the    |
|---|-------------------------|------------------|---------------------|
| "Proceedings") of the Board of Educati  | on of School District N | Number 68, Co    | ok County, Illinois |
| (the "District"), passed preliminary to | the issue by the Distr  | ct of its fully  | registered General  |
| Obligation Limited Tax School Bonds, So | eries 2025 (the "Bonds  | "), to the amour | nt of \$,           |
| dated, 2025, due serially               | on December 15 of t     | he years and in  | n the amounts and   |
| bearing interest as follows:            |                         |                  |                     |
|   |                         |                  |                     |
| 2027                                    | ф                       | 0.4              |                     |

| \$<br>% |
|---------|
| %       |
| %       |
| %       |
| %       |
| \$      |

and we are of the opinion that the Proceedings show lawful authority for said issue under the laws of the State of Illinois now in force.

We further certify that we have examined the form of bond prescribed for said issue and find the same in due form of law, and in our opinion said issue, to the amount named, is valid and legally binding upon the District, is payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion. The amount of said taxes that may be extended to pay the Bonds is limited as provided by the Property Tax Extension Limitation Law of the State of Illinois, as amended (the "Law"). The Law provides that the annual amount of said taxes to be extended to pay the Bonds and all other limited bonds (as defined in the Local Government Debt Reform Act of the State of Illinois, as amended) heretofore and hereafter issued by the District shall not exceed the debt service extension base (as defined in the Law) of the District, as more fully described in the Proceedings.

It is our opinion that, subject to the District's compliance with certain covenants, under present law, interest on the Bonds is excludible from gross income of the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the alternative

minimum tax for individuals under the Internal Revenue Code of 1986, as amended (the "Code"). Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations. Failure to comply with certain of such District covenants could cause interest on the Bonds to be includible in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. Ownership of the Bonds may result in other federal tax consequences to certain taxpayers, and we express no opinion regarding any such collateral consequences arising with respect to the Bonds.

It is also our opinion that the Bonds are "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.

We express no opinion herein as to the accuracy, adequacy or completeness of any information furnished to any person in connection with any offer or sale of the Bonds.

In rendering this opinion, we have relied upon certifications of the District with respect to certain material facts within the District's knowledge. Our opinion represents our legal judgment based upon our review of the law and the facts that we deem relevant to render such opinion and is not a guarantee of a result. This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

#### APPENDIX C

# PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING FOR THE PURPOSE OF PROVIDING CONTINUING DISCLOSURE INFORMATION UNDER SECTION (b)(5) OF RULE 15c2-12

This Continuing Disclosure Undertaking (this "Agreement") is executed and delivered by School District Number 68, Cook County, Illinois (the "District"), in connection with the issuance of \$\_\_\_\_\_\_ General Obligation Limited Tax School Bonds, Series 2025 (the "Bonds"). The Bonds are being issued pursuant to a resolution adopted by the Board of Education of the District on the 20th day of February, 2025 (as supplemented by a notification of sale, the "Resolution").

In consideration of the issuance of the Bonds by the District and the purchase of such Bonds by the beneficial owners thereof, the District covenants and agrees as follows:

1. PURPOSE OF THIS AGREEMENT; CERTIFICATIONS. This Agreement is executed and delivered by the District as of the date set forth below, for the benefit of the beneficial owners of the Bonds and in order to assist the Participating Underwriters in complying with the requirements of the Rule (as defined below). This Agreement is prepared in compliance with paragraph (d)(2) of the Rule.

#### The District represents that:

- (a) it will be the only obligated person with respect to the Bonds at the time the Bonds are delivered to the Participating Underwriters and that no other person is expected to become so committed at any time after issuance of the Bonds; and
- (b) at the time of the delivery of the Bonds to the Participating Underwriters, the District will be an "obligated person" (as such term is defined in the Rule) with respect to less than \$10,000,000 in aggregate amount of outstanding municipal securities, including the Bonds and excluding municipal securities that were offered in a transaction exempt from the Rule pursuant to paragraph (d)(1) of the Rule.
- 2. DEFINITIONS. The terms set forth below shall have the following meanings in this Agreement, unless the context clearly otherwise requires.

Commission means the Securities and Exchange Commission.

Dissemination Agent means any agent designated as such in writing by the District and which has filed with the District a written acceptance of such designation, and such agent's successors and assigns.

*EMMA* means the MSRB through its Electronic Municipal Market Access system for municipal securities disclosure or through any other electronic format or system prescribed by the MSRB for purposes of the Rule.

Exchange Act means the Securities Exchange Act of 1934, as amended.

Financial Information means the financial information and operating data described in Exhibit I.

Financial Information Disclosure means the dissemination of disclosure concerning Financial Information as set forth in Section 4.

Financial Obligation of the District means a (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of a debt obligation or any such derivative instrument; provided that "financial obligation" shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

MSRB means the Municipal Securities Rulemaking Board.

Official Statement means the Final Official Statement, dated \_\_\_\_\_\_\_, 2025, and relating to the Bonds.

*Participating Underwriter* means each broker, dealer or municipal securities dealer acting as an underwriter in the primary offering of the Bonds.

Reportable Event means the occurrence of any of the Events with respect to the Bonds set forth in Exhibit II.

*Reportable Events Disclosure* means dissemination of a notice of a Reportable Event as set forth in Section 5.

*Rule* means Rule 15c2-12 adopted by the Commission under the Exchange Act, as the same may be amended from time to time.

State means the State of Illinois.

*Undertaking* means the obligations of the District pursuant to Sections 4 and 5.

3. CUSIP Numbers. The CUSIP Numbers of the Bonds are set forth in *Exhibit III*. All filings required under this Agreement will be filed on EMMA under these CUSIP Numbers. If the Bonds are refunded after the date hereof, the District will also make all filings required under this Agreement under any new CUSIP Numbers assigned to the Bonds as a result of such refunding, to the extent the District remains legally liable for the payment of such Bonds; provided, however, that the District will not be required to make such filings under new CUSIP Numbers unless the District has been notified in writing by the Participating Underwriter or the District's financial

advisor that new CUSIP Numbers have been assigned to the Bonds. The District will not make any filings pursuant to this Agreement under new CUSIP Numbers assigned to any of the Bonds after the date hereof for any reason other than a refunding, as described in the previous sentence, including, but not limited to, new CUSIP Numbers assigned to the Bonds as a result of a holder of the Bonds obtaining a bond insurance policy or other credit enhancement with respect to some or all of the outstanding Bonds in the secondary market.

- 4. FINANCIAL INFORMATION DISCLOSURE. Subject to Section 8 of this Agreement, the District hereby covenants that it will disseminate its Financial Information at least annually to EMMA in such manner and format and accompanied by identifying information as is prescribed by the MSRB or the Commission at the time of delivery of such information. MSRB Rule G-32 requires all EMMA filings to be in word-searchable PDF format. This requirement extends to all documents to be filed with EMMA, including financial statements and other externally prepared reports.
- 5. REPORTABLE EVENTS DISCLOSURE. Subject to Section 8 of this Agreement, the District hereby covenants that it will disseminate in a timely manner (not in excess of ten business days after the occurrence of the Reportable Event) Reportable Events Disclosure to EMMA in such manner and format and accompanied by identifying information as is prescribed by the MSRB or the Commission at the time of delivery of such information. References to "material" in Exhibit II refer to materiality as it is interpreted under the Exchange Act. MSRB Rule G-32 requires all EMMA filings to be in word-searchable PDF format. This requirement extends to all documents to be filed with EMMA, including financial statements and other externally prepared reports. Notwithstanding the foregoing, notice of optional or unscheduled redemption of any Bonds or defeasance of any Bonds need not be given under this Agreement any earlier than the notice (if any) of such redemption or defeasance is given to the Bondholders pursuant to the Resolution.
- 6. Consequences of Failure of the District to Provide Information. In the event of a failure of the District to comply with any provision of this Agreement, the beneficial owner of any Bond may seek mandamus or specific performance by court order, to cause the District to comply with its obligations under this Agreement. A default under this Agreement shall not be deemed a default under the Resolution, and the sole remedy under this Agreement in the event of any failure of the District to comply with this Agreement shall be an action to compel performance.
- 7. AMENDMENTS; WAIVER. Notwithstanding any other provision of this Agreement, the District by resolution authorizing such amendment or waiver, may amend this Agreement, and any provision of this Agreement may be waived, if:
  - (a) The amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, including without limitation, pursuant to a "no-action" letter issued by the Commission, a change in law, or a change in the identity, nature, or status of the District, or type of business conducted;
  - (b) This Agreement, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking

into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver does not materially impair the interests of the beneficial owners of the Bonds, as determined by parties unaffiliated with the District (such as Bond Counsel).

In the event that the Commission or the MSRB or other regulatory authority shall approve or require Financial Information Disclosure or Reportable Events Disclosure to be made to a central post office, governmental agency or similar entity other than EMMA or in lieu of EMMA, the District shall, if required, make such dissemination to such central post office, governmental agency or similar entity without the necessity of amending this Agreement.

- 8. TERMINATION OF UNDERTAKING. The Undertaking of the District shall be terminated hereunder if the District shall no longer have any legal liability for any obligation on or relating to repayment of the Bonds under the Resolution.
- 9. FUTURE CHANGES TO THE RULE. As set forth in Section 1 of this Agreement, the District has executed and delivered this Agreement solely and only to assist the Participating Underwriters in complying with the requirements of the Rule. Therefore, notwithstanding anything in this Agreement to the contrary, in the event the Commission, the MSRB or other regulatory authority shall approve or require changes to the requirements of the Rule, the District shall be permitted, but shall not be required, to unilaterally modify the covenants in this Agreement, without complying with the requirements of Section 7 of this Agreement, in order to comply with, or conform to, such changes. In the event of any such modification of this Agreement, the District shall file a copy of this Agreement, as revised, on EMMA in a timely manner.
- 10. DISSEMINATION AGENT. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.
- 11. ADDITIONAL INFORMATION. Nothing in this Agreement shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Agreement or any other means of communication, or including any other information in any Financial Information Disclosure or notice of occurrence of a Reportable Event, in addition to that which is required by this Agreement. If the District chooses to include any information from any document or notice of occurrence of a Reportable Event in addition to that which is specifically required by this Agreement, the District shall have no obligation under this Agreement to update such information or include it in any future disclosure or notice of occurrence of a Reportable Event.
- 12. BENEFICIARIES. This Agreement has been executed in order to assist the Participating Underwriters in complying with the Rule; however, this Agreement shall inure solely to the benefit

of the District, the Dissemination Agent, if any, and the beneficial owners of the Bonds, and shall create no rights in any other person or entity.

- 13. RECORDKEEPING. The District shall maintain records of all Financial Information Disclosure and Reportable Events Disclosure, including the content of such disclosure, the names of the entities with whom such disclosure was filed and the date of filing such disclosure.
- 14. ASSIGNMENT. The District shall not transfer its obligations under the Resolution unless the transferee agrees to assume all obligations of the District under this Agreement or to execute an Undertaking under the Rule.
- 15. CONTACT INFORMATION. Specific questions or inquiries relating to Financial Information Disclosure and Reportable Events Disclosure should be directed to:

Kenya Austin Assistant Superintendent of Business/CSB) 9440 Kenton Avenue Skokie, Illinois 60076 847-676-9000

16. GOVERNING LAW. This Agreement shall be governed by the laws of the State

| SCHOOL DISTRICT NUMBER 68, COOK COUNT ILLINOIS |  |

| By:  |  |
| President, Board of Education                  |  |

#### EXHIBIT I

#### FINANCIAL INFORMATION

"Financial Information" means the District's annual audited financial statements prepared in accordance with accounting principles generally accepted in the United States of America. The Financial Information will be submitted to EMMA by 270 days after the last day of the District's fiscal year (currently June 30), beginning with the fiscal year ending June 30, 2025. If audited financial statements are not available when the Financial Information is required to be filed, the District will submit the Financial Information to EMMA within 30 days after availability to the District. There shall be specified the date as of which such information was prepared. All or a portion of the Financial Information may be included by reference to other documents which have been submitted to EMMA or filed with the Commission. If the information included by reference is contained in a Final Official Statement, the Final Official Statement must be available on EMMA; the Final Official Statement need not be available from the Commission. The District shall clearly identify each such item of information included by reference.

#### EXHIBIT II

### EVENTS WITH RESPECT TO THE BONDS FOR WHICH REPORTABLE EVENTS DISCLOSURE IS REQUIRED

- 1. Principal and interest payment delinquencies
- 2. Non-payment related defaults, if material
- 3. Unscheduled draws on debt service reserves reflecting financial difficulties
- 4. Unscheduled draws on credit enhancements reflecting financial difficulties
- 5. Substitution of credit or liquidity providers, or their failure to perform
- 6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security
- 7. Modifications to the rights of security holders, if material
- 8. Bond calls, if material, and tender offers
- 9. Defeasances
- 10. Release, substitution or sale of property securing repayment of the securities, if material
- 11. Rating changes
- 12. Bankruptcy, insolvency, receivership or similar event of the District\*
- 13. The consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material
- 14. Appointment of a successor or additional trustee or the change of name of a trustee, if material
- 15. Incurrence of a Financial Obligation, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation, any of which affect security holders, if material
- 16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation, any of which reflect financial difficulties

<sup>\*</sup> This event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.
