Subject to compliance by the District with certain covenants, in the opinion of Chapman and Cutler LLP, Chicago, Illinois (“Bond Counsel”), under present law, interest on the Bonds is excludible from gross income of the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the federal alternative minimum tax for individuals. Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations. Interest on the Bonds is not exempt from present State of Illinois income taxes. See “TAX EXEMPTION” herein for a more complete discussion. The Bonds are “qualified tax-exempt obligations” under Section 265(b)(3) of the Internal Revenue Code of 1986, as amended. See “QUALIFIED TAX-EXEMPT OBLIGATIONS” herein.

COMMUNITY UNIT SCHOOL DISTRICT NUMBER 226

Ogle County, Illinois

(Byron)

\$8,000,000* General Obligation School Bonds, Series 2025

Dated: Date of Delivery

Due: January 1, as further described on the inside cover page

The General Obligation School Bonds, Series 2025 (the “Bonds”), of Community Unit School District Number 226, Ogle County, Illinois (the “District”), will be issued in fully registered form and will be registered initially only in the name of Cede & Co., as registered owner and nominee of The Depository Trust Company, New York, New York (“DTC”). DTC will act as securities depository for the Bonds. Purchasers of the Bonds will not receive certificates representing their interests in the Bonds purchased. Ownership by the beneficial owners of the Bonds will be evidenced by book-entry only. Payments of principal of and interest on the Bonds will be made by Amalgamated Bank of Chicago, Chicago, Illinois, as bond registrar and paying agent, to DTC, which in turn will remit such payments to its participants for subsequent disbursement to the beneficial owners of the Bonds. As long as Cede & Co. is the registered owner as nominee of DTC, payments of principal of and interest on the Bonds will be made to such registered owner, and disbursement of such payments will be the responsibility of DTC and its participants. Individual purchases of the Bonds will be made in the principal amount of \$5,000 or any integral multiple thereof.

The Bonds will bear interest from their dated date at the rates per annum as shown on the inside cover page. Interest on the Bonds (computed on the basis of a 360-day year consisting of twelve 30-day months) will be payable semi-annually on each January 1 and July 1, commencing January 1, 2026.

Proceeds of the Bonds will be used to (a) increase the working cash fund of the District, (b) pay capitalized interest on the Bonds and (c) pay costs associated with the issuance of the Bonds. See “THE PROJECT” herein.

The Bonds are not subject to optional redemption prior to maturity.

The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under an insurance policy (the “Bond Insurance Policy”) to be issued concurrently with the delivery of the Bonds by _____ (the “Insurer” or “_____”). See “BOND INSURANCE” and APPENDIX D herein.

[Insurance Logo]

In the opinion of Bond Counsel, the Bonds are valid and legally binding upon the District and are payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate or amount, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors’ rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion. See “THE BONDS—Security” herein.

The Bonds are offered when, as and if issued by the District and received by Raymond James & Associates Inc., Chicago, Illinois, subject to prior sale, to withdrawal or modification of the offer without notice, and to the approval of legality by Bond Counsel, and certain other conditions. Chapman and Cutler LLP, Chicago, Illinois, will also act as Disclosure Counsel to the District. Whitt Law LLC, Aurora, Illinois, will pass on certain matters for the District. It is expected that beneficial interests in the Bonds will be available for delivery through the facilities of DTC on or about April 24, 2025.

OFFICIAL STATEMENT

**Community Unit School District Number 226
Ogle County, Illinois
(Byron)
\$8,000,000* General Obligation School Bonds, Series 2025**

INTRODUCTION

The purpose of this Official Statement is to set forth certain information concerning Community Unit School District Number 226, Ogle County, Illinois (the “*District*”), in connection with the offering and sale of its General Obligation School Bonds, Series 2025 (the “*Bonds*”).

This Official Statement contains “forward-looking statements” that are based upon the District’s current expectations and its projections about future events. When used in this Official Statement, the words “project,” “estimate,” “intend,” “expect,” “scheduled,” “pro-forma” and similar words identify forward-looking statements. Forward-looking statements are subject to known and unknown risks, uncertainties and factors that are outside of the control of the District. Actual results could differ materially from those contemplated by the forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. Neither the District nor any other party plans to issue any updates or revisions to these forward-looking statements based on future events.

THE BONDS

AUTHORITY AND PURPOSE

The Bonds are being issued pursuant to the School Code of the State of Illinois (the “*School Code*”), the Local Government Debt Reform Act of the State of Illinois (the “*Debt Reform Act*”), and all laws amendatory thereof and supplementary thereto, and a bond resolution adopted by the Board of Education of the District (the “*Board*”) on the 20th day of March, 2025, as supplemented by a notification of sale (together, the “*Bond Resolution*”).

Proceeds of the Bonds will be used to (a) increase the working cash fund of the District, (b) pay capitalized interest on the Bonds through April 24, 2027, and (c) pay costs associated with the issuance of the Bonds. See “THE PROJECT” herein.

GENERAL DESCRIPTION

The Bonds will be dated the date of issuance thereof, will be in fully registered form, without coupons, and will be in denominations of \$5,000 or any integral multiple thereof under a book-entry only system operated by The Depository Trust Company, New York, New York

* Preliminary, subject to change.

(“DTC”). Principal of and interest on the Bonds will be payable by Amalgamated Bank of Chicago, Chicago, Illinois (the “Registrar”).

The Bonds will mature as shown on the inside cover page hereof. Interest on the Bonds will be payable each January 1 and July 1, beginning January 1, 2026.

The Bonds will bear interest from their dated date, or from the most recent interest payment date to which interest has been paid or provided for, computed on the basis of a 360-day year consisting of twelve 30-day months. The principal of the Bonds will be payable in lawful money of the United States of America upon presentation and surrender thereof at the principal corporate trust office of the Registrar. Interest on each Bond will be paid by check or draft of the Registrar payable upon presentation in lawful money of the United States of America to the person in whose name such Bond is registered at the close of business on the record date, which is the 15th day of the month next preceding the interest payment date (the “Record Date”).

REGISTRATION AND TRANSFER

The Registrar will maintain books (the “Register”) for the registration of ownership and transfer of the Bonds. Subject to the provisions of the Bonds as they relate to book-entry form, any Bond may be transferred upon the surrender thereof at the principal corporate trust office of the Registrar, together with an assignment duly executed by the registered owner or his or her attorney in such form as will be satisfactory to the Registrar. No service charge shall be made for any transfer or exchange of Bonds, but the District or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds [except in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption].

The Registrar shall not be required to transfer or exchange any Bond during the period beginning at the close of business on the Record Date with respect to any interest payment date on such Bond and ending at the opening of business on such interest payment date[, nor to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, nor during a period of fifteen (15) days next preceding mailing of a notice of redemption of any Bonds].

REDEMPTION

Optional Redemption. The Bonds are not subject to optional redemption prior to maturity.

Mandatory Sinking Fund Redemption. The Bonds due on January 1 of the years 20__ and 20__ are subject to mandatory redemption, in integral multiples of \$5,000 selected by lot by the Registrar, at a redemption price of par plus accrued interest to the redemption date, on January 1 of the years and in the principal amounts as follows:

FOR THE BONDS DUE JANUARY 1, 20__

YEAR	PRINCIPAL AMOUNT
20__	\$
20__	(stated maturity)

FOR THE BONDS DUE JANUARY 1, 20__

YEAR	PRINCIPAL AMOUNT
20__	\$
20__	(stated maturity)

On or prior to the 60th day preceding any mandatory redemption date, the Registrar may, and if directed by the District shall, purchase Bonds required to be retired on such mandatory redemption date. Any such Bonds so purchased shall be cancelled and the principal amount thereof shall be credited against the mandatory redemption required on such next mandatory redemption date.

General. For purposes of any redemption of less than all of the outstanding Bonds of a single maturity, the particular Bonds or portions of Bonds to be redeemed shall be selected by lot by the Registrar from the Bonds of such maturity by such method of lottery as the Registrar shall deem fair and appropriate (except when the Bonds are held in a book-entry system, in which case the selection of Bonds to be redeemed will be made in accordance with procedures established by DTC or any other book-entry depository); *provided* that such lottery shall provide for the selection for redemption of Bonds or portions thereof in principal amounts of \$5,000 and integral multiples thereof.

Unless waived by any holder of Bonds to be redeemed, notice of the call for any redemption will be given by the Registrar on behalf of the District by mailing the redemption notice by first-class mail at least 30 days and not more than 60 days prior to the date fixed for redemption to each registered owner of the Bonds to be redeemed at the address shown on the Register or at such other address as is furnished in writing by such registered owner to the Registrar.

Prior to any redemption date, the District will deposit with the Registrar an amount of money sufficient to pay the redemption price of all the Bonds or portions of Bonds which are to be redeemed on that date.

Notice of redemption having been given as described above and in the Bond Resolution, and notwithstanding failure to receive such notice, the Bonds or portions of Bonds so to be redeemed will, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the District shall default in the payment of the redemption price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds will be paid by the Registrar at the redemption price.

SECURITY

The Bonds, in the opinion of Chapman and Cutler LLP, Chicago, Illinois, Bond Counsel (*"Bond Counsel"*), are valid and legally binding upon the District and are payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate or amount, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion.

The Bond Resolution provides for the levy of ad valorem taxes, unlimited as to rate or amount, upon all taxable property within the District in amounts sufficient to pay, as and when due, all principal of and interest on the Bonds, except for interest due on the Bonds through April 24, 2027, which is expected to be paid from proceeds of the Bonds. The Bond Resolution will be filed with the County Clerk of Ogle County, Illinois (the *"County Clerk"*), and will serve as authorization to the County Clerk to extend and collect the property taxes as set forth in the Bond Resolution to pay the Bonds.

Reference is made to Appendix B for the proposed form of opinion of Bond Counsel.

THE PROJECT

A portion of the proceeds of the Bonds will be used to increase the District's Working Cash Fund. After proper abatement and transfer from the Working Cash Fund, such proceeds will be used to improve and renovate the District's facilities, including but not limited to the aquatics center, baseball/soccer complex and guidance office (the *"Project"*). The District expects to complete the Project within three years.

RISK FACTORS

The purchase of the Bonds involves certain investment risks. Accordingly, each prospective purchaser of the Bonds should make an independent evaluation of the entirety of the information presented in this Official Statement and its appendices and exhibits in order to make an informed investment decision. Certain of the investment risks are described below. The following statements, however, should not be considered a complete description of all risks to be considered in the decision to purchase the Bonds, nor should the order of the presentation of such risks be construed to reflect the relative importance of the various risks. There can be no assurance that other risk factors are not material or will not become material in the future.

CONSTRUCTION RISKS

There are potential risks that could affect the ability of the District to timely complete the Project. While preliminary costs have been projected by the District's consulting architects, not all of the construction contracts have been let by the District. No assurance can be given that the cost of completing the Project will not exceed available funds.

Completion of the Project involves many risks common to construction projects such as shortages or delays in the availability of materials and labor, work stoppages, labor disputes, contractual disputes with contractors or suppliers, weather interferences, construction accidents, delays in obtaining legal approvals, unforeseen engineering, archeological or environmental problems and unanticipated cost increases, any of which could give rise to significant delays or cost overruns.

FINANCES OF THE STATE OF ILLINOIS

State funding sources constituted 5.23% of the District's General Fund revenue sources for the fiscal year ended June 30, 2024. While the finances of the State of Illinois (the "*State*") have significantly improved in recent years, the State continues to deal with a severe underfunding of its pension systems, which, based on the comprehensive annual financial reports of the State's five retirement systems, have a combined unfunded pension liability of approximately \$140 billion and a combined funded ratio of approximately 45%. Also, despite nine credit rating upgrades since June 2021, the State's long-term general obligation bonds carry the lowest ratings of all states.

LOCAL ECONOMY

The financial health of the District is in part dependent on the strength of the local economy. Many factors affect the local economy, including rates of employment and economic growth and the level of residential and commercial development. It is not possible to predict to what extent any changes in economic conditions, demographic characteristics, population or commercial and industrial activity will occur and what impact such changes would have on the finances of the District.

CONCENTRATION OF TAXPAYERS

Based on the District's 2023 Equalized Assessed Valuation ("*EAV*"), the District's largest taxpayer, Constellation Energy Generation, LLC ("*Constellation*") owns and operates a nuclear power plant that makes up 69.50% of the total current EAV of taxable property in the District. Such power plant has been in operation since 1985 and employs approximately 727 employees. If such taxpayer were to relocate from the District or cease operations, would be unable to pay its tax bills or was successful in challenging its assessed valuation, the timely receipt of tax dollars by the District could be affected. The District has the authority to levy deficiency taxes if debt service tax collections are inadequate. Notwithstanding, the value of the Bonds, the District's ability to repay the Bonds or the timing of repayment could be adversely affected.

Furthermore, if the largest taxpayer were to relocate or cease operations, the District could experience a significant reduction in EAV. Any reduction in EAV could limit the amount of taxes that the District can extend for operating purposes. See "FINANCIAL INFORMATION AND ECONOMIC CHARACTERISTICS OF THE DISTRICT - Concentration of Tax Base" herein for more information.

BOND RATING

The Bonds have received an underlying credit rating from Moody's Investors Service, New York, New York ("*Moody's*") and are expected to receive an insured credit rating from S&P Global Ratings, New York, New York ("*S&P*"). The ratings can be changed or withdrawn at any time for reasons both under and outside the District's control. Any change, withdrawal or combination thereof could adversely affect the ability of investors to sell the Bonds or may affect the price at which they can be sold.

SECONDARY MARKET FOR THE BONDS

No assurance can be given that a secondary market will develop for the purchase and sale of the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. The hereinafter-defined Underwriter is not obligated to engage in secondary market trading or to repurchase any of the Bonds at the request of the owners thereof.

Prices of the Bonds as traded in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and other prevailing circumstances. No guarantee exists as to the future market value of the Bonds. Such market value could be substantially different from the original purchase price.

CONTINUING DISCLOSURE

A failure by the District to comply with the Undertaking (as defined herein) for continuing disclosure (see “CONTINUING DISCLOSURE” herein) will not constitute an event of default on the Bonds. Any such failure must be reported in accordance with Rule 15c2-12 (the “*Rule*”) adopted by the Securities and Exchange Commission (the “*Commission*”) under the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”), and may adversely affect the transferability and liquidity of the Bonds and their market price.

SUITABILITY OF INVESTMENT

The interest rates borne by the Bonds are intended to compensate the investor for assuming the risk of investing in the Bonds. Furthermore, the tax-exempt feature of the Bonds is currently more valuable to high tax bracket investors than to investors that are in low tax brackets. As such, the value of the interest compensation to any particular investor will vary with individual tax rates and circumstances. Each prospective investor should carefully examine this Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Bonds are an appropriate investment for such investor.

FUTURE CHANGES IN LAWS

Various state and federal laws, regulations and constitutional provisions apply to the District and to the Bonds. The District can give no assurance that there will not be a change in, interpretation of, or addition to such applicable laws, provisions and regulations which would have a material effect, either directly or indirectly, on the District, or the taxing authority of the District. For example, many elements of local government finance, including the issuance of debt and the levy of property taxes, are controlled by State government. Future actions of the State may affect the overall financial conditions of the District, the taxable value of property within the District, and the ability of the District to levy property taxes or collect revenues for its ongoing operations.

FACTORS RELATING TO TAX EXEMPTION

As discussed under “TAX EXEMPTION” herein, interest on the Bonds could become includible in gross income for purposes of federal income taxation, retroactive to the date the Bonds were issued, as a result of future acts or omissions of the District in violation of its covenants in the Bond Resolution. Should such an event of taxability occur, the Bonds are not subject to any special redemption.

There are or may be pending in the Congress of the United States (“*Congress*”) legislative proposals relating to the federal tax treatment of interest on the Bonds, including some that carry retroactive effective dates, that, if enacted, could affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. Finally, reduction or elimination of the tax-exempt status of obligations such as the Bonds could have an adverse effect on the District’s ability to access the capital markets to finance future capital or operational needs by reducing market demand for such obligations or materially increasing borrowing costs of the District.

The tax-exempt bond office of the Internal Revenue Service (the “*Service*”) is conducting audits of tax-exempt bonds, both compliance checks and full audits, with increasing frequency to determine whether, in the view of the Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether the Service will commence any such audit. If an audit is commenced, under current procedures the Service may treat the District as a taxpayer and the Bondholders may have no right to participate in such proceeding. The commencement of an audit with respect to any tax-exempt obligations of the District could adversely affect the market value and liquidity of the Bonds, regardless of the ultimate outcome.

CYBERSECURITY

Computer networks and data transmission and collection are vital to the efficient operation of the District. Despite the implementation of network security measures by the District, its information technology and infrastructure may be vulnerable to deliberate attacks by hackers, malware, ransomware or computer virus, or may otherwise be breached due to employee error, malfeasance or other disruptions. Any such breach could compromise networks and the information stored thereon could be disrupted, accessed, publicly disclosed, lost or stolen. Although the District does not believe that its information technology systems are at a materially greater risk of cybersecurity attacks than other similarly-situated governmental entities, any such disruption, access, disclosure or other loss of information could have an adverse effect on the District’s operations and financial health. Further, as cybersecurity threats continue to evolve, the District may be required to expend significant additional resources to continue to modify and strengthen security measures, investigate and remediate any vulnerabilities, or invest in new technology designed to mitigate security risks.

BANKRUPTCY

The rights and remedies of the Bondholders may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditors' rights, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against local governments. The various opinions of counsel to be delivered with respect to the Bonds will be similarly qualified.

BOND INSURANCE

To come from the Insurer.

THE DISTRICT

GENERAL DESCRIPTION

The District is located in the City of Byron (the "*City*") in Ogle County, Illinois (the "*County*"). The District is located in northern Illinois along the Rock River, 88 miles west of the City of Chicago and 12 miles south of the City of Rockford. The District encompasses approximately 58 square miles of land. The estimated population of the District is 7,256.

The Canadian Pacific Railway transfers freight in and through District. The District can be accessed via Illinois State Highways 2 or 72, which pass through the City. Interstates 90, 39, and 88 are also a short distance from the District. Nearby higher education opportunities include Community College District No. 511 (Rock Valley Junior College), with a campus in Rockford, Illinois, Rockford University in Rockford, Illinois, and Northern Illinois University in DeKalb, Illinois.

The District operates three schools: Byron High School, Byron Middle School and Mary Morgan Elementary School and serves students in grades pre-Kindergarten through 12.

The District is governed by an elected seven-member Board and a full-time administrative staff.

DISTRICT ADMINISTRATION

The day-to-day affairs of the District are conducted by a full-time staff including the following central administrative positions.

OFFICIAL	TITLE	YEAR STARTED IN POSITION
Buster Barton	Superintendent	2018
Christian Kerr	Director of Fiscal Services/School Treasurer	2012

The Board appoints the administration. The staff is chosen by the administration with the approval of the Board. In general, policy decisions are made by the Board while specific program decisions are made by the administration.

TAX INCREMENT FINANCING DISTRICTS LOCATED WITHIN THE DISTRICT

A portion of the District's EAV is contained in tax increment financing ("TIF") districts, as detailed below. When a TIF district is created within the boundaries of a taxing body, such as the District, the EAV of the portion of real property designated as a TIF district is frozen at the level of the tax year in which it was designated as such (the "*Base EAV*"). Any incremental increases in property tax revenue produced by the increase in EAV (the "*Incremental EAV*") derived from the redevelopment project area during the life of the TIF district are not provided to the District until the TIF district expires. The District is not aware of any new TIF districts planned in the immediate future.

		\$499,062,814	70.86%

Source: Ogle County Clerk's Office.

The above taxpayers represent 70.86% of the District's \$704,328,612 2023 EAV (including Incremental EAV). Reasonable efforts have been made to seek out and report the largest taxpayers. However, many of the taxpayers listed may own multiple parcels and it is possible that some parcels and their valuations may not be included.

CONCENTRATION OF TAX BASE

Constellation, previously part of Exelon Generation Co., LLC ("*Exelon*"), is the largest taxpayer in the District by virtue of its nuclear power plant, the Byron Nuclear Power Station ("*Byron Station*"), 97.5% of which is located within the District. Byron Station has two operating units: Unit 1 was originally licensed to operate in 1985 and Unit 2 was originally licensed to operate in 1987. Unit 1 is currently licensed to operate until 2044 and Unit 2 is licensed to operate until 2046. Those dates reflect initial license renewals granted by the Nuclear Regulatory Commission ("*NRC*") on November 19, 2015. Since the time Exelon received its license renewals for Unit 1 and Unit 2, the NRC has begun accepting and processing subsequent license renewal applications for nuclear power stations to extend operations from 60 years to 80 years.

The District and eleven other taxing bodies entered into the Byron Power Station Real Property Tax Assessment Settlement Agreement (the "*Agreement*") with Constellation, the Ogle County Supervisor of Assessments, Board of Review, County Clerk, and County Collector (collectively, the "*Parties*") on July 7, 2023. In the Agreement, the Parties fixed the equalized assessed valuation of the Byron Nuclear Power Station at \$500,000,000 for tax years 2022 through 2027. 97.5% of that assessed valuation, or \$487,500,000, is situated in the District. The remaining 2.5% is in a neighboring school district. The Agreement also provides for guaranteed property taxes for the Byron Nuclear Power Station in the amount of \$33,666,667 in tax years 2022 through 2027 for all twelve taxing bodies, including \$18,442,741 of guaranteed property taxes for the District. The Agreement also provided for the dismissal of all appeals pending before the State of

Illinois Property Tax Appeal Board (“PTAB”) for tax years 2012 through 2021 with no property tax refunds due to Constellation. The Agreement was approved by the Circuit Court of Ogle County on July 26, 2023, as required by the Property Tax Code, and has the force of law.

RETAILERS’ OCCUPATION TAX AND SERVICE OCCUPATION TAX

The following table shows the distribution of the municipal portion of the Retailers’ Occupation Tax and Service Occupation Tax collected by the Illinois Department of Revenue (the “Department”) from retailers within the City. The table indicates the level of retail activity in the City.

CALENDAR YEAR	STATE SALES TAX DISTRIBUTION ⁽¹⁾
2019	\$575,259
2020	586,876
2021	688,078
2022	540,048
2023	384,723
2024 ⁽²⁾	121,689

Source: The Department.

(1) Tax distributions are based on records of the Department relating to the 1% municipal portion of the Retailers’ Occupation Tax and Service Occupation Tax, collected on behalf of the City, less a State administration fee. The municipal 1% sales tax includes tax receipts from the sale of food and drugs which are not taxed by the State.

(2) Through Third Quarter 2024.

CORPORATE PERSONAL PROPERTY REPLACEMENT TAXES

Corporate Personal Property Replacement Taxes (“CPPRT”) are revenues received from a tax imposed on corporations, partnerships, trusts, S corporations and public utilities in the State. The purpose of the CPPRT is to replace revenues lost by units of local government (including the District) as a result of the abolishment of the corporate personal property tax (the “*Personal Property Tax*”) with the adoption of the Illinois Constitution of 1970. The State Revenue Sharing Act (the “*Sharing Act*”) was passed in 1979, implementing the CPPRT to replace the lost Personal Property Tax revenues and providing the mechanism for distributing collections of CPPRT to taxing districts (including the District) entitled to receive such tax revenues under the Sharing Act. The following table sets forth the amount of CPPRT received by the District over the last five years:

FISCAL YEAR ENDED JUNE 30	CPPRT RECEIPTS
2020	\$278,333
2021	353,035
2022	769,526
2023	869,792
2024	572,909

Source: The audited financial statements of the District for the fiscal years ended June 30, 2020-June 30, 2024.

In its fiscal year 2025 budget, the District estimated that its CPPRT revenues would decrease to approximately \$386,013.

SHORT-TERM BORROWING

The District has not issued tax anticipation warrants or revenue anticipation notes during the last five years to meet its short-term current year cash flow requirements.

FUTURE DEBT

Except for the Bonds, the District does not currently anticipate issuing any debt in the next six months.

DEFAULT RECORD

The District has no record of default and has met its debt repayment obligations promptly.

WORKING CASH FUND

The District is authorized to issue general obligation bonds to create, re-create, or increase a Working Cash Fund. Such fund can also be created, re-created or increased by the levy of an annual tax not to exceed \$0.05 per hundred dollars of EAV (the "*Working Cash Fund Tax*"). The purpose of the fund is to enable the District to have sufficient cash to meet demands for expenditures for corporate purposes. Moneys in the Working Cash Fund may be loaned, in whole or in part, as authorized and directed by the Board, to any fund or funds of the District in anticipation of *ad valorem* property taxes levied by the District for such fund or funds. The Working Cash Fund is reimbursed when the anticipated taxes or other moneys are received by the District.

Any time moneys are available in the Working Cash Fund, they must be transferred to such other funds of the District and used for any and all school purposes so as to avoid, whenever possible, the issuance of tax anticipation warrants or notes. Interest earned from the investment of the Working Cash Fund may be transferred from the Working Cash Fund to other funds of the District that are most in need of the interest. Moneys in the Working Cash Fund may not be appropriated by the Board in the annual budget.

The District also has the authority to abate amounts in the Working Cash Fund to any other fund of the District if the amount on deposit in such other fund after the abatement will not constitute an excess accumulation of money in that fund and as long as the District maintains an amount to the credit of the Working Cash Fund at least equal to 0.05% of the then current value, as equalized or assessed by the Department, of the taxable property in the District.

Finally, the District may abolish the Working Cash Fund and direct the transfer of any balance thereof to the educational fund at the close of the then current fiscal year. After such abolishment, all outstanding Working Cash Fund Taxes levied will be paid into the educational fund upon collection. Outstanding loans from the Working Cash Fund to other funds of the District at the time of abolishment will be paid or become payable to the educational fund at the close of the then current fiscal year. The outstanding balance in the Working Cash Fund at the time of abolishment, including all outstanding loans from the Working Cash Fund to other funds of the District and all outstanding Working Cash Fund Taxes levied, may be used and applied by the District for the purpose of reducing, by the balance in the Working Cash Fund at the close of the fiscal year, the amount of taxes that the Board otherwise would be authorized or required to levy for educational purposes for the fiscal year immediately succeeding the fiscal year in which the Working Cash Fund is abolished.

REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

SUMMARY OF PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

A separate tax to pay principal of and interest on the Bonds will be levied on all taxable real property within the District. The information under this caption describes the current procedures for real property assessments, tax levies and collections in the County. There can be no assurance that the procedures described herein will not change.

TAX LEVY AND COLLECTION PROCEDURES

Local Assessment Officers determine the assessed valuation of taxable real property and railroad property not held or used for railroad operations. The Department assesses certain other types of taxable property, including railroad property held or used for railroad operations. Local Assessment Officers' valuation determinations are subject to review at the county level and then, in general, to equalization by the Department. Such equalization is achieved by applying to each county's assessments a multiplier determined by the Department. The purpose of equalization is to provide a common basis of assessments among counties by adjusting assessments toward the statutory standard of 33-1/3% of fair cash value. Farmland is assessed according to a statutory formula, which takes into account factors such as productivity and crop mix. Taxes are extended against the assessed values after equalization.

Property tax levies of each taxing body are filed in the office of the county clerk of each county in which territory of that taxing body is located. The county clerk computes the rates and amount of taxes applicable to taxable property subject to the tax levies of each taxing body and determines the dollar amount of taxes attributable to each respective parcel of taxable property. The county clerk then supplies to the appropriate collecting officials within the county the information needed to bill the taxes attributable to the various parcels therein. After the taxes have been collected, the collecting officials distribute to the various taxing bodies their respective shares of the taxes collected. Taxes levied in one calendar year are due and payable in two installments during the next calendar year.

UNPAID TAXES AND ANNUAL TAX SALES

Taxes that are not paid when due, or that are not paid by mail and postmarked on or before the due date, are deemed delinquent and bear interest at the rate of 1.50% per month (or portion thereof) until paid. Unpaid property taxes, together with penalties, interest and costs, constitute a lien against the property subject to the tax. If taxes go unpaid for 13 months, each county treasurer is required to sell the delinquent property taxes at the “Annual Tax Sale” — a sale of tax liens, not properties. A public sale is held, at which time successful tax buyers pay the unpaid taxes plus penalties. Taxpayers can redeem their property by paying the amount paid at the sale, plus interest penalties and fees. If no redemption is made within the applicable redemption period, then the tax buyer can secure a court-ordered deed to the home. If a tax buyer can prove the home has been abandoned, the period for seeking a deed can be shortened to two years. Owners of vacant, commercial and industrial properties have six months to redeem their taxes before the tax buyer can seek ownership of the property.

If there is no sale of the tax lien on a parcel of property at the Annual Tax Sale, the taxes are forfeited and the property becomes eligible to be purchased at any time thereafter at an amount equal to all delinquent taxes and interest accrued to the date of purchase. Redemption periods and procedures are the same as applicable to the Annual Tax Sale.

When taxes go unpaid for more than 20 years, Illinois law states that the property is “forfeited to the state.” As a practical matter, this does not happen. Instead, the taxes are wiped out, as the property remains in its distressed condition barring a change in the owner’s circumstances or it being sold.

EXEMPTIONS

The Illinois Property Tax Code, as amended (the “*Property Tax Code*”), exempts certain property from taxation. Certain property is exempt from taxation on the basis of ownership and/or use, including, but not limited to, public parks, not-for-profit schools, public schools, churches, not-for-profit hospitals and public hospitals. In addition, the Property Tax Code provides a variety of homestead exemptions, which are discussed below.

An annual General Homestead Exemption provides that the EAV of certain property owned and used for residential purposes (“*Residential Property*”) may be reduced by the amount of any increase over the 1977 EAV, up to a maximum reduction of \$6,000.

The Homestead Improvement Exemption applies to Residential Property that has been improved or rebuilt in the two years following a catastrophic event, as defined in the Property Tax Code. The exemption is limited to an annual maximum amount of \$75,000 for up to four years to the extent the assessed value is attributable solely to such improvements or rebuilding.

The Senior Citizens Homestead Exemption annually reduces the EAV on residences owned and occupied by senior citizens. The maximum exemption is \$5,000.

The Senior Citizens Assessment Freeze Homestead Exemption freezes property tax assessments for homeowners who are 65 and older, reside in their property as their principal place of residence and receive a household income not in excess of the maximum income limitation. The maximum income limitation is \$65,000. This exemption grants to qualifying senior citizens an exemption equal to the difference between (a) the current EAV of the residence and (b) the EAV of a senior citizen's residence for the year prior to the year in which he or she first qualifies and applies for the exemption, plus the EAV of improvements since such year.

Purchasers of certain single family homes and residences of one to six units located in certain targeted areas (as defined in the Property Tax Code) can apply for the Community Stabilization Assessment Freeze Pilot Program. To be eligible the purchaser must meet certain requirements for rehabilitating the property, including expenditures of at least \$5 per square foot, adjusted by the Consumer Price Index ("CPI"). Upon meeting the requirements, the assessed value of the improvements is reduced by (a) 90% in the first seven years, (b) 65% in the eighth year and (c) 35% in the ninth year. The benefit ceases in the tenth year. The program will be phased out by June 30, 2029.

The Natural Disaster Homestead Exemption (the "*Natural Disaster Exemption*") applies to homestead properties containing a residential structure that has been rebuilt following a natural disaster. A natural disaster is an occurrence of widespread or severe damage or loss of property resulting from any catastrophic cause including but not limited to fire, flood, earthquake, wind, or storm. The Natural Disaster Exemption is equal to the EAV of the residence in the first taxable year for which the taxpayer applies for the exemption minus the base amount. To be eligible for the Natural Disaster Exemption, the residential structure must be rebuilt within two years after the date of the natural disaster, and the square footage of the rebuilt residential structure may not be more than 110% of the square footage of the original residential structure as it existed immediately prior to the natural disaster. The Natural Disaster Exemption remains at a constant amount until the taxable year in which the property is sold or transferred.

Several exemptions are available to veterans of the United States armed forces. The Veterans with Disabilities Exemption for Specially-Adapted Housing exempts up to \$100,000 of the Assessed Valuation of property owned and used exclusively by veterans with a disability, their spouses or unmarried surviving spouses. Qualification for this exemption requires the veteran's disability to be of such a nature that the federal government has authorized payment for purchase of specially adapted housing under the U.S. Code as certified to annually by the Illinois Department of Veterans Affairs or for housing or adaptations donated by a charitable organization to such disabled veteran.

The Standard Homestead Exemption for Veterans with Disabilities provides an annual homestead exemption to veterans with a service-connected disability based on the percentage of such disability. If the veteran has a (a) service-connected disability of 30% or more but less than 50%, the annual exemption is \$2,500, (b) service-connected disability of 50% or more but less than 70%, the annual exemption is \$5,000, and (c) service-connected disability of 70% or more, the property is exempt from taxation.

The Returning Veterans' Homestead Exemption is available for property owned and occupied as the principal residence of a veteran in the assessment year, and the year following the assessment year, in which the veteran returns from an armed conflict while on active duty in the United States armed forces. This provision grants a one-time, two-year homestead exemption of \$5,000.

The Homestead Exemption for Persons with Disabilities provides an annual homestead exemption in the amount of \$2,000 for property that is owned and occupied by certain disabled persons who meet State-mandated guidelines.

PROPERTY TAX EXTENSION LIMITATION LAW

The Property Tax Extension Limitation Law, as amended (the "*Limitation Law*"), limits the amount of the annual increase in property taxes to be extended for certain Illinois non-home rule units of government. In general, the Limitation Law restricts the amount of such increases to the lesser of 5% or the percentage increase in the CPI during the calendar year preceding the levy year. Currently, the Limitation Law applies only to and is a limitation upon all non-home rule taxing bodies (including school districts) in Cook County, the Collar Counties and numerous other counties.

The effect of the Limitation Law is to limit the amount of property taxes that can be extended for a taxing body. In addition, general obligation bonds, notes and installment contracts payable from ad valorem taxes unlimited as to rate and amount cannot be issued by the affected taxing bodies unless the obligations first are approved at a direct referendum, are alternate bonds or are for certain refunding purposes.

Public Act 89-510 permits the county boards of all counties not currently subject to the Limitation Law to initiate binding referenda to extend the provisions of the Limitation Law to all non-home rule taxing bodies in the county.

Under the legislation, the county board of any such county can initiate a binding tax cap referendum at any regularly scheduled election other than the consolidated primary, which is the February election in odd-numbered years. If the referendum is successful, then the Limitation Law will become applicable to those non-home rule taxing bodies having all of their equalized assessed valuation in the county beginning January 1 of the year following the date of the referendum. With respect to multi-county taxing bodies, the Limitation Law becomes applicable only after (a) each county in which the taxing body is located has held a referendum and (b) the proposition is passed in a county or counties containing a majority of the equalized assessed valuation of the taxing body.

As of the date of the referendum causing tax caps to be applicable to a taxing body, referendum approval would be required in order for the taxing body to issue unlimited tax general obligation bonds. A referendum on the applicability of the Limitation Law has yet to be initiated in the County. No guarantee exists, however that such a referendum will not be held in the future.

If the Limitation Law were to apply in the future to the District, the limitations set forth therein will not apply to the taxes levied by the District to pay the principal of and interest on the Bonds.

If the District's Adequacy Target (as defined under "STATE AID" herein) exceeds 110% for the school year that begins during the calendar year immediately preceding the levy year for which a tax reduction is sought, a petition signed by at least 10% of the registered voters in the District may be filed requiring a proposition to be submitted to the District's voters at the next consolidated election in April of odd-numbered years asking the voters whether the District must reduce its extension for educational purposes for the levy year in which the election is held to an amount that is less than the extension for educational purposes for the immediately preceding levy year. If the voters approve the proposition, the amount extended by the County Clerk for educational purposes will be reduced as provided in the proposition. The reduced extension, however, may not be more than 10% lower than the amount extended for educational purposes in the previous levy year and may not cause the District's Adequacy Target to fall below 110% for the levy year for which the reduction is sought. If such proposition is submitted to the voters, it may not be submitted again at any of the next two consolidated elections.

Illinois legislators have introduced several proposals to modify the Limitation Law, including freezing property taxes and extending tax caps to all taxing bodies in the State. The District cannot predict whether, or in what form, any change to the Limitation Law may be enacted into law, nor can the District predict the effect of any such change on the District's finances.

TRUTH IN TAXATION LAW

Legislation known as the Truth in Taxation Law (the "*Law*") limits the aggregate amount of certain taxes which can be levied by, and extended for, a taxing district to 105% of the amount of taxes extended in the preceding year unless specified notice, hearing and certification requirements are met by the taxing body. The express purpose of the Law is to require published disclosure of, and hearing upon, an intention to adopt a levy in excess of the specified levels. The provisions of the Law do not apply to levies made to pay principal of and interest on the Bonds. The District covenanted in the Bond Resolution that it will not take any action or fail to take any action which would adversely affect the ability of the District to levy and collect the taxes levied by the District for payment of principal of and interest on the Bonds. The District also covenanted that it and its officers will comply with all present and future applicable laws to assure that such taxes will be levied, extended, collected and deposited as provided in the Bond Resolution.

SCHOOL DISTRICT FINANCIAL PROFILE

ISBE utilizes a system for assessing a school district's financial health referred to as the "*School District Financial Profile*" which replaced the Financial Watch List and Financial Assurance and Accountability System. This system identifies those school districts which are moving into financial distress.

The system uses five indicators which are individually scored, placed into a category of a four, three, two or one, with four being the best possible, and weighted in order to arrive at a

composite district financial profile. The indicators and the weights assigned to those indicators are as follows: fund balance to revenue ratio (35%); expenditures to revenue ratio (35%); days cash on hand (10%); percent of short-term borrowing ability remaining (10%); and percent of long-term debt margin remaining (10%).

The scores of the weighted indicators are totaled to obtain a district's overall score. The highest score is 4.0 and the lowest score is 1.0. A district is then placed in one of four categories as follows:

- *Financial Recognition.* A school district with a score of 3.54-4.00 is assigned to this category, which is the best category of financial strength. These districts require minimal or no active monitoring by ISBE unless requested by the district.
- *Financial Review.* A school district with a score of 3.08-3.53 is assigned to this category, the next highest financial strength category. These districts receive a limited review by ISBE, but are monitored for potential downward trends. ISBE staff also review the next year's school budget for further negative trends.
- *Financial Early Warning.* A school district with a score of 2.62-3.07 is placed in this category. ISBE monitors these districts closely and offers proactive technical assistance, such as financial projections and cash flow analysis. These districts also are reviewed to determine whether they meet the criteria set forth in Article 1A-8 of the School Code to be certified in financial difficulty and possibly qualify for a Financial Oversight Panel.
- *Financial Watch.* A school district with a score of 1.00-2.61 is in this category, the highest risk category. ISBE monitors these districts very closely and offers technical assistance with, but not limited to, financial projections, cash flow analysis, budgeting, personnel inventories and enrollment projections. These districts are also assessed to determine if they qualify for a Financial Oversight Panel.

For each school district, ISBE calculates an original financial profile score (the "*Original Score*") and an adjusted financial profile score (the "*Adjusted Score*"). The Original Score is calculated based solely on such school district's audited financial statements as of the close of the most recent fiscal year. The Adjusted Score is calculated based initially on a school district's audited financial statements for the most recent fiscal year, with adjustments made to reflect the impact on the Original Score of timing differences between such school district's actual and expected receipt of State payments, as required by Section 1A-8 of the School Code. ISBE has implemented this statutory requirement by adding in payments expected to be received during the calculation year but not actually received until the following fiscal year, as well as by subtracting certain State payments received during the current fiscal year but attributable to a prior fiscal year. Such adjustments may have a varying effect on a school district's Adjusted Score based on the amount of time by which such State payments are delayed and the accounting basis adopted by such school district. Due to the manner in which such requirement has been implemented by ISBE,

a school district's Adjusted Score may be different than it otherwise would have been in certain years based on the scheduled receipt of State payments.

The following table sets forth the District's Original Scores and Adjusted Scores, as well as the designation assigned to each score, for each of the last five fiscal years (as released by ISBE in the calendar year following the conclusion of each fiscal year):

FISCAL YEAR (JUNE 30)	ORIGINAL SCORE	DESIGNATION BASED ON ORIGINAL SCORE	ADJUSTED SCORE	DESIGNATION BASED ON ADJUSTED SCORE
2019	3.65	Recognition	3.65	Recognition
2020	3.20	Review	3.20	Review
2021	4.00	Recognition	4.00	Recognition
2022	4.00	Recognition	4.00	Recognition
2023	4.00	Recognition	4.00	Recognition

The Auditor has calculated the District's Original Score for fiscal year 2024 to be 3.55, which places the District in the Financial Recognition category. Such calculation of the Original Score is preliminary and may be different from the official Original Score released by ISBE. The District expects that ISBE will release its official Original Score and its Adjusted Score in calendar year 2025.

STATE AID

GENERAL

On June 5, 2024, Governor Pritzker (the "*Governor*") signed the State's \$53.1 billion general funds budget (Public Act 103-0589) for the fiscal year ending June 30, 2025 (the "*Fiscal Year 2025 Budget*"), which included a \$211 million surplus, additional contributions to the State's pension system and the State's Budget Stabilization Fund, commonly referred to as the State's "rainy day" fund, which is set to surpass \$2.3 billion, and the elimination of the State's bill backlog. In addition, the Fiscal Year 2025 Budget increased funding for education across early childhood, K-12 and higher education by more than \$500 million.

The State provides aid to local school districts on an annual basis as part of the State's appropriation process. Many school districts throughout the State rely on such state aid as a significant part of their budgets. For the fiscal year ended June 30, 2024, 5.23% of the District's General Fund revenue came from State funding sources. See *Exhibit C* to this Official Statement for more information concerning the breakdown of the District's revenue sources.

GENERAL STATE AID—EVIDENCE-BASED FUNDING MODEL

Beginning with fiscal year 2018, general State funds ("*General State Aid*") have, pursuant to Public Act 100-0465, been distributed to school districts under the "Evidence-Based Funding

Model”. The Evidence-Based Funding Model sets forth a school funding formula that ties individual district funding to evidence-based best practices that certain research shows enhance student achievement in the classroom. Under the funding formula, ISBE will calculate an adequacy target (the “*Adequacy Target*”) each year for each district based upon its unique student population, regional wage differences and best practices. Each district will be placed in one of four tiers depending on how close the sum of its local resources available to support education (based on certain State resources and its expected property tax collections and its Base Funding Minimum (as hereinafter defined) are to its Adequacy Target; Tier One and Tier Two for those districts that are the furthest away from their Adequacy Targets and Tier Three and Tier Four for those districts that are the closest to (or above) their Adequacy Targets. For each school year, all State funds appropriated for General State Aid in excess of the amount needed to fund the Base Funding Minimum for all school districts (“*New State Funds*”) will be distributed to districts based on tier placement. Of any New State Funds available, Tier One receives 50%, Tier Two receives 49%, Tier Three receives 0.9%, and Tier Four receives 0.1%. Tier Two includes all Tier One districts for the purpose of the allocation percentages for New State Funds.

The Fiscal Year 2025 Budget, like the prior three State budgets, appropriated General State Aid in an amount \$350 million greater than the appropriation in the prior fiscal year budget.

The Evidence-Based Funding Model also provides that each school district will be allocated at least as much in General State Aid in future years as it received in the most recently completed school year (such amount being the district’s “*Base Funding Minimum*”). The Base Funding Minimum for the District for school year 2017-2018 was \$975,370 (the “*Initial Base Funding Minimum*”). Mandated Categorical State Aid (as hereinafter defined) received by the District in fiscal year 2017, other than Mandated Categorical State Aid related to transportation and extraordinary special education, was included in the Initial Base Funding Minimum. Any New State Funds received by a district in a year become part of its Base Funding Minimum in the following year.

EBF FUNDING

FISCAL YEAR	BASE FUNDING MINIMUM	TIER NUMBER	AMOUNT OF NEW STATE FUNDS
2021 ⁽¹⁾	\$980,169	N/A	\$ 0
2022	980,169	Four	1,356
2023	981,524	Four	1,340
2024	982,864	Four	1,144
2025	984,008	Four	1,173

(1) The State did not allocate New State Funds for Fiscal Year 2021.

PROPERTY TAX RELIEF POOL FUNDS

For the purpose of encouraging high tax rate school districts to reduce property taxes, the Evidence-Based Funding Model also established a property tax relief grant program (the

“Property Tax Relief Pool”). School districts must apply for the grant and indicate an amount of intended property tax relief, which relief may not be greater than 1% of EAV for a unit district, 0.69% of EAV for an elementary school district or 0.31% of EAV for a high school district, reduced, in each case, based on the Local Capacity Target of the applicant. Property Tax Relief Pool grants will be allocated to school districts based on each district’s percentage of the simple average operating tax rate of all school districts of the same type (unit, elementary or high), in order of priority from highest percentage to lowest, until the Property Tax Relief Pool is exhausted. A school district which receives a Property Tax Relief Pool grant is required to abate its property tax levy by the amount of intended property tax relief for the levy year in which the grant is to be received, and the succeeding levy year. The difference between the amount of the grant and the amount of the abatement is based on a statutory calculation which takes into account relative Local Capacity Targets. Pursuant to such calculation, a school district with a low Local Capacity Target will be required to abate less than a school district with a high Local Capacity Target, assuming the amount of Property Tax Relief Pool grants received by the school districts are the same. Property Tax Relief Pool grants received by a school district are included in future calculations of that district’s Base Funding Minimum, unless that district does not abate its property tax levy by the amount of intended property tax relief as described above. Of the \$350 million of New State Funds appropriated in the Fiscal Year 2025 Budget, \$50 million was allocated to the Property Tax Relief Pool, as was done in the last three State budgets.

MANDATED CATEGORICAL STATE AID

Illinois school districts are entitled to reimbursement from the State for expenditures incurred in providing programs and services legally required to be available to students under State law. Such reimbursements, referred to as *“Mandated Categorical State Aid,”* are made to the school district in the fiscal year following the expenditure, *provided* that the school district files the paperwork necessary to inform the State of such an entitlement. From time to time, Mandated Categorical State Aid payments from the State have been delayed and have been prorated as part of the appropriation process, as described below.

Prior to fiscal year 2018, the School Code provided for Mandated Categorical State Aid with respect to mandatory school programs relating to: (a) special education, (b) transportation, (c) free and reduced breakfast and lunch, and (d) orphanage tuition. Beginning with fiscal year 2018, Mandated Categorical State Aid is no longer the source of funding for mandatory school programs relating to special education, other than private facility tuition and transportation. Mandated Categorical State Aid received by a district in fiscal year 2017 for special education programming no longer available for Mandated Categorical State Aid in fiscal year 2018 is included in the Base Funding Minimum for that district.

In addition, although school districts are entitled to reimbursement for expenditures made under these programs, these reimbursements are subject to the State’s appropriation process. In the event that the State does not appropriate an amount sufficient to fund fully the Mandated Categorical State Aid owed to each school district, the total Mandated Categorical State Aid is proportionally reduced such that each school district receives the same percentage of its Mandated Categorical State Aid request with respect to a specific category of such aid as every other school district.

In past years, the State has not fully funded all Mandated Categorical State Aid payments. Therefore, pursuant to the procedures discussed above, proportionate reductions in Mandated Categorical State Aid payments to school districts have occurred. However, because these programs are “mandatory” under the School Code, each school district must provide these programs regardless of whether such school district is reimbursed by the State for the related expenditures. No assurance can be given that the State will make appropriations in the future sufficient to fund fully the Mandatory Categorical State Aid requirements. As such, the District’s revenues may be impacted in the future by increases or decreases in the level of funding appropriated by the State for Mandated Categorical State Aid.

COMPETITIVE GRANT STATE AID

The State also provides funds to school districts for expenditures incurred in providing additional programs that are allowed, but not mandated by, the School Code. In contrast to Mandated Categorical State Aid, such “*Competitive Grant State Aid*” is not guaranteed to a school district that provides these programs. Instead, a school district applying for Competitive Grant State Aid must compete with other school districts for the limited amount appropriated each year by the State for such program.

Competitive Grant State Aid is allocated, after appropriation by the State, among certain school districts selected by the State. The level of funding is annually determined separately for each category of aid based on the State’s budget. This process does not guarantee that any funding will be available for Competitive Grant State Aid programs, even if a school district received such funding in a prior year. Therefore, school districts may incur expenditures with respect to certain Competitive Grant State Aid programs without any guarantee that the State will appropriate the money necessary to reimburse such expenditures.

PAYMENT FOR MANDATED CATEGORICAL STATE AID AND COMPETITIVE GRANT STATE AID

The State makes payments to school districts for Mandated Categorical State Aid and Competitive Grant State Aid (together, “*Categorical State Aid*”) in accordance with a voucher system involving ISBE. ISBE vouchers payments to the State on a periodic basis. The time between vouchers varies depending on the type of Categorical State Aid in question. For example, with respect to the categories of Mandated Categorical State Aid related to extraordinary special education and transportation, ISBE vouchers the State for payments on a quarterly basis. With respect to Competitive Grant State Aid, a payment schedule is established as part of the application process, and ISBE vouchers the State for payment in accordance with this payment schedule.

Once ISBE has vouchered the State for payment, the State is required to make the Categorical State Aid payments to the school districts. As a general matter, the State is required to make such payments within 90 days after the end of the State’s fiscal year.

See *Exhibit C* for a summary of the District’s general fund revenue sources.

FEDERAL COVID-19 FUNDS DISTRIBUTED TO THE DISTRICT

The COVID-19 pandemic, along with various governmental measures taken to protect public health in light of the pandemic, has had an adverse impact on global economies, including economic conditions in the United States. In response to the pandemic, federal legislation, particularly the (i) Coronavirus Aid, Relief, and Economic Security Act (commonly known as ESSER I), (ii) the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (commonly known as ESSER II), and (iii) the American Rescue Plan of 2021 (commonly known as ESSER III), was enacted to provide funds to mitigate the economic downturn and health care crisis caused by COVID-19.

The amount of funds the District received from ESSER I was \$92,085. The District received additional funds in the amount of \$360,577 pursuant to ESSER II. Finally, the District received \$811,395 of ESSER III funds.

RETIREMENT PLANS

The District participates in two defined benefit pension plans: (i) the Teachers' Retirement System of the State of Illinois ("*TRS*"), which provides retirement benefits to the District's teaching employees, and (ii) the Illinois Municipal Retirement Fund (the "*IMRF*" and, together with TRS, the "*Pension Plans*"), which provides retirement benefits to the District's non-teaching employees. The District makes certain contributions to the Pension Plans on behalf of its employees, as further described in this section. The operations of the Pension Plans, including the contributions to be made to the Pension Plans, the benefits provided by the Pension Plans, and the actuarial assumptions and methods employed in generating the liabilities and contributions of the Pension Plans, are governed by the Illinois Pension Code, as amended (the "*Pension Code*").

The following summarizes certain provisions of the Pension Plans and the funded status of the Pension Plans, as more completely described in Note 11 to the Audit, as hereinafter defined, attached hereto as APPENDIX A.

BACKGROUND REGARDING PENSION PLANS

The Actuarial Valuation

The disclosures in the Audit related to the Pension Plans are based in part on the actuarial valuations of the Pension Plans. In the actuarial valuations, the actuary for each of the Pension Plans measures the financial position of the Pension Plan, determines the amount to be contributed to a Pension Plan pursuant to statutory requirements, and produces information mandated by the financial reporting standards (the "*GASB Standards*") issued by the Governmental Accounting Standards Board ("*GASB*"), as described below.

In producing an actuarial valuation, the actuary for the Pension Plan uses demographic data (including employee age, salary and service credits), economic assumptions (including estimated future salary and interest rates), and decrement assumptions (including employee turnover,

mortality and retirement rates) and employs various actuarial methods to generate the information required to be included in such valuation.

GASB Standards

The GASB Standards provide standards for financial reporting and accounting related to pension plans.

The GASB Standards require calculation and disclosure of a “Net Pension Liability” or “Net Pension Asset,” which is the difference between the actuarial present value of projected benefit payments that is attributed to past periods of employee service calculated pursuant to the methods and assumptions set forth in the GASB Standards (referred to in such statements as the “*Total Pension Liability*”) and the fair market value of the pension plan’s assets (referred to as the “*Fiduciary Net Position*”).

Furthermore, the GASB Standards employ a rate, referred to in such statements as the “*Discount Rate*,” which is used to discount projected benefit payments to their actuarial present values. The Discount Rate is a blended rate comprised of (1) a long-term expected rate of return on a pension plan’s investments (to the extent that such assets are projected to be sufficient to pay benefits), and (2) a tax-exempt municipal bond rate meeting certain specifications set forth in the GASB Standards.

Finally, the GASB Standards require that the Net Pension Liability be disclosed in the notes to the financial statements of the pension system and that a proportionate share of the Net Pension Liability be recognized on the balance sheet of the employer, and that an expense be recognized on the income statement of the employer.

Pension Plans Remain Governed by the Pension Code

As described above, the GASB Standards establish requirements for financial reporting purposes. However, the Pension Plans are ultimately governed by the provisions of the Pension Code in all respects, including, but not limited to, the amounts to be contributed by the District to the Pension Plans in each year.

TEACHERS’ RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The District participates in TRS, which is a cost-sharing multiple-employer defined benefit pension plan that was created by the General Assembly of the State (the “*General Assembly*”) for the benefit of Illinois public school teachers outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer, which includes all school districts located outside of the City of Chicago, to provide services for which teacher licensure is required.

The Pension Code sets the benefit provisions of TRS, which can only be amended by the General Assembly. The State maintains primary responsibility for the funding of the plan, but

contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the System's administration.

For information relating to the actuarial assumptions and methods used by TRS, including the Discount Rate and the sensitivity of the Net Pension Liability to changes in the Discount Rate, see Note 11 to the Audit.

Employer Funding of Teachers' Retirement System

Under the Pension Code, active members contribute 9.0% of creditable earnings to TRS. The State makes the balance of employer contributions to the State on behalf of the District, except for a small portion contributed by the teacher's employer, such as the District. For the fiscal years ended June 30, 2020, through June 30, 2024, all amounts contributed by the District to TRS were as follows:

FISCAL YEAR ENDED JUNE 30	TRS CONTRIBUTION
2020	\$76,967
2021	80,694
2022	77,001
2023	85,244
2024	86,911

For information regarding additional contributions the District may be required to make to TRS with respect to certain salary increases and other programs, see Note 11 to the Audit.

ILLINOIS MUNICIPAL RETIREMENT FUND

The District also participates in the IMRF, which is a defined-benefit, agent multiple employer pension plan that acts as a common investment and administrative agent for units of local government and school districts in the State. The IMRF is established and administered under statutes adopted by the General Assembly. The Pension Code sets the benefit provisions of the IMRF, which can only be amended by the General Assembly.

Each employer participating in the IMRF, including the District, has an employer reserve account with the IMRF separate and distinct from all other participating employers (the "*IMRF Account*") along with a unique employer contribution rate determined by the IMRF Board of Trustees (the "*IMRF Board*"), as described below. The employees of a participating employer receive benefits solely from such employer's IMRF Account. Participating employers are not responsible for funding the deficits of other participating employers.

The IMRF issues a publicly available financial report that includes financial statements and required supplementary information which may be viewed at the IMRF's website.

See Note 11 to the Audit for additional information on the IMRF.

Contributions

Both employers and employees contribute to the IMRF. At present, employees contribute 4.50% of their salary to the IMRF, as established by statute. Employers are required to make all additional contributions necessary to fund the benefits provided by the IMRF to its employees. The annual rate at which an employer must contribute to the IMRF is established by the IMRF Board. The District's contribution rate for calendar year 2023 was 5.85% of covered payroll.

For the fiscal years ended June 30, 2020, through June 30, 2024, the District contributed the following amounts to IMRF:

FISCAL YEAR ENDED JUNE 30	IMRF CONTRIBUTIONS
2020	\$311,259
2021	335,821
2022	295,767
2023	240,330
2024	206,332

See Note 11 to the Audit, for additional information on the IMRF.

TEACHER HEALTH INSURANCE SECURITY FUND

The District participates in the Teacher Health Insurance Security Fund (the “*THIS Fund*”), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of TRS.

The State maintains primary responsibility for funding, but contributions from participating employers and members are also required. For more information regarding the District’s THIS Fund obligation, see Note 12 to the Audit.

BOND RATINGS

S&P is expected to assign the Bonds a rating of “___” (___ Outlook). The “___” (___ Outlook) rating on the Bonds is based on the insurance policy issued by the Insurer. Moody’s has assigned the Bonds an underlying rating of “Aa3.” These ratings reflect only the views of Moody’s and S&P. An explanation of the methodology for such ratings may be obtained from Moody’s and S&P. Certain information concerning the Bonds and the District not included in this Official Statement may have been furnished to Moody’s and the Insurer by the District. There is no assurance that the ratings will be maintained for any given period of time or that such ratings will not be changed by Moody’s or S&P if, in such rating agency’s judgment, circumstances so warrant. Any downward change in or withdrawal of the ratings may have an adverse effect on the market price of the Bonds.

Except as may be required by the Undertaking described below under the heading “CONTINUING DISCLOSURE,” the form of which is attached hereto as APPENDIX C, neither the District nor the Underwriter undertakes responsibility to bring to the attention of the owners of the Bonds any proposed change in or withdrawal of the ratings or to oppose any such revision or withdrawal.

TAX EXEMPTION

Federal tax law contains a number of requirements and restrictions which apply to the Bonds, including investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of bond proceeds and the facilities financed therewith, and certain other matters. The District has covenanted to comply with all requirements that must be satisfied in order for the interest on the Bonds to be excludible from gross income for federal income tax purposes. Failure to comply with certain of such covenants could cause interest on the Bonds to become includible in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

Subject to the District’s compliance with the above-referenced covenants, under present law, in the opinion of Bond Counsel, interest on the Bonds is excludible from the gross income of

the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the federal alternative minimum tax for individuals under the Internal Revenue Code of 1986, as amended (the “*Code*”). Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations.

In rendering its opinion, Bond Counsel will rely upon certifications of the District with respect to certain material facts within the District’s knowledge. Bond Counsel’s opinion represents its legal judgment based upon its review of the law and the facts that it deems relevant to render such opinion and is not a guarantee of a result.

Ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers of the Bonds should consult their tax advisors as to applicability of any such collateral consequences.

The issue price for original issue discount (as further discussed below) and market discount purposes (the “*OID Issue Price*”) for each maturity of the Bonds is the price at which a substantial amount of such maturity of the Bonds is first sold to the public (excluding bond houses and brokers and similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The *OID Issue Price* of a maturity of the Bonds may be different from the price set forth, or the price corresponding to the yield set forth, on the inside cover page hereof.

If the *OID Issue Price* of a maturity of the Bonds is less than the principal amount payable at maturity, the difference between the *OID Issue Price* of each such maturity, if any, of the Bonds (the “*OID Bonds*”) and the principal amount payable at maturity is original issue discount.

For an investor who purchases an *OID Bond* in the initial public offering at the *OID Issue Price* for such maturity and who holds such *OID Bond* to its stated maturity, subject to the condition that the District complies with the covenants discussed above, (a) the full amount of original issue discount with respect to such *OID Bond* constitutes interest which is excludible from the gross income of the owner thereof for federal income tax purposes; (b) such owner will not realize taxable capital gain or market discount upon payment of such *OID Bond* at its stated maturity; (c) such original issue discount is not includible as an item of tax preference in computing the alternative minimum tax for individuals under the *Code*; and (d) the accretion of original issue discount in each year may result in certain collateral federal income tax consequences in each year even though a corresponding cash payment may not be received until a later year. Based upon the stated position of the Department under State income tax law, accreted original issue discount on such *OID Bonds* is subject to taxation as it accretes, even though there may not be a corresponding cash payment until a later year. Owners of *OID Bonds* should consult their own tax advisors with respect to the state and local tax consequences of original issue discount on such *OID Bonds*.

Owners of Bonds who dispose of Bonds prior to the stated maturity (whether by sale, redemption or otherwise), purchase Bonds in the initial public offering, but at a price different

from the OID Issue Price or purchase Bonds subsequent to the initial public offering should consult their own tax advisors.

If a Bond is purchased at any time for a price that is less than the Bond's stated redemption price at maturity or, in the case of an OID Bond, its OID Issue Price plus accreted original issue discount (the "*Revised Issue Price*"), the purchaser will be treated as having purchased a Bond with market discount subject to the market discount rules of the Code (unless a statutory *de minimis* rule applies). Accrued market discount is treated as taxable ordinary income and is recognized when a Bond is disposed of (to the extent such accrued discount does not exceed gain realized) or, at the purchaser's election, as it accrues. Such treatment would apply to any purchaser who purchases an OID Bond for a price that is less than its Revised Issue Price. The applicability of the market discount rules may adversely affect the liquidity or secondary market price of such Bond. Purchasers should consult their own tax advisors regarding the potential implications of market discount with respect to the Bonds.

An investor may purchase a Bond at a price in excess of its stated principal amount. Such excess is characterized for federal income tax purposes as "bond premium" and must be amortized by an investor on a constant yield basis over the remaining term of the Bond in a manner that takes into account potential call dates and call prices. An investor cannot deduct amortized bond premium relating to a tax-exempt bond. The amortized bond premium is treated as a reduction in the tax-exempt interest received. As bond premium is amortized, it reduces the investor's basis in the Bond. Investors who purchase a Bond at a premium should consult their own tax advisors regarding the amortization of bond premium and its effect on the Bond's basis for purposes of computing gain or loss in connection with the sale, exchange, redemption or early retirement of the Bond.

There are or may be pending in Congress legislative proposals, including some that carry retroactive effective dates, that, if enacted, could alter or amend the federal tax matters referred to above or affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal tax legislation. Bond Counsel expresses no opinion regarding any pending or proposed federal tax legislation.

The Service has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether or not the Service will commence an audit of the Bonds. If an audit is commenced, under current procedures the Service may treat the District as a taxpayer and the Bondholders may have no right to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the Bonds until the audit is concluded, regardless of the ultimate outcome.

Payments of interest on, and proceeds of the sale, redemption or maturity of, tax-exempt obligations, including the Bonds, are in certain cases required to be reported to the Service. Additionally, backup withholding may apply to any such payments to any Bond owner who fails to provide an accurate Form W-9 Request for Taxpayer Identification Number and Certification,

or a substantially identical form, or to any Bond owner who is notified by the Service of a failure to report any interest or dividends required to be shown on federal income tax returns. The reporting and backup withholding requirements do not affect the excludability of such interest from gross income for federal tax purposes.

Interest on the Bonds is not exempt from present State income taxes. Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

QUALIFIED TAX-EXEMPT OBLIGATIONS

Subject to the District's compliance with certain covenants, in the opinion of Bond Counsel, the Bonds are "qualified tax-exempt obligations" under the small issuer exception provided under Section 265(b)(3) of the Code, which affords banks and certain other financial institutions more favorable treatment of their deduction for interest expense than would otherwise be allowed under Section 265(b)(2) of the Code.

LIMITED CONTINUING DISCLOSURE

Because at the time of the delivery of the Bonds the District will be an "obligated person" (as such term is defined in the Rule) with respect to less than \$10,000,000 in aggregate amount of outstanding municipal securities, including the Bonds, and excluding municipal securities that were offered in a transaction exempt from the Rule pursuant to paragraph (d)(1) of the Rule, the District is required to provide to the Municipal Securities Rulemaking Board (the "*MSRB*"), as specified in the Rule, annual financial information or operating data regarding the District which annual financial information and operating data shall include, at a minimum, that annual financial information and operating data which is customarily prepared by the District and is publicly available. Consequently, pursuant to the Rule, the District will enter into a Continuing Disclosure Undertaking (the "*Undertaking*") for the benefit of the beneficial owners of the Bonds to send the financial information to the MSRB for purposes of the Rule and to provide notice of certain events to the MSRB pursuant to the requirements of the Rule. No person, other than the District, has undertaken, or is otherwise expected, to provide continuing disclosure with respect to the Bonds. The financial information to be provided on an annual basis, the events which will be noticed on an occurrence basis and a statement of other terms of the Undertaking, including termination, amendment and remedies, are set forth in the form of the Undertaking, attached hereto as APPENDIX C.

There have been no instances in the previous five years in which the District failed to comply, in all material respects, with any undertaking previously entered into by it pursuant to the Rule. A failure by the District to comply with the Undertaking will not constitute a default under the Bond Resolution and beneficial owners of the Bonds are limited to the remedies described in the Undertaking. The District must report any failure to comply with the Undertaking in accordance with the Rule. Any broker, dealer or municipal securities dealer must consider such

report before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

AUDITED FINANCIAL STATEMENTS

The audited financial statements of the District for the fiscal year ended June 30, 2024 (the “*Audit*”), contained in Appendix A, including the independent auditor’s report accompanying the Audit, have been prepared by Wipfli LLP, Sterling, Illinois (the “*Auditor*”), and approved by formal action of the Board. The District has not requested the Auditor to update information contained in the Audit nor has the District requested that the Auditor consent to the use of the Audit in this Official Statement. Other than as expressly set forth in this Official Statement, the financial information contained in the Audit has not been updated since the date of the Audit. The inclusion of the Audit in this Official Statement in and of itself is not intended to demonstrate the fiscal condition of the District since the date of the Audit.

BOOK-ENTRY ONLY SYSTEM

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“*Direct Participants*”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“*DTCC*”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“*Indirect Participants*”). DTC has an S&P rating of “AA+”. The DTC Rules applicable to its Participants are on file with the Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("*Beneficial Owner*") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and

corresponding detailed information from the District or Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from DTC, and the District takes no responsibility for the accuracy thereof.

The District will have no responsibility or obligation to any Securities Depository, any Participants in the Book-Entry System or the Beneficial Owners with respect to (a) the accuracy of any records maintained by the Securities Depository or any Participant; (b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption price of, or interest on, any Bonds; (c) the delivery of any notice by the Securities Depository or any Participant; (d) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or (e) any other action taken by the Securities Depository or any Participant.

CERTAIN LEGAL MATTERS

Certain legal matters incident to the authorization, issuance and sale of the Bonds are subject to the approving legal opinion of Chapman and Cutler LLP, Chicago, Illinois ("*Chapman and Cutler*"), Bond Counsel, who has been retained by, and acts as, Bond Counsel to the District. Chapman and Cutler has also been retained by the District to serve as Disclosure Counsel to the District with respect to the Bonds. Although as Disclosure Counsel to the District, Chapman and Cutler has assisted the District with certain disclosure matters, Chapman and Cutler has not undertaken to independently verify the accuracy, completeness or fairness of any of the statements contained in this Official Statement or other offering material related to the Bonds and does not guarantee the accuracy, completeness or fairness of such information. Chapman and Cutler's engagement as Disclosure Counsel was undertaken solely at the request and for the benefit of the District, to assist it in discharging its responsibility with respect to this Official Statement, and not

for the benefit of any other person (including any person purchasing Bonds from the Underwriter), and did not include any obligation to establish or confirm factual matters, forecasts, projections, estimates or any other financial or economic information in connection therewith. Further, Chapman and Cutler makes no representation as to the suitability of the Bonds for investment by any investor.

NO LITIGATION

No litigation is now pending or threatened restraining the issuance, sale, execution or delivery of the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds or any proceedings of the District taken with respect to the issuance or sale thereof. A certificate to this effect will be delivered by the District with the other customary closing papers when the Bonds are delivered.

UNDERWRITING

Pursuant to the terms of a Bond Purchase Agreement (the "*Agreement*") between the District and Raymond James & Associates Inc., Chicago, Illinois (the "*Underwriter*"), the Underwriter has agreed to purchase the Bonds at an aggregate purchase price of \$_____. The purchase price will produce an underwriting spread of ____% of principal amount if all Bonds are sold at the initial offering prices. The Agreement provides that the obligation of the Underwriter is subject to certain conditions precedent and that the Underwriter will be obligated to purchase all of the Bonds if any of the Bonds are purchased. The Bonds may be offered and sold to certain dealers (including dealers depositing such Bonds into investment trusts, accounts or funds) and others at prices different than the initial public offering price. After the initial public offering, the public offering price of the Bonds may be changed from time to time by the Underwriter.

AUTHORIZATION

This Official Statement has been approved by the District for distribution to prospective purchasers of the Bonds. The Board, acting through authorized officers, will provide to the Underwriter at the time of delivery of the Bonds, a certificate confirming that, to the best of its knowledge and belief, this Official Statement, together with any supplements thereto, as of the date hereof, and at the time of delivery of the Bonds, was true and correct in all material respects and did not at any time contain an untrue statement of a material fact or omit to state a material fact required to be stated where necessary to make the statements therein in light of the circumstances under which they were made, not misleading.

This form complies with Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing).

[23. Illinois Administrative Code 100, Subtitle A, Chapter I, Subchapter C \(Part 100\)](#)

- Round all amounts to the nearest dollar.** Do not enter cents. (Exception: 9 Month ADA on PCTC OEPP Tab)
- All errors must be explained in the Itemization tab.**
Any errors left unresolved by the Audit Checklist/Balancing Schedule will result in rejection.
- Be sure to break all links in AFR** before submitting to ISBE. If links are not broken, amounts entered have changed when opening the AFR.
- Submit AFR Electronically**
 - The Annual Financial Reports (AFR) must be submitted directly through the School District Financial Reports system in IWAS by the auditor (not from the school district) on or before November 15 with the exception of Extension Approvals. Please see AFR Instructions for complete submission procedures.
[IWAS](#)
 - AFR supporting documentation must be embedded as Microsoft Word (.doc) or Adobe (*.pdf) and inserted within tab "Opinions & Notes".
These documents include: The Audit, Management letter, Opinion letters, Compliance letters, Financial notes, etc.
For embedding instructions see "Opinions & Notes" tab of this form.
Note: In Windows 7 and above, files can be saved in Adobe Acrobat (.pdf) and embedded even if you do not have the software.*
- Submit Paper Copy of AFR with Signatures**
 - The auditor must send three paper copies of the AFR form (cover through page 9 at minimum) to the School District with the auditor signature.
Note: School Districts and Regional Superintendents may prefer a complete paper copy in lieu of an electronic file. Please comply with their requests as necessary.
 - Upon receipt, the School District retains one copy for their records, signs, and forwards the remaining two copies to the Regional Superintendent's office no later than October 15, annually.
 - Upon receipt, the Regional Superintendent's office retains one copy for their records, signs, and forwards the remaining paper copy to ISBE no later than November 15, annually.
 - If the 15th falls on a Saturday, the due date is the Friday before. If the 15th falls on a Sunday, the due date is the Monday after.
 - Yellow Book, CPE, and Peer Review requirements must be met if the Auditor issues an opinion stating "Governmental Auditing Standards" were utilized.
[Federal Single Audit 2 CFR 200.500](#)
- Requesting an Extension of Time** must be submitted in writing via email or letter to the Regional Office of Education (at the discretion of the ROE).
Approval may be provided up to and no later than December 15 annually.
Note: The FY24 due date is Monday, December 16th, 2024. After the 16th, audits are considered late and out of compliance per Illinois School Code.
- Qualifications of Auditing Firm**
 - School district/joint agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the corresponding acceptance letter from the approved peer review program, for the current peer review period.
 - A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

23. The District has a qualified opinion for not maintaining historical cost on capital assets. Adverse opinion for not implementing GASB Statement No. 34.

PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3120, 3500, 3510, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score. In FY 2024, identify those late payments recorded as Intergovernmental Receivables, Other Recievables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue. Payments should only be listed once.

24. Enter the date that the district used to accrue mandated categorical payments. Date: _____
25. For the listed mandated categorical payments (Revenue Code (3100, 3120, 3500, 3510, 3950) that were vouchered prior to June 30, but not released until after year end as reported in ISBE Financial Reimbursement Information System (FRIS), enter the amounts that were accrued in the chart below.

Account Name	3100	3120	3500	3510	3950	Total
Deferred Revenues (490)						
Mandated Categorical Payments (3100, 3120, 3500, 3510, 3950)						\$-

Independent Auditor's Report

To the Board of Education
Byron Community Unit School District No. 226
Byron, Illinois

Report on the Audit of the Basic Financial Statements

Qualified and Adverse Opinions

We have audited the accompanying basic financial statements of the Byron Community Unit School District No. 226 (the "District"), as of and for the year ended June 30, 2024, and the related notes to the basic financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Qualified Opinion on the Regulatory Basis of Accounting

In our opinion, except for the possible effects of the matter described in the "Matter Giving Rise for Qualified Opinion on Regulatory Basis of Accounting" section of our report, the accompanying basic financial statements present fairly, in all material respects, the financial position of Byron Community Unit School District No. 226 as of June 30, 2024, and the changes in financial position for the year then ended in accordance with the cash basis of accounting described in Note 1 and with the financial reporting provisions prescribed by the Illinois State Board of Education, as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Matter Giving Rise for Adverse Opinion on U.S. Generally Accepted Accounting Principles" section of our report, the accompanying basic financial statements do not present fairly, the financial position of Byron Community Unit School District No. 226 as of June 30, 2024, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

Matter Giving Rise to Qualified Opinion on Regulatory Basis of Accounting

We were unable to obtain sufficient appropriate audit evidence about the carrying amount of Byron Community Unit School District No. 226's capital assets and related investment in general fixed assets on the regulatory basis as of June 30, 2024, because management has not maintained detailed records to support the historical costs. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the basic financial statements are prepared by Byron Community Unit School District No. 226, on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the requirements of the Illinois State Board of Education. The effects on the basic financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States, although not reasonably determinable, are presumed to be material.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Basic Financial Statements section of our report. We are required to be independent of Byron Community Unit School District No. 226 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and adverse audit opinions.

Emphasis of Matter

Basis of Accounting

We draw attention to Note 1 of the basic financial statements, which describes the basis of accounting. The basic financial statements are prepared on the cash basis of accounting and the financial reporting provisions prescribed by the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Basic Financial Statements

Management is responsible for the preparation and fair presentation of the basic financial statements in accordance with the cash basis of accounting described in Note 1, and for determining that the cash basis of accounting and the financial reporting provisions prescribed by the Illinois State Board of Education described in Note 1, is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Audit of the Basic Financial Statements

Our objectives are to obtain reasonable assurance about whether the basic financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the basic financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the basic financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the basic financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Byron Community Unit School District No. 226's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the basic financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Byron Community Unit School District No. 226's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements that collectively comprise the District's basic financial statements. The Supplementary Schedules as listed in the table of contents on AFR pages 25-35, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the AFR cover, AFR pages 2-4 and Statistical Section and Other AFR pages 36-47 as listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 9, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Byron Community Unit School District No. 226's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies

The Board of Education (Board), a seven member group, is the level of government which has the governing responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of the Byron Community Unit School District No. 226 (the "District"). The District receives funding from local, state and federal sources and must comply with the requirements established by these funding source entities. However, the District is not included in any other governmental "reporting entity" as to result in the District being considered a component unit of the entity since Board members are elected by the public and have decision making authority, the power to designate management, and the responsibility to significantly influence operations and primary accountability for fiscal matters.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships. The District is not aware of any entity in which the District would exercise such oversight as to result in the District having any component units.

Basis of Presentation - Fund Accounting

These basic financial statements comply with the regulatory reporting basis prescribed by the Illinois State Board of Education as reported on ISBE form 50-35. The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities arising from cash transactions, fund balance, revenue received, and expenditures paid. The District maintains individual funds required by the State of Illinois. These funds are presented on the regulatory basis as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

Educational Fund – This fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

- **Restricted Student Activity Fund (Sub-Educational Fund)** - This is a sub-fund within the Educational Fund to account for the Student Activity Funds in accordance with GASB 84.

Operations and Maintenance Fund - This fund is also a general operating fund used to account for costs of maintaining school buildings.

Debt Services Fund - This fund is a debt retirement fund. Resources of this fund are used to retire principal and interest maturities of outstanding bond obligations.

Transportation Fund - This fund is a special revenue fund used to account for the costs of transporting pupils to and from school and school activities.

Byron Community Unit School District No. 226

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Basis of Presentation - Fund Accounting (Continued)

Municipal Retirement/Social Security Fund - This fund is a special revenue fund used to pay the District's share of municipal retirement benefits for covered employees. The District's share of social security and Medicare only is also paid from this fund if a separate tax is levied for that purpose.

Capital Projects Fund - Proceeds of construction bond issues and the capital improvement tax levy are accounted for in this capital projects fund.

Tort Fund - Proceeds of the insurance tax levy are accounted for in this fund.

Fire Prevention and Safety Fund - Proceeds of fire prevention and safety bond issues and tax levy are accounted for in this capital projects fund.

Working Cash Fund - Resources of this fund are held by the District to be used for temporary interfund loans to any fund of the District for which taxes are levied.

Account Groups:

General Fixed Asset Account Group - This group is used to account for general fixed assets acquired for general governmental purposes.

General Long-Term Debt Account Group - This group is used to account for the outstanding balances of general long-term obligations

Account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with the measurement of results of operations.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The District maintains its accounting records for all funds and account groups on the regulatory basis, and specifically the cash basis as described in the "Illinois Program Accounting Manual for Local School Systems". Accordingly, revenue is recorded when cash is received, and expenditures are recorded when checks are issued. Only assets representing a right to receive cash arising from a previous payment of cash are recorded as assets of a fund. In the same manner, only liabilities resulting from previous cash transactions (other than proceeds from a bond issue) are recorded as liabilities of a particular fund.

These regulatory basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions. Unpaid teacher contracts for services rendered during the school year for teachers on a twelve month pay schedule are recorded as expenditures in the fiscal year in which checks are written.

Byron Community Unit School District No. 226

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Cash and Investments

Cash and cash equivalents consist of demand deposits, money market accounts, certificates of deposit and savings accounts. Deposits are stated at cost which approximates market. The District's cash and investments are authorized in Illinois Compiled Statutes 30 ILCS 235 under the Public Funds Investment Act.

The District is a participant in two Local Government Investment Pools (LGIP) which are authorized in Illinois Compiled Statutes 30 ILCS 235 under the Public Funds Investment Act. The LGIPs are not registered with the Securities Exchange Commission as an investment company. The LGIPs operate and report to participants on the amortized cost basis. LGIP pool shares are bought and redeemed at \$1 based on the amortized cost of the investments in LGIP. The investment is not subject to the fair value hierarchy disclosures.

In addition, the District invests in federal agency securities and certificates of deposits. Investments are reported at carrying value which approximates market value.

Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on the regulatory basis of accounting which is the same basis that is used in financial reporting.
- A public hearing is conducted at a public meeting to obtain taxpayer comments.
- Prior to October 1, the budget is legally adopted through passage of a resolution.
- The Board of Education is authorized to transfer up to 10% of the total budget between line items within any fund; however, any revisions that alter the total disbursements of any fund must be approved by the Board of Education after a public hearing.
- Formal budgetary integration is employed as a management control device during the year for the Education fund, Operations and Maintenance fund, Debt Services fund, Transportation fund, IMRF/Social Security fund, Capital Projects fund, Working Cash fund, Tort Fund, and the Fire Prevention and Safety fund.
- Budgeted amounts presented are those as originally adopted, or as amended by the Board of Education. Individual amendments were not material in relation to the original appropriations which were amended. For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. Unexpended budgeted amounts lapse at the end of each year.

Byron Community Unit School District No. 226

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The 2022 levy and 2023 levy were passed by the board on December 20, 2022 and December 14, 2023, respectively. Property taxes attach as an enforceable lien on property as of January 1 and are generally payable in two installments in June and September. The District receives significant distributions of tax receipts within approximately one month after these due dates. Property tax revenue is approximately 50% of the 2022 levy and 50% of the 2023 levy.

Estimates

The preparation of basic financial statements in certain situations requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fixed Assets and Long-Term Liabilities

The accounting and reporting treatment applied to fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. Purchases of fixed asset property and equipment are recorded as disbursements of the various funds. The District has not maintained detailed records reflecting its investment in general fixed assets at historical costs as required by generally accepted accounting principles. Supplementary records have been maintained, however, based on the Guideline for Fixed Assets Accounting in Local School Systems, issued by the Illinois Office of Education, which reflect summary information and are presented in this report. For purposes of the Illinois School District Annual Financial Report (AFR), the District is recognizing straight line depreciation on its fixed assets over 5-50 years for purposes of the per capita tuition calculation. The amount of depreciation reported on the AFR for the fiscal year ended June 30, 2024 was \$3,448,953.

Long-term liabilities expected to be financed from any of the funds, except Working Cash and Student Activity Funds, are accounted for in the General Long-Term Debt Account Group, not in the funds themselves. Proceeds from sales of bonds are included as an other financing source in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Fund Balance

Reservations of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. When an expense is incurred for purposes for which both restricted and unreserved fund balances are available, the District first applies restricted resources.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF) and additions to/deductions from TRS's and IMRF's fiduciary net position have been determined on the same basis as they are reported by TRS and IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment ("OPEB")

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB expense, information about the fiduciary net position of the Teachers' Health Insurance Security Fund ("THISF") and additions to/deductions from THISF's fiduciary net position have been determined on the same basis as they are reported by THISF. For this purpose, OPEB payments (including refunds of employee contributions) are recognized when due and payable in accordance with the OPEB terms. Investments are reported at fair value.

Note 2: Stewardship, Compliance and Accountability

Excess of expenditures over appropriations

For the year ended June 30, 2024, expenditures exceeded appropriations in the following funds:

<u>Fund</u>	<u>Amount</u>
Capital Projects	486,878

Deficit Fund Equity

At June 30, 2024, there were no funds with a deficit fund balance.

Note 3: Cash and Deposits

Deposits. At year-end, the carrying amount of the District's deposits in checking and certificates of deposit was \$22,450,805 and the bank balance was \$22,716,584. Of the bank balance, \$21,245,520 was insured and collateralized with securities in the District's name. Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits might not be recovered. As of June 30, 2024, the District has \$1,471,064 of custodial credit risk.

Note 4: Investments

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy, as described under current accounting standards, are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or inputs other than quoted prices that are observable for the asset or liability. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

As of June 30, 2024, the District's investments were as follows (for financial statement purposes, the deposits in the state investment pool are shown as investments):

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District has no specific policy on the interest rate risk at year-end.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity:

Investment Type	Remaining Maturities (in Months)			Total

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below are the District's investment policy, or debt agreements, and the actual rating as of year-end for each investment type:

Note 5: Common Bank Account

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain balances in common checking and money market accounts, with the accounting records being maintained to show the portion of the common account balance attributable to each participating fund.

Occasionally certain funds participating in the common bank accounts will incur overdrafts (deficits) in the account. The overdrafts result from expenditures which have been approved by the School Board. A deficit in one fund restricts the cash available for use by other funds in the same common account.

As of June 30, 2024, there were no deficit balances.

Note 6: Changes in General Fixed Assets

Below is a summary of the changes in general fixed assets for the year ended June 30, 2024. As mentioned in Note (1), the District has not maintained detailed records reflecting its investment in general fixed assets at historical costs as required by generally accepted accounting principles. Supplementary records have been maintained, however, based on the Guideline for Fixed Assets Accounting in Local School Systems, issued by the Illinois Office of Education, which reflect summary information.

General Obligation Bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities, to defease (refinance) outstanding debt and for fire, life, safety issues. The fire prevention and safety/working cash (general obligation bonds) are direct obligations of the District and pledge the full faith and credit of the District. General obligation bonds currently outstanding are as follows:

Purpose	Interest Rates	Amount
General Obligation Bonds, Series 2015, \$1,940,000 dated June 24, 2015. Interest is payable January 1 and July 1, with annual serial retirements of principal through January 2025	3.00% to 4.00%	250,000

Note 10: Fund Balance Reporting

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of how these balances are reported.

Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the regulatory basis nature of the District, all such items are expensed at the time of purchase, so there is nothing to report for this classification.

Notes to Financial Statements

Note 10: Fund Balance Reporting (Continued)

Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Examples of these restrictions could be those imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

Special Education

Revenues received and the related expenditures disbursed of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

State Grants

Proceeds from state grants and the related expenditures have been included in the Educational, Transportation, and Municipal Retirement/Social Security Funds. At June 30, 2024, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational, Transportation, and Municipal Retirement/Social Security Funds. At June 30, 2024, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted balances.

Leasing Levy

Revenues received and the related expenditures disbursed of this restricted tax levy are accounted for in the Educational Fund. Revenues received exceed expenditures disbursed for this purpose, resulting in a restricted balance of \$419,972.

Social Security

Expenditures disbursed, and the related revenues received of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for this purpose, relating in a restricted fund balance of \$474,968.

Student Activity

Revenues received and the related expenditures disbursed of these student activities that are controlled by the District are accounted for in the Educational Fund. Revenues received exceeded expenditures disbursed for this purpose, resulting in a restricted balance of \$415,908.

Note 10: Fund Balance Reporting (Continued)

Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The District has no committed fund balances at year end.

Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes. The District has no balances that are assigned at year end.

Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational and Working Cash Funds.

Regulatory – Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Note 11: Pension and Retirement Systems

The District participates in two retirement systems: The Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF). Most funding for TRS is provided through payroll withholdings of certified employees and contributions made by the State of Illinois on-behalf of the District. IMRF is funded through property taxes and a perpetual lien of the District's corporate personal property replacement tax. In accordance with the regulatory reporting, amounts are reported in this note for disclosure purposes only.

Due to the District preparing its financial statements on the regulatory basis, pension liabilities and deferred inflows and outflows referred to throughout this note disclosure are not recognized in the actual financial statements.

Note 11: Pension and Retirement Systems (Continued)

Teachers' Retirement System of the State of Illinois (TRS)

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation with the State of Illinois that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://www.trsil.org/financial/acfrs/fy2023>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

Note 11: Pension and Retirement Systems (Continued)

Teachers' Retirement System of the State of Illinois (TRS) (Continued)

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2023, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-behalf contributions to TRS. The State of Illinois makes employer pension contributions on-behalf of the employer. For the year ended June 30, 2024, State of Illinois contributions recognized by the employer were based on the State's proportionate share of the pension expense associated with the employer, and the employer recognized revenue and expenditures of \$7,214,640 in pension contributions from the State of Illinois.

2.2 formula contributions. Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2024, were \$69,733, and are deferred because they were paid after the June 30, 2023 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2024, the employer pension contribution was 10.60% of salaries paid from federal and special trust funds. For the year ended June 30, 2024, salaries totaling \$162,059 were paid from federal and special trust funds that required employer contributions of \$17,178. These contributions are deferred because they were paid after the June 30, 2023 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

Notes to Financial Statements

Note 11: Pension and Retirement Systems (Continued)

Teachers' Retirement System of the State of Illinois (TRS) (Continued)

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2023, the employer paid \$- to TRS for employer contributions due on salary increases in excess of 6 percent and \$- for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the employer reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the employer. The State's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the employer follows below:

Employer's proportionate share of the net pension liability	\$ 992,161
State's proportionate share of the net pension liability associated with the employer	85,624,002
<hr/>	
Total	\$ 86,616,163

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2023, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2023 the employer's proportion was 0.001168%, which was an increase of 0.000066% from its proportion measured as of June 30, 2022.

Note 11: Pension and Retirement Systems (Continued)

Teachers' Retirement System of the State of Illinois (TRS) (Continued)

For the year ended June 30, 2024, the employer recognized pension expense (income) of \$1,168,983 and revenue of \$7,214,640 for support provided by the state. At June 30, 2024, the District had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources, which are not reported due to the regulatory basis of accounting:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ 4,124	\$ 4,000
Net difference between projected and actual earnings on pension plan investments	-	28
Changes of assumptions	3,384	873

Employer's contributions subsequent to the measurement date	86,912	\$ -
Totals	\$ 143,363	\$ 160,583

The District reported \$86,912 as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

Year Ending June 30

Actuarial Assumptions

The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	Varies by amount of service credit
Investment rate of return	7.00% net of pension plan investment expense, including inflation

Teachers' Retirement System of the State of Illinois (TRS) (Continued)

In the June 30, 2023 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are used on a fully generational basis using projection table MP-2020. In June 30, 2022 actuarial valuation, mortality rates were based on the PubT-2010 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully generational basis using projection table MP-2020.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global equity	37.0 %	5.35 %
Private equity	15.0 %	8.03 %
Income	26.0 %	4.32 %
Real assets	18.0 %	4.60 %
Diversifying strategies	4.0 %	3.40 %
Total	100.0 %	

Based on the 2023 Horizon Survey of Capital Market Assumptions and TRS's target asset allocation provided by RVK.

Discount Rate

At June 30, 2023, the discount rate used to measure the total pension liability was 7.0 percent, which was the same as the June 30, 2022 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2023 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Illinois Municipal Retirement Fund (IMRF)

Plan Description and Benefits

Plan description – The District's defined benefit pension plan for regular employees provides retirement, disability benefits, post-retirement increases, and death benefits to plan members and their beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits provided - IMRF has three benefit plans. All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Note 11: Pension and Retirement Systems (Continued)

Illinois Municipal Retirement Fund (IMRF) (Continued)

Employees hired **on or after** January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Regular:

Employees Covered by the Benefit Terms - As of December 31, 2023 the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	143
Inactive plan member entitled to but not yet receiving benefits	97
Active employees	109
<hr/>	
Total	349

Contributions - As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2023 was 5.85%. For the fiscal year ended June 30, 2024, the District contributed \$206,332 to the plan. The employer also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability/(Asset) - The District's net pension liability/(asset) was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Actuarial assumptions – The following are the methods and assumptions used to determine total pension liability at December 31, 2023:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value of Assets
Inflation	2.25%
Salary increases	2.85% to 13.75%, including inflation
Investment rate of return	7.25%
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2023 valuation according to an experience study of the period 2020-2022.
Mortality	For non disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108%) and Female (adjusted 106.4%) tables, and future mortality improvements using scale MP-2021. For Disabled Retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male and Female (both unadjusted) tables, and future mortality improvements using scale MP-2021. For Active Members, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male and Female (both unadjusted) tables, and future mortality improvements using scale MP-2021.

The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2023:

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Domestic equity	34.5 %	5.00 %
International equity	18.0 %	6.35 %
Fixed income	24.5 %	4.75 %

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 4.05%, and the resulting single discount rate is 7.25%.

Note 12: Post-Employment Benefits

Teacher Health Insurance Security (THIS) Fund

Due to the District preparing its financial statements on the regulatory basis, post-employment liabilities and deferred inflows and outflows referred to throughout this note disclosure are not recognized in the actual financial statements.

Plan Description. The Teacher Health Insurance Security Fund (THISF) (also known as The Teacher Retirement Insurance Program, "TRIP") is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. TRIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan with a special funding situation that covers retired employees of participating school districts throughout the State of Illinois, excluding the Chicago Public School System. TRIP health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options.

Notes to Financial Statements

Note 12: Post-Employment Benefits (Continued)

As a result of the Governor's Executive Order 12-01, the responsibilities to TRIP were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the Teachers' Retirement System (TRS).

The audit report is available on the office of the Auditor General website at www.auditor.illinois.gov, which includes the financial statements of the Department of Central Management Services. Questions regarding the financial statements can be addressed to the Department of Central Management Services at 401 South Spring, Springfield, Illinois 62706. A copy of the actuarial valuation report will be made available by the Commission on Government Forecasting and Accountability on its website at <http://cgfa.ilga.gov/>.

Plan Membership

In order to be eligible, retirees of public schools must have been certified educators or administrators during their time of employment. Eligibility to participate in the plan is currently limited to former full-time employees, or if not a full-time employee, an individual that is in a permanent and continuous basis position in which services are expected to be rendered for at least one school term, and their dependents.

Benefits Provided

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) establishes the eligibility and benefit provisions of the plan.

Contributions

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the TRS, who are not employees of a department, make contributions to the plan at a rate of 0.90% of salary and for every employer of a teacher to contribute an amount equal to .67% of each teacher's salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the THISF, an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year.

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) requires that the Department's Director determine the rates and premiums of annuitants and dependent beneficiaries and establish the cost-sharing parameters, as well as funding. Member premiums are set by this statute, which provides for a subsidy of either 50% or 75%, depending upon member benefit choices. Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

Notes to Financial Statements

Note 12: Post-Employment Benefits (Continued)

For the year ended June 30, 2023, member required contributions ranged from \$124.46 to \$295.10, per month per retiree, and from \$553.26 to \$885.31, per month per retiree and spouse (assuming Medicare eligibility). For non-Medicare eligible members, required contributions ranged from \$101.38 to \$1,116.87, per month per retiree, and from \$507.06 to \$3,350.62, per month per retiree plus dependents. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires active teachers contribute 0.90% of salaries; they contributed \$107.704 million, or approximately 36.53% of total premiums. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) also requires participating school districts contribute .67% of salaries; they contributed \$79.466 million, or approximately 26.94% of total premiums. In addition, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires the State contribute 0.90% of salaries; they contributed \$107.704 million, or approximately 36.53% of total premiums. The State contribution amount is annually adjusted to "true-up" the contribution from two years prior using actual rather than estimated covered payroll. The Department records an estimate for projected "true-up" amounts for the two years subsequent to the report date. The fund received \$.407 million in Medicare Part D subsidy payments from the federal government. Retiree contributions are netted with the related liability.

Actuarial Assumptions.

The total OPEB liability was determined by an actuarial valuation as of June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified:

Inflation	2.25%
Salary increases	Depends on service and ranges from 8.50% at 1 year of service to 3.50% at 20 or more years of service.
Investment rate of return	2.75%, net of OPEB plan investment expense, including inflation, for all plan years
Healthcare cost trend rates	Trend rates for plan year 2024 are based on actual premium increases. For non-medicare costs, trend rates start at 8.00% for plan year 2025 and decrease gradually to an ultimate rate of 4.25% in 2040. For MAPD costs, trend rates are 0% in 2024 to 2028, 19.42% in 2029 to 2033 and 6.08% in 2034, declining gradually to an ultimate rate of 4.25% in 2040.

Mortality rates for retirement and beneficiary annuitants were based on the PubT-2010 Retiree Mortality Table, adjusted for TRS experience. For disabled annuitants mortality rates were based on the PubNS-2010 Non-Safety Disabled Retiree Table. Mortality rates for pre-retirement were based on the PubT-2010 Employee Mortality Table. All tables reflect future mortality improvements using Projection Scale MP-2020.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2020.

Byron Community Unit School District No. 226

Notes to Financial Statements

Note 12: Post-Employment Benefits (Continued)

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP is financed on a pay-as-you-go basis, a discount rate consistent with fixed income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity's index's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.86% as of June 30, 2023, and 3.69% as of June 30, 2022. The increase in the single discount rate from 3.69% to 3.86% caused the total OPEB liability to decrease by approximately \$137 million from 2022 to 2023.

The actuarial valuation was based on the Entry Age Normal cost method. Under this method, the normal cost and actuarial accrued liability are directly proportional to the employee's salary. The normal cost rate equals the present value of future benefits at entry age divided by the present value of future salary at entry age. The normal cost at the member's attained age equals the normal cost rate at entry age multiplied by the salary at attained age. The actuarial liability equals the present value of benefits at attained age less present value of future salaries at attained age multiplied by normal cost rate at entry age.

During plan year ending June 30, 2023, the trust earned \$2,704,000 in interest, and the market value of assets at June 30, 2023, was a \$472.25 million. The long-term expected rate of return assumption was set to 2.75 percent.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the employer reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state OPEB support provided to the employer. The state's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the employer were as follows:

District's proportionate share of the net OPEB liability	\$ 3,119,216
State's proportionate share of the net OPEB liability associated with the employer	4,218,174
<hr/>	
Total	\$ 7,337,390

The net pension liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022. The District's proportion of the net OPEB liability was based on the District's share of contributions to THISF for the measurement year ended June 30, 2023, relative to the contributions of all participating THISF employers and the state during that period. At June 30, 2023, the District's proportion was 0.043764%, which was an increase of 0.001350% from its proportion measured as of June 30, 2022.

Notes to Financial Statements

Note 12: Post-Employment Benefits (Continued)

For the year ended June 30, 2024, the District recognized OPEB expense (income) of \$(1,460,126). At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources, related to OPEB:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ -	\$ 1,741,836
Net difference between projected and actual earnings on OPEB plan investments	1,259	17

Employer contributions subsequent to the measurement date	80,554	\$ -
Totals	\$ 911,442	\$ 9,280,987

The District reported \$80,554 as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the reporting year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows, which are not recorded due to the cash basis/regulatory basis of accounting:

Year Ending June 30	Net Deferred Outflows (Inflows) of Resources
2025	\$ (1,546,699)
2026	(1,380,363)
2027	(1,336,569)

Byron Community Unit School District No. 226

Notes to Financial Statements

Note 13: Sick and Vacation Pay

The District follows the policy of allowing unused sick days to accumulate to a maximum of 360 days. However, if the employee does not use the accumulated sick days, the benefit is lost upon any termination of employment other than retirement. If an employee enrolled in IMRF and TRS should retire with accumulated sick days, the number of days accumulated is added to their years of credited service in determining their retirement benefit. Unused vacation days are not allowed to accumulate.

As a result, no accrued liability for accumulated unpaid vacation or sick pay has been reflected in the financial statements.

Note 14: Commitments and Contingencies

The District is not currently involved in litigation that, in the District's opinion will have a material adverse effect on the financial condition of the District. The District has received funding from state and federal grants in the current and prior years which are subject to audits by the granting agencies. The District believes any adjustments that may arise from these audits will be insignificant to district operations.

Note 15: Interfund Transfers

Below are the interfund transfers as of June 30, 2024:

Transfer From	Transfers In	Transfers Out
Operations & Maintenance	\$ 4,448,000	\$ -
Debt Services	18,579	-
Educational	-	18,579
Working Cash	-	4,448,000
Totals	\$ 4,466,579	\$ 4,466,579

The interfund transfer from the Working Cash Fund to the Operations & Maintenance Fund was for an abatement of the Working Cash Fund. The interfund transfer from the Educational Fund to the Debt Services Fund was for lease payments.

Notes to Financial Statements

Note 16: Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In order to protect against such risks of loss, the District participates in the Collective Liability Insurance Cooperative (CLIC) for general liability, property damage, worker's compensation employee fidelity, auto, boiler, and machinery coverage. The District also purchases commercial insurance coverage for cybersecurity.

The CLIC cooperative agreement provides it will be self-sustaining through member premiums. CLIC member premiums are used to purchase commercial insurance for claims in excess of certain levels established by pools. The District, along with members of CLIC have a contractual obligation to fund any premium deficiency of CLIC attributable to a membership year during which it was a member. CLIC can assess supplemental premiums to fund these premium deficiencies. In the past three years, the District has not made supplemental payments to CLIC. Each member District of CLIC has a vote in the election of the Pool's Board of Directors. The District does not exercise any control over the activities of the pools beyond its elections of the Board of Directors for CLIC.

Note 17: Economic Dependency

Exelon Corporation's Byron Generating Station ("Station") represented approximately 72% of the District's total assessed valuation (and the projected property tax revenues) as of June 30, 2024. The District is economically dependent upon Exelon in order to maintain its current level of service to the public. In September 2021, the Illinois Senate passed Senate Bill 2408, which provided additional funding to the Station to remain open through at least 2028.

Note 18: Impact of Pending Accounting Principles

GASB Statement No. 101, *Compensated Absences*, better meets the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023. The District has not determined the effect of this Statement.

GASB Statement No. 102, *Certain Risk Disclosures*, requires governments to disclose essential information about risks related to vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024. The District has not determined the effect of this Statement.

GASB Statement No. 103, *Financial Reporting Model Improvements*, improves key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025. The District has not determined the effect of this Statement.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Education
Byron Community Unit School District No. 226
Byron, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the basic financial statements as listed the table of contents of Byron Community Unit School District No. 226, as of and for the year ended June 30, 2024 and the related notes to the basic financial statements, which collectively comprise the Byron Community Unit School District No. 226's basic financial statements, and have issued our report thereon dated October 9, 2024. Our report contains an adverse opinion on the financial statements because the financial statements are presented on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the requirements of the Illinois State Board of Education. Our report also contains a qualified opinion on the regulatory basis of accounting as we were unable to obtain sufficient appropriate audit evidence about the carrying amount of the District's capital assets and related investment in general fixed assets on the regulatory basis as of June 30, 2024 because management has not maintained detailed records to support the historical costs.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the Byron Community Unit School District No. 226's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Byron Community Unit School District No. 226's internal control. Accordingly, we do not express an opinion on the effectiveness of the Byron Community Unit School District No. 226's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is reasonable possibility that a material misstatement of the Byron Community Unit School District No. 226's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Byron Community Unit School District No. 226's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Byron Community Unit School District No. 226's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Byron Community Unit School District No. 226's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

2	<i>Instructions: If the Annual Financial Report (AFR) reflects that a Deficit Reduction Plan is required as calculated below, then the school district is to complete the Deficit Reduction Plan in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2025 annual budget to be amended to include a Deficit Reduction Plan and narrative.</i>					
3	The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell F11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.					
4	<i>- If the FY 2025 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.</i>					
5	<i>- If the Annual Financial Report requires a deficit reduction plan even though the FY2025 budget does not, a completed deficit reduction plan is still required.</i>

APPENDIX B

PROPOSED FORM OF OPINION OF BOND COUNSEL

[LETTERHEAD OF CHAPMAN AND CUTLER LLP]

[TO BE DATED CLOSING DATE]

Community Unit School District Number 226
Ogle County, Illinois

We hereby certify that we have examined certified copy of the proceedings (the "*Proceedings*") of the Board of Education of Community Unit School District Number 226, Ogle County, Illinois (the "*District*"), passed preliminary to the issue by the District of its fully registered General Obligation School Bonds, Series 2025 (the "*Bonds*"), to the amount of \$_____, dated _____, 2025, due serially on January 1 of the years and in the amounts and bearing interest as follows:

2029	\$	%
2030		%
2031		%
2032		%

as provided in the Proceedings, and we are of the opinion that the Proceedings show lawful authority for said issue under the laws of the State of Illinois now in force.

We further certify that we have examined the form of bond prescribed for said issue and find the same in due form of law, and in our opinion said issue, to the amount named, is valid and legally binding upon the District and is payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate or amount, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion.

It is our opinion that, subject to the District's compliance with certain covenants, under present law, interest on the Bonds is excludible from gross income of the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the alternative minimum tax for individuals under the Internal Revenue Code of 1986, as amended (the "*Code*"). Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations. Failure to comply with certain of such District covenants could cause interest on the Bonds to be includible in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. Ownership of the Bonds may result in other federal tax consequences to certain taxpayers, and we express no opinion regarding any such collateral consequences arising with respect to the Bonds.

It is also our opinion that the Bonds are “qualified tax-exempt obligations” pursuant to Section 265(b)(3) of the Code.

We express no opinion herein as to the accuracy, adequacy or completeness of any information furnished to any person in connection with any offer or sale of the Bonds.

In rendering this opinion, we have relied upon certifications of the District with respect to certain material facts within the District’s knowledge. Our opinion represents our legal judgment based upon our review of the law and the facts that we deem relevant to render such opinion and is not a guarantee of a result. This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

APPENDIX C

PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING FOR THE PURPOSE OF PROVIDING CONTINUING DISCLOSURE INFORMATION UNDER SECTION (b)(5) OF RULE 15c2-12

This Continuing Disclosure Undertaking (this “*Agreement*”) is executed and delivered by Community Unit School District Number 226, Ogle County, Illinois (the “*District*”), in connection with the issuance of \$_____ General Obligation School Bonds, Series 2025 (the “*Bonds*”). The Bonds are being issued pursuant to a resolution adopted by the Board of Education of the District on the 20th day of March, 2025 (as supplemented by a notification of sale, the “*Resolution*”).

In consideration of the issuance of the Bonds by the District and the purchase of such Bonds by the beneficial owners thereof, the District covenants and agrees as follows:

1. PURPOSE OF THIS AGREEMENT; CERTIFICATIONS. This Agreement is executed and delivered by the District as of the date set forth below, for the benefit of the beneficial owners of the Bonds and in order to assist the Participating Underwriters in complying with the requirements of the Rule (as defined below). This Agreement is prepared in compliance with paragraph (d)(2) of the Rule.

The District represents that:

(a) it will be the only obligated person with respect to the Bonds at the time the Bonds are delivered to the Participating Underwriters and that no other person is expected to become so committed at any time after issuance of the Bonds; and

(b) at the time of the delivery of the Bonds to the Participating Underwriters, the District will be an “obligated person” (as such term is defined in the Rule) with respect to less than \$10,000,000 in aggregate amount of outstanding municipal securities, including the Bonds and excluding municipal securities that were offered in a transaction exempt from the Rule pursuant to paragraph (d)(1) of the Rule.

2. DEFINITIONS. The terms set forth below shall have the following meanings in this Agreement, unless the context clearly otherwise requires.

Commission means the Securities and Exchange Commission.

Dissemination Agent means any agent designated as such in writing by the District and which has filed with the District a written acceptance of such designation, and such agent’s successors and assigns.

EMMA means the MSRB through its Electronic Municipal Market Access system for municipal securities disclosure or through any other electronic format or system prescribed by the MSRB for purposes of the Rule.

Exchange Act means the Securities Exchange Act of 1934, as amended.

Financial Information means the financial information and operating data described in *Exhibit I*.

Financial Information Disclosure means the dissemination of disclosure concerning Financial Information as set forth in Section 4.

Financial Obligation of the District means a (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of a debt obligation or any such derivative instrument; provided that “financial obligation” shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

MSRB means the Municipal Securities Rulemaking Board.

Official Statement means the Final Official Statement, dated _____, 2025, and relating to the Bonds.

Participating Underwriter means each broker, dealer or municipal securities dealer acting as an underwriter in the primary offering of the Bonds.

Reportable Event means the occurrence of any of the Events with respect to the Bonds set forth in *Exhibit II*.

Reportable Events Disclosure means dissemination of a notice of a Reportable Event as set forth in Section 5.

Rule means Rule 15c2-12 adopted by the Commission under the Exchange Act, as the same may be amended from time to time.

State means the State of Illinois.

Undertaking means the obligations of the District pursuant to Sections 4 and 5.

3. CUSIP NUMBERS. The CUSIP Numbers of the Bonds are set forth in *Exhibit III*. All filings required under this Agreement will be filed on EMMA under these CUSIP Numbers. If the Bonds are refunded after the date hereof, the District will also make all filings required under this Agreement under any new CUSIP Numbers assigned to the Bonds as a result of such refunding, to the extent the District remains legally liable for the payment of such Bonds; provided, however, that the District will not be required to make such filings under new CUSIP Numbers unless the District has been notified in writing by the Participating Underwriter or the District’s financial

advisor that new CUSIP Numbers have been assigned to the Bonds. The District will not make any filings pursuant to this Agreement under new CUSIP Numbers assigned to any of the Bonds after the date hereof for any reason other than a refunding, as described in the previous sentence, including, but not limited to, new CUSIP Numbers assigned to the Bonds as a result of a holder of the Bonds obtaining a bond insurance policy or other credit enhancement with respect to some or all of the outstanding Bonds in the secondary market.

4. FINANCIAL INFORMATION DISCLOSURE. Subject to Section 8 of this Agreement, the District hereby covenants that it will disseminate its Financial Information at least annually to EMMA in such manner and format and accompanied by identifying information as is prescribed by the MSRB or the Commission at the time of delivery of such information. MSRB Rule G-32 requires all EMMA filings to be in word-searchable PDF format. This requirement extends to all documents to be filed with EMMA, including financial statements and other externally prepared reports.

5. REPORTABLE EVENTS DISCLOSURE. Subject to Section 8 of this Agreement, the District hereby covenants that it will disseminate in a timely manner (not in excess of ten business days after the occurrence of the Reportable Event) Reportable Events Disclosure to EMMA in such manner and format and accompanied by identifying information as is prescribed by the MSRB or the Commission at the time of delivery of such information. References to “material” in Exhibit II refer to materiality as it is interpreted under the Exchange Act. MSRB Rule G-32 requires all EMMA filings to be in word-searchable PDF format. This requirement extends to all documents to be filed with EMMA, including financial statements and other externally prepared reports. Notwithstanding the foregoing, notice of optional or unscheduled redemption of any Bonds or defeasance of any Bonds need not be given under this Agreement any earlier than the notice (if any) of such redemption or defeasance is given to the Bondholders pursuant to the Resolution.

6. CONSEQUENCES OF FAILURE OF THE DISTRICT TO PROVIDE INFORMATION. In the event of a failure of the District to comply with any provision of this Agreement, the beneficial owner of any Bond may seek mandamus or specific performance by court order, to cause the District to comply with its obligations under this Agreement. A default under this Agreement shall not be deemed a default under the Resolution, and the sole remedy under this Agreement in the event of any failure of the District to comply with this Agreement shall be an action to compel performance.

7. AMENDMENTS; WAIVER. Notwithstanding any other provision of this Agreement, the District by resolution authorizing such amendment or waiver, may amend this Agreement, and any provision of this Agreement may be waived, if:

(a) The amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, including without limitation, pursuant to a “no-action” letter issued by the Commission, a change in law, or a change in the identity, nature, or status of the District, or type of business conducted;

(b) This Agreement, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking

into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver does not materially impair the interests of the beneficial owners of the Bonds, as determined by parties unaffiliated with the District (such as Bond Counsel).

In the event that the Commission or the MSRB or other regulatory authority shall approve or require Financial Information Disclosure or Reportable Events Disclosure to be made to a central post office, governmental agency or similar entity other than EMMA or in lieu of EMMA, the District shall, if required, make such dissemination to such central post office, governmental agency or similar entity without the necessity of amending this Agreement.

8. TERMINATION OF UNDERTAKING. The Undertaking of the District shall be terminated hereunder if the District shall no longer have any legal liability for any obligation on or relating to repayment of the Bonds under the Resolution.

9. FUTURE CHANGES TO THE RULE. As set forth in Section 1 of this Agreement, the District has executed and delivered this Agreement solely and only to assist the Participating Underwriters in complying with the requirements of the Rule. Therefore, notwithstanding anything in this Agreement to the contrary, in the event the Commission, the MSRB or other regulatory authority shall approve or require changes to the requirements of the Rule, the District shall be permitted, but shall not be required, to unilaterally modify the covenants in this Agreement, without complying with the requirements of Section 7 of this Agreement, in order to comply with, or conform to, such changes. In the event of any such modification of this Agreement, the District shall file a copy of this Agreement, as revised, on EMMA in a timely manner.

10. DISSEMINATION AGENT. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

11. ADDITIONAL INFORMATION. Nothing in this Agreement shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Agreement or any other means of communication, or including any other information in any Financial Information Disclosure or notice of occurrence of a Reportable Event, in addition to that which is required by this Agreement. If the District chooses to include any information from any document or notice of occurrence of a Reportable Event in addition to that which is specifically required by this Agreement, the District shall have no obligation under this Agreement to update such information or include it in any future disclosure or notice of occurrence of a Reportable Event.

12. BENEFICIARIES. This Agreement has been executed in order to assist the Participating Underwriters in complying with the Rule; however, this Agreement shall inure solely to the benefit

of the District, the Dissemination Agent, if any, and the beneficial owners of the Bonds, and shall create no rights in any other person or entity.

13. RECORDKEEPING. The District shall maintain records of all Financial Information Disclosure and Reportable Events Disclosure, including the content of such disclosure, the names of the entities with whom such disclosure was filed and the date of filing such disclosure.

14. ASSIGNMENT. The District shall not transfer its obligations under the Resolution unless the transferee agrees to assume all obligations of the District under this Agreement or to execute an Undertaking under the Rule.

15. CONTACT INFORMATION. Specific questions or inquiries relating to Financial Information Disclosure and Reportable Events Disclosure should be directed to:

FINANCIAL INFORMATION

“Financial Information” means the District’s annual audited financial statements prepared in accordance with accounting principles mandated by the Illinois State Board of Education. The Financial Information will be submitted to EMMA by 270 days after the last day of the District’s fiscal year (currently June 30), beginning with the fiscal year ending June 30, 2025. If audited financial statements are not available when the Financial Information is required to be filed, the District will submit the Financial Information to EMMA within 30 days after availability to the District. There shall be specified the date as of which such information was prepared. All or a portion of the Financial Information may be included by reference to other documents which have been submitted to EMMA or filed with the Commission. If the information included by reference is contained in a Final Official Statement, the Final Official Statement must be available on EMMA; the Final Official Statement need not be available from the Commission. The District shall clearly identify each such item of information included by reference.
