Under no circumstances shall this Preliminary Official Statement constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration, qualification or filing under the securities laws of any such jurisdiction.

Subject to compliance by the District with certain covenants, in the opinion of Chapman and Cutler LLP, Chicago, Illinois ("Bond Counsel"), under present law, interest on the Bonds is excludible from gross income of the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the federal alternative minimum tax for individuals. Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations. Interest on the Bonds is not exempt from present State of Illinois income taxes. See "Tax Exemption" herein for a more complete discussion. The Bonds are "qualified tax-exempt obligations" under Section 265(b)(3) of the Internal Revenue Code of 1986, as amended. See "Qualified Tax-Exempt Obligations" herein.

$9,015,000* General Obligation School Bonds, Series 2026

Dated: Date of Delivery **Due: December 1, as further described on the inside cover page**

The General Obligation School Bonds, Series 2026 (the *"Bonds"*), of School District Number 80, Cook County, Illinois (the *"District"*), will be issued in fully registered form and will be registered initially only in the name of Cede & Co., as registered owner and nominee of The Depository Trust Company, New York, New York (*"DTC"*). DTC will act as securities depository for the Bonds. Purchasers of the Bonds will not receive certificates representing their interests in the Bonds purchased. Ownership by the beneficial owners of the Bonds will be evidenced by book-entry only. Payments of principal of and interest on the Bonds will be made by Amalgamated Bank of Chicago, Chicago, Illinois, as bond registrar and paying agent, to DTC, which in turn will remit such payments to its participants for subsequent disbursement to the beneficial owners of the Bonds. As long as Cede & Co. is the registered owner as nominee of DTC, payments of principal of and interest on the Bonds will be made to such registered owner, and disbursement of such payments will be the responsibility of DTC and its participants. Individual purchases of the Bonds will be made in the principal amount of $5,000 or any integral multiple thereof.

The Bonds will bear interest from their dated date at the rates per annum as shown on the inside cover page. Interest on the Bonds (computed on the basis of a 360-day year consisting of twelve 30-day months) will be payable semi-annually on each June 1 and December 1, commencing June 1, 2027.

Proceeds of the Bonds will be used to (a) construct fire prevention and life safety improvements to the existing school buildings of the District and (b) pay costs associated with the issuance of the Bonds. See "Use of Proceeds" herein.

The Bonds due on December 1, 2036,* are subject to redemption prior to maturity at the option of the District, as a whole or in part, on any date on or after December 1, 2035,* at the redemption price of par plus accrued interest to the redemption date. See "The Bonds—Redemption" herein.

[The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under an insurance policy (the *"Bond Insurance Policy"*) to be issued concurrently with the delivery of the Bonds by _____ (the *"Insurer"* or "_____"). See *"Bond Insurance"* and Appendix D herein.]

[Insurance Logo]

In the opinion of Bond Counsel, the Bonds are valid and legally binding upon the District and are payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate or amount, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion. See "The Bonds—Security" herein.

The Bonds are offered when, as and if issued by the District and received by Raymond James & Associates, Inc., Chicago, Illinois, subject to prior sale, to withdrawal or modification of the offer without notice, and to the approval of legality by Bond Counsel, and certain other conditions. Chapman and Cutler LLP, Chicago, Illinois, will also act as Disclosure Counsel to the District. It is expected that beneficial interests in the Bonds will be available for delivery through the facilities of DTC on or about December 17, 2026.

OFFICIAL STATEMENT

School District Number 80
Cook County, Illinois
(Norridge)
$9,015,000* General Obligation School Bonds, Series 2026

INTRODUCTION

The purpose of this Official Statement is to set forth certain information concerning School District Number 80, Cook County, Illinois (the *"District"*), in connection with the offering and sale of its General Obligation School Bonds, Series 2026 (the *"Bonds"*).

This Official Statement contains "forward-looking statements" that are based upon the District's current expectations and its projections about future events. When used in this Official Statement, the words "project," "estimate," "intend," "expect," "scheduled," "pro-forma" and similar words identify forward-looking statements. Forward-looking statements are subject to known and unknown risks, uncertainties and factors that are outside of the control of the District. Actual results could differ materially from those contemplated by the forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. Neither the District nor any other party plans to issue any updates or revisions to these forward-looking statements based on future events.

THE BONDS

AUTHORITY AND PURPOSE

The Bonds are being issued pursuant to the School Code of the State of Illinois (the *"School Code"*), the Local Government Debt Reform Act of the State of Illinois (the *"Debt Reform Act"*), and all laws amendatory thereof and supplementary thereto, and a bond resolution adopted by the Board of Education of the District (the *"Board"*) on the 17th day of November, 2026, as supplemented by a notification of sale (together, the *"Bond Resolution"*).

Proceeds of the Bonds will be used to (a) construct fire prevention and life safety improvements to the existing school buildings of the District (the *"Project"*), and (b) pay costs associated with the issuance of the Bonds. See "USE OF PROCEEDS" herein.

GENERAL DESCRIPTION

The Bonds will be dated the date of issuance thereof, will be in fully registered form, without coupons, and will be in denominations of $5,000 or any integral multiple thereof under a book-entry only system operated by The Depository Trust Company, New York, New York

* Preliminary, subject to change.

(*"DTC"*). Principal of and interest on the Bonds will be payable by Amalgamated Bank of Chicago, Chicago, Illinois (the *"Registrar"*).

The Bonds will mature as shown on the inside cover page hereof. Interest on the Bonds will be payable each June 1 and December 1, commencing June 1, 2027.

The Bonds will bear interest from their dated date, or from the most recent interest payment date to which interest has been paid or provided for, computed on the basis of a 360-day year consisting of twelve 30-day months. The principal of the Bonds will be payable in lawful money of the United States of America upon presentation and surrender thereof at the principal corporate trust office of the Registrar. Interest on each Bond will be paid by check or draft of the Registrar payable upon presentation in lawful money of the United States of America to the person in whose name such Bond is registered at the close of business on the record date, which is the 15th day of the month next preceding the interest payment date (the *"Record Date"*).

REGISTRATION AND TRANSFER

The Registrar will maintain books (the *"Register"*) for the registration of ownership and transfer of the Bonds. Subject to the provisions of the Bonds as they relate to book-entry form, any Bond may be transferred upon the surrender thereof at the principal corporate trust office of the Registrar, together with an assignment duly executed by the registered owner or his or her attorney in such form as will be satisfactory to the Registrar. No service charge shall be made for any transfer or exchange of Bonds, but the District or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds except in the case of the issuance of a Bond or Bonds for the unredeemed portion of a Bond surrendered for redemption.

The Registrar shall not be required to transfer or exchange any Bond during the period beginning at the close of business on the Record Date with respect to any interest payment date on such Bond and ending at the opening of business on such interest payment date, nor to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, nor during a period of fifteen (15) days next preceding mailing of a notice of redemption of any Bonds.

REDEMPTION

Optional Redemption. The Bonds due on December 1, 2036,* are subject to redemption prior to maturity at the option of the District as a whole or in part in integral multiples of $5,000 (less than all of the Bonds to be selected by the Registrar), on December 1, 2035,* and on any date thereafter, at the redemption price of par plus accrued interest to the redemption date.

Mandatory Sinking Fund Redemption. The Bonds due on December 1 of the years 20__ and 20__ are subject to mandatory redemption, in integral multiples of $5,000 selected by lot by the Registrar, at a redemption price of par plus accrued interest to the redemption date, on December 1 of the years and in the principal amounts as follows:

* Preliminary, subject to change.

FOR THE BONDS DUE DECEMBER 1, 20__

YEAR	PRINCIPAL AMOUNT
20__	$
20__	(stated maturity)

FOR THE BONDS DUE DECEMBER 1, 20__

YEAR	PRINCIPAL AMOUNT
20__	$
20__	(stated maturity)

The principal amounts of Bonds to be mandatorily redeemed in each year may be reduced through the earlier optional redemption thereof, with any partial optional redemptions of such Bonds credited against future mandatory redemption requirements in such order of the mandatory redemption dates as the District may determine. In addition, on or prior to the 60th day preceding any mandatory redemption date, the Registrar may, and if directed by the District shall, purchase Bonds required to be retired on such mandatory redemption date. Any such Bonds so purchased shall be cancelled and the principal amount thereof shall be credited against the mandatory redemption required on such next mandatory redemption date.

General. The District will, at least 45 days prior to any optional redemption date (unless a shorter time period shall be satisfactory to the Registrar), notify the Registrar of such redemption date and of the principal amount and maturity or maturities of Bonds to be redeemed. For purposes of any redemption of less than all of the outstanding Bonds of a single maturity, the particular Bonds or portions of Bonds to be redeemed shall be selected by lot by the Registrar from the Bonds of such maturity by such method of lottery as the Registrar shall deem fair and appropriate (except when the Bonds are held in a book-entry system, in which case the selection of Bonds to be redeemed will be made in accordance with procedures established by DTC or any other book-entry depository); *provided* that such lottery shall provide for the selection for redemption of Bonds or portions thereof in principal amounts of $5,000 and integral multiples thereof.

Unless waived by any holder of Bonds to be redeemed, notice of the call for any redemption will be given by the Registrar on behalf of the District by mailing the redemption notice by first-class mail at least 30 days and not more than 60 days prior to the date fixed for redemption to each registered owner of the Bonds to be redeemed at the address shown on the Register or at such other address as is furnished in writing by such registered owner to the Registrar.

Unless moneys sufficient to pay the redemption price of the Bonds to be redeemed at the option of the District are received by the Registrar prior to the giving of such notice of redemption, such notice may, at the option of the District, state that said redemption will be conditional upon the receipt of such moneys by the Registrar on or prior to the date fixed for redemption. If such moneys are not received, such notice will be of no force and effect, the District will not redeem such Bonds, and the Registrar will give notice, in the same manner in which the notice of

redemption has been given, that such moneys were not so received and that such Bonds will not be redeemed. Otherwise, prior to any redemption date, the District will deposit with the Registrar an amount of money sufficient to pay the redemption price of all the Bonds or portions of Bonds which are to be redeemed on that date.

Subject to the provisions for a conditional redemption described above, notice of redemption having been given as described above and in the Bond Resolution, and notwithstanding failure to receive such notice, the Bonds or portions of Bonds so to be redeemed will, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the District shall default in the payment of the redemption price) such Bonds or portions of Bonds shall cease to bear interest. Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds will be paid by the Registrar at the redemption price.

SECURITY

The Bonds, in the opinion of Chapman and Cutler LLP, Chicago, Illinois, Bond Counsel (*"Bond Counsel"*), are valid and legally binding upon the District and are payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate or amount, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion.

The Bond Resolution provides for the levy of ad valorem taxes, unlimited as to rate or amount, upon all taxable property within the District in amounts sufficient to pay, as and when due, all principal of and interest on the Bonds. The Bond Resolution will be filed with the County Clerk of Cook County, Illinois (the *"County Clerk"*), and will serve as authorization to the County Clerk to extend and collect the property taxes as set forth in the Bond Resolution to pay the Bonds.

Reference is made to Appendix B for the proposed form of opinion of Bond Counsel.

USE OF PROCEEDS

A portion of the proceeds of the Bonds will be used to pay costs of the Project. The Project includes HVAC upgrades, roofing repair, masonry repairs and tuckpointing and improvements to learning and student spaces at James Giles School. The District expects to complete the Project within three years.

RISK FACTORS

The purchase of the Bonds involves certain investment risks. Accordingly, each prospective purchaser of the Bonds should make an independent evaluation of the entirety of the information presented in this Official Statement and its appendices and exhibits in order to make an informed investment decision. Certain of the investment risks are described below. The following statements, however, should not be considered a complete description of all risks to be considered in the decision to purchase the Bonds, nor should the order of the presentation of such risks be construed to reflect the relative importance of the various risks. There can be no assurance that other risk factors are not material or will not become material in the future.

CONSTRUCTION RISKS

There are potential risks that could affect the ability of the District to timely complete the Project. While preliminary costs have been projected by the District's consulting architects, not all of the construction contracts have been let by the District. No assurance can be given that the cost of completing the Project will not exceed available funds.

Completion of the Project involves many risks common to construction projects such as shortages or delays in the availability of materials and labor, work stoppages, labor disputes, contractual disputes with contractors or suppliers, weather interferences, construction accidents, delays in obtaining legal approvals, unforeseen engineering, archeological or environmental problems and unanticipated cost increases, any of which could give rise to significant delays or cost overruns.

FINANCES OF THE STATE OF ILLINOIS

State funding sources constituted 14.38% of the District's General Fund revenue sources for the fiscal year ended June 30, 2026. While the finances of the State of Illinois (the *"State"*) have significantly improved in recent years, the State continues to deal with a severe underfunding of its pension systems, which, based on the comprehensive annual financial reports of the State's five retirement systems, have a combined unfunded pension liability of approximately $140 billion and a combined funded ratio of approximately 45%. Also, despite twelve credit rating upgrades since June 2021, the State's long-term general obligation bonds carry the lowest ratings of all states.

FEDERAL REVENUES

Illinois school districts receive direct and indirect funding from various federal programs, such as Title I, the Individuals with Disabilities Education Act, and nutrition programs such as the National School Lunch and Breakfast Programs. These programs are subject to the priorities and policies of the federal government, which may change significantly from one administration to another, and such programs may be modified through executive action or through legislation enacted by Congress. Under the current administration, the federal government has taken executive actions to reduce the size and scope of the U.S. Department of Education, to terminate or restrict certain programs and services for students with disabilities, low-income students, and students from diverse backgrounds, and to impose new conditions and requirements for federal funding. These actions may impact the availability and amount of federal revenues received by Illinois school districts, such as the District. A reduction or interruption in federal funding, or an increase in compliance costs, could adversely affect the District's financial condition and operations. The District makes no prediction as to the effect of these actions on the District's federal revenues, which constituted 7.28% of the District's General Fund revenue sources for the fiscal year ended June 30, 2026, or the District's ability to comply with federal laws and regulations in the future.

LOCAL ECONOMY

The financial health of the District is in part dependent on the strength of the local economy. Many factors affect the local economy, including rates of employment and economic growth and the level of residential and commercial development. It is not possible to predict to what extent any changes in economic conditions, demographic characteristics, population or commercial and industrial activity will occur and what impact such changes would have on the finances of the District.

CONCENTRATION OF TAXPAYERS

Based on the District's 2025 equalized assessed valuation (*"EAV"*), the District's ten largest taxpayers own 16.87% of the total current EAV of taxable property in the District. See "FINANCIAL INFORMATION AND ECONOMIC CHARACTERISTICS OF THE DISTRICT—Ten Largest Taxpayers" herein for more information. The largest taxpayer is Forest Harlem Properties LP with

5.28% of the District's 2025 EAV, which owns the Harlem Irving Plaza enclosed shopping center with tenants such as Target, Best Buy, Hobby Lobby and Kohl's. If one or more of these taxpayers were to relocate from the District or cease operations, would be unable to pay its tax bills or was successful in challenging its assessed valuation, the timely receipt of tax dollars by the District could be affected. The District has the authority to levy deficiency taxes if debt service tax collections are inadequate. Notwithstanding, the value of the Bonds, the District's ability to repay the Bonds or the timing of repayment could be adversely affected.

Furthermore, if any of the largest taxpayers were to relocate or cease operations, the District could experience a significant reduction in EAV. Any reduction in EAV could limit the amount of taxes that the District can extend for operating purposes.

LOSS OR CHANGE OF BOND RATING

The Bonds have received a[n underlying] credit rating from S&P Global Ratings, New York, New York (*"S&P"*) [and are expected to receive an insured credit rating from S&P]. The rating can be changed or withdrawn at any time for reasons both under and outside the District's control. Any change, withdrawal or combination thereof could adversely affect the ability of investors to sell the Bonds or may affect the price at which they can be sold.

SECONDARY MARKET FOR THE BONDS

No assurance can be given that a secondary market will develop for the purchase and sale of the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. The hereinafter-defined Underwriter is not obligated to engage in secondary market trading or to repurchase any of the Bonds at the request of the owners thereof.

Prices of the Bonds as traded in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and other prevailing circumstances. No guarantee exists as to the future market value of the Bonds. Such market value could be substantially different from the original purchase price.

CONTINUING DISCLOSURE

A failure by the District to comply with the Undertaking (as defined herein) for continuing disclosure (see "CONTINUING DISCLOSURE" herein) will not constitute an event of default on the Bonds. Any such failure must be reported in accordance with Rule 15c2-12 (the *"Rule"*) adopted by the Securities and Exchange Commission (the *"Commission"*) under the Securities Exchange Act of 1934, as amended (the *"Exchange Act"*), and may adversely affect the transferability and liquidity of the Bonds and their market price.

SUITABILITY OF INVESTMENT

The interest rates borne by the Bonds are intended to compensate the investor for assuming the risk of investing in the Bonds. Furthermore, the tax-exempt feature of the Bonds is currently

more valuable to high tax bracket investors than to investors that are in low tax brackets. As such, the value of the interest compensation to any particular investor will vary with individual tax rates and circumstances. Each prospective investor should carefully examine this Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Bonds are an appropriate investment for such investor.

FUTURE CHANGES IN LAWS

Various state and federal laws, regulations and constitutional provisions apply to the District and to the Bonds. The District can give no assurance that there will not be a change in, interpretation of, or addition to such applicable laws, provisions and regulations which would have a material effect, either directly or indirectly, on the District, or the taxing authority of the District. For example, many elements of local government finance, including the issuance of debt and the levy of property taxes, are controlled by State government. Future actions of the State may affect the overall financial conditions of the District, the taxable value of property within the District, and the ability of the District to levy property taxes or collect revenues for its ongoing operations.

FACTORS RELATING TO TAX EXEMPTION

As discussed under "TAX EXEMPTION" herein, interest on the Bonds could become includible in gross income for purposes of federal income taxation, retroactive to the date the Bonds were issued, as a result of future acts or omissions of the District in violation of its covenants in the Bond Resolution. Should such an event of taxability occur, the Bonds are not subject to any special redemption.

There are or may be pending in the Congress of the United States (*"Congress"*) legislative proposals relating to the federal tax treatment of interest on the Bonds, including some that carry retroactive effective dates, that, if enacted, could affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to obligations issued prior to enactment. Finally, reduction or elimination of the tax-exempt status of obligations such as the Bonds could have an adverse effect on the District's ability to access the capital markets to finance future capital or operational needs by reducing market demand for such obligations or materially increasing borrowing costs of the District.

The tax-exempt bond office of the Internal Revenue Service (the *"Service"*) is conducting audits of tax-exempt bonds, both compliance checks and full audits, with increasing frequency to determine whether, in the view of the Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether the Service will commence any such audit. If an audit is commenced, under current procedures the Service may treat the District as a taxpayer and the Bondholders may have no right to participate in such proceeding. The commencement of an audit with respect to any tax-exempt obligations of the District could adversely affect the market value and liquidity of the Bonds, regardless of the ultimate outcome.

CYBERSECURITY

Computer networks and data transmission and collection are vital to the efficient operation of the District. Despite the implementation of network security measures by the District, its information technology and infrastructure may be vulnerable to deliberate attacks by hackers, malware, ransomware or computer virus, or may otherwise be breached due to employee error, malfeasance or other disruptions. Any such breach could compromise networks and the information stored thereon could be disrupted, accessed, publicly disclosed, lost or stolen. Although the District does not believe that its information technology systems are at a materially greater risk of cybersecurity attacks than other similarly-situated governmental entities, any such disruption, access, disclosure or other loss of information could have an adverse effect on the District's operations and financial health. Further, as cybersecurity threats continue to evolve, the District may be required to expend significant additional resources to continue to modify and strengthen security measures, investigate and remediate any vulnerabilities, or invest in new technology designed to mitigate security risks.

BANKRUPTCY

The rights and remedies of the Bondholders may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditors' rights, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against local governments. The various opinions of counsel to be delivered with respect to the Bonds will be similarly qualified.

CORPORATE PERSONAL PROPERTY REPLACEMENT TAXES

Corporate Personal Property Replacement Taxes (*"CPPRT"*) are revenues received from a tax imposed on corporations, partnerships, trusts, S corporations and public utilities in the State. The purpose of the CPPRT is to replace revenues lost by units of local government (including the District) as a result of the abolishment of the corporate personal property tax (the *"Personal Property Tax"*) with the adoption of the Illinois Constitution of 1970. The State Revenue Sharing Act (the *"Sharing Act"*) was passed in 1979, implementing the CPPRT to replace the lost Personal Property Tax revenues and providing the mechanism for distributing collections of CPPRT to taxing districts (including the District) entitled to receive such tax revenues under the Sharing Act. The following table sets forth the amount of CPPRT received by the District over the last five years:

FISCAL YEAR ENDED JUNE 30	CPPRT RECEIPTS

Such fund can also be created, re-created or increased by the levy of an annual tax not to exceed $0.05 per hundred dollars of EAV (the *"Working Cash Fund Tax"*). The purpose of the fund is to enable the District to have sufficient cash to meet demands for expenditures for corporate purposes. Moneys in the Working Cash Fund may be loaned, in whole or in part, as authorized and directed by the Board, to any fund or funds of the District in anticipation of ad valorem property taxes levied by the District for such fund or funds. The Working Cash Fund is reimbursed when the anticipated taxes or other moneys are received by the District.

Any time moneys are available in the Working Cash Fund, they must be transferred to such other funds of the District and used for any and all school purposes so as to avoid, whenever possible, the issuance of tax anticipation warrants or notes. Interest earned from the investment of the Working Cash Fund may be transferred from the Working Cash Fund to other funds of the District that are most in need of the interest. Moneys in the Working Cash Fund may not be appropriated by the Board in the annual budget.

The District also has the authority to abate amounts in the Working Cash Fund to any other fund of the District if the amount on deposit in such other fund after the abatement will not constitute an excess accumulation of money in that fund and as long as the District maintains an amount to the credit of the Working Cash Fund at least equal to 0.05% of the then current value, as equalized or assessed by the Department, of the taxable property in the District.

Finally, the District may abolish the Working Cash Fund and direct the transfer of any balance thereof to the educational fund at the close of the then current fiscal year. After such abolishment, all outstanding Working Cash Fund Taxes levied will be paid into the educational fund upon collection. Outstanding loans from the Working Cash Fund to other funds of the District at the time of abolishment will be paid or become payable to the educational fund at the close of the then current fiscal year. The outstanding balance in the Working Cash Fund at the time of abolishment, including all outstanding loans from the Working Cash Fund to other funds of the District and all outstanding Working Cash Fund Taxes levied, may be used and applied by the District for the purpose of reducing, by the balance in the Working Cash Fund at the close of the fiscal year, the amount of taxes that the Board otherwise would be authorized or required to levy for educational purposes for the fiscal year immediately succeeding the fiscal year in which the Working Cash Fund is abolished.

REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

SUMMARY OF PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

A separate tax to pay principal of and interest on the Bonds will be levied on all taxable real property within the District. The information under this caption describes the current procedures for real property assessments, tax levies and collections in the County. There can be no assurance that the procedures described herein will not change.

REAL PROPERTY ASSESSMENT

The County Assessor (the *"Assessor"*) is responsible for the assessment of all taxable real property within the County, including such property located within the boundaries of the District, except for certain railroad property, pollution control facilities and low sulfur dioxide emission coal-fueled devices, which are assessed directly by the Department. For triennial reassessment purposes, Cook County is divided into three Districts: west and south suburbs (the *"South Tri"*), north and northwest suburbs (the *"North Tri"*), and the City of Chicago (the *"City Tri"*). The District is located in the North Tri and was last reassessed for the 2025 tax levy year. The District will next be reassessed for the 2028 levy year.

Real property in the County is separated into classes for assessment purposes. After the Assessor establishes the fair market value of a parcel of property, that value is multiplied by the appropriate classification percentage to arrive at the assessed valuation (the *"Assessed Valuation"*) for the parcel. Such classification percentages range from 10% for certain residential, commercial and industrial property to 25% for other industrial and commercial property.

Property is classified for assessment into six basic categories, each of which is assessed at various percentages of fair market value as follows: Class 1 - unimproved real estate (10%); Class 2 - residential (10%); Class 3 - rental-residential (16% in tax year 2009, 13% in tax year 2010, and 10% in tax year 2011 and subsequent years); Class 4 - not-for-profit (25%); Class 5a - commercial (25%); and Class 5b - industrial (25%).

In addition, property may be temporarily classified into one of eight additional assessment classification categories. Upon expiration of such classification, property so classified will revert

to one of the basic six assessment classifications described above. The additional assessment classifications are as follows:

CLASS	DESCRIPTION OF QUALIFYING PROPERTY	ASSESSMENT PERCENTAGE	REVERTS TO CLASS
6b	Newly constructed industrial properties or substantially rehabilitated sections of existing industrial properties	10% for first 10 years and any 10-year renewal; if not renewed, 15% in year 11, 20% in year 12	5b
C	Industrial property that has undergone environmental testing and remediation	10% for first 10 years, 15% in year 11, 20% in year 12	5b
	Commercial property that has undergone environmental testing and remediation	10% for first 10 years, 15% in year 11, 20% in year 12	5a
7a/7b	Newly constructed or substantially rehabilitated commercial properties in an area in need of commercial development	10% for first 10 years, 15% in year 11, 20% in year 12	5a
7c	Newly constructed or rehabilitated commercial buildings and acquisition of abandoned property and rehabilitation of buildings thereon including the land upon which the buildings are situated and the land related to the rehabilitation	10% for first 3 years and any 3-year renewal; if not renewed, 15% in year 4, 20% in year 5	5a
8	Industrial properties in enterprise communities or zones in need of substantial revitalization	10% for first 10 years and any 10-year renewal; if not renewed, 15% in year 11, 20% in year 12	5b
	Commercial properties in enterprise communities or zones in need of substantial revitalization	10% for first 10 years, 15% in year 11, 20% in year 12	5a
9	New or substantially rehabilitated multi-family residential properties in target areas, empowerment or enterprise zones	10% for first 10 years and any 10-year renewal	As Applicable
S	Class 3 properties subject to Section 8 contracts renewed under the "Mark up to Market" option	10% for term of Section 8 contract renewal and any subsequent renewal	3
L	Substantially rehabilitated Class 3, 4 or 5b properties qualifying as "Landmark" or "Contributing" buildings	10% for first 10 years and any 10-year renewal; if not renewed, 15% in year 11, 20% in year 12	3, 4, or 5b
	Substantially rehabilitated Class 5a properties qualifying as "Landmark" or "Contributing" buildings	10% for first 10 years, 15% in year 11, 20% in year 12	5a

The Assessor has established procedures enabling taxpayers to contest their proposed Assessed Valuations. Once the Assessor certifies its final Assessed Valuations, a taxpayer can seek review of its assessment by appealing to the Cook County Board of Review (the *"Board of Review"*), which consists of three commissioners elected by the voters of the County. The Board of Review has the power to adjust the Assessed Valuations set by the Assessor.

Owners of residential property having six or fewer units are able to appeal decisions of the Board of Review to the Illinois Property Tax Appeal Board (the *"PTAB"*), a statewide

administrative body. The PTAB has the power to determine the Assessed Valuation of real property based on equity and the weight of the evidence. Taxpayers may appeal the decision of PTAB to either the Circuit Court of the County (the *"Circuit Court"*) or the Illinois Appellate Court under the Illinois Administrative Review Law.

As an alternative to seeking review of Assessed Valuations by PTAB, taxpayers who have first exhausted their remedies before the Board of Review may file an objection in the Circuit Court. The procedure under this alternative is similar to the judicial review procedure described in the immediately preceding paragraph, however, the standard of proof differs. In addition, in cases where the Assessor agrees that an assessment error has been made after tax bills have been issued, the Assessor can correct any factual error, and thus reduce the amount of taxes due, by issuing a Certificate of Error. Certificates of Error are not issued in cases where the only issue is the opinion of the valuation of the property.

EQUALIZATION

After the Assessor has established the Assessed Valuation for each parcel for a given year, and following any revisions by the Board of Review or PTAB, the Department is required by statute to review the Assessed Valuations. The Department establishes an equalization factor (the *"Equalization Factor"*), commonly called the "multiplier," for each county to make all valuations uniform among the 102 counties in the State. Under State law, the aggregate of the assessments within each county is equalized at 33-1/3% of the estimated fair cash value of real property located within the county prior to any applicable exemptions. One multiplier is applied to all property in the County, regardless of its assessment category, except for certain farmland property and wind energy assessable property, which are not subject to equalization. The following table sets forth the Equalization Factor for the County for the last ten tax levy years.

TAX LEVY YEAR	EQUALIZATION FACTOR
2016	2.8032
2017	2.9627
2018	2.9109
2019	2.9160
2020	3.2234
2021	3.0027
2022	2.9237
2023	3.0163
2024	3.0355
2025	3.0300

Once the Equalization Factor is established, the Assessed Valuation, as revised by the Board of Review or PTAB, is multiplied by the Equalization Factor to determine the EAV of that parcel. The EAV for each parcel is the final property valuation used for determination of tax liability. The aggregate EAV for all parcels in any taxing body's jurisdiction, plus the valuation of property assessed directly by the Department, constitute the total real estate tax base for the taxing body, which is used to calculate tax rates (the *"Assessment Base"*).

EXEMPTIONS

The Illinois Property Tax Code, as amended (the *"Property Tax Code"*), exempts certain property from taxation. Certain property is exempt from taxation on the basis of ownership and/or use, including, but not limited to, public parks, not-for-profit schools, public schools, churches, not-for-profit hospitals and public hospitals. In addition, the Property Tax Code provides a variety of homestead exemptions, which are discussed below.

An annual General Homestead Exemption provides that the EAV of certain property owned and used for residential purposes (*"Residential Property"*) may be reduced by the amount of any increase over the 1977 EAV, up to a maximum reduction of $10,000 for tax years 2017 and thereafter.

The Long-Time Occupant Homestead Exemption limits the increase in EAV of a taxpayer's homestead property to 10% per year if such taxpayer has owned the property for at least 10 years as of January 1 of the assessment year (or 5 years if purchased with certain government assistance) and has a household income of $100,000 or less (*"Qualified Homestead Property"*). If the taxpayer's annual income is $75,000 or less, the EAV of the Qualified Homestead Property may increase by no more than 7% per year. There is no exemption limit for Qualified Homestead Properties.

The Homestead Improvement Exemption applies to Residential Property that has been improved and to properties that have been rebuilt in the two years following a catastrophic event, as defined in the Property Tax Code. The exemption is limited to an annual maximum amount of $75,000 for up to four years, to the extent the Assessed Valuation is attributable solely to such improvements or rebuilding.

The Senior Citizens Homestead Exemption annually reduces the EAV on residences owned and occupied by senior citizens. The maximum exemption is $8,000 for tax years 2017 and thereafter.

The Senior Citizens Assessment Freeze Homestead Exemption freezes property tax assessments for homeowners who are 65 and older, reside in their property as their principal place of residence and receive a household income not in excess of $65,000 beginning in assessment year 2017. This exemption grants to qualifying senior citizens an exemption equal to the difference between (a) the current EAV of the residence and (b) the EAV of a senior citizen's residence for the year prior to the year in which he or she first qualifies and applies for the exemption, plus the EAV of improvements since such year. Beginning in tax year 2017, the amount of the exemption is equal to the greater of the amount calculated as described in the previous sentence (as more completely set forth in the Property Tax Code) or $2,000.

Purchasers of certain single family homes and residences of one to six units located in certain targeted areas (as defined in the applicable section of the Property Tax Code) can apply for the Community Stabilization Assessment Freeze Pilot Program. To be eligible the purchaser must meet certain requirements for rehabilitating the property, including expenditures of at least $5 per square foot, adjusted by the Consumer Price Index (*"CPI"*). Upon meeting the requirements, the

assessed value of the improvements is reduced by (a) 90% in the first seven years, (b) 65% in the eighth year and (c) 35% in the ninth year. The benefit ceases in the tenth year. The program will be phased out by June 30, 2029.

The Natural Disaster Homestead Exemption (the *"Natural Disaster Exemption"*) applies to homestead properties containing a residential structure that has been rebuilt following a natural disaster. A natural disaster is an occurrence of widespread or severe damage or loss of property resulting from any catastrophic cause including but not limited to fire, flood, earthquake, wind, or storm. The Natural Disaster Exemption is equal to the equalized assessed value of the residence in the first taxable year for which the taxpayer applies for the exemption minus the base amount. To be eligible for the Natural Disaster Exemption, the residential structure must be rebuilt within two years after the date of the natural disaster, and the square footage of the rebuilt residential structure may not be more than 110% of the square footage of the original residential structure as it existed immediately prior to the natural disaster. The Natural Disaster Exemption remains at a constant amount until the taxable year in which the property is sold or transferred.

Several exemptions are available to veterans of the United States armed forces. The Veterans with Disabilities Exemption for Specially-Adapted Housing exempts up to $100,000 of the Assessed Valuation of property owned and used exclusively by veterans with a disability, their spouses or unmarried surviving spouses. Qualification for this exemption requires the veteran's disability to be of such a nature that the federal government has authorized payment for purchase of specially adapted housing under the U.S. Code as certified to annually by the Illinois Department of Veterans Affairs or for housing or adaptations donated by a charitable organization to such disabled veteran.

The Standard Homestead Exemption for Veterans with Disabilities provides an annual homestead exemption to veterans with a service-connected disability based on the percentage of such disability. If the veteran has a (a) service-connected disability of 30% or more but less than 50%, the annual exemption is $2,500, (b) service-connected disability of 50% or more but less than 70%, the annual exemption is $5,000, and (c) service-connected disability of 70% or more, the property is exempt from taxation.

The Returning Veterans' Homestead Exemption is available for property owned and occupied as the principal residence of a veteran in the assessment year, and the year following the assessment year, in which the veteran returns from an armed conflict while on active duty in the United States armed forces. This provision grants a one-time, two-year homestead exemption of $5,000.

Finally, the Homestead Exemption for Persons with Disabilities provides an annual homestead exemption in the amount of $2,000 for property that is owned and occupied by certain disabled persons who meet State-mandated guidelines.

TAX LEVY

As part of the annual budgetary process of governmental units (the *"Units"*) with power to levy taxes in the County, the designated body for each Unit annually adopts proceedings to levy

real estate taxes. The administration and collection of real estate taxes is statutorily assigned to the County Clerk and the County Treasurer. After the Units file their annual tax levies, the County Clerk computes the annual tax rate for each Unit. The County Clerk computes the Unit's maximum allowable levy by multiplying the maximum tax rate for that Unit by the prior year's EAV for all property currently in the District. The prior year's EAV includes the EAV of any new property, the current year value of any annexed property and any recovered tax increment value, minus any disconnected property for the current year under the Limitation Law. The tax rate for a Unit is computed by dividing the lesser of the maximum allowable levy or the actual levy by the current year's EAV.

PROPERTY TAX EXTENSION LIMITATION LAW

The Property Tax Extension Limitation Law, as amended (the *"Limitation Law"*), is applied after the prior year EAV limitation. The Limitation Law limits the annual growth in the amount of property taxes to be extended for certain Illinois non-home rule units, including the District. The effect of the Limitation Law is to limit the amount of property taxes that can be extended for a taxing body. In addition, general obligation bonds, notes and installment contracts payable from ad valorem taxes, unlimited as to rate and amount, cannot be issued by the affected taxing bodies unless they are approved by referendum, are alternate bonds, are for fire prevention and safety, energy conservation and school security purposes (such as the Bonds) or are for certain refunding purposes.

The use of prior year EAVs to limit the allowable tax levy may reduce tax rates for funds that are at or near their maximum rates in taxing Districts with rising EAVs. These reduced rates and all other rates for those funds subject to the Limitation Law are added together, which results in the aggregate preliminary rate. The aggregate preliminary rate is then compared to the limiting rate. If the limiting rate is more than the aggregate preliminary rate, there is no further reduction in rates due to the Limitation Law. If the limiting rate is less than the aggregate preliminary rate, the aggregate preliminary rate is further reduced to the limiting rate. In all cases, taxes are extended using current year EAV under Section 18-140 of the Property Tax Code.

The District has the authority to levy taxes for many different purposes. See "FINANCIAL INFORMATION AND ECONOMIC CHARACTERISTICS OF THE DISTRICT - School District Tax Rates by Purpose." The ceiling at any particular time on the rate at which these taxes may be extended for the District is either (a) unlimited (as provided by statute), (b) initially set by statute but permitted to be increased by referendum, (c) capped by statute, or (d) limited to the rate approved by referendum. The only ceiling on a particular tax rate is the ceiling set by statute, at which the rate is not permitted to be further increased by referendum or otherwise. Therefore, taxing Districts (such as the District) have flexibility to levy taxes for the purposes for which they most need the money. The total aggregate tax rate for the various purposes subject to the Limitation Law, however, will not be allowed to exceed the District's limiting rate computed in accordance with the provisions of the Limitation Law.

If the District's Adequacy Target (as defined under "STATE AID" herein) exceeds 110% for the school year that begins during the calendar year immediately preceding the levy year for which a tax reduction is sought, a petition signed by at least 10% of the registered voters in the District

may be filed requiring a proposition to be submitted to the District's voters at the next consolidated election in April of odd-numbered years asking the voters whether the District must reduce its extension for educational purposes for the levy year in which the election is held to an amount that is less than the extension for educational purposes for the immediately preceding levy year. The reduced extension, however, may not be more than 10% lower than the amount extended for educational purposes in the previous levy year and may not cause the District's Adequacy Target to fall below 110% for the levy year for which the reduction is sought. If the voters approve the proposition, the County Clerk will extend a rate for educational purposes that is no greater than the limiting rate for educational purposes computed in accordance with the Limitation Law. If such proposition is submitted to the voters, it may not be submitted again at any of the next two consolidated elections.

In general, the annual growth permitted under the Limitation Law is the lesser of 5% or the percentage increase in the CPI during the calendar year preceding the levy year. Taxes can also be increased due to new construction, referendum approval of tax rate increases, mergers and consolidations. Local governments, including the District, can issue limited bonds in lieu of general obligation bonds that have otherwise been authorized by applicable law.

Beginning with levy year 2021, each tax-capped taxing district (such as the District) receives an automatic levy increase in the amount of any property tax refunds paid by such taxing district in the prior year as a result of the issuance of certificates of error, court orders issued in connection with valuation tax objection complaints and Illinois Property Tax Appeal Board (the *"PTAB"*) decisions. For levy year 2025, the additional amount added to the District's tax levy as a result of this change was $75,095.

Pursuant to Section 18-190.7 of the Property Tax Code, school districts that have a designation of "recognition" or "review" according to the Illinois State Board of Education's (*"ISBE"*) School District Financial Profile System, park districts, library districts and community college districts and for which taxes were not extended at the maximum amount permitted under the Limitation Law in a given levy year may be able to recapture all or a portion of such unrealized levy amount in a subsequent levy year. Section 18-190.7 directs county clerks, in calculating the limiting rate for a given taxing district, to use the greater of the taxing district's last preceding aggregate extension or the district's last preceding aggregate extension if the taxing district had utilized the maximum limiting rate permitted without referendum for each of the three immediately preceding levy years. The aggregate extension of a taxing district that includes any recapture for a particular levy year cannot exceed the taxing district's aggregate extension for the immediately preceding levy year by more than 5%. If a taxing district cannot recapture the entire unrealized levy amount in a single levy year, the taxing district may increase its aggregate extension in each succeeding levy year until the entire levy amount is recaptured.

Illinois legislators have introduced several proposals to further modify the Limitation Law, including freezing property taxes and extending tax caps to all taxing bodies in the State. The District cannot predict whether, or in what form, any change to the Limitation Law may be enacted into law, nor can the District predict the effect of any such change on the District's finances.

EXTENSIONS

The County Clerk then computes the total tax rate applicable to each parcel of real property by aggregating the tax rates of all of the Units having jurisdiction over the particular parcel. The County Clerk extends the tax by entering the tax (determined by multiplying the total tax rate by the EAV of that parcel for the current assessment year) in the books prepared for the County Collector (the *"Warrant Books"*) along with the tax rates, the Assessed Valuation and the EAV. The Warrant Books are the County Collector's authority for the collection of taxes and are used by the County Collector as the basis for issuing tax bills to all property owners.

COLLECTIONS

Property taxes are collected by the County Collector, who also serves as the County Treasurer, who remits to each Unit its share of the collections. Taxes levied in one year become payable during the following year in two installments, the first due on March 1 and the second on the later of August 1 or 30 days after the mailing of the tax bills. A payment due is deemed to be paid on time if the payment is postmarked on the due date. Beginning with the first installment payable in 2010, the first installment is equal to 55% of the prior year's tax bill. However, if a Certificate of Error is approved by a court or certified on or before November 30 of the preceding year and before the estimated tax bills are prepared, then the first installment is instead based on the certain percentage of the *corrected* prior year's tax bill. The second installment covers the balance of the current year's tax bill, and is based on the then current tax year levy, Assessed Valuation and Equalization Factor, and reflects any changes from the prior year in those factors. The first installment penalty date has historically been the first business day in March. Due to delays in the second penalty installment date with respect to levy years 2021 and 2024, the subsequent first installment penalty date for levy years 2022 and 2025 was changed by legislation enacted by the General Assembly from, with respect to levy year 2022, March 1, 2023 to April 1, 2023, and, with respect to levy year 2025, March 1, 2026, to April 1, 2026. The District did not experience any cash flow issues due to such change with respect to levy years 2022 and 2025. The following table sets forth the second installment penalty date for the last ten tax levy years in the County.

TAX LEVY YEAR	SECOND INSTALLMENT PENALTY DATE
2016	August 1, 2017
2017	August 1, 2018
2018	August 1, 2019
2019	August 3, 2020
2020	August 2, 2021
2021	December 30, 2022
2022	December 1, 2023
2023	August 1, 2024
2024	December 15, 2025
2025	October 1, 2026

The distribution of the County's property tax bills has been delayed several times in recent years. As a result of ongoing efforts to modernize technology within various County property tax agencies, personnel shortages and turnover attributable to COVID-19 and the complicated nature of the reassessment of property taxes in the City of Chicago, the distribution of amounts related to the second installment for each of the 2021 and 2022 tax years (for amounts payable in calendars 2022 and 2023, respectively), were delayed. Due to further efforts to modernize the County's property tax system, the County's second installment property tax distributions were delayed again for tax year 2024 (collectible in calendar year 2025). The District did not experience any cash flow issues due to such delays.

It is possible that the changes to the assessment appeals process described above will cause delays similar to those experienced in past years in preparation and mailing of the second installment in future years. In the future, the County may provide for tax bills to be payable in four installments instead of two.

During the periods of peak collections, tax receipts are forwarded to each Unit on a weekly basis. Upon receipt of taxes from the County Collector, the District promptly credits the taxes received to the funds for which they were levied.

UNPAID TAXES AND ANNUAL TAX SALES

Taxes that are not paid when due, or that are not paid by mail and postmarked on or before the due date, are deemed delinquent and bear interest at the rate of 0.75% per month (or portion thereof) until paid. Unpaid property taxes, together with penalties, interest and costs, constitute a lien against the property subject to the tax. If taxes go unpaid for 13 months, the County Treasurer is required to sell the delinquent property taxes at the "Annual Tax Sale", which is a sale of tax liens, not properties. A public sale is held, at which time successful tax buyers pay the unpaid taxes plus penalties. Taxpayers can redeem their property by paying the amount paid at the sale, plus interest penalties and fees. If no redemption is made within the applicable redemption period, the tax buyer can secure a court-ordered deed to the home. Tax buyers can seek the deed to a home after 2-1/2 years, with the option of a six-month extension. If the property is abandoned, that time frame can be shortened to two years. Owners of vacant, commercial and industrial properties have six months to redeem their taxes before the tax buyer can seek ownership of the property.

If there is no sale of the tax lien on a parcel of property at the Annual Tax Sale, the taxes are forfeited and the property becomes eligible to be purchased at any time thereafter at an amount equal to all delinquent taxes and interest accrued to the date of purchase. Redemption periods and procedures are the same as applicable to the Annual Tax Sale.

When taxes remain unpaid for more than 20 years, Illinois law states that the property is "forfeited to the state." As a practical matter, this does not happen. Instead, the taxes are wiped out, as the property remains in its distressed condition barring a change in the owner's circumstances or it being sold.

SCAVENGER SALES

In the County, if a property's taxes go unpaid in at least three of the previous 20 years, the property is offered at a biennial "Scavenger Sale," which like the Annual Tax Sale, is a sale of unpaid taxes. The winning bidder is not required to pay any of the previous years' unpaid taxes. If the owner, however, does not redeem such back taxes, the winning bidder can seek deed to the property. To obtain the deed, the bidder must pay all unpaid taxes billed on the property between the last year covered by the Scavenger Sale and the date the bidder seeks the deed. Redemption periods vary from six months to two and a half years depending upon the type and occupancy of the property. As in the Annual Sale, bidders at the Scavenger Sale can seek the deed to a home after 2-1/2 years, with the option of a six-month extension. If the property is abandoned, that time frame can be shortened to two years. With a vacant, commercial or industrial property, the winning buyer can seek the deed after six months.

Public Act 103-0555 effective January 1, 2024, eliminates the County's mandatory Scavenger Sale and allows the County or local governments to take control of properties if they are not purchased in the Annual Tax Sale. The County, like all other Illinois counties, can cease selling tax liens and instead work to connect chronically-delinquent, forfeited tax liens to new development opportunities.

Recent federal court decisions have challenged the constitutionality of tax sale systems similar to the Illinois tax sale system in other states. In December 2025, a federal court determined that the County's tax sale system is likewise unconstitutional based on those earlier rulings. In response to these rulings, the General Assembly enacted Public Act 104-0553, which was signed into law on July 10, 2026. This legislation makes significant amendments to the Property Tax Code, including: (i) requiring that properties subject to tax deed proceedings be sold at a judicial tax deed auction to the highest bidder, rather than directly to the tax purchaser; (ii) entitling former property owners to receive any surplus proceeds from such auctions that exceed the amount of the tax deed judgment; (iii) establishing a surplus equity fund to compensate former owners who sustained losses from tax deeds recorded in the two years prior to the effective date of the legislation or from outstanding tax certificates issued prior to the effective date; (iv) enhancing notice requirements to property owners regarding tax sales, redemption rights, and tax deed auctions, including multilingual notice requirements in counties with 3,000,000 or more inhabitants; and (v) establishing a pilot program in the County under which the county may acquire tax certificates for up to 100 homestead properties with the lowest tax amounts. These provisions apply to tax certificates issued on or after July 10, 2026. The District makes no prediction as to the effect of such rulings or legislation on the State's tax sale process or on the District's receipt of property tax revenues.

TRUTH IN TAXATION LAW

Legislation known as the Truth in Taxation Law (the *"Law"*) limits the aggregate amount of certain taxes which can be levied by, and extended for, a taxing district to 105% of the amount of taxes extended in the preceding year unless specified notice, hearing and certification requirements are met by the taxing body. The express purpose of the Law is to require published disclosure of, and hearing upon, an intention to adopt a levy in excess of the specified levels. The

provisions of the Law do not apply to levies made to pay principal of and interest on the Bonds. The District covenanted in the Bond Resolution that it will not take any action or fail to take any action which would adversely affect the ability of the District to levy and collect the taxes levied by the District for payment of principal of and interest on the Bonds. The District also covenanted that it and its officers will comply with all present and future applicable laws to assure that such taxes will be levied, extended, collected and deposited as provided in the Bond Resolution.

SCHOOL DISTRICT FINANCIAL PROFILE

ISBE utilizes a system for assessing a school district's financial health referred to as the *"School District Financial Profile"* which replaced the Financial Watch List and Financial Assurance and Accountability System. This system identifies those school districts which are moving into financial distress.

The system uses five indicators which are individually scored, placed into a category of a four, three, two or one, with four being the best possible, and weighted in order to arrive at a composite district financial profile. The indicators and the weights assigned to those indicators are as follows: fund balance to revenue ratio (35%); expenditures to revenue ratio (35%); days cash on hand (10%); percent of short-term borrowing ability remaining (10%); and percent of long-term debt margin remaining (10%).

The scores of the weighted indicators are totaled to obtain a district's overall score. The highest score is 4.0 and the lowest score is 1.0. A district is then placed in one of four categories as follows:

- *Financial Recognition*. A school district with a score of 3.54-4.00 is assigned to this category, which is the best category of financial strength. These districts require minimal or no active monitoring by ISBE unless requested by the district.

- *Financial Review.* A school district with a score of 3.08-3.53 is assigned to this category, the next highest financial strength category. These districts receive a limited review by ISBE, but are monitored for potential downward trends. ISBE staff also review the next year's school budget for further negative trends.

- *Financial Early Warning.* A school district with a score of 2.62-3.07 is placed in this category. ISBE monitors these districts closely and offers proactive technical assistance, such as financial projections and cash flow analysis. These districts also are reviewed to determine whether they meet the criteria set forth in Article 1A-8 of the School Code to be certified in financial difficulty and possibly qualify for a Financial Oversight Panel.

- *Financial Watch.* A school district with a score of 1.00-2.61 is in this category, the highest risk category. ISBE monitors these districts very closely and offers technical assistance with, but not limited to, financial projections, cash flow analysis, budgeting, personnel inventories and enrollment projections. These districts are also assessed to determine if they qualify for a Financial Oversight Panel.

For each school district, ISBE calculates an original financial profile score (the *"Original Score"*) and an adjusted financial profile score (the *"Adjusted Score"*). The Original Score is calculated based solely on such school district's audited financial statements as of the close of the most recent fiscal year. The Adjusted Score is calculated based initially on a school district's audited financial statements for the most recent fiscal year, with adjustments made to reflect the impact on the Original Score of timing differences between such school district's actual and expected receipt of State payments, as required by Section 1A-8 of the School Code. ISBE has implemented this statutory requirement by adding in payments expected to be received during the calculation year but not actually received until the following fiscal year, as well as by subtracting certain State payments received during the current fiscal year but attributable to a prior fiscal year. Such adjustments may have a varying effect on a school district's Adjusted Score based on the amount of time by which such State payments are delayed and the accounting basis adopted by such school district. Due to the manner in which such requirement has been implemented by ISBE, a school district's Adjusted Score may be different than it otherwise would have been in certain years based on the scheduled receipt of State payments.

The following table sets forth the District's Original Scores and Adjusted Scores, as well as the designation assigned to each score, for each of the last five fiscal years (as released by ISBE in the calendar year following the conclusion of each fiscal year):

Fiscal Year (June 30)	Original Score	Designation Based on Original Score	Adjusted Score	Designation Based on Adjusted Score
2021	3.90	Recognition	3.90	Recognition
2022	3.90	Recognition	3.90	Recognition
2023	3.55	Recognition	3.55	Recognition
2024	3.90	Recognition	3.90	Recognition
2025	4.00	Recognition	4.00	Recognition

The Auditor has calculated the District's Original Score for fiscal year 2026 to be 4.00, which places the District in the Financial Recognition category. Such calculation of the Original Score is preliminary and may be different from the official Original Score released by ISBE. The District expects that ISBE will release its official Original Score and its Adjusted Score in calendar year 2027.

STATE AID

General

The State provides aid to local school districts on an annual basis as part of the State's appropriation process. Many school districts throughout the State rely on such state aid as a significant part of their budgets. For the fiscal year ended June 30, 2026, 14.38% of the District's General Fund revenue came from State funding sources. See *Exhibit C* to this Official Statement for more information concerning the breakdown of the District's revenue sources.

GENERAL STATE AID—EVIDENCE-BASED FUNDING MODEL

Beginning with fiscal year 2018, general State funds (*"General State Aid"*) have, pursuant to Public Act 100-0465, been distributed to school districts under the "Evidence-Based Funding Model". The Evidence-Based Funding Model sets forth a school funding formula that ties individual district funding to evidence-based best practices that certain research shows enhance student achievement in the classroom. Under the funding formula, ISBE will calculate an adequacy target (the *"Adequacy Target"*) each year for each district based upon its unique student population, regional wage differences and best practices. Each district will be placed in one of four tiers depending on how close the sum of its local resources available to support education (based on certain State resources and its expected property tax collections, its "Local Capacity Target", and its Base Funding Minimum (as hereinafter defined) are to its Adequacy Target; Tier One and Tier Two for those districts that are the furthest away from their Adequacy Targets and Tier Three and Tier Four for those districts that are the closest to (or above) their Adequacy Targets. For each school year, all State funds appropriated for General State Aid in excess of the amount needed to fund the Base Funding Minimum for all school districts (*"New State Funds"*) will be distributed to districts based on tier placement. Of any New State Funds available, Tier One receives 50%, Tier Two receives 49%, Tier Three receives 0.9%, and Tier Four receives 0.1%. Tier Two includes all Tier One districts for the purpose of the allocation percentages for New State Funds.

On June 16, 2026, Governor Pritzker signed the State's $55.9 billion general funds budget (Public Act 104-0464) for the fiscal year ending June 30, 2027 (the *"Fiscal Year 2027 Budget"*). The Fiscal Year 2027 Budget increased mandated categorical state aid by approximately $68 million. The Fiscal Year 2027 Budget also appropriated General State Aid in an amount $350 million greater than the appropriation in the prior fiscal year budget. Such additional General State Aid will be distributed to districts pursuant to the Evidence-Based Funding Model.

The Evidence-Based Funding Model also provides that each school district will be allocated at least as much in General State Aid in future years as it received in the most recently completed school year (such amount being the district's *"Base Funding Minimum"*). The Base Funding Minimum for the District for school year 2017-2018 was $1,155,422 (the *"Initial Base Funding Minimum"*). Mandated Categorical State Aid (as hereinafter defined) received by the District in fiscal year 2017, other than Mandated Categorical State Aid related to transportation and extraordinary special education, was included in the Initial Base Funding Minimum. Any New State Funds received by a district in a year become part of its Base Funding Minimum in the following year.

The following table sets forth the amounts received by the District pursuant to the Evidence-Based Funding Model in each of the last five fiscal years, and the amount expected to be received in fiscal year ending June 30, 2027.

Fiscal Year	Evidence-Based Funding
2022	$1,312,251
2023	1,343,234
2024	1,368,790
2025	1,405,770
2026	1,435,291
2027 (projected)[(1)]	1,466,162

The projected amount of Evidence-Based Funding for fiscal year ending June 30, 2027, consists of the Base Funding Minimum plus anticipated New State Funds for fiscal year ending June 30, 2027.

(1) For fiscal year ending June 30, 2027, the District has been placed in Tier Two.

Property Tax Relief Pool Funds

For the purpose of encouraging high tax rate school districts to reduce property taxes, the Evidence-Based Funding Model also established a property tax relief grant program (the *"Property Tax Relief Pool"*). School districts must apply for the grant and indicate an amount of intended property tax relief, which relief may not be greater than 1% of EAV for a unit district, 0.69% of EAV for an elementary school district or 0.31% of EAV for a high school district, reduced, in each case, based on the Local Capacity Target of the applicant. Property Tax Relief Pool grants will be allocated to school districts based on each district's percentage of the simple average operating tax rate of all school districts of the same type (unit, elementary or high), in order of priority from highest percentage to lowest, until the Property Tax Relief Pool is exhausted. A school district which receives a Property Tax Relief Pool grant is required to abate its property tax levy by the amount of intended property tax relief for the levy year in which the grant is to be received, and the succeeding levy year. The difference between the amount of the grant and the amount of the abatement is based on a statutory calculation which takes into account relative Local Capacity Targets. Pursuant to such calculation, a school district with a low Local Capacity Target will be required to abate less than a school district with a high Local Capacity Target, assuming the amount of Property Tax Relief Pool grants received by the school districts are the same. Property Tax Relief Pool grants received by a school district are included in future calculations of that district's Base Funding Minimum, unless that district does not abate its property tax levy by the amount of intended property tax relief as described above. In the Fiscal Year 2027 Budget, $50 million of General State Aid was allocated to the Property Tax Relief Pool.

Mandated Categorical State Aid

Illinois school districts are entitled to reimbursement from the State for expenditures incurred in providing programs and services legally required to be available to students under State law. Such reimbursements, referred to as *"Mandated Categorical State Aid,"* are made to the school district in the fiscal year following the expenditure, *provided* that the school district files the paperwork necessary to inform the State of such an entitlement. From time to time, Mandated

Categorical State Aid payments from the State have been delayed and have been prorated as part of the appropriation process, as described below.

Prior to fiscal year 2018, the School Code provided for Mandated Categorical State Aid with respect to mandatory school programs relating to: (a) special education, (b) transportation, (c) free and reduced breakfast and lunch, and (d) orphanage tuition. Beginning with fiscal year 2018, Mandated Categorical State Aid is no longer the source of funding for mandatory school programs relating to special education, other than private facility tuition and transportation. Mandated Categorical State Aid received by a district in fiscal year 2017 for special education programming no longer available for Mandated Categorical State Aid in fiscal year 2018 is included in the Base Funding Minimum for that district.

In addition, although school districts are entitled to reimbursement for expenditures made under these programs, these reimbursements are subject to the State's appropriation process. In the event that the State does not appropriate an amount sufficient to fund fully the Mandated Categorical State Aid owed to each school district, the total Mandated Categorical State Aid is proportionally reduced such that each school district receives the same percentage of its Mandated Categorical State Aid request with respect to a specific category of such aid as every other school district.

In past years, the State has not fully funded all Mandated Categorical State Aid payments. Therefore, pursuant to the procedures discussed above, proportionate reductions in Mandated Categorical State Aid payments to school districts have occurred. However, because these programs are "mandatory" under the School Code, each school district must provide these programs regardless of whether such school district is reimbursed by the State for the related expenditures. No assurance can be given that the State will make appropriations in the future sufficient to fund fully the Mandatory Categorical State Aid requirements. As such, the District's revenues may be impacted in the future by increases or decreases in the level of funding appropriated by the State for Mandated Categorical State Aid.

COMPETITIVE GRANT STATE AID

The State also provides funds to school districts for expenditures incurred in providing additional programs that are allowed, but not mandated by, the School Code. In contrast to Mandated Categorical State Aid, such *"Competitive Grant State Aid"* is not guaranteed to a school district that provides these programs. Instead, a school district applying for Competitive Grant State Aid must compete with other school districts for the limited amount appropriated each year by the State for such program.

Competitive Grant State Aid is allocated, after appropriation by the State, among certain school districts selected by the State. The level of funding is annually determined separately for each category of aid based on the State's budget. This process does not guarantee that any funding will be available for Competitive Grant State Aid programs, even if a school district received such funding in a prior year. Therefore, school districts may incur expenditures with respect to certain Competitive Grant State Aid programs without any guarantee that the State will appropriate the money necessary to reimburse such expenditures.

PAYMENT FOR MANDATED CATEGORICAL STATE AID AND COMPETITIVE GRANT STATE AID

The State makes payments to school districts for Mandated Categorical State Aid and Competitive Grant State Aid (together, *"Categorical State Aid"*) in accordance with a voucher system involving ISBE. ISBE vouchers payments to the State on a periodic basis. The time between vouchers varies depending on the type of Categorical State Aid in question. For example, with respect to the categories of Mandated Categorical State Aid related to extraordinary special education and transportation, ISBE vouchers the State for payments on a quarterly basis. With respect to Competitive Grant State Aid, a payment schedule is established as part of the application process, and ISBE vouchers the State for payment in accordance with this payment schedule.

Once ISBE has vouchered the State for payment, the State is required to make the Categorical State Aid payments to the school districts. As a general matter, the State is required to make such payments within 90 days after the end of the State's fiscal year.

See *Exhibit C* for a summary of the District's general fund revenue sources.

FEDERAL COVID-19 FUNDS DISTRIBUTED TO THE DISTRICT

The COVID-19 pandemic, along with various governmental measures taken to protect public health in light of the pandemic, has had an adverse impact on global economies, including economic conditions in the United States. In response to the pandemic, federal legislation, particularly the (i) Coronavirus Aid, Relief, and Economic Security Act (commonly known as ESSER I), (ii) the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (commonly known as ESSER II), and (iii) the American Rescue Plan of 2021 (commonly known as ESSER III), was enacted to provide funds to mitigate the economic downturn and health care crisis caused by COVID-19.

The District received $129,408 pursuant to ESSER I, $467,692 pursuant to ESSER II and $1,084,894 pursuant to ESSER III. All ESSER funds were fully expended by September 2024.

RETIREMENT PLANS

The District participates in two defined benefit pension plans: (i) the Teachers' Retirement System of the State of Illinois (*"TRS"*), which provides retirement benefits to the District's teaching employees, and (ii) the Illinois Municipal Retirement Fund (the *"IMRF"* and, together with TRS, the *"Pension Plans"*), which provides retirement benefits to the District's non-teaching employees. The District makes certain contributions to the Pension Plans on behalf of its employees, as further described in this section. The operations of the Pension Plans, including the contributions to be made to the Pension Plans, the benefits provided by the Pension Plans, and the actuarial assumptions and methods employed in generating the liabilities and contributions of the Pension Plans, are governed by the Illinois Pension Code, as amended (the *"Pension Code"*).

The following summarizes certain provisions of the Pension Plans and the funded status of the Pension Plans, as more completely described in Note 5 to the Audit, as hereinafter defined, attached hereto as APPENDIX A.

BACKGROUND REGARDING PENSION PLANS

The Actuarial Valuation

The disclosures in the Audit related to the Pension Plans are based in part on the actuarial valuations of the Pension Plans. In the actuarial valuations, the actuary for each of the Pension Plans measures the financial position of the Pension Plan, determines the amount to be contributed to a Pension Plan pursuant to statutory requirements, and produces information mandated by the financial reporting standards (the *"GASB Standards"*) issued by the Governmental Accounting Standards Board (*"GASB"*), as described below.

In producing an actuarial valuation, the actuary for the Pension Plan uses demographic data (including employee age, salary and service credits), economic assumptions (including estimated future salary and interest rates), and decrement assumptions (including employee turnover, mortality and retirement rates) and employs various actuarial methods to generate the information required to be included in such valuation.

GASB Standards

The GASB Standards provide standards for financial reporting and accounting related to pension plans.

The GASB Standards require calculation and disclosure of a "Net Pension Liability" or "Net Pension Asset," which is the difference between the actuarial present value of projected benefit payments that is attributed to past periods of employee service calculated pursuant to the methods and assumptions set forth in the GASB Standards (referred to in such statements as the *"Total Pension Liability"*) and the fair market value of the pension plan's assets (referred to as the *"Fiduciary Net Position"*).

Furthermore, the GASB Standards employ a rate, referred to in such statements as the *"Discount Rate,"* which is used to discount projected benefit payments to their actuarial present values. The Discount Rate is a blended rate comprised of (1) a long-term expected rate of return on a pension plan's investments (to the extent that such assets are projected to be sufficient to pay benefits), and (2) a tax-exempt municipal bond rate meeting certain specifications set forth in the GASB Standards.

Finally, the GASB Standards require that the Net Pension Liability be disclosed in the notes to the financial statements of the pension system and that a proportionate share of the Net Pension Liability be recognized on the balance sheet of the employer, and that an expense be recognized on the income statement of the employer.

Pension Plans Remain Governed by the Pension Code

As described above, the GASB Standards establish requirements for financial reporting purposes. However, the Pension Plans are ultimately governed by the provisions of the Pension Code in all respects, including, but not limited to, the amounts to be contributed by the District to the Pension Plans in each year.

TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The District participates in TRS, which is a cost-sharing multiple-employer defined benefit pension plan that was created by the General Assembly of the State (the *"General Assembly"*) for the benefit of Illinois public school teachers outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer, which includes all school districts located outside of the City of Chicago, to provide services for which teacher licensure is required.

The Pension Code sets the benefit provisions of TRS, which can only be amended by the General Assembly. The State maintains primary responsibility for the funding of the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the System's administration.

For information relating to the actuarial assumptions and methods used by TRS, including the Discount Rate and the sensitivity of the Net Pension Liability to changes in the Discount Rate, see Note 5 to the Audit.

Employer Funding of Teachers' Retirement System

Under the Pension Code, active members contribute 9.0% of creditable earnings to TRS. The State makes the balance of employer contributions to the State on behalf of the District, except for a small portion contributed by the teacher's employer, such as the District. For the most recent five fiscal years, the sum of the amounts contributed by the District to TRS were as follows:

FISCAL YEAR ENDED JUNE 30	TRS CONTRIBUTION
2022	$44,010
2023	59,648
2024	74,797
2025	60,441
2026	78,418

Source: The audited financial statements of the District for the fiscal years ended June 30, 2022, through June 30, 2026.

For information regarding additional contributions the District may be required to make to TRS with respect to certain salary increases and other programs, see Note 5 to the Audit.

ILLINOIS MUNICIPAL RETIREMENT FUND

The District also participates in the IMRF, which is a defined-benefit, agent multiple employer pension plan that acts as a common investment and administrative agent for units of local government and school districts in the State. The IMRF is established and administered under statutes adopted by the General Assembly. The Pension Code sets the benefit provisions of the IMRF, which can only be amended by the General Assembly.

Each employer participating in the IMRF, including the District, has an employer reserve account with the IMRF separate and distinct from all other participating employers (the *"IMRF Account"*) along with a unique employer contribution rate determined by the IMRF Board of Trustees (the *"IMRF Board"*), as described below. The employees of a participating employer receive benefits solely from such employer's IMRF Account. Participating employers are not responsible for funding the deficits of other participating employers.

The IMRF issues a publicly available financial report that includes financial statements and required supplementary information which may be viewed at the IMRF's website.

See Note 5 to the Audit for additional information on the IMRF.

Contributions

Both employers and employees contribute to the IMRF. At present, employees contribute 4.50% of their salary to the IMRF, as established by statute. Employers are required to make all additional contributions necessary to fund the benefits provided by the IMRF to its employees. The annual rate at which an employer must contribute to the IMRF is established by the IMRF Board. The District's contribution rate for calendar year 2025 was 5.15% of covered payroll.

For the most recent five fiscal years, the District contributed the following amounts to IMRF:

FISCAL YEAR ENDED JUNE 30	IMRF CONTRIBUTIONS
2022	$109,405
2023	83,584
2024	66,946
2025	69,983
2026	85,021

Source: The audited financial statements of the District for the fiscal years ended June 30, 2022, through June 30, 2026.

Measures of Financial Position

The following table presents the measures of the IMRF Account's financial position as of December 31 for the five most recent calendar years, which are presented pursuant to the GASB Standards.

Calendar Year Ended December 31	Total Pension Liability	Fiduciary Net Position	Net Pension (Asset)/Liability	Fiduciary Net Position as a % of Total Pension Liability	Discount Rate
2021	$6,372,163	7,264,061	(891,898)	114.00%	7.25%
2022	6,606,438	6,173,085	433,353	93.44%	7.25%
2023	6,657,862	6,582,833	75,029	98.87%	7.25%
2024	6,938,256	6,706,791	235,465	96.61%	7.25%

See Note 5 to the Audit, for additional information on the IMRF.

TEACHER HEALTH INSURANCE SECURITY FUND

The District participates in the Teacher Health Insurance Security Fund (the *"THIS Fund"*), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of TRS.

The State maintains primary responsibility for funding, but contributions from participating employers and members are also required. For the fiscal year ended June 30, 2026, the District paid $53,667 to the THIS Fund, which was 100% of the required contribution. For more information regarding the District's THIS Fund obligation, see Note 6 to the Audit.

BOND RATING[S]

[S&P is expected to assign the Bonds a rating of "___" (_____ Outlook). The "___" (_____ Outlook) rating on the Bonds is based on the insurance policy issued by the Insurer.] S&P has assigned the Bonds a[n underlying] rating of "AA-" (Stable Outlook). These rating[s] reflect only the views of S&P. An explanation of the methodology for such rating[s] may be obtained from S&P. Certain information concerning the Bonds and the District not included in this Official Statement may have been furnished to S&P [and the Insurer] by the District. There is no assurance that the rating[s] will be maintained for any given period of time or that such rating[s] will not be changed by S&P if, in such rating agency's judgment, circumstances so warrant. Any downward change in or withdrawal of the rating[s] may have an adverse effect on the market price of the Bonds.

Except as may be required by the Undertaking described below under the heading "CONTINUING DISCLOSURE," the form of which is attached hereto as APPENDIX C, neither the District nor the Underwriter undertakes responsibility to bring to the attention of the owners of the Bonds any proposed change in or withdrawal of the rating or to oppose any such revision or withdrawal.

TAX EXEMPTION

Federal tax law contains a number of requirements and restrictions which apply to the Bonds, including investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of bond proceeds and the facilities financed therewith, and certain other matters. The District has covenanted to comply with all requirements that must be satisfied in order for the interest on the Bonds to be excludible from gross income for federal income tax purposes. Failure to comply with certain of such covenants could cause interest on the Bonds to become includible in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

Subject to the District's compliance with the above-referenced covenants, under present law, in the opinion of Bond Counsel, interest on the Bonds is excludible from the gross income of the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the federal alternative minimum tax for individuals under the Internal Revenue Code of 1986, as amended (the *"Code"*). Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations.

In rendering its opinion, Bond Counsel will rely upon certifications of the District with respect to certain material facts within the District's knowledge. Bond Counsel's opinion represents its legal judgment based upon its review of the law and the facts that it deems relevant to render such opinion and is not a guarantee of a result.

Ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers of the Bonds should consult their tax advisors as to applicability of any such collateral consequences.

The issue price for original issue discount (as further discussed below) and market discount purposes (the *"OID Issue Price"*) for each maturity of the Bonds is the price at which a substantial amount of such maturity of the Bonds is first sold to the public (excluding bond houses and brokers and similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The OID Issue Price of a maturity of the Bonds may be different from the price set forth, or the price corresponding to the yield set forth, on the inside cover page hereof.

If the OID Issue Price of a maturity of the Bonds is less than the principal amount payable at maturity, the difference between the OID Issue Price of each such maturity, if any, of the Bonds (the *"OID Bonds"*) and the principal amount payable at maturity is original issue discount.

For an investor who purchases an OID Bond in the initial public offering at the OID Issue Price for such maturity and who holds such OID Bond to its stated maturity, subject to the condition that the District complies with the covenants discussed above, (a) the full amount of original issue discount with respect to such OID Bond constitutes interest which is excludible from the gross income of the owner thereof for federal income tax purposes; (b) such owner will not realize taxable capital gain or market discount upon payment of such OID Bond at its stated maturity; (c) such original issue discount is not includible as an item of tax preference in computing the alternative minimum tax for individuals under the Code; and (d) the accretion of original issue discount in each year may result in certain collateral federal income tax consequences in each year even though a corresponding cash payment may not be received until a later year. Based upon the stated position of the Department under State income tax law, accreted original issue discount on such OID Bonds is subject to taxation as it accretes, even though there may not be a corresponding cash payment until a later year. Owners of OID Bonds should consult their own tax advisors with respect to the state and local tax consequences of original issue discount on such OID Bonds.

Owners of Bonds who dispose of Bonds prior to the stated maturity (whether by sale, redemption or otherwise), purchase Bonds in the initial public offering, but at a price different from the OID Issue Price or purchase Bonds subsequent to the initial public offering should consult their own tax advisors.

If a Bond is purchased at any time for a price that is less than the Bond's stated redemption price at maturity or, in the case of an OID Bond, its OID Issue Price plus accreted original issue discount (the *"Revised Issue Price"*), the purchaser will be treated as having purchased a Bond with market discount subject to the market discount rules of the Code (unless a statutory *de minimis* rule applies). Accrued market discount is treated as taxable ordinary income and is recognized when a Bond is disposed of (to the extent such accrued discount does not exceed gain realized) or, at the purchaser's election, as it accrues. Such treatment would apply to any purchaser who purchases an OID Bond for a price that is less than its Revised Issue Price. The applicability of the market discount rules may adversely affect the liquidity or secondary market price of such Bond. Purchasers should consult their own tax advisors regarding the potential implications of market discount with respect to the Bonds.

An investor may purchase a Bond at a price in excess of its stated principal amount. Such excess is characterized for federal income tax purposes as "bond premium" and must be amortized by an investor on a constant yield basis over the remaining term of the Bond in a manner that takes into account potential call dates and call prices. An investor cannot deduct amortized bond premium relating to a tax-exempt bond. The amortized bond premium is treated as a reduction in the tax-exempt interest received. As bond premium is amortized, it reduces the investor's basis in the Bond. Investors who purchase a Bond at a premium should consult their own tax advisors regarding the amortization of bond premium and its effect on the Bond's basis for purposes of computing gain or loss in connection with the sale, exchange, redemption or early retirement of the Bond.

There are or may be pending in Congress legislative proposals, including some that carry retroactive effective dates, that, if enacted, could alter or amend the federal tax matters referred to above or affect the market value of the Bonds. It cannot be predicted whether or in what form any

such proposal might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal tax legislation. Bond Counsel expresses no opinion regarding any pending or proposed federal tax legislation.

The Service has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includible in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether or not the Service will commence an audit of the Bonds. If an audit is commenced, under current procedures the Service may treat the District as a taxpayer and the Bondholders may have no right to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the Bonds until the audit is concluded, regardless of the ultimate outcome.

Payments of interest on, and proceeds of the sale, redemption or maturity of, tax-exempt obligations, including the Bonds, are in certain cases required to be reported to the Service. Additionally, backup withholding may apply to any such payments to any Bond owner who fails to provide an accurate Form W-9 Request for Taxpayer Identification Number and Certification, or a substantially identical form, or to any Bond owner who is notified by the Service of a failure to report any interest or dividends required to be shown on federal income tax returns. The reporting and backup withholding requirements do not affect the excludability of such interest from gross income for federal tax purposes.

Interest on the Bonds is not exempt from present State income taxes. Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

QUALIFIED TAX-EXEMPT OBLIGATIONS

Subject to the District's compliance with certain covenants, in the opinion of Bond Counsel, the Bonds are "qualified tax-exempt obligations" under the small issuer exception provided under Section 265(b)(3) of the Code, which affords banks and certain other financial institutions more favorable treatment of their deduction for interest expense than would otherwise be allowed under Section 265(b)(2) of the Code.

CONTINUING DISCLOSURE

The District will enter into a Continuing Disclosure Undertaking (the *"Undertaking"*) for the benefit of the beneficial owners of the Bonds to send certain information annually and to provide notice of certain events to the Municipal Securities Rulemaking Board (the *"MSRB"*) pursuant to the requirements of the Rule. No person, other than the District, has undertaken, or is otherwise expected, to provide continuing disclosure with respect to the Bonds. The information to be provided on an annual basis, the events which will be noticed on an occurrence basis and a

statement of other terms of the Undertaking, including termination, amendment and remedies, are set forth in the form of the Undertaking, attached hereto as APPENDIX C.

The District has not previously been required to deliver an undertaking pursuant to the Rule in the previous five years. A failure by the District to comply with the Undertaking will not constitute a default under the Bond Resolution and beneficial owners of the Bonds are limited to the remedies described in the Undertaking. The District must report any failure to comply with the Undertaking in accordance with the Rule. Any broker, dealer or municipal securities dealer must consider such report before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

AUDITED FINANCIAL STATEMENTS

The audited financial statements of the District for the fiscal year ended June 30, 2026 (the *"Audit"*), contained in Appendix A, including the independent auditor's report accompanying the Audit, have been prepared by Wipfli LLP, Aurora, Illinois (the *"Auditor"*), and approved by formal action of the Board. The District has not requested the Auditor to update information contained in the Audit nor has the District requested that the Auditor consent to the use of the Audit in this Official Statement. Other than as expressly set forth in this Official Statement, the financial information contained in the Audit has not been updated since the date of the Audit. The inclusion of the Audit in this Official Statement in and of itself is not intended to demonstrate the fiscal condition of the District since the date of the Audit.

BOOK-ENTRY ONLY SYSTEM

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (*"Direct Participants"*) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The

Depository Trust & Clearing Corporation (*"DTCC"*). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (*"Indirect Participants"*). DTC has an S&P rating of "AA+". The DTC Rules applicable to its Participants are on file with the Commission. More information about DTC can be found at **www.dtcc.com**.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond (*"Beneficial Owner"*) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the District or Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from DTC, and the District takes no responsibility for the accuracy thereof.

The District will have no responsibility or obligation to any Securities Depository, any Participants in the Book-Entry System or the Beneficial Owners with respect to (a) the accuracy of any records maintained by the Securities Depository or any Participant; (b) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal amount or redemption price of, or interest on, any Bonds; (c) the delivery of any notice by the Securities Depository or any Participant; (d) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or (e) any other action taken by the Securities Depository or any Participant.

CERTAIN LEGAL MATTERS

Certain legal matters incident to the authorization, issuance and sale of the Bonds are subject to the approving legal opinion of Chapman and Cutler LLP, Chicago, Illinois (*"Chapman and Cutler"*), Bond Counsel, who has been retained by, and acts as, Bond Counsel to the District. Chapman and Cutler has also been retained by the District to serve as Disclosure Counsel to the District with respect to the Bonds. Although as Disclosure Counsel to the District, Chapman and Cutler has assisted the District with certain disclosure matters, Chapman and Cutler has not undertaken to independently verify the accuracy, completeness or fairness of any of the statements contained in this Official Statement or other offering material related to the Bonds and does not guarantee the accuracy, completeness or fairness of such information. Chapman and Cutler's engagement as Disclosure Counsel was undertaken solely at the request and for the benefit of the District, to assist it in discharging its responsibility with respect to this Official Statement, and not for the benefit of any other person (including any person purchasing Bonds from the Underwriter), and did not include any obligation to establish or confirm factual matters, forecasts, projections, estimates or any other financial or economic information in connection therewith. Further, Chapman and Cutler makes no representation as to the suitability of the Bonds for investment by any investor.

NO LITIGATION

No litigation is now pending or threatened restraining the issuance, sale, execution or delivery of the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds or any proceedings of the District taken with respect to the issuance or sale thereof. A certificate to this effect will be delivered by the District with the other customary closing papers when the Bonds are delivered.

UNDERWRITING

Pursuant to the terms of a Bond Purchase Agreement (the *"Agreement"*) between the District and Raymond James & Associates, Inc., Chicago, Illinois (the *"Underwriter"*), the Underwriter has agreed to purchase the Bonds at an aggregate purchase price of $_____. The purchase price will produce an underwriting spread of ____% of principal amount if all Bonds are sold at the initial offering prices. The Agreement provides that the obligation of the Underwriter is subject to certain conditions precedent and that the Underwriter will be obligated to purchase all of the Bonds if any of the Bonds are purchased. The Bonds may be offered and sold to certain dealers (including dealers depositing such Bonds into investment trusts, accounts or funds) and others at prices different than the initial public offering price. After the initial public offering, the public offering price of the Bonds may be changed from time to time by the Underwriter.

AUTHORIZATION

This Official Statement has been approved by the District for distribution to prospective purchasers of the Bonds. The Board, acting through authorized officers, will provide to the Underwriter at the time of delivery of the Bonds, a certificate confirming that, to the best of its knowledge and belief, this Official Statement, together with any supplements thereto, as of the date hereof, and at the time of delivery of the Bonds, was true and correct in all material respects and did not at any time contain an untrue statement of a material fact or omit to state a material fact required to be stated where necessary to make the statements therein in light of the circumstances under which they were made, not misleading.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchased services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

1. ***The contract must be coded to one of the combinations listed on the icon below.***
2. ***The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).***
3. ***Only list contracts that were paid over $50,000 for the fiscal year.***

Use the resources to the right to determine if the contract should be listed below.

APPENDIX B

PROPOSED FORM OF OPINION OF BOND COUNSEL

[LETTERHEAD OF CHAPMAN AND CUTLER LLP]

[TO BE DATED CLOSING DATE]

School District Number 80
Cook County, Illinois

We hereby certify that we have examined certified copy of the proceedings (the *"Proceedings"*) of the Board of Education of School District Number 80, Cook County, Illinois (the *"District"*), passed preliminary to the issue by the District of its fully registered General Obligation School Bonds, Series 2026 (the *"Bonds"*), to the amount of $_____, dated _____, 2026, due serially on December 1 of the years and in the amounts and bearing interest as follows:

2027	$	%
2028		%
2029		%
2030		%
2031		%
2032		%
2033		%
2034		%
2035		%
2036		%

the Bonds due on or after December 1, 20__, being subject to redemption prior to maturity at the option of the District as a whole or in part in any order of their maturity as determined by the District (less than all of the Bonds of a single maturity to be selected by the Bond Registrar), on December 1, 20__, and on any date thereafter, at the redemption price of par plus accrued interest to the redemption date, as provided in the Proceedings, and we are of the opinion that the Proceedings show lawful authority for said issue under the laws of the State of Illinois now in force.

We further certify that we have examined the form of bond prescribed for said issue and find the same in due form of law, and in our opinion said issue, to the amount named, is valid and legally binding upon the District and is payable from any funds of the District legally available for such purpose, and all taxable property in the District is subject to the levy of taxes to pay the same without limitation as to rate or amount, except that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors' rights and by equitable principles, whether considered at law or in equity, including the exercise of judicial discretion.

It is our opinion that, subject to the District's compliance with certain covenants, under present law, interest on the Bonds is excludible from gross income of the owners thereof for federal income tax purposes and is not includible as an item of tax preference in computing the alternative minimum tax for individuals under the Internal Revenue Code of 1986, as amended (the *"Code"*). Interest on the Bonds may affect the corporate alternative minimum tax for certain corporations. Failure to comply with certain of such District covenants could cause interest on the Bonds to be includible in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. Ownership of the Bonds may result in other federal tax consequences to certain taxpayers, and we express no opinion regarding any such collateral consequences arising with respect to the Bonds.

It is also our opinion that the Bonds are "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.

We express no opinion herein as to the accuracy, adequacy or completeness of any information furnished to any person in connection with any offer or sale of the Bonds.

In rendering this opinion, we have relied upon certifications of the District with respect to certain material facts within the District's knowledge. Our opinion represents our legal judgment based upon our review of the law and the facts that we deem relevant to render such opinion and is not a guarantee of a result. This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

The District will not make any filings pursuant to this Agreement under new CUSIP Numbers assigned to any of the Bonds after the date hereof for any reason other than a refunding, as described in the previous sentence, including, but not limited to, new CUSIP Numbers assigned to the Bonds as a result of a holder of the Bonds obtaining a bond insurance policy or other credit enhancement with respect to some or all of the outstanding Bonds in the secondary market.

In the event that the Commission or the MSRB or other regulatory authority shall approve or require Annual Financial Information Disclosure or Reportable Events Disclosure to be made to a central post office, governmental agency or similar entity other than EMMA or in lieu of

If the District chooses to include any information from any document or notice of occurrence of a Reportable Event in addition to that which is specifically required by this Agreement, the District shall have no obligation under this Agreement to update such information or include it in any future disclosure or notice of occurrence of a Reportable Event.

12. BENEFICIARIES. This Agreement has been executed in order to assist the Participating Underwriters in complying with the Rule; however, this Agreement shall inure solely to the benefit of the District, the Dissemination Agent, if any, and the beneficial owners of the Bonds, and shall create no rights in any other person or entity.
