TWO NEW ISSUES

In the opinion of Bond Counsel, under existing law (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended, and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals, and (ii) the Series 2025 Bonds, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, are free from taxation within the State of Ohio. Interest on the Series 2025 Bonds may be subject to certain federal taxes imposed only on certain corporations. See "TAX MATTERS" herein.

OFFICIAL STATEMENT
\$77,735,000*
STATE OF OHIO
(TREASURER OF STATE)
CAPITAL FACILITIES LEASE-APPROPRIATION BONDS

consisting of

<p>\$44,045,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Administrative Building Fund Projects)</p>	<p>\$33,690,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Transportation Building Fund Projects)</p>
---	---

Dated: Date of Initial Delivery

Due: As shown on inside cover

The Series 2025 Bonds: The \$44,045,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Administrative Building Fund Projects) (the "Administrative Bonds") will be issued for the purpose of refunding bonds previously issued for the purposes of paying Costs of Capital Facilities leased to the Department of Administrative Services of the State (the "DAS"). The \$33,690,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Transportation Building Fund Projects) (the "Transportation Building Fund Bonds") will be issued for the purpose of refunding bonds previously issued for the purposes of paying Costs of Capital Facilities leased to the Department of Transportation of the State (the "DOT"). The Administrative Bonds and Transportation Building Fund Bonds are collectively referred to herein as the "Series 2025 Bonds." (See **THE SERIES 2025 BONDS**)

Security and Sources of Payment: The Series 2025 Bonds are special obligations of the State, issued by the State Treasurer of Ohio (the "Treasurer"), and are payable solely from applicable Pledged Receipts, principally rental payments under separate leases between the Ohio Public Facilities Commission (the "OPFC") and the DAS and between OPFC and the DOT, and separate supplemental leases thereto relating to the respective series of the Series 2025 Bonds. The obligations of the DAS and the DOT to make their respective rental payments are subject to and dependent upon separate biennial appropriations being made for such purposes by the General Assembly. The failure of the General Assembly to so appropriate moneys to the DAS and the DOT, respectively, will result in termination of the respective Lease. The Series 2025 Bonds do not represent or constitute a debt of the Treasurer, the DAS, the DOT, the OPFC or the State of Ohio or any political subdivision thereof, or a pledge of the faith and credit of the Treasurer, the DAS, the DOT, the OPFC or the State of Ohio or any political subdivision thereof. *The Holders and Beneficial Owners of the Series 2025 Bonds shall have no right to have excises or taxes levied by the General Assembly for the payment of Bond Service Charges on the Series 2025 Bonds.* (See **THE BONDS GENERALLY – Security**)

Payment: Principal and interest will be payable to the Registered Owner (initially, The Depository Trust Company or its nominee ("DTC")), the principal on presentation and surrender to the applicable Trustee, and interest transmitted on each Interest Payment Date. The Interest Payment Dates for the Series 2025 Bonds are April 1 and October 1, beginning April 1, 2025. (See **THE SERIES 2025 BONDS**)

No Prior Optional Redemption*: The Series 2025 Bonds are not subject to optional redemption prior to maturity. (See **THE SERIES 2025 BONDS –No Prior Redemption**)

Form and Denomination; Book-Entry: The Series 2025 Bonds will be initially issued only as fully registered bonds under a book-entry only method in denominations of \$5,000 or any multiple of \$5,000 in excess thereof. DTC, New York, New York, is the Securities Depository. There will be no distribution of bond certificates to others. (See **APPENDIX C – BOOK-ENTRY SYSTEM; DTC**)

This Cover includes certain information for quick reference only. It is not a summary of the bond issues. Investors should read the entire Official Statement to obtain information as a basis for making informed investment judgments. Capitalized terms used on this Cover and elsewhere herein and not otherwise defined have the meanings given to them in **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**.

The Series 2025 Bonds are offered when, as and if issued by the Treasurer and accepted by the Underwriters, subject to the opinion on certain legal matters relating to their issuance by Keating Muething & Klekamp PLL, Bond Counsel, and certain other conditions. Certain legal matters will be passed upon for the Underwriters by their counsel Taft Stettinius & Hollister LLP. Certain legal matters will be passed upon for the Treasurer by his counsel, the Attorney General of Ohio, Dave Yost, and by Dinsmore & Shohl LLP, which is serving as Issuer and Disclosure Counsel to the Treasurer. The Series 2025 Bonds are expected to be available in definitive form for delivery through DTC on or about January 8, 2025*.

REGARDING THIS OFFICIAL STATEMENT

This Official Statement does not constitute an offering of any security other than the original offering of the Series 2025 Bonds of the State of Ohio (the "State") identified on the Cover. No person has been authorized by the Treasurer, the DAS, the DOT, the OPFC, the State or the Underwriters to give any information or to make any representation, other than that contained in this Official Statement, and if given or made, such other information or representation must not be relied upon as having been given or authorized by the Treasurer, the DAS, the DOT, the OPFC, the State or the Underwriters. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, and there shall be no sale of the Series 2025 Bonds by any person, in any jurisdiction in which it is unlawful to make such offer, solicitation or sale.

Upon issuance, the Series 2025 Bonds will not be registered by the Treasurer, the DAS, the DOT, the OPFC or the State under the Securities Act of 1933, as amended, or any state securities law, and will not be listed on any stock or other securities exchange. Neither the Securities and Exchange Commission nor any other federal, state or other governmental entity or agency, except the Treasurer, the DAS, the DOT and the Ohio Office of Budget and Management, will have passed upon the accuracy or adequacy of this Official Statement or approved the Series 2025 Bonds for sale. In making an investment decision, investors must rely on their own examination of the terms of the offering, including the merits and risks involved.

The information and expressions of opinion in this Official Statement are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder, under any circumstances, shall create any implication that there has been no change in the affairs of the Treasurer, the DAS, the DOT, the OPFC or the State since its date.

The information approved and provided by the State in this Official Statement is the information relating to the particular subjects provided by the State or State agencies for the purpose of this Official Statement. Reliance for the purpose should not be placed on any other information publicly provided, in any format including electronic, by any State agency for other purposes, including general information provided to the public or to portions of the public. The Trustees have not reviewed this Official Statement and make no representations as to the information contained in this Official Statement.

This Official Statement, including its Appendices and Exhibits, contains statements that the State or the Treasurer believes may be "forward-looking statements." Words such as "plan," "estimate," "project," "budget," "anticipate," "expect," "intend," "believe" and similar terms are intended to identify forward-looking statements. The achievement of results or other expectations expressed or implied by such forward-looking statements involve known and unknown risks, uncertainties and other factors that are difficult to predict, may be beyond the control of the State or the Treasurer and could cause actual results, performance or achievements to be materially different from any results, performance or achievements expressed or implied by such forward-looking statements. The State and the Treasurer undertake no obligation, and do not plan, to issue any updates or revisions to any of the forward-looking statements in this Official Statement.

The Underwriters have provided the following sentence for inclusion in this Official Statement. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

In connection with this offering, the Underwriters may over allot or effect transactions that stabilize or maintain the market price of the Series 2025 Bonds at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

SUMMARY STATEMENT

The following summary statement supplements certain of the information on the Cover and summarizes selected other information in this Official Statement relating to the Series 2025 Bonds. It is not intended as a substitute for the more detailed discussions in this Official Statement to which reference should be made.

ISSUER. The State of Ohio, by the State Treasurer of Ohio.

AUTHORIZATION. The Series 2025 Bonds are issued pursuant to Section 2i of Article VIII of the Constitution of the State, Chapter 154 of the Revised Code, the respective General Bond Orders, each respective Trust Agreement, each respective Lease and each respective Series Order, providing for the issuance and sale of the Series 2025 Bonds.

SECURITY AND SOURCES OF PAYMENT. The Series 2025 Bonds are special obligations of the State, issued by the Treasurer, payable solely from the respective Pledged Receipts. Holders and Beneficial Owners have no right to have excises or taxes levied by the General Assembly for payment of the Series 2025 Bonds. The Series 2025 Bonds (and any other Obligations issued) are secured by each respective Trust Agreement. Principal, interest and any premium on the Series 2025 Bonds are payable from and secured by a pledge of payments received in the applicable Bond Service Fund for each series of the Series 2025 Bonds from rentals and other revenues and receipts under the applicable Lease. There are no receipts from any Projects pledged to pay Bond Service Charges on the Series 2025 Bonds. The Projects are not mortgaged to pay, and otherwise are not security for, the Series 2025 Bonds. The Series 2025 Bonds are not parity bonds across programs and therefore, there is no pledge of revenues or receipts received by or on behalf of any state agency to Bond Service Charges on Obligations other than those issued to finance or refinance Capital Facilities which are in whole or in part useful to, constructed by, or financed by the state agency that receives the revenues or receipts so pledged. No series of the Series 2025 Bonds issued pursuant to one of the Trust Agreements is secured by a pledge of Pledged Receipts securing any other series of the Series 2025 Bonds issued pursuant to the other Trust Agreements. For example, the pledge of Pledged Receipts with respect to Bond Service Charges on the Transportation Building Fund Bonds is not pledged for the repayment of the Administrative Bonds and vice versa.

All moneys received by the Treasurer under the respective Leases, excepting the portion of those moneys to be credited to the Administrative Service Funds, shall be deposited to the Bond Service Fund for those respective Series 2025 Bonds and allocated to the Bond Service Account and Special Funds and Accounts as provided by each respective Lease. The obligation of each of the DAS and the DOT to make rental payments under its respective Lease is subject to and dependent upon separate biennial appropriations being made by the General Assembly for such purposes. Those appropriations may not be made for a period longer than the fiscal biennium, which initially ends June 30, 2025 but which thereafter is a two-year period ending on June 30 of each odd-numbered year. The failure of the General Assembly to appropriate moneys to either of the DAS or the DOT will result in the termination of the respective Lease for which the appropriation was not made. The Series 2025 Bonds do not represent or constitute a debt of the Treasurer, the DAS, the DOT, the OPFC or the State or of any political subdivision thereof, or a pledge of the faith and credit of the Treasurer, the DAS, the DOT, the OPFC or the State or of any political subdivision thereof.

Certain financial and other information concerning the State is contained in **APPENDIX A – INFORMATION CONCERNING THE STATE OF OHIO**, which is attached hereto and should be reviewed carefully because rental payments under the Leases are paid with moneys appropriated from the State General Revenue Fund, or in the case of the Transportation Building Fund Bonds, from the State's motor fuel tax and other highway uses receipts that are constitutionally restricted in use to highway purposes. (See **APPENDIX A – INFORMATION CONCERNING THE STATE OF OHIO – STATE DEBT – General** and **APPENDIX A – INFORMATION CONCERNING THE STATE OF OHIO – FISCAL MATTERS – Recent Receipts and Disbursements**)

PURPOSE OF BONDS. The Series 2025 Bonds are being issued for the purpose of (i) refunding bonds previously issued to pay Costs of Capital Facilities that are leased to the DAS, (ii) refunding bonds previously issued to pay Costs of Capital Facilities that are leased to the DOT and (iii) paying costs incidental to the issuance and sale of the Series 2025 Bonds.

NO PRIOR OPTIONAL REDEMPTION.* The Series 2025 Bonds are not subject to optional redemption prior to maturity]. (See **THE SERIES 2025 BONDS –No Prior Redemption**)

FORM AND MANNER OF MAKING PAYMENTS. The Series 2025 Bonds will be originally issued only as fully registered bonds, one for each respective maturity bearing the same interest rate, under a book-entry only method, and registered initially in the name of The Depository Trust Company, New York, New York, or its nominee ("DTC"). The Series 2025 Bonds will be initially issued in denominations of \$5,000 or any multiple of \$5,000 in excess thereof. There will be no distribution of

* Preliminary; subject to change.

Series 2025 Bonds to the ultimate purchasers. The Series 2025 Bonds in book-entry form will not be transferable or exchangeable, except for transfer to another nominee of DTC or as otherwise described in this Official Statement. (See **APPENDIX C – BOOK-ENTRY SYSTEM; DTC**)

Principal and interest will be payable to the Holder (initially, DTC or its nominee). Principal will be payable on presentation and surrender to the applicable Trustee. Interest will be transmitted by the applicable Trustee on each Interest Payment Date to the Holder as of the 15th day of the month preceding the Interest Payment Date (the "Regular Record Date"). The Interest Payment Dates for the Series 2025 Bonds are April 1 and October 1, beginning April 1, 2025. (See **THE SERIES 2025 BONDS**)

TAX MATTERS. In the opinion of Bond Counsel, under existing law (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals under the Internal Revenue Code of 1986, as amended, and (ii) the Series 2025 Bonds, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, are free from taxation within the State of Ohio. Interest on the Series 2025 Bonds may be subject to certain federal taxes imposed only on certain corporations.

For a more complete discussion of the tax aspects of the Series 2025 Bonds, see **TAX MATTERS** herein.

TRUSTEES AND BOND REGISTRARS. The Huntington National Bank is the Trustee and the Bond Registrar for the Administrative Bonds. U.S. Bank Trust Company, National Association is the Trustee and the Bond Registrar for the Transportation Building Fund Bonds.

BOND COUNSEL. Keating Muething & Klekamp PLL.

ISSUER AND DISCLOSURE COUNSEL. Dinsmore & Shohl LLP.

MUNICIPAL ADVISOR. PFM Financial Advisors LLC.

UNDERWRITERS. J.P. Morgan Securities LLC, PNC Capital Markets LLC, Raymond James & Associates, Inc., Siebert Williams Shank & Co., LLC and Stifel, Nicolaus & Company, Incorporated (collectively, the "Underwriters"). The Series 2025 Bonds have been purchased by the Underwriters at an aggregate price of \$_____. (See **UNDERWRITING**)

Questions regarding this Official Statement or the Series 2025 Bonds should be directed to the Director of the Office of Debt Management, State of Ohio, Treasurer of State, 30 East Broad Street, 9th Floor, Columbus, Ohio 43215-3414, telephone (614) 466-7752. For additional information concerning the Treasurer and the Treasurer's bond programs, visit www.ohiotreasurerbonds.com. The information contained on that website is not incorporated as part of this Official Statement.

(THIS SPACE INTENTIONALLY LEFT BLANK)

GENERAL INTRODUCTORY STATEMENT

This Official Statement has been prepared by the State Treasurer of Ohio (the "Treasurer") to provide certain information in connection with the original issuance and sale of the \$44,045,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Administrative Building Fund Projects) (the "Administrative Bonds") and the \$33,690,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Transportation Building Fund Projects) (the "Transportation Building Fund Bonds"). The Administrative Bonds and the Transportation Building Fund Bonds are collectively referred to herein as the "Series 2025 Bonds." The Series 2025 Bonds are being issued pursuant to Section 2i of Article VIII of the Ohio Constitution under powers granted to the Treasurer by Chapter 154 of the Revised Code as the issuing authority in all matters relating to the issuance of special obligation bonds for the financing and refinancing of Capital Facilities, as that term is defined in Sections 154.01 and 154.24 of the Revised Code, for housing branches and agencies of state government.

Capitalized terms not otherwise defined in the text of this Official Statement shall have the meanings given to them in **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**.

Administrative Bonds

The Administrative Bonds are issued pursuant to a Trust Agreement dated as of March 1, 2012 (the "Administrative Original Trust Agreement") and the Series 2025A Supplemental Trust Agreement thereto dated as of January 1, 2025 (the "Administrative Supplemental Trust Agreement"), each between the State, acting by and through the Treasurer, and The Huntington National Bank, as Trustee (the "Administrative Trustee"). The Administrative Original Trust Agreement, as amended and supplemented, including as supplemented by the Administrative Supplemental Trust Agreement, is referred to as the "Administrative Trust Agreement." The Administrative Bonds are authorized by the General Bond Order No. 1-12 issued by the Treasurer on February 28, 2012 (the "Administrative General Bond Order") and Series Order No. 1-24 issued by the Treasurer on December __, 2024 (the "Administrative Series 2025A Order").

Proceeds from the sale of the Administrative Bonds will be used for the purpose of (i) refunding bonds previously issued to pay Costs of Capital Facilities leased to the Department of Administrative Services (the "DAS") by the OPFC, and (ii) paying costs incidental to the issuance and sale of the Administrative Bonds. (See **THE SERIES 2025 BONDS - Sources and Uses of Bond Proceeds**)

The OPFC will lease the Capital Facilities refinanced with the Administrative Bonds to the DAS pursuant to the terms of a Lease Agreement dated as of March 1, 2012 (the "Administrative Original Lease Agreement") and a Series 2025A Supplemental Lease Agreement thereto dated as of January 1, 2025 (the "Administrative Supplemental Lease"), each between the OPFC and the DAS. The Administrative Original Lease Agreement, as amended and supplemented, including as supplemented by the Administrative Supplemental Lease, is referred to as the "Administrative Lease." The term of the Administrative Lease expires June 30, 2025 and is renewable for successive terms not to exceed two years upon appropriation by the General Assembly to the DAS of the amounts required for rental payments for each successive term.

Transportation Building Bonds

The Transportation Building Fund Bonds are issued pursuant to a Trust Agreement dated as of January 1, 2015 (the "Original Transportation Building Fund Trust Agreement") and the Series 2025A Supplemental Trust Agreement thereto dated as of January 1, 2025 (the "Transportation Building Fund Supplemental Trust Agreement"), each between the State, acting by and through the Treasurer, and U.S. Bank Trust Company, National Association, as Trustee (the "Transportation Building Fund Trustee"). The Original Transportation Building Fund Trust Agreement as amended and supplemented, including as supplemented by the Transportation Building Fund Supplemental Trust Agreement, is referred to as the "Transportation Building Fund Trust Agreement." The Transportation Building Fund Bonds are authorized by the General Bond Order No. 3-15 issued by the Treasurer on January 13, 2015 (the "Transportation Building Fund General Bond Order") and Series Order No. 2-24 issued by the Treasurer on December __, 2024 (the "Transportation Building Fund Series 2025A Order").

Proceeds from the sale of the Transportation Building Fund Bonds will be used for the purpose (i) refunding bonds previously issued to pay Costs of Capital Facilities leased to the Department of Transportation of the State (the "DOT") by the OPFC, and (ii) paying costs incidental to the issuance and sale of the Transportation Building Fund Bonds. (See **THE SERIES 2025 BONDS - Sources and Uses of Bond Proceeds**).

* Preliminary, subject to change.

The OPFC will lease the Capital Facilities refinanced with the Transportation Building Fund Bonds to the DOT pursuant to the terms of a Lease Agreement dated as of January 1, 2015 (the "Original Transportation Building Fund Lease Agreement") and a Series 2025A Supplemental Lease Agreement thereto dated as of January 1, 2025 (the "Transportation Building Fund Supplemental Lease"), each between the OPFC and the DOT. The Original Lease Agreement as amended and supplemented, including as supplemented by the Transportation Building Fund Supplemental Lease, is referred to as the "Transportation Building Fund Lease." The term of the Transportation Building Fund Lease expires June 30, 2025, and is renewable for successive terms not to exceed two years upon appropriation by the General Assembly to the DOT of the amounts required for rental payments for each successive term.

Rental Payments and Bond Service Charges

Each of the aforementioned Leases requires rental payments from each of the DAS and the DOT, respectively, sufficient to pay (i) the Bond Service Charges on the applicable series of the Series 2025 Bonds and any other Obligations issued under the respective Trust Agreements, (ii) certain administrative costs of the Treasurer and (iii) any rebate amount or other related payments to maintain the exclusion from gross income for federal income tax purposes of the interest on the applicable series of the Series 2025 Bonds pursuant to Section 148(f) of the Code, if necessary. The rental payments from each of the DAS and the DOT constituting Basic Rent for the applicable Lease are assigned by the OPFC to the Treasurer, are paid directly to the Treasurer, are pledged by the State pursuant to the respective Trust Agreements for the payment of Bond Service Charges on the applicable series of the Series 2025 Bonds and are required to be deposited to each of the Bond Service Funds pursuant to the respective Trust Agreements. (See **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**)

The obligations of each of the DAS and the DOT, respectively, to make rental payments and to perform other obligations involving expenditures under its Lease are subject to and dependent upon separate biennial appropriations to the DAS and the DOT, respectively, being made by the General Assembly for such purposes. If the General Assembly fails to appropriate moneys to renew a particular Lease, that Lease will terminate. Under each Lease, the OPFC has waived all rights it may have to recover possession of the Projects in the event of the termination of the Lease. **If the General Assembly fails to appropriate moneys to renew a particular Lease, the OPFC does not have the remedies generally available to lessors upon default under or termination of a lease and the OPFC, the Treasurer and the applicable Trustee may have no practical remedy to ensure that moneys are available for the payment of Bond Service Charges on the applicable Series 2025 Bonds.** (See **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**)

Based upon the projected Bond Service Charges on the Series 2025 Bonds and the Treasurer's estimated administrative expenses for the biennium ending June 30, 2025, the amounts currently appropriated by the General Assembly for the rental payments to be paid by each of the DAS and the DOT under their respective Leases, together with existing moneys on deposit in the respective Bond Service Funds, will be sufficient to pay the Bond Service Charges, together with such sums, if any, as shall be necessary to pay certain administrative expenses of the Treasurer (for example, Trustee fees) for such biennium, including any amounts due as Additional Rent under those Leases. There is no Required Reserve for the Series 2025 Bonds.

This Official Statement contains brief descriptions of the Series 2025 Bonds, the security for the Series 2025 Bonds, the Treasurer, the DAS, the DOT, the OPFC, the Leases and the Trust Agreements. **Certain financial and other information concerning the State is contained in APPENDIX A – INFORMATION CONCERNING THE STATE OF OHIO hereto and should be reviewed carefully because rental payments under the Leases are paid with moneys appropriated from the State General Revenue Fund, or in the case of the Transportation Building Fund Bonds, from the State's motor fuel tax and other highway uses receipts that are constitutionally restricted in use to highway purposes.** (See **APPENDIX A – INFORMATION CONCERNING THE STATE OF OHIO – STATE DEBT – General and APPENDIX A – INFORMATION CONCERNING THE STATE OF OHIO – FISCAL MATTERS – Recent Receipts and Disbursements**)

All financial and other data included herein have been provided by the Treasurer, the DAS, the DOT or the State, except that which is attributed to other sources. The summaries of the documents described herein do not purport to be comprehensive or definitive and are qualified in their entirety by reference to such documents. Copies of the Leases and the Trust Agreements may be obtained from the Treasurer and the applicable Trustee and, during the initial offering period, from the Underwriters.

References to provisions of Ohio law or of the Ohio Constitution are to those provisions now in effect. Those provisions may from time to time be amended, repealed or supplemented.

THE SERIES 2025 BONDS

General

The Series 2025 Bonds will be issued pursuant to the constitutional and statutory authority described herein and the respective General Bond Orders and the respective Series Orders issued by the Treasurer. The Series 2025 Bonds are issuable in the form and denominations, and will be dated and mature, as described in this Official Statement. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

The Series 2025 Bonds are issued under the Trust Agreements and are payable from separate appropriations by the General Assembly for rental payments under the respective Leases.

Registration, Payment and Transfer

The Series 2025 Bonds will be issued and issuable only as one fully registered bond for each respective maturity bearing the same interest rate in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"), New York, New York, as Holder of all the Series 2025 Bonds. The fully registered Series 2025 Bonds will be retained and immobilized in the custody of DTC. For discussion of the book-entry system and DTC, see **APPENDIX C – BOOK-ENTRY SYSTEM; DTC**. DTC (or any successor Securities Depository), or its nominee, for all purposes under the Trust Agreements will be considered to be the sole Holder of the Series 2025 Bonds. The Series 2025 Bonds will be initially issued in denominations of \$5,000 or any multiple of \$5,000 in excess thereof.

Payments of Bond Service Charges on the Series 2025 Bonds

The principal of the Series 2025 Bonds will be payable to the Holder (initially DTC, or its nominee) upon presentation and surrender of the Series 2025 Bonds at the designated corporate trust office of the applicable Trustee as Paying Agent for the respective series of the Series 2025 Bonds. The Series 2025 Bonds will bear interest on their unpaid principal amounts payable on each Interest Payment Date to the Holder (initially DTC, or its nominee) at the address shown on the applicable Bond Register as of the close of business on the 15th day of the calendar month next preceding such Interest Payment Date (the "Regular Record Date"); provided that, so long as the Series 2025 Bonds remain in book-entry form, the applicable Trustee for the respective series of the Series 2025 Bonds will make any payment of Bond Service Charges by wire transfer of funds on each Interest Payment Date. The Interest Payment Dates for the Series 2025 Bonds are April 1 and October 1, beginning April 1, 2025.

No Prior Redemption*

The Series 2025 Bonds are not subject to redemption prior to maturity.

(THIS SPACE INTENTIONALLY LEFT BLANK)

* Preliminary; subject to change.

Sources and Uses of Bond Proceeds

The proceeds of the Series 2025 Bonds will be applied for the following uses and purposes:

	<u>Administrative Bonds</u>	Transportation Building Fund <u>Bonds</u>
<u>Sources of Funds:</u>		
Par Amount	\$44,045,000.00*	\$33,690,000.00*
[Net] Premium		
Total Sources		
<u>Uses of Funds:</u>		
Deposit to the Escrow Account		
Financing Costs ¹		
Total Uses		

¹ Includes underwriters' discount, certain legal fees, printing costs and other costs of issuance.

A portion of the premium, if any, received by the Treasurer from the sale of the Series 2025 Bonds will be used to pay costs of issuance of the Series 2025 Bonds, referred to as "Financing Costs" above, for that particular series and will be deposited in the respective Administrative Service Fund. As and to the extent provided in the Act and the respective Series Orders, on the date of delivery of the Series 2025 Bonds, certain proceeds received by the Treasurer from the sale of the Series 2025 Bonds will be used to refund the following maturities of outstanding bonds (collectively the "Refunded Bonds")*:

<u>Administrative Refunded Bonds</u> *					
<u>Series</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Par Amount</u>	<u>Earliest Permitted Redemption Date</u>	<u>Redemption Price</u>
2015A	April 1, 2026	5.000%	\$3,850,000	April 1, 2025	100%
2015A	April 1, 2027	5.000	4,040,000	April 1, 2025	100
2015A	April 1, 2028	5.000	4,245,000	April 1, 2025	100
2015A	April 1, 2029	5.000	4,455,000	April 1, 2025	100
2015A	April 1, 2030	5.000	4,680,000	April 1, 2025	100
2015A	April 1, 2031	4.000	4,910,000	April 1, 2025	100
2015A	April 1, 2032	4.000	5,110,000	April 1, 2025	100
2015A	April 1, 2033	4.000	5,310,000	April 1, 2025	100
2015A	April 1, 2034	4.000	5,525,000	April 1, 2025	100
2015A	April 1, 2035	4.000	5,745,000	April 1, 2025	100

On the date of delivery and payment, a portion of the proceeds of the Administrative Bonds will be used to either (i) provide sufficient moneys or (ii) purchase eligible securities (the "Defeasance Obligations") to be held in trust by The Huntington National Bank, as escrow agent for the Administrative Refunded Bonds, the Treasurer's agent for the purpose, to provide for payment of principal of and interest on those respective Administrative Refunded Bonds to their respective Earliest Permitted Redemption Dates shown above. If proceeds of the Administrative Bonds are used to purchase Defeasance Obligations, the mathematical accuracy of the computations of the adequacy of the cash and the maturing principal and interest earned on the Defeasance Obligations to be purchased to provide for the payment of the principal and interest due and to be due on the Administrative Refunded Bonds will be verified by a firm of independent certified public accountants of national reputation.

* Preliminary; subject to change.

Upon the deposit of the sufficient cash to be held in trust described above or the purchase and deposit of the cash and the Defeasance Obligations and receipt of the verification report, the Administrative Refunded Bonds will be deemed to have been paid and will no longer be considered outstanding debt of the State, and will be called for redemption on their Earliest Permitted Redemption Dates and at the Redemption Prices shown above.

Transportation Building Fund Refunded Bonds*

<u>Series</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Par Amount</u>	<u>Earliest Permitted Redemption Date</u>	<u>Redemption Price</u>
2015A	April 1, 2026	5.000%	\$6,380,000	April 1, 2025	100%
2015A	April 1, 2027	5.000	6,700,000	April 1, 2025	100%
2015A	April 1, 2028	5.000	7,035,000	April 1, 2025	100%
2015A	April 1, 2029	5.000	7,385,000	April 1, 2025	100%
2015A	April 1, 2030	5.000	7,755,000	April 1, 2025	100%

On the date of delivery and payment, a portion of the proceeds of the Transportation Building Fund Bonds will be used to either (i) provide sufficient moneys or (ii) purchase Defeasance Obligations to be held in trust by U.S. Bank Trust Company, National Association, as escrow agent for the Transportation Building Fund Refunded Bonds, the Treasurer's agent for the purpose, to provide for payment of principal of and interest on those respective Transportation Building Fund Refunded Bonds to their respective Earliest Permitted Redemption Dates shown above. If proceeds of the Transportation Building Fund Bonds are used to purchase Defeasance Obligations, the mathematical accuracy of the computations of the adequacy of the cash and the maturing principal and interest earned on the Defeasance Obligations to be purchased to provide for the payment of the principal and interest due and to be due on the Transportation Building Fund Refunded Bonds will be verified by a firm of independent certified public accountants of national reputation.

Upon the deposit of the sufficient cash to be held in trust described above or the purchase and deposit of the cash and the Defeasance Obligations and receipt of the verification report, the Transportation Building Fund Refunded Bonds will be deemed to have been paid and will no longer be considered outstanding debt of the State, and will be called for redemption on their Earliest Permitted Redemption Dates and at the Redemption Prices shown above.

THE BONDS GENERALLY

Constitutional and Statutory Authorization

The Series 2025 Bonds are authorized under Section 2i of Article VIII of the Ohio Constitution. This constitutional amendment, adopted in November 1968, authorized the issuance of State special obligation bonds or notes for the purpose of paying the Costs of Capital Facilities for housing branches and agencies of state government. Chapter 154 of the Revised Code (the "Act") implements the bond issuing aspects of that constitutional provision. The "issuing authority" for the Series 2025 Bonds is the Treasurer. The Treasurer is part of the executive department of the State and is a key officer of the State elected to office for a four-year term.

Additional Bonds

The Treasurer has the authority to issue Obligations, including the Administrative Bonds and any subsequent Additional Bonds under the Administrative Trust Agreement and the Transportation Building Fund Bonds and any subsequent Additional Bonds under the Transportation Building Fund Trust Agreement, in each case in an amount not exceeding the amount authorized by the General Assembly (See **APPENDIX A – INFORMATION CONCERNING THE STATE OF OHIO - STATE DEBT – Constitutional Limitation on Annual Debt Service**) or for the purpose of refunding one or more series or one or more maturities within a series of Obligations previously issued under the applicable Trust Agreement. Any applicable Additional Bonds will be payable from the Pledged Receipts under the applicable Trust Agreement on a parity basis with the applicable series of the Series 2025 Bonds and any other Obligations outstanding under that Trust Agreement. (See **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**)

Security

The Series 2025 Bonds are special obligations of the State issued by the Treasurer under and pursuant to the respective Trust Agreements. Each series of the Series 2025 Bonds is payable solely from, and together with any applicable Additional

* Preliminary; subject to change.

Bonds and any other Obligations outstanding under that Trust Agreement, are equally and ratably secured by a pledge of the applicable Pledged Receipts. See **Rental Payments and Related Budget Requirements** below.

The Series 2025 Bonds are payable from separate appropriations by the General Assembly to each of the DAS and the DOT for rental payments under the respective Leases.

The Series 2025 Bonds will be entitled only to the security afforded by the Pledged Receipts under the respective Trust Agreements on a parity basis with Additional Bonds and any other Obligations issued under that Trust Agreement. None of the financed or refinanced Projects, nor any interest therein, is pledged or mortgaged as security for the Series 2025 Bonds, nor will the OPFC, the applicable Trustee or the Treasurer have the right to take possession of or operate the Projects upon a default under, or termination of, a Lease. (See **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**)

Rental Payments and Related Budget Requirements

Each Lease requires payment of Basic Rent in an amount at least equal to: (i) Bond Service Charges on all outstanding Obligations issued under the respective Trust Agreement (whether due as scheduled, as a result of a call for redemption or as a result of an acceleration of principal and interest on such Obligations); and (ii) such sums, if any, as shall be necessary to maintain any applicable Required Reserve in the applicable Bond Service Reserve Account (no Required Reserve is provided for or required with respect to either series of the Series 2025 Bonds or any Obligations previously issued under the respective Trust Agreements). Each Lease also requires payment of Additional Rent in an amount equal to certain administrative fees, expenses and obligations other than Bond Service Charges incurred by the Treasurer and amounts sufficient to pay any rebate amount or other related payments to maintain the exclusion from gross income for federal income tax purposes of the interest on the Series 2025 Bonds pursuant to Section 148(f) of the Code, to the extent not available from other sources.

Each Lease requires the OPFC (by and through the Treasurer) to periodically prepare and submit to each of the DAS and the DOT, as applicable, reports estimating the rental payments to be due thereunder, taking into account existing moneys on deposit in the respective Bond Service Funds, which reports must be confirmed by the Director of the State's Office of Budget and Management. The obligations of each of the DAS and the DOT, respectively, to make rental payments pursuant to its Lease are expressly made subject to the separate appropriation of moneys by the General Assembly for such purposes. Under the Ohio Constitution, an appropriation may not be made beyond the fiscal biennium. The term of each Lease expires no later than the end of each State fiscal biennium (currently June 30 of each odd-numbered year, e.g., June 30, 2025), unless the General Assembly has appropriated funds for the purpose of paying the rents and other sums payable thereunder for the next succeeding State fiscal biennium. The term of each Lease will be renewed for an additional term not exceeding two years (commencing on the first day of the new State fiscal biennium) upon such appropriations becoming effective on or prior to the beginning of each State fiscal biennium (currently July 1 of each odd-numbered year, e.g., July 1, 2025). The present obligation of each of the DAS and the DOT, respectively, to make rental payments under its Lease will continue, so long as its Lease is renewed, until all applicable Obligations issued under the respective Trust Agreement have been paid. So long as its Lease remains in effect, the obligation of each of the DAS and the DOT, respectively, to make its rental payments thereunder in amounts sufficient to pay the applicable Bond Service Charges and for other purposes set forth above is absolute and unconditional, subject only to the availability of moneys appropriated for such purposes. In its Lease, each of the DAS and the DOT, respectively, has agreed to submit budget requests in accordance with applicable laws in amounts sufficient to pay rental payments under its Lease.

The obligation of each of the DAS and the DOT, respectively, to make rental payments under its Lease is subject to and dependent upon separate biennial appropriations for the DAS and the DOT being made by the General Assembly for such purposes. As noted above, the General Assembly may not, under the provisions of the Ohio Constitution, make appropriations for a period longer than two years. While the Treasurer and the OPFC expect that the General Assembly will, for each State fiscal biennium, continue to appropriate amounts to each of the DAS and the DOT sufficient to meet its rental payment obligations to the OPFC under its Lease consistent with the State budget, the General Assembly is not under a legal obligation to make appropriations in accordance with such State budgets for future State fiscal biennia. Accordingly, none of the Treasurer, the OPFC, the DAS or the DOT can make any assurance that appropriations will be made. **THE SERIES 2025 BONDS ARE SPECIAL OBLIGATIONS OF THE STATE ISSUED BY THE TREASURER PAYABLE SOLELY FROM THE APPLICABLE PLEDGED RECEIPTS UNDER THE APPLICABLE TRUST AGREEMENT. THE SERIES 2025 BONDS DO NOT REPRESENT OR CONSTITUTE A DEBT OF THE STATE, THE TREASURER, THE DAS, THE DOT, THE OPFC OR ANY POLITICAL SUBDIVISION OF THE STATE, NOR A PLEDGE OF THE FAITH AND CREDIT OF THE STATE, THE TREASURER, THE DAS, THE DOT, THE OPFC OR ANY POLITICAL SUBDIVISION OF THE STATE. THE HOLDERS AND BENEFICIAL OWNERS OF THE SERIES 2025 BONDS WILL HAVE NO RIGHT TO HAVE EXCISES OR TAXES LEVIED BY THE GENERAL ASSEMBLY FOR THE PAYMENT OF THE BOND SERVICE CHARGES ON THE SERIES 2025 BONDS.** The Series 2025 Bonds are not parity bonds across programs, and therefore there

is no pledge of revenues or receipts received by or on behalf of any state agency to Bond Service Charges on Obligations other than those issued for Capital Facilities which are in whole or in part useful to, constructed by, or financed by the state agency that receives the revenues or receipts so pledged. Neither of the series of the Series 2025 Bonds issued pursuant to one of the Trust Agreements is secured by a pledge of Pledged Receipts securing the other series of the Series 2025 Bonds issued pursuant to the other Trust Agreement. By way of example but without limitation, the Pledged Receipts pledged to Bond Service Charges on the Transportation Building Fund Bonds are not pledged for the repayment of the Administrative Bonds, and vice versa. (See **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**)

Moneys on deposit in any Improvement Fund are not pledged to the payment of Bond Service Charges on the Series 2025 Bonds or any other Obligations issued by the Treasurer.

DEPARTMENT OF ADMINISTRATIVE SERVICES

The Department of Administrative Services of the State (the "DAS") was created in December 1973 and provides centralized services and specialized support to the State's departments, boards, commissions and agencies as well as political subdivisions and state universities and colleges. The DAS is generally responsible for, among other functions, procuring goods and services, operating the State's Office of Information Technology, leasing and managing office space, processing payroll, managing print shops, and overseeing personnel and equal employment opportunity matters.

The DAS is administered by the Director of Administrative Services, who is appointed by the Governor with the advice and consent of the Senate, is a member of the Governor's Cabinet and serves at the pleasure of the Governor. The DAS is organized into the divisions of General Services and State Human Resources as well as the Office of Collective Bargaining and Office of Information Technology.

DEPARTMENT OF TRANSPORTATION

The Department of Transportation of the State (the "DOT") was established on September 29, 1972, by the General Assembly through the expansion of the responsibilities of the former Ohio Department of Highways to include all modes of transportation. Over the past four decades, as its modal responsibilities have increased, the DOT has added organizational units responsible for administering federal and State programs relating to aviation and public transportation. The DOT is responsible for planning, designing, constructing, maintaining and rehabilitating the State's highway system, administering federal funds used by local jurisdictions in constructing and maintaining their local roads and bridges, and administering both federal and State funds which provide grants for aviation, bridges, public transportation and waterway facilities and programs throughout the State.

The DOT is one of the largest agencies of State government, with approximately 4,900 employees. The DOT consists of a central headquarters office, located in Columbus, Ohio and 12 District Offices located throughout the State. The Director of Transportation is appointed by the Governor.

The DOT is a highly decentralized organization, with most highway-related functions performed in its 12 geographic districts. Approximately 85 percent of the DOT's employees are located in the 12 district, 88 county and 100 outpost facilities throughout the State. The districts perform planning, design, construction, engineering, material testing, and maintenance functions for the DOT. The 12 districts are each headed by a District Deputy Director, who reports to the Director of Transportation.

The DOT's Central Office contains the offices and divisions which provide technical and administrative support to the districts for both highway and modal programs. The organization of the Central Office consists of the Transportation Policy and Chief Engineer Divisions, the Business and Human Resources Divisions, the Field Operations Divisions, and the Director of Transportation's administrative support staff. These divisions and their respective offices develop policies and procedures, provide technical support and monitor the districts for compliance with established procedures. All construction contracts are advertised and awarded by the Central Office.

The State has the eighth largest highway network in the country, with approximately 123,000 miles of roadway, of which approximately 19,200 miles are under the DOT's jurisdiction. The DOT is responsible for and/or is involved in a wide variety of programs and projects relating to aviation, bicycling, highways, public transportation and waterways. The DOT's annual budget for all programs is approximately \$3.5 billion. Major funding sources for the DOT's highway program include state motor fuel taxes and fees and Title 23 Moneys received from the United States Department of Transportation. Major funding sources for the DOT's modal programs include State General Revenue Fund moneys and Title 23 Moneys.

OHIO PUBLIC FACILITIES COMMISSION

The Ohio Public Facilities Commission (the "OPFC") is a body politic and corporate, constituting an agency and instrumentality of the State and performing essential functions of the State. It is comprised of six members, being the incumbents in the elective offices of Governor (Mike DeWine), Attorney General (Dave Yost), Auditor of State (Keith Faber), Secretary of State (Frank LaRose), Treasurer of State (Robert Cole Sprague), and the Director of Budget and Management (Kimberly Murnieks, appointed by the Governor with the consent of the Senate, and serving at the pleasure of the Governor). The Governor serves as the Chair, the Treasurer of State as the Treasurer and the Director of Budget and Management as the Secretary of the Commission. The current elective terms run to January 2027. Commission members may, at Commission meetings, act through appointed designees.

THE TRUST AGREEMENTS

Each Trust Agreement provides for a pledge of the applicable Pledged Receipts (primarily the Basic Rent payable under the applicable Lease) by the State to the applicable Trustee, for the benefit of Holders of the Obligations issued under that Trust Agreement, including the applicable series of the Series 2025 Bonds. All outstanding Obligations issued under a particular Trust Agreement are equally and ratably secured, without distinction by reason of series designation, number, date of authorization, issuance, sale, execution or delivery, or issue date or of maturity, by the pledge of the Pledged Receipts to the extent provided in, and except as otherwise permitted by, the applicable General Bond Order. Each of the Administrative Bonds and Transportation Building Fund Bonds are issued under a separate Trust Agreement.

Nothing in the Act, the General Bond Orders, the Trust Agreements or other applicable Bond Proceedings gives the holders of Obligations, and they do not have, the right to have the General Assembly levy any excises or taxes for the payment of Bond Service Charges; each Obligation bears on its face a statement to that effect and to the effect that the right of Bondholders to the payment of Bond Service Charges is limited to payment from the applicable Pledged Receipts, the applicable Bond Service Account, and any other source of moneys as provided in the applicable General Bond Order and in the applicable Series Order. However, nothing in a Trust Agreement or in other Bond Proceedings shall be deemed to prohibit the Treasurer or the State, of the Treasurer's or the State's own volition, from using to the extent lawfully authorized to do so any other resources for the fulfillment of the terms, conditions or obligations of the applicable Bond Proceedings and the Obligations.

Each Trust Agreement is an essential document for the security of the Series 2025 Bonds to which it applies and should be read in its entirety. For additional information and a document summary of the Trust Agreements, see **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**. Copies of the Trust Agreements are available upon request from the Office of Debt Management, Treasurer of State, 30 East Broad Street, 9th Floor, Columbus, Ohio 43215 (telephone (614) 466-7752).

THE LEASES

The Act provides that the OPFC may lease any Capital Facilities to, and make or provide for other agreements with respect to the use or purchase of such Capital Facilities with, the DAS and the DOT and with their approval, any governmental agency having authority under law to operate such Capital Facilities. The OPFC, the DAS and the DOT, respectively, have previously entered into the respective Original Leases and will enter into each respective Supplemental Lease in connection with the Projects to be refinanced with proceeds of the Series 2025 Bonds and the issuance of the Series 2025 Bonds. An additional supplemental lease agreement will be entered into in connection with each issue of Additional Bonds under a particular Trust Agreement, identifying the Projects to be financed or refinanced and providing for the related rentals.

The agreement of each of the DAS and the DOT to make rental payments pursuant to its Lease, and to perform other obligations involving expenditures thereunder, at the times and in the amounts provided for in its Lease, is effective and binding upon the DAS and the DOT only when and to the extent that funds have been separately appropriated by the General Assembly and are available for that purpose. Under the Ohio Constitution, an appropriation may not be made beyond the fiscal biennium, and the Leases may be renewed only for two-year periods. Under the terms of each Lease, a failure by the General Assembly to appropriate moneys at least equal to Bond Service Charges for a particular Lease, amounts the OPFC estimates are necessary for Additional Rent under that Lease, and other sums payable under that Lease for the next State fiscal biennium would result in the termination of that Lease at the end of the two-year term then in effect. A Lease will, however, be fully reinstated, as if it had never been terminated, provided (a) all overdue installments, if any, of interest on outstanding Obligations, all principal of all Obligations then outstanding which have become due and payable otherwise than by acceleration, if any, in accordance with the terms of the applicable Trust Agreement, and all other sums then payable under or pursuant to the applicable Trust Agreement (except the principal of and the interest on such Obligations which by such acceleration shall have become due and payable) shall have been paid, and such acceleration, if any, shall have been duly rescinded and annulled, and (b) the

General Assembly shall have appropriated funds to enable the DAS and the DOT, as the case may be, to pay or provide for the payment of the amounts to be paid under that Lease, then in such event that Lease shall be fully reinstated, as if it had never been terminated.

Under the provisions of the Ohio Constitution, appropriations by the General Assembly may not be made for a period longer than the fiscal biennium, which begins July 1 and ends June 30 in each odd-numbered year. While the Treasurer and the OPFC expect that for each State fiscal biennium the General Assembly will appropriate amounts to each of the DAS and the DOT estimated to be sufficient to meet payments under its Lease consistent with the State budget, the General Assembly is not under a legal obligation to make such appropriations to any of the DAS or the DOT. Accordingly, none of the Treasurer, the OPFC, the DAS or the DOT can make any assurance that appropriations will be made. Section 2i of Article VIII of the Ohio Constitution and the Act provide that the owners and Holders of the Series 2025 Bonds are not given the right to have excises or taxes levied by the General Assembly for the payment of principal or interest thereon.

Each Lease is an essential document for the security of the applicable Series 2025 Bonds to which it applies and should be read in its entirety. For additional information and a document summary of the Leases, see **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES**. Copies of the Leases are available upon request from the Office of Debt Management, Treasurer of State, 30 East Broad Street, 9th Floor, Columbus, Ohio 43215 (telephone (614) 466-7752).

TAX MATTERS

General

In the opinion of Keating Muething & Klekamp PLL, Bond Counsel to the Treasurer, under existing law (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals under the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) the Series 2025 Bonds, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, are free from taxation within the State of Ohio. Interest on the Series 2025 Bonds may be subject to certain federal taxes imposed only on certain corporations, and certain taxpayers may have other federal tax consequences as a result of owning the Series 2025 Bonds. Bond Counsel will express no opinion as to any other tax consequences regarding the Series 2025 Bonds.

The opinion on federal tax matters will be based on and will assume the accuracy of certain representations and certifications, and continuing compliance with certain covenants, of the State contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the Series 2025 Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of the State's certifications and representations or the continuing compliance with the State's covenants.

The opinion of Bond Counsel is based on current legal authority and covers certain matters not directly addressed by such authority. It represents Bond Counsel's legal judgment as to exclusion of interest on the Series 2025 Bonds from gross income for federal income tax purposes but is not a guaranty of that conclusion. The opinion is not binding on the Internal Revenue Service ("IRS") or any court. Bond Counsel expresses no opinion about (i) the effect of future changes in the Code and the applicable regulations under the Code or (ii) the interpretation and the enforcement of the Code or those regulations by the IRS.

The Code prescribes a number of qualifications and conditions for the interest on state and local government obligations to be and to remain excluded from gross income for federal income tax purposes, some of which, including provisions for the rebate of certain investment earnings to the federal government, require future or continued compliance after issuance of the obligations. Noncompliance with these requirements by the State may cause the interest on the Series 2025 Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Series 2025 Bonds. The State has covenanted to take the actions required of it for the interest on the Series 2025 Bonds to be and to remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion. After the date of issuance of the Series 2025 Bonds, Bond Counsel will not undertake to determine (or to so inform any person) whether any actions taken or not taken, or any events occurring or not occurring, or any other matters coming to Bond Counsel's attention, may adversely affect the exclusion from gross income for federal income tax purposes of interest on the Series 2025 Bonds or the market value of the Series 2025 Bonds.

Interest on the Series 2025 Bonds may be subject: (1) to a federal branch profits tax imposed on certain foreign corporations doing business in the United States; (2) to a federal tax imposed on excess net passive income of certain S corporations; and (3) for tax years beginning after December 31, 2022, to the alternative minimum tax imposed under Section 55(b) of the Code on "applicable corporations" (within the meaning of Section 59(k) of the Code). Under the Code, the exclusion of interest from gross income for federal income tax purposes may have certain adverse federal income tax consequences on items of income, deduction or credit for certain taxpayers, including financial institutions, certain insurance companies, recipients of Social Security and Railroad Retirement benefits, those that are deemed to incur or continue indebtedness to acquire or carry tax exempt obligations, and individuals otherwise eligible for the earned income tax credit. The applicability and extent of these and other tax consequences will depend upon the particular tax status or other tax items of the owner of the Series 2025 Bonds. Bond Counsel will express no opinion regarding those consequences.

Payments of interest on tax-exempt obligations, including the Series 2025 Bonds, are generally subject to IRS Form 1099-INT information reporting requirements. If a Series 2025 Bond owner is subject to backup withholding under those requirements, then payments of interest will also be subject to backup withholding. Those requirements do not affect the exclusion of such interest from gross income for federal income tax purposes.

Bond Counsel's engagement with respect to the Series 2025 Bonds ends with the issuance of the Series 2025 Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the State or the owners of the Series 2025 Bonds regarding the tax status of interest thereon in the event of an audit examination by the IRS. The IRS has a program to audit tax-exempt obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the IRS does audit the Series 2025 Bonds, under current IRS procedures, the IRS will treat the State as the taxpayer and the beneficial owners of the Series 2025 Bonds will have only limited rights, if any, to obtain and participate in judicial review of such audit. Any action of the IRS, including but not limited to selection of the Series 2025 Bonds for audit, or the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the market value of the Series 2025 Bonds.

Prospective purchasers of the Series 2025 Bonds upon their original issuance at prices other than the respective prices indicated on the Cover, and prospective purchasers of the Series 2025 Bonds at other than their original issuance, should consult their own tax advisors regarding other tax considerations such as the consequences of market discount, as to all of which Bond Counsel expresses no opinion.

Risk of Future Legislative Changes and/or Court Decisions

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may also be considered by the State legislature. Court proceedings may also be filed, the outcome of which could modify the tax treatment of obligations such as the Series 2025 Bonds. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Series 2025 Bonds will not have an adverse effect on the tax status of interest or other income on the Series 2025 Bonds or the market value or marketability of the Series 2025 Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Series 2025 Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

For example, federal tax legislation that was enacted on December 22, 2017 reduced corporate tax rates, modified individual tax rates, eliminated many deductions, repealed the corporate alternative minimum tax that was in effect at that time, and eliminated the tax-exempt advance refunding of tax-exempt bonds and tax-advantaged bonds, among other things. Additionally, investors in the Series 2025 Bonds should be aware that future legislative actions might increase, reduce or otherwise change (including retroactively) the financial benefits and the treatment of all or a portion of the interest on the Series 2025 Bonds for federal income tax purposes for all or certain taxpayers. In all such events, the market value of the Series 2025 Bonds may be affected and the ability of holders to sell their Bonds in the secondary market may be reduced.

Investors should consult their own financial and tax advisors to analyze the importance of these risks.

Original Issue Discount and Original Issue Premium

Certain of the Series 2025 Bonds ("Discount Bonds") may be offered and sold to the public at an original issue discount ("OID"). OID is the excess of the stated redemption price at maturity (the principal amount) over the "issue price" of a Discount Bond. The issue price of a Discount Bond is the initial offering price to the public (other than to bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of the Discount Bonds of the same maturity is sold pursuant to that offering. For federal income tax purposes, OID accrues to the owner of a Discount Bond over

the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Bond (i) is interest excluded from the owner's gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as other interest on the Series 2025 Bonds, and (ii) is added to the owner's tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Bond. A purchaser of a Discount Bond in the initial public offering at the price for that Discount Bond stated on the Cover of this Official Statement who holds that Discount Bond to maturity will realize no gain or loss upon the retirement of that Discount Bond.

Certain of the Series 2025 Bonds ("Premium Bonds") may be offered and sold to the public at a price in excess of their stated redemption price at maturity (the principal amount). That excess constitutes bond premium. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, if any, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually. No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner's gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Bond, the owner's tax basis in the Premium Bond is reduced by the amount of bond premium that is amortized during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Bond for an amount equal to or less than the amount paid by the owner for that Premium Bond. A purchaser of a Premium Bond in the initial public offering who holds that Premium Bond to maturity (or, in the case of a callable Premium Bond, if any, to its earlier call date that results in the lowest yield on that Premium Bond) will realize no gain or loss upon the retirement of that Premium Bond.

Owners of Discount and Premium Bonds should consult their own tax advisors as to the determination for federal income tax purposes of the existence of OID or bond premium properly accruable or amortizable in any period with respect to the Discount or Premium Bonds, as to other federal tax consequences in respect of OID and bond premium, and the treatment of OID and bond premium for purposes of state and local taxes on, or based on, income.

LITIGATION

There is no litigation pending contesting the validity of the Series 2025 Bonds or the proceedings for their authorization, issuance, sale, execution and delivery. A no-litigation certificate to that effect will be delivered to the Underwriters at the time of original delivery of the Series 2025 Bonds.

The Treasurer, the DAS, the DOT, the OPFC and the State are parties to various legal proceedings seeking damages or injunctive relief, which are generally incidental to their respective operations, but unrelated to the security for the Series 2025 Bonds. The ultimate disposition of these proceedings is not presently determinable, but in the opinion of the Ohio Attorney General will not have a material adverse effect on the Series 2025 Bonds or the security for the Series 2025 Bonds.

LEGAL OPINIONS

Legal matters incident to the issuance of each series of the Series 2025 Bonds and with regard to the tax-exempt status of the interest thereon (see **TAX MATTERS**) are subject to the approving legal opinion of Keating Muething & Klekamp PLL, Bond Counsel. The signed legal opinion for each series of the Series 2025 Bonds dated as of, and premised on the transcript of proceedings examined and law in effect on, the date of original delivery of the Series 2025 Bonds, will be delivered to the Underwriters at the time of that original delivery.

The proposed text of Bond Counsel's legal opinions is set forth as **EXHIBIT A** hereto. The legal opinions to be delivered may vary from that text if necessary to reflect facts and law on the date of delivery. Each opinion will speak only as of its date, and subsequent distribution by recirculation of the Official Statement or otherwise should not create any implication that Bond Counsel has reviewed or expressed any opinion concerning any of the matters referred to in each respective opinion subsequent to its date.

Certain legal matters will be passed upon for the Treasurer by his counsel, Dave Yost, Attorney General of Ohio, and Dinsmore & Shohl LLP, which is serving as Issuer Counsel and Disclosure Counsel to the Treasurer. Certain legal matters also will be passed upon for the DAS and the DOT by the Attorney General of Ohio. Certain legal matters will be passed upon for the Underwriters by Taft Stettinius & Hollister LLP.

RATINGS

In response to the Treasurer's application, the Series 2025 Bonds have been rated AA+ (outlook stable) by Fitch Ratings ("Fitch"), Aa1 (outlook stable) by Moody's Ratings ("Moody's") and AA+ (outlook stable) by S&P Global Ratings, a division of S&P Global Inc. ("S&P").

The ratings in effect from time to time reflect only the views of the particular rating organization. The explanation of its views of its rating's meaning and significance may be obtained from the respective rating agency. The State and the Treasurer furnished to each rating agency certain information and materials, some of which may not be included in this Official Statement, relating to the Series 2025 Bonds and other obligations, the State, the Treasurer, the DAS and the DOT. Generally, rating agencies base their ratings on that information and materials, and on their own investigations, studies and assumptions.

There can be no assurance that the ratings assigned will continue for any given time, or that a rating will not be lowered or withdrawn by a rating agency if in its judgment circumstances so warrant. Any downward change in or withdrawal of a rating, or change in rating outlook or other actions of a rating agency, may have an adverse effect on the marketability and market price of the Series 2025 Bonds.

UNDERWRITING

J.P. Morgan Securities LLC, as an Underwriter and as representative of the other Underwriters identified on the Cover, has agreed, subject to certain conditions, to purchase the Series 2025 Bonds from the Treasurer at the following price:

- For the Administrative Bonds, \$ _____ (consisting of the par amount thereof, plus [net] original issue premium (\$ _____) and less underwriters' discount (\$ _____)).
- For the Transportation Building Fund Bonds, \$ _____ (consisting of the par amount thereof, plus [net] original issue premium (\$ _____) and less underwriters' discount (\$ _____)).

The Underwriters are obligated to purchase all of the Series 2025 Bonds of the series if any Series 2025 Bonds of the series are purchased. The Underwriters may offer the Series 2025 Bonds to certain dealers (including dealers depositing the Series 2025 Bonds into unit investment trusts, certain of which may be sponsored or managed by one or more of the Underwriters) at prices different from the public offering prices, and may change the public offering prices from time to time.

The Underwriters have provided the following paragraphs for inclusion in this Official Statement:

The Underwriters and their respective affiliates are full-service financial institutions engaged in various activities that may include securities trading, commercial and investment banking, municipal advisory, brokerage, and asset management. In the ordinary course of business, the Underwriters and their respective affiliates may actively trade debt and, if applicable, equity securities (or related derivative securities) and provide financial instruments (which may include bank loans, credit support or interest rate swaps). The Underwriters and their respective affiliates may engage in transactions for their own accounts involving the securities and instruments made the subject of this securities offering or other offering of the Treasurer and the State. The Underwriters and their respective affiliates may make a market in credit default swaps with respect to municipal securities in the future. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and publish independent research views in respect of this securities offering or other offerings of the Treasurer and the State.

J.P. Morgan Securities LLC ("JPMS"), one of the Underwriters of the Series 2025 Bonds, has entered into negotiated dealer agreements (each a "Dealer Agreement") with each of Charles Schwab & Co., Inc. ("CS&Co.") and LPL Financial LLC ("LPL") for the retail distribution of certain securities offerings at the original issue prices. Pursuant to each Dealer Agreement, each of CS&Co. and LPL may purchase Series 2025 Bonds from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any Series 2025 Bonds that such firm sells.

PNC Capital Markets LLC ("PNCCM") may offer to sell to its affiliate, PNC Investments, LLC ("PNCI"), securities in PNCCM's inventory for resale to PNCI's customers, including securities such as those to be offered by the Treasurer.

MUNICIPAL ADVISOR

PFM Financial Advisors LLC (the "Municipal Advisor") is serving as the municipal advisor to the Treasurer in connection with the issuance and sale of the Series 2025 Bonds. The Municipal Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information contained in the Official Statement. The Municipal Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

TRANSCRIPT AND CLOSING CERTIFICATES

Upon delivery of the Series 2025 Bonds, a complete transcript of proceedings for each series and no-litigation certificate (as described above) will be delivered by the Treasurer to the Underwriters. At that time, the Treasurer will furnish to the Underwriters a certificate relating to the accuracy and completeness of this Official Statement (including matters set forth in or contemplated by it), and to its being a "final official statement" for purposes of Securities and Exchange Commission (SEC) Rule 15c2-12(b).

CONTINUING DISCLOSURE AGREEMENTS

The Treasurer and the Ohio Office of Budget and Management, each on behalf of the State (the "Obligated Person"), have agreed, for the benefit of the Holders and Beneficial Owners of each series of the Series 2025 Bonds, in accordance with SEC Rule 15c2-12 (the "Rule"), to provide or cause to be provided such financial information and operating data (the "Annual Information"), audited financial statements and notices, in such manner, as may be required for purposes of paragraph (b)(5)(i) of the Rule (the "Continuing Disclosure Agreement").

The Treasurer and the Ohio Office of Budget and Management on the State's behalf, will provide to the Municipal Securities Rulemaking Board (the "MSRB") through its Electronic Municipal Market Access ("EMMA") system:

- Annual Information for each State Fiscal Year (beginning with Fiscal Year 2025) not later than the 90th day following the end of the Fiscal Year (or, if that is not a State business day, the next State business day), consisting of annual financial information and operating data of the type included in **APPENDIX A** of this Official Statement under the captions **FISCAL MATTERS, STATE DEBT, STATE EMPLOYEES AND COLLECTIVE BARGAINING AGREEMENTS, RETIREMENT SYSTEMS** and **TAX LEVELS AND TAX BASES**. The Treasurer expects that Annual Information will be provided directly by the State (specifically, by OBM) and may be provided in part by cross-reference to other documents, such as the State's Comprehensive Annual Financial Report, and subsequent final official statements.
- When and if available, audited general purpose financial statements of the State for each Fiscal Year. The Treasurer expects that those financial statements will be prepared, that they will be available separately from the Annual Information, and that the accounting principles to be applied in their preparation will, except as may otherwise then be stated, be as described under and by reference in **APPENDIX A** under **FISCAL MATTERS - Accounts and Controls; Financial Report**.
- Notice of the occurrence of any of the following events, within the meaning of the Rule, with respect to each series of the Series 2025 Bonds within 10 business days of its occurrence:
 - principal and interest payment delinquencies
 - non-payment related defaults, if material
 - unscheduled draws on any debt service reserves or on credit enhancements reflecting financial difficulties
 - substitution of credit or liquidity providers, or their failure to perform
 - adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Series 2025 Bonds, or other material events affecting the tax status of the Series 2025 Bonds
 - modifications to rights of Series 2025 Bond holders, if material

- Series 2025 Bond calls, if material, and tender offers
 - defeasances
 - release, substitution, or sale of property securing repayment of the Series 2025 Bonds, if material
 - rating changes
 - bankruptcy, insolvency, receivership or similar event of the Obligated Person
 - the consummation of a merger, consolidation or acquisition involving the Obligated Person or the sale of all or substantially all of the assets of the Obligated Person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material
 - appointment of a successor or additional trustee or the change of the name of a trustee, if material
 - incurrence of a Financial Obligation of the Obligated Person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Obligated Person, any of which affect security holders, if material
 - default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Obligated Person, any of which reflect financial difficulties
- Notice of the failure to provide the Annual Information within the specified time.
 - Notice of any material change in the accounting principles applied in the preparation of the annual financial statements or in the Fiscal Year, any failure of the General Assembly to appropriate moneys for the purpose of paying costs to be incurred by the State in performing the Continuing Disclosure Agreement for the applicable fiscal period (biennium), and termination of the Agreement.

There are no debt service reserves, or credit enhancements or credit or liquidity providers, for the Series 2025 Bonds, or any property (except the Bond Service Fund) securing repayment for the Series 2025 Bonds.

The Treasurer reserves the right to amend the Continuing Disclosure Agreement, and to obtain the waiver of noncompliance with any provision of the Continuing Disclosure Agreement, as may be necessary or appropriate for any of the following:

- To achieve compliance with any applicable federal securities law or rule.
- To cure any ambiguity, inconsistency or formal defect or omission.
- To address any change in circumstances arising from a change in legal requirements, change in law, or change in the identity, nature, or status of the Obligated Person.

Any such amendment or waiver will not be effective unless that Continuing Disclosure Agreement (as amended or taking into account the waiver) would have complied with the requirements of the Rule at the time of the primary offering of the Series 2025 Bonds, after taking into account any applicable amendments to or official interpretations of the Rule, as well as any change in circumstances, and until the Treasurer shall have received either:

- A written opinion of bond or other qualified independent special counsel selected by the Treasurer that the amendment or waiver would not materially impair the interest of holders or Beneficial Owners of the Series 2025 Bonds, or
- The written consent to the amendment, or waiver, by the holders of at least a majority of the aggregate outstanding principal amount of the applicable series of the Series 2025 Bonds.

Each Continuing Disclosure Agreement will be solely for the benefit of the holders and beneficial owners of the applicable series of the Series 2025 Bonds including holders of book-entry interests in them. The right to enforce the provisions of a Continuing Disclosure Agreement may be limited to a right of the holders or beneficial owners to enforce to the extent permitted by law (by mandamus, or other suit, action or proceedings at law or in equity) the obligations and duties under it.

In order to provide certain continuing disclosure with respect to the Series 2025 Bonds in accordance with the Rule, the State has entered into a Disclosure Dissemination Agent Agreement (the "Disclosure Dissemination Agreement") for the benefit of the holders of the Series 2025 Bonds with Digital Assurance Certification, L.L.C. ("DAC"), under which the State has designated DAC as Disclosure Dissemination Agent ("Disclosure Dissemination Agent").

The Disclosure Dissemination Agent has only the duties specified in the Disclosure Dissemination Agreement. The Disclosure Dissemination Agent's obligation to deliver the information at the times and with the contents described in the Disclosure Dissemination Agreement is limited to the extent the State has provided that information to the Disclosure Dissemination Agent as required by that Disclosure Dissemination Agreement. The Disclosure Dissemination Agent has no duty with respect to the content of any disclosures or notice made pursuant to the terms of the Disclosure Dissemination Agreement or duty or obligation to review or verify any information contained within any disclosure or notices provided to it by the State, and the Disclosure Dissemination Agent shall not be deemed to be acting in any fiduciary capacity for the State, the holders of the Series 2025 Bonds or any other party. The Disclosure Dissemination Agent has no responsibility for any failure to report to the Disclosure Dissemination Agent any event requiring disclosure or a duty to determine the materiality thereof, or to determine or liability for failing to determine whether the State has complied with the Continuing Disclosure Agreement, and the Disclosure Dissemination Agent may conclusively rely upon certification of the State at all times.

The performance by the Treasurer or the Ohio Office of Budget and Management acting for the State, as the only Obligated Person with respect to the Series 2025 Bonds, of the Continuing Disclosure Agreement will be subject to the biennial appropriation by the General Assembly of moneys for that purpose.

Each Continuing Disclosure Agreement will remain in effect only for such period that the applicable series of the Series 2025 Bonds is outstanding in accordance with its terms and the State remains an Obligated Person with respect to such series of the Series 2025 Bonds within the meaning of the Rule.

During the past five years the State has complied in all material respects with its continuing disclosure agreements under the Rule relating to the State's special obligation bonds, the debt service on which is subject to biennial appropriations by the General Assembly.

ELIGIBILITY FOR INVESTMENT AND AS PUBLIC MONEYS SECURITY

Provided that the matter as to a particular investor is governed by Ohio law, and subject to any applicable limitations under other provisions of Ohio law, under the Act the Series 2025 Bonds are lawful investments for banks, societies for savings, savings and loan associations, deposit guarantee associations, trust companies, trustees, fiduciaries, insurance companies (including domestic for life and domestic not for life), trustees or other officers having charge of sinking and bond retirement or other special funds of political subdivisions and taxing districts of the State, the commissioners of the sinking fund of the State, the administrator of workers' compensation, and State retirement systems (teachers, public employees, school employees and police and fire).

The Act also provides that the Series 2025 Bonds are acceptable under Ohio law as security for the repayment of the deposit of public moneys.

Owners of book-entry interests in the Series 2025 Bonds should make their own determination as to such matters as the legality of investment in or the ability to pledge book-entry interests.

CONCLUDING STATEMENT

All quotations in this Official Statement from, and summaries and explanations of, the Ohio Constitution, the Revised Code, the Trust Agreements, the Leases, the General Bond Orders and the Series Orders do not purport to be complete. Reference is made to the pertinent provisions of the Ohio Constitution, the Revised Code and those documents for all complete statements of their provisions. Copies of the Trust Agreements, the Leases, the General Bond Orders and the Series Orders are available upon request from the Office of Debt Management, Treasurer of State, 30 East Broad Street, 9th Floor, Columbus, Ohio 43215 (telephone (614) 466-7752).

To the extent that any statements in this Official Statement involve matters of opinion or estimates (whether or not expressly stated to be such) those statements are made as such and not as representations of fact or certainty. No representation is made that any of those statements will be realized. Information in this Official Statement has been derived by the State, the Treasurer, the DAS and the DOT from official and other sources and is believed by the State, the Treasurer, the DAS and the DOT to be reliable, but information other than that obtained from State official records has not been independently confirmed or verified by the State or the Treasurer and its accuracy is not guaranteed.

This Official Statement is not to be construed as a contract or agreement between the State or the Treasurer and the Underwriters or subsequent owners of the Series 2025 Bonds or of book-entry interests in them.

(THIS SPACE INTENTIONALLY LEFT BLANK)

This Official Statement has been prepared, approved, executed and delivered by the Treasurer in his official capacity on behalf of the State.

STATE OF OHIO

By: _____
Robert Cole Sprague
State Treasurer of Ohio

[THIS PAGE INTENTIONALLY LEFT BLANK]

APPENDIX A

INFORMATION CONCERNING THE STATE OF OHIO

The following discusses certain matters relating to general State of Ohio (State) finances and debt, and the State's economy, employment, population, agriculture, resources, tax bases and related subjects. This information is from the State's official records, except for information expressly attributed to other sources, and summarizes and describes current and recent historical information. It is not intended to indicate future or continuing trends in the financial or other positions of the State. No representation is made that past experience, as might be shown by this financial and other information, will necessarily continue in the future.

Owners of the Series 2025 Bonds have no right to have taxes or excises levied by the General Assembly to pay Bond Service Charges.

FISCAL MATTERS

General

Consistent with the constitutional provision that no appropriation may be made for a period longer than two years, the State operates on the basis of a fiscal biennium for its appropriations and expenditures. Under current law, the biennium for operating purposes runs from July 1 in an odd-numbered year to June 30 in the next odd-numbered year (e.g., the current fiscal biennium began July 1, 2023, and ends June 30, 2025). Conversely, the biennium for general capital appropriations purposes runs from July 1 in an even-numbered year to June 30 in the next even-numbered year (e.g., July 1, 2024, through June 30, 2026). Within a fiscal biennium, the State operates based on a July 1 to June 30 fiscal year.

The Governor is required to submit the Executive Budget to the General Assembly no later than four weeks after the General Assembly convenes in January each odd-numbered year. In years of a new Governor's inauguration, the budget must be submitted by March 15. Appropriations legislation reflecting that Executive Budget is then introduced for committee hearings and review first in the House and then in the Senate and finally in Conference Committee, with that appropriations legislation as approved by the General Assembly then presented to the Governor for approval (with possible line-item vetoes). See **FISCAL MATTERS – Recent and Current Finances – Current Biennium** for discussion of the enacted budget for the 2024-2025 fiscal biennium.

Authority for appropriating state moneys subject to appropriation rests in the bicameral General Assembly, which consists of a 99-member House of Representatives (elected to two-year terms) and a 33-member Senate (elected to overlapping four-year terms). Members of both houses are subject to term limits, with a maximum of eight consecutive years in either. The Governor has veto power, including the power to make line-item vetoes in bills making appropriations. Vetoes may be overridden by a three-fifths vote of each house.

The Ohio Constitution, Article XII, Section 4, requires the General Assembly to “provide for raising revenue, sufficient to defray the expenses of the state, for each year, and also a sufficient sum to pay the principal and interest as they become due on the state debt.” Therefore, the State is effectively precluded by law from ending a fiscal year or a biennium in a “deficit” position. State borrowing to meet casual deficits or failures in revenues or to meet expenses not otherwise provided for is limited by the Ohio Constitution to \$750,000 (Article VIII, Section 1).

The General Revenue Fund (GRF) is the largest fund in the State. Personal income and sales and use taxes are the major sources of GRF tax revenue. The last complete fiscal year ended June 30, 2024, with an unobligated GRF fund balance of \$1.1 billion, including \$206.7 million reserved to maintain the statutory target of one-half of one percent of FY 2024 GRF revenues as an ending balance. H.B. 687 of the 134th General Assembly and H.B. 33 of the 135th General Assembly allocated one-time resources, including a portion of the unobligated balance, to one-time priorities in FY2024. Specific expenditures and transfers are described in more detail below.

The State also has a “rainy day” fund (the Budget Stabilization Fund (BSF)) which by law is intended to carry a balance of up to 10 percent of the GRF revenue for the preceding fiscal year.¹ The BSF balance as of June 30, 2024,

¹ H.B. 33 of the 135th General Assembly raised the threshold from 8.5 percent to 10 percent.

was \$3.8 billion (includes \$150 million of transfers), which equals 9.2 percent of FY 2024 GRF revenue. Recent fiscal year-end BSF balances and their percent of GRF revenue for that fiscal year were:

Fiscal Year-Ending	BSF Balance (\$ in millions)	Percent of GRF Revenue
2020	\$2,692	8.0%
2021	2,692	6.8
2022	2,706 ^(a)	6.7
2023	3,501 ^{(a)(b)}	8.2
2024	3,787 ^(a)	9.2

- (a) H.B. 110 of the 134th General Assembly authorized the BSF to retain any interest credited to the fund instead of allocating these funds to the GRF beginning in fiscal year 2022. As a result, the BSF accrued \$14.6 million in interest during fiscal year 2022, \$67.7 million during fiscal year 2023, and \$135.7 million during fiscal year 2024.
- (b) Does not include year-end transfer of \$150 million into BSF that occurred in the following fiscal year, includes approximately \$727.3 million in transfers that occurred during FY 2023.

Listed in the tables below under **Recent Receipts and Disbursements** are the major categories of state revenue sources, including taxes and excises, and the amounts received from those categories. There is no present constitutional limit on the rates of those state levied taxes and excises (except for taxes on intangible property which the State does not currently levy).

At present, the State does not levy ad valorem taxes on real or tangible personal property. Ad valorem taxes on tangible personal property of public utilities and on real property are levied by political subdivisions and local taxing districts, and State law does not currently allow the imposition of a general ad valorem tax on tangible personal property other than that of public utilities. Since 1934, the Ohio Constitution has limited the amount of the aggregate levy of ad valorem property taxes on particular property, without a vote of the electors or municipal charter provision, to 1 percent of true value in money, and statutes limit the amount of that aggregate levy without a vote or charter provision to 10 mills per \$1 of assessed valuation -- commonly referred to in the context of Ohio local government finance as the “ten-mill limitation.” See **TAX LEVELS AND TAX BASES** for a discussion of the phase-out of local tangible personal property taxes in 2006 through 2009.

The Ohio Constitution directs or restricts the use of certain revenues. Highway fees and excises, including gasoline taxes, are limited in use to highway-related purposes. Not less than 50 percent of the receipts from state income taxes must be returned to the originating political subdivisions and school districts. State net lottery profits are allocated to elementary, secondary, vocational, and special education program purposes, including application to debt service on obligations issued to finance capital facilities for a system of common schools.

Ohio constitutional amendments relating to taxation, revenues, expenditures, debt, or other subjects may be proposed by action of three-fifths of the members elected to each house of the General Assembly or by initiative petition signed by electors numbering at least 10 percent of the total number of votes last cast for the Office of Governor. Adoption of a proposed amendment requires approval by a majority of electors voting on it at a statewide election. The Ohio Constitution expressly provides that the General Assembly has no power to pass laws impairing the obligation of existing contracts.

Accounts and Controls; Financial Reports

With each office performing specific functions relating to State expenditures, the Office of Budget and Management (OBM) and the Treasurer of State account for and report on the State’s fiscal affairs.

OBM maintains records of appropriations made by the General Assembly, and its director, appointed by the Governor, certifies the availability of unencumbered appropriations as a condition of contract validity. OBM fiscal functions include the development and oversight of operating and capital budgets as well as the review, processing, and reporting of financial transactions for most state departments and agencies (excluding, among others, institutions of higher education). The OBM Director’s certification is required for all expenditure vouchers before OBM may issue state warrants. OBM maintains accounting records that reflect the level of vouchered expenditures. The Treasurer of State maintains the cash and investments that comprise the state treasury and invests state funds, including proceeds of state debt obligations. The Treasurer redeems the warrants issued by

OBM when presented for payment by financial institutions and monitors the timing and amount of payments to determine the State's cash flow position for investment purposes.

State financial reporting practices have been and are in accordance with generally accepted accounting principles (GAAP). Each Annual Comprehensive Financial Report (ACFR) includes the State's Basic Financial Statements (BFS) for that fiscal year as examined by the Auditor of State. The most recent ACFRs are accessible via OBM's web page at <https://obm.ohio.gov/areas-of-interest/financial-support-services/financial-reporting/acfr>.

The BFS are presented in accordance with a fund classification system prescribed by the Governmental Accounting Standards Board. The GAAP basis financial statement presentation is comprehensive in scope and includes organizations and activities defined within Ohio's reporting entity that are not subject to the State's appropriation process. The "General Fund" as reported in the BFS includes more than just the GRF; it also encompasses the Budget Stabilization Fund and those reimbursement-supported funds that account for activities administered by state agencies and departments and for which special revenue or proprietary fund classifications are considered inappropriate.

Recent Receipts and Disbursements

The following summary statements, prepared by OBM based on its accounting records, include (i) governmental and proprietary appropriated funds, cash receipts and cash disbursements, and (ii) GRF cash basis activity. The governmental and proprietary appropriated funds encompass the General Fund (which includes the GRF and BSF) as well as special revenue, debt service, capital projects, and enterprise fund types.

- (a) The State has incrementally reduced personal income tax rates commencing calendar year 2013 (see **FISCAL MATTERS – Recent and Current Finances – Recent Biennia – 2018-2019, 2020-2021, and Current Biennium** and **TAX LEVELS AND TAX BASES – Personal Income Tax**).
- (b) Beginning July 1, 2019, the gasoline tax and diesel tax were increased from 28 cents to 38.5 cents and 47 cents per gallon, respectively (see **TAX LEVELS AND TAX BASES**).
- (c) Beginning October 1, 2019, the minimum age to purchase cigarettes increased from 18 to 21, and a 10 cents/milliliter tax was imposed on vapor products (see **FISCAL MATTERS – Recent and Current Finances – Recent Biennia – 2020-2021**).
- (d) Eliminated effective January 1, 2013; receipts in all years reflect delayed filings or payments.
- (e) Includes residual payments under the corporate franchise tax for FY 2022.
- (f) FY 2020 and FY 2021 increases were associated with the enhanced Federal Medical Assistance Percentage authorized in the Families First Coronavirus Response Act (see **FISCAL MATTERS – Recent and Current Finances – Outbreak of COVID-19**).
- (g) Largest components consist of various reimbursements, loan repayments, unclaimed funds, and investment income.
- Totals may not foot due to rounding.

(a) Beginning January 1, 2013, the State has incrementally reduced personal income tax rates (see **FISCAL MATTERS – Recent and Current Finances – Recent Biennia – 2018-2019, 2020-2021, 2022-2023, and Current Biennium; TAX LEVELS AND TAX BASES – Personal Income Tax**).

(b) Beginning October 1, 2019, a 10 cents/milliliter tax was imposed on vapor products (see **FISCAL MATTERS – Recent and Current Finances – Recent Biennia – 2020-2021**).

(c) Includes alcoholic beverage tax, liquor gallonage, petroleum activity tax, other business and property tax, and residual payments under the corporate franchise tax and estate tax which are both repealed but may apply to prior tax periods.

(d) Mainly subsidies to school districts for primary and secondary education.

(e) Includes amounts for non-highway transportation purposes, including mass transit, rail, and aviation.

(f) State reimbursements to taxing subdivisions for the 12.5 percent property tax rollback granted to homeowners of real property, for partial real property homestead tax exemptions for the elderly and handicapped (expanded commencing in July 2007), and for revenue reductions resulting from phase-out of local taxes on tangible personal property.

(g) FY 2020 to FY 2022 include transfers of \$66 million, \$65.9 million, and \$28.9 million respectively, from the Petroleum Activity Tax Public Highways Fund.

(h) FY 2020 to 2023 include transfers of \$400 million, \$500 million, and \$600 million to the Foundation Funding – All Students Fund, respectively; FY 2022 included a \$1.2 billion transfer to the Health and Human Services Fund. FY 2023 included \$837.2 million in transfers to several capital funds, authorized in House Bill 687 of the 134th General Assembly, and \$727 million to the Budget Stabilization Fund, authorized in H.B. 45 of the 134th General Assembly. FY 2024 included prior year surplus transfers of \$4.7 billion to various funds for one-time purposes, and several additional transfers totaling \$2.0 billion to capital funds, authorized in House Bill 687 of the 134th General Assembly.

Totals may not foot due to rounding.

Recent and Current Finances

Introductory Information

The summary statements above identify receipts from specific taxes and excises that are sources of significant amounts of revenue to the State, and particularly to the GRF. As noted, there are constitutional limitations on the use of some taxes and excises, and mandated allocations of portions of some others. As the statements portray, a substantial amount of total State-level revenue is distributed to local governments and school districts under ongoing programs, including local property tax relief.

The GRF ending cash and fund balances for FY 2024 were \$2.1 billion and \$1.1 billion, respectively. Recent biennium-ending GRF balances were:

Biennium	Cash Balance (\$ in millions)	Fund Balance ^(a) (\$ in millions)	Fund Balance less Designated Transfers ^(b) (\$ in millions)
2014-2015	\$1,711.7	\$1,286.5	\$550.4
2016-2017	557.1	170.9	170.9
2018-2019	1,538.0	1,146.4	834.0
2020-2021	4,721.5	4,032.3	2,534.0
2022-2023	8,990.7	7,357.1	2,684.2

(a) Reflects the ending cash balance less amounts encumbered to cover financial commitments made prior to the end of the fiscal year.

(b) Reflects the ending fund balance less any amounts designated for transfer to other funds, including the BSF.

Actions have been and may be taken by the State to ensure revenue/expenditure balance (particularly in the GRF), some of which are described below. None of those actions has been applied to appropriations or expenditures needed for debt service, lease payments, or other payments involving any State debt-related obligations.

The appropriations acts for the 2024-2025 biennium included all necessary appropriations for debt service on State obligations and for lease payments relating to lease rental obligations issued by the Treasurer of State and for certificates of participation (see **FISCAL MATTERS – Recent and Current Finances – Current Biennium and State Debt – General**).

The Revised Code imposes a limitation on most GRF appropriations commencing with the 2008-09 fiscal biennium. This statutory limitation initially used FY 2007 GRF appropriations as a baseline (excluding appropriations for debt service, tax relief and refunds, and certain appropriations reflecting moneys received from the federal government) and then applies an annual growth factor equal to the greater of 3.5 percent or the sum of the inflation rates and rate of state population change. Every fourth fiscal year thereafter becomes a new base year. All GRF appropriations since FY 2007 have complied with this limitation.

The following is a general discussion of State finances, particularly GRF receipts and expenditures, for recent and the current biennia. As evidenced by the paragraphs below, the State administrations and both houses of the General Assembly have been and remain committed to taking actions that ensure a balance of GRF resources and expenditures.

Recent Biennia

2018-2019

The 2018-2019 Biennial Appropriations Act was passed by the General Assembly and signed by the Governor (with selective vetoes) on June 30, 2017.

To address lower GRF revenue estimates for the 2018-2019 fiscal biennium, the Act included both across-the-board and targeted spending cuts across most State agencies and programs. The Act provided for the following GRF appropriations:

GRF Appropriations 2018-2019 Biennium (\$ in billions)

Fiscal Year 2017 Expenditures	Fiscal Year 2018 Appropriations	Percent Change Over Fiscal Year 2017 Expenditures	Fiscal Year 2019 Appropriations	Percent Change Over Fiscal Year 2018 Appropriations	2018-2019 Biennium Total Appropriations
\$34.5	\$32.2	-6.7%	\$33.3	3.5%	\$65.5

Major program categories reflected the following GRF appropriation changes (excluding debt service appropriations):

- *Medicaid* – FY 2018 appropriations decreased 15 percent over FY 2017 expenditures (as discussed below, driven largely by the replacement of the Medicaid managed care organization sales tax, the receipts of which were being deposited into the GRF, by a new health insuring corporation provider assessment, the receipts of which are now deposited into a dedicated non-GRF fund), and FY 2019 appropriations increased 5.7 percent over FY 2018 appropriations.
- *Elementary and Secondary Education* – FY 2018 appropriations increased 1.5 percent over FY 2017 expenditures, and FY 2019 appropriations increased 1.6 percent over FY 2018 appropriations.
- *Higher Education* – FY 2018 appropriations increased 0.5 percent over FY 2017 expenditures, and FY 2019 appropriations decreased 0.3 percent over FY 2018 appropriations.
- *Mental Health and Developmental Disabilities* – FY 2018 appropriations decreased 0.9 percent over FY 2017 expenditures (driven by the shift in funding of certain Medicaid expenditures to the Medicaid program category), and FY 2019 appropriations increased 2.1 percent over FY 2018 appropriations.
- *Corrections and Youth Services* – FY 2018 appropriations increased 4.2 percent over FY 2017 expenditures, and FY 2019 appropriations increased 1.6 percent over FY 2018 appropriations.

The Act also modified certain components of the school funding formula to better distribute resources to districts with less capacity to raise revenues locally (see **SCHOOLS AND MUNICIPALITIES – Schools**) and limited increases in tuition and fees for two- and four-year higher education institutions.

The Executive Budget, the 2018-2019 Biennial Appropriations Act, and separate appropriations acts for the biennium included all necessary debt service and lease rental or other payment appropriation authority related to State debt obligations.

The foregoing appropriations were based upon available balances and estimated GRF revenue for the biennium as follows:

Estimated State and Federal GRF Revenue 2018-2019 Biennium (\$ in billions)

Fiscal Year 2017 Actual Revenue	Fiscal Year 2018 Est. Revenue	Percent Change Over Fiscal Year 2017 Actual Revenue	Fiscal Year 2019 Est. Revenue	Percent Change Over Fiscal Year 2018 Est. Revenue	2018-2019 Biennium Est. Total Revenue
\$34.2	\$32.3	-5.5%	\$33.3	3.2%	\$65.6

Sources of revenues reflected in the 2018-2019 Biennial Appropriations Act included \$84.5 million in transfers to the GRF from non-GRF funds, \$200 million from unclaimed funds, \$31 million from the sale of prison farmland, and \$20 million from a tax amnesty program.

The 2018-2019 Biennial Appropriations Act reflected certain tax law changes, resulting in an estimated net GRF revenue increase of \$12.8 million in FY 2018 and an estimated net GRF revenue decrease of \$30.8 million in FY 2019, including:

- Reduced the number of personal income tax brackets from nine to seven in tax year 2017 and for certain low-income taxpayers completely exempted the first \$10,500 of taxable income, with increasing

bracketed base rates and percentages up to a maximum on incomes over \$210,600 of \$8,073 plus 4.997 percent on the amount over \$210,600 (see **TAX LEVELS AND TAX BASES – Personal Income Tax**).

- Temporarily increased the percent of GRF tax revenues deposited into the public library fund from 1.66 percent to 1.68 percent in each of FY 2018 and FY 2019.
- Increased the state personal income tax deduction from \$2,000 to \$4,000 for contributions to accounts for college savings and care for disabled individuals.
- Authorized a one-time sales tax holiday on the purchase of clothing and school supplies in August 2018 (separate legislation enacted by the General Assembly authorized a sales tax holiday in August 2017).

The 2018-2019 Biennial Appropriations Act also reflected:

- The creation of a new health insuring corporation provider assessment, the revenues of which are being deposited into a non-GRF dedicated purpose fund, to fully replace the forgone GRF sales tax revenue resulting from the federal policy ruling by the Centers for Medicare and Medicaid Services (CMS) that Ohio's sales tax on Medicaid managed care organizations was impermissible as a means of generating revenue to draw federal matching dollars. The GRF revenue loss was estimated to be \$600 million in each of FY 2018 and FY 2019.
- Increased the portion of the commercial activity tax deposited into the GRF (estimated at \$175 million in FY 2018 and \$179 million in FY 2019) from 75 percent to 85 percent to more closely match the amount needed to make compensating payments to school districts and local governments in connection with the prior phase-out of the tangible personal property tax. The requirement to transfer funds in excess of the compensating payments formula to the GRF at the end of each fiscal year remained unchanged (see **TAX LEVELS AND TAX BASES – Property Tax**).

In July 2018, OBM revised the FY 2019 GRF revenue forecast to reflect updated economic assumptions, actual FY 2018 revenue performance, and certain minor tax law adjustments enacted by the General Assembly after adoption of the 2018-2019 Biennial Appropriations Act. As part of this revision, OBM increased the estimated FY 2019 GRF tax revenue forecast by \$531.1 million, a 2.4 percent increase compared to the original FY 2019 tax revenue forecast. This increase in forecasted tax revenues was largely within the personal income tax (increased by \$379.5 million or 4.5 percent) and the sales and use tax (increased by \$129 million or 1.3 percent). Effective January 1, 2019, personal income tax employer withholding rates were reduced by 3.3 percent to fully reflect the income tax rate reductions enacted in the 2016-2017 biennial budget. This was estimated to result in a one-time \$148.5 million reduction to personal income tax revenue in FY 2019. FY 2020 personal income tax revenue was not affected as the reduction in withholding was offset by reduced income tax refunds as final returns were filed for tax year 2019.

FY 2019 Financial Results. The State ended FY 2019 with GRF cash and fund balances of \$1.5 billion and \$1.2 billion, respectively. Of that ending GRF fund balance, the State carried forward \$834 million, including \$168.8 million reserved to maintain the statutory target of one-half of one percent of FY 2019 GRF revenues as an ending fund balance, and transferred \$172 million to the H2Ohio fund (see **2020-2021** below for discussion of this fund), \$31 million to the statewide treatment and prevention fund, \$39 million to the emergency purposes and disaster services funds, \$20 million to the school bus purchase fund, \$19 million to the tobacco use prevention fund, and \$31.4 million across six other smaller purposes.

2020-2021

The 2020-2021 Biennial Appropriations Act, which was preceded by a 17-day Interim Appropriations Act, was passed by the General Assembly, and signed by the Governor (with selective vetoes) on July 18, 2019. Reflecting the tax law changes described herein and an underlying economic forecast prepared in the first half of 2019, that Act provided for the GRF appropriations outlined below. The underlying economic forecast did not consider the economic effects of the pandemic as described below under **Outbreak of COVID-19**.

GRF Appropriations 2020-2021 Biennium (\$ in billions)

Fiscal Year 2019 Expenditures	Fiscal Year 2020 Appropriations	Percent Change Over Fiscal Year 2019 Expenditures	Fiscal Year 2021 Appropriations	Percent Change Over Fiscal Year 2020 Appropriations	2020-2021 Biennium Total Appropriations
\$32.7	\$34.0	4.0%	\$36.0	6.0%	\$70.0

Major program categories reflected the following GRF appropriation changes (excluding GRF debt service appropriations):

- *Medicaid* – FY 2020 appropriations increased 3.3 percent over FY 2019 expenditures, and FY 2021 appropriations increased 11.8 percent over FY 2020 appropriations.
- *Elementary and Secondary Education* – including transfers from the GRF in support of student wellness and success, FY 2020 appropriations increased 3.9 percent over FY 2019 expenditures, and FY 2021 appropriations increased 0.2 percent over FY 2020 appropriations.
- *Higher Education* – FY 2020 appropriations increased 4.6 percent over FY 2019 expenditures, and FY 2021 appropriations increased 2.6 percent over FY 2020 appropriations.
- *Mental Health and Developmental Disabilities* – excluding Medicaid program services, FY 2020 appropriations decreased 1.4 percent over FY 2019 expenditures, and FY 2021 appropriations increased 2.8 percent over FY 2020 appropriations.
- *Corrections and Youth Services* – FY 2020 appropriations increased 4 percent over FY 2019 expenditures, and FY 2021 appropriations increased 3.5 percent over FY 2020 appropriations.

The 2020-2021 Biennial Appropriations Act also created the H2Ohio fund to support water quality projects in Lake Erie and across Ohio’s rivers, lakes, and waterways. The H2Ohio fund was initially seeded by a \$172 million transfer from the FY 2019 ending GRF fund balance.

The Executive Budget, 17-day Interim Appropriations Act, the 2020-2021 Biennial Appropriations Act, and separate appropriations acts for the biennium all included necessary debt service and lease rental or other payment appropriation authority related to State debt obligations for the entire biennium.

The foregoing appropriations were based upon available balances and estimated GRF revenue for the biennium and have been adjusted with updated revenue forecasts as of June 10, 2020, as follows:

Estimated State and Federal GRF Revenue 2020-2021 Biennium (\$ in billions)

Fiscal Year 2019 Actual Revenue	Fiscal Year 2020 Est. Revenue	Percent Change Over Fiscal Year 2019 Actual Revenue	Fiscal Year 2021 Est. Revenue	Percent Change Over Fiscal Year 2020 Est. Revenue	2020-2021 Biennium Total Est. Revenue
\$33.8	\$33.2	-1.6%	\$36.0	8.5%	\$69.3

The 2020-2021 Biennial Appropriations Act reflected the following tax policy and allocation changes, among others, which resulted in a net GRF revenue decrease of \$410 million in FY 2020 and \$177 million in FY 2021:

- An across-the-board 4 percent reduction in state personal income tax rates and elimination of the bottom two income tax brackets (effective in tax year 2019), coupled with a freeze on the indexing of the income tax brackets (through tax year 2020). The tax bracket changes eliminated any tax liability for individuals with taxable income less than \$21,750 (see **TAX LEVELS AND TAX BASES – Personal Income Tax**).
- Modified eligibility for various means-tested state personal income tax credits such that high-income taxpayers with little non-business income are not eligible for the tax credits (effective tax year 2019).
- Created two new non-refundable tax credits, one for lead abatement expenses capped at \$5 million annually (effective in tax year 2020) and one for Qualified Opportunity Zone investments that is limited to no more than \$50 million per fiscal biennium (effective in tax year 2019).

- Increased the legal age to purchase tobacco products from 18 to 21 years old and created a tax on the volume of nicotine-containing vapor products (effective October 2019).
- Modified the presumption of a seller having a substantial nexus with Ohio in accordance with *South Dakota v. Wayfair, Inc.* for purposes of collecting the sales and use tax on retail sales through “marketplace facilitators” (effective October 2019).
- Temporarily increased the percent of GRF tax revenues deposited into the local government fund from 1.66 percent to 1.68 percent in each of FY 2020 and FY 2021.
- Temporarily increased the percent of GRF tax revenues deposited into the public library fund from 1.66 percent to 1.70 percent in each of FY 2020 and FY 2021.

OBM updated the FY 2021 GRF revenue forecast to reflect economic assumptions (influenced by the COVID-19 Pandemic) and actual FY 2020 revenue performance. For further information relating to the updated FY 2021 GRF revenue forecast see **Outbreak of COVID-19** below.

FY 2021 Financial Results: The State ended FY 2021 with GRF cash and fund balances of \$4.7 billion and \$4 billion, respectively. As authorized in the 2022-2023 Biennial Appropriations Act, the entire fund balance was carried forward into FY 2022, including \$197.7 million reserved to maintain the statutory target of one-half of one percent of FY 2021 GRF revenues as an ending fund balance, and \$1.2 billion transferred to the Health and Human Services Fund, \$132 million transferred to the H2Ohio Fund, \$100 million transferred to the Investing in Ohio Fund, and \$66.3 million transferred across three other smaller purposes.

FY 2021 GRF tax revenues were greater than both the original forecast derived in July 2019 for the enacted FY 2020-2021 operating budget as well as the updated forecast issued with the FY 2022-2023 Executive operating budget. Tax revenues for the fiscal year were \$1.5 billion above the original forecast. Of the \$1.5 billion positive variance, \$774.6 million occurred during the last quarter of the fiscal year, with sales tax revenues exceeding estimates by large margins in each month of the quarter.

Outbreak of COVID-19

The outbreak of COVID-19 was declared a pandemic by the World Health Organization. Governor DeWine and the Director of the Ohio Department of Health (ODH) issued a declaration of a state of emergency on March 9, 2020, and rescinded the order thereby ending the state-declared public health emergency on June 17, 2021. During that period, the Governor and the General Assembly took certain actions to mitigate the economic effect of the COVID-19 outbreak on the State’s financial position.

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to address the economic disruption caused by the COVID-19 pandemic. Under the CARES Act, the State was directly allocated a minimum of \$2.5 billion of the total \$4.5 billion granted by the Federal Government to the State and its eligible local governments. These funds were used for necessary expenditures incurred due to COVID-19. The State maintains a comprehensive presentation of financial and transactional data online, The Ohio Checkbook (<https://checkbook.ohio.gov>), and more information on Federal Funding for COVID-19 in Ohio can be found at <https://checkbook.ohio.gov/Coronavirus/>.

To balance the State budget in fiscal year 2020 (due to anticipated declines in revenue and increased costs relating to the State’s response to the COVID-19 pandemic), Governor DeWine directed spending cuts of approximately \$775 million for the remainder of the fiscal year (June 30, 2020) and continued the previously announced hiring freezes, travel limitations, and contracting restrictions. Because initial revised FY 2021 revenue projections indicated that available state revenue receipts and balances in the GRF were projected to be \$36 billion, approximately \$2.4 billion less than originally estimated (and \$200 million less than the reserve held in the BSF as stated above). OBM and the Department of Administrative Services (DAS) implemented cost savings measures to further reduce expenditures in April 2021. On January 22, 2021, Governor DeWine signed an executive order formally finalizing the FY 2021 budget reductions at \$390 million across all agencies, less than previously expected thus allowing additional funding for the Department of Education and the Department of Higher Education.

On March 11, 2021, President Biden signed into law the American Rescue Plan Act of 2021 (ARPA). This \$1.9 trillion economic stimulus and COVID-19 relief package was aimed at providing emergency assistance to individuals,

businesses, and state and local governments affected by COVID-19, among other measures. Under ARPA, the Federal Government allocated approximately \$10.7 billion to the State and local governments with an additional \$268.6 million allocated specifically for use in state capital projects to continue efforts to mitigate the fiscal effects stemming from COVID-19.

In the initial months of the COVID-19 pandemic, unemployment insurance claims increased significantly from an average of 7,915 claims per week during the first 11 weeks of 2020 to 274,288 during the week ending March 28, 2020. Between January and June 2020, the State’s Unemployment Trust Fund balance dropped from \$1.3 billion to zero. On June 16, 2020, the State received an advance from the federal government to continue to pay the increased unemployment insurance claims. On September 3, 2021, the State paid off its \$1.5 billion loan using ARPA funds.

Like other states, Ohio is investigating allegations of overpayment or fraud with respect to unemployment claims during the pandemic. The State reported known fraud and non-fraud unemployment compensation overpayments totaling \$72.8 million to the U.S. Department of Labor (DOL) as of June 30, 2023. Of the total overpayments reported to the DOL, \$31.6 million was fraud and \$41.2 million was non-fraud. These overpayments were federal pandemic unemployment benefits. The federal government gave discretion to states to waive the need for repayment of pandemic funding related to non-fraud. Due to the nature of these known overpayments along with federal waiver discretion, most of these monies have not been subject to a collection process. Additionally, the State has flagged as possible overpayments, certain claims with one or more fraud identifiers. These flagged claims were both regular unemployment and federal pandemic unemployment benefits with an accumulated amount of \$1.36 billion. Ohio is working diligently to adjudicate all claims flagged as potential overpayments. Such potential overpayment or fraud, and repayment thereof, will have no material effect on the State’s ability to pay debt service on its bonded indebtedness. The State has improved preventative safeguards to limit overpayments or fraudulent payments of unemployment compensation.

2022-2023

The 2022-2023 Biennial Appropriations Act was passed by the General Assembly and signed by the Governor (with selective vetoes) on June 30, 2021. Reflecting the tax law changes described below and a conservative underlying economic forecast, that Act provides for the following GRF appropriations:

GRF Appropriations 2022-2023 Biennium (\$ in billions)

Fiscal Year 2021 Expenditures	Fiscal Year 2022 Appropriations	Percent Change Over Fiscal Year 2021 Expenditures	Fiscal Year 2023 Appropriations	Percent Change Over Fiscal Year 2022 Appropriations	2022-2023 Biennium Total Appropriations
\$35.6	\$34.9	-2.0%	\$39.3	12.6%	\$74.3

Major program categories reflected the following GRF appropriation changes (excluding GRF debt service appropriations):

- *Medicaid* – FY 2022 appropriations decreased 11.7 percent over FY 2021 expenditures, and FY 2023 appropriations increased 26.1 percent over FY 2022 appropriations.
- *Elementary and Secondary Education* – including transfers from the GRF in support of student wellness and success, FY 2022 appropriations increased 5.8 percent over FY 2021 expenditures, and FY 2023 appropriations increased 2 percent over FY 2022 appropriations.
- *Higher Education* – FY 2022 appropriations increased 2.7 percent over FY 2021 expenditures, and FY 2023 appropriations increased 0.1 percent over FY 2022 appropriations.

The 2022-2023 Biennial Appropriations Act revised the school funding formula to consider resident income levels in addition to property tax values (see **SCHOOLS AND MUNICIPALITIES – Schools**). The Act also authorized the BSF to retain interest earnings.

The foregoing appropriations were based upon available balances and estimated GRF revenue for the biennium as follows:

Estimated State and Federal GRF Revenue 2022-2023 Biennium (\$ in billions)

Fiscal Year 2021 Actual Revenue	Fiscal Year 2022 Est. Revenue	Percent Change Over Fiscal Year 2021 Actual Revenue	Fiscal Year 2023 Est. Revenue	Percent Change Over Fiscal Year 2022 Est. Revenue	2022-2023 Biennium Total Est. Revenue
\$39.5	\$36.6	-7.5%	\$39.9	9.3%	\$76.6

Because of an extension in the filing date for tax year 2019 returns, an estimated \$719 million in income tax revenue was received in FY 2021 rather than in FY 2020, thereby impacting the FYs 2021-2022 growth rate.

Amended Substitute House Bill 110, the biennial budget for FYs 2022-2023, included several transfers from the General Revenue Fund. Estimated FY 2022 transfers from the General Revenue Fund total \$3 billion, the largest of which is \$1.2 billion for the Health and Human Services Fund.

The 2022-2023 Biennial Appropriations Act reflected the following tax policy and allocation changes, among others, which were estimated to result in a net GRF revenue decrease of \$1 billion in FY 2022 and \$977 million in FY 2023:

- Made an across-the-board 3 percent reduction in state personal income tax rates on non-business income, except for consolidating the top two income brackets and setting the new top rate at 3.99 percent.
- Increased the threshold for zero tax liability, in which filers with taxable incomes below \$25,000 are no longer subject to Ohio personal income tax.
- Contained a one-year (tax year 2021) suspension of bracket indexing, and two-year (tax years 2021 and 2022) suspension of personal exemption indexing.
- Established new non-refundable tax credits for home-schooling expenses, for tuition paid to non-chartered private schools, and for contributions made to non-profit scholarship granting organizations.
- Repealed sales and use tax on employment services; also enacted an exemption for sales of investment coins and bullion.
- Continued the increase, on a temporary basis, of the percent of GRF tax revenues deposited into the public library fund from 1.66 percent to 1.70 percent in each of FY 2022 and FY 2023.

On January 21, 2022, Governor Mike DeWine announced Intel Corporation’s plan to invest \$20 billion to construct a new semiconductor manufacturing plant in Ohio for which the State appropriated \$691 million for state and local infrastructure improvement, \$600 million for onshoring incentive grants, and an estimated \$650 million 30-year job creation tax credit. Incentives included performance benchmarks allowing the State to recover proceeds disbursed should the company fail to meet contracted obligations. The State’s assistance is from available resources and not funded by debt proceeds. The positive impact of this development on Ohio is expected to lead to 20,000 additional jobs – 3,000 direct Intel jobs, 7,000 construction jobs throughout the build period, and 10,000 or more indirect and support jobs.

Since enactment of the operating budget for the FY 2022-2023 biennium, several tax law changes were passed by the Ohio General Assembly. These include:

- Income tax credit to assist new farmers.
- Income tax credit for employers of students enrolled in a career-technical education program.
- Temporary increase in the total amount of issued historic building rehabilitation tax credits, and modifications to the Ohio opportunity zone tax credit program.
- Define capital gains from sales of investment in a business as “business income” and therefore eligible for either the Ohio business income deduction or subject to the 3 percent income tax rate.
- Establish a tax on pass-through entities, wherein an individual investor’s share of such tax is not subject to the \$10,000 limit of the federal income tax deduction on state and local taxes paid.

FY 2023 Financial Results. Fiscal year 2023 ended the fiscal year with the largest GRF cash balance in Ohio history. The State ended FY 2023 with GRF cash and fund balances of \$9 billion and \$7.4 billion, respectively. As authorized in the 2024-2025 budget bill, the entire fund balance was carried forward into FY 2024, including \$212.6 million reserved to maintain the statutory target of one-half of one percent of FY 2023 GRF revenues. The FY 2024-2025 budget bill also included several FY 2023 ending balance transfers including \$741 million to the Expanded Sales Tax Holiday fund, \$700 million to the One-Time Strategic Community Investments Fund, and \$667 million to the All Ohio Future Fund.

FY 2023 GRF tax revenues were greater than both the original forecast derived in July 2021 for the enacted FY 2022-2023 operating budget as well as the updated forecast issued in August 2022. Tax revenues for the fiscal year were \$994.2 million above the updated forecast. This variance was driven by the personal income tax, which was \$645.1 million above estimate in fiscal year 2023. In addition, sales and use taxes were \$149.2 million above estimate, and the commercial activity tax outperformed estimate by \$82.9 million.

Current Biennium

The 135th General Assembly passed and the Governor signed four bills that provide appropriations to operate State government through fiscal years 2024 and 2025. House Bills 23, 31, 32, and 33, collectively referred to as the “2024-2025 budget”, provide the following GRF appropriations:

GRF Appropriations 2024-2025 Biennium (\$ in billions)

Fiscal Year 2023 Expenditures	Fiscal Year 2024 Appropriations	Percent Change Over Fiscal Year 2023 Expenditures	Fiscal Year 2025 Appropriations	Percent Change Over Fiscal Year 2024 Appropriations	2024-2025 Biennium Total Appropriations
\$37.8	\$41.5	9.7%	\$44.8	8.0%	\$86.2

Major program categories reflect the following GRF appropriation changes (excluding GRF debt service appropriations):

- *Medicaid* – FY 2024 appropriations increase 10.8 percent over FY 2023 expenditures, and FY 2025 appropriations increase 13.9 percent over FY 2024 appropriations.
- *Elementary and Secondary Education* – including transfers from the GRF in support of student wellness and success, FY 2024 appropriations increase 10.4 percent over FY 2023 expenditures, and FY 2025 appropriations increase 3.6 percent over FY 2024 appropriations.
- *Higher Education* – FY 2024 appropriations increase 6.8 percent over FY 2023 expenditures, and FY 2025 appropriations increase 2 percent over FY 2024 appropriations.

The foregoing appropriations were based upon available balances and the estimated GRF revenue for the biennium adjusted with updated revenue forecasts as of August 10, 2024 as follows:

Estimated State and Federal GRF Revenue 2024-2025 Biennium (\$ in billions)

Fiscal Year 2023 Actual Revenue	Fiscal Year 2024 Est. Revenue	Percent Change Over Fiscal Year 2023 Est. Revenue	Fiscal Year 2025 Est. Revenue	Percent Change Over Fiscal Year 2024 Est. Revenue	2024-2025 Biennium Total Est. Revenue
\$42.5	\$41.3	-2.8%	\$43.2	4.6%	\$84.5

The FY 2024-2025 biennial budget was conservatively crafted with several transfers from the General Revenue Fund to use one-time resources for one-time investments. Estimated FY 2024 transfers from the General Revenue Fund total \$5.6 billion, including \$667 million for the All Ohio Future Fund and \$700 million for the One Time Strategic Community Investments Fund.

The 2024-2025 biennial budget includes the following tax policy changes:

- The number of businesses subject to the commercial activities tax will be dramatically reduced by 90 percent by excluding up to \$3 million in gross receipts per business in 2024 and up to \$6 million in gross receipts per business in 2025.
- The sports gaming tax rate increases to 20 percent with proceeds dedicated to the school funding formula.
- Personal income tax reductions in the budget will reduce the number of personal income tax brackets. By 2024, the state personal income tax will have two rate brackets (one consisting of taxable income between \$26,051 and \$100,000, and the other consisting of income above \$100,000), with marginal tax rates of 2.75 percent and 3.5 percent, respectively. There remains no tax liability if taxable income is \$26,050 or below.
- A new expanded sales tax holiday will use surplus revenue to provide tax relief to consumers in August 2024 and future years if tax receipts exceed budgeted estimates.
- The state sales tax on baby products, such as diapers, wipes, car seats, and strollers is eliminated, which will save Ohio families \$16 million per year.
- The supply of affordable single-family housing will be supported by a new tax credit totaling \$200 million over four years.
- New low-income housing tax credits in the amount of \$100 million per fiscal year, allocated over a four-year period, will go toward the development and rehabilitation of low-income, multi-family rental housing projects that increase the affordable housing supply.
- Ohioans planning to purchase a home will be able to open a home ownership savings account. Qualifying contributions to such accounts shall receive tax-favored treatment. Contributions of up to \$5,000 per year for individuals and \$10,000 per year for couples filing jointly, may be deducted from the contributor's Ohio personal income tax return (with a lifetime maximum \$25,000 deduction per contributor per account).

The Budget Stabilization Fund is at an all-time high and House Bill 33 raised the cap on the balance of the Budget Stabilization Fund to 10 percent of the GRF, allowing the fund to continue to grow.

FY 2024 Financial Results. Tax revenues for FY 2024 were below forecast primarily attributable to personal income tax. A change in Ohio tax law in 2022 (S.B. 246 of the 134th General Assembly) caused significant changes in personal income tax payment patterns for pass-through entity income, resulting in overpayments in FY 2023 and in a large increase in refunds during FY 2024. OBM continually monitors and analyzes revenues, expenditures, and related developments and prepares a detailed Monthly Financial Report, for full transparency of financial position.

As is customary at the beginning of the second year of a fiscal biennium, OBM revised its FY 2025 GRF revenue forecast to reflect updated economic assumptions and actual FY 2024 revenue performance. During FY 2024, tax receipts totaled \$27.9 billion and were \$484.7 million (-1.7%) below estimate. Personal income tax accounted for \$457.8 million of that variance. As a result, OBM revised the FY 2025 revenue estimates that were developed in June 2023, when the current operating budget was enacted. The revised FY 2025 estimates assume total GRF tax revenues of \$27.6 billion. Total GRF tax revenues in FY 2025 are estimated to be slightly lower than FY 2024 actual receipts, declining by \$348.3 million (-1.2%). The revised FY 2025 estimates also include positive updates to non-tax categories, notably to Investment Earnings and Other Income.

OBM is currently projecting a positive GRF fund balance at the end of Fiscal Year 2025. As noted above, the State is effectively precluded by its Constitution from ending a fiscal year or a biennium in a "deficit" position. OBM continually monitors and analyzes revenues, expenditures, and related developments and prepares a detailed Monthly Financial Report, for full transparency of financial position.

Cash Flow

Because GRF cash receipts and disbursements do not precisely coincide, temporary GRF cash flow deficiencies can occur periodically throughout the fiscal year. The Ohio Revised Code provides for effective management of

cash flow by permitting the adjustment of payment schedules and the use of the Total Operating Fund. The State has not done and does not do external revenue anticipation borrowing.

The Total Operating Fund includes the total consolidated cash balances, revenues, disbursements, and transfers of the GRF and several other specified funds (including the BSF). Total Operating Fund cash balances are consolidated only for the purpose of meeting cash flow requirements, and, except for the GRF, a positive cash balance must be maintained for each discrete fund included in the Total Operating Fund. The GRF is permitted to incur a temporary cash deficiency by drawing upon the available consolidated cash balance in the Total Operating Fund. The amount of that permitted GRF cash deficiency at any time is limited by statute to 10 percent of GRF revenues for the then preceding fiscal year. The State plans for and manages monthly GRF cash flow deficiencies within each fiscal year and those deficiencies have been within the limitations discussed above.

STATE DEBT

General

The incurrence or assumption of debt by the State without a popular vote is, with limited exceptions, prohibited by the Ohio Constitution. The State is authorized to incur debt limited in amount to \$750,000 to cover casual deficits or to address failures in revenues or to meet expenses not otherwise provided for. The Constitution also expressly precludes the State from assuming the debts of any county, city, town, or township, or of any corporation. An exception, however, exists in both cases, for debts incurred to repel invasion, suppress insurrection, or defend the State in war. The Constitution further provides that “Except the debts above specified...no debt whatever shall hereafter be created by, or on behalf of the State.”

By 20 constitutional amendments approved from 1921 to present, Ohio voters have authorized the incurrence of State general obligation debt and the pledge of taxes or excises to its payment, all related to the financing of capital facilities, except for three that funded bonuses for veterans, one to fund coal technology research and development, and one to fund specified research and development activities. Currently, tax supported general obligation debt of the State is authorized to be incurred for the following purposes: highways, local infrastructure, coal development, natural resources and parks, higher education, common schools, conservation, and research and development. Authorizations for site development and veterans’ compensation purposes have been fully exhausted or expired. Although supported by the general obligation pledge, highway debt is also backed by a pledge of and has always been paid from the State’s motor fuel taxes and other highway user receipts that are constitutionally restricted in use to highway related purposes.

State special obligation debt, the owners, or holders of which are not given the right to have excises or taxes levied by the General Assembly to pay principal and interest, is authorized for purposes specified by Section 2i of Article VIII of the Constitution. The Treasurer of State currently issues the special obligations authorized under that section for parks and recreation and mental health facilities, and for facilities to house branches and agencies of state government and their functions, including: state office buildings and facilities for the Department of Administrative Services (DAS) and others, the Ohio Department of Transportation (ODOT), correctional and juvenile detention facilities for the Departments of Rehabilitation and Correction (DRC) and Youth Services (DYS), and various cultural facilities, and has issued previously for the Department of Public Safety (DPS). Debt service on all these special obligations is paid from GRF appropriations, except for debt issued for ODOT and DPS facilities which is paid from highway user receipts. All those debt service payments are subject to biennial appropriations by the General Assembly pursuant to leases or other agreements entered into by the State.

Certificates of Participation (COPs). State agencies have also improved buildings/equipment, information systems, and non-highway transportation projects with local and State use, in connection with which the State has entered into lease-purchase agreements with terms ranging from 8 to 20 years. Certificates of Participation (COPs) have been issued with regards to those agreements that represent fractionalized interests in, and are payable from, the State’s anticipated lease payments. The maximum annual payment from GRF appropriations under those existing agreements is \$45.3 million in FY 2025 and the total GRF-supported principal amount outstanding is \$127.2 million as of November 27, 2024. Payments by the State are subject to biennial appropriations by the General Assembly with the lease terms subject to automatic renewal for each biennium for which those appropriations are made.

The approval of the OBM Director and either the General Assembly or the State Controlling Board is required if COPs are to be publicly offered in connection with those agreements.

Revenue Bonds. Certain state agencies issue revenue bonds that are payable from revenues from or relating to revenue producing facilities, such as those issued by the Ohio Turnpike and Infrastructure Commission. As confirmed by judicial interpretation, such revenue bonds do not constitute “debt” under the constitutional provisions described above. The Constitution authorizes state bonds for certain economic development and housing purposes (the latter issued by the Ohio Housing Finance Agency) to which tax moneys may not be obligated or pledged. See the discussion of expanded housing finance authority, and permitted pledges to it, below under **Additional Authorizations**.

Tax Credits in Support of Other Long-Term Obligations. The State has authorized the issuance of fully refundable tax credits in support of “credit-collateralized bonds” issued from time to time by the Columbus-Franklin County Finance Authority to provide funding for the Ohio Capital Fund to promote venture capital investment in Ohio and any additional bonds that may be issued to refinance those outstanding bonds or provide additional funding for that purpose. Those tax credits may be claimed by the bond trustee for the purpose of restoring the bond reserve fund for those credit-collateralized bonds in the event it is drawn upon and its required balance is not restored from other sources. Those credits may not be claimed after June 30, 2036, and the maximum amount of tax credits that may be claimed is \$20 million in any fiscal year. The bond trustee has filed such tax credit claims in connection with the payment of Bond Service Charges each February and August from February 15, 2017, through August 15, 2024. Tax credit payments made with respect to those tax credit claims (exclusive of certain required repayments to the State) totaled \$7.5 million in FY 2017, \$15.4 million in FY 2018, \$13.5 million in FY 2019, \$15.2 million in FY 2020, \$10.7 million in FY 2021, \$10 million in FY 2022, \$8.8 million in FY 2023, \$15.8 million in FY 2024, and \$8.0 million so far in FY 2025. Total outstanding principal on the credit-collateralized bonds after the August 15, 2024, payment date is \$40.7 million with the highest annual debt service payment due on the outstanding credit-collateralized bonds occurring in FY 2026 in the amount of approximately \$16.1 million. Proceeds of the Ohio Capital Fund bonds fund investments in venture capital funds to promote investment in seed and early-stage Ohio-based business enterprises.

Prior Economic Development and Revitalization Obligations. Prior to the February 1, 2013, granting of a 25-year franchise on the State’s spirituous liquor system to JobsOhio, there were \$725 million of outstanding state bonds and notes secured by a pledge of the State’s profits from the sale of spirituous liquor. In connection with the granting of that franchise, provision was made for the payment of all the debt service on those bonds and notes which are now defeased and no longer outstanding obligations of the State. Those bonds and notes were originally issued to fund a statewide economic development program that assisted in the financing of facilities and equipment for industry, commerce, research, and distribution, including technology innovation, by providing loans and loan guarantees. Under its franchise agreement with JobsOhio, the State may not issue additional obligations secured by a pledge of profits from the sale of spirituous liquor during the 25-year term of that franchise.

Obligations and Funding Commitments for Highway Projects Payable from Highway-Related Non-GRF Funds. As described above, the State issues general obligations for highway infrastructure and special obligations for ODOT and DPS transportation facilities that are paid from the State’s motor fuel tax and other highway user receipts that are constitutionally restricted in use to highway related purposes. In addition, the State has and expects to continue financing selected highway infrastructure projects by issuing federal highway grant anticipation revenue (GARVEE) bonds and entering into agreements that call for debt service payments to be made from federal Title 23 transportation funds allocated to the State, subject to biennial appropriations by the General Assembly. As of June 30, 2024, the highest annual State payment under those agreements in the current or any future fiscal year is \$148.4 million in FY 2025. In the event of any insufficiency in the anticipated federal allocations to make payments on GARVEE bonds, the payments are to be made from any lawfully available moneys appropriated to ODOT for the purpose.

In December 2014, ODOT entered into its first public-private agreement to provide “availability payments” in support of the development and operation of a state highway improvement project. Those availability payments commenced in December 2018 and are paid from non-GRF funds available to ODOT remaining after the payment of debt service on highway general obligations, ODOT special obligations, and GARVEE bonds. The availability

payment in FY 2024 was \$27.4 million, with availability payments estimated to increase modestly each year from \$27.7 million in FY 2025 to a maximum payment of \$40 million in FY 2053. Availability payments are subject to biennial appropriation by the General Assembly with the public-private agreement subject to automatic renewal for each biennium if and when those availability payments are appropriated for that biennium.

Variable Rate Debt

The State currently has \$331,270,000 in outstanding variable rate debt as follows with liquidity provided by the State for all these issues:

Dated Date	Outstanding	Purpose/Series	Rate Period	Final Maturity
4/1/2005	13,000,000	Common Schools, 2005A/B	Weekly	3/15/2025
6/7/2006	26,680,000	Common Schools, 2006B/C	Weekly	6/15/2026
10/26/2016	53,950,000	DRC Prison Facilities, 2016B/C	Weekly	10/1/2036
8/7/2019	45,000,000	DRC Prison Facilities, 2019C	Weekly	10/1/2039
8/12/2020	57,000,000	Parks & Recreation Facilities, 2020B	Weekly	12/1/2040
4/21/2021	57,000,000	DRC Prison Facilities, 2021B	Weekly	10/1/2040
1/5/2022	75,000,000	Parks & Recreation Facilities, 2022B	Weekly	12/1/2041

Interest Rate Swaps

As part of its debt management, the State is also party to the following floating-to-fixed interest rate swap agreements with a total notional amount currently outstanding of \$39,680,000:

Outstanding Notional Amount	Related Bond Series	State Pays	State Receives	Counterparty	Effective Date	Termination Date
\$13,000,000	Common Schools 2005A/B	3.102%	SIFMA ^a	JP Morgan	3/15/2007	3/15/2025
26,680,000	Common Schools 2006B/C	3.202%	SOFR ^b	US Bank/ RBC	6/15/2006	6/15/2026

(a) Variable interest rate based on Securities Industry and Financial Markets Association (SIFMA) rate beginning September 15, 2021.

(b) Variable interest rate based on a percentage of one-month Secured Overnight Financing Rate (SOFR) plus a fixed increment beginning July 1, 2023.

For all its swap agreements, the State has established minimum uncollateralized counterparty rating thresholds of AA-/Aa3. Under each of these agreements, the counterparty is required to progressively post collateral securing the State's position if the counterparty's credit ratings fall below these minimum thresholds.

Constitutional Limitation on Annual Debt Service

A 1999 constitutional amendment provides an annual debt service "cap" applicable to most future issuances of State general obligations and other State direct obligations payable from the GRF or net State lottery proceeds. Generally, new obligations may not be issued if debt service for any future fiscal year on those new and then outstanding obligations of those categories would exceed 5 percent of the total of estimated GRF revenues (excluding GRF receipts from the American Recovery and Reinvestment Act of 2009) plus net State lottery proceeds for the fiscal year of issuance. Those direct obligations of the State include general obligations and special obligations that are paid from the State's GRF but exclude (i) general obligation debt for third frontier research and development, development of sites and facilities, and veterans' compensation, and (ii) general obligation debt payable from non-GRF funds, such as highway bonds that are paid from highway user receipts. Pursuant to the implementing legislation, the Governor has designated the OBM Director as the state official responsible for making the 5 percent determinations and certifications. Application of the 5 percent cap may be waived in a particular instance by a three-fifths vote of each house of the Ohio General Assembly.

The following table presents a current summary of State debt authorizations and the principal that has been issued and is outstanding against those authorizations. The General Assembly has appropriated sufficient moneys to meet debt service requirements for the current biennium (ending June 30, 2025) on all the obligations included in this and the accompanying tables.

(THIS SPACE INTENTIONALLY LEFT BLANK)

	Authorized by General Assembly ^(a)	Issued ^(b)	Outstanding ^(c)

- (a) Section 529.10 of H.B. 687 of the 134th General Assembly authorized the Director of Budget and Management to transfer General Revenue Fund cash balances to support capital appropriations in fiscal years 2023 and 2024. The same legislation also provided bond authority for those appropriations. Therefore, the issuance authority for some bond programs in section 529.10 of H.B. 2 of the 135th General Assembly is adjusted down in the amount that was supported through GRF cash transfer in fiscal years 2023 and 2024. As of November 27, 2024, GRF cash transfers in the amounts of \$1,414,983,513 for General Obligation programs and \$1,322,530,963 for Special Obligation programs have occurred.
- (b) Excludes refunding bonds; includes bonds refunded; reflects payments of amounts due as of November 27, 2024. Includes the Higher Education Bond Anticipation Notes 2024A delivered on November 26, 2024.
- (c) Excludes refunded bonds; includes refunding bonds; reflects payments of amounts due as of November 27, 2024. Includes the Higher Education Bond Anticipation Notes 2024A delivered on November 26, 2024.
- (d) Not more than \$100 million may be outstanding at any time.
- (e) Not more than \$5.625 billion may be issued with the annual issuance currently limited to no more than \$175 million in each fiscal year beginning in FY 2018 through FY 2022 and \$200,000,000 in each fiscal year beginning in FY 2023 through FY 2027, plus any obligations unissued from previous fiscal years.
- (f) Includes adjustable-rate bonds.
- (g) Not more than \$50 million may be issued in any fiscal year and not more than \$200 million may be outstanding at any time.
- (h) Not more than \$50 million may be issued in any fiscal year plus any obligations unissued from previous fiscal years and not more than \$400 million may be outstanding at any time.
- (i) Not more than \$1.2 billion may be issued with the annual issuance now limited to no more than \$175 million in any fiscal year plus any obligations unissued from previous fiscal years.
- (j) Constitutional authorization was self-implementing and did not require further General Assembly authorization. No more new obligations may be issued under this authorization.
- (k) See discussion above of "availability payments" under ODOT's first public-private agreement, which payments are expected to be made from biennial appropriations of non-GRF funds available to ODOT and remaining after the payment of debt service on highway general obligations, special obligations and GARVEE bonds shown above.
- (l) Not more than \$220 million may be issued in any fiscal year plus any amount unissued from previous fiscal years, and not more than \$1.2 billion may be outstanding at any time.
- (m) Debt service on these "GARVEE" bonds is paid from federal transportation grants apportioned to the State (Title 23 of the U.S. Code).

The following table shows total debt service by fiscal year on State obligations payable from the GRF, excluding the Series 2025 Bonds.

Includes debt service on the bonds anticipated to be issued to refund the Higher Education General Obligation Bond Anticipation Notes, Series 2024A with the following terms: \$115,000,000 of Higher Education General Obligation Bonds, maturing annually on February 1 in the years 2026 through 2045, bearing interest at a certified rate of 3.927%.
- (b) Includes natural resources, coal development, infrastructure improvement, conservation, research and development, and veterans' compensation general obligation bonds.
- (c) Includes lease-rental bonds for various state capital facilities.
- (d) Includes general obligations for highways and lease-rental bonds for ODOT and DPS facilities.

(THIS SPACE INTENTIONALLY LEFT BLANK)

The following tables show certain historical debt information and comparisons. These tables include only outstanding obligations of the State for which debt service is paid from the GRF.

Fiscal Year	Principal Amount Outstanding	Outstanding Debt Per Capita	Outstanding Debt as Percent of Annual Personal Income
1990	\$3,707,055,058	\$341	1.94%
2000	6,308,680,025	555	2.05
2010	8,586,655,636	744	2.09
2020	9,432,955,000	800	1.62
2021	9,818,225,000	835	1.57
2022	9,153,950,000	778	1.36
2023	8,200,030,000	696	1.21
2024	7,408,070,000	629 ^(a)	1.04 ^(b)

Fiscal Year	Debt Service Payable	Total GRF Revenue and Net State Lottery Proceeds	Debt Service as Percent of GRF Revenue and Lottery Proceeds	Debt Service as Percent of Annual Personal Income
1990	\$488,676,826	\$12,230,682,298	4.00%	0.26%
2000	871,313,814	20,711,678,217	4.21	0.28
2010	710,284,236 ^(c)	24,108,466,000 ^(d)	2.95	0.17
2020	1,414,866,835	34,551,772,000	4.09	0.24
2021	1,176,720,278 ^(c)	40,723,295,400	2.89	0.19
2022	1,435,175,069	41,894,141,300	3.43	0.21
2023	1,503,565,816	43,778,291,300	3.43	0.22
2024	1,260,786,513	42,847,032,000	2.94	0.18 ^(b)

(a) Based on July 2023 Census population estimate.

(b) Based on preliminary 2023 personal income data.

(c) Reduction is due in large part to the restructuring of certain GRF debt service payments resulting in net savings of \$416.8 million in FY 2010 and \$363.7 million in FY 2021.

(d) Excludes federal funds from the American Recovery and Reinvestment Act of 2009.

Debt Authorizations

For the 2024-2025 capital biennium, the General Assembly approved \$3.5 billion in new capital appropriations, with \$2.9 billion of those new capital appropriations to be funded by GRF-supported debt authorizations, and \$283 million to be funded from other sources.

Section 529.10 of H.B. 687 of the 134th General Assembly authorized the Director of Budget and Management to transfer General Revenue Fund cash balances to support capital appropriations in fiscal years 2023 and 2024. The same legislation also provided bond authority for those appropriations. Therefore, the issuance authority for some bond programs in section 529.10 of H.B. 2 of the 135th General Assembly is adjusted down in the amount that was supported through GRF cash transfers in fiscal years 2023 and 2024. As of November 27, 2024, GRF cash transfers in the amounts of \$1,414,983,513 for General Obligation programs and \$1,322,530,963 for Special Obligation programs have occurred. These amounts are reflected in the current summary of State debt authorizations located on page A-18.

(THIS SPACE INTENTIONALLY LEFT BLANK)

The following additional GRF-supported debt authorizations reflect the new 2024-2025 capital appropriations:

General Obligation

- \$555,000,000 for capital improvements for elementary and secondary public schools.
- \$215,000,000 for local infrastructure projects.
- \$473,000,000 for higher education facilities.
- \$30,000,000 for natural resources facilities.
- \$65,000,000 for conservation purposes.

Special Obligation

- \$317,000,000 for prisons and local jails.
- \$176,000,000 for youth services facilities.
- \$521,100,000 for state administrative facilities.
- \$102,000,000 for cultural facilities (including both arts and sports facilities).
- \$206,000,000 for mental health facilities (including local projects).
- \$273,000,000 for parks and recreation facilities (including local projects).

Past constitutional authorizations are:

- 2014 – Additional \$1.875 billion of general obligation debt for public infrastructure as a ten-year extension of the existing local government infrastructure program authorized in 2005, with an increase in the annual issuance amount from \$150 million to \$175 million in the first five fiscal years and \$200 million in each fiscal year thereafter.
- 2010 – \$700 million of State general obligation debt to renew and continue programs for research and development in support of Ohio industry, commerce, and business, with those obligations not subject to the 5 percent debt service cap described above. The authorization is in addition to the below-referenced 2005 constitutional amendment for the same purpose. The amount of all State general obligations that may be issued for, and the amounts of proceeds from those State general obligations that may be committed to, those research and development purposes, are limited to no more than \$450 million total for the period including State FY 2006 through FY 2011, no more than \$225 million in FY 2012 and no more than \$175 million in any fiscal year thereafter, plus any amounts that in any prior fiscal year could have been but were not issued.
- 2009 – Provides compensation to persons who have served in active duty in the United States armed forces at any time during the Persian Gulf, Afghanistan, and Iraq conflicts, with those general obligation bonds not subject to the 5 percent direct obligation debt service cap described above. Not more than \$200 million may be issued and no obligations may be issued later than December 31, 2013.
- 2008 – Land conservation and revitalization purposes (including statewide brownfields clean-up). Each of the two purposes are authorized up to \$50 million in principal amount in any fiscal year, plus any amount unissued from previous fiscal years, with not more than \$200 million to be outstanding at any time. The bonds for conservation purposes are general obligations, and those for revitalization purposes are special obligations payable from revenues and receipts designated by the General Assembly (previously a portion of the State’s net liquor profits. The authorization is in addition to the 2000 constitutional amendment for the same purposes.
- 2005 – \$500 million over ten years of State general obligation debt in support of research and development, and \$150 million over ten years of State general obligation debt for the development of sites for industry, commerce, distribution and research and development, with those obligations not subject to the 5 percent debt service cap described above. Also authorizes an additional \$1.35 billion of general obligation debt for public infrastructure as a ten-year extension of the existing local government infrastructure program, with an increase in the annual issuance amount from \$120 million to \$150 million in the last five fiscal years, which continues to be subject to the 5 percent debt service cap.
- 2000 – Land conservation and revitalization purposes (including statewide brownfields clean-up) each authorized up to \$50 million in principal amount in any fiscal year plus any amount unissued from

previous fiscal years, with not more than \$200 million to be outstanding at any time. The bonds for conservation purposes are general obligations, and those for revitalization purposes are special obligations payable from revenues and receipts designated by the General Assembly (previously a portion of the State's net liquor profits).

- 1999 – Facilities for a system of common schools throughout the state and for state-supported and state-assisted institutions of higher education. The amendment also provides for the 5 percent direct obligation debt service cap described above.
- 1995 – Additional highway bonds and extension of the local infrastructure bond program. For the latter, it authorized an additional \$1.2 billion of the State's full faith and credit obligations to be issued over 10 years, with not more than \$120 million issued in any fiscal year. The highway finance portion authorizes not more than \$1.2 billion to be outstanding at any time and not more than \$220 million to be issued in any fiscal year.
- 1994 – Pledges the State's full faith and credit and taxing power to meet certain guarantees under the State's tuition credit program. Through this program, individuals purchase tuition credits which are guaranteed to cover a specified amount when applied to tuition and other eligible higher education costs. Under the amendment, to secure the tuition guarantees, the General Assembly shall appropriate money sufficient to offset any deficiency that occurs in the trust fund, at any time necessary to make payment of the full amount of any tuition payment or refund required by a tuition payment contract.
- 1990 – Supplements the previous constitutionally authorized loans-for-lenders and other housing assistance programs, financed in part with State revenue bonds. The amendment authorizes the General Assembly to provide for State assistance for housing in a variety of ways, including State borrowing for the purpose by the issuance of obligations secured by a pledge of all or such portion of State revenues or receipts as it authorizes (but not by a pledge of the State's full faith and credit).
- 1985 – Finance grants or make or guarantee loans for research and development of coal technology that will encourage the use of Ohio coal. Those grants or loans are available to any individual, association, or corporation doing business in the state or to any educational or scientific institution located in the state. Not more than \$100 million of general obligation bonds may be outstanding at any time.

ECONOMY AND EMPLOYMENT

Ohio has a diverse economy. While Ohio has a strong manufacturing presence in chemicals, food and beverages, motor vehicles, and fabricated metal products, the greatest growth in Ohio's economy in recent years has been in the non-manufacturing sectors. Ohio's 2023 economic output, as measured by gross state product (GSP), totaled \$872.7 billion, 3.20 percent of the national GDP and seventh largest among the states. The State ranks fourth within the manufacturing sector (\$131 billion) and fifth in durable goods (\$69.2 billion). As a percent of Ohio's 2023 GSP, 15 percent was attributable to manufacturing, with 21.8 percent attributable to the goods-producing sectors and 33.7 percent to the business services sectors, including finance, insurance, and real estate. Ohio is the tenth largest exporting state with 2023 merchandise exports totaling \$55.7 billion. The State's leading export products are machinery (including electrical machinery), motor vehicles (including parts), aircraft/spacecraft, and plastics, which together accounted for more than half of the total.

Non-farm payroll employment in Ohio, in a diversifying employment base, decreased from 2001 through 2003, increased from 2004 through 2006, decreased from 2007 through 2010, and increased from 2011 through 2022. In the last three decades, there has been a shift toward the services industry, with manufacturing employment decreasing since its 1969 peak. The non-manufacturing sector employs approximately 87.7 percent of all non-farm payroll workers in Ohio. The changing mix of employment sectors nationally and in Ohio are shown in the following tables.

AGRICULTURAL AND RESOURCES BASES

With 13.5 million acres (of a total land area of 26.4 million acres) in farmland and an estimated 77,800 individual farms, agriculture and related sectors are an important segment of Ohio's economy. Ohio's 2022 crop production value of \$9.2 billion ranked ninth among states and represented 3.3 percent of the U.S. total value. Ohio's 2022 livestock production value of \$6.2 billion ranked seventeenth among states and represented 2.4 percent of the U.S. total value. As of 2022, Ohio accounts for 4.2 percent of total U.S. cash receipts for corn and 6.9 percent for soybeans. In 2022, Ohio's agricultural sector output (consisting of crops, livestock, poultry, dairy, services and forestry, and all farm-related income) totaled \$15.4 billion and represented 2.9 percent of the U.S. total value. Ohio farm expenses and purchased inputs (feed, seed, chemicals, fertilizer, livestock, utilities, labor, and machinery) totaled \$9.8 billion. The net farm income on Ohio farms in 2022 was \$6.6 billion.

The availability of natural resources, such as water and energy, is a nationwide concern. With Lake Erie and the Ohio River on the State's borders, and many lakes and streams throughout the State, water is accessible and abundant throughout Ohio. With the launch of the H2Ohio program in 2019, the state is investing in water quality initiatives to ensure this precious resource continues to benefit Ohioans for generations to come. Additionally, Ohio is a strong energy producing state. As of 2022, Ohio ranks seventh in consumer-grade natural gas production, generating 2.3 trillion cubic feet and has sizable coal resources ranking sixteenth in coal production and seventeenth in coal reserves among the states in 2022.

STATE EMPLOYEES AND COLLECTIVE BARGAINING AGREEMENTS

Since 1985, the number of regular state employees (excluding employees who are not paid by state warrant such as state university employees) has ranged from a low of 48,639 in March 2022, to a high of 68,573 in 1994. The State engages in collective bargaining with five employee unions representing 14 bargaining units. The duration of each of the collective bargaining agreements is typically three years. In July 2024, the State concluded negotiations with its largest union, AFSCME/OCSEA, on a new collective bargaining agreement that expires February 28, 2027.

Currently, the State is in the process of negotiating new collective bargaining agreements with the other four unions.

RETIREMENT SYSTEMS

The State has established five public retirement systems to provide retirement, disability retirement and survivor benefits, and other post-employment benefits such as retiree health care. None of these benefits are guaranteed under the Ohio Constitution or under State law, or subject to bargaining under the State's current public employee collective bargaining law.

The Public Employees Retirement System (PERS), the largest of the five, covers both state and local public employees and non-teaching employees at public higher education institutions. The State Teachers Retirement System (STRS) covers teaching employees at school districts and public higher education institutions. The School Employees Retirement System (SERS) covers non-teaching employees at school districts and community colleges. The Highway Patrol Retirement System (HPRS) covers State troopers, and the Ohio Police and Fire Pension Fund (OP&F) covers local safety forces. Full financial information for each retirement system can be found on its individual website as part of its Annual Comprehensive Financial Report and/or annual report.

The five retirement systems began reporting pensions in accordance with GASB Statement No. 67, Financial Reporting for Pension Plans, in FY 2014, and the State began reporting pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions, in FY 2015. The retirement systems also began reporting in accordance with GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, in FY 2017, and the State began reporting in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, in FY 2018.

The retirement systems were created by and operate pursuant to state law. As reflected in the 2012 pension reform acts discussed below, the General Assembly has the power to amend the structure and benefit levels, impose or revise contribution rates or amounts, and to make other changes. The systems have never been subject to the funding and vesting requirements of the federal Employee Retirement Income Security Act (ERISA). Federal law requires employees hired on or after April 1, 1986, to participate in the Medicare program, with matching employer and employee contributions, each now 1.45 percent of the wage base. Otherwise, state employees covered by a state retirement system are not currently covered under the federal Social Security Act. Congress has from time to time considered legislation relating to public sector retirement funds and to other aspects of public employee retirement.

Funding for the retirement systems is provided by a combination of public employer and employee contributions based on percentages of each employee's compensation, with the employees' contributions being deducted from their paychecks. Employee contribution percentages are either established in state law or by the retirement system board, subject to a maximum contribution amount established in state law. Except for employee contributions for PERS law enforcement and public safety personnel, the current contribution percentages for each system (set forth in the following table under **Pension Benefits**) reflect the maximums permitted under state law.

In 1968, the Ohio General Assembly created the Ohio Retirement Study Council (ORSC) to oversee the state's five public retirement systems and to advise and inform the legislature on all matters relating to the benefits, funding, investment, and administration of those systems. The ORSC consists of nine voting members: three members of the House appointed by the Speaker; three members of the Senate appointed by the President; and three members appointed by the Governor (one representing the State, one representing local governments, and the third representing public education institutions). The five executive directors of the retirement systems also serve as nonvoting members of the ORSC.

Under state law, each retirement system's board is required to establish a period of not more than 30 years to amortize its unfunded actuarial accrued pension liability (UAAL). If in any year the period required to amortize that UAAL exceeds thirty years, the board must prepare and submit to the ORSC and the applicable committees in the Ohio General Assembly a plan to reduce that amortization period to not more than thirty years. Based on their most recent reporting years reflected in the table below under **Pension Benefits**, all of the retirement

systems meet the 30-year funding requirement, with the number of years to fully amortize UAAL at 11 years for STRS, 15 years for PERS, 21 years for SERS, 21 years for HPRS, and 27 years for OP&F. Prior to the 2012 pension reform acts described below, the board of each of the five retirement systems had approved and submitted to the ORSC and the Ohio General Assembly a plan to reduce or maintain its amortization period at not more than thirty years. Pursuant to this continuing requirement, the OP&F board increased (effective January 1, 2014) contributions to its pension fund by reducing from 2.85 percent to 0.5 percent the amount of employer contributions directed to health care and redirecting the 2.35 percent difference to pensions. Likewise, the STRS board increased (effective July 1, 2014) contributions to its pension fund by redirecting to pensions the 1 percent of employer contributions previously directed to healthcare. The HPRS board also increased (effective January 1, 2018) contributions to its pension fund by reducing from 4 percent to 3.5 percent the amount of employer contributions directed to its health care fund.

After extensive review, the General Assembly enacted, and the Governor signed into law effective January 7, 2013, five pension reform acts to implement with modifications plans previously submitted by the five retirement systems to reduce or maintain their UAAL periods to not more than thirty years. The reform act for PERS made changes including increasing the years of service and eligibility age necessary to retire with full benefits, increasing from three to five the number of years used in determining “final average salary” for purposes of calculating retirement benefits, reducing the post-retirement cost of living adjustment, and increasing the minimum salary threshold required to earn full-time service credit for public employee eligibility to participate in the system. The other reform acts made similar changes to STRS, SERS, OP&F, and HPRS, and enacted phased increases in the employee contribution rate for STRS (from 10 percent to a maximum of 14 percent in July 2016) and OP&F (from 10 percent to a maximum of 12.25 percent in July 2015). The HPRS board was authorized to increase employee contributions up to a maximum of 14 percent from 10 percent beginning in July 2013, and it has implemented this authorization by increasing the employee contribution rate to 11.5 percent for 2014, 12.5 percent for 2015 to 2017, and 14 percent for 2018 and thereafter. Except for PERS, the reform acts also authorize each retirement system’s board to adjust certain pension benefits levels within limits without General Assembly approval. Under this authority, the post-retirement cost of living adjustment for retirees was eliminated by the STRS board (from 2 percent to 0 percent beginning July 1, 2017) and reduced by the HPRS board (phased down from 3 percent to 1.25 percent beginning January 1, 2015). In March 2022, the STRS Retirement Board unanimously approved a one-time cost of living adjustment of 3 percent and resolved to review future cost of living benefit payments during 2023. As reflected above, these reform acts did not change the requirement that each system establish a period of not more than thirty years to amortize its pension UAAL and prepare and submit to the ORSC and the Ohio General Assembly a plan to reduce that amortization period if it exceeds thirty years.

Retirement Contributions

The State makes its employer contributions based on a percent of salary for each State employee that is an active member of a state retirement system. Currently, just under 95 percent of state employees are members of PERS, about 2.8 percent are in HPRS and less than 1 percent are in STRS. The following table summarizes state employer and employee contributions to those retirement systems with state employee members (\$ in millions):

State Fiscal Year	PERS Employer\Employee		STRS Employer\Employee		HPRS Employer\Employee		Total Employer\Employee Contributions
	Amount	Percent of Salary ^(a)	Amount	Percent of Salary	Amount	Percent of Salary	
2020	\$440.6/\$314.7	14.0/10.0	\$6.1/\$6.1	14.0/14.0	\$32.8/\$16.3	26.5/14.0	\$479.5/\$337.1
2021	447.9/319.9	14.0/10.0	6.3/6.3	14.0/14.0	32.1/17.0	26.5/14.0	486.3/343.2
2022	460.0/328.6	14.0/10.0	6.5/6.5	14.0/14.0	30.6/16.2	26.5/14.0	497.1/351.2
2023	480.8/343.4	14.0/10.0	6.6/6.6	14.0/14.0	32.4/16.5	26.5/13.0	519.5/366.3
2024	507.6/362.6	14.0/10.0	6.8/6.8	14.0/14.0	33.9/17.2	26.5/14.0	548.3/386.6

(a) Reflects PERS state and local contribution rates only. PERS law enforcement employer/employee contribution rate is 18.1/13 percent and public safety is 18.1/12 percent.

Source: Contributions based on percent of payroll expenses from State of Ohio accounting system records.

The State also has funded and continues to fund a subsidy to the OP&F system to pay for survivor benefits provided in law and not otherwise funded. The aggregate subsidies were \$70.7 million in the 2022-2023 biennium and are appropriated at \$71.8 million in the 2024-2025 biennium. All state employer contributions are subject to appropriation in each state budget and are included in the appropriations for each department or agency's personnel costs.

Pension Benefits

The following table summarizes state and local membership and financial data for each of the retirement systems for the most recent year reported by the system (\$ in millions):

Valuation as of:	PERS	STRS	SERS ^(a)	OP&F ^(b)	HPRS
	12/31/23	06/30/23	06/30/23	1/1/23	12/31/22

Employer/Employee Contributions (percent of Salary) ^(c)	14.0/10.0 ^(d)	14.0/14.0	14.0/10.0	^(e)	26.5/13.0
Active Member Payroll	\$17,504.6	\$14,211.9	\$4,299.0	\$2,596.2	\$112.5
Market Value of Assets (MVA) ^(f)	\$99,595.6	\$86,248.0	\$17,558.9	\$16,107.6	\$861.1
Actuarial Value of Assets (AVA) ^(g)	\$105,132.5	\$87,580.4	\$17,415.0	\$17,758.8	\$934.5
Actuarial Accrued Liability (AAL) ^(h)	\$125,472.7	\$107,782.9	\$22,698.3	\$25,363.4	\$1,263.8
Funding Ratio (AVA to AAL percent, (MVA to AAL percent))	83.8(79.4)	81.3(80.0)	76.7(77.4)	70.0(63.5)	73.9(68.1)
Unfunded Actuarial Accrued Liability (UAAL)	\$20,340.2	\$20,202.6	\$5,283.3	\$7,604.7	\$329.3
UAAL to Active Member Payroll Percent	116.2	142.2	122.9	292.9	292.7
UAAL Funding Period (years) ⁽ⁱ⁾	15	11	21	27	21

(a) SERS information excludes Medicare Part B reimbursement which is considered a post-employment healthcare benefit reported in accordance with GASB Statement 43 for all data except MVA.

(b) OP&F deferred retirement option plan balances are included in MVA, AVA, and AAL.

(c) For PERS and SERS, the maximum employer and employee contribution rates under law are 14 percent and 10 percent. For STRS and HPRS, the maximum employer and employee contributions rates are 14/14 percent and 26.5/14 percent, respectively. Each system's board annually determines the portion of the employer contribution, if any, that is directed to fund post-employment health care benefits.

(d) PERS state employer/employee contribution rate is 14/10 percent, local is 14/10 percent, law enforcement is 18.1/13 percent, and public safety is 18.1/12 percent. PERS state and local employer and employee contribution rates increased to their current statutory maximum of 14 percent and 10 percent, respectively, in calendar year 2008.

(e) OP&F employer and employee contribution rates increased to their current statutory maximum of 19.5/12.25 percent for police and 24/12.25 percent for fire in July 2015.

(f) Defined contribution plan assets are generally excluded for PERS and included for STRS.

(g) Recognizes assumed investment returns fully each year (6.9 percent for PERS, 7.2 percent HPRS, 7 percent for STRS, 7 percent for SERS, and 7.5 percent for OP&F). Differences between actual and assumed investment returns, subject to each system's market corridor limitation, are phased-in over a closed four-year period.

(h) Reflects an individual entry age normal actuarial cost method.

(i) UAAL funding period is calculated based on a closed period as a level percent of payroll, except for the portion of PERS members who participate in the member directed plan which uses a closed period as a level dollar of payroll.

12/31/18	769.1	1,158.2	389.1	66.4	715.5	66.4	116.0	335.4

(a) Recognizes the assumed long-term investment return fully for each particular year. Differences between actual and assumed investment returns, subject to each system's market corridor limitation, are phased-in over a closed four-year period.

(b) Reflects an individual entry age actuarial cost method.

(c) Defined contribution plan assets are excluded for PERS, except for annuitized defined contribution assets, and included for STRS.

(d) Excludes Medicare Part B reimbursement which is considered a post-employment health care benefit reported in accordance with GASB 43 for all data except MVA.

(e) OP&F deferred retirement option plan balances are included in AVA, AAL, and MVA.

* Reflects revised actuarial assumptions based on change in discount rate from 7.2 percent to 6.9 percent.

(THIS SPACE INTENTIONALLY LEFT BLANK)

GASB Statements No. 67 & 68. GASB Statement No. 67 replaced prior accounting standards for reporting pension plan information beginning in FY 2014. Under this accounting standard, the reporting of unfunded actuarial accrued liability (UAAL) has been replaced by the net pension liability/net pension asset (NPL/NPA). The NPL/NPA represents the excess of the total pension liability over fiduciary net position. The components of the NPL/NPA and the sensitivity of the NPL/NPA to changes in the single discount rate for each of the retirement systems for the most recent year are as follows (\$ in millions):

Valuation as of:	PERS ^(a)	STRS	SERS	OP&F	HPRS
	12/31/23	06/30/23	06/30/23	1/1/23	12/31/22
Total Pension Liability ^{(b)(c)}	\$125,457.5	\$107,782.9	\$23,084.3	\$25,606.6 ^(e)	\$1,348.8 ^(f)
Fiduciary Net Position ^(d)	\$99,595.6	\$86,248.0	\$17,558.9	\$16,107.6	\$861.1
Net Pension Liability/Net Pension Asset (NPL/NPA)	\$25,861.9	\$21,534.9	\$5,525.5	\$9,499.0	\$487.7
Fiduciary Net Position as a Percentage of Total Pension Liability	79.4%	80.0%	76.1%	62.9%	63.8%
NPL/NPA Calculated With 1 Percent Decrease in Discount Rate	\$41,021.3	\$33,116.0	\$8,155.4	\$12,531.1	\$639.5
NPL/NPA Calculated With 1 Percent Increase in Discount Rate	\$13,258.9	\$11,740.6	\$3,310.4	\$6,978.5	\$360.4

- (a) For PERS, figures reflect the traditional plan, the defined benefit portion of the combined plan, and the defined benefit annuities portion of the member-directed plan.
- (b) Reflects a single discount rate of 6.9 percent for PERS, 7 percent for STRS and SERS, and 7.50 percent for OP&F. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions are made at the actuarially determined rates under state law. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability. Also reflects an individual entry age actuarial cost method.
- (c) For HPRS, the fiduciary net position was not projected to be sufficient to make all projected future benefit payments and, therefore, a blended discount rate of 7.25 percent was used. The blended discount rate represents the long-term expected rate of return for the funded benefit payments and a tax-exempt, high-quality municipal bond rate for the unfunded benefit payment.
- (d) Based on the market value of assets.
- (e) Total pension liability was determined by an actuarial valuation as of 01/01/22 and updated with roll-forward procedures to 12/31/22.
- (f) Total pension liability was determined by an actuarial valuation as of 12/31/21 and updated with roll-forward procedures to 12/31/22.
- Sources: Retirement systems' Annual Comprehensive Financial Reports, annual reports, and annual actuarial valuations.

GASB Statement No. 68 replaced prior accounting standards for state and local governments reporting of pension plan information beginning in FY 2015. This accounting standard requires employers and non-employer contributing entities to report a proportionate share of their NPL/NPA in their financial statements. Employers determine their proportionate share of NPL/NPA by comparing their current year contributions to the plan to current year contributions to the plan made by all employers and non-employer entities, based on information provided to them by their retirement system(s). The State's proportionate share of the NPL/NPA and the sensitivity of the NPL/NPA to changes in the single discount rate for PERS, STRS and HPRS for the most recent year are as follows (\$ in millions):

Valuation as of:	PERS ^(a)	STRS	HPRS
	12/31/23	06/30/23	12/31/22
Total Pension Liability ^(b)	\$125,457.5	\$107,782.9	\$1,348.8 ^(d)
Fiduciary Net Position ^(c)	\$99,595.6	\$86,248.0	\$861.1
Net Pension Liability/Net Pension Asset (NPL/NPA)	\$25,861.9	\$21,534.9	\$487.7
State Proportionate Share of Net Pension Liability (PSL)	\$6,243.4	\$76.2	\$314.6
PSL as a Percentage of NPL/NPA	14.1%	0.35%	100.0%
PSL Calculated With 1 Percent Decrease in Discount Rate	\$9,401.5	\$117.2	\$639.5
PSL Calculated With 1 Percent Increase in Discount Rate	\$3,617.4	\$41.5	\$360.4

- (a) For PERS, figures reflect the traditional plan, the defined benefit portion of the combined plan, and the defined benefit annuities portion of the member-directed plan.
- (b) Reflects a single discount rate of 6.9 percent for PERS, 7 percent for STRS, and 7.25 percent for HPRS.
- (c) Based on the market value of assets.
- (d) Total pension liability determined by actuarial valuation as of 12/31/21 and updated with roll-forward procedures to 12/31/22.
- Sources: State of Ohio Annual Comprehensive Financial Report and retirement systems' Annual Comprehensive Financial Reports, and annual actuarial valuations.

Other Post-Employment Benefits

Each of the State’s public retirement systems also offer post-employment health care benefits to its members. Contributions to and benefits under these health care programs are not vested and, as reflected by the recent actions of the OP&F and STRS boards described above, are subject to future adjustment by their respective boards. In this regard, PERS adopted, beginning in 2004, a series of health care preservation plans to adjust benefits and contributions by employers, employees, and retirees. In 2017, STRS implemented benefit adjustments that when coupled with strong investment returns and positive claims experience had a positive effect on its health care program. In 2019, OP&F replaced its health care plan with a new stipend-based health care model that also had a positive effect on its health care program. On January 15, 2020, the PERS board of trustees modified the discretionary health care program. Changes included replacing the group health care program for non-Medicare retirees with a monthly allowance to select a health care plan with the assistance of a vendor consultant. These changes are the same as those made to the Medicare program in 2015. Other changes include reducing the allowance provided to Medicare retirees from a base of \$450 per month to \$350 per month. Non-Medicare retirees’ allowance was initially established at \$1,200 base level per month. The actual allowance for all retirees will be determined based upon the age and years of service of the retiree. Other changes included modifications to the eligibility criteria for future retirees beginning in 2022. Effective July 1, 2023, PERS increased the portion of the 14 percent employer contribution rate allocated to health care funding from 0 percent to 2 percent for the Combined Plan only.

The following table presents a summary of assets and actuarial accrued liabilities for post-employment healthcare benefits for each of the State’s public retirement systems (\$ in millions):

Valuation as of:	PERS 12/31/22	STRS 06/30/23	SERS 06/30/23	OP&F ^(a)	HPRS 12/31/22
Value of Assets ^(b)	\$12,841.2	\$4,783.4	\$706.8	n/a	\$115.1
Actuarial Accrued Liability (AAL) ^(c)	11,119.4	2,838.5	1,531.7	n/a	217.7
Unfunded Actuarial Accrued Liability (UAAL) ^(d)	(1,721.8)	(1,944.9)	824.9	n/a	92.8
Funding Ratio (Assets to AAL Percent)	115.5%	168.5%	46.1%	n/a	52.9%
Employer Contribution (Percent of Salary) ^(e)	0.0%	0.0%	0.0% ^(f)	0.5%	0.0%

(a) OP&F is no longer reporting unfunded actuarial accrued liabilities under prior accounting standards. See GASB Statement No. 74 table below for information on the reporting of post-employment benefit plans other than pension plans.

(b) For PERS and HPRS, investment returns are recognized fully each year with the differences between actual and assumed investment returns (assumed at 6.0 percent for PERS and 7.25 percent for HPRS), subject to each system’s market corridor limitation, phased-in over a closed four-year period. For STRS and SERS, reflects market value. For PERS, includes assets for member-directed plan participants.

(c) Reflects an individual entry age normal actuarial cost method.

(d) UAAL is calculated based on an open period as a level percent of payroll.

(e) Each system’s board annually determines the portion of the employer contribution, if any, that is directed to fund post-employment health care benefits. See discussion above for recent adjustments by OP&F, STRS, and HPRS boards to employer contribution directed to fund health care benefits.

(f) SERS also collects a health care surcharge from employers for employees who earn less than an actuarially determined minimum compensation amount. This amount is in addition to the amount allocated to health care from the employer contributions.

12/31/19	111.0	303.3	195.3	36.6	0.0

(a) For PERS & HPRS, recognizes investment returns fully each year (PERS at 6 percent, HPRS assumed at 7.25 percent) with the differences between actual and assumed investment returns, subject to each system's market corridor limitation, phased-in over a closed four-year period. For STRS, SERS and OP&F, reflects market value.

(b) Reflects an individual entry age normal actuarial cost method.

(c) Each system's board annually determines the portion of the employer contribution, if any, that is directed to fund post-employment health care benefits.

(d) SERS also collects a health care surcharge from employers for employees who earn less than an actuarially determined minimum compensation amount. This amount is in addition to the amount allocated to health care from the employer contributions.

(e) Effective 7/1/2022, the employer contribution to healthcare for the PERS Combined Plan was raised to 2 percent, the Traditional Pension Plan employer contribution remained at 0 percent.

(f) OP&F is no longer reporting unfunded actuarial accrued liabilities under prior accounting standards. See GASB Statement No. 74 table below for information on the reporting of post-employment benefit plans other than pension plans.

Sources: Retirement systems' annual actuarial valuations.

(THIS SPACE INTENTIONALLY LEFT BLANK)

GASB Statements No. 74 & 75. GASB Statement No. 74 replaced prior accounting standards for reporting post-employment benefit plans other than pension plans (OPEB) beginning in FY 2017. Under this accounting standard, the reporting of unfunded actuarial accrued liability has been replaced by the net OPEB liability (NOL). The NOL represents the excess of the total OPEB liability over fiduciary net position. The components of the NOL and the sensitivity of the NOL to changes in the single discount rate for those retirement systems that have reported information for the most recent year are as follows (\$ in millions):

Valuation as of:	PERS	STRS	SERS	OP&F	HPRS
	12/31/23	06/30/23	06/30/23	1/1/23	12/31/23
Total OPEB Liability ^(a)	\$11,628.0 ^(c)	\$2,838.5	\$2,354.2	\$1,501.6 ^(d)	\$353.4 ^(e)
Fiduciary Net Position ^(b)	\$12,530.5	\$4,783.4	\$706.8	\$789.4	\$115.1
Net OPEB Liability (NOL)	(\$902.5)	(\$1,944.9)	\$1,647.4	\$712.0	\$238.3
Fiduciary Net Position as a Percentage of Total OPEB Liability	107.8%	168.5%	30.0%	52.6%	32.6%
NOL Calculated With 1 Percent Decrease in Discount Rate	\$495.7	(\$1,646.1)	\$2,105.9	\$876.7	\$299.8
NOL Calculated With 1 Percent Increase in Discount Rate	(\$2,061.2)	(\$2,205.1)	\$1,285.9	\$572.8	\$189.8
NOL Calculated With 1 Percent Decrease in Cost Trend Rate	(\$940.2)	(\$2,217.2)	\$1,210.3	n/a	\$183.2
NOL Calculated With 1 Percent Increase in Cost Trend Rate	(\$859.8)	(\$1,616.9)	\$2,226.7	n/a	\$309.9

(a) For PERS, SERS, OP&F, and HPRS, the fiduciary net position was not projected to be sufficient to make all projected future benefit payments and, therefore, single or blended discount rates of 5.7 percent, 5.07 percent, 4.27 percent, and 4.51 percent, respectively, were used. The blended discount rates represent the long-term expected rate of return for the funded benefit payments and a tax-exempt, high-quality municipal bond rate for the unfunded benefit payment. For STRS, the fiduciary net position was projected to be sufficient to make all projected future benefit payments and, therefore, a discount rate of 7 percent, representing the long-term expected rate of return on assets, was used.

(b) For all retirement systems, reflects an individual entry age normal actuarial cost method as a level percent of payroll.

(c) Based on the market value of assets.

(d) Total OPEB liability was determined by an actuarial valuation as of 1/1/22 and updated with roll-forward procedures to 1/1/23.

(e) Total OPEB liability was determined by an actuarial valuation as of 12/31/22 and updated with roll-forward procedures to 12/31/23.

Sources: Retirement systems' Annual Comprehensive Financial Reports and annual reports.

(THIS SPACE INTENTIONALLY LEFT BLANK)

GASB Statement No. 75 replaced prior accounting standards for state and local governments reporting of postemployment benefit plans other than pensions beginning in FY 2018. This accounting standard requires employers and non-employer contributing entities to report a proportionate share of their NOL in their financial statements. Employers determine their proportionate share of NOL by comparing their current year contributions to the plan to current year contributions to the plan made by all employers and non-employer entities, based on information provided to them by their retirement system(s). The State's proportionate share of the NOL and the sensitivity of the NOL to changes in the single discount rate for PERS, STRS and HPRS for the most recent year are as follows (\$ in millions):

Valuation as of:	PERS 12/31/23	STRS 06/30/23	HPRS 12/31/22
Total OPEB Liability ^(a)	\$11,628.0 ^(c)	\$2,838.5 ^(d)	\$353.4 ^(c)
Fiduciary Net Position ^(b)	\$12,530.5	\$4,783.4	\$115.1
Net OPEB Liability (NOL)	(\$902.5)	(\$1,944.9)	\$238.3
State Proportionate Share of Net OPEB Liability (PSL)	\$134.0	(\$6.9)	\$238.3
PSL as a Percentage of NOL	(0%)	0.4%	100.0%
PSL Calculated With 1 Percent Decrease in Discount Rate	\$32.1	(\$5.8)	\$299.8
PSL Calculated With 1 Percent Increase in Discount Rate	(\$131.7)	(\$7.8)	\$189.8
PSL Calculated With 1 Percent Decrease in Cost Trend Rate	\$125.6	(\$7.8)	\$183.2
PSL Calculated With 1 Percent Increase in Cost Trend Rate	\$143.4	(\$5.7)	\$309.9

(a) The fiduciary net position was not projected to be available to make all projected future benefit payments and, therefore, a single discount rate of 5.70 percent for PERS was used and a blended discount rate of 4.51 percent for HPRS was used. The blended discount rate represents the long-term expected rate of return for the funded benefit payments and a tax-exempt, high-quality municipal bond rate for the unfunded benefit payment.

(b) Based on the market value of assets.

(c) Total OPEB liability was determined by an actuarial valuation as of 12/31/22 and updated with roll-forward procedures to 12/31/23.

(d) Total OPEB liability was determined by an actuarial valuation as of 06/30/23.

Sources: State of Ohio Annual Comprehensive Financial Report and retirement systems' Annual Comprehensive Financial Reports and annual reports.

TAX LEVELS AND TAX BASES

The variety of taxes and excises levied by the State is indicated in several tables in this Appendix. According to the Federation of Tax Administrators, citing the U.S. Census Bureau as its source, Ohio ranked 43rd in state taxes per capita in 2022 and it ranked 28th in combined state and local taxes in 2021, the most recent available year for such data. Three major tax bases, personal income (taxed by the State and municipalities and, with voter approval, by certain school districts), retail sales and use (taxed by the State and by counties and several transit authorities), and all taxable real property as well as the tangible personal property of public utilities (taxed by local governments and school districts), are described below. The State also levies a commercial activity tax on business activities as described below.

The State also imposes a tax on the use, distribution, or sale of motor vehicle fuel. This excise tax was raised by 10.5 cents per gallon effective July 1, 2019, to 38.5 cents per gallon of gasoline. At the same time, the rate imposed on diesel fuel was also increased from 28 cents per gallon to 47 cents per gallon.

Sales and Use Tax

The state sales and use tax rate was increased one-quarter percent from 5.5 percent to 5.75 percent beginning September 1, 2013. Prior to this increase, the rate had been 5.5 percent since July 1, 2005. The sales and use tax are levied uniformly across counties on retail sales of tangible personal property that are not specifically exempt. Retail sales include the rental and storage of tangible personal property, the rental of hotel rooms, and certain specified services including, but not limited to, repair and installation services, data processing, computer, and electronic information services, telecommunication, and certain personal care services.

Counties and transit authorities each are authorized to levy permissive sales and use taxes at rates of 0.25 percent to 1.5 percent in one-twentieth percent increments. The highest potential aggregate of state and permissive local

sales taxes is 8.75 percent and the highest currently levied in any county is 8 percent. The State collects the combined state and local tax and returns the local share directly to the counties and transit authorities.

Personal Income Tax

State personal income tax rates apply to federal adjusted gross income plus or minus adjustments and personal exemptions. When compared to the immediately preceding year, personal income tax rates on non-business income were reduced by 8.5 percent in calendar year 2013, 1.5 percent in calendar year 2014, 6.3 percent in calendar year 2015 and 4 percent in calendar year 2019 (see **FISCAL MATTERS – Recent Biennia – 2020-2021**). In calendar year 2021, tax rates were reduced by 3 percent compared to the rates imposed in calendar year 2020, except that the highest tax bracket (on income exceeding \$221,300) was repealed and what became the highest Ohio tax rate was reduced by 9.6 percent from its previous level and provided a 16.8 percent reduction from the previous (repealed) top-bracket tax rate. In calendar year 2023, tax brackets were restructured, and tax rates were reduced, followed by fully phased-in bracket and rate changes in calendar year 2024. During calendar year 2021, there were four rate brackets whose rates ranged from 2.765 percent to 3.99 percent; in 2024, the state personal income tax has two rate brackets (one consisting of taxable income between \$26,051 and \$100,000, and the other consisting of income above \$100,000), with marginal rates of 2.75 percent and 3.5 percent, respectively. There remains no tax liability if taxable income is \$26,050 or below.

Prior legislation also established a deduction for pass-through entities and sole proprietorships annual business net income of 75 percent in tax years 2014 and 2015, and 100 percent in tax year 2016 and beyond, up to \$250,000 per taxpayer. Previously, personal income tax rates were reduced by 21 percent across five installments (4.2 percent annually in each of the tax years 2005 through 2008, with the final 4.2 percent reduction delayed from tax year 2009 to tax year 2011).

The Ohio Constitution requires 50 percent of state income tax receipts to be returned to the counties in which those receipts originate. There is no constitutional limit on income tax rates.

Municipalities, school districts, and joint economic development districts and zones may also levy certain income taxes. Any municipal rate (applying to wages, salaries, and business net income) over 1 percent, and any school district income tax (applying to the state income tax base for individuals and estates), requires voter approval. Most cities and villages levy a municipal income tax. The highest municipal rate in 2020 was 3 percent. A school district income tax is currently in effect in 212 districts. Each joint economic development district or zone may also levy an income tax (which like municipal income taxes applies to wages and salaries and business net income) with the rate of that tax limited to the highest income tax rate of a municipal member of the district or zone). Effective July 1, 2005, there may also be proposed for voter approval municipal income taxes to be shared with school districts, but those taxes may not be levied on the income of nonresidents.

Since 1970 the ratio of Ohio to U.S. aggregate personal income has declined, with Ohio’s ranking among the states moving from fifth in 1970 to seventh in 1990, and eighth since 2000. This movement, portrayed below, in significant measure reflects “catching up” by several other states and a trend in Ohio toward more service sector employment.

Commercial Activity Tax

The State implemented a new commercial activity tax (CAT) on taxable gross receipts in excess of \$1,000,000 from doing business in Ohio phased-in over FY 2006 through FY 2010 until levied at the current rate of 0.26 percent. Beginning calendar year 2014, the State established a variable minimum tax on the CAT for businesses with taxable gross receipts greater than \$1 million. Over the same period, Ohio phased-out its corporate franchise tax in equal annual increments over the 2006 through 2010 tax years, except for application to financial institutions and certain affiliates of insurance companies and financial institutions which was replaced with a new financial institutions tax effective tax year 2014. On December 7, 2012, the Supreme Court of Ohio upheld the application of the CAT to gross receipts from the sales of motor fuels but ordered that the proceeds of the CAT derived from those gross receipts—estimated by OBM at \$100 million annually—could not be applied to non-highway purposes in the future. Under provisions enacted in the Biennial Appropriations Act for the 2014-2015 biennium and other legislation, the State phased-out the CAT on the sale of motor vehicle fuel and replaced it with a “petroleum activity tax” (PAT), computed based on the average price of a gallon of gasoline or diesel fuel. In accordance with the Supreme Court of Ohio’s ruling, PAT receipts are required to be used for highway purposes.

As described below, the receipts from the CAT are directed in part to make compensating payments to school districts and other local taxing units in connection with the phase-out of the tangible personal property tax in 2006

through 2009. Beginning in FY 2012, the State accelerated the phase-out of compensating payments to school districts and local governments resulting in an increased share of the CAT being deposited into the GRF (see **Property Tax** below and **FISCAL MATTERS – Recent and Current Finances – Recent Biennia – 2018-2019**).

The share of the CAT revenue credited to the GRF increases in FY 2024. After making required deposits to the CAT administration fund and to the two funds used to issue payments to qualifying local governments and school districts, the GRF now receives all remaining CAT receipts.

Effective in calendar year 2024, the CAT minimum tax is repealed. CAT liability (before credits) will be entirely based upon multiplying the tax rate by taxable gross receipts, and there is no longer a flat-dollar minimum tax. In addition, the amount of annual gross receipts excluded from the CAT will increase from the existing \$1 million level to a \$3 million amount effective January 2024. The exclusion increases to \$6 million in January 2025.

Property Tax

The following table lists, for informational purposes only, the non-exempt real and tangible personal property tax base in the State and taxes levied on that base (on a calendar year basis). Only local taxing subdivisions, and not the State, currently tax the real and tangible personal property included in this table. Reported figures for 2023 show that these property taxes represent 3.16 percent of Ohio personal income.

- (a) Increases in assessed value of “Real” are in part products of reappraisals.
- (b) Regular annual reductions for “Tangible” (except for most public utility tangible) reached 0 percent in 2009; only telecommunication and telephone personal property was taxable in 2009 and 2010.
- (c) Includes public utility personal property owned and located within Ohio and railroad real property; excludes public utility real property.
- (d) Includes machinery, inventories, fixtures; effective tax year 2007 includes telephone company property. Excludes public utility tangible property. Effective tax year 2009 includes only telephone company property.
- (e) Includes the statutory 10 percent rollback (12.5 percent for owner-occupied residences) and elderly/handicapped partial exemption amounts, paid by the State to local taxing entities to compensate for statutory reductions in local tax collections. Effective for tax year 2005 and thereafter, the 10 percent rollback was eliminated for real property used in business, with exceptions for certain property used in farming or for housing. The 12.5 percent rollback for owner-occupied residences was eliminated for new voter-approved tax levies (see **FISCAL MATTERS – Recent and Current Finances – Recent Biennia – 2018-2019**).
- (f) Beginning in 1990, the true value of most public utility property is based on annual composite allowances that vary according to the type and age of property.
- (g) Beginning in 2001, the statutory assessment rate for electric and gas utilities decreased from 88 percent to 25 percent.
- (h) The statutory assessment rate for waterworks utilities is 88 percent, except for certain property first subject to taxation in 2017 is 25 percent.

Source: Ohio Department of Taxation.

Effective July 1, 2005, and as reflected in the above table, the tangible personal property tax (TPPT) (including that tax on inventories) was phased out over tax years 2006 through 2009, with that tax eliminated beginning in tax year 2009. The corresponding legislation provided for the State to make replacement distributions to school districts and other local taxing units from revenue generated by the state commercial activity tax (CAT). Distributions are based on the taxable value of tangible personal property as reported in 2004 and property tax levies in effect for 2005. In FY 2012, the State began phasing-out those TPPT replacement payments to schools and local governments. Replacement payments to schools reduced by two percent of each district’s total resources in each of FY 2012 and FY 2013 for a total reduction of four percent. Replacement payments to local governments reduced by two percent of total resources for tax years 2011, 2012, and 2013 for a total reduction of six percent. Replacement payments were then frozen in FY 2014 and FY 2015. The phasing out of these replacement payments resumed beginning in FY 2016. Payments to school districts reduced in FY 2016 and FY 2017 by between one percent and two percent of each district’s total resources. The variance was based on district wealth levels, with guarantees in both FY 2016 and FY 2017 that no district would fall below 100 percent and 96

percent, respectively, of its FY 2015 total funding level. Replacement payments to other local governments in FY 2016 and thereafter are reduced annually by two percent of their total resources.

Beginning July 2007, the State's homestead exemption program, which takes the form of a credit on local residential real property tax bills, was expanded to allow all senior citizens and disabled Ohioans, regardless of income, to exempt from tax the first \$25,000 of the market value of their home. Previously, eligibility was restricted, and benefits were tiered based on income. Beginning July 1, 2013, eligibility for new applicants is based on income. The total cost of the homestead exemption program was \$374.6 million in FY 2021, \$354.7 million in FY 2022, and \$337.8 million in FY 2023.

Real property tax relief payments by the State to school districts and local subdivisions—consisting of the homestead exemption program, the 10 percent rollback for non-business property, and the 2.5 percent rollback for owner-occupied homes—totaled \$3.6 billion for the 2018-2019 biennium, \$3.6 billion for the 2020-2021 biennium, and \$3.64 billion for the 2022-2023 biennium.

SCHOOLS AND MUNICIPALITIES

Schools

Litigation was commenced in the Ohio courts in 1991 questioning the constitutionality of Ohio's system of school funding and compliance with the constitutional requirement that the State provide a "thorough and efficient system of common schools." On December 11, 2002, the Supreme Court of Ohio, in a 4-3 decision on a motion to reconsider its own decision rendered in September 2001, concluded (as it previously had in its 1997 and 2000 opinions) that the State did not comply with that requirement, even after again noting and crediting significant steps in preceding years.

In its prior decisions, the Supreme Court of Ohio stated as general base threshold requirements that every school district have enough funds to operate, an appropriate number of teachers, sound and safe buildings, and equipment sufficient for all students to be afforded an educational opportunity. With respect to funding sources, the Court concluded in its 1997 and 2000 decisions that property taxes may no longer be the primary means of school funding in Ohio.

On March 4, 2003, the plaintiffs filed with the original trial court a motion to schedule and conduct a conference to address compliance with the orders of the court in that case, the State petitioned the Ohio Supreme Court to issue a writ prohibiting that conference on compliance, and the trial court subsequently petitioned the Ohio Supreme Court for guidance as to the proper course to follow. On May 16, 2003, the Ohio Supreme Court granted that writ and ordered the dismissal of the motion before the trial court. On October 20, 2003, the United States Supreme Court declined to accept the plaintiffs' subsequent petition requesting further review of the case.

In the years following this litigation, the General Assembly has taken steps, including significantly increasing state funding for public schools, as discussed below. In addition, at the November 1999 election, electors approved a constitutional amendment authorizing the issuance of State general obligation debt for school buildings and for higher education facilities (see discussion under **STATE DEBT**). December 2000 legislation also addressed certain mandated programs and reserves, characterized by the plaintiffs and the Court as "unfunded mandates."

Prior to fiscal years 2009 and 2010, Ohio's 613 public school districts and 49 joint vocational school districts received a major portion (but less than 50 percent) of their operating moneys from state subsidy appropriations (the primary portion of which is known as the Foundation Program) distributed in accordance with statutory formulae that consider both local needs and local taxing capacity. The Foundation Program amounts have steadily increased in most recent years, including small aggregate increases even in those fiscal years in which appropriation reductions were imposed.

School districts also rely upon receipts from locally voted taxes. In part because of provisions of some state laws, such as partially limiting the increase (without further vote of the local electorate) in voted property tax collections that would otherwise result from increased assessed valuations, some school districts have experienced varying degrees of difficulty in meeting mandated and discretionary increased costs. Local

electorates have largely determined the total moneys available for their schools. Locally elected boards of education and their school administrators are responsible for managing school programs and budgets within statutory requirements.

The State's school subsidy formulas that were used until fiscal year 2009 were structured to encourage both program quality and local taxing effort. Until the late 1970's, although there were some temporary school closings, most local financial difficulties that arose were successfully resolved by the local districts themselves by some combination of voter approval of additional property tax levies, adjustments in program offerings, or other measures. For more than 20 years, requirements of law and levels of state funding have sufficed to prevent school closings for financial reasons, which in any case are prohibited by current law.

Legislation was enacted in 1996 to address school districts in financial straits. It is similar to that for municipal "fiscal emergencies" and "fiscal watch" discussed below under **Municipalities** but is particularly tailored to certain school districts and their then-existing or potential fiscal problems. Newer legislation created a third, more preliminary, category of "fiscal caution". A current listing of school districts in fiscal emergency or watch status can be found on the Auditor of State's website at <http://www.auditor.state.oh.us>.

To broaden the potential local tax revenue base, school districts also may submit, for voter approval, income taxes on the district income of individuals and estates. Many districts have submitted the question of the proposed income tax to their respective electors, and income taxes are currently approved in 212 districts.

Biennial school funding state appropriations from the GRF (including property tax reimbursements) and Lottery Profits Education Fund (LPEF) (but excluding federal and special revenue funds) for recent biennia were:

- 2014-2015 - \$18.3 billion (a 10.5 percent increase over the previous biennium).
- 2016-2017 - \$20 billion (a 9.3 percent increase over the previous biennium).
- 2018-2019 - \$20.7 billion (a 3.5 percent increase over the previous biennium).
- 2020-2021 - \$21.9 billion (a 5.7 percent increase over the previous biennium).
- 2022-2023 - \$23 billion (a 4.9 percent increase over the previous biennium).

The appropriations for school funding for the 2024-2025 biennium are \$26.7 billion (a 16.1 percent increase from the previous biennium), representing an increase of 13.1 percent in FY 2024 over FY 2023 and an increase of 2.6 percent in FY 2025 over FY 2024.

The amount of lottery profits transferred to the LPEF totaled \$1.17 billion in FY 2018, \$1.15 billion in FY 2019, \$1.13 billion in FY 2020, \$1.36 billion in FY 2021, \$1.41 billion in FY 2022, \$1.46 billion in FY 2023, \$1.51 billion in FY 2024 and is currently estimated to be \$1.44 billion in FY 2025. Ohio participation in the multi-state lottery commenced in May 2002. A constitutional provision requires that net lottery profits be paid into LPEF be used solely for the support of elementary, secondary, vocational, and special education purposes, including application to debt service on general obligation bonds to finance common school facilities. The 2010-2011 Biennial Appropriations Act also authorized the implementation of video lottery terminals (VLTs) at Ohio's seven horse racing tracks.

The 2016-2017 Biennial Appropriations Act modified certain components of the funding formula to distribute new resources to districts with less capacity to raise revenue through local sources. Under the modified formula, each school district's education aid was based on a per pupil funding amount of \$5,900 in FY 2016 and \$6,000 in FY 2017, multiplied by each school district's "state share index," which used a three-year average of adjusted property valuation per pupil and the median income of that school district to calculate the percentage of the per-pupil amount to be paid by the State and the amount assumed to be contributed by the school district through local sources. The 2016-2017 Biennial Appropriations Act also supplemented transportation funds for low density districts and continued to provide additional funds for students with exceptional needs, including those with special needs and the disabled, and limited English proficiency, and for economically disadvantaged and gifted students. Funding was also provided based on the number of K-3 students at each school district to help school districts comply with Ohio's 3rd grade reading guarantee. The Act continued funding for the "Straight A Fund" to develop and implement creative and innovative instructional models to inspire learning and student growth.

The 2018-2019 Biennial Appropriations Act maintained all components of the 2016-2017 funding formula with minor modifications. School district's education aid continued to be paid based on a per pupil funding amount (increasing to \$6,010 in FY 2018 and \$6,020 in FY 2019) multiplied by each school district's state share index. The 2018-2019 Biennial Appropriations Act reduced the minimum share of transportation funding to better target school districts with lower capacity to raise revenue locally and increased the multiplier in the formula for computing capacity aid to provide additional aid to low wealth school districts and those with small populations and low property valuation. The Act also modified the calculations for temporary transitional aid and the gain cap to consider changes in student population. Funding also continued for other education initiatives including Early Childhood Education, EdChoice Expansion Scholarships, and the Community Connectors grant program.

The 2020-2021 Biennial Appropriations Act provided each school district with the same amount of core funding and pupil transportation funding as it received under the funding formula for FY 2019, along with other limited payments and adjustments, such as preschool special education payments and catastrophic cost reimbursements. The 2020-2021 Biennial Appropriations Act also provided additional payments to school districts for student wellness and success to provide support for mental health counseling, wraparound supports, mentoring, and after-school programs. The Act also provided for additional payments to qualifying school districts that experienced an increase in enrollment between FY 2016 and FY 2019.

The 2022-2023 Biennial Appropriations Act implemented a new funding formula known as the Fair School Funding Plan. The new formula established a base cost methodology based on student to teacher ratios, minimum staffing levels, and actual costs for schools. Under the new formula, each school district has a unique base cost amount which replaced the prior Opportunity Grant amount of \$6,020 per pupil. The formula revised categorical funding and implemented a new state and local cost share methodology using property and income factors for all districts. Community schools, STEM schools, educational choice scholarship programs, and open enrollment were directly funded. Instead of a Gain Cap, most components of the formula were subject to a general phase-in percentage of 16.67 percent in FY 2022 and 33.33 percent in FY 2023. The Act also provided for additional payments to support school bus purchases, community school facilities, and quality community schools.

The 2024-2025 Biennial Appropriations Act continues the phase-in of the school funding formula enacted in FY 2022. The phase-in percentage will increase to 50 percent in FY 2024 and 66.67 percent in FY 2025. The formula will continue the base cost methodology based on student to teacher ratios, minimum staffing levels, and actual costs for schools. Data for calculating base cost and local capacity will update. Several factors will increase including gifted professional development funding, career awareness funding, and the transportation minimum state share percentage. The minimum state share percentage of base cost will increase from 5 percent to 10 percent. The Act also provides for additional payments to support literacy initiatives, career-technical education programs, community school facilities, quality community and STEM schools, and an equity supplement to brick-and-mortar community schools. The Act also establishes universal eligibility for the EdChoice Expansion Scholarship Program, providing full scholarships for families with income up to 450 percent of the federal poverty level. Families with income above 450 percent will receive partial scholarship amounts with a minimum scholarship of 10 percent.

Municipalities

Ohio has a mixture of urban and rural population, with approximately three-quarters urban. There are 926 incorporated cities and villages (municipalities with populations under 5,000) in the State. Six cities have populations of more than 100,000 and 17 cities exceed 50,000.

A 1979 Act established procedures for identifying and assisting those few cities and villages experiencing defined "fiscal emergencies." A commission composed of state and local officials, and private sector members experienced in business and finance appointed by the Governor, monitors the fiscal affairs of a municipality facing substantial financial problems. The Act requires the municipality to develop, subject to approval and monitoring by its commission, a financial plan to eliminate deficits and cure any defaults and otherwise remedy fiscal emergency conditions and to take other actions required under its financial plan. It also provides enhanced protection for the municipality's bonds and notes and, subject to the Act's stated standards and controls, permits the State to purchase limited amounts of the municipality's short-term obligations (used only once, in 1980).

The number of distributions to most local governments, including municipalities, from the several state local government revenue assistance funds have been subject to reductions and other adjustments in several of those recent biennia.

The fiscal emergency legislation has been amended to extend its potential application to all Ohio counties and townships. This extension is on an “if and as needed” basis and is not aimed at particularly identified existing fiscal problems of those subdivisions. A current listing of governments in each status can be found on the Auditor of State’s website at <http://www.auditor.state.oh.us>.

APPENDIX B

GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES

Glossary

When used in this Official Statement, the following terms shall have the meanings set forth below. The definitions set forth below are qualified in their entirety by reference to the Trust Agreements and the Leases, copies of which are available from the Treasurer and the applicable Trustee and, during the underwriting period, the Underwriters. Use of the singular includes plural and use of the plural includes singular, where applicable.

"Acquisition Premium" means the amortizable bond premium which is issued on Premium Bonds.

"Act" means Chapter 154 of the Revised Code, together with the provisions of any act or resolution of the General Assembly authorizing or limiting the issuance of, or otherwise pertaining to Obligations, as the same may be amended, modified, revised, supplemented or superseded from time to time.

"Additional Bonds" means additional Obligations issued pursuant to a Trust Agreement after the first issuance of Obligations pursuant to that Trust Agreement.

"Additional Rent" means rentals paid by the DAS and the DOT to the Treasurer under their respective Leases in amounts at least adequate to provide for the purposes of the applicable Administrative Service Funds.

"Administrative Bonds" means the \$44,045,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Administrative Building Fund Projects) authorized by the Administrative Series 2025A Order.

"Administrative General Bond Order" means the General Bond Order No. 1-12 issued by the Treasurer on February 28, 2012, as it may be amended, supplemented or superseded from time to time in accordance with the provisions of the Administrative Trust Agreement.

"Administrative Lease" means the Administrative Original Lease Agreement as amended and supplemented from time to time, including as amended and supplemented by the Administrative Supplemental Lease, and unless content or use clearly indicates otherwise includes all applicable Supplemental Leases.

"Administrative Original Lease Agreement" means the Lease Agreement between the OPFC and the DAS, dated as of March 1, 2012.

"Administrative Original Trust Agreement" means the Trust Agreement between the State, acting by and through the Treasurer, and the Administrative Trustee, dated as of March 1, 2012, authorized in the Administrative General Bond Order.

"Administrative Series 2025A Order" means Series Bond Order No. 1-24 issued by the Treasurer on December __, 2024 providing for the Administrative Bonds.

"Administrative Service Funds" means the Administrative Service Funds established by the Treasurer in the custody of the Treasurer for the payment of those administrative expenses of the Treasurer identified in the applicable General Bond Orders.

"Administrative Supplemental Lease" means the Series 2025A Supplemental Lease Agreement dated as of January 1, 2025 between the OPFC and the DAS, amending or supplementing the Administrative Lease.

"Administrative Supplemental Trust Agreement" means the Series 2025A Supplemental Trust Agreement dated as of January 1, 2025 between the State, acting by and through the Treasurer, and the Administrative Trustee, amending or supplementing the Administrative Trust Agreement, and includes the Administrative Series 2025A Order set forth in it.

"Administrative Trust Agreement" means the Administrative Original Trust Agreement, including the Administrative General Bond Order set forth in it, as the same may be amended, modified or supplemented, including as amended, modified or

* Preliminary; subject to change.

supplemented by the Administrative Supplemental Trust Agreement, and unless the context indicates otherwise, includes all applicable Supplemental Trust Agreements.

"Administrative Trustee" means the Trustee at the time serving under the Administrative Trust Agreement, originally The Huntington National Bank, Cincinnati, Ohio, and any successor Trustee as determined or designated pursuant to the Administrative Trust Agreement.

"Annual Information" means such financial information provided or caused to be provided by the Treasurer as may be required under the Rule.

"Authenticating Agent" means the applicable Trustee and any other bank, trust company or other person designated as an Authenticating Agent for a series of Obligations by or in accordance with the Trust Agreements, each of which shall be a transfer agent registered in accordance with Section 17A(c) of the Securities Exchange Act of 1934, as amended.

"Authorized Officer" means any person duly authorized to perform the particular acts or sign the particular documents on behalf of the State or other indicated Person or official. In the case of the Treasurer, it means any officer or employee of the Treasurer authorized by, or pursuant to, a designation or order of the Treasurer to perform the particular act or sign the particular document, and if there is no such authorization means the Treasurer.

"Basic Rent" means rentals paid by each of the DAS and the DOT directly to the Treasurer under their respective Leases in amounts at least adequate to (i) meet the Bond Service Charges on the applicable Obligations, and (ii) establish and maintain any Required Reserve.

"Beneficial Owner" or "beneficial owner" means the owner of a book-entry interest in a Series 2025 Bond held by a Securities Depository in book-entry form.

"Bond" or "Bonds" means any Obligation in the form of a bond, or all of the bonds, or an issue or series of bonds, of the State issued pursuant to the General Bond Orders and any Series Order.

"Bondholder" or "holder" or "Holder" or "holder of Bonds," or "owner," or any similar term means the person in whose name an Obligation is registered, or the holder or owner of Obligations as may otherwise be prescribed by a Series Order.

"Bond Proceedings" means the applicable General Bond Orders, the applicable Trust Agreements, the applicable Series Orders, the applicable Supplemental Trust Agreements, the applicable Leases, the applicable Supplemental Leases and any other order, resolution, agreement and lease, and amendments of and supplements to the foregoing or any combination of them, authorizing or providing for the terms and conditions applicable to, or providing for the security of, Obligations issued pursuant to the Act.

"Bond Registrar" means the Person that keeps and maintains the Register for the Obligations, which shall be the applicable Trustee except as may otherwise be provided pursuant to the applicable Trust Agreement or a Series Order.

"Bond Service Accounts" means the Bond Service Accounts so designated in the Bond Service Funds and created in the General Bond Orders.

"Bond Service Charges" means the principal, Mandatory Sinking Fund Requirements, and interest, and redemption premium, if any, required to be paid by the State on the Obligations. In the case of payment of Bond Service Charges by a Person other than the State pursuant to a Credit Enhancement Facility, "Bond Service Charges" means the payment or reimbursement by the State to the provider of that facility of the amount so paid. In determining Bond Service Charges for a Fiscal Year or any other period, Mandatory Sinking Fund Requirements for that Fiscal Year or period shall be taken into account. With respect to Obligations in the form of notes, the amount of Bond Service Charges on those notes shall be deemed to be the Bond Service Charges for the bonds anticipated by those notes as set forth in the Bond Proceedings applicable to those notes pursuant to Section 154.12 of the Revised Code.

"Bond Service Funds" means, collectively, the administrative facilities bond service trust fund and the transportation facilities bond service trust fund each created by the provisions of Revised Code Section 154.24(E), each in the custody of the Treasurer but separate and apart from and not a part of the State treasury, including the accounts in them provided for in the respective General Bond Orders.

"Bond Service Reserve Account" means a Bond Service Reserve Account that may be established in a Series Order pursuant to the General Bond Orders.

"book-entry form" or "book-entry system" means a form or system under which physical Obligation certificates are issued only to a Securities Depository or its nominee as owner, with the certificated Obligations held by and "immobilized" in the custody of the Securities Depository, and the book-entry system, maintained by and the responsibility of the Securities Depository or others, is the record that identifies and records the transfer of the interests of the owners of book-entry interests in those Obligations.

"book-entry interests" means the interests of the ultimate purchasers of book-entry interests in Obligations issued in book-entry form.

"Business Day" means any day other than (a) a Saturday, (b) a Sunday, or (c) a day on which the applicable Trustee is authorized by law to remain closed.

"Capital Facilities" means any capital facilities for the DAS and the DOT for the financing or refinancing of which the Treasurer is authorized to issue Obligations under the Act.

"Code" means the Internal Revenue Code of 1986, as amended.

"Continuing Disclosure Agreements" means, together, the Continuing Disclosure Agreement of the Treasurer dated as of January 8, 2025, 2025 relating to the Administrative Bonds and the Continuing Disclosure Agreement of the Treasurer dated as of January 8, 2025, 2025 relating to the Transportation Building Fund Bonds.

"Costs of Capital Facilities" or "Project Costs" means costs of Capital Facilities as set forth in the Act, and the financing of those costs, for the payment of which Obligations may be issued under the Act.

"Cover" means, collectively, the cover page and inside cover page of this Official Statement.

"Credit Enhancement Facility" or "Credit Enhancement Facilities" means letters of credit, lines of credit, stand-by, contingent, or firm securities purchase agreements, insurance, or surety arrangements, guarantees, and other arrangements that provide for direct or contingent payment of debt charges, for security or additional security in the event of nonpayment or default in respect of securities, or for making payment of debt charges to and at the option and on demand of securities holders or at the option of the issuer or upon certain conditions occurring under put or similar arrangements, or for otherwise supporting the credit or liquidity of the securities, and includes credit, reimbursement, marketing, remarketing, indexing, carrying, interest rate hedge, and subrogation agreements, and other agreements and arrangements for payment and reimbursement of the person providing the credit enhancement facility and the security for that payment and reimbursement, or an arrangement to provide, in whole or in part, a Required Reserve.

"DAC" means Digital Assurance Certification, L.L.C.

"DAS" means the Department of Administrative Services of the State created by Section 121.02 of the Revised Code.

"Defeasance Obligations" means (i) eligible securities purchased with the proceeds of the Administrative Bonds and held in trust by The Huntington National Bank, as escrow agent for the Administrative Refunded Bonds, the Treasurer's agent for the purpose, to provide for payment of principal of and interest on those Administrative Refunded Bonds to their respective Earliest Permitted Redemption Dates or at maturity and (ii) eligible securities purchased with the proceeds of the Transportation Building Fund Bonds and held in trust by U.S. Bank Trust Company, National Association, as escrow agent for the Transportation Building Fund Refunded Bonds, the Treasurer's agent for the purpose, to provide for payment of principal of and interest on those Transportation Building Fund Refunded Bonds to their respective Earliest Permitted Redemption Dates or at maturity.

"Director" means the Director of the State Office of Budget and Management, or the designee of that official for the purpose.

"Disclosure Dissemination Agent" means DAC.

"Disclosure Dissemination Agreement" means the Disclosure Dissemination Agent Agreement entered into by the State with DAC for the benefit of the holders of the Series 2025 Bonds to provide certain continuing disclosure in accordance with the Rule.

"Discount Bonds" means any Series 2025 Bonds that are initially offered and sold to the public at a discount from the amounts payable at maturity.

"DOT" means, the Department of Transportation of the State of Ohio created by Section 121.02 of the Revised Code.

"DTC" or "Depository" means The Depository Trust Company (a limited purpose trust company), New York, New York, its successors and their assigns.

"Earliest Permitted Redemption Dates" means, with respect to the Refunded Bonds, the Earliest Permitted Redemption Dates shown for the Refunded Bonds under **THE SERIES 2025 BONDS – Sources and Uses of Bond Proceeds**.

"Eligible Investments" means

- (i) Direct obligations of the United States of America;
- (ii) Obligations, whether representing principal and interest or either principal or interest, guaranteed as to payment by the United States of America or to the payment of which the faith of the United States of America is pledged;
- (iii) Obligations issued by any agency or instrumentality of the United States of America which are accepted by the Rating Services for refunding purposes generally to result in the particular refunded obligations being assigned the highest rating of the particular Rating Service;
- (iv) General obligations of the State or of any political subdivision of the State that are rated at one of the two highest letter ratings of a Rating Service;
- (v) Certificates of deposit issued by a national bank located in the State or a bank (as defined in Section 1101.01 of the Revised Code) subject to inspection by the State Superintendent of Banks, which bank has a combined capital and surplus of at least \$100,000,000 in dollars of the United States of America and is rated at least "A" (or its equivalent) by the Rating Services, provided that such certificates of deposit (a) do not exceed in the aggregate 10% of the combined capital, surplus and undivided profits of the issuing bank and (b) shall be in the possession of the Treasurer or that officer's agents and shall be (A) continuously and fully insured by the Federal Deposit Insurance Corporation or its successors and (B) to the extent not so insured, continuously and fully secured by securities described in clauses (i) through (iii) above which have a market value (exclusive of any accrued interest) at all times at least equal to the principal amount of the certificates of deposit. The bank issuing a certificate of deposit required to be secured as provided in clause (B) above shall furnish the Treasurer with an undertaking that the aggregate market value of all such pledged securities securing each certificate of deposit will at all times be an amount at least equal to the principal amount of that certificate of deposit, and the Treasurer shall be entitled to rely on each such undertaking;
- (vi) Repurchase agreements, for a period not to exceed 30 days, with any institution described in Section 135.143(A)(4)(a) of the Revised Code that is rated at least "A" (or its equivalent) by the Rating Services, and which agreement is fully and continuously collateralized by securities described in clauses (i) through (iii) above based on the market value of those pledged securities;
- (vii) Any no front end load money market fund (including those for which the applicable Trustee or an affiliate performs services for a fee, whether as custodian, transfer agent, investment advisor or otherwise) that is rated at least "A" (or its equivalent) by the Rating Services, consisting exclusively of obligations described in clauses (i) through (iii) above; and
- (viii) The Treasurer's investment pool provided for in Section 135.45 of the Revised Code.

For purposes of clauses (v) and (vi) above the respective pledged securities are to be in the possession of the Treasurer or that officer's agent, and are to be free and clear of all liens or rights of any third party and in which securities the State is to have a first perfected security interest.

"EMMA" means the MSRB's Electronic Municipal Market Access system.

"Event of Default" means an Event of Default as described in this **APPENDIX B – GLOSSARY AND SUMMARIES OF THE TRUST AGREEMENTS AND THE LEASES - Summary of the Trust Agreements – Events of Default and Remedies**.

"Federal Securities" means: (i) direct obligations of, or obligations representing principal and interest, or principal or interest, the full and timely payment of which is guaranteed by, or to the full and timely payment of which is pledged the faith of, the United States of America; (ii) any certificates or other evidences of direct ownership interest in obligations of the character described in clause (i) or in specified portions of those obligations, including, without limitation, portions consisting solely of the principal of or solely of the interest on those obligations; or (iii) obligations of any state of the United States or any political subdivision of any state of the United States carrying the highest rating category of a Rating Agency, the full payment of principal of and interest and any premium on which are provided for by an irrevocable deposit in trust of the Federal Securities described in clause (i) or (ii), to the extent such investments are permitted by applicable law. With respect to Federal Securities described in clause (ii), the underlying obligations must be, as evidenced by a receipt held by the owner, held in safekeeping on behalf of the owner.

"Financial Institution" means any financial institution or institutions, including without limitation any insurance company, providing a Credit Enhancement Facility in connection with one or more series of Obligations outstanding.

"Financial Obligation" means a: (A) debt obligation; (B) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligations; or (C) guarantee of a debt obligation or a derivative instrument described in (A) or (B) of this definition. The term "Financial Obligation" shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

"Fiscal Year" means a period of 12 consecutive months commencing on the first day of July of any year and ending on the last day of June of the following year, or, such other consecutive 12-month period as may by law be established as the fiscal year of the State for general fiscal purposes.

"Fitch" means Fitch Ratings.

"General Assembly" means the body in which the legislative power of the State is vested.

"General Bond Orders" means, collectively, the Administrative General Bond and the Transportation Building Fund General Bond Order.

"General Revenue Fund" means the State's general revenue fund.

"Highway Operating Fund" means the State's highway operating fund, being a fund containing the State's motor fuel tax and other highway user receipts that are constitutionally restricted in use to highway related purposes.

"Improvement Fund" means the fund for the applicable program into which proceeds of new money Obligations are deposited for purposes of paying Project Costs, as created under Chapter 154 of the Revised Code.

"Initial Term" means, with respect to the Administrative Lease, the initial term that commenced on March 1, 2012 and ended at twelve o' clock midnight on June 30, 2013, and with respect to the Transportation Building Fund Lease, the initial term that commenced on January 1, 2015 and ended at twelve o' clock midnight on June 30, 2015.

"Interest Payment Date" means the date(s) on which interest on a particular Obligation is due and payable, whether at maturity, prior redemption or otherwise and, means each April 1 and October 1, beginning April 1, 2025, while the Series 2025 Bonds are outstanding.

"Leases" means, collectively, the Administrative Lease and the Transportation Building Fund Lease.

"mail" or "mailed" or "mailing" means sending by first-class mail, postage prepaid.

"Mandatory Redemption Obligation" or "Mandatory Redemption" or "Mandatory Sinking Fund Redemption" means mandatory prior redemption of Term Bonds pursuant to Mandatory Sinking Fund Requirements.

"Mandatory Sinking Fund Requirements" means amounts required by any Series Order to be deposited to the Bond Service Fund and credited to the Bond Service Account in any Fiscal Year for the purpose, as provided in that Series Order, of retiring, by mandatory prior redemption or other prior retirement, principal maturities of Obligations, which by the terms of the Obligations are due and payable in any subsequent Fiscal Year.

"Moody's" means Moody's Ratings.

"MSRB" means the Municipal Securities Rulemaking Board.

"Municipal Advisor" means PFM Financial Advisors LLC

"Obligated Person" has the meaning given to it in the Rule.

"Obligations" means Bonds, notes, or other evidences of obligation of the State, including any appertaining coupons for interest, issued pursuant to the Act and the applicable Trust Agreement.

"OID" means the discount at which the Discount Bonds may be initially offered and sold to the public.

"OPFC" means the Ohio Public Facilities Commission, a body corporate and politic, constituting an agency and instrumentality of the State, created by Revised Code Section 151.02.

"Original Purchaser" as to any series of Obligations means the person or persons named in, or in a certificate authorized by, the applicable Series Order as the original purchaser of those Obligations from the State.

"Outstanding Bonds" or "Bonds outstanding" or "outstanding" as applied to particular Obligations, to Obligations of any series or to all Obligations, means, as of any date, the Obligations to which the reference applies and which have been authenticated and delivered, or are then being authenticated and delivered, by the applicable Trustee under the applicable Trust Agreement except:

- (i) Obligations or portions of Obligations cancelled on or prior to that date, or delivered to or acquired by or on behalf of the State for cancellation on or prior to that date, by reason of payment or prior redemption;
- (ii) Obligations, or the portion of Obligations, for the payment, redemption or purchase for cancellation of which sufficient moneys have been deposited prior to that date with the applicable Trustee or Paying Agents (whether upon or prior to the maturity or redemption date of those Obligations), or which are deemed to have been paid or caused to be paid, as provided in the applicable Trust Agreement; provided (a) that if those Obligations are to be redeemed prior to their stated maturity, notice of that redemption has been given to each holder of those Obligations or arrangements satisfactory to the applicable Trustee have been made for giving that notice, or waiver of that notice satisfactory in form to the applicable Trustee has been filed with the applicable Trustee, and (b) that if those Obligations are to be purchased for cancellation, a firm offer for sale stating the price has been received and accepted; and
- (iii) Lost, stolen, mutilated or destroyed Obligations in lieu of which others have been authenticated (or payment when due of which is made without replacement) under the applicable Trust Agreement.

"Paying Agents" means the applicable Trustee and any other banks or trust companies, and the Treasurer of State, designated as the paying agencies or places of payment for Obligations by or pursuant to the applicable Series Order, and their successors designated pursuant to the applicable Trust Agreement.

"Payment Accounts" means, collectively, the trust funds established by the provisions of the respective Supplemental Trust Agreements in the custody of the applicable Trustee for payment on the applicable series of the Series 2025 Bonds.

"Person" means any natural person, firm, corporation, limited liability company, partnership (including, without limitation, general and limited partnerships), joint venture, society, estate, trust, public or governmental body or other entity, and any combination of those persons.

"Pledged Receipts" means:

- (i) All rentals and other revenues and receipts received pursuant to the applicable Lease, excepting only those portions to be deposited to the applicable Administrative Service Funds as provided in the General Bond Orders, and amounts necessary to pay any rebate amount or related amount computed in accordance with Section 148(f) of the Code and the regulations under that Section;
- (ii) All amounts standing to the credit of the applicable Bond Service Funds including the Bond Service Reserve Accounts (other than sub-accounts in the Bond Service Reserve Accounts which are limited to a certain series of Obligations);

- (iii) Any gifts, grants, donations and pledges, and receipts from those gifts, grants, donations and pledges, available for payment of applicable Bond Service Charges, but excluding any such amounts which under restrictions imposed as a condition of their receipt are not available for payment of those Bond Service Charges; and
- (iv) Any other "available receipts," as defined in Sections 154.22(C) or 154.24(D) of the Revised Code, as applicable to the series of the Series 2025 Bonds, which are pledged for the payment of applicable Bond Service Charges by a Series Order.

"Premium Bonds" means any Series 2025 Bonds that are sold to the public at a price greater than the principal amount payable at maturity or earlier call date.

"Principal Payment Date(s)" means the date(s) on which principal is stated to be payable on Obligations at stated maturity or pursuant to Mandatory Sinking Fund Requirements and Mandatory Redemption Obligations, and for the Series 2025 Bonds, as shown on the Cover of the Official Statement.

"Project Costs" means costs of the applicable Projects.

"Projects" means those Capital Facilities, or portions of Capital Facilities, the Project Costs of which have been or are to be financed or refinanced by Obligations, and shall include that undivided portion of any Capital Facilities representing the part of Project Costs financed or refinanced by Obligations.

"Rating Service" means any of Fitch, Moody's or S&P or their successors and assigns. If any of these corporations ceases to act as a securities rating agency, the Treasurer may, with the approval of the applicable Trustee, appoint any nationally recognized securities rating agency as a replacement.

"Redemption Price" means, with respect to the Refunded Bonds, 100% of the principal amount of those Refunded Bonds, as shown under **THE SERIES 2025 BONDS – Sources and Uses of Bond Proceeds**.

"Refunded Bonds" means the bonds described and shown under **THE SERIES 2025 BONDS – Sources and Uses of Bond Proceeds**.

"Register" means the books kept and maintained by the applicable Bond Registrar for the registration, exchange and transfer of Obligations pursuant to the applicable Trust Agreement.

"Registered Obligations" means fully registered obligations registered as to both principal and interest in the name of the owner or holder.

"Registered Owner" means any Person in whose name an Obligation is registered pursuant to the Bond Proceedings.

"Regular Record Date" means the 15th day of the calendar month immediately preceding the month when an Interest Payment Date on the Obligations occurs.

"Renewal Term" means each successive term of a Lease resulting from the exercise by the DAS or the DOT, respectively, of its right to renew the term of its Lease to end at twelve o'clock midnight on the last day of the State's fiscal biennium (June 30th of each odd-numbered year) or until the Treasurer shall have paid and retired, or shall have made due and adequate provision for the payment and retirement of, all applicable Obligations issued by the Treasurer.

"Required Reserve" means any reserve for payment of Bond Service Charges on any Obligations, or series or two or more series or part of a series of Obligations, that may be provided for in the applicable Series Order(s), which Required Reserve may be provided for by deposit of moneys or Eligible Investments in a Special Fund or Account or by a Credit Enhancement Facility or by any combination of the foregoing.

"Revised Code" means the Ohio Revised Code.

"Rule" means U.S. Securities and Exchange Commission Rule 15c2-12.

"S&P" means S&P Global Ratings, a division of S&P Global Inc.

"Securities Depository" means any securities depository that is a clearing agency under federal law operating and maintaining, with its participants or otherwise, a book-entry system to record ownership and effect transfers of book-entry interests in bonds, notes or other evidence of obligations. Securities Depository includes its nominee for the particular purpose.

"Series 2025 Bonds" means, collectively, the Administrative Bonds and the Transportation Building Fund Bonds.

"Series 2025 Payment Account" means the Payment Account established by the provisions of the applicable Series Order relating to the respective Series 2025 Bonds in the custody of the applicable Trustee for payment on those Series 2025 Bonds.

"Series Order" means an order or resolution of the Treasurer authorizing the issuance of Obligations in accordance with the General Bond Orders, including the Administrative Series 2025A Order and the Transportation Building Fund Series 2025A Order, and includes any order, resolution or certificate providing for or evidencing the award and specific terms of Obligations authorized by that Series Order.

"Special Funds" or "Special Funds and Accounts" means the Bond Service Funds and accounts in those Funds to the extent pertaining to the applicable Obligations, and any other funds or accounts, including, without implied limitation, Bond Service Reserve Accounts providing a Required Reserve or funds or accounts relating to a Credit Enhancement Facility, permitted by, established under or identified in the applicable Trust Agreement or a Series Order or applicable Supplemental Trust Agreement.

"State" means the State of Ohio.

"Supplemental Lease" means any Supplemental Lease amending or supplementing either of the Leases as contemplated by the Leases.

"Supplemental Trust Agreement" means any Supplemental Trust Agreement amending or supplementing a Trust Agreement.

"Term Bonds" means those Bonds designated as such and maturing on the date or dates set forth in the applicable Bond Proceedings, bearing interest payable on each Interest Payment Date and subject to Mandatory Redemption pursuant to Mandatory Sinking Fund Requirements.

"Transportation Building Fund Bonds" means the \$33,690,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Transportation Building Fund Projects) authorized by the Transportation Building Fund Series 2025A Order.

"Transportation Building Fund General Bond Order" means the General Bond Order No. 3-15 issued by the Treasurer on January 13, 2015, as it may be amended, supplemented or superseded from time to time in accordance with the provisions of the Transportation Building Fund Trust Agreement.

"Transportation Building Fund Lease" means the Transportation Building Fund Original Lease Agreement as amended and supplemented from time to time, including as amended and supplemented by the Transportation Building Fund Supplemental Lease, and unless content or use clearly indicates otherwise includes all applicable Supplemental Leases.

"Transportation Building Fund Original Lease Agreement" means the Lease Agreement between the OPFC and the DOT, dated as of January 1, 2015.

"Transportation Building Fund Original Trust Agreement" means the Trust Agreement between the State, acting by and through the Treasurer, and the Transportation Building Fund Trustee, dated as of January 1, 2015, authorized in the Transportation Building Fund General Bond Order.

"Transportation Building Fund Series 2025A Order" means Series Bond Order No. 2-24 issued by the Treasurer on December __, 2024 providing for the Transportation Building Fund Bonds.

"Transportation Building Fund Supplemental Lease" means the Series 2025A Supplemental Lease Agreement dated as of January 1, 2025 between the OPFC and the DOT, amending or supplementing the Transportation Building Fund Lease.

* Preliminary; subject to change.

"Transportation Building Fund Supplemental Trust Agreement" means the Series 2025A Supplemental Trust Agreement dated as of January 1, 2025 between the State, acting by and through the Treasurer, and the Transportation Building Fund Trustee, amending or supplementing the Transportation Building Fund Trust Agreement, and includes the Transportation Building Fund Series 2025A Order set forth in it.

"Transportation Building Fund Trust Agreement" means the Transportation Building Fund Original Trust Agreement, including the Transportation Building Fund General Bond Order set forth in it, as the same may be amended, modified or supplemented, including as amended, modified or supplemented by the Transportation Building Fund Supplemental Trust Agreement, and unless the context indicates otherwise, includes all applicable Supplemental Trust Agreements.

"Transportation Building Fund Trustee" means the Trustee at the time serving under the Transportation Building Fund Trust Agreement, originally U.S. Bank Trust Company, National Association, and any successor Trustee as determined or designated pursuant to the Transportation Building Fund Trust Agreement.

"Treasurer" means the State Treasurer of Ohio.

"Trust Agreement" means any of the Administrative Trust Agreement or the Transportation Building Fund Trust Agreement, as applicable.

"Trust Agreements" means, collectively, Administrative Trust Agreement and the Transportation Building Fund Trust Agreement.

"Trustee" means any of the Administrative Trustee or Transportation Building Fund Trustee, as applicable.

"Trustees" means, collectively, the Administrative Trustee and Transportation Building Fund Trustee.

"Underwriters" means, collectively, J.P. Morgan Securities LLC, PNC Capital Markets LLC, Raymond James & Associates, Inc., Siebert Williams Shank & Co., LLC and Stifel, Nicolaus & Company, Incorporated.

Summary of the Trust Agreements

General

The following, in addition to information contained above under the heading **THE TRUST AGREEMENTS**, summarizes certain provisions of the respective Trust Agreements, to which reference to the full documents is made for their detailed provisions. The General Bond Orders and the Series Orders authorizing the Series 2025 Bonds are incorporated in their entirety in, and constitute part of, each respective Trust Agreement to which they apply and all references in this summary to a Trust Agreement shall, unless specific section references are made, include the applicable General Bond Order and the Series Orders.

So long as the Series 2025 Bonds are immobilized in a book-entry system with a Securities Depository, that Securities Depository or its nominee is for all purposes of the Trust Agreements considered by the Treasurer and the applicable Trustee to be the holder of those Series 2025 Bonds and the book-entry interest owners of the Series 2025 Bonds will not be considered holders of the Series 2025 Bonds and have no rights as holders under the Trust Agreements. (See THE SERIES 2025 BONDS – Registration, Payment and Transfer and APPENDIX C – BOOK-ENTRY SYSTEM; DTC)

Security

Each Trust Agreement provides for a pledge of the applicable Pledged Receipts by the State to the applicable Trustee, for the benefit of the holders of the applicable Obligations. Nothing in the Act, the Trust Agreements or other Bond Proceedings gives the holders of the Obligations, and they do not have, the right to have the General Assembly levy any excises or taxes for the payment of Bond Service Charges. (See **THE BONDS GENERALLY – Security**)

The Administrative Bonds are secured by a pledge of the Pledged Receipts under the Administrative Trust Agreement. The Transportation Building Fund Bonds are secured by a pledge of the Pledged Receipts under the Transportation Building Fund Trust Agreement. No series of the Series 2025 Bonds issued pursuant to one of the Trust Agreements is secured by a pledge of Pledged Receipts that secures the other series of the Series 2025 Bonds issued pursuant to the other Trust Agreement. Pledged Receipts consist mainly of the respective rental payments under the respective Leases to which the series of the Series 2025 Bonds relates.

Funds and Accounts

Each Trust Agreement establishes for the applicable series of the Series 2025 Bonds the following funds and accounts to be held in the custody of the Treasurer, separate and apart from and not a part of the State treasury, and used for specific purposes described below: the Bond Service Fund, which includes the Bond Service Account; and the Administrative Service Fund. Each Trust Agreement also establishes a Series 2025 Payment Account to be held by the applicable Trustee and used for the specific purposes described below. In addition, the General Assembly has created the an improvement funds (each an "Improvement Fund") for each program, which are held by the Treasurer, which may include a separate account for each Project and each series of Obligations. The Improvement Fund is not pledged to the payment of Bond Service Charges on the respective Obligations. In addition, as described below, the Administrative Service Funds are not pledged to the payment of Bond Service Charges on the respective Obligations.

Bond Service Funds. The Act establishes the respective bond service funds, designated the "administrative facilities bond service trust fund" and the "transportation facilities bond service trust fund", each in the custody of the Treasurer, separate and apart from and not a part of the State treasury, and provides that all moneys received by or on account of the Treasurer or the OPFC and required by the applicable Bond Proceedings to be deposited, transferred, or credited to such Bond Service Fund, and all other moneys transferred or allocated to or received for the purposes of that Bond Service Fund, shall be deposited with the Treasurer and credited to that Bond Service Fund, subject to the applicable Bond Proceedings, without necessity for any act of appropriation. Each Bond Service Fund is a trust fund pledged to the payment of Bond Service Charges on applicable Obligations to the extent provided in the applicable Bond Proceedings and payment of Bond Service Charges from such Bond Service Fund shall be made or provided for by the Treasurer in accordance with the Bond Proceedings without necessity for any act of appropriation. Pursuant to the Act, it is required that all money received by or on account of the OPFC from a lessee under the respective Leases will be deposited, transferred or credited to that particular Bond Service Fund, except for Additional Rent which will be deposited, transferred or credited to the applicable Administrative Service Fund. The Treasurer may create accounts within a Bond Service Fund including a Bond Service Account referred to below and one or more payment accounts for the applicable Obligations, like a Series 2025 Payment Account for each series of the Series 2025 Bonds.

Bond Service Accounts. Each Bond Service Account has been established in the respective Bond Service Funds. There will be deposited in the applicable Bond Service Account: (i) unless otherwise provided in the applicable Series Order, from the proceeds of the sale of Obligations any amounts representing accrued interest and capitalized interest; (ii) all moneys received by the Treasurer under the applicable Lease, excepting the portion of those moneys to be credited to the applicable Administrative Service Fund; and (iii) any grants, gifts, donations, pledges, and the receipts from such grants, gifts, donations and pledges, received by the Treasurer for the purposes of that Bond Service Account or any Required Reserve (there is no Required Reserve for the Series 2025 Bonds) any moneys to be transferred from the applicable Improvement Fund to the applicable Bond Service Account or any Required Reserve or any Special Fund, except the applicable Administrative Service Fund, and any other moneys transferred or allocated to or received for the purposes of that Bond Service Account or any Required Reserve. Each Bond Service Account is pledged to and shall be used except as excess amounts may be transferred pursuant to the applicable General Bond Order, solely for the payment of Bond Service Charges on the applicable Obligations as they fall or become due and payable.

Administrative Service Funds. Each Administrative Service Fund will be used to pay (i) regular and special fees and reimbursement of reasonable expenses of the applicable Trustee, Paying Agents, Authenticating Agents, Bond Registrar, depositories, financial advisors, consultants, attorneys, accountants and others providing services with respect to the authorization, sale, issuance, delivery and servicing of the applicable Obligations, including audits, certifications, and reports provided for in the applicable General Bond Order or any applicable Series Order and (ii) the financing charges, costs of Credit Enhancement Facilities, costs of printing, engraving, advertising, and other expenses in connection with such authorization, sale, issuance, delivery and servicing of the applicable Obligations. Amounts necessary to pay any rebate amount computed in accordance with the requirements of Section 148(f) of the Code and the related regulations, may also be paid by the Treasurer from the applicable Administrative Service Fund. Neither of the Administrative Service Funds are pledged to the payment of Bond Service Charges on the respective Obligations.

Payment Accounts. Payment Accounts are established in the custody of the Trustees. Moneys for the payment of Bond Service Charges on the applicable series of the Series 2025 Bonds transferred by the Treasurer to the applicable Trustee pursuant to the General Bond Orders shall be deposited in the applicable Payment Accounts. The applicable Trustee shall make all payment of Bond Service Charges on the applicable series of the Series 2025 Bonds with moneys on deposit or credited to those applicable Payment Accounts.

Other Special Funds and Accounts. If and to the extent required by any loan or grant agreement or other agreement with the United States of America or the State or any other governmental or public agency providing for any financial assistance, guarantee or insurance in connection with the financing of any Project or in connection with the issuance of Obligations, or by

any Credit Enhancement Facility, the Treasurer may, pursuant to the applicable Series Order, create Special Funds and Accounts or sub-accounts in a Bond Service Fund and in a Bond Service Account or other accounts, relating to that Project or its financing or the particular Obligations, and make special provisions, among others, that moneys received under that agreement or instrument be restricted to such Special Funds and Accounts or sub-accounts, and for the holding, investing and disposition of any moneys in Special Funds and Accounts or sub-accounts in accordance with that agreement or instrument and for the primary or exclusive benefit of the applicable Obligations, but all only as and to the extent required by that agreement or instrument. If any Special Funds or Accounts or sub-accounts are so restricted, then the amounts in those Special Funds or Accounts or sub-accounts, to the extent so restricted, shall not be considered to be available for Bond Service Charges on other Obligations in determining the sufficiency of or deposits to the applicable Bond Service Account under the provisions of the applicable General Bond Order with respect to those other Obligations.

Investment of Certain Funds

Moneys in the Improvement Funds will be invested in accordance with State law. Moneys held in the Bond Service Accounts may be invested and reinvested by the Treasurer in any Eligible Investments as provided in the Trust Agreements, provided that investments of moneys in the Bond Service Accounts shall mature or be redeemable at the option of the holder at the times and in the amounts necessary to provide moneys to meet the payment of applicable Bond Service Charges as they fall due. The Treasurer may from time to time sell such investments and reinvest the proceeds in similarly rated Eligible Investments maturing or redeemable as provided above. Any Eligible Investments may be purchased from the applicable Trustee or its affiliates. Subject to the provisions of the applicable Bond Proceedings, an investment made from moneys credited to the Bond Service Accounts shall constitute part of that Bond Service Account, and that Bond Service Account shall be credited with all proceeds of sale and income from that investment. Those investments shall be valued at the lesser of face amount or market value. Moneys held in an Administrative Service Fund, until required for payments to be made from that Administrative Service Fund, may also be invested in Eligible Investments upon or pursuant to order of the Treasurer.

Additional Bonds

One or more series of Additional Bonds may be issued under each Trust Agreement to pay Costs of Capital Facilities for the purposes described therein and in the Act, and to refund, advance refund, fund or retire Obligations. Such Additional Bonds shall be authorized by Series Orders as provided in the General Bond Orders.

The issuance of Additional Bonds under a Trust Agreement is also subject to the following conditions, among others: (i) the State is not in default, and the authentication and delivery of the Additional Bonds will not result in any default, of any of the State's covenants or obligations under that Trust Agreement; (ii) the aggregate outstanding principal amount of those Additional Bonds and any other Obligations outstanding and issued under the Act, will not exceed in aggregate the amount of those particular Obligations that may be issued or outstanding under the Act; (iii) upon such issuance and delivery, the amount in or of any Required Reserve for any Additional Bonds is not less than that Required Reserve; (iv) other requirements provided in the applicable Trust Agreement for the issuance of Additional Bonds have been met; and (v) the applicable Trustee has received (a) a copy, certified by the Treasurer of the Series Order authorizing the issuance and delivery of those Additional Bonds, adopted in conformity with the applicable General Bond Order; (b) an original executed counterpart of the Supplemental Trust Agreement entered into in connection with the issuance of those Additional Bonds; (c) an original executed counterpart of the applicable Supplemental Lease entered into in connection with the issuance of those Additional Bonds; (d) a request and authorization to the applicable Trustee on behalf of the Treasurer, signed by its Authorized Officer, to authenticate and deliver the Additional Bonds to or on the order of the Original Purchaser identified, and upon payment of an amount specified, in that request and authorization; (e) a certificate of an Authorized Officer confirming that conditions (i) through (iv) above are satisfied; (f) the written opinion of legal counsel retained by the Treasurer, or other legal counsel satisfactory to the applicable Trustee, to the effect that documents submitted to the applicable Trustee in connection with that request and authorization comply with the requirements of that Trust Agreement, and that all legal conditions precedent to the issuance of those Additional Bonds as provided in that Trust Agreement have been complied with and a written opinion of bond counsel for or designated by the Treasurer, who may also be the legal counsel referred to above, that those Additional Bonds, when duly executed, authenticated and delivered, will be valid and legal special obligations of the State, by the Treasurer, in accordance with their terms and those Additional Bonds, together with all Obligations then outstanding under that Trust Agreement, will be secured by that Trust Agreement; (g) a certificate of an authorized officer of the State confirming that amounts sufficient to support all rentals estimated to be due under the applicable Lease for the current fiscal biennium have been appropriated to that lessee for the payment of such rentals and that, to the extent that budget requests have been made for the next succeeding fiscal biennium, amounts sufficient to support all rentals estimated to be due under that Lease for such biennium have been requested; and (h) any items required by the applicable Supplemental Trust Agreement to be filed with the applicable Trustee before such Additional Bonds are initially authenticated and delivered.

Further Covenants

Certain other covenants of the Treasurer (with respect to the applicable Obligations) contained in each Trust Agreement are as follows:

Payment. The Treasurer covenants in each Trust Agreement to, from the sources provided in the applicable General Bond Order, pay or cause to be paid the Bond Service Charges on each and all Obligations on the dates, at the places and in the manner provided in the applicable General Bond Order, Bond Proceedings, and Obligations, according to their true intent and meaning.

Maintenance of Pledge. The Treasurer covenants in each Trust Agreement not to make any pledge or assignment of or create or suffer any lien or encumbrance upon the applicable Pledged Receipts prior to or on a parity with the pledge of the Pledged Receipts under, except as and if authorized or permitted under, the applicable General Bond Order and that Trust Agreement.

Observance of Covenants. The Treasurer covenants in each Trust Agreement to faithfully observe and perform all agreements, covenants, undertakings, stipulations, and provisions contained in the respective General Bond Order, the respective Trust Agreement, any other applicable Series Order, and any and every outstanding Obligation executed, authenticated and delivered under that Trust Agreement.

Duties Binding on All with Authority; Enforcement by Mandamus. The Treasurer has acknowledged that each provision of the applicable Bond Proceedings is binding upon the officer, board, authority, agency, department, or other person or body as may from time to time have the authority under law to take the actions as may be necessary to perform all or any part of the duty required by the provision. The Treasurer also acknowledged that each duty of the Treasurer and the Treasurer's officers and employees is established as a duty of the Treasurer, and of each officer and employee having authority to perform that duty, specifically enjoined by law resulting from an office, trust or station within the meaning of Section 2731.01 of the Revised Code, providing for enforcement by writ of mandamus.

Annual Reports. The Treasurer will, within 90 days after the end of each Fiscal Year, submit to the applicable Trustee, the Governor and to the General Assembly by delivery to the presiding officers of each house of the General Assembly, an annual report by the Treasurer in the form required by Section 154.05 of the Revised Code.

Events of Default and Remedies

Events of Default. The occurrence of any of the following events is declared to be and to constitute an Event of Default under a Trust Agreement:

- Failure to pay any interest on any applicable Obligation, when and as the same shall have become due and payable;
- Failure to pay the principal of or any redemption premium on any applicable Obligation, when and as the same shall have become due and payable, whether at maturity or by acceleration or call for redemption; or
- Failure to perform or observe duly or punctually any other covenant, condition or agreement contained in the applicable Obligations or that Trust Agreement and to be performed by the State, which failure shall have continued for a period of 60 days after written notice of it to the Treasurer given by the applicable Trustee or the holders of not less than 25% in aggregate outstanding principal amount of affected Obligations.

The Trust Agreements are not cross-defaulted. Holders of Obligations have only those rights and remedies applicable to them under their applicable Trust Agreement.

The applicable Trustee shall not be required to take notice, and shall not be deemed to have notice or knowledge, of any Event of Default described in the third bullet above, unless the applicable Trustee is notified specifically of the Event of Default in a written instrument delivered to it by the Treasurer or by the holders of at least 10% of the aggregate outstanding principal amount of Obligations under the applicable Trust Agreement. In the absence of delivery of a notice satisfying those requirements, the applicable Trustee may assume conclusively that there is no Event of Default as described in the third bullet above.

If an Event of Default occurs, the applicable Trustee shall give written notice to the Treasurer within five business days after having knowledge of that Event of Default, and to the Original Purchasers of each series of Obligations then outstanding

under that Trust Agreement, to the Bondholders of those applicable Obligations, and to any other applicable Paying Agents and Authenticating Agents within 90 days after having such knowledge, unless the Event of Default has been remedied or cured before the giving of that notice or, in the case of an Event of Default under the third bullet above, the applicable Trustee in good faith determines that the withholding of that notice is in the interests of the Bondholders.

Remedies. Remedies are only available to Bondholders who are holders of Obligations under a Trust Agreement for which there has been a default. The Trust Agreements are not cross-defaulted. Remedies are limited to those applicable Pledged Receipts securing the applicable Obligations and not to Pledged Receipts that secure other Obligations issued under a different Trust Agreement. If an Event of Default as described in the first and second bullets above has occurred and is continuing the applicable Trustee shall, and if an Event of Default as described in the third bullet above has occurred and is continuing the applicable Trustee may, and upon the written request of the holders of not less than 25% in aggregate outstanding principal amount of the applicable Obligations shall, proceed in its own name to protect and enforce its rights and the rights of the Bondholders under that Trust Agreement by such of the following remedies as the applicable Trustee, being advised by counsel, shall deem most effective to protect and enforce those rights:

- (i) By mandamus or other suit, action or proceeding at law or in equity enforce all the rights of the Bondholders, including the compelling of the performance of all duties of the Treasurer or applicable governmental agencies under the Bond Proceedings and the enforcement of the payment of those Bond Service Charges;
- (ii) Bring suit upon the applicable Obligations;
- (iii) Enjoin unlawful activities or activities in violation of the rights of the Bondholders under that Trust Agreement;
- (iv) In the case of an Event of Default that is a payment default (described in the first and second bullets above), apply to a court having jurisdiction of the cause to appoint a receiver (which may be the applicable Trustee) to receive and administer the applicable Pledged Receipts, other than those in the custody of the Treasurer, with full power to pay and to provide for payment of Bond Service Charges, and with such powers, subject to the discretion of the court, as are accorded receivers in general equity cases, excluding any power (i) to pledge additional revenues or receipts or other income or moneys of the Treasurer or the State or State agencies to the payment of those Bond Service Charges, and (ii) to take possession, mortgage or cause the sale or otherwise dispose of any Capital Facilities; and
- (v) In the case of an Event of Default that is a payment default (described in the first and second bullet above), by notice in writing to the Treasurer declare the principal of all applicable Obligations then outstanding (if not then due and payable) and any interest accrued on those Obligations to be due and payable immediately, and upon that declaration that principal and interest, shall become and be immediately due and payable.

The provisions of the above subparagraph (v) are subject, however, to the condition that if at any time after principal and interest have been so declared due and payable and prior to the entry of judgment in a court of law or equity for enforcement or the appointment of a receiver under the applicable Trust Agreement all sums payable under the applicable Trust Agreement, except the principal of the applicable Obligations which have not reached their stated maturity dates and which are due and payable solely by reason of such declaration, plus interest (to the extent permitted by law) on any overdue installments of interest at the rate borne by the Obligations in respect of which such Event of Default shall have occurred, shall have been duly paid or provided for by deposit with the applicable Trustee or Paying Agents and all existing defaults thereunder shall have been made good, then and in every such case that payment or provision for payment shall, in and of itself, constitute a waiver of that applicable Event of Default and its consequences and an automatic rescission and annulment of the declaration under the above subparagraph (v). No such waiver, rescission and annulment shall extend to or affect any or impair any rights consequent on a subsequent or other Event of Default.

Enforcement of Rights Under Agreement. Upon the occurrence and continuance of any Event of Default the applicable Trustee may proceed, and upon the written request of the holders of not less than 25% in aggregate outstanding principal amount of the applicable Obligations shall proceed to protect and enforce its rights and the rights of the Bondholders under that Trust Agreement by such suits, actions or special proceedings in equity or at law, either for the specific performance of any covenant or agreement contained in that Trust Agreement or in the aid or execution of any power granted in that Trust Agreement or for the enforcement of any proper legal or equitable remedy, as the applicable Trustee, being advised by counsel, shall deem most effective to protect and enforce those rights.

In the enforcement of any remedy under the applicable Trust Agreement, that Trustee shall be entitled to sue for, enforce payment of and receive any and all amounts then or during any default becoming due and at any time remaining unpaid

on account of principal, interest or otherwise under any of the provisions of the applicable Trust Agreement or of the applicable Obligations, with interest on overdue payments at the rate or rates of interest specified or provided for in those Obligations or the applicable Series Order, together with any and all costs and expenses of collection and of all proceedings under that Trust Agreement and under those Obligations, without prejudice to any other right or remedy of the applicable Trustee or of the applicable Bondholders, and to recover and enforce any judgment or decree against the State or the Treasurer, but solely as provided in that Trust Agreement and in those Obligations, for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect (but solely from the applicable Pledged Receipts and the Special Funds and Accounts from which those Obligations are payable) in any manner provided by law, the moneys adjudged or decreed to be payable.

The holders of not less than a majority in aggregate outstanding principal amount of the applicable Obligations shall have the right at any time by an instrument or concurrent instruments in writing executed and delivered to the applicable Trustee, to direct the method and place of conducting any and all remedial proceedings under the applicable Trust Agreement. However, (i) that direction shall not be otherwise than in accordance with the provisions of law or of that Trust Agreement, (ii) the applicable Trustee shall be indemnified as provided in that Trust Agreement, and (iii) the applicable Trustee shall have the right to decline to follow any such direction which in its opinion would be unjustly prejudicial to applicable Bondholders not parties to that direction.

No remedy by the terms of a Trust Agreement conferred upon or reserved to the applicable Trustee (or to the holders of the Obligations) is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and in addition to any other remedy given to the applicable Trustee or to the holders of the Obligations under that Trust Agreement or now or existing in the future.

No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of or acquiescence in that default or Event of Default. Every such right and power may be exercised from time to time and as often as may be deemed expedient.

On the occurrence of an Event of Default, neither the Treasurer nor the State nor any governmental agency, nor anyone claiming through or under any of them, shall set up, claim, or seek to take advantage of any laws now in force or in force in the future, in order to prevent or hinder the enforcement of a Trust Agreement, but the Treasurer, for the Treasurer and all who claim through or under the Treasurer, and for the State and for any governmental agency, waives, under that Trust Agreement, to the extent it may lawfully do so, the benefit of all such laws to which they or the State or such governmental agency may be entitled.

Waiver of Events of Default

At any time the applicable Trustee may in its discretion waive any Event of Default under a Trust Agreement and its consequences, and rescind any declaration of accelerated maturity of principal and interest, and shall do so upon the written request of the holders of (i) at least a majority in aggregate outstanding principal amount of all the applicable Obligations in respect of which an Event of Default in the payment of Bond Service Charges has occurred, or (ii) at least 25% in aggregate outstanding principal amount of all applicable Obligations in case of any other Event of Default. However, there may not be so waived any Event of Default that is a payment default (described in the first and second bullets under **Summary of the Trust Agreements – Events of Default and Remedies – Events of Default** above), or any such declaration in connection with such an Event of Default rescinded, unless at the time of that waiver or rescission payments of the amounts as provided under **Summary of the Trust Agreements – Events of Default and Remedies – Remedies** above for waiver and automatic rescission in connection with that acceleration have been made or provided for. In case of any such waiver or rescission, the Treasurer, the applicable Trustee and the applicable Bondholders shall be restored to their respective positions and rights under the applicable Trust Agreement. No such waiver or rescission shall extend to or impair any rights consequent on any subsequent or other Event of Default.

Supplemental Trust Agreements

The State and the applicable Trustee, without the consent of or notice to any of the applicable Bondholders, may enter into agreements supplemental to the applicable Trust Agreement as shall not, in the opinion of the Treasurer and the applicable Trustee, be inconsistent with the terms and provisions of that Trust Agreement for any one or more of the following purposes:

- (i) to cure any ambiguity, inconsistency or formal defect or omission in that Trust Agreement;
- (ii) to grant to or confer upon the applicable Trustee for the benefit of those Bondholders any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon those Bondholders or the applicable Trustee;

- (iii) to subject additional revenues or receipts to the lien and pledge of that Trust Agreement;
- (iv) to add to the State's covenants and agreements contained in that Trust Agreement other covenants and agreements to be observed after such addition for the protection of all or particular Bondholders, or to surrender or limit any right, power or authority reserved to or conferred upon the State in that Trust Agreement, including the limitation of rights of redemption so that in certain instances Obligations of different series will be redeemed in some prescribed relation to one another;
- (v) to evidence any succession to the Treasurer and the assumption by that successor of the Treasurer's covenants and agreements contained in that Trust Agreement and the Obligations;
- (vi) in connection with the issuance of Obligations in accordance with that Trust Agreement, including any and all appropriate provisions relating to the issuance of Additional Bonds in form other than Registered Obligations;
- (vii) to permit compliance with changes in federal or state securities or tax laws or regulations;
- (viii) to permit the applicable Trustee to comply with any obligations imposed upon it by law;
- (ix) to specify further the duties and responsibilities at and to define further the relationship among, the applicable Trustee and any other Authenticating Agent, Bond Registrar or Paying Agent;
- (x) the transfer of Obligations from one Securities Depository to another, and the succession of Securities Depositories, and the withdrawal of Obligations issued to a Securities Depository for holding in a book-entry system and the issuance of replacement Registered Obligations to others than a Securities Depository;
- (xi) to limit the Eligible Investments of moneys in the applicable Bond Service Account as listed in that Trust Agreement, or to add to that list other Eligible Investments. If there be such a Rating Service at the time, the addition of Eligible Investments must be approved for the purpose by each Rating Service that has at the Treasurer's request assigned a rating to, and at the time maintains a rating on, the applicable outstanding Obligations; and
- (xii) in connection with any other amendment to that Trust Agreement which, in the judgment of the applicable Trustee is not to the prejudice of the applicable Trustee or the holders of outstanding Obligations which that amendment may affect.

The provisions of clauses (vii) and (viii) of the preceding paragraph shall not be deemed to constitute a waiver by the applicable Trustee, the Treasurer or any holder of any right which it may have in the absence of those clauses (vii) and (viii) to contest the application of any change in law to that Trust Agreement or those Obligations.

In addition, subject to the terms, provisions and limitations that follow, and not otherwise, the holders of not less than a majority in aggregate of the applicable outstanding principal amount of the Obligations shall have the right, from time to time, anything contained in that Trust Agreement to the contrary notwithstanding, to consent to and approve the execution by the Treasurer and the applicable Trustee of such other agreement or agreements supplemental to the applicable Trust Agreement as may be deemed necessary and desirable by the Treasurer for the purpose of modifying, altering, adding to or rescinding, in any particular, any of the terms or provisions contained in that Trust Agreement. However, nothing in a Trust Agreement shall permit or be construed as permitting:

- (i) an extension of the maturity of the principal of or the interest on any Obligation, or a reduction in the principal amount of or the rate of interest or redemption premium on any Obligation, or a reduction in the amount or extension of the time of any payment required by any Mandatory Sinking Fund Requirements, without the consent of the holder of each Obligation so affected; or
- (ii) a reduction in the aggregate outstanding principal amount of the Obligations required for consent to such Supplemental Trust Agreement without the consent of the applicable holders of all of the Obligations then outstanding.

Where the consent of the applicable holders of the Obligations is required, procedures are established in each Trust Agreement for notice to those holders and for the execution and filing of the requisite consents. Any consent shall be binding upon the holder of the Obligation giving that consent and upon any subsequent holder of that Obligation and of any Obligation

issued in exchange for it, whether or not that subsequent holder has notice of the consent. However, the consent may be revoked by the holder of the Obligation who gave the consent if still the holder, or by a subsequent holder of that Obligation, by filing a written revocation with the applicable Trustee prior to the date of execution by that Trustee of the applicable Supplemental Trust Agreement. If the applicable holders of the required percentage in aggregate outstanding principal amount of the Obligations have consented to and approved the execution of the Supplemental Trust Agreement as provided in that Trust Agreement, no holder of any Obligation shall have any right to object to the execution of that Supplemental Trust Agreement, or to object to any of the terms and provisions contained in or the operation of that Supplemental Trust Agreement, or in any manner to question the propriety of the execution of that Supplemental Trust Agreement or to enjoin or restrain the applicable Trustee or the Treasurer from executing it or from taking any action pursuant to its provisions.

Defeasance

If the State, by the Treasurer, shall pay or cause to be paid, or there shall otherwise be paid, to the holders of the outstanding Obligations all Bond Service Charges due or to become due thereon, and provision shall also be made for paying all other sums payable under the applicable Trust Agreement by the Treasurer, then and in that event that Trust Agreement shall cease, determine and become null and void, and the covenants, agreements and other obligations of the Treasurer under that Trust Agreement shall be discharged and satisfied. Bond Service Charges due or to become due on the applicable outstanding Obligations shall be deemed to have been so paid or caused to be paid if:

- (i) the applicable Trustee and Paying Agents shall hold, in trust for and irrevocably committed to the payment of Bond Service Charges, sufficient moneys; or
- (ii) the applicable Trustee shall hold, in trust for and irrevocably committed to the payment of Bond Service Charges, non-callable Federal Securities certified by a firm of independent certified public accountants of national reputation to be of such maturities and interest payment dates and to bear such interest or other investment income as will be, without further investment or reinvestment of either the principal amount of or the interest earnings from them, sufficient, together with any moneys referred to in (i) above, for the payment, when due, of all applicable Bond Service Charges to the date or respective dates of maturity or redemption, as the case may be; provided, that if any Obligations are to be redeemed prior to their maturity, notice of that redemption shall have been duly given or irrevocable provision reasonably satisfactory to the applicable Trustee shall have been duly made for the giving of that notice.

Non-Presentation of Bonds

If an Obligation is not presented for payment when due in whole or in part, whether at maturity, prior redemption or otherwise, or a check or draft for interest is uncashed, and if moneys for the purpose of paying and sufficient to pay the amount involved have been made available to the applicable Trustee for the benefit of the Bondholder, all liability of the State or the Treasurer to that holder for that payment shall then cease and be discharged completely, and it shall then be the duty of the Paying Agents to hold those moneys in trust, without liability for interest on them, for the exclusive benefit of that holder. Subject to the provisions of the applicable Trust Agreement, that Bondholder (and successive holders of that Obligation) shall, from that time, be restricted exclusively to those moneys for any claim of whatever nature on such holder's part under that Trust Agreement or on or with respect to that amount then due on that Obligation or that check or draft.

Any moneys so held by the applicable Trustee or Paying Agents and remaining unclaimed by the holder (or successive holders) of that Obligation, for a period of three years after the date on which that Obligation became payable as provided above or on which that check or draft was issued, shall be paid to the Treasurer and, from that time, the holder (or successive holders) of that Obligation shall look only to the Treasurer for payment and then only to the amounts so received by the Treasurer without any interest on those amounts, and the Paying Agents and the applicable Trustee shall have no further responsibility with respect to those moneys.

Payments Due on Saturdays, Sundays and Holidays

If any Interest Payment Date or Principal Payment Date (the date of maturity of the principal of any Obligations, or date fixed for redemption of any Obligations) (each referred to below as "the applicable date") is a Saturday or Sunday, or a day on which:

- (i) the applicable Trustee is required, or authorized or not prohibited, by law (including without limitation, executive orders) to close and is closed, then payment of interest, principal, and any redemption premium (each referred to as the "payment") need not be made by the applicable Trustee or any Paying Agent on that date, and that payment shall be made on the next succeeding business day on which the applicable Trustee

and the Paying Agent are open for business with the same force and effect as if that payment were made on the applicable date, and no interest shall accrue for the period after that applicable date; or

- (ii) a Paying Agent is required, or authorized or not prohibited, by law (including without limitation, executive orders) to close and is closed, then the payment need not be made by that Paying Agent on that date, and the payment shall be made on the next succeeding business day on which that Paying Agent is open for business with the same force and effect as if the payment were made on the applicable date, and no interest shall accrue for the period after that applicable date.

If, however, the applicable Trustee is open for business on the applicable date it shall make any payment with respect to interest on outstanding Obligations and principal of and premium on Obligations presented to it for payment, regardless of whether any other Paying Agent is open for business or closed on that date.

Trustees

The Administrative Trustee under the Administrative Trust Agreement is The Huntington National Bank. The Transportation Building Fund Trustee under the Transportation Building Fund Trust Agreement is U.S. Bank Trust Company, National Association. Each Trustee is a national banking association organized and existing under and by virtue of the laws of the United States of America and authorized to exercise corporate trust powers in the State. Each Trustee accepts the trusts imposed upon it by the Trust Agreements, but only upon the terms and conditions set forth in the Trust Agreements. Each Trustee, prior to the occurrence of an Event of Default under the applicable Trust Agreement and after the curing of all Events of Default under that Trust Agreement which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in the applicable Trust Agreement, and no implied covenants or obligations should be read into a Trust Agreement against the applicable Trustee. If any Event of Default under the applicable Trust Agreement shall have occurred and be continuing, the applicable Trustee shall exercise such of the rights and powers vested in it by that Trust Agreement and shall use the same degree of care as a prudent person would exercise or use in the circumstances in the conduct of such prudent person's own affairs. Before taking action under the provisions of that Trust Agreement related to intervention by the applicable Trustee and default (with the exception of any action required to be taken under that Trust Agreement related to giving notice of an Event of Default), that Trustee may require that a satisfactory indemnity bond be furnished for the reimbursement to it of all reasonable expenses to which it may be put and to protect it against all liability by reason of any action so taken, except liability which is adjudicated to have resulted from its negligence, bad faith or willful misconduct by reason of any action so taken. The permissive right of the applicable Trustee to do things enumerated in that Trust Agreement shall not be construed as a duty and the applicable Trustee shall not be answerable for other than its negligence, bad faith or willful misconduct.

Summary of the Leases

General

Pursuant to the Act, the OPFC may lease Capital Facilities, including a separate lease of the Capital Facilities to each lessee. Accordingly, the OPFC has entered into separate Leases with each of the DAS and the DOT, each a lessee under its respective Lease. The following, in addition to information contained above under **THE LEASES**, summarizes certain provisions of the Leases, to which reference to the complete documents is made for their detailed provisions.

Term of Each Lease

The Initial Term of each Lease has been renewed to expire at twelve o'clock midnight the last day of the State's fiscal biennium, currently June 30, 2025. The applicable lessee shall have the right to further renew the term of its Lease for successive Renewal Terms until the Treasurer shall have paid and retired, or shall have made due and adequate provision for the payment and retirement of, all applicable Obligations issued by the Treasurer. Subject to any change in the method of determining the State's fiscal biennium, or the length of the last Renewal Term, each Renewal Term shall be for the two year period commencing on the day succeeding the expiration of the preceding term and ending on the last day of any fiscal biennium, currently June 30 of every odd-numbered year, upon the same terms as are contained in each respective Lease, unless sooner terminated in accordance with the provisions of that Lease and the applicable Trust Agreement. The applicable lessee shall be deemed to have exercised its right to renew the term of its Lease and its Lease shall be renewed, upon the effectiveness, at or prior to the expiration of the Initial Term or the Renewal Term then in effect, of legislation enacted by the General Assembly appropriating sufficient funds to the applicable lessee for the purpose of paying the rentals required by each Lease during the next succeeding Renewal Term.

Rental Payments and Pledges

Each Lease requires the applicable lessee to pay Basic Rent directly to the Treasurer in amounts at least adequate to meet the Bond Service Charges on the applicable Obligations and establish and maintain any Required Reserve (there is no Required Reserve for any of the Series 2025 Bonds). Each Lease also requires the applicable lessee to pay Additional Rent directly to the Treasurer in amounts at least adequate to provide for the purposes of the applicable Administrative Service Fund established under the applicable Trust Agreement. The Act requires that all money received by or on account of the OPFC from the applicable lessee under each Lease be deposited, transferred or credited to the applicable Bond Service Fund, except for Additional Rent which shall be deposited, transferred or credited to the applicable Administrative Service Fund. See **Summary of the Trust Agreements – Funds and Accounts** above. The applicable Lease rental payments, other than those deposited in the applicable Administrative Service Fund, are pledged by the Treasurer pursuant to the applicable Trust Agreement for the payment of Bond Service Charges on the applicable Obligations under the applicable Lease, and the OPFC has assigned those rentals to the Treasurer for the purpose.

The applicable lessee may, at its option, make from time to time prepayments of Basic Rent under its Lease to be used, to the extent allowable pursuant to the applicable Trust Agreement, together with any additional deposit of money of the applicable lessee, for the purchase or redemption of applicable Obligations. It is specifically acknowledged that Additional Rent to be paid for the purpose of the applicable Administrative Service Fund in connection with the Series 2025 Bonds may include any sums necessary to pay any rebate amount or related payment on the Series 2025 Bonds which are not paid from other sources.

Except as described below under **Summary of the Leases – Legislative Appropriations**, the obligation of the applicable lessee to pay Basic Rent and Additional Rent under its Lease shall be absolute and unconditional, and such Basic Rent and Additional Rent shall be payable without any rights of termination, set-off, recoupment, deduction, defense or counterclaim it might have against the OPFC, the Treasurer, the applicable Trustee, or any other Person, and without abatement, suspension, deferment, diminution or reduction for any reason or as the result of any occurrence whatsoever, including without limitation, whether the applicable Projects are ever constructed, installed or made ready for occupancy or are ever used or occupied by the applicable lessee or available for use or occupancy by the applicable lessee, any acts or circumstances that may constitute an eviction or constructive eviction, failure of consideration, failure of title or frustration of purpose, any damage to or destruction of a Project, the taking by condemnation, eminent domain or operation of law of title to or the right of temporary use of all or any part of a Project, or the disposal of all or any part of a Project.

Project Substitutions and Alterations; Other Rights and Duties

In addition to other rights and privileges under each Lease, the applicable lessee shall have the privilege from time to time of substituting furnishings, equipment and related property in connection with the applicable Projects, provided that such substitution shall not impair the character of the Projects as Capital Facilities useful to the applicable lessee. Any such substituted property shall become part of the Projects for purposes of each Lease, and the replaced property shall become the property of the applicable lessee. The applicable lessee shall also have the privilege of removing any portion of the Projects without substitution for such removed portion; provided, however, that the removal of such portion will not impair the usefulness of the Projects to the applicable lessee.

The applicable lessee shall, subject to applicable laws, have the right at any time and from time to time, without liability to the OPFC, to make or cause to be made such changes, alterations and additions, structural or otherwise, to any portion of the Projects, as the applicable lessee shall deem necessary or desirable in connection with its use of the Projects. All alterations, additions and improvements to the Projects shall become a part of the Projects. The applicable lessee has other rights and duties under each Lease including the right to grant licenses and leases on the Projects with certain restrictions and such other rights it may have under applicable laws. Likewise, the applicable lessee shall have the duties to keep the Projects in good repair and order, comply with applicable law, and keep the Projects free of liens.

Insurance

The OPFC is not to, and shall not be required to, expend any money or do any acts or take any steps affecting or with respect to the maintenance, preservation, operation, insurance, repair, restoration, reconstruction or protection of any Project or any part of any Project.

The applicable lessee shall maintain, or cause to be maintained, general liability insurance and property insurance, including if applicable builders' risk insurance, in an amount that, at a minimum, covers the full replacement cost of Projects funded, in whole or in part, by the State. Insurance proceeds are not Pledged Receipts.

Reserved Right of Amendment

Notwithstanding any other provision of each Lease, the OPFC and the applicable lessee reserve the right to modify or amend the applicable Lease, including any Supplemental Lease, in a duly authorized signed writing. However, no modification or amendment shall impair or reduce the minimum rental requirements of each Lease.

Legislative Appropriations

It is the understanding and agreement of the parties that the applicable lessee will pay rentals required by each Lease solely from moneys separately appropriated, respectively, for the Administrative Lease and the Transportation Building Fund Lease by the General Assembly for the purpose and not from funds received from any Project, and that the agreement of the applicable lessee to pay those rentals during any period for which appropriations may lawfully be made by the General Assembly is effective and binding upon the applicable lessee only when and to the extent that moneys have been appropriated for that purpose and for that period. As it relates to the Transportation Building Fund Bonds, historically the General Assembly has appropriated lease rental bond payments for those Obligations from the Highway Operating Fund. Under the Ohio Constitution, an appropriation may not be made beyond the fiscal biennium. In addition, each Lease may be renewed only for two-year periods. Accordingly, the applicable lessee is obligated to make rental payments under its Lease only for two-year periods, to the extent moneys have been appropriated and are available.

Annually and on or before the first day of each Fiscal Year, the OPFC will submit, or cause to be submitted, to the applicable lessee a written report, prepared and signed by the Treasurer and confirmed by the Director of the State Office of Budget and Management on behalf of the OPFC, setting forth the rental to become due (subject to the lawful availability of appropriations for that rental) as of each rental payment date as established under Supplemental Leases during the ensuing three Fiscal Years. Prior to the issuance of any applicable Additional Bonds, and upon any determination of the OPFC that a different amount than last reported will be required, the OPFC shall submit, or cause to be submitted, to the applicable lessee a revised report, prepared, signed and confirmed as provided above, setting forth the updated required amount. Each revised report will from its date supersede the next previous report made. The applicable lessee agrees that it will include in its estimated budget and in its certificates and supplemental certificates, as provided in Section 126.02 of the Revised Code, the amounts, at the dates, and for credit to the Special Funds and Accounts, as shown in the reports by the OPFC provided pursuant to each Lease.

Under the terms of each Lease, a failure by the General Assembly to appropriate moneys at least equal to Basic Rent under the applicable Lease, amounts the Treasurer estimates are necessary for Additional Rent and other sums payable under that Lease for the next State fiscal biennium would result in the termination of that Lease at the end of the two-year term then in effect. A Lease will, however, be fully reinstated, as if it had never been terminated, provided the conditions set forth below under **Summary of the Leases – Reinstatement** are met.

The General Assembly may not make appropriations for a period longer than two years. While the Treasurer expects that, for each State fiscal biennium, the General Assembly will appropriate amounts to each applicable lessee sufficient to make its rental payments to the Treasurer under each Lease consistent with the State budget, the General Assembly is not under a legal obligation to make appropriations in accordance with such State budgets for future State fiscal biennia. Accordingly, none of the Treasurer, the OPFC, the DAS or the DOT can make any assurance that appropriations will be made. Failure to appropriate for a particular Lease will not terminate any other Lease. Section 2i of Article VIII of the Ohio Constitution and the Act provide that the Bondholders and book-entry interest owners of the Obligations will have no right to have excises or taxes levied by the General Assembly for the payment of Bond Service Charges on the Obligations.

Remedies

Under each Lease, the OPFC waives, relinquishes and releases any and all rights it may have of re-entry or to take or retake possession of any Project, and covenants and agrees not to exercise any such rights in the event of a failure to make payment of rentals, the occurrence of any other default by the applicable lessee under each Lease, or the termination of each Lease for any reason. **Consequently, the OPFC does not have the remedies generally available to lessors upon default under or termination of a lease and the OPFC, the Treasurer and the applicable Trustee may have no practical remedy to ensure that moneys are available for the payment of Bond Service Charges on the Series 2025 Bonds.**

Termination

If the applicable lessee fails to exercise its right to renew the term of its Lease for any Renewal Term, that Lease will terminate at the end of the Renewal Term then in effect. The applicable lessee will be deemed to exercise its renewal right upon the effectiveness of legislation enacted by the General Assembly appropriating sufficient funds to the applicable lessee for the

purposes of paying rentals under its Lease. In the event of such a termination of its Lease, the obligation of the applicable lessee to make rental payments to provide moneys to pay Bond Service Charges on those applicable Obligations would terminate. Each Lease also terminates upon payment in full of all Obligations outstanding under the applicable Trust Agreement and all obligations of the Treasurer to Financial Institutions providing Credit Enhancement Facilities in connection with the applicable Obligations. Under the Act and the applicable Trust Agreement, the applicable Trustee may not take possession of, or operate, or sell the Projects in the event of a failure to pay Basic Rent or Additional Rent under the applicable Lease or upon any termination of that Lease.

Reinstatement

Notwithstanding any termination of a Lease, if (a) all overdue installments, if any, of interest on outstanding Obligations, all principal of all Obligations then outstanding which have become due and payable otherwise than by acceleration, if any, in accordance with the terms of the applicable Trust Agreement, and all other sums (including, without limitation, all obligations of the Treasurer to Financial Institutions) then payable under or pursuant to that Trust Agreement (except the principal of and the interest on such Obligations which by such acceleration shall have become due and payable) shall have been paid, and such acceleration, if any, shall have been duly rescinded and annulled, and (b) the General Assembly shall have appropriated funds to enable the applicable lessee to pay or provide for the payment of the amounts to be paid under its Lease as set forth in the latest revised report delivered pursuant to the applicable Lease (which shall at least equal the amounts of Basic Rent payable) for the Initial Term or Renewal Term to be reinstated and the observation and performance of all covenants and agreements on the part of the applicable lessee to be observed or performed under its Lease, then that Lease shall be fully reinstated, as if it had never been terminated.

APPENDIX C

BOOK-ENTRY SYSTEM; DTC

The information set forth in the following numbered paragraphs is based on information provided by The Depository Trust Company in its "Sample Offering Document Language Describing Book-Entry-Only Issuance," Schedule A to Blanket Issuer Letter of Representations (labeled BLOR 06-2013). As such, the State and the Treasurer believe it to be reliable, but take no responsibility for the accuracy or completeness of that information. It has been adapted to the Series 2025 Bonds (the "Bonds") by substituting "Bonds" for "Securities," "Treasurer" for "Issuer" and "Trustee" for "registrar". See also the additional information following those numbered paragraphs.

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Series 2025 Bonds (the "Bonds"). The Bonds will be issued as fully-registered obligations registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each Bond, in the aggregate principal amount of such issue, and will be deposited with DTC.

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of Bond certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

3. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

4. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit

notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the applicable Trustee and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Treasurer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Treasurer or his agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Treasurer or his agent, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Treasurer or his agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. (Not applicable to the Series 2025 Bonds.)

10. DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Treasurer or his agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

11. The Treasurer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor Securities Depository). In that event, Bond certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Treasurer believes to be reliable, but the Treasurer takes no responsibility for the accuracy thereof.

Direct Participants and Indirect Participants may impose service charges on Beneficial Owners in certain cases. Purchasers of book-entry interests should discuss that possibility with their brokers.

The State, the Treasurer and the applicable Trustee have no role in the purchases, transfers or sales of book-entry interests. The rights of Beneficial Owners to transfer or pledge their interests, and the manner of transferring or pledging those interests, may be subject to applicable state law. Beneficial Owners may want to discuss with their legal advisors the manner of transferring or pledging their book-entry interests.

The State, the Treasurer and the applicable Trustee have no responsibility or liability for any aspects of the records or notices relating to, or payments made on account of, beneficial ownership, or for maintaining, supervising or reviewing any records relating to that ownership.

The State, the Treasurer and the applicable Trustee cannot and do not give any assurances that DTC, Direct Participants, Indirect Participants or others will distribute to the Beneficial Owners payments of debt charges on the Bonds made to DTC as the registered owner, or redemption, if any, or other notices, or that they will do so on a timely basis, or that DTC, Direct Participants or Indirect Participants will serve or act in a manner described in this Official Statement.

For all purposes under the Bond Proceedings (except the Continuing Disclosure Agreement under which others as well as DTC may be considered an owner or holder of the Bonds, see **CONTINUING DISCLOSURE AGREEMENTS**), DTC will be and will be considered by the State, the Treasurer and the applicable Trustee to be the owner or holder of the Bonds.

Beneficial Owners will not receive or have the right to receive physical delivery of Bonds, and, except to the extent they may have rights as Beneficial Owners or holders under the Continuing Disclosure Agreement will not be or be considered by the State, the Treasurer and the applicable Trustee to be, and will not have any rights as, owners or holders of Bonds under the Bond Proceedings.

Reference herein to "DTC" includes when applicable any successor Securities Depository and the nominee of the depository.

PROPOSED TEXT OF BOND COUNSEL LEGAL OPINIONS

\$44,045,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Bonds, Series 2025A (Administrative Building Fund Projects)

We have examined the transcript of proceedings relating to the issuance by the State Treasurer of Ohio (the "Treasurer"), on behalf of the State of Ohio (the "State"), of the \$44,045,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Administrative Building Fund Projects) (the "Series 2025A Bonds"), for the purposes of refunding bonds previously issued to provide moneys to pay costs of capital facilities leased to the Department of Administrative Services of the State of Ohio (the "DAS"). The transcript includes conformed or executed counterparts of the Trust Agreement dated as of March 1, 2012 (the "Trust Agreement") between the State, acting by and through the Treasurer, and The Huntington National Bank, as trustee (the "Trustee"), including in it General Bond Order No. 1-12 of the Treasurer dated February 28, 2012, the Series 2025A Supplemental Trust Agreement dated as of January 1, 2025 (the "Series 2025A Supplemental Trust Agreement") between the State, acting by and through the Treasurer, and the Trustee, including in it Series Order No. 1-24 of the Treasurer dated December 10, 2024, the Lease Agreement dated as of March 1, 2012 (the "Lease Agreement") between the Ohio Public Facilities Commission ("OPFC") and the DAS, and the Series 2025A Supplemental Lease Agreement dated as of January 1, 2025 (the "Series 2025A Supplemental Lease Agreement") between OPFC and the DAS. We have also examined a conformed copy of a signed and authenticated Series 2025A Bond of the first maturity.

The Series 2025A Bonds are issued under and pursuant to Section 2i of Article VIII of the Ohio Constitution, Chapter 154 of the Ohio Revised Code and other authorizations by the Ohio General Assembly (the "General Assembly"), the Trust Agreement and the Series 2025A Supplemental Trust Agreement.

Based on this examination and subject to the limitations stated below, we are of the opinion that, under existing law:

1. The Series 2025A Bonds are valid and legally binding special obligations of the State in accordance with their terms and provisions; the principal of and interest on the Series 2025A Bonds, together with the principal of and interest on other Obligations (as defined in the Trust Agreement) previously or hereafter issued and outstanding pursuant to the Trust Agreement (collectively with the Series 2025A Bonds, the "Bonds"), are payable from and secured by a pledge of the Bond Service Account in the Bond Service Fund (the "Bond Service Fund") established by and as provided in the Trust Agreement and Section 154.24 of the Ohio Revised Code and the payments received by such Bond Service Account under the Lease Agreement and supplemental agreements to it constitute "Pledged Receipts" as defined in and subject to the provisions of the Trust Agreement. The Series 2025A Bonds are not otherwise secured and the owners of the Series 2025A Bonds are given no right to have any excises or taxes levied by the General Assembly for the payment of principal or interest.
2. The Trust Agreement and the Series 2025A Supplemental Trust Agreement have been duly authorized, executed and delivered by the Treasurer and constitute legal, valid and binding obligations of the State enforceable in accordance with their terms.
3. The Lease Agreement and Series 2025A Supplemental Lease Agreement have been duly made and entered into by the OPFC and the DAS and are legal and valid contractual obligations of the parties in accordance with their terms; pursuant to the Lease Agreement, the DAS has agreed to pay rentals directly to the Treasurer at least adequate to meet, among other requirements, the principal and interest and any call premium and mandatory sinking fund requirements (the "Bond Service Charges") on all Bonds; pursuant thereto, those rentals are to be paid by the DAS from funds appropriated to the DAS for that purpose by the General Assembly, and the agreement of the DAS to pay those rentals during any two-year period for which appropriations may lawfully be made by the General Assembly is effective and binding upon the DAS only when and to the extent that funds

* Preliminary; subject to change.

have been appropriated and are available for that purpose and for that period; and the General Assembly is not at any time obligated to make appropriations to pay those rentals.

4. The interest on the Series 2025A Bonds is excluded from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. The opinion set forth in the preceding sentence is subject to the condition that the Treasurer, the DAS and the State comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Series 2025A Bonds in order that the interest thereon be, and continue to be, excluded from gross income for federal income tax purposes.
5. The Series 2025A Bonds, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, are free from taxation within the State.

We express no other opinion as to the federal or state tax consequences regarding the Series 2025A Bonds.

In giving the opinions contained herein with respect to the treatment of the Series 2025A Bonds under federal tax laws, we have assumed compliance with and the accuracy of, and have relied upon, the covenants, representations and certifications in the Transcript. We have not independently verified the accuracy of those representations and certifications. The accuracy of those representations and certifications, and the compliance with those covenants may be necessary for the interest on the Series 2025A Bonds to be and to remain excluded from gross income for federal income tax purposes. Failure to comply with certain of those covenants subsequent to issuance of the Series 2025A Bonds could cause the interest on the Series 2025A Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Series 2025A Bonds.

Under the Internal Revenue Code of 1986, as amended, interest on the Series 2025 Bonds may be subject to (i) a branch profits tax imposed on certain foreign corporations doing business in the United States, (ii) a tax imposed on excess net passive income of certain S corporations and (iii) for tax years beginning after December 31, 2022 the alternative minimum tax imposed under Section 55(b) of the Code on "applicable corporations" (within the meaning of Section 59(k) of the Code).

We have assumed for purposes of this opinion the due authorization, execution and delivery by, and the binding effect upon and enforceability against, the Trustee of the Trust Agreement and the Series 2025A Supplemental Trust Agreement. Please be advised that the rights of the owners of the Series 2025A Bonds and the enforceability of the Series 2025A Bonds, Trust Agreement, the Series 2025A Supplemental Trust Agreement, the Lease Agreement and the Series 2025A Supplemental Lease Agreement are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally heretofore or hereafter enacted, general principles of equity, whether considered at law or in equity, governing specific performance, injunctive relief and other equitable remedies, and the exercise of judicial discretion in appropriate cases.

The opinions expressed herein are given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur. We bring to your attention the fact that our legal opinions are an expression of our professional judgment and are not a guarantee of a result.

Respectfully submitted,

\$33,690,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Bonds, Series 2025A (Transportation Building Fund Projects)

We have examined the transcript of proceedings relating to the issuance by the State Treasurer of Ohio (the "Treasurer"), on behalf of the State of Ohio (the "State"), of the \$33,690,000* State of Ohio (Treasurer of State) Capital Facilities Lease-Appropriation Refunding Refunding Bonds, Series 2025A (Transportation Building Fund Projects) (the "Series 2025A Bonds"), for the purposes of refunding bonds previously issued to provide moneys to pay costs of capital facilities to be leased to the Department of Transportation of the State of Ohio (the "DOT"). The transcript includes conformed or executed counterparts of the Trust Agreement dated as of January 1, 2015 (the "Trust Agreement") between the State, acting by and through the Treasurer, and U.S. Bank Trust Company, National Association, as trustee (the "Trustee"), including in it the General Bond Order No. 3-15 of the Treasurer dated January 13, 2015 (the "General Bond Order"), the Series 2025A Supplemental Trust Agreement dated as of January 1, 2025 (the "Series 2025A Supplemental Trust Agreement") between the State, acting by and through the Treasurer, and the Trustee, including in it the Series Bond Order No. 2-24 of the Treasurer dated December 10, 2024 (the "Series 2025A Order"), the Lease Agreement dated as of January 1, 2015 (the "Lease Agreement") between the Ohio Public Facilities Commission ("OPFC") and the DOT, and the Series 2025A Supplemental Lease Agreement dated as of January 1, 2025 (the "Series 2025A Supplemental Lease Agreement") between OPFC and the DOT. We have also examined a conformed copy of a signed and authenticated Series 2025 Bond of the first maturity.

The Series 2025 Bonds are issued under and pursuant to Section 2i of Article VIII of the Ohio Constitution, Chapter 154 of the Ohio Revised Code and other authorizations by the Ohio General Assembly (the "General Assembly"), the Trust Agreement and the Series 2025A Supplemental Trust Agreement.

Based on this examination and subject to the limitations stated below, we are of the opinion that, under existing law:

1. The Series 2025 Bonds are valid and legally binding special obligations of the State in accordance with their terms and provisions; the principal of and interest on the Series 2025 Bonds, together with the principal of and interest on other Obligations (as defined in the Trust Agreement) previously or hereafter issued and outstanding pursuant to the Trust Agreement (collectively with the Series 2025 Bonds, the "Bonds"), are payable from and secured by a pledge of the Bond Service Account in the Bond Service Fund (the "Bond Service Fund") established by and as provided in the Trust Agreement and Section 154.24 of the Ohio Revised Code and the payments received by such Bond Service Account under the Lease Agreement and supplemental agreements to it constitute "Pledged Receipts" as defined in and subject to the provisions of the Trust Agreement. The Series 2025 Bonds are not otherwise secured and the owners of the Series 2025 Bonds are given no right to have any excises or taxes levied by the Ohio General Assembly for the payment of principal or interest.
2. The Trust Agreement and the Series 2025A Supplemental Trust Agreement have been duly authorized, executed and delivered by the Treasurer and constitute legal, valid and binding obligations of the State enforceable in accordance with their terms.
3. The Lease Agreement and Series 2025A Supplemental Lease Agreement have been duly made and entered into by OPFC and the DOT and are legal and valid contractual obligations of the parties in accordance with their terms; pursuant to the Lease Agreement, the DOT has agreed to pay rentals directly to the Treasurer at least adequate to meet, among other requirements, the principal and interest and any call premium and mandatory sinking fund requirements (the "Bond Service Charges") on all Bonds; pursuant thereto, those rentals are to be paid by the DOT from funds appropriated to the DOT for that purpose by the General Assembly, and the agreement of the DOT to pay those rentals during any two-year period for which appropriations may lawfully be made by the General Assembly is effective and binding upon the DOT only when and to the extent that funds have been appropriated and are available for that purpose and for that period; and the General Assembly is not at any time obligated to make appropriations to pay those rentals.

* Preliminary; subject to change.

4. The interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. The opinion set forth in the preceding sentence is subject to the condition that the Treasurer, the DOT and the State comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Series 2025 Bonds in order that the interest thereon be, and continue to be, excluded from gross income for federal income tax purposes.
5. The Series 2025 Bonds, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, are free from taxation within the State.

We express no other opinion as to the federal or state tax consequences regarding the Series 2025 Bonds.

In giving the opinions contained herein with respect to the treatment of the Series 2025 Bonds under federal tax laws, we have assumed compliance with and the accuracy of, and have relied upon, the covenants, representations and certifications in the Transcript. We have not independently verified the accuracy of those representations and certifications. The accuracy of those representations and certifications, and the compliance with those covenants may be necessary for the interest on the Series 2025 Bonds to be and to remain excluded from gross income for federal income tax purposes. Failure to comply with certain of those covenants subsequent to issuance of the Series 2025 Bonds could cause the interest on the Series 2025 Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Series 2025 Bonds.

Under the Internal Revenue Code of 1986, as amended, interest on the Series 2025 Bonds may be subject to (i) a branch profits tax imposed on certain foreign corporations doing business in the United States, (ii) a tax imposed on excess net passive income of certain S corporations and (iii) for tax years beginning after December 31, 2022 the alternative minimum tax imposed under Section 55(b) of the Code on "applicable corporations" (within the meaning of Section 59(k) of the Code).

We have assumed for purposes of this opinion the due authorization, execution and delivery by, and the binding effect upon and enforceability against, the Trustee of the Trust Agreement and the Series 2025A Supplemental Trust Agreement. Please be advised that the rights of the owners of the Series 2025 Bonds and the enforceability of the Series 2025 Bonds, the Trust Agreement, the Series 2025A Supplemental Trust Agreement, the Lease Agreement, and the Series 2025A Supplemental Lease Agreement are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally heretofore or hereafter enacted, general principles of equity, whether considered at law or in equity, governing specific performance, injunctive relief and other equitable remedies, and the exercise of judicial discretion in appropriate cases.

The opinions expressed herein are given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur. We bring to your attention the fact that our legal opinions are an expression of our professional judgment and are not a guarantee of a result.

Respectfully submitted,
